64B5-2.0135 Dental Hygiene Examination.

(1) The Board specifies that the dental hygiene licensure examination administered by the Department of Health shall consist of two portions. One portion of the examination shall consist of a written examination and the second ~~one~~ portion of the examination shall be a clinical (or practical) examination. An applicant who passes one portion of the examination and not the other need only retake the failed portion.

(a) An applicant must successfully complete both portions of the examination within an eighteen (18) ~~thirteen~~ month period in order to qualify for licensure. If the applicant fails to successfully complete both portions within that time period, then the applicant must retake the entire examination.

(b) Each applicant for dental hygiene licensure is required to complete the examinations as provided for in Section 466.007, F.S. The examinations for dental hygiene shall consist of a written examination and a practical or clinical examination. The practical or clinical examination is the dental hygiene examination developed by the American Board of Dental Examiners, Inc. (ADEX), or its successor entity if the successor entity is determined by the Board to comply with the provision of Section 466.007, Florida Statutes. The ADEX dental hygiene examination is inclusive of a comprehensive clinical skills examination covering the full scope of dental hygiene practice. Any ADEX dental hygiene examination administered after June 1, 2010 will meet the clinical examination requirement. Any dental hygiene applicant who fails to pass the clinical portion of the examination in three attempts shall not be eligible for reexamination until successful completion of one academic semester of clinical course work at the senior clinical practice level at a dental hygiene school approved by the American Dental Association Commission on Accreditation. The applicant must furnish

proof from the accredited dental hygiene school of successful completion of the course work required by this rule. Applicants who fail to establish compliance with this rule shall automatically be denied permission to sit for reexamination.

(c) All examinations will be conducted in English.

(2) The written portion of the examination shall test on the law and rules of the State of Florida regulating the practice of dentistry and dental hygiene.

(a) A final grade of 75% or better is required to pass the written portion of the examination.

(b) Applicants will be given no more than 90 minutes to complete the written portion of the examination.

(3) Provided the Board maintains representation on the board of directors of the American Board of Dental Examiners, Inc., and the examination development committee of the American Board of Dental Examiners, Inc., the clinical examination procedures and criteria of the ADEX dental hygiene examination are approved by the Board. The clinical (or practical) portion of the examination consists of two parts. One part of the clinical examination shall consist of a computer based assessment involving simulated patients and one part of the clinical examination shall consist of a patient based assessment.

(a) The simulated patient part of the clinical examination requires applicants to take and pass a computer based examination which includes health assessments, oral condition evaluations, radiograph interpretations, and infection control practices.

1. A final grade of 75% or better is required to pass the simulated patient part of the clinical examination. Passing scores earned on the Florida certified computer based assessment provided to obtain North East Regional Board of Dental Examiners, Inc. status can be used to fulfill this requirement if the examination was taken after January 6, 2010.

2. Applicants will be given no more than 120 minutes to complete the simulated patient part of the clinical examination.

(b) The patient based part of the clinical examination requires an applicant to demonstrate clinical skills in performing a partial prophylaxis, sealing, root planning, coronal polishing and pocket depth measurements on selected teeth.

1. A final grade of 75% or better is required to pass the patient based part of the clinical examination.

2. Applicants will be given no more than 180 minutes to seat a patient, present the patient for acceptance and complete the treatment phase of the patient based part of the clinical examination.

3. Applicants will be give no more than 90 minutes to complete the treatment phase of the patient based part of the clinical examination.

4. The patient based part of the clinical examination is to be performed on a patient provided by the applicant.

(c) ~~An applicant who passes one part of the clinical examination portion, either the simulated patient part or the patient based part, and not the other need only retake the failed clinical part.~~

(4) ~~Demonstration of periodontal skills on a patient (root planing, scaling of subgingival calculus, and plaque, stain and supragingival calculus removal from the coronal part of the teeth selected and pocket depth measurement assessment) must be performed within a selected dental quadrant with a minimum of six and a maximum of eight teeth, none of which shall have a full crown restoration. Of the six to eight teeth, two may be contiguous molars in another quadrant if necessary to meet the criteria. Three of the teeth shall have pockets identified by the applicant at least 4 mm. in depth. Twelve surfaces with moderate subgingival calculus detectable by visual or tactile means must be identified and treated by the applicant (no more than four surfaces may be on incisors); at least one tooth shall be a multi-rooted molar which shall be in proximal contact with at least one other tooth; five surfaces must be on interproximal surfaces of posterior teeth, i.e. molars or premolars, and at least three of those inter-proximal surfaces must be on molars; none of the six to eight teeth shall be primary teeth. Each selected tooth must have at least one surface of calculus selected for removal. Six pocket depth measurements on each of one anterior and one posterior tooth selected by the examiners must be made by the applicant.~~

