Projects included in the scope of this agreement will be specific projects for renovations, alterations, new construction, and additions that have an abatement construction budget estimated to be \$1,000,000 or less, or studies for which the fee for professional services is \$100,000 or less. Continuing Service contracts for these projects provide that the consultant will be available on an as-needed basis for an initial period of one (1) year with an Owner’s option to renew for one (1) additional year at a time, up to a total of two (2) additional years. A consultant receiving the award will not have an exclusive contract to perform services for these projects. The University may have additional continuing service professionals under contract during the same time period. Blanket professional liability insurance shall be required for the contract. Services required to be provided under the Continuing Service Contracts include the development of record drawings by the Continuing Service Consultant for projects designed by that consultant to reflect as-built conditions to facilitate the University’s space management program. The plans and specifications for University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.
