RULE NOS.: RULE TITLES:
6M-8.201 Child Enrollment Procedure for the Voluntary Prekindergarten (VPK) Education Program

6M-8.2011 Voluntary Prekindergarten Parent Guide

PURPOSE AND EFFECT: The purpose of the rule revision is to consolidate the parent guide and parent handbook into one parent-friendly document. This update makes it necessary to repeal of Rule 6M-8.2011, F.A.C. which merely incorporates the parent guide. Through this revision obsolete content was removed and new useful information for VPK parents was added. Additionally, the field “VPK class” in the certificate of eligibility, (Form OEL-VPK 02) incorporated in Rule 6M-8.201, F.A.C., will no longer be an optional field. This change is necessary to better process payment information in the statewide information system.

SUMMARY: The revised rule will update the parent handbook, remove the parent guide and require providers to submit which VPK class a child is enrolled in.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed rule revisions do not have a significant impact on the current process for VPK parents or providers as the revisions merely update information given to parents about the program and requires providers to indicate the VPK class on a child's certificate of eligibility, which is already in practice for payment purposes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

62-25.060	Relationship to Other Permitting Requirements
62-25.801	General Permit for New Stormwater Discharge Facilities
62-25.900	Stormwater

PURPOSE AND EFFECT: The purpose and effect of the proposed rule amendment is to repeal a rule identified during the comprehensive rule review required by Executive Order 11-211 as duplicative, unnecessarily burdensome, or no longer necessary.

SUMMARY: : Rule 62-25.001, F.A.C., provides the scope and intent of Chapter 62-25, F.A.C., to provide permits for new stormwater discharge facilities. Rule 62-25.020, F.A.C., provides definitions for words that are used throughout Chapter 62-25, F.A.C. Rule 62-25.025 provides the design and performance standards for the purpose of determining compliance with Chapter 62-25, F.A.C. Rule 62-25.027, F.A.C., explains the legal operation and maintenance entity requirements that must be met to ensure that a stormwater discharge facility is operated in compliance with the requirements of Chapter 62-25, F.A.C. Rule 62-25.030, F.A.C., lists the types of new stormwater discharge facilities that are exempt from the notice and permit requirements of

Chapter 62-25, F.A.C. Rule 62-25.035, F.A.C., specifies which types of Stormwater discharge facilities may be constructed with a general permit under 62-25.801, F.A.C. Rule 62-25.040, F.A.C., specifies the requirements to obtain a construction permit for the construction of new stormwater discharge facilities. Rule 62-25.060, F.A.C., explains that if a new stormwater discharge facility requires a permit under other Department rules the stormwater discharge permit will be reviewed under those other permit applications. Rule 62-25.801, F.A.C., explains the requirements and conditions for a general permit for new stormwater discharge facilities. Rule 62-25.900, F.A.C., is a list of forms to be used in Chapter 62-25, F.A.C.

These rules are being repealed because they are no longer necessary as the rules regarding stormwater discharges have been replaced by the Statewide Environmental Resource Permitting in Chapter 62-330, F.A.C. Chapter 62-25, F.A.C., is cross-referenced in Rules 62-4.050, 62-40.431, 62-113.100, 62-113.200, 62-312.350, 62-312.824, 62-330.051, 62-340.700, 62-346.020, 62-346.051, 62-624.100, 62-701.220, 62-709.300, 62-711.540, 62-713.300, 62-762.701, 62-673.610, 28-20.100, 28-22.201, 9J-5.011, 40B-400.051, 40C-4.051, 40C-42.061, and 40E-4.0515, F.A.C. The rule repeal will not have an effect on these rule sections as Chapter 62-25, F.A.C., is no longer used and has been grandfathered into Chapter 62-330, F.A.C. These rule sections will have to be amended to replace the references to Chapter 62-25, F.A.C., with 62-330, F.A.C.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

62-296.701	Portland Cement Plants
62-296.703	Carbonaceous Fuel Burners
62-296.706	Glass Manufacturing Process
62-296.709	Lime Kilns
62-296.710	Smelt Dissolving Tanks

PURPOSE AND EFFECT: The purpose and effect of the proposed rule amendment is to repeal rules identified during the comprehensive rule review required by Executive Order 11-211 as duplicative, unnecessarily burdensome, or no longer necessary.