(5) The patient based part of the clinical examination shall have the following areas assessed in determining a grade:

(a) Presence of stain on assigned teeth.

(b) Presence of supragingival calculus on assigned teeth.

(c) Presence of subgingival calculus on assigned teeth.

(d) Root roughness on assigned teeth.

(e) Accuracy of pocket depth measurements.

(f) Management of soft and hard tissue.

(6) The grading system used during the patient based part of the clinical examination is as follows:

(a) Case acceptance of the patient based part of the clinical examination is evaluated as to whether or not the patient meets the published examination requirements.

(b) Treatment evaluation of the patient based part of the clinical examination is evaluated as to the presence and removal of applicant identified sub-gingival calculus, removal of plaque/supra-gingival calculus and stain from the selected teeth coronal surfaces and the accuracy, ± 1 mm., of pocket depth measurements on the two teeth selected by the examiner. Additionally, patient comfort and damage to soft and hard tissues are evaluated.

(c) The examiners use four competency levels to rate clinical skills:

~~Mandatory Zero—Complete failure and critically deficient
Marginally Standard—Below minimal acceptable
dental treatment~~

~~Minimally Acceptable—Minimal acceptable dental
treatment~~

~~Satisfactory—Optimal dental treatment~~

~~(7) Three examiners will independently evaluate all
treatment criteria in accordance with a detailed analytic scoring
guide and specific scoring criteria for the patient based part of
the clinical examination and the median competency level in
each category (criteria) is determined. These median
competency levels are translated into a numerical score.
Applicants must earn at least 75% of the maximum possible
raw score to pass that part.~~

~~(a) The scores for the patient based part of the clinical
examination may also be affected by certain conduct or errors
on the part of an applicant that warrant a penalty deduction
from the examination score. Penalties may be assessed in areas
such as patient management, compromised infection control,
violation of examination guidelines, etc. and will be computed
into the final score.~~

~~(b) Management of soft tissue is considered adequate in
the absence of trauma or mutilation. Additionally, a grade of
zero (0) is mandatory if there is gross mutilation of gingival
tissue or if the applicant fails to attempt or complete the part.~~

~~(8) To take the patient based part of the clinical
examination, it is the applicant's responsibility to provide a
patient who is at least 18 years of age and whose medical
history is consistent with that prescribed by the Board and who
meets at least the minimum patient qualifications within the
selected dental quadrant in order to qualify as a patient for
examination.~~

~~(a) The patient based part of the clinical examination may
be terminated at any time by the Examination Administrator in
the interest of patient safety.~~

~~(b) An applicant will not be able to submit a patient if less
than 120 minutes remain in the assigned examination period.~~

~~(c) An applicant who does not submit a patient within the
assigned examination period will receive a grade of mandatory
zero (0).~~

~~(9) Applicants for examination or re-examination must
have taken and successfully completed the National Board of
Dental Hygiene examination and received a National Board
Certificate within the past ten (10) years.~~

~~(10) Every applicant who is scheduled to take or retake the
patient based part of the clinical examination must secure
liability insurance coverage for injuries which may be
sustained or may be claimed to have been sustained by a dental
patient in the course of the examination and present proof of
such coverage to the credentials committee before he or she
will be allowed to perform any procedures on a live patient.~~

~~(11) Candidates for the dental hygiene state clinical boards
may assess patients for suitability as board patients at any
dental office under the direct supervision of a dentist, or at any
accredited dental hygiene program or accredited dental school
under direct supervision of a program faculty member.~~

The Board has determined that this will not have an adverse impact on small business, or likely increase regulatory costs in excess of \$200,000 in the aggregate within 1 year after implementation of the rule.

