(2) The petitioner shall effectuate service on the carrier and on all affected parties by serving a copy of the petition and all documents and records in support of the petition, by United States Postal Service (USPS) certified mail on the entity identified on the Explanation of Bill Review as the entity the carrier designates to receive service on behalf of the carrier and all affected parties. If the Explanation of Bill Review does not specifically identify the name and mailing address of the entity the carrier designates to receive service on behalf of the carrier and all affected parties, as required by paragraph 69L-7.602(5)(q), F.A.C., the petitioner may effectuate service of the petition on the carrier and all affected parties by serving a copy of the petition and all documents and records in support of the petition by United States Postal Service (USPS) certified mail, on the entity who issued the Explanation of Bill Review at the address from which the Explanation of Bill Review was issued.

on behalf of a carrier. Therefore, the 30 day time period within which a petition must be served upon the Agency begins upon receipt of the Explanation of Bill Review by the health care provider or by an entity designated by the provider to receive such notice on behalf of the health care provider. The health care provider shall document receipt of the Explanation of Bill Review using a date stamp which clearly reflects date of receipt or by using a verifiable login process. An affidavit attesting to date of receipt will not be accepted as proof of date of receipt.

(2) Petitioning the Agency shall be effectuated upon service of the petition upon the Agency. The timeliness of a Petition for Resolution of Reimbursement Dispute shall be calculated based upon service of the petition upon the Agency. Service upon the Agency shall be by United States Postal Service (USPS) mail or by common carrier. If service is by United States Postal Service mail, the date of service shall be the postmark date. If service is by common carrier, the date of service shall be the common carrier pick-up date.

(3) Carrier date of receipt of the petition by certified mail will be established by reference to the United States Postal Service (USPS) certified mail receipt date. Timely submission by the carrier of the Carrier Response to Petition for Resolution of Reimbursement Dispute form and accompanying documentation to the Agency shall be determined based upon the date of service of the Carrier Response to Petition for Resolution of Reimbursement Dispute form and accompanying documentation to the Agency. If service is by United States Postal Service mail, the date of service shall be the postmark date. If service is by common carrier, the date of service shall be the common carrier pick-up date.

(4) Neither the request for, nor the conducting of, an on-site audit performed under the Florida Workers' Compensation Reimbursement Manual for Hospitals or referral of the health care provider for peer review consultation or independent medical examination shall toll the timeframe for petitioning the Agency for the resolution of a reimbursement dispute as set forth in Section 440.13(7)(a), F.S., or for the carrier to submit requested documentation under Section 440.13(7)(b), F.S.

b. The department's alternate method of payment may, if funds are available, release a prorated monthly share of the contract in the amount of one-twelfth (1/12) of the total annual

dollar amount in lieu of the method of payment specified in the contract, based upon a written request from the contractor in the named disaster declaration county.

c. The contractor shall reconcile the total number of service units invoiced provided during the term of the contract with the total service units contracted by the department in the contractor's final request for payment before the close of the current state fiscal year.

d. During a period of time covered by a Governor's Emergency Declaration for natural or man-made disasters, and in the counties so named in that declaration, the rate for Intervention, Crisis Support and Outpatient services may be paid at the maximum allowable by Chapter 65E-14, F.A.C.

a. No change.

~~b. For cost centers paid for on the basis of utilization, the year-to-date number of units of service reported on a request for payment or any associated worksheet shall not exceed the total number of units reported and accepted in the department's data system pursuant to Rule 65E-14.022, F.A.C. for those same cost centers, the year-to-date number of units of service reported on the request for payment or any associated worksheet as billable to Medicaid shall be no fewer than the number reported and accepted in the department's data system, and the year-to-date number of units reported on the request for payment as provided to Temporary Assistance to Needy Families (TANF) clients and billed to the department shall not exceed the number reported and accepted in the department's data system. If the department, through no fault of the contractor, is unable to validate compliance with this requirement within 10 days of receipt of the request for payment, the processing of the contractor's request for payment shall not be delayed further.~~

~~b.e.~~ For cost centers paid on the basis of availability, the year-to-date number of units reported on a request for payment or any associated worksheet shall not exceed the prorated share of contracted units.

