 Proposed Rules**

DEPARTMENT OF STATE

Division of Elections

RULE NO.: RULE TITLE:
 1S-2.004 Purchase, Sale, and Uses of Voting Equipment and Systems
 PURPOSE AND EFFECT: The rule has not been updated since 1986 to reflect current local and state-level procurement practices. Additionally, the current rule provides no guidance to other appropriate uses of the systems that would promote training, education and technological advances on or with certified voting systems. For example, the proposed revision establishes procedures or protocols for assessing a voting system during a routine test or system audit and for identifying potential or actual problems that require immediate resolution and assessing potential vulnerabilities to the integrity of voting

systems. The rule revision reflects input from rule workshops conducted in 2004, 2006 and 2009 to elicit feedback in a substantial rewrite of the rule.

SUMMARY: Provides the procedures for the procurement, and various other uses including training and assessment of voting systems.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: 1) no requirement for SERC was triggered under Section 120.541(1), F.S. and 2) based on past experiences with election-related activities and rules of this nature, the adverse impact or regulatory cost, if any, do not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

(Substantial rewording of Rule 1S-2.004 follows. See Florida Administrative Code for present text.)

1S-2.004 Purchase, Sale, and Uses of Voting Equipment and Systems.

(1) Purpose. This rule provides uniform policies, procedures and best practices for the purchase, sale, and use of voting equipment or system including assessments of certified voting systems and beta testing of pre-certified modifications to certified voting systems.

(2) Definitions. The terms herein have the following meaning:

(a) "Beta Test" means any activity that assesses a change or modification to a county's certified voting equipment or system in preparation for the state's formal certification or approval process.

(b) "Division" means the Division of the Florida Department of State.

(c) "Governing body" is defined as set forth in Section 101.292(1), F.S.

(g) "Voting system" is defined as set forth in Section 97.021(43), F.S.

(3) Regulations for Purchase.

(a) Competitive Solicitation Process.

1. When the individual or combined total purchase or sale price of voting equipment or system exceeds the threshold amount for Category Two purchases under Section 287.017, F.S., the governing body shall follow the applicable local procurement policies, procedures and rules for competitive solicitation to the extent not otherwise addressed in this subsection.

2. If the governing body determines that an exception as provided in Section 287.057(3), F.S., exists, the chair of the governing body shall certify such exception to the Division within 10 days of the governing body's approval to acquire the equipment or system outside the competitive solicitation process and any requirements in this subsection. The certification shall detail the circumstances and conditions requiring the exception. Should any other conditions arise

wherein the potential benefits of competitive solicitation are outweighed by the detrimental effects of a delay in the acquisition of such equipment or system outweigh the potential benefits of competitive solicitation, the chair shall certify in writing the conditions and circumstances to the Division for its review and approval.

3. The governing body shall enter all bids, tabulations of bids, and responses related to bids in a permanent record and maintain the record for public inspection upon request, subject to exemptions or restrictions under applicable public records and copyright laws.

(b) Notice of Bid. The governing body shall provide notice to the Division of all invitations to bid for the purchase of new or used voting equipment or system subject to this subsection.

10. A statement that the bidder must indicate any cash discounts or terms of discounts provided if the bid is accepted.
11. A statement that the bidder must include all costs for delivery, storage, freight and packing to the address on the bid invitation unless otherwise specified.

(f) Notice of Rejection. A governing body or supervisor of elections may reject a voting equipment or system that fails in any respect to meet the standards for certification under state law, that fails to meet the specifications upon which the award was based or representations of the vendor, or that is defective. Notice of any rejection, based on defects that would be

disclosed at the time of delivery or by ordinary methods of inspection, will be given to the supplier and the carrier within 10 days after delivery of the item(s). Notice of latent defects that would make the items unfit for the purpose intended may be given by the governing body or Supervisor of Elections any time after acceptance.

(4) Sale of Voting Equipment and Voting System.

Each governing body or Supervisor of Elections shall certify in writing to the Division the anticipated terms of the sale of voting equipment or system and that the sale will not adversely affect the Supervisor of Elections or the governing body's duties under federal or state law to comply with or perform as pertains to elections.

(5) Uses of voting equipment or system.

