The Department of Environmental Protection announces a correction to the Notice of Filing of Application for Power Plant Certification published on June 20, 2008. All other information in the notice of filing is correct and remains the same.

The Florida Department of Environmental Protection (Department) hereby provides notice of an intent to modify the Power Plant Conditions of Certification issued pursuant to the Florida Electrical Power Plant Siting Act, Chapter 403.501 et seq., Florida Statutes, concerning: Tampa Electric Company Polk Power Station Unit 1 Siting Application No. PA 92-32K, OGC Case No. 08-1834. Pursuant to Section 403.516(1)(c), Florida Statutes, the Department proposes to modify the Conditions of Certification for the Tampa Electric Company Polk Power Station Unit 1 site to clarify the land use and management intent. A copy of the proposed modification may be obtained by contacting: Michael P. Pursuant to Section 403.516(1)(c)2., Florida Statutes, parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000.