The minimum level of service standards for the SIS, FIHS, and facilities funded by the TRIP State Highway System will be used by the Department in the review of local government comprehensive plans, assessing impacts related to developments of regional impact, and assessing other developments affecting the SIS, FIHS, and roadways funded by the TRIP. The minimum level of service standards for the SIS, FIHS, and roadways funded by the TRIP will be used by local governments for complying with applicable provisions of Section 163.3180, Florida Statutes, to determine system deficiencies; assist in determining Department work program priorities; and review local government comprehensive plans and metropolitan planning organization comprehensive transportation plans, traffic circulation impacts related to developments of regional impact, and other developments affecting the State Highway System.

(2) This rule chapter does not supersede or negate the provisions of Chapter 9J-5, F.A.C., pertaining to the preparation and adoption of local comprehensive plans or plan amendments by local governments.

14-94.002 Definitions.

As used in this rule chapter, the following definitions apply:

~~(1) “Backlogged Roadways” are roads on the State Highway System operating at a level of service below the minimum level of service standards, not programmed for construction in the first three years of FDOT’s adopted work program or the first five years of the schedule of improvements contained in a local government’s capital improvements element, and not constrained.~~

~~(1)(2) “Communities” means~~ are incorporated places outside urban or urbanized areas, or unincorporated developed areas having a ~~500~~ population of 500 or more identified by local governments in their local government comprehensive plans and located outside of urban or urbanized areas.

~~(3) “Constrained Roadways” are roads on the State Highway System which FDOT has determined will not be expanded by the addition of two or more through lanes~~

~~because of physical, environmental or policy constraints. Physical constraints primarily occur when intensive land use development is immediately adjacent to roads, thus making expansion costs prohibitive. Environmental and policy constraints primarily occur when decisions are made not to expand a road based on environmental, historical, archaeological, aesthetic or social impact considerations.~~

~~(2)(4) “Controlled Access Facilities Highways” means~~ are non-limited access arterial facilities where access connections, median openings, and traffic signals are highly regulated.

~~(3)(5) “Exclusive Through Lanes” means~~ are roadway lanes exclusively designated for intrastate travel, which are physically separated from general use lanes, and to which access is highly regulated. These lanes may be used for high occupancy vehicles and express buses during peak hours if the level of service standards can be maintained.

~~(4) “Florida Intrastate Highway System (FIHS)” means~~ the highway system established pursuant to Section 338.001, Florida Statutes, which comprises a statewide network of limited and controlled access facilities. The primary function of the system is for high speed and high volume traffic movements within the state.

~~(5)(6) “General Use Lanes” means~~ are roadway lanes on the FIHS not exclusively designated for long distance high speed travel. In urbanized areas general use lanes include high occupancy vehicle lanes not physically separated from other travel lanes.

~~(7) “Intrastate” means~~ the Florida Intrastate Highway System (FIHS) which comprises a statewide network of limited and controlled access highways. The primary function of the system is for high speed and high volume traffic movements within the state. Access to abutting land is subordinate to this function and such access must be prohibited or highly regulated. Highways included as part of this system are designated in the Florida Transportation Plan.

~~(6)(8) “Level of Service (LOS)” for highways means~~ is a quantitative stratification of the quality of service to a typical traveler on a facility into six letter grade levels with “A” describing the highest quality and “F” describing the lowest quality qualitative measure describing operational conditions within the traffic during the peak hour. The indicated LOS standards designate “levels of service” designate lowest acceptable quality operating conditions for the 100th highest volume hour of the year in the predominant traffic flow direction from the present through a 20-year planning horizon. The 100th highest volume hour represents approximates the typical peak hour during the peak season. Definitions and measurement criteria used for minimum LOS level of service standards are based on the 1985 National Transportation Research Board Highway Capacity Manual 2000 Special Report 209. All LOS level of service evaluations are to be based on the 1985 National Transportation Research Board Highway Capacity Manual 2000, the Department’s 2002

Quality/Level of Service Handbook, Special Report 209 or a methodology determined which has been accepted by the Department to be of FDOT as having comparable reliability. The Transportation Research Board Highway Capacity Manual 2000 and the Department's 2002 Quality/Level of Service Handbook are ~~This manual~~ is hereby incorporated by reference and made a part of these rules. The National Transportation Research Board's Highway Capacity Manual 2000 Special Report 209, is available from the Transportation Research Board, National Research Council, Washington, D.C. The Department's 2002 Quality/Level of Service Handbook may be found at: http://www.dot.state.fl.us/planning/systems/sm/los/los_sw2.htm.