(a) Routine use. No equipment or software may be used with a voting system unless listed within the voting system's current certification or earlier version, or a configuration defined within the voting system's documentation. Critical elements of the voting system may be replicated to serve as a backup system. Critical elements include the software and database modules that comprise the election management system. Unmodified commercial-off-the-shelf (COTS) items may be replaced with like-kind items upon written concurrence from the voting system vendor and the Division. A vendor's uniquely qualified COTS that must comply with the vendor's Florida certification may not be replaced with like-kind items.

(b) Improvement to the election process. A certified system may be used in any manner approved by the vendor in an effort to improve the election process. However, any deviation from the documented procedures or manual for use and operation of the voting system must be approved in writing by the Division and notice provided to the vendor. Such documentation may be in the form of user notes, technical bulletins, or other suitable format.

(c) Training and education. A voting system may be used for training or educational purposes, provided security procedures include backup and sufficient safeguards to protect the database(s) and software from inadvertent or intentional corruption.

(d) Assessment. A Supervisor of Elections or a governing body may use a certified voting system in an assessment to examine or evaluate the system's security procedures, access control, system reliability and accuracy. The Supervisor of Elections shall implement appropriate procedures. A duplicate or backup voting system in lieu of a live system shall be used in any assessment whenever practicable.

1. An assessment may be conducted as a routine test, a system audit or an examination of the functionality of the software and firmware, including penetration testing. An assessment may also be conducted to identify or detect or to further examine any identified or detected potential or actual deficiency, problem, vulnerability or flaw in a certified voting system that relates to its hardware, software, design, operation,

vote tabulation, access control, system reliability and accuracy, or security including the potential for unauthorized manipulation and fraud. If a potential or actual deficiency, problem, vulnerability is identified or detected, the Supervisor of Elections must notify the Division and the affected vendor in writing no later than 10 days regardless of whether an assessment is conducted. The notice must include a description of the actual or proposed process to replicate, correct or mitigate the deficiency, problem, vulnerability or flaw.

2. Although the Supervisor of Elections is responsible for the conduct of an assessment, he or she may use the services of an independent professional person or entity. The services of an appropriate skill assessment team who are educated and experienced in assessments and whose credentials have been approved by the governing body may be used.

3. The Supervisor of Elections shall notify in writing the Division of its intent to conduct an assessment and include a test plan.

4. No assessment may be conducted within 45 days of a special, primary, general or presidential preference primary election.

5. Subject to minimum security standards for voting systems and the public records and copyright laws, the assessment of the voting system shall be conducted in public, and on location in the county of the respective Supervisor of Elections. The Supervisor of Elections shall publish on his or her official website, 14-day advance notice of the scheduled assessment. The supervisor shall also notify the vendor(s) of the certified voting system or equipment components affected by the test or assessment.

6. The Division may be present at the assessment or have access, in accordance with authority under Section 101.58, F.S.

7. The Supervisor of Elections shall ensure that the process and results of the assessment are documented. A written report shall be submitted to the Division no later than 20 days after the assessment is completed. The report shall include any recommendations for addressing any identified potential or actual deficiency, problem, vulnerability, or flaw. The Supervisor of Elections shall also flag all information in the report that is confidential and exempt under the public records law or otherwise protected under the copyright laws in a separate addendum to the report.

8. A copy of the report shall also be provided to the vendor(s) whose equipment or system was the subject of the assessment. The vendor(s) of the voting equipment or system affected by the assessment has 10 days from receipt of the assessment report to respond in writing to the Supervisor of Elections, the governing body and the Division.

9. The Supervisor of Elections shall develop and implement all available security procedures to correct or mitigate any adverse effect resulting from a deficiency, problem, flaw or vulnerability identified or detected by the assessment report.

10. After review of the report and vendor's response, the Division shall conduct, as needed, further studies, issue technical advisories to the supervisors of elections and the governing body regarding the results of the assessment, implement revised or new minimum security standards pursuant to Section 101.015(4), F.S., relating to the voting system, and determine if changes to the systems need to be made for subsequent certification.

(e) Beta testing. A Supervisor of Elections may conduct a beta test of non-certified voting equipment or system. A beta test can use a certified system, but the certified system needs to be imaged and reinstalled after the beta test. A system image is a copy of the entire state of a computer system stored in a non-volatile location.

