Board of Medicine

RULE NO.: 64B8-9.009 RULE TITLE: Standard of Care for Office Surgery

PURPOSE AND EFFECT: The proposed rule amendment is intended to clarify the requirements for pre-operative clearance of specific surgical patients for Level III office surgery procedures. Additionally, the rule amendments set forth an additional entity for the purpose of providing basic life support (BLS) and advanced cardiac life support (ACLS) training.

SUMMARY: The proposed rule amendments clarify the requirements for surgical clearance of specific patients in office surgery settings. Additionally, the rule amendments set forth an additional entity for the purpose of providing basic life support (BLS) and advanced cardiac life support (ACLS) training.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