~~(7)~~⁽⁹⁾ "Limited Access Facilities Highways (Freeways)" means ~~are~~ multilane divided highways having a minimum of two lanes for exclusive use of traffic in each direction and full control of ingress and egress; this includes freeways and all fully controlled access roadways.

(10) "Maintain" means ~~continuing operating conditions at a level such that significant degradation does not occur.~~

(a) ~~For roadways in rural areas, transitioning urbanized areas, urban areas or communities, "significant degradation" means:~~

- ~~1. An average annual daily traffic increase in two way traffic volume of five percent; or~~
- ~~2. A reduction in operating speed for the peak direction in the 100th highest hour of five percent.~~

(b) ~~For roadways in urbanized areas, for roadways parallel to exclusive transit facilities or for intrastate roadways in transportation concurrency management areas, "significant degradation" means:~~

- ~~1. An average annual daily traffic increase in two way traffic volume of 10 percent or~~
- ~~2. A reduction in operating speed for the peak direction in the 100th highest hour of 10 percent.~~

(c) ~~For other state roads in transportation concurrency management areas, "significant degradation" is defined in the transportation element or traffic circulation element, if applicable.~~

(d) ~~For constrained roadways meeting or exceeding the level of service standards, "maintain" does not apply until the roadway is operating below the applicable minimum level of service standard.~~

(8)⁽¹¹⁾ "Other State Roads" means ~~are~~ roads on the SHS State Highway System which are not part of the FIHS Florida Intrastate Highway System.

(9)⁽¹²⁾ "Peak Hour" means the 100th highest volume hour of the year in the predominant traffic flow direction from the present through a 20-year planning horizon. ~~The 100th highest hour approximates the typical peak hour during the peak season.~~

(10) "Multimodal Transportation Districts (MMTDs)" means areas in which secondary priority is given to vehicle mobility and primary priority is given to assuring a safe, comfortable and attractive pedestrian environment with convenient interconnection to transit. Local government comprehensive plans may establish multimodal LOS standards within MMTDs pursuant to Section 163.3180(15), Florida Statutes.

(11) "Regionally Significant Roadways" means established pursuant to Section 339.2819, Florida Statutes.

~~(12)~~⁽¹³⁾ "Roadways Parallel to Exclusive Transit Facilities" means are roads that generally run parallel to and within one-half mile of exclusive transit facilities, which are a physically separated rail or roadway lanes reserved for multipassenger use by rail cars or buses serving large volumes of home/work trips during peak travel hours. Exclusive transit facilities do not include downtown people-movers, or high occupancy vehicle lanes unless physically separated from other travel lanes.

~~(13)~~⁽¹⁴⁾ "Rural Areas" means ~~are~~ areas not included in an urbanized area, a transitioning urbanized area, an urban area, or a community.

(14) "Strategic Intermodal System (SIS)" means established pursuant to Sections 339.61-339.64, Florida Statutes.

(15) "SIS Connectors" means designated roadways that connect SIS hubs to SIS highways. These may be either on or off the SHS.

(16) "SIS Hubs" means ports and terminals that move goods or people between Florida regions or between Florida and other markets in the United States and the rest of the world. These include commercial service airports, deepwater seaports, space ports, interregional rail and bus terminals, and freight rail terminals.

~~(17)~~⁽¹⁵⁾ "Transitioning Urbanized Areas" means ~~are~~ the areas outside urbanized areas, but within the MPO Metropolitan Planning Area Boundaries, that are expected to be included within the urbanized areas within the next 20 years based primarily on the U.S. Bureau of Census urbanized criteria.