1. The Supervisor of Elections shall provide written notice to the Division of its intent to conduct a beta test and include a test plan. The test plan must include, at a minimum, information about how or whether the new voting equipment or system or a certified voting equipment or system is being altered for purposes of the beta-test. The test plan must also include provisions that comply with the public records and copyright laws.

2. The Division of Election will review the test plan before the beta test is conducted. The Division does not need to approve the test plan if secondary hardware units will be used to conduct the assessment.

3. A beta test may not be performed within 45 days of a special, primary, general or presidential preference primary election.

4. The Supervisor of Elections shall ensure that the process and results of the beta test are documented. After completion of the beta test, a written report must be submitted to the Division and the vendor(s) whose voting equipment or system was beta tested. The test report shall include any recommendations for addressing any identified potential or actual deficiency, problem, vulnerability, or flaw. The Supervisor of Elections shall also flag all information in the test report that is confidential and exempt under the public records law or otherwise protected under the copyright laws in a separate addendum to the report.

(5) Notice of issues.

1. At any time during the purchase, sale, or use of voting equipment or voting system, a Supervisor of Elections or the governing board discovers that the equipment or system fails in any respect to meet the standards for certification under state law or fails to meet the specifications upon which a contract, agreement or other written representation was based, the Division shall be notified in writing.

2. A vendor of a certified voting system shall immediately notify the Division of any condition that may cause the vendor's product to fail in any respect to meet the standards for certification of voting equipment or system under state law.

3. The Division shall notify Supervisors of Elections when a certified voting equipment or voting system fails in any respect to meet the standards for certification under state law or when it has identified a potential or actual deficiency, problem, vulnerability or flaw identified or detected in a certified voting system that relates to its hardware, software, design, operation, vote tabulation, access control, system reliability and accuracy, or security. Such notice may be in the form of a technical advisory or bulletin, or other suitable format.

(6) Vendor Lists Maintained. The Division shall maintain on its website a current list of vendors for certified voting equipment and systems in the State.

(7) The effective date of this rule is January 1, 2012.

THE FULL TEXT OF THE PROPOSED RULE IS:

1S-2.048 NVRA Voter Registration Agencies – Responsibilities.

(1) General application. These provisions apply to voter registration agencies as designated by section 1973gg-5 of the National Voter Registration Act of 1993, and Section 97.021, F.S. Voter registration agencies are not considered third-party voter registration organizations. Applicable voter registration agencies include:

(a) Any office that provides public assistance (e.g., any office that provides assistance through the food assistance program under the federal Supplemental Nutrition Assistance Program, the Medicaid program, Children’s Health Kidcare, Department of Children and Families Medicaid program, the Special Supplemental Food Program for Women, Infants, and Children, and the Temporary Cash Assistance Program).

(b) Any office that serves persons with disabilities. The office may be a stand-alone governmental agency or an office operating within a state or local government agency such as the Agency for Persons with Disabilities, a state-funded college or university, the Florida Department of Veterans’ Affairs, the Florida Department of Children and Family Services, the Florida Department of Education’s Division of Blind Services and Division of Vocational Rehabilitation.

(c) Any center for independent living as defined in Section 413.20, F.S.

(d) Any public library. A public library refers to any library that serves a community, district or region and provides an organized collection of printed and other library materials or combination thereof, paid staff, a schedule in which staff services are available to public, facilities to support collection, staff and schedule, and is supported in whole or in part with public funds. The term does not include an academic library.

(e) Any armed forces recruitment office.

(2) For purposes of designating a coordinate under subsection (3) and reporting voter registration activities under subsection (7), “each voter registration agency” refers to the highest level of administrative unit or a consortium unit that oversees and monitors activities over one or more jurisdictional office or district or regional offices or divisions.

(3) Coordinator. Each voter registration agency shall designate an agency coordinator for voter registration activities related to NVRA and Section 97.058, F.S. The coordinator shall:

(a) Notify the Division of Elections of his or her name and contact information and keep the Division up-to-date regarding any changes.

(b) Identify those agency staff whose duties involve offering new agency services or renewal or recertification thereof, or the intake of address changes for those services.

(c) Ensure that the duties of agency staff identified in paragraph (b) delineate responsibility to provide voter registration and update opportunities to their clients at the same time as they are being offered the agencies services.