Any person who wishes to provide information regarding the statement of estimated costs, or to provide a proposal for a lower regulatory cost alternative must do so in writing within 21 days of this notice.

64B9-8.005 Unprofessional Conduct.

(1) through (12) No change.

~~(13)(14)~~ Using force against a patient, striking a patient, or throwing objects at a patient;

~~(14)(15)~~ Using abusive, threatening or foul language in front of a patient or directing such language toward a patient;

~~(15)(13)~~ Practicing beyond the scope of the licensee's license, educational preparation or nursing experience, including but not limited to: administration or monitoring the administration of any medication intended to create an altered

level of consciousness that is a deeper level than moderate sedation for a surgical, diagnostic or therapeutic procedure by a registered nurse or licensed practical nurse; provided:

(a) A registered nurse may, pursuant to a duly authorized practitioner's order, administer or monitor the administration of medications to achieve deep sedation: a) to a patient as part of a life or limb threatening situation when a practitioner who has demonstrated competence in emergency airway management is physically present with the patient; or b) to a patient who is continuously monitored and mechanically ventilated with a secured, artificial airway. Examples of medications used for deep sedation in this situation include, but are not limited to, propofol, pentothal and etomidate. Due to the potential for rapid, profound changes in sedative/anesthetic depth and the lack of antagonist medications, even if moderate sedation is intended, patients receiving propofol should receive care consistent with that required for deep sedation. Therefore the administration of propofol should only be performed by a practitioner qualified by training and education in the administration of general anesthesia or in a hospital licensed under Chapter 395, Florida Statutes by a duly authorized practitioner credentialed by that hospital to administer deep sedation and not by a registered nurse, with the exception of those limited instances outlined in this rule. When a physician is actively managing a patient's sedation, a registered nurse may monitor the patient under circumstances that may include both moderate and deep sedation.

(b) A registered nurse may administer prescribed pharmacologic agents to non-mechanically ventilated patients for the purpose of moderate sedation in anticipation of anxiety and or discomfort during a time-limited surgical, diagnostic or therapeutic procedure. The registered nurse must continuously monitor the patient throughout the procedure and have no other responsibilities that would require leaving the patient unattended or would compromise continuous monitoring during the procedure. The registered nurse must document the patient's level of consciousness at least every five minutes during the procedure. In the event a deeper level of sedation (such as deep sedation or general anesthesia) unintentionally results from the administration of prescribed pharmacologic agents, the procedure must be stopped and the level of sedation returned to moderate sedation with the assistance of the prescribing physician or credentialed anesthesia provider.

(c) A registered nurse or licensed practical nurse may, pursuant to duly authorized practitioner order, administer or monitor the administration of medications for palliative sedation in a hospice program.

(d) In order to administer or monitor any pharmacologic agents in accordance with subsection (a) or (b) above, a registered nurse must:

1. Prior to any administration or monitoring of any pharmacologic agents, successfully demonstrate competence which reflects the extent of privileges requested, including a criteria-based competency evaluation. At a minimum, the competency demonstration will include: education in pharmacology and physiology, physical assessment and monitoring techniques, airway anatomy, airway management techniques and an opportunity for skill development. The evaluative criteria will cover knowledge and psychomotor skills in assessment and monitoring, principles of pharmacodynamics and pharmacokinetics (onset, duration, distribution, metabolism, elimination, intended and adverse effects, interactions, dosages and contraindications), basic and difficult airway management, mechanical ventilation, and cardiopulmonary resuscitation. The registered nurse must also be certified in advanced cardiac life support;

2. Complete a patient assessment and ensure that the practice setting requires that the physician prescribing the pharmacologic agent has evaluated the patient based on established criteria;

3. Pharmacologic agents that may be administered by a registered or practical nurse pursuant to paragraphs (b) and (c) shall not include medications that are intended to result in loss of consciousness such as propofol, pentothal, dexmedetomidine, or any medication which the manufacturer's package insert states should be administered only by individuals trained in the administration of general anesthesia.