~~(19)~~⁽¹⁶⁾ Transportation Concurrency Management Areas (TCMA) means a are geographically compact areas with an existing network of roads where multiple, viable alternative travel paths or modes are available for common trips. A TCMA may be designated in local government comprehensive plans designated in local government comprehensive plans where intensive development exists or is planned in a manner that will ensure an adequate level of mobility and further the achievement of identified important state planning goals and policies, including discouraging the proliferation of urban

~~sprawl, encouraging the revitalization of existing downtowns and designated redevelopment areas, protecting natural resources, protecting historic resources, maximizing the efficient use of existing public facilities, and promoting public transit, bicycling, walking, and other alternatives to the single occupant automobile. Transportation concurrency management areas may be established in a comprehensive plan in accordance with Section 163.3180, Florida Statutes, Rule 9J-5.0057, Florida Administrative Code.~~

~~(21)(18) "Urban Areas" means are places with a population of at least 5,000 which and are not included in urbanized areas based on the most recent U.S. Census. The applicable boundary encompasses the 1990 urban area as well as the surrounding geographical area as determined agreed upon by the Federal Highway Administration (FHWA), the Department FDOT, and local government, and Federal Highway Administration (FHWA). The boundaries are commonly called FHWA Urban Area Boundaries and include areas expected to have medium density development before the next decennial census.~~

~~(22)(19) "Urbanized Areas" means are the 1990 urbanized areas, designated by the U.S. Bureau of Census as well as the surrounding geographical areas, as determined agreed upon by the FHWA, the Department FDOT, and the Metropolitan Planning Organization (MPO), and are Federal Highway Administration (FHWA); commonly called FHWA Urbanized Area Boundaries. The over or under 500,000 classifications distinguish urbanized areas with a populations over or under 500,000 based on the most recent 1990 U.S. Census.~~

COMMISSION ON ETHICS

RULE TITLES:	RULE NOS.:
General	34ER06-1
Definitions	34ER06-2
Lobbyist Registration Requirements	34ER06-3
Compensation Reporting Requirements	34ER06-4
Penalties for Late Filing	34ER06-5
Appeal of Statutory Fines: Hearings, Unusual Circumstances	34ER06-6
Notification of Compensation Reporting Deadlines	34ER06-7
Forms	34ER06-8

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY, OR WELFARE: Chapter 2005-359, Laws of Florida, imposes significant new registration and reporting obligations on persons who lobby Executive Branch agencies. In order to provide guidance as well as the appropriate forms in time for the first calendar quarter's reporting deadline of May 15, 2006, the Commission must adopt forms and rules utilizing the emergency rulemaking provisions of Chapter 120, F.S. Chapter 2005-359, Laws of Florida, was approved by the Governor on December 20, 2005 and became effective on January 1, 2006. Therefore, there was not sufficient time to provide necessary guidance to those affected by the new law through normal rulemaking procedures.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: These emergency rules, as well as companion amendments to Chapters 34-7 and 34-12, F.A.C., were "work-shopped" at a public hearing during the Commission's March 3, 2006 meeting, and the Commission approved the adoption of the Emergency Rules. In many respects, the rules follow the guidance released by the Legislature on January 20, 2006 for Legislative Branch lobbyists.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULES IS: Julia Cobb Costas, Senior Attorney, Florida Commission on Ethics, P. O. Drawer 15709, Tallahassee, FL 32317-5709, telephone: (850)488-7864

THE FULL TEXT OF THE EMERGENCY RULES IS:

34ER06-1 General.

(2) The registrant shall pay an annual registration fee of \$25.00 for each principal represented, which will be deposited into the Executive Branch Lobbyist Registration Trust Fund. The fee is payable only once on a calendar year basis and there will be no charge if the lobbyist amends his or her registration to lobby additional agencies on behalf of the same principal.

(3) The registrant shall include a separate statement signed by the principal or the principal's representative that the registrant is authorized to represent the principal. On this statement, the principal shall also identify and designate its main business using the 6-digit NAICS code published in the North American Industry Classification System – United States, 2002, which is hereby incorporated by reference. FLORIDA LAND AND WATER ADJUDICATORY COMMISSION

NOTICE OF RECEIPT OF PETITION

TUSCANO COMMUNITY DEVELOPMENT DISTRICT

On January 20, 2006, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Tuscano Community Development District (the "District"). The petition was corrected on February 3, 2006. The Commission will follow the requirements of Chapter 42-1, Florida Administrative Code (F.A.C.), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition, as corrected.