SUMMARY: Rule 62-296.700, F.A.C., requires certain existing emissions units located in a particulate matter (PM) air quality maintenance area or in the area of influence of such an air quality maintenance area to meet specified PM emission limits. Rule 62-204.340, F.A.C., provides that portions of Duval and Hillsborough counties are PM air quality maintenance areas. Rules 62-296.701 through 62-296.712, F.A.C., provide the source category-specific PM emission limits that facilities located in these PM maintenance areas must meet. Rules 62-296.701, 62-296.703, 62-296.706, 62-296.709, and 62-296.710, F.A.C., provide PM emission limits for five source categories: Rule 62-296.701, F.A.C., provides PM emission limitations for Portland Cement plants; Rule 62-296.703, F.A.C., provides PM emission limitations for carbonaceous fuel burning equipment; Rule 62-296.706, F.A.C., provides PM emission limitations for glass melting furnaces; Rule 62-296.709, F.A.C., provides PM emission limitations for lime kilns; and Rule 62-296.710, F.A.C., provides PM emission limitations for smelt dissolving tanks. These five rules are being repealed because the facilities that were subject to these rules no longer exist. Rules 62-296.701, 62-296.703, 62-296.706, 62-296.709, and 62-296.710, F.A.C.,

are cross-referenced in Rules 62-296.700 and 62-296.712, F.A.C., but the repeals will not impact Rules 62-296.700 and 62-296.712, F.A.C., as the facilities subject to those cross-references no longer exist.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: repeal of these rules will not have an adverse impact or increase regulatory costs on any entity.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

62-528.305 Undergound Injection Control: Permit Processing

PURPOSE AND EFFECT: The purpose and effect of the proposed rule amendment is to repeal a rule identified during the comprehensive rule review required by Executive Order 11-211 as duplicative, unnecessarily burdensome, or no longer necessary.

SUMMARY: Rule 62-528.100, F.A.C., provides the purpose of Chapter 62-528, F.A.C., to adopt rules that govern the construction and operation of injection wells to protect the quality of the State’s underground sources of drinking water and to prevent degradation of the quality of other aquifers adjacent to the injection zone that may be used for other purposes. Rule 62-528.305, F.A.C., specifies that the timeframes in Rule 62-4.055 apply to Undergound Injection Control Permitting. Rule 62-528.100, F.A.C., is being repealed because it is unnecessary to administer the program, are not essential to meet the statutory mandate, and duplicative. Rule 62-528.305, F.A.C., is being repealed because it is duplicative of statute as the permitting process timeframes are provided by statute. Rule 62-528.100, F.A.C., is cross referenced in Rules 62-528.200, 62-528.300, 62-528.400, 62-528.405, 62-528.410, 62-528.435, 62-528.440, 62-528.450, 62-528.455, 62-528.530, 62-528.540, 62-528.603, 62-528.605, 62-528.615, and 62-528.630, F.A.C. The effect of this repeal will not impact those rule sections as Rule 62-528.100, F.A.C. is informational. The cross-referencing rule sections will have to be amended to remove the references to 62-528.100, F.A.C.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

62-716.600	Specific Waste Tire Grant Application Requirements
62-716.900	Forms

PURPOSE AND EFFECT: The purpose and effect of the proposed rule amendment is to repeal a rule identified during the comprehensive rule review required by Executive Order 11-211 as duplicative, unnecessarily burdensome, or no longer necessary.

