## Section II Proposed Rules

**DEPARTMENT OF EDUCATION**

**State Board of Education**

RULE NO.:	RULE TITLE:
6A-6.021	State of Florida High School Diplomas

**PURPOSE AND EFFECT:** The purpose is to repeal Rule 6A-6.021, F.A.C. as it references an equivalency exam which is no longer available and Rule 6A-6.0201, F.A.C., references the new equivalency exam available as of January 1, 2014.

**SUMMARY:** A new equivalency exam became available on January 1, 2014, which was developed for college and career readiness. In addition, the eligibility criteria for testing centers, statewide testing fee for the equivalency exam, as well as fees and services such as the productions of duplicate documents, were established.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This request is to repeal a rule which refers to an outdated exam. The repeal of this rule will not have any impact on transactional costs, regulatory costs or the other factors set forth in Section 120.541(2), Florida Statutes, which are used to determine whether a SERC is needed and whether legislative ratification will be required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

**RULEMAKING AUTHORITY:** 1001.02(1), 1003.435(1) FS.

**LAW IMPLEMENTED:** 1003.435 FS.

RULE NO.: 6A-6.0573  
RULE TITLE: Industry Certification Process.  
PURPOSE AND EFFECT: The purpose of this rule revision is to amend the rule to adopt updated funding weights for industry certifications on the 2013-14 Industry Certification Funding List. The effect of this amendment is to ensure that appropriate weights, in accordance with the provisions of Section 1011.62(1)(o), F.S., are included on the Industry Certification Funding List.

SUMMARY: The amendment includes revisions to the 2013-14 Industry Certification Funding List which is incorporated by reference. The State Board of Education is adopting new articulation agreements in Rule 6A-10.0401, F.A.C., and the addition of these agreements impacts the funding weight that should be assigned to the industry certification, as specified in Section 1011.62(1)(o), F.S. This statute specifies that a value of 0.2 full-time equivalent membership shall be calculated for each student who is issued an industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. The 2013-14 Industry Certification Funding List is updated to change the funding weight from 0.1 to 0.2 for six certifications for which the State Board of Education is adopting articulation agreements for college credit.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Agency has determined that the proposed rule does not require legislative ratification and is not expected to have any impact on the factors found in Section 120.541(2)(a), F.S. This is because the amendment authorizes additional industry certifications which school districts are provided incentives to

offer. These certifications have been evaluated to be rigorous and tied to the statewide occupational demand in Florida.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 6A-6.07862  
RULE TITLE: Model Forms for District Innovation  
Schools of Technology

PURPOSE AND EFFECT: The purpose and effect of this new rule is to incorporate by reference and implement the model application and model evaluation instrument developed by the Department for District Innovation Schools of Technology.

SUMMARY: During the 2013 legislative session, Section 1002.451, F.S., was created to authorize the operation of District Innovation Schools of Technology and to require the use of a model application and evaluation instrument.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This rule references and implements the model application and model evaluation instrument developed by the Department for District Innovation Schools of Technology and no requirement for SERC was triggered under Section 120.541(1), Florida Statutes. There would be no economic impact from this new rule and the adverse impact or regulatory cost, if any, does not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:  
 6A-6.09021 Annual English Language Proficiency  
 Assessment for English Language Learners  
 (ELLs)

PURPOSE AND EFFECT: The purpose and effect of this amendment is to clarify which English Language Learners (ELLs) should be annually assessed on the English Language Proficiency assessment in response to a recent audit finding by the United States Department of Education.

SUMMARY: All students classified as ELLs on the first day of the test administration shall be annually assessed on the Comprehensive English Language Learning Assessment (CELLA). Students pending assessment and classification and former ELLs shall not be assessed on CELLA.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: No requirement for SERC was triggered under Section 120.541(1), Florida Statutes. The proposed comports with federal law and does not alter the amount of funding a district receives for a student (which is based on the number of years in the ESOL program); therefore, no negative impact on regulatory costs would be anticipated. There would be no other economic impact from the proposed amendment and the adverse impact or regulatory cost, if any, does not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:  
 6A-10.0401 Gold Standard Career Pathways Articulation  
 Agreements

PURPOSE AND EFFECT: The purpose of this amendment is to incorporate by reference the updated Gold Standard Career Pathways Statewide Articulation Agreements. Gold Standard Career Pathways Articulation Agreements are based on industry certifications and guarantee individuals who have earned the industry certification specified in the agreement and enrolled in the specified associate degree program at a Florida College System (FCS) institution will be awarded college credit as indicated in the agreement.

