RULE NO.: RULE TITLE:
12A-1.070 Leases and Licenses of Real
 Property; Storage of Boats and
 Aircraft

PURPOSE AND EFFECT: The purpose of the proposed amendments to Rule 12A-1.070, F.A.C. (Leases and Licenses of Real Property) is to update, consistent with current statutory provisions, the tax imposed on the rental, lease, or license to use, occupy, or enter upon any real property. When in effect, the proposed amendments will:

- Update the exclusion from the tax on the use of real property at a port authority. (Section 212.031(1)(a)8., F.S., as amended by Chapter 97-221, L.O.F.)
- Update the exclusion from the tax on real property for poles, conduits, fixtures, and similar improvements located on streets or rights-of-ways occupied by a utility or provider of communications services. (Section 212.031(1)(a)5., F.S., as amended by Section 1, Chapter 99-363, L.O.F., Section 53, Chapter 2000-260, L.O.F., and Section 27, Chapter 2001-140, L.O.F.)
- Remove provisions stating that for jetways and baggage conveyors to be deemed real property, the land upon which they are attached must be owned by the owner of the jetways and baggage conveyors. This provision was rendered obsolete when the term “real property” was defined to include land and improvements and fixtures. (Section 212.06(14), F.S., as created by Section 5, Chapter 98-141, L.O.F.)
- Update the exclusion from tax on real property for persons providing food and drink retail concessionaire services expanded to include publicly-owned facilities, and update the definition of the term “retail concessionaire” for purposes of the rule. (Section 212.031(1)(a)10., F.S., as amended by Section 1, Chapter 99-270, L.O.F.)
- Add the exclusion from tax on the lease of real property for property used or occupied predominantly for space flight business purposes. (Section 212.031(1)(a)12., as created by Chapter 2000-183, L.O.F.)
- Add the exemption for real property rented, leased, or licensed by a postsecondary educational institute to a person operating a bookstore on the property. (Section 212.08(7)(eee), F.S., as created by Chapter 2007-53, L.O.F.)
- Add the exclusion from tax on the lease of real property to a person providing telecommunications, data systems management, or Internet services at a convention hall, civic

hall, or meeting space at public lodgings. (Section 212.031(1)(a)13., F.S., as created by Section 5, Chapter 2010-147, L.O.F.)

- Remove obsolete provisions regarding the taxability of the rental of premises within an airport by a person providing retail concessionaire services effective prior to July 1, 1987. (Section 10, Chapter 87-101, L.O.F.)
- Update provisions regarding the exclusion from tax on the lease of real property by a qualified production company that holds a Certificate of Exemption for Entertainment Industry Qualified Production Company issued by the Department, as provided in Rule 12A-1.085, F.A.C. Changes are made to remove the obsolete suggested certificate of exemption and to remove the unnecessary recitation of statutory provisions. (Section 212.031(1)(a)9., F.S., as amended by Section 2, Chapter 2000-182, L.O.F.)
- Remove obsolete reference to definitions that are no longer included in Rule 12A-1.044, F.A.C.
- Remove the unnecessary restatement of the statutory sales tax rate.
- Remove provisions regarding the storage of aircraft or boats redundant of Rule 12A-1.073, F.A.C., and remove “Storage of Boats and Aircraft” from the rule title to reflect this change.
- Include provisions to clarify the exemption from the tax on the lease of real property for payments for intrinsically valuable personal property. (Section 212.031(1)(c), F.S., as amended by Section 2, Chapter 95-391, L.O.F.)
- Update provisions providing that privilege, franchise, or concession fees paid to an airport are not payments for a lease or license for the use of real property. (Section 212.02(10)(j), F.S., as amended by Section 1, Chapter 95-391, L.O.F.)
- Update examples on the taxability of utility charges paid by a tenant to the lessor for the use of real property.
- Include provisions regarding when tax collected on the rental, lease, or license for the use of specified public facilities to hold an event of not more than seven days is due to the Department. (Section 212.031(3), F.S., as amended by Section 1, Chapter 2000-345, L.O.F.)
- Provide that the lessee who records a cancellation or termination fee as rental income, and who does not pay the tax to the lessor, is required to remit the tax directly to the Department.
- Provide when tax is due on the cost price of real property improvements completed or funded by a tenant, as provided in Department of Revenue v. Seminole Clubs, Inc., 745 So.2d 473 (Fla. 5th DCA 1999) and Department of Revenue v. Ruehl No. 925, LLC, 76 So.3d 389 (Fla. 1st DCA 2011).
- Include the exemption for the rental, license, or lease of real property from the turnpike enterprise as provided in Section 338.234, F.S. (Amended by Section 52, Chapter 2007-196, L.O.F.)