SUMMARY: Rule 62-716.320, F.A.C., states that the grant recipient must maintain records of grant fund expenditures and assure that the records are available for Department inspection for at least 3 years. These rules are being repealed because they are unnecessary to administer the program, are not essential to meet the statutory mandate, and duplicative. Rule 62-716.600, F.A.C., is being repealed because the Solid Waste Grant Program statute no longer covers waste tire grants. NOTICE IS HEREBY GIVEN that on November 16, 2016, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.002(4), F.A.C., from Chief Gerard DeCanio of the City of Port Richey Police Department on behalf of Kenneth Korchak, Jr. Petitioner wishes to permanently waive that portion of the Rule that states: Within four years of the beginning date of a Commission-approved Basic Recruit Training Program, an individual shall successfully complete the program, achieve a passing score on the applicable State Officer Certification Examination, and gain employment, and certification as an officer. Petitioner states that, between August 20, 2012, and May 25, 2013, Mr. Korchak successfully completed a Commission-approved Basic Recruit Training Program and received a passing score. Petitioner further states that on May 29, 2013, Mr. Korchak achieved a passing score on the State Officer Certification Examination. Mr. Korchak then sought employment with Petitioner, completing a majority of the pre-employment screening. According to Petitioner, changes in command staff led to the failure of Petitioner to change Mr. Korchak's employment status prior to Mr. Korchak's August 20, 2016, hiring deadline. The Petitioner asserts that Mr. Korchak would suffer an economic hardship should the waiver not be granted, as Mr. Korchak would, through no fault of his own, be required to forego employment and pay for and complete a training program, the State Officer Certification Examination, and a second pre-employment screening.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Tina Culbertson, Florida Department of Law Enforcement, Criminal Justice Professionalism Division, P.O. Box 1489, Tallahassee, FL 32302, (850)410-8647.

RULE TITLE: eLearning Instruction.

NOTICE IS HEREBY GIVEN that on November 17, 2016, the Criminal Justice Standards and Training Commission received a petition for a temporary, one-year waiver of subsection 11B-35.0010(1), F.A.C., from Colonel Gene S. Spaulding, Director, Florida Highway Patrol on behalf of the members included in training course sequence number 08-2017-1180-1. Specifically, Petitioner wishes to temporarily waive that portion of the Rule that states: Training schools are permitted to use eLearning instruction for Commission-approved Specialized Training Program Courses, Specialized Instructor Courses, and courses created from Specialized Goals and Objectives. Petitioner requests permission to utilize an eLearning pilot program to train Auxiliary Officer Basic Recruits. Petitioner intends to offer sixty-three hours of instruction (not to include high-liability courses) utilizing a virtual classroom, video teleconference, and CJSTC-certified instructors acting as proctors in satellite locations. Petitioner states that the eLearning pilot program would alleviate the need for the Auxiliary Officer Basic Recruits to travel across the state for training and would reduce the number of course instructors having to take time away from their regularly assigned shifts to provide in-person instruction. A copy of the Petition for Variance or Waiver may be obtained by contacting: Tina Culbertson, Florida Department of Law Enforcement, Criminal Justice Professionalism Division, P.O. 11B-27.002 Certification, Employment or Appointment, Reactivation, and Terminating Employment or Appointment of Officers.

NOTICE IS HEREBY GIVEN that on November 14, 2016, the Criminal Justice Standards and Training Commission received a petition for a permanent waiver of subsection 11B-27.002(4), F.A.C., from Chief Rick Thomas of the Howey in the Hills Police Department on behalf of Matthew S. Heald. Petitioner wishes to permanently waive that portion of the Rule that states: Within four years of the beginning date of a Commission-approved Basic Recruit Training Program, an individual shall successfully complete the program, achieve a passing score on the applicable State Officer Certification Examination, and gain employment, and certification as an officer. Petitioner states that between February 13 and October 10, 2012, Mr. Heald successfully completed a Commission-approved Basic Recruit Training Program and received a passing score. Petitioner further states that on January 4, 2013, Mr. Heald achieved a passing score on the State Officer Certification Examination. Mr. Heald then sought employment