4. Ensure that the practice setting requires that the prescribing practitioner, or in a hospital licensed under Chapter 395, Florida Statutes, a practitioner who has demonstrated competence in emergency airway management is physically present throughout the procedure and immediately available during the recovery period unless the patient is mechanically ventilated;

5. Ensure that written policies and procedures for managing patients who receive moderate sedation are reviewed periodically and are readily available within the practice setting;

6. Ensure that the practice setting has in place a quality assurance and performance improvement process that measures patient, process and structural outcome indicators; and

7. Evaluate the patient for discharge readiness based on specific discharge criteria and ensure that the practice setting requires that the physician approves of the patient discharge.

(e) Administration or monitoring of the administration of medication to achieve sedation at any level under the circumstances set forth in this rule is beyond the scope of practice of licensed practical nurses.

(f) The following definitions apply for purposes of this rule:

1. Deep sedation means a medication-induced depression of consciousness that allows patients to respond purposefully only after repeated or painful stimulation. The patient cannot be aroused easily, and the ability to maintain a patent airway independently may be impaired with spontaneous ventilation possibly inadequate. Cardiovascular function usually is adequate and maintained.

2. General anesthesia means the patient cannot be aroused, even by painful stimulation, during this medication-induced loss of consciousness. Patients usually require assistance in airway maintenance and often require positive pressure ventilation due to depressed spontaneous ventilation or depression of neuromuscular function. Cardiovascular function may also be impaired.

3. Moderate sedation means a minimally depressed level of consciousness that allows a surgical patient to retain the ability to maintain a patent airway independently and continuously and respond appropriately to verbal commands and physical stimulation.

4. Immediately available means having a health care provider trained in advanced cardiac life support and resuscitation skills available to assist with patient care within five minutes.

5. Palliative sedation means the use of medications intended to provide relief of intractable or refractory symptoms by inducing varying degrees of unconsciousness in imminently dying patients.

6. Refractory symptoms means symptoms that cannot be adequately controlled in a tolerable time frame despite use of alternate therapies, and seem unlikely to be controlled by further invasive or noninvasive therapies without excessive or intolerable acute or chronic side effects or complications.

**Section V
 Petitions and Dispositions Regarding Rule
 Variance or Waiver**

DEPARTMENT OF LAW ENFORCEMENT

NOTICE IS HEREBY GIVEN that on September 21, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Atlantis Police Department on behalf of one officer for the 2008-2010 (7/1/2008 – 6/30/2010) reporting period subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officer at issue is a CJSTC-certified firearms instructor and that he did successfully complete the course of fire, however, he signed his own CJSTC form 86A. Petitioner states that the officer will suffer a substantial hardship if his certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that the officer did successfully complete the requirement simply because he signed his own CJSTC form 86A for the 2010 reporting cycle.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 21, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Duval County School Board Police Department on behalf 18 officers. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officers did successfully complete the course of fire, however, the instructors conducting the course of fire were not CJSTC certified firearms instructors during the 2008 and 2010 reporting cycles. Petitioner states that these officers will suffer a substantial hardship if their certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that these officers did successfully complete the requirement simply because the instructors were not CJSTC certified firearms instructors for the requalification shoots during the 2008 and 2010 reporting cycles.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 20, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Edgewater Police Department on behalf of Officer Lawler for the 2006-2008 (7/1/06 – 6/30/08) and 2008-2010 (7/1/2008 – 6/30/10) mandatory firearms requalification reporting cycles and Chief Arcieri for the 2008-2010 (7/1/08 – 6/30/10) reporting cycle. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule and instructed by a CJSTC-certified firearms instructor. The petition supports the requested waiver for Officer Lawler by stating there is no CJSTC form 86A on file for him for the 2006-2008 reporting cycle, however, Officer Lawler did complete the required course of fire in 2008, but after the reporting period. The petition further supports the requested waiver by stating that the officers did successfully complete the course of fire in 2010, however, Officer Lawler did so after the reporting date and Chief Arcieri requalified under a non-certified firearms instructor and later in the year requalified under a certified firearms instructor after the reporting date. Petitioner states that these two officers will suffer a substantial hardship if their certifications are rendered inactive as a result of this situation. Petitioner further states