- Provide that, consistent with Section 212.031(2)(b), F.S., the amount of tax due on consideration paid for the use of real property is not decreased by a progression of transactions.
- Provide that the calculation of the pro-rata portion of premises leased or rented by for-profit entities that provide a residential facility for the aged uses a proration method based on square footage. (Section 212.031(1)(b), F.S., as amended by Section 3, Chapter 98-140, L.O.F.)
- Provide that the calculation of the pro-rata portion of leased or rented hotel premises providing dwelling accommodations is prorated based on square footage. Department of Revenue v. Vanjaria Enterprises, Inc., 675 So. 2d 252 (Fla. 5th DCA 1996), provides that the Department would be required to promulgate a rule to require a proration method based on square footage.
- Consolidate provisions regarding advertising displays into a single subsection.
- Remove provisions regarding bailment agreements that are not the rental, lease, or license to use real property.

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

40C-1.1101 Amendments to and Releases of Conservation Easements.

(1) This section establishes the terms and conditions under which the District shall agree to amend or release all or part of a conservation easement conveyed to it, pursuant to Section 704.06, F.S., solely for mitigation or in compliance with other regulatory requirements of the District or another

governmental entity. It does not apply to conservation easements that were acquired by the District partly through purchase and partly through a regulatory program. The District's decision to release or amend a conservation easement is a proprietary decision and does not result in any waiver of regulatory requirements. Property owners shall be responsible for obtaining all necessary permits for their construction activities, including any dredging or filling of wetlands. A request for the release or amendment of a conservation easement shall include a copy of the recorded conservation easement; a copy of any conservation easement over other property offered in exchange for the requested release or amendment; and a map showing the location of the recorded conservation easement and any conservation easement offered in exchange. For the District to agree to release or amend a conservation easement, the request for release or amendment shall satisfy the conditions of any one of the following ~~seven~~ six categories and the general condition in paragraph 40C-1.1101(1)(~~h~~)(~~g~~), F.A.C.:

(a) through (f) No change.

(g) Other Requests. For the purpose of this paragraph, "other requests" are requests for release or amendment of conservation easements that do not involve public projects as defined in paragraph 40C-1.1101(1)(c), F.A.C., or requests for release or amendment where the conservation easement that is the subject of the request is located on a single-family lot or within a permitted residential development. The District shall release or amend a conservation easement under this "other requests" category, under the following terms and conditions:

1. The entity making the request must provide the District with a conservation easement having substantially similar terms, over other lands within the same drainage basin, with the new conservation easement having equivalent or greater ecological and monetary value when compared to the conservation easement to be released or amended.

a. To establish ecological values, the District shall use the Uniform Mitigation Assessment Method (UMAM) in Chapter 62-345, F.A.C. For the conservation easement that is proposed for release or amendment, the District shall determine the reduction in ecological value that would occur if the request were approved, based on the ecological value accorded to the conservation easement at the time of permit issuance, or the conservation easement's current ecological value, whichever is greater. For the conservation easement proposed in exchange for the release or amendment, the District shall determine the increase in ecological value that would be attributed to the new conservation easement.

b. To establish monetary values, the District shall obtain an appraisal for the conservation easement area to be released or amended and for the conservation easement offered in exchange for the release or amendment. The appraisal must be in accordance with subsection 40C-1.1101(3), F.A.C., below.

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 38, No. 14, April 6, 2012 issue of the Florida Administrative Weekly.

