

Section II Proposed Rules

PUBLIC SERVICE COMMISSION

RULE NO.: RULE TITLE:

25-22.028 Filing, Number of Copies

PURPOSE AND EFFECT: Rule 25-22.028, F.A.C. would be repealed and Rule 28-106.104, Filing, would take its place. The Commission initially received a waiver from the Uniform Rules in order to keep Rule 25-22.028, F.A.C. in place because it contains differing filing requirements depending on the size of the utility making the filing. However, with the advent of electronic filing, the reasons for maintaining Rule 25-22.028, F.A.C. have become obsolete. Moreover, pursuant to Rule 28-101.001, F.A.C. the Commission's electronic filing requirements will be outlined in the Commission's Statement of Agency Organization and Operation.

Docket No. 150143-OT

SUMMARY: Among other things, Rule 25-22.028, F.A.C. requires filings on behalf of companies with gross annual operating revenues in excess of \$750,000 to include a copy of the document on diskette, accompanied by a statement specifying the density of the diskette, the operating system and the software used. With the advent of electronic filing, these filing requirements have become obsolete. Therefore, the Commission no longer needs to maintain an exception from the Uniform Rules in order to keep Rule 25-22.028, F.A.C. in place. The Commission's specific electronic filing requirements not contained in the Uniform Rules will be outlined in the Commission's Statement of Agency Organization and Operation, pursuant to Rule 28-101.001, F.A.C.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The SERC examined the factors required by Section 20.541(2)(c), FS, and concluded that the rule repeal will not have an adverse impact on economic growth, business competitiveness, or small business.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 350.01(7), 350.127(2) FS.

LAW IMPLEMENTED: 120.569, 120.57 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

Section IV Emergency Rules

DEPARTMENT OF CITRUS

RULE NO.: 20ER15-1
 RULE TITLE: When Grapefruit for Processing into Juice and Juice Products Deemed Mature

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: 120.54(4)(b), Florida Statutes, states that those rules pertaining to perishable agricultural commodities shall be included in the definition of rules relating to the public health, safety, or welfare. The current rule (20-82.001(9)(b)) requires a minimum solids to acid ratio of not less than seven and one-half, impeding the movement of grapefruit juice beverage base within the channel of trade, causing economic waste by allowing good and safe food to be ruled immature.

After taking testimony and discussing the matter at a public meeting and hearing in Bartow, Florida on July 22, 2015, the Florida Citrus Commission found that there were sufficient economic reasons to approve the emergency rule in that the industry, already in financial crisis due to 'Greening' disease, should not be forced to waste product that could be utilized. The Commission took only that action necessary to protect the public interest under the emergency procedure by voting unanimously to adopt Emergency Rule 20ER15-1, adjusting the minimum acid ratio requirement for grapefruit juice products for the period August 1 through January 31, to not less than seven, allowing grapefruit for processing to be moved/sold.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Adequate notice procedures were used by the Department of Citrus to inform the public and the Florida citrus industry of the pending adoption of Emergency Rule 20ER15-1 adjusting the minimum acid ratio requirements for grapefruit juice products during the period August 1 through January 31, in that notice was made via email of the emergency rulemaking to take place at the July 22, 2015 meeting on July 13, 2015 to members of the Florida Citrus Commission, all industry organizations, the Florida Press Corps and other interested persons.

SUMMARY: Emergency rule 20ER15-1 adjusts the minimum acid ratio requirements for grapefruit juice products during the period August 1 through January 31 to not less than seven from July 27, 2015 up to and including October 24, 2015.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Alice P. Wiggins, Administrative Assistant, Legal Department, Florida Department of Citrus, P O Box 9010, Bartow, Florida 33831-9010 or AWiggins@citrus.myflorida.com

THE FULL TEXT OF THE EMERGENCY RULE IS:

(1) All grapefruit:

(a) Subject to inspection;

(b) And legally diverted from the packinghouse for processing into juice and juice products;

Shall be deemed mature as provided in paragraphs 1-8 above, except that, for the period August 1 through January 31, the minimum ratio of total soluble solids to anhydrous citric acid shall be not less than seven to one.