that it would violate the principles of fairness to fail to recognize that the officers affected by this situation did successfully complete the requirement.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 27, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Holmes County Sheriff's Office on behalf of 21 officers for the 2006 – 2008 (7/1/2006 – 6/30/2008) reporting period. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officers at issue did successfully complete the course of fire, however, the firearms instructors utilized by the agency had not completed an internship and filed paperwork to finish the requirements to become CJSTC-certified firearms instructors. The officers, agency, and instructors all believed that the instructors had completed all of the requirements for CJSTC certification as firearms instructors. The 21 officers did successfully complete the course of fire regardless of the certification status of the two instructors. Petitioner states that the officers will suffer a substantial hardship if their certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that the officers did successfully complete the requirement for the 2008 reporting period simply because the instructors had not become CJSTC-certified prior to supervising the requalification shoot.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302, (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 23, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Lady Lake Police Department on behalf of two officers for the 2008 – 2010 (7/1/2008 – 6/30/2010) reporting period subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officers at issue did successfully complete the course of fire, however, they were supervised by a non-CJSTC certified firearms instructor. Petitioner states that the officers will suffer a substantial hardship if their certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that

the officers did successfully complete the requirement simply because they were supervised by a non-CJSTC certified firearms instructor.

NOTICE IS HEREBY GIVEN that on September 26, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Sanibel Police Department on behalf of 37 officers for the 2006 – 2008 (7/1/2006 – 6/30/2008) reporting period and one officer for the 2008 – 2010 (7/1/2008 – 6/30/2010) reporting period. Subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule. The petition supports the requested waiver by stating that the officers at issue did successfully complete the course of fire, however, the CJSTC form 86A's for these officers cannot be located for the 2008 reporting period. For the 2010 reporting period, one of the officers was supervised by a non-CJSTC-certified firearms instructor, but the officer did successfully complete the course of fire. Petitioner states that the officers will suffer a substantial hardship if their certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that the officers did successfully complete the requirement for the 2008 reporting period simply because the agency cannot locate their CJSTC form 86A's; and, for the 2010 reporting period, because the instructor had not become CJSTC-certified prior to supervising the requalification shoot.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302, (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 20, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Titusville Police Department on behalf Officer Erich Barrett. Petitioner states that this officer will suffer a substantial hardship if his certification is rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that this officer did

successfully complete the requirement simply because the instructor was not a CJSTC certified firearms instructor for the requalification shoot during the 2008 reporting cycle.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

NOTICE IS HEREBY GIVEN that on September 20, 2011, the Violent Crime and Drug Control Council, received a petition for a permanent waiver of subsection 11N-1.0051(15), F.A.C., from Fort Lauderdale Police Department. Subsection 11N-1.0051(15), F.A.C., precludes the use of VCDCC moneys to purchase equipment. The petition supports the requested waiver by stating that a reshuffling of personnel and plunging revenues jeopardized their multijurisdictional operation by removing a critical piece of equipment. Petitioner states that it used VCDCC money to purchase replacement equipment. Petitioner states that it will suffer a substantial hardship if it were required to refund the money spent on the equipment or sell the equipment and refund the money. Petitioner further states that it would violate the principles of fairness to deprive it of a viable means of efficiently carrying out its duties.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

A petition for a variance was received from ZOG Limited Partnership on April 28, 2011, and a subsequent notice was published in the Florida Administrative Weekly on May 13, 2011. The petition requested a variance from the criteria contained in subsections 62B-33.013(3) and (5), F.A.C., which provide for a one three-year time extension to complete activities permitted by the Department and requires a new application if construction is not complete within the allotted time of the permit, respectively. PLACE: E.L. Puryear Building, 243 S. Lake Avenue, Groveland, Florida 34736

GENERAL SUBJECT MATTER TO BE CONSIDERED: This public hearing is being held in accordance with Federal Executive Orders 11990 and 11988 to afford interested persons an opportunity to express their views concerning the location; conceptual design; and social, economic, and environmental effects of the SR 50 PD&E Study in Lake County, Florida (Financial Management Number 427056-1-22-01 and ETDM Number 6251). The project involves the realignment of SR 50 to north of Downtown Groveland. The proposed roadway improvements would re-align SR 50 to the north of Downtown Groveland. This change also would include a new intersection of SR 50 and SR 19 that would correct the existing turning movement deficiencies for trucks and general traffic. Once the realignment is constructed, Broad Street and Orange Street (existing SR 50) would become the jurisdiction of the City of Groveland and would no longer be part of the state road system. As part of this study, the access management classification is expected to change along this segment of SR 50 from Access Class 4 (through Downtown Groveland) to Access Class 5 (along the new realigned segment of SR 50). The public hearing for this proposed change in access management classification will be held concurrent with the SR 50 PD&E Study public hearing. Public participation is solicited without regard to race, color, national origin, age, sex, disability or family status. Section VII Notices of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN that the Division of Florida Condominiums, Timeshares, and Mobile Homes, Department of Business and Professional Regulation, State of Florida, has issued an order disposing of the petition for declaratory statement filed by L.V. Manufactured Homeowners Association, Inc. and Lamplighter Village Home Owners Association, Inc., Petitioners, on July 14, 2011. The following is a summary of the agency's disposition of the petition:

