NOTICE TO PROFESSIONAL CONSULTANTS

Florida International University Board of Trustees announces that Professional Services in the discipline of Architecture will be required for the project listed below:

Project Name and Number: Student Academic Support Center, BT-882

Project Description: This project will provide the construction of a multi-purpose student support complex to create, facilitate and promote student interaction, campus engagement and academic success, The Center will be constructed on the north end of the new FIU Football Stadium. The Center will provide the university with an attractive new welcome center and an integrated service facility to enable students to conduct university business—from recruitment to graduation—in a single location. The primary focus of this new facility is to build student affinity and promote student success from the first visit at the welcome center to the last pro-active and positive service encounter at the one-stop facility. This new Center represents an opportunity for the university to create a “culture of service” by assisting students in a single location with professional and support staff uniquely trained to render full service assistance and excellent customer service. No longer will students need to traverse the campus to find the right office and/or staff member for assistance but rather they will need only to visit the support facility for full-service assistance with a one-stop specialist.

The Center’s primary objective is to provide students with an easy, convenient and friendly environment to conduct business so that they can remain focused on their academics and progress to graduation in a timely fashion. The more students who encounter positive experiences when requesting information, solving problems and seeking assistance with university staff, the greater their affinity for the university will grow. The emphasis on interaction, engagement and socialization is specifically aimed at influencing students’ future decisions to start and/or continue their education at FIU. University spirit, a culture of service and a sense of belonging will enhance affinity, encourage loyalty and ultimately improve student retention and graduation rates.