The Department has made changes to these proposed rules based on the 2012 Legislative amendments to Section 193.155, F.S., as enacted in Section 5 of Chapter 2012-193, Laws of Florida, and based on comments received from the Joint Administrative Procedures Committee of the Florida Legislature.

A revised version of these proposed rules will be available at: <http://dor.myflorida.com/dor/property/legislation/rules/10ruledrafts.html>. These revised versions include the proposed changes discussed below to the original text that was published in the Notice of Proposed Rule on April 6, 2012.

Paragraph (f) has been added to subsection (1) of proposed new Rule 12D-8.0065, so that, when adopted, the paragraph will read as follows:

(f) "Husband and wife" mean two people who are currently and legally married to each other as recognized by Florida law.

Subsections (2) through (5)(a) of the proposed new rule – No change.

Paragraph (b) of subsection (5) of proposed new Rule 12D-8.0065, has been changed, so that, when adopted, the paragraph will read as follows:

(b) Splitting:

1. When two or more people who previously shared a homestead abandon that homestead and establish separate homesteads, the maximum total amount that can be transferred is \$500,000. Within that limit, each taxpayer who received a homestead exemption and is eligible to transfer an amount is limited to a share of the previous homestead's difference between assessed value and just value.

a. For tenants in common, this share is the difference between just value and assessed value for the tenant's proportionate interest in the property. This is the just value of the taxpayer's interest minus the assessed value of the taxpayer's interest.

b. For joint tenancy with right of survivorship and for a husband and wife, the share is the assessed value of the homestead portion of the property, divided by the number of owners that received the exemption, unless another interest share is on the title. In that case, the portion of the amount that may be transferred is the difference between just value and assessed value for the stated share.

c. The shares of the assessment difference cannot be sold, transferred, or pledged to any taxpayer. For example, if a husband and wife divorce and both abandon the homestead, they each take their share of the assessment difference with them. The property appraiser cannot accept a stipulation otherwise. The shares of the taxpayers that received the homestead exemption cannot total more than 100 percent.

2. In addition to the other provisions of this paragraph, if a husband and wife are abandoning jointly titled property they may, by completing Form DR-50ITS, Designation of Ownership Share of Abandoned Homestead, designate their respective ownership shares by complying with the following requirements:

a. Meet the qualifications specified in paragraph (8)(d) of Section 193.155, F.S.

b. Be married on the date that the jointly titled property is abandoned.

c. Complete and file with the property appraiser in the county where the property is located, a valid Form DR-50ITS, Designation of Ownership Share of Abandoned Homestead, (incorporated by reference in Rule 12D-16.002, F.A.C.).

d. Separately swear to both owners' designated ownership share on Form DR-50ITS.

e. Ensure that the total of the designated ownership shares of the husband and wife equals 100 percent.

f. File the valid and complete Form DR-50ITS with the appropriate property appraiser before Form DR-50IT is filed by either the husband or the wife.

Upon filing a valid and complete Form DR-50ITS, as provided by this paragraph, the designated ownership shares of the husband and wife are irrevocable, and cannot be amended or changed.

(c) No change.

Paragraph (a) of subsection (6) of proposed new Rule 12D-8.0065, has been changed, so that, when adopted, the paragraph will read as follows:

(6) Abandonment.

(a) To transfer an assessment difference, a homestead owner must abandon the homestead before January 1 of the year the new application is made. To do this, the taxpayer must notify the property appraiser in writing by the time he or she

applies for the new homestead exemption. To transfer the assessment difference, the previous homestead must be reassessed at just value as of January 1, subject to subsections 193.155(8) and 193.155(3), F.S., which provide for assessment at other than just value.

(b) through (12)(a) No change.

Paragraph (b) of subsection (12) of proposed new Rule 12D-8.0065, has been changed, so that, when adopted, the paragraph will read as follows:

(b) Any taxpayer who is qualified to have his or her property assessed under Section 193.155(8), F.S., who fails to file an application by March 1, may file an application for assessment under that subsection and, under Section 194.011(3), F.S., may file a petition with the value adjustment board requesting the assessment be granted. The petition may be filed at any time during the taxable year by the 25th day following the mailing of the notice by the property appraiser as provided in Section 194.011(1), F.S. In spite of Section 194.013, F.S., the taxpayer must pay a nonrefundable fee of \$15 when filing the petition, as required by paragraph (i) of Section 193.155(8), F.S. After reviewing the petition, the property appraiser or the value adjustment board may grant the assessment under Section 193.155(8), F.S., if the property appraiser or value adjustment board find the taxpayer is qualified and demonstrates particular extenuating circumstances to warrant granting the assessment.

