PURPOSE AND EFFECT: The District proposes to amend these rules in accordance with the biennial review contemplated by Section 120.74(1), Fla. Stat., to identify and correct deficiencies in its rules; clarify and simplify its rules; delete obsolete or unnecessary rules or delete rules that are redundant of statutes.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

40E-8.421 Prevention and Recovery Strategies.

(1)(a) through (e) No change.

(f) In order to ensure that the actual and projected performance of prevention and recovery strategies approved in the regional waters supply plans is sufficient to meet water resource needs, including MFLs, and the existing and projected reasonable-beneficial uses, the District will update recovery and prevention strategies on a periodic basis, based on new information and system performance. The performance of the recovery and prevention strategies in comparison to the performance projected in the regional water supply plans, will be assessed by the District for each recovery or prevention strategy phase. Based on the actual performance

and new information obtained regarding the water resources, the District will review and revise, if necessary, recovery and prevention strategies through the regional water supply plan update process every five years, or sooner, as required by Section ~~373.709~~ ~~373.0361~~, F.S. At that time, the governing board will determine if rule modifications to the MFL or recovery and prevention strategies are necessary to continue to meet the requirements of Sections 373.042 and 373.0421, F.S.

Figure 1 No change.

(2)(a) through (d) No change.

(e) Lake Okeechobee. Under implementation of the Water Supply and Environment (~~WSE~~) lake regulation schedule assumptions, the Lake Okeechobee MFL was not projected to be violated and an MFL prevention strategy was adopted. However, due to changes in the Lake Okeechobee Regulation Schedule (~~LORS~~), which received final approval in April 2008, the Lake MFL is projected to be violated and an MFL recovery strategy is necessary. This recovery strategy will remain in effect until the MFL criteria is met pursuant to Section 373.0421, F.S. The Lake Okeechobee MFL recovery strategy shall consist of four components, as fully described in the LEC Regional Water Supply Plan, Appendix H, as updated in October 2008. These components consist of:

1. through 4. No change.

(3)(a) through (e) No change.

(4)(a) through (d) No change.

(5) No change.

(6) No change.

(a) The Northwest Fork of the Loxahatchee River is currently not meeting the MFL and requires implementation of a recovery strategy to achieve the MFL as soon as practicable, consistent with Section 373.0421, F.S. The recovery strategy consists of projects contained within the following approved plans: the ~~Lower East Coast Regional Water Supply Plan~~ (LEC Plan), the ~~Comprehensive Everglades Restoration Plan~~ (CERP), and the Northern Palm Beach County Comprehensive Water Management Plan (NPBCCWMP). Four phases of recovery are identified in the Technical Documentation to Support Development of Minimum Flows and Levels for the Northwest Fork of the Loxahatchee River, November 2002, which are projected to increase flows to meet the MFL for the Northwest Fork of the Loxahatchee River. As part of the recovery strategy, as provided in this rule, the consumptive use permitting and water shortage requirements in this Chapter and Chapters 40E-2 and 40E-21, F.A.C., and the "Applicant's Handbook for Water Use Permit Applications within the South Florida Water Management District," incorporated by reference in Rule 40E-2.091, F.A.C., including Subsection 3.2.1.E. regarding Restricted Allocation Areas for Lower East Coast Everglades Waterbodies and North Palm Beach County/Loxahatchee River Watershed

Waterbodies, shall apply to consumptive use direct and indirect withdrawals from surface and groundwater sources from the Northwest Fork of the Loxahatchee River and those areas directly tributary to the Northwest Fork.

(b) In addition to implementation of this MFL recovery strategy, the District commits to restore freshwater flows to the Northwest Fork of the Loxahatchee River above the MFL through Chapter 373, F.S., and the ~~CERP Comprehensive Everglades Restoration Plan~~ and its associated authorities. The District will continue to partner with the ~~DEP Florida Department of Environmental Protection~~ in establishing a practical restoration goal and plan for the Loxahatchee River watershed. Recognizing that natural seasonal fluctuations in water flows are necessary to ensure that the functions of the Loxahatchee River are protected, this restoration goal and plan will include a more complete set of seasonally managed flow criteria for the river that are driven primarily by natural rainfall and runoff patterns within the watershed.