The Division finds that if L. V. Manufactured Homeowners Association, Inc. and Lamplighter Village Home Owners Association, Inc., merge, the associations would lose their rights of first refusal to purchase the parks under Sections 723.075 and 723.076, Florida Statutes, and In re: Petition for Declaratory Statement: 723 Homeowner's Association at Strawberry Ridge, Inc., Docket No.: DS 1999075, DS 99-009, BPR-99-04132 (July 26, 1999), because the merged association would have members who are not bona fide owners of both parks.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Division Clerk, Department of Business and Professional Regulation, Division of Florida Condominiums, Timeshares, and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2217.

Please refer all comments to: Janis Sue Richardson, Chief Assistant General Counsel, Department of Business and Professional Regulation, Division of Florida Condominiums, Timeshares, and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2202.

NOTICE IS HEREBY GIVEN that the Division of Florida Condominiums, Timeshares, and Mobile Homes, Department of Business and Professional Regulation, State of Florida, has declined to rule on the petition for declaratory statement filed by Thos D. Zuidema, Unit Owner, In Re: Westwood Greens Condominium Association, Inc. on June 23, 2011. The following is a summary of the agency's declination of the petition:

The Division declined to issue a declaratory statement because the Division may not issue a declaratory statement concerning events that have already taken place; or because petitioner failed to cite to a relevant statute, rule or order for the division's interpretation; or because the division cannot

interpret ambiguous provisions in condominium documents; or when the division does not have competent substantial evidence (complete current set of governing documents) upon which to base a decision.

The purpose of Ord. 2011-08 is to amend Section 107.07, G.1., of the Land Development Regulations to extend the temporary building permit allocation system (BPAS) allocation procedure to allow the City to determine which individuals on the BPAS list are ready to build and which would prefer to defer their application. The procedure as amended by Section 107.07, G.1., of the Land Development Regulations will sunset September 1, 2013.
3. Ord. 2011-08 is consistent with the City's 2010 Comprehensive Plan including Policy 1-3.5.4. Residential Building Permit Allocation System.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended or rescinded by any local government in the Florida Keys Area of Critical State Concern. Section 380.05(6), Florida Statutes, and Section 380.0552(9), Florida Statutes (2010).

7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in Section 380.0552(7), Florida Statutes. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
8. Ord. 2011-08 is consistent with the following Principle:

DEPARTMENT OF ENVIRONMENTAL PROTECTION

NOTICE OF INTENT TO ISSUE PROPOSED

MODIFICATION OF POWER PLANT CERTIFICATION

The Florida Department of Environmental Protection (Department) hereby provides notice of intent to modify the Conditions of Certification (COCs) issued pursuant to the Florida Electrical Power Plant Siting Act, 403.501 *et seq.*, Florida Statutes ("F.S."), for the C.D. McIntosh Power Plant Units 3 & 5 (McIntosh), Power Plant Siting Application No. PA74-06, OGC Case No. 11-1324. Pursuant to Section 403.516(1)(c), F.S., the Department proposes to modify the COCs for McIntosh to incorporate a uniform set of general conditions consistent with recent site certifications.

A copy of the proposed modification may be obtained by contacting: Department of Environmental Protection, Siting Coordination Office, 3900 Commonwealth Boulevard, MS #48, Tallahassee, Florida 32399-3000, (850)245-2002.