(d) Provide training to agency staff identified in paragraph (b) which may be satisfied by in-house training, or training offered by the Supervisor of Elections’ office, or the Department of State’s NVRA Coordinator. The training should cover at a minimum the following topics: how and to whom voter registration services must be offered whether services are provided in person, by phone, online, or other means, how to process the voter registration of special classes of clients as victims of domestic violence or stalking violence, and high-risk professional classes of applicants who may be entitled to address confidentiality under certain circumstances, what the procedures are for advising clients of certain voter registration rights under federal and state law as set out in the preference form referenced further in this rule, how to make applications in electronic or paper format available or accessible, what is the degree of assistance required if client requests assistance to complete the application, what are the mandatory and optional fields of a voter registration application, how to record or track an agency’s voter registration activities, and what is the process for collecting and submitting voter registration applications or if authorized by law, electronic voter registration information.

(4) Voter registration applications. A voter registration agency shall ensure that regardless of the manner in which the person applies (in-person, over the phone, online or other means), for new or renewal of agency services or for updates to his or her address with respect to those services, the person shall be offered the opportunity to apply for voter registration at the same time whether it is through access or availability of a voter registration application in paper form or electronic format or online, or through electronic intake. The person shall also be provided the same degree of assistance, if requested, as the assistance provided for the agency’s own services.

(5) Notice of Rights. When a person applies for primary agency services or assistance from a voter registration agency for the first time or renews or recertifies eligibility for such services or assistance, or changes his or her address with respect to that service or assistance, the voter registration agency, with the exception of public libraries, must give in person or provide paper or electronic access to the following information about their rights:

(a) The right to apply to register or update his or her voter registration record through the voter registration agency, or decline to do so.

(b) The right to have his or her benefits or services unaffected by whether he or she decides to register or not register to vote.

(c) The right to ask for and receive the same degree of help to fill a voter registration application as the person would receive to apply for the agency’s own services.

(d) The right to privacy so as to be able to complete a voter registration application without assistance, and to have a person's decision to register or not register be kept confidential including not disclosing to the public where a person submitted his or her voter registration information.

(e) The right to submit a complaint to the Florida Department of State if the person believes that someone has interfered with his or her right to apply to register or to decline to register, his or her right to privacy in such decision, or his or her right to choose his or her own political party.

(6) Preference form. The preference Form DS-DE #77-ENG, entitled "National Voter Registration Act Preference Form and Application" (eff. 01/2012, incorporated herein by reference, may be used to comply with the requirements in subsections (4) and (5). Otherwise, the voter registration agency must ensure that any programmatic or electronic interface with the client complies with the requirements in subsections (4) and (5). A Spanish version is also available and is entitled "National Voter Registration Act Formulario de Preferencia y Solicitud de Registrar (DS-DE #77-SPN, eff.01/2012). Both forms are available online at: <http://election.dos.state.fl.us/forms/index.shtml> or directly from the Division of Elections, Room 316, R.A. Gray Building, 500 S. Bronough Street, Tallahassee, Florida 32399-0250, or by phone at (850)245-6200. A public library is not required to develop or use a preference form except when it is acting in the capacity of another voter registration agency.

(7) Data collection.

(a) On behalf of each voter registration agency, each voter registration coordinator shall report quarterly on the prior 3-months of voter registration activities. Such reports are due on April 15, July 15, October 15, and January 15. Such report shall be submitted to the Division of Elections. The coordinator shall use the form DS DE #131, entitled "NVRA Voter Registration Agencies Quarterly Activities Report Form." (eff. 01/2012) incorporated herein by reference. The form is available for electronic input on the Division's webpage at: <http://election.dos.state.fl.us/NVRA/index.shtml>. If the electronic system is not functioning, the form may be downloaded and submitted in hard-copy to the Division of Elections, at (850)245-6200, or R.A. Gray Building, Room 316, 500 South Bronough Street, Tallahassee, Florida 32399-0250. Alternatively, subject to approval by the Department, a coordinator may submit the information in an electronic format using delimited text or excel spreadsheet. Except as provided in subsection (8) for public libraries, a voter registration agency must report the following aggregated data as set forth in the form.

