THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS AVAILABLE AT NO CHARGE FROM THE CONTACT PERSON LISTED ABOVE.

Assessment dollars are utilized to pay for all plans and programs approved by the Florida Propane Gas Education, Safety, and Research Council on the industry's behalf. These programs are established in order to maintain present propane markets or create new or larger markets for propane gas produced or marketed within Florida. Additional rule changes clarify that assessment payments are based on total "volume" of propane sold during each quarter as opposed to "amount" and correct the name of the form that must be submitted in order to timely report gallons-sold subject to the assessment. Other changes establish when the assessment increase shall take effect.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency.

The Marketing Order assessment rate is determined by the LP gas industry pursuant to referendum conducted under Section 527.23, Florida Statutes. All assessment payments collected by the Department are utilized solely for the purpose of paying for propane marketing and safety plans and programs that benefit the industry. The Department administers these programs on behalf of the Florida Propane Education, Safety, and Research Council which approves the expenditure of all assessment dollars. The Department is not reimbursed for any regulatory activities related to collection or processing of assessment payments, and is only reimbursed for advertising, tradeshow, and marketing services provided on the Council's and industry's behalves. It is debatable, therefore, whether the assessment is a "regulatory cost" to the industry.

The total dollar amount of the assessment is dependent upon sales of propane within Florida and payments are submitted quarterly. Based upon historical data, the annual assessment amount collected has steadily decreased over the past three years from approximately \$241,500 in FY 2009-10 to \$235,400 in FY 2010-11 (2.53% reduction from prior year) with an even larger decrease to \$222,400 in FY 2011-12 (5.53% reduction from prior year). For the current fiscal year, the amount collected is approximately \$209,000. (Payments for the last quarter of the fiscal year are not due until August 14th.) As the current assessment rate is one-tenth of a penny and the recently approved increase is double that amount, it is anticipated that during the first year of rule implementation, costs related to the assessment will be less than \$220,000. Proposed Rules**

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Standards

RULE NOS.: RULE TITLES:
 5F-11.071 Rate of Assessments; Effective Date
 5F-11.072 Payment of Assessments; Penalties

PURPOSE AND EFFECT: These proposed rule changes increase the Marketing Order assessment rate collected on each gallon of odorized propane gas sold and consumed in Florida to implement results of an industry referendum and clarify the assessment payment procedure.

SUMMARY: Proposed changes revise the Marketing Order assessment collected on sales of odorized propane by increasing the assessment by an additional one-tenth of one cent. This increase was approved by referendum conducted by the Department on behalf of the liquefied petroleum gas industry pursuant to Section 527.23, Florida Statutes.

is expected to further decrease as natural gas production continues to surpass that of propane and propane is replaced as an energy source. In addition, if warmer winters continue to be experienced in Florida, propane sales will further decline and correspondingly, the amount of assessment dollars paid-in will, as well. It is not anticipated, therefore, that the increase in the assessment amount collected during each of the next five fiscal years will remain over \$200,000 per fiscal year.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 527.23 FS.

LAW IMPLEMENTED: 527.23 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.