Pursuant to Section 403.516(1)(c)2., F.S., parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, M.S. #35, Tallahassee, Florida 32399-3000. If no objections are received, then a Final Order approving the modification shall be issued by the Department. If objections are raised and agreement can not be reached, then pursuant to Rule 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Mediation is not available in this proceeding.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of Part II, Section 12.2.5(c) of the St. Johns River Water Management District Applicant's Handbook: Management and Storage of Surface Water adopted by the Department in Chapter 62-330, F.A.C. to the Sebastian Inlet District Commission, 144 6th Avenue, Indialantic, Florida 32903, File No. 05-264486-006, to dredge, for public safety purposes, an area located directly in Class II or Class III waters classified as approved, restricted, conditionally approved or conditionally restricted for shellfish harvesting adjacent to an existing channel to the Intercoastal Waterway.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Central District, 3319 Maguire Blvd., Suite 232, Orlando, FL 32803, Telephone: (407)897-2948. A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S., is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and paragraph 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., and sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., to the U.S. Army Corps of Engineers, File No. 0305363-002-BV, to allow expanded mixing zones that extend 300 meters downcurrent from the dredge while operating within Outstanding Florida Waters. The requested variance from the antidegradation provisions in sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., would establish a maximum allowable turbidity level of 7 NTUs above background for work within any Outstanding Florida Waters. The associated project – Longboat Pass to Sunshine Skyway GIWW Maintenance Dredging (0305363-001-BI) – consists of periodic maintenance dredging of the Gulf Coast Intracoastal Waterway (GIWW) in the following areas: Longboat Pass Cut-2 and Cut-3, GIWW Cuts M-5, M-12 and M-14, and cuts SC-2 and SC-3 along the Sunshine Skyway. All dredged material will be placed approximately 1500-5000 linear feet from the Egmont Key shore, between -8 and -13 feet MLLW. The maximum dredging depths are 12' feet MLLW for the Longboat Pass Cuts and 11' feet MLLW for the GIWW and Sunshine Skyway Cuts. The volumes for each project area for the first dredging event are as follows: Longboat Pass cuts will have a total volume of 36,000 cubic yards; GIWW cuts will have a total volume of 77,400 cubic yards; and Sunshine Skyway cuts will have a total volume of 22,800 cubic yards. Future dredging events will not exceed a total volume of 200,000 cubic yards, and will require additional surveys of the placement area at Egmont Key to determine the available capacity. The dredging will impact 0.34 acres of seagrass, which will be offset by 0.65 acres of seagrass mitigation in the form of prop scar recovery using seeded sediment tubes, signage and bird stakes in the Big Pass Estuary of Cockroach Bay.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 4708 Capital Circle, N.W., Tallahassee, FL 32303, Telephone: (850)414-7731.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and paragraph 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice

of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., to the Town of Longboat Key, 0296464-002-BV to allow the Town to temporarily establish expanded mixing zones that extend 300 meters downcurrent from the dredge and rehandling sites and up to 250 meters offshore and up to 750 meters downcurrent from the point where water discharged from the dredge pipeline (at the beach placement site) reenters the Gulf of Mexico. The associated Longboat Key Nourishment Project (0296464-001-JC) is to periodically nourishment portions of the beach at Longboat Key. The first nourishment (interim event) will utilize the offshore borrow areas within the Port Dolphin pipeline route (F2 and B3) to place approximately 310,000 cy of beach-compatible material from R-44 to R-46 and R-47.5 to R-50 in Manatee County, and from R-12 to R-17 in Sarasota County. The second (periodic) event will nourish the beach from R-44 to R-45.5 (Manatee County), from R-47 to R-50 (Manatee County); from R-67 (Manatee County) to R-3 (Sarasota County); from R-13 to R-17 (Sarasota County); and from R-21 to R-29 (Sarasota County) using an estimated 865,000 cubic yards of sand from Borrow Areas IX (previously permitted), X (new), the remaining portions of F2 that are not within the pipeline corridor, and an upland sand mine. Sand placed between R-47 to R-50 (Manatee County) will be trucked in during multiple events from either E.R. Jahna's Green Cay mine or Surface Prep Supply mine in Davenport. Other events, if required, will utilize the above referenced borrow areas with placement as needed to restore approved beach fill templates. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the: Department of Environmental Protection, 4708 Capital Circle, N.W., Tallahassee, FL 32303, Telephone: (850)414-7731.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set

forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S. is not available.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.