1. How many clients declined to register or update their voter registration record. For purposes of this rule, the term "decline" does not include those persons who request that the application be mailed or who take an application in lieu of

completing or submitting voter registration information at the time of applying for or receiving new or renewal of agency services, or updating an address for those services.

2. How many clients sought new or a renewal of agency services or assistance or made an address change with an agency in each category: in person, by mail, via online, webservice, or electronic remote location, by telephone, or through home site visit.

3. How many voter registration applications were mailed to clients.

4. How many clients submitted voter registration information or an application to the agency (including applications received in the mail or delivered to the agency).

5. How many voter registration applications were forwarded for each county to the Supervisor of Elections' office, regardless of whether they were invalid, incomplete, or a duplicate of an existing registration.

(8) A public library must:

(a) Provide to its patrons access to a paper, electronic or other online voter registration application at the same time its patron applies for a new or renewal of a library card or updates an address for purposes of a library card.

(b) Assist patrons if help is requested to complete the voter registration application to the same degree it provides assistance with the completion of its own forms to obtain a new library card or renewal thereof, or to update their address.

(c) Report to the Department of State, the number of voter registration applications forwarded by each public library in the county to the local Supervisor of Elections' office.

(9) This rule is effective January 1, 2012.

RULE NO.: 68A-27.001
RULE TITLE: Definitions

PURPOSE AND EFFECT: The purpose of the proposed rule is to address the concerns raised by the Joint Administrative Procedures Committee. The effect will be to amend definitions in Rule 68A-27.001, F.A.C., for consistency with the creation of a new, separate list of marine endangered and threatened species in Rule 68A-27.0031, F.A.C., which is being created under a separate rule proposal.

SUMMARY: The proposed amendments revise the definitions for the following terms: Florida Endangered and Threatened Species, Federally-designated Endangered and Threatened Species, and State-designated Threatened Species. These changes are for consistency with other proposed revisions to Chapter 68A-27, F.A.C.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: Article IV, Section 9, Florida Constitution.

LAW IMPLEMENTED: Article IV, Section 9, Florida Constitution.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAW.

RULE NO.: 68B-42.007 RULE TITLE: Gear Specifications and Prohibited Gear

PURPOSE AND EFFECT: The purpose of this rule amendment is to prohibit use of power tools for the harvest or attempted harvest of octocorals from state waters and federal EEZ waters adjacent to state waters. The Gulf of Mexico Fishery Management Council intends to remove octocorals from its Coral and Coral Reefs Fishery Management Plan (FMP) and the South Atlantic Fishery Management Council is in the process of redefining the fishery management unit in their Coral, Coral Reef, and Live/Hardbottom Habitat FMP to

exclude allowable octocorals in federal waters off Florida. These actions would result in the repeal of federal regulations for octocorals and allow Florida to take over management of these species in federal waters off Florida. Based on Commission direction and at the request of the Councils, Florida agreed to manage the octocoral fishery in both state and federal waters.

The effect of this rule amendment would be to prohibit use of power tools for the harvest or attempted harvest of octocorals from state waters and federal EEZ waters adjacent to state waters. This change is not expected to affect the octocoral fishery because similar rules are currently in effect in federal waters.

SUMMARY: Rule 68B-42.007, F.A.C., (Gear Specifications and Prohibited Gear) would be modified to prohibit use of power tools for the harvest or attempted harvest of octocorals from state waters and federal EEZ waters adjacent to state waters.

DEPARTMENT OF COMMUNITY AFFAIRS

The Department of Community Affairs hereby gives notice:

NAME OF PETITIONER: City of Panama City

DATE PETITION WAS FILED: May 27, 2011. It was assigned the number DCA11-WAI-108

RULE NUMBER AND NATURE OF RULE FROM WHICH VARIANCE OR WAIVER IS SOUGHT: Subsection 9K-7.003(9), Florida Administrative Code, states that Applicant must acquire property either 24 months prior to, or 24 months after, the Application deadline. Applicant has acquired property outside of that time frame but was unable to apply for grant funds due to lack of Florida Forever funding and therefore seeks a waiver of this rule. Paragraph 9K-7.007(1)(a), Florida Administrative Code, states the Applicant can receive ten points on their Application if they have acquired the property within the 24 month deadline. Applicant has acquired property outside of that time frame but was unable to apply for grant funds due to lack of Florida Forever funding and therefore seeks a waiver of this rule.