Paragraph (b) of subsection (7) of proposed new Rule 12D-8.00659, has been changed, so that, when adopted, the paragraph will read as follows:

(b) Form DR-430M, Change of Ownership or Control, Multiple Parcels, which is hereby incorporated by reference (effective 7/2012), may be used as an attachment to Form DR-430. A property owner may use DR-430M to list all property owned or controlled in the state for which a change of ownership or control has occurred. A copy of the form should be sent to each county property appraiser where a parcel is located.

The Florida Real Estate Appraisal Board hereby gives notice of the issuance of an Order regarding the Petition for Variance, filed on February 15, 2012, by Louis Joseph Romano, Jr. The Notice of Petition for Waiver or Variance was published in Vol. 38, No. 11 of the March 16, 2012, Florida Administrative Weekly. Petitioner sought a waiver or variance of subsection 61J1-8.003(1), F.A.C., to include his disciplinary violation be deemed as a minor violation, pursuant to the Final Order issued by the Florida Real Estate Appraisal Board on March 22, 2007. The Board considered the instant Petition at a duly-noticed public meeting held on April 3, 2012, in Orlando, Florida.

The Board's Order, filed on April 30, 2012, granted the petition finding that Petitioner established that the purpose of the statute would be met as required by Section 455.225(3), Florida Statutes, in that the Petitioner's violation did not demonstrate a serious inability to practice the profession, did not result in economic or physical harm to a person, and did not adversely affect the health, safety and welfare of the public. The Board further found that Petitioner established that the Board's full application of subsection 61J1-8.003(1), F.A.C., to his circumstances would violate principles of fairness and would impose a substantial hardship on him.

The petitioner Talquin Electric Cooperative, Inc., Post Office Box 1679, Quincy, Florida 32353 seeks relief from the Part IV, rapid-rate land application systems, setback distance requirement of 100 feet from the edge of their Lake Jackson WWTP southern most rapid infiltration basin (RIB) to the site property line required by subsection 62-610.521(6), F.A.C. A survey of the site has identified that the closest distance from the property line to the edge of the RIB is measured at 70 feet. The petitioner is requesting a permanent variance to reduce the setback from 100 feet to a minimum of 70 feet. The Department issued the construction permit for the upgrades in 1995 and the construction was complete in 1997. The petition has been assigned OGC File No. 12-1045 and PA File No.: FLA010171-008-DWF/VO. NOTICE TO CONSTRUCTION MANAGERS

The University of South Florida St. Petersburg (USFSP) requests statements of qualifications from Construction Management Firms to provide services for the project listed below:

PROJECT NO.: TBD

PROJECT AND LOCATION: College of Business (COB) Facility, USFSP, St. Petersburg, Florida.

PROJECT DESCRIPTION: Construct a multifunctional elevated facility which will include parking underneath on the ground level, classrooms, teaching labs, study areas, offices, auditorium/exhibition spaces, instructional media space, student academic support space and support services space. Technology enhanced classrooms and lecture auditoria will facilitate the instructional needs for the entire COB curriculum and will be constructed using flexible space configurations to meet diverse programmatic requirements. The facility will accommodate COB faculty currently located in four buildings on the USFSP campus. This facility is anticipated to be a structure of about 70,000 GSF with a minimum LEED Certification of Silver. The construction costs are expected to be about \$20,000,000.

The University is seeking to hire a Construction Management team with extensive experience in the development of projects for institutions of higher education, expertise in construction within an occupied campus, and proficiency in fast-tracked construction projects. The contract for Construction Management services shall consist of a pre-construction services phase and a construction phase. The pre-construction services phase, for which the Construction Manager will be paid a fixed fee, will include value engineering, constructability analyses, development of cost models, estimating, and the development of a Guaranteed Maximum Price (GMP) at 75% Construction Document phase. If the GMP is accepted, the Construction Phase start time will be determined. Early bid packages for fast track and multi-phase development may be required to meet project goals. In the Construction Phase of the contract, the Construction Manager

becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for the contract or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the Construction Manager's contract.