with Petitioner, completing a majority of the pre-employment screening process; however, Mr. Heald was not hired prior to February 13, 2016. According to Petitioner, it was Petitioner's own error in miscalculating Mr. Heald's hiring deadline date that led to the passing of Mr. Heald's hiring deadline. Petitioner asserts that Mr. Heald would suffer a severe economic hardship should the waiver not be granted, as Mr. Heald would, though no fault of his own, be required to forego employment and pay for and complete another training program, the State Officer Certification Examination, and a second round of pre-employment screening. A copy of the Petition for Variance or Waiver may be obtained by contacting: Tina Culbertson, Florida Department of Law Enforcement, Criminal Justice Professionalism Division, P.O. 11B-27.00213 Temporary Employment Authorization.
NOTICE IS HEREBY GIVEN that on November 23, 2016, the Criminal Justice Standards and Training Commission received a petition for a temporary waiver of paragraph 11B-27.00213(4)(b), F.A.C., from Janeen Patterson. Petitioner wishes to temporarily waive that portion of the Rule that states: Agencies applying to temporarily employ or appoint an individual who has had a previous TEA registered with the Commission in the same discipline may do so only if: (a) the individual was previously certified as a full-time or part-time officer; or (b) The individual was previously hired on a TEA and has separated from the employing agency or discontinued training while in good standing, and has had a break-in-service from the last employment for a minimum of four years. Specifically, Petitioner seeks a second TEA without a four-year break in service. Petitioner obtained employment under a TEA in November of 2015 and entered her first training program in March of 2016. Shortly thereafter, Petitioner learned she was pregnant. Petitioner alleges that her pregnancy adversely impacted her performance in a firearms course, causing Petitioner to fail to complete the training program, after which she was terminated from employment. Petitioner alleged that she has suffered a financial hardship and is seeking a second TEA to fund her training. A copy of the Petition for Variance or Waiver may be obtained by contacting: Tina Culbertson, Florida Department of Law Enforcement, Criminal Justice Professionalism Division, P.O. Box 1489, Tallahassee, FL 32302 or by Telephone at (850)410-8647.

DEPARTMENT OF LAW ENFORCEMENT
Criminal Justice Standards and Training Commission
RULE NO.: RULE TITLE:

11B-35.002 Basic Recruit Training Programs for Law Enforcement, Correctional, and Correctional Probation.
NOTICE IS HEREBY GIVEN that on November 17, 2016, the Criminal Justice Standards and Training Commission received a petition for a permanent waiver of subsection 11B-35.002(2), F.A.C., from Chief Christopher Velasquez of the City of Lake Wales Police Department on behalf of Peter Zeman. Petitioner wishes to permanently waive that portion of the Rule that states: Within four years of the beginning date of a Commission-approved Basic Recruit Training Program, an individual shall successfully complete the program, achieve a passing score on the applicable State Officer Certification Examination pursuant to Rule 11B-30.0062, F.A.C., and gain employment and certification as an officer. Petitioner states that, between July 10, 2012, and March 9, 2013, Mr. Zeman successfully completed a Commission-approved Basic Recruit Training Program and received a passing score. Petitioner further states that on March 26, 2013, Mr. Zeman achieved a passing score on the State Officer Certification Examination. Mr. Zeman then sought employment with Petitioner and was ultimately hired by Petitioner on November 7, 2016, after completing the requisite pre-employment screening. According to Petitioner, an oversight on the part of Petitioner led to the failure of Petitioner to hire Mr. Zeman prior to Mr. Zeman's July 10, 2016, hiring deadline. The Petitioner asserts that Mr. Zeman would suffer an economic hardship should the waiver not be granted, as Mr. Zeman would be required to forego employment and pay for and complete a basic training program, the State Officer Certification Examination, and a second round of pre-employment screening. A copy of the Petition for Variance or Waiver may be obtained by contacting: Tina Culbertson, Florida Department of Law Enforcement, Criminal Justice Professionalism Division, P.O. Box 1489, Tallahassee, FL 32302 or at (850)410-8647.

REGULATION

Division of Hotels and Restaurants
RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements
The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:
On December 12, 2016, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for subsection 61C-4.010(7), Florida Administrative Code and subsection 61C-4.010(6), Florida Administrative Code from Montoya Holdings Inc. located in Hialeah. The above

referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers. They are requesting to share the bathrooms located within a nearby establishment under a different ownership for use by customers only.

The Petition for this variance was published in Vol. 42, No. 241, F.A.R., on December 14, 2016. The Order for this Petition was signed and approved on December 20, 2016. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located within Doctor Metales (221 West 26 St. Hialeah, FL 33010), are maintained in a clean and sanitary manner and are provided with cold running water under pressure, soap, approved hand drying devices, and are available during all hours of operation. The Petitioner shall also ensure that directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Montoya Holdings Inc. (Healthy Children Catering) and/or Doctors Metales changes, an updated signed agreement for use of the bathroom facilities will be required immediately.

A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.