SUMMARY: Gold Standard Career Pathways Articulation Agreements are developed periodically through a consensus process with the FCS institutions and are based on industry certifications on the Department of Education’s “Industry Certification Funding List.” Six new articulation agreements have recently been developed and approved by the FCS institutions and the Articulation Coordinating Committee. Approved by the State Board of Education, the Gold Standard

Career Pathways Articulation Agreements continue to provide guaranteed college credit for students who have earned the industry certification specified in the agreement and enrolled in the specified associate degree program. This is a saving of tuition costs for the students and eliminates the need to repeat coursework mastered as evidenced by passage of a third party examination leading to the award of an industry certification.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed rule will have no regulatory cost and no negative economic impact. By incorporating articulation agreements, the proposed rule will require state colleges to recognize uniform credits earned by students having obtained industry certification in specified fields. The proposed rule will therefore facilitate students obtaining degrees from Florida state colleges economically and without duplication of course material. Thus, the adverse impact or regulatory cost, if any, does not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.51(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 6A-10.02412  
 RULE TITLE: Foreign Language Competence and Equivalence

PURPOSE AND EFFECT: The purpose of this rule amendment is to revise the postsecondary course equivalency to the competencies contained in two credits of secondary foreign language. The effect changes the equivalency from 8-10 semester credits to completion of a postsecondary course at the elementary 2 level and authorize the Florida College System (FCS) institution to establish other mechanisms to determine completion.

SUMMARY: The rule updates community colleges to FCS institutions. It changes the requirement in one foreign language from 8-10 semester credits to competence at the elementary 2 level. It removes the language regarding the use of the College Level Examination Program in favor of the award of credit pursuant to Section 1007.27(3), Florida Statutes. It removes an outdated MAPS Latin exam. The rule authorizes FCS institutions to use other mechanisms to indicate competence in one foreign language.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed rule applies only to FCS institutions and provides more specificity to an existing degree requirement. Implementation of the rule will not require an increase in staff either at the Department of Education nor the FCS institution, as the fiscal impact to the institution will be minimal.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

6A-10.02412 Foreign Language Competence and Equivalence.

The provisions herein shall be used by Florida College System institutions community colleges and universities to determine equivalency, pursuant to ~~in the university admission requirement in~~ Section 1007.262, Florida Statutes, between for two (2) credits in one (1) foreign language at the secondary level and ~~or~~ the equivalent at the postsecondary level.

(1) No change.

(2) Completion of a postsecondary course at the elementary 2 level ~~Eight (8) to ten (10) semester credits~~ in one (1) foreign language or American Sign Language (ASL) at the postsecondary level shall be considered to produce the competence specified in subsection (1) herein. ~~Therefore, students who have earned at least eight (8) semester credits in one (1) foreign language at the postsecondary level shall have met the foreign language requirement for university admission. Credit awarded on the basis of scores on the foreign language subject matter examinations in the College Level Examination~~

~~Program (CLEP) pursuant to paragraph 6A-10.024(6)(b), F.A.C., shall count toward the eight (8) to ten (10) semester credits. The examination, minimum scores for awarding credit, and minimum credit to be awarded are:~~

	Minimum	Minimum
<b>French</b>		
Level 1	50	3
Level 2	62	6
<b>German</b>		
Level 1	50	3
Level 2	63	6
<b>Spanish</b>		
Level 1	50	3
Level 2	66	6

(3) Students may demonstrate completion of the competencies specified in subsection (1) herein by other means as determined by the Florida College System institution. An alternate method for students to demonstrate equivalent foreign language competence is by means of a minimum score of four hundred forty three (443) on the Latin examination published under the title of MAPS by The College Board, which represents the 1985 national mean of college bound seniors minus one (1) standard deviation. For students to demonstrate equivalent foreign language competence by examination in foreign languages not listed herein, the examinations and standards may be determined by the institution.

**PURPOSE AND EFFECT:** Update the Application for Psychologist Limited Licensure incorporated by reference.

**SUMMARY:** Update application.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No

person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

61C-5.001 Safety Standards

NOTICE IS HEREBY GIVEN that on April 17, 2014, the Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety, received a petition for 220 Riverside Building. Petitioner seeks a variance of the requirements of ASME A17.1b, Section 2.20.1, 2.18.5.1, 2.20.4, 2.20.5 and 2.20.9 as adopted by paragraph 61C-5.001(1)(a), Florida Administrative Code, that requires steel ropes of a minimum diameter of 9.5 mm which poses a significant economic/financial hardship. Any interested person may file comments within 14 days of the publication of this notice with Mark Boutin, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013 (VW2014-101).

A copy of the Petition for Variance or Waiver may be obtained by contacting: Mark Boutin, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013.

DEPARTMENT OF BUSINESS AND PROFESSIONAL  
REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-5.001 Safety Standards

The Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety hereby gives notice:

On April 21, 2014, the Division issued an order. The Final Order was in response to a Petition for an emergency Variance from Ritz Carlton Beach Resort, filed April 7, 2014, and advertised on April 10, 2014, in Vol. 40, No. 70, of the Florida Administrative Register. No comments were received in response to the petition. The Final Order on the Petition for Variance grants the Petitioner a variance from Rule 2.20.1 ASME A17.1b, 2009 edition, as adopted by paragraph 61C-5.001(1)(a), Florida Administrative Code, from the requirement of suspension means of steel wire ropes because the Petitioner

has demonstrated that the purpose of the underlying statute has been met and that Petitioner would suffer a substantial hardship if required to comply with this rule (VW2014-083).

A copy of the Order or additional information may be obtained by contacting: Mark Boutin, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013.