(c) through (d) No change.

(e) It is the District's intent to implement, along with other partners, projects to meet the practical restoration goal developed according to paragraph (b). Projects contained in the ~~CERP Comprehensive Everglades Restoration Plan~~, the LEC Plan and the NPBCCWMP will provide increased storage and conveyance within the basin with a goal of providing more water for restoration of the Northwest Fork of the Loxahatchee River.

(f) through (g) No change.

ATKINS - TAMPA

The Florida Department of Transportation, District Seven, announces a hearing to which all persons are invited.

DATE AND TIME: Tuesday, June 2, 2015, 5:00 p.m. – 7:00 p.m., open house; 6:00 p.m., formal presentation

PLACE: Knights of Columbus Hall, Council 1768, 11549 Curley Road, San Antonio, FL 33576

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District Seven, is conducting a public hearing for the Project Development and Environment (PD&E) study and access classification change for State Road (SR) 52 in Pasco County. This public hearing is being held to allow interested persons the opportunity to provide comments concerning the location, conceptual design, and social, economic, and environmental effects of a new alignment of SR 52 from east of McKendree Road to east of US 301, a distance of approximately 8.25 miles.

The study considered the existing SR 52 alignment and the Clinton Avenue Extension Route Study, completed in 2004 by Pasco County. The Route Study recommended alignment served as the basis for this proposed PD&E alignment. Upon completion of the construction, the SR 52 designation will follow the new alignment to Fort King Road, then along the recently improved Clinton Avenue to US 301. The existing SR 52 will then be designated a county road and will revert to Pasco County.

The realignment is proposed as a new four-lane roadway south of existing SR 52 that will serve as an additional east-west route in the regional transportation network. Pedestrian and bicycle facilities will be provided on both sides of the new roadway. Additional information may be found at the study website: www.fdotd7studies.com.

Your involvement is important to FDOT and to the success of this study. We invite you to share your ideas and comments about the proposed improvements at our upcoming public hearing from 5:00 p.m. to 7:00 p.m. on Tuesday, June 2, 2015, at the Knights of Columbus Hall, Council 1768, 11549 Curley Road, San Antonio, FL 33576. FDOT representatives will be available beginning at 5:00 p.m. to answer questions and discuss the project informally. Draft project documents and other project-related materials will be displayed, and a PowerPoint presentation will run continuously during the open house. A court reporter will be available to receive comments in a one-on-one setting.

At 6:00 p.m., FDOT representatives will begin the formal portion of the hearing, which will provide an opportunity to make formal oral public comments. Following the formal

portion of the hearing, the informal open house will resume and continue until 7:00 p.m. You can attend anytime during the two-hour meeting to review project information and talk one-on-one with project team members. FDOT welcomes and appreciates everyone's participation.

Draft project documentation and other information will be available for review from Tuesday, May 12, 2015 to Friday, June 12, 2015 at the following locations:

NOTICE OF RIGHTS

1. A person whose substantial interests are or may be affected has the right to request an administrative hearing by filing a written petition with the St. Johns River Water Management District (District). Pursuant to Chapter 28-106, Florida Administrative Code, the petition must be filed (received) either by delivery at the office of the District Clerk at District Headquarters, P. O. Box 1429, Palatka Florida 32178-1429 (4049 Reid St., Palatka, FL 32177) or by email with the District Clerk at Clerk@sjrwmd.com, or within fourteen (14) days of newspaper publication of the notice of intended District decision (for those persons to whom the

District does not mail actual notice). A petition must comply with Sections 120.54(5)(b)4. and 120.569(2)(c), Florida Statutes, and Chapter 28-106, Florida Administrative Code. The District will not accept a petition sent by facsimile (fax), as explained in paragraph no. 5 below.