A REFERENCE TO THE PLACE AND DATE OF PUBLICATION OF THE NOTICE OF THE PETITION: June 10, 2011 issue of the Florida Administrative Weekly.

THE GENERAL BASIS FOR THE AGENCY DECISION: The Department found the Petitioner had satisfied the substantial hardship provision of Section 120.542(2), F.S. A

strict application of subsections 9K-7.007(1) and 9K-7.003(9), F.A.C., would create an economic hardship to the Petitioner and violate the principle of fairness. Based upon the facts presented, the Department decided to grant a temporary waiver of the above mentioned rules.

A copy of the Order or additional information may be obtained by contacting: Paula P. Ford, Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, e-mail: paula.ford@dca.state.fl.us.

DEPARTMENT OF LAW ENFORCEMENT

NOTICE IS HEREBY GIVEN that on September 7, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Orange City Police Department on behalf of 25 officers. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officers did successfully complete the course of fire, however, the instructor conducting the course of fire was not a CJSTC certified firearms instructor during the 2008 reporting cycle. Petitioner states that the 25 officers will suffer a substantial hardship if their certifications are rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that the officers did successfully complete the requirement simply because the instructor was not a CJSTC certified firearms instructor for the requalification shoot during the 2008 reporting cycle. Additionally, the agency requests a waiver for the 2008-2010 reporting cycle for one officer, the agency's CJSTC certified firearms instructor, because he signed his own CJSTC form 86A. The firearms instructor did demonstrate proficiency and did complete the appropriate course of fire in the presence of other officers, however, and Petitioner argues that for that reason, he is entitled to a waiver.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302, (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 7, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Suwannee County Sheriff's Office on behalf of Lt. Wayne Musgrove. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that Lt. Musgrove did successfully complete the course of fire, however, he was the only CJSTC certified firearms instructor in the agency at the time and signed his own

CJSTC form 86A requalification certifications for the 2008 and 2010 reporting cycles. Petitioner states that this officer will suffer a substantial hardship if his certification is rendered inactive as a result of this situation. DEPARTMENT OF ENVIRONMENTAL PROTECTION**NOTICE OF INTENT TO ISSUE PROPOSED
MODIFICATION OF POWER PLANT CERTIFICATION**

The Florida Department of Environmental Protection (Department) hereby provides notice of an intent to modify the Conditions of Certification (Conditions) issued pursuant to the Florida Electrical Power Plant Siting Act, 403.501 et seq., Florida Statutes ("F.S."), for the Tampa Electric Company (TECO) Polk, Power Plant Siting Application No. PA92-32, OGC Case No. 11-0604. Pursuant to Section 403.516(1)(c), F.S., the Department proposes to modify the Conditions for Polk Power Station to construct and operate a 15 mile reclaimed water pipeline. A copy of the proposed modification may be obtained by contacting: Department of Environmental Protection, Siting Coordination Office, 3900 Commonwealth

Boulevard, MS #48, Tallahassee, Florida 32399-3000, (850)245-2002. Pursuant to Section 403.516(1)(c)2., F.S., parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this notice to object in writing. The written objection must be filed (received) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, M.S. #35, Tallahassee, Florida 32399-3000. If no objections are received, then a Final Order approving the modification shall be issued by the Department. If objections are raised and agreement can not be reached, then pursuant to Rule 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Mediation is not available in this proceeding.

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c) and sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., to the United States Army Corps of Engineers, 701 San Marco Blvd., Jacksonville, FL 32207, (File No. 0305721-002-BV) to allow the turbidity mixing zone to exceed 150 meters and to establish a maximum allowable turbidity level above background for work within Biscayne Bay Aquatic Preserve, Outstanding Florida Waters (OFW). The requested variance is associated with the Miami Harbor Phase III Federal Channel Expansion (0305721-001-BI). The United States Army Corps of Engineers proposes to widen and/or deepen several portions of the Miami Harbor channels and turning basins. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Bureau of Beaches and Coastal Systems, 5050 West Tennessee Street, Building B, Tallahassee, Florida 32304-9201, (850)488-7708.

A person whose substantial interests are affected by the Department's action may petition for an Administrative Proceeding (Hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S., is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and subparagraph 62-110.106(3)(a)1., F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a

waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