THIS RULE TAKES EFFECT UPON BEING FILED WITH THE DEPARTMENT OF STATE UNLESS A LATER TIME AND DATE IS SPECIFIED IN THE RULE.

On July 16, 2015, the District’s Governing Board issued SFWMD Order No. 2015-052-DAO-ROW to Florida Department of Transportation (Application No. 15-0519-1). The petition for waiver was received by the District on June 4, 2015. Notice of receipt of the petition requesting the waiver was published in the Florida Administrative Register, Vol. 41, No. 110, on June 8, 2015. No public comment was received. This Order provides a waiver of the District’s criteria to allow installation of landscaping, consisting of palm trees and shrubs, within the north right of way of C-6 adjacent to S.R.25 (Okeechobee Road) beginning approximately 0.15 miles west of the Florida’s Turnpike and extending southeasterly approximately 5 miles to the Palmetto Expressway Canal; Sections 19, 30, 29, 32, 33, 4, 3 & 10, Township 52 South, Range 40 East; Miami-Dade County. Specifically, the Order grants a waiver from subsections 40E-6.011(4) and (6), F.A.C., and the Basis of Review for Use or Occupancy of the Works or Lands of the District, incorporated by reference in subsection 40E-6.091(1), F.A.C., which governs the placement of permanent/semi-permanent above-ground facilities within 40 feet of the top of the canal bank within works or lands of the District. Generally, the Order sets forth the basis of the Governing Board decision to grant the waiver as follows: 1) the proposed landscaping will not interfere with the District’s current ability to perform necessary construction, alteration, operation, and routine maintenance activities; and 2) the Order granting a waiver from the subject rule is based upon a substantial hardship.

A copy of the Order or additional information may be obtained by contacting Juli Russell at the South Florida Water Management District, 3301 Gun Club Road, MSC 1410, West Palm Beach, FL 33406-4680, (561)682-6268, jurussel@sfwmd.gov.

The Board of Architecture and Interior Design hereby gives notice of the issuance of an Order regarding the Petition for Waiver or Variance, filed on May 11, 2015, by Jason E. Charalambides. The Notice of Petition for Waiver or Variance was published in Vol. 41, No. 97, of the May 19, 2015, Florida Administrative Register. DEPARTMENT OF ENVIRONMENTAL PROTECTION

Division of Water Resource Management Notice of Intent to
Grant Water Quality Criteria Exemption

The Department of Environmental Protection gives notice of its intent to grant an exemption from the Class G-II ground water standard for color pursuant to Rule 62-520.500, Florida Administrative Code, as part of the Class V underground injection control operation permit number 141218-034-040-UO/5X and proposed permit renewal 141218-045-051-UO/5SR for the City of Marco Island, 50 Bald Eagle Drive, Marco Island, Florida 34145. The exemption is for permitted injection of treated surface water to Class G-II ground water at the City’s Marco Lakes aquifer storage and recovery facility,

located northeast of the intersection of CR 951 and US 41 in Collier County. The exemption will be granted for the referenced permits and is made a part of the permits. The applicant, in conjunction with said permits, must petition for any future exemptions.

A person whose substantial interests are affected by the Department’s proposed exemption decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, agency_clerk@dep.state.fl.us, within 21 days of publication of this notice. The petitioner must mail a copy of the petition to the applicant, Jeffery Poteet, General Manger Water and Sewer Department, 50 Bald Eagle Drive, Marco Island, Florida 34145, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person’s right to request an administrative determination (hearing) under Sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department’s action is based must contain the following information:

- a. The name and address of each agency affected and each agency’s file or identification number, if known;
- b. The name, address, any email address, any facsimile number, and telephone number of the petitioner, if the petitioner is not represented by an attorney or a qualified representative; the name, address, and telephone number of the petitioner’s representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner’s substantial interests will be affected by the agency determination;
- c. A statement of when and how the petitioner received notice of the agency decision;
- d. A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- e. A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency’s proposed action;

- f. A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency’s proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- g. A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency’s proposed action.

A petition that does not dispute the material facts on which the Department’s action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petitions have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Florida Department of Environmental Protection, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, or the Florida Department of Environmental Protection, 2295 Victoria Avenue, Suite 364, Fort Myers, Florida 33902.