It is the University's responsibility to negotiate a fair, competitive, and reasonable compensation for pre-construction services and overhead and profit fees for the project. A fair, competitive, and reasonable compensation shall be evaluated based upon the following information: (1) compensation on similar projects, (2) other compensation reference data, and (3) after approval or ranking, proposals requested from the short listed firms based upon a scope of services document to be provided at the time of negotiations.

The Selection Committee for this project will evaluate the applications according to the law and the Policies and Procedures of the University of South Florida. Selection of finalists for interviews will be made on the basis of Construction Manager qualifications, including applicant's experience, applicant's personnel, applicant's ability to provide service (record-keeping/administrative ability, recording of as-built conditions, critical path scheduling expertise, conceptual cost estimating and cost control ability, quality control capability, etc.), and the applicant's license, bondability, and insurability. As part of the University of South Florida St. Petersburg's Strategic Plan, USFSP made a commitment to foster a diverse community distinguished by a shared purpose, collaboration, open and timely communication, mutual respect, trust, and inclusiveness. The University of South Florida St. Petersburg is an equal opportunity institution and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services. Finalists will be provided with the latest documentation prepared by the project Architect, a description of the final interview requirements, and a copy of the standard University of South Florida Construction Management Agreement. The Construction Manager shall have no ownership, entrepreneurial, or financial affiliation with the selected Architect involved with this project.

INSTRUCTIONS: Firms desiring to provide Construction Management services for the project shall submit a Request for Qualifications (RFQ) packet which shall contain a letter of interest and a completed "USFSP Construction Manager Qualifications Supplement dated March 2011" with attachments and additional information required. Proposals must not exceed 60 pages, including the Construction Manager Qualifications Supplement and letter of interest, attachments and additional information. Pages must be numbered

All applicants must be licensed to practice as Certified General Contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a Construction Management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected Construction Management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000.00 in connection with this project for a period of 36 months from the date of placement on the convicted vendor list.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

**NOTICE OF AVAILABILITY
 FLORIDA REAFFIRMATION NOTICE
 BRADENTON, FLORIDA**

The Florida Department of Environmental Protection is reaffirming its earlier determination that the proposed Bradenton stormwater management facilities will not have a significant adverse affect on the environment. The proposed

project consists of rehabilitating the stormwater management facilities at a cost estimated to be \$14,886,300. The project is expected to qualify for a State Revolving Fund loan composed of federal and state matching funds.

A full copy of the Florida Reaffirmation Notice can be obtained by writing: Pankaj Shah, Bureau of Water Facilities Funding, Department of Environmental Protection, 2600 Blair Stone Road, MS #3505, Tallahassee, Florida 32399-2400.

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., to the St. Lucie County Erosion District (File No. 0154626-002-BV), to allow the turbidity mixing zone to exceed 150 meters at the beach placement site, if using an upland sand source. The mixing zone would extend 65 meters cross-shore, and 500 meters downcurrent of fill placement activities.

The associated project (0154626-001-JC) will restore approximately 3.4 miles of beach and dune along the South Beach shoreline of St. Lucie County, using approximately 485,900 cy of fill dredged from an offshore borrow area or from upland sources. The project is located approximately between Department reference monument R-98 and the St. Lucie/Martin County Line at R-115+1000, Sections 27, 34, 35, Township 36 and 37 South, Range 41 East, Atlantic Ocean, Class III Waters. The offshore borrow area is located on the southern portion of St. Lucie Shoal, 3 to 4 miles offshore of R-98 through R-115, and the mitigation reef is approximately 400-550 feet offshore between R-90 and R-91, in the Atlantic Ocean off of St. Lucie County.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 4708 Capital Circle N.W., Tallahassee, Florida 32303, (850)488-7708.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the

applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and paragraph 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an

explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.S. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