SUMMARY OF CONTENTS OF PETITION: The petition, as corrected, filed by Tuscano, LLC, requests the Commission establish a community development district located entirely within the unincorporated limits of Sarasota County, Florida. The land area proposed to be served by the District comprises approximately 2,353.80 acres. A general location map is contained as Exhibit 1 to the petition, as corrected, to establish the District. The proposed land area is bounded on the north by U.S. 41; the east by the City of North Port; the south by Manasota Beach Road; and on the west by a single family subdivision. There is no developable real property within the proposed CDD boundaries which is to be excluded from the District. The Petitioner either owns or has obtained written consent to establish the District from the landowners of one hundred percent (100%) of real property located within the proposed District. The District is designed to provide infrastructure, services, and facilities along with certain ongoing operations and maintenance to the Tuscano Development comprising 1584 residential units.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition, as corrected, to establish the District. The complete text of the SERC is contained as Exhibit 7 to the petition, as corrected. The scope of the SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, and Sarasota County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur modest administrative costs. Sarasota County will incur modest costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to Sarasota County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues.

Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as corrected, to establish the District will have no impact or a positive impact on all small businesses. The petition, as corrected, to establish the District will not have an impact on small counties as defined by Section 120.52, F.S., as Sarasota County is not defined as a small county. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the developer's engineer and other professionals associated with the developer.

**NOTICE OF RECEIPT OF PETITION
CAPITAL REGION COMMUNITY DEVELOPMENT
DISTRICT**

On February 8, 2006, the Florida Land and Water Adjudicatory Commission (the "Commission") received a Petition to adopt an amendment to rule Chapter 42CC-1, F.A.C., to amend the boundary of the Capital Region Community Development District (the "District") pursuant to Chapter 190, F.S. Petitioner asserts a copy of the Petition was filed with both Leon County and the City of Tallahassee in compliance with Section 190.046, F.S. The Commission will follow the requirements of Chapter 190, F.S., and Chapter 42-1, F.A.C., in ruling on this Petition.

SUMMARY OF CONTENTS OF PETITION: The Petition was filed by the Capital Region Community Development District with its registered office located at 123 South Calhoun Street, Tallahassee, Florida 32301. The Petition proposes to modify the land area presently serviced by the District by amending its boundary to add approximately 45.94 acres. (The District was originally established by Rule 4CC-1, F.A.C., effective February 28, 2000.) The District currently covers approximately 3,241 acres of land located entirely within the City of Tallahassee, Florida and unincorporated Leon County, Florida. After expansion, the District will encompass approximately 3,286.94 acres. There are no lands within the expansion parcel that are to be excluded from the District. Petitioner has written consent to amend the boundary of the District from the owners of one hundred percent of the real property comprising the expansion parcel. Pursuant to Section 190.046(1)(e), F.S., the filing of the Petition for expansion by the District Board of Supervisors constitutes consent of the landowners. All of the land within the expansion parcel is included within, or is being added to, the Southwood Development of Regional Impact. After expansion, the development plan within the District stays the same as the original petition. The District will continue to support 2,074 single family residential units, 2,696 multifamily units, 2,194,117 square feet of office space and 799,502 square feet of commercial space. The 45.95 acre expansion area is planned for 76 single family residential units and 82 multifamily units. These units are included within the above referenced 2,074 single family units and 2, 696 multifamily units. No additional residential or non-residential development is anticipated as a result of the expansion of the District's boundary.

SUMMARY OF THE STATEMENT OF ESTIMATED REGULATORY COSTS: In association with the Petition, the Petitioner has caused a Statement of Estimated Regulatory Costs ("SERC") to be prepared in compliance with Section 120.541, F.S. The complete text of the SERC is contained at Exhibit "9" to the Petition. By way of summary, the SERC estimates the principal individuals and entities likely to be required to comply with the amended rule are the State of Florida, Leon County, and the City of Tallahassee. The SERC estimates that rule amendment implementation and enforcement costs to the above-described entities will be modest, are concurrently budgeted or not burdensome, and/or are offset by the payment of requisite filing and annual fees; and, estimates there will be no effect on state and local revenues from the proposed amendment of the rule. The SERC indicates the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. Prospective future landowners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the

operations and maintenance of the District. The SERC further provides the decision to locate within the District is completely voluntary. The SERC concludes that the expansion of the District's boundary will have no impact or a positive impact on small businesses. As to impact on small counties and small cities, Leon County is not a "small" county and the City of Tallahassee is not a "small" city as defined by Section 120.52, F.S. The SERC analysis is based on a straightforward application of economic theory. Input was received from the developer's engineer and other professionals associated with the developer.

A LOCAL HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:
