**Section IV  
 Emergency Rules**

**DEPARTMENT OF CITRUS**

RULE NO.: RULE TITLE:  
 20ER16-1 Anhydrous Citric Acid Standards for Fresh Oranges and Tangelos

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: 120.54(4)(b), Florida Statutes, states that those rules pertaining to perishable agricultural commodities shall be included in the definition of rules relating to the public health, safety, or welfare.

Due to adverse growing conditions over the last 10 years due to Huanglongbing (“HLB” or “Greening”) disease significant amounts of the Florida fresh orange and tangelo crops in the 2015-2016 season will have an acid content below the 0.40 minimum established in rule. Strict enforcement of the anhydrous acid content requirements could cause economic waste by allowing good and safe food to be ruled immature.

After taking testimony and discussing the matter at a telephonic meeting and hearing in Bartow, Florida on January 4, 2016, the Florida Citrus Commission found that there exists unusual growing conditions which could cause a substantial portion of the fresh orange and tangelo crop to fail minimum acid requirements. They voted unanimously to adopt Emergency Rule 20ER16-1, suspending the anhydrous citric acid requirement for fresh oranges and tangelos for fresh use for the 2015-16 season.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Adequate notice procedures were used by the Department of Citrus to inform the public and the Florida citrus industry of the pending adoption of Emergency Rule 20ER16-1 adjusting the percentage of anhydrous citric acid requirements for fresh oranges and tangelos, in that notice was made via email of the emergency rulemaking to take place at the January 4, 2016 meeting to members of the Florida Citrus Commission, all industry organizations, the Florida Press Corps and other interested persons.

SUMMARY: Emergency rule 20ER16-1 suspends the anhydrous citric acid requirement for fresh oranges and tangelos for the 2015-16 season.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Alice P. Wiggins, Administrative Assistant, Legal Department, Florida Department of Citrus, P O Box 9010, Bartow, Florida 33831-9010 or AWiggins@citrus.myflorida.com

**LAND AND WATER ADJUDICATORY COMMISSION**

**Notice of Receipt of Petition**

Petition to Amend the Boundaries of the Tampa Palms Open Space

and Transportation Community Development District

On October 28, 2015, the Florida Land and Water Adjudicatory Commission (“Commission”) received a petition to amend the boundaries of the Tampa Palms Open Space and Transportation Community Development District. The Commission will follow the requirements of Chapter 42-1, F.A.C., and Chapter 190, F.S., as amended, in considering the petition.

**SUMMARY OF CONTENTS OF PETITION:** The petition proposes amendment of the District by removing approximately 21.59 acres (contraction parcel) from the District’s boundaries. The District was originally created through Rule Chapter 42J-1 and currently consists of 3,151.7 acres of land located within the City of Tampa, Florida. The contraction parcel is not currently subject to any District assessments and the District is not currently providing any facilities or services to the contraction parcel. Upon removal of the contraction parcel, there will be no remaining developable acreage within the District boundary, as amended. There will be no changes in the facilities proposed to be provided by the District as a result of the removal of the contraction parcel.

**SUMMARY OF ESTIMATED REGULATORY COSTS:** A statement of estimated regulatory costs (SERC) was prepared at the request of the District. The complete text of the SERC is contained as Exhibit 9 to the petition. Generally, the SERC supports the petition to amend the boundaries of the District. The SERC generally finds:

- The amendment will have no direct or indirect impact on economic growth, private sector job creation or employment, private sector investment, business competitiveness, or regulatory costs;

- The individuals and entities likely to be required to comply with the administrative rule or affected by the proposed action of amending the District are categorized as follows: (a) the State of Florida and its residents, (b) the City of Tampa, (c) property owners within the District, and (d) the property owner(s) within the contraction parcel;
- There are only modest costs expected to be incurred by the State of Florida, the City of Tampa, and the property owners within the District and the contraction parcel;
- The transactional costs associated with the adoption of an administrative rule to amend the District's boundaries are nominal; and,
- Amendment of the District should not have any negative impact on small businesses.

A LOCAL HEARING WILL BE HELD AT THE TIME, DATE AND PLACE SHOWN BELOW:

PLACE: West Meadow Community Center