2. If the District takes action that substantially differs from the notice of intended District decision, a person whose substantial interests are or may be affected has the right to request an administrative hearing by filing a written petition with the District, but this request for administrative hearing shall only address the substantial deviation. Pursuant to Chapter 28-106, Florida Administrative Code, the petition must be filed (received) at the office of the District Clerk at the mail/street address or email address described in paragraph no. 1 above, within fourteen (14) days of newspaper publication of the notice of final District decision (for those persons to whom the District does not mail actual notice). A petition must comply with Sections 120.54(5)(b)4. and 120.569(2)(c), Florida Statutes, and Chapter 28-106, Florida Administrative Code.

3. Please be advised that if you wish to dispute this intended District decision, mediation may be available and that choosing mediation does not affect your right to an administrative hearing. If you wish to request mediation, you must do so in a timely-filed petition. If all parties, including the District, agree to the details of the mediation procedure, in writing, within 10 days after the time period stated in the announcement for election of an administrative remedy under Sections 120.569 and 120.57, Florida Statutes, the time limitations imposed by Sections 120.569 and 120.57, Florida Statutes, shall be tolled to allow mediation of the disputed intended District decision. The mediation must be concluded within 60 days of the date of the parties' written agreement, or such other timeframe agreed to by the parties in writing. Any mediation agreement must include provisions for selecting a mediator, a statement that each party shall be responsible for paying its pro-rata share of the costs and fees associated with mediation, and the mediating parties' understanding regarding the confidentiality of discussions and documents introduced during mediation. If mediation results in settlement of the administrative dispute, the District will enter a final order consistent with the settlement agreement. If mediation terminates without settlement of the dispute, the District will notify all the parties in writing that the administrative hearing process under Sections 120.569 and 120.57, Florida Statutes, is resumed. Even if a party chooses not to engage in formal mediation, or if formal mediation does not result in a settlement agreement, the District will remain willing to engage in informal settlement discussions.

4. A person whose substantial interests are or may be affected also has the right to an informal administrative

hearing pursuant to Sections 120.569 and 120.57(2), Florida Statutes, where no material facts are in dispute. A petition for an informal hearing must also comply with the requirements set forth in Rule 28-106.301, Florida Administrative Code.

5. A petition for an administrative hearing is deemed filed upon receipt of the complete petition by the District Clerk at the District Headquarters in Palatka, Florida during the District’s regular business hours. The District’s regular business hours are 8:00 a.m. – 5:00 p.m., excluding weekends and District holidays. Petitions received by the District Clerk after the District’s regular business hours shall be deemed filed as of 8:00 a.m. on the District’s next regular business day. The District’s acceptance of petitions filed by email is subject to certain conditions set forth in the District’s Statement of Agency Organization and Operation (issued pursuant to Rule 28-101.001, Florida Administrative Code), which is available for viewing at www.sjrwmd.com. These conditions include, but are not limited to, the petition being in the form of a PDF or TIFF file and being capable of being stored and printed by the District. Further, pursuant to the District’s Statement of Agency Organization and Operation, attempting to file a petition by facsimile is prohibited and shall not constitute filing.

6. Failure to file a petition for an administrative hearing within the requisite time frame shall constitute a waiver of the right to an administrative hearing. (Rule 28-106.111, Florida Administrative Code).

7. The right to an administrative hearing and the relevant procedures to be followed are governed by Chapter 120, Florida Statutes, and Chapter 28-106, Florida Administrative Code. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means the District’s final action may be different from the position taken by it in this notice. A person whose substantial interests are or may be affected by the District’s final action has the right to become a party to the proceeding, in accordance with the requirements set forth above.

8. Pursuant to Section 120.68, Florida Statutes, a party to the proceeding before the District who is adversely affected by final District action may seek review of the action in the District Court of Appeal by filing a notice of appeal pursuant to Rules 9.110 and 9.190, Florida Rules of Appellate Procedure, within 30 days of the rendering of the final District action (i.e., the final order on the petition for variance). A District action is considered rendered after it is signed on behalf of the District and is filed by the District Clerk. Failure to observe the relevant timeframes for filing a petition for judicial review will result in waiver of that right to review.
