A provider shall not be eligible to contract to offer the SR program if any of the following circumstances apply:

(a) The early learning coalition may refuse to contract with a SR provider or revoke a SR provider’s eligibility to deliver the School Readiness Program if the provider has been cited for a Class 1 violation by the Department of Children and Families (DCF) in accordance with Rule 65C-22.010 or 65C-20.012, F.A.C. In determining ineligibility of multi-site providers, the coalition shall consider the following factors: the severity of the provider’s actions leading to the ineligibility, the health, safety and welfare of children enrolled at the provider sites, the financial impact of the provider’s actions, the impact that ineligibility would have upon the local community, consistency with coalition’s actions against other providers for similar violations of the Contract or program requirements, the length of time that provider provided services under the contract with the coalition, and whether the provider had previously violated the terms of the Contract and prior contracts with the coalition.

THE FULL TEXT OF THE PROPOSED RULE IS:

6M-4.740 Program Assessment Requirements for the School Readiness Program

(1) Definitions. The following definitions are applicable to all rules under Chapter 6M-4, F.A.C.

(a) “Care Levels” refers to the age of the majority of enrolled children in a classroom. Three care levels are used to meet the required observation quota: Infant (ages 0-18 months), Toddler (ages 19-35 months), and PreK (ages 35 months-kindergarten entry.)

(b) “Classroom” refers to any well-defined room in which care is provided or classes are held; a room arranged with materials and equipment and set up as a learning space with intent to implement a plan of activities for the School Readiness program. The classroom provides a space where learning can take place uninterrupted by outside distractions. If floor to ceiling walls are not present, the classroom walls must be defined by stable barriers, and must adhere to the requirements for such barriers as established in Forms OEL-SR-6202, OEL-SR-6204, and OEL-SR-6206 as incorporated by reference in Rule 6M-4.620, F.A.C. Any classroom that is eligible to receive a School Readiness child enrollment at any time, is considered under this definition. Any classroom that serves children in the School Readiness program for less than two hours a day is not considered a “classroom” per this definition.

(c) “Composite Classroom” means a School Readiness provider classroom randomly selected through the OEL-defined system to meet the composite score calculation requirements of 50% of classrooms at each care level served at the provider.

(d) “Composite Program Assessment Score” means an average of all OEL-adopted program assessment tool

dimension scores, omitting the negative climate score, if applicable, received by composite classrooms in a School Readiness Provider.

(e) “Contract Minimum Threshold” means the minimum score pursuant to s. 1002.82(n), F.S., and defined in Rule 6M-4.741, F.A.C., that a provider must achieve on the program assessment tool to be eligible to contract for the School Readiness Program.

(f) “Early learning coalition” or “coalition” refers to the entity charged with administering school readiness program services pursuant to sections 1002.83 and 1002.84, F.S. “Early learning coalition” or “coalition” includes applicable OEL contractors.

(f) “Negative Climate Score” means the measure of the level of expressed negativity shown by teachers and/or children in a classroom.

(g) “Observer” means a reliable observer for the age group of the classroom being observed, that meets the requirements of Form OEL-SR 740.

(h) “Program Assessment” refers to the measurement of the quality of teacher-child interactions, including responsive caregiving, emotional and behavioral support, engaged support for learning, classroom organization, and instructional support for children using the assessment adopted by the Office.

(i) “Quality Improvement Plan” refers to a targeted 12 month plan to improve program quality using performance goals and strategies.

(j) “Quality Improvement Threshold” means the score as adopted by the Office under s. 1002.82(n), F.S., and defined in Rule 6M-4.741, F.A.C., under which a provider is eligible to contract for the School Readiness Program but must be on a Quality Improvement Plan.

(k) “School Readiness Child Care Slots” refers to the number of School Readiness paid child care slots filled during a month of service. If a slot has multiple children enrolled that do not attend on the same day for any day of that month, this slot shall be counted as one School Readiness child care slot.(2) Program Assessment Requirements. Beginning with the 2019-20 School Readiness Contract year and subsequent years, all School Readiness providers serving children from birth to kindergarten entry must have a program assessment conducted and meet the contract minimum threshold to be eligible to participate in the School Readiness Program. A coalition shall waive the contract minimum threshold if the coalition determines that a provider is essential to meet local child care capacity needs as defined in the Coalition’s School Readiness Plan, pursuant to Rule 6M-9.115, F.A.C. Providers that have had the contract minimum threshold waived must be on a Quality Improvement Plan. Providers that meet the minimum score for contracting but do not meet the Quality Improvement Threshold shall be placed on a Quality Improvement Plan.

(a) Form OEL-SR 740, Program Assessment Requirements Handbook, dated October, 2018, is hereby incorporated by reference and may be obtained at the office website at www.floridaearlylearning.com or by contacting the Office of Early Learning, Department of Education, 250 Marriott Drive, Tallahassee, FL 32399. The incorporated form is also available at: add website.

(b) Providers must electronically report in the OEL-defined system the number of classrooms as well as instructors and care levels assigned to those classrooms as outlined in Form OEL-SR 740, Program Assessment Requirements Handbook.

(c) Providers must give consent in the OEL-defined system to coalition staff or a third-party contractor to administer a program assessment for each selected classroom.

(d) Providers that fail to comply with subsection (2)(b) and (c) of this rule will not have a program assessment conducted and will not be eligible for a contract to provide School Readiness services.

(e) Program assessments will be provided by the coalition annually.

1. Providers that have been determined ineligible to contract based on program assessment scores may request one additional assessment that meets the requirements in Form OEL-SR 740 for selected classrooms to be conducted at the provider's expense by an observer. The new Composite Program Assessment Score must meet the contract minimum threshold for the provider to be eligible for a School Readiness contract.

a. Only previously assessed classrooms are eligible for reassessments.

b. A single classroom may be reassessed if the teacher previously assessed is still actively teaching in the classroom being reassessed. If the previously assessed teacher is not active in the classroom, every classroom must be reassessed for the new scores to replace the previous assessment scores.

2. Providers currently on a Quality Improvement Plan may request one additional assessment that meets the requirements in Form OEL-SR 740 for selected classrooms to be conducted at the provider's expense by an observer to satisfy the requirements of the Quality Improvement Plan prior to the conclusion of the 12 month Quality Improvement Plan.

(f) Coalitions shall notify providers of their program assessment score within 14 calendar days after the observation is completed.

(g) Providers currently on a Quality Improvement Plan will have a program assessment completed within 30 calendar days prior to the end of the 12 month Quality Improvement Plan term when the plan term ends on the School Readiness contract end date. When a Quality Improvement Plan ends during the contract year, a program assessment will be completed within 30 days of the end of the Quality Improvement Plan

(h) For contracted School Readiness providers that fall below the contract minimum threshold, the coalition shall terminate the contract and may revoke the provider's eligibility for up to five years. Written notice of termination will be sent to the provider from the coalition at least thirty (30) calendar days before the termination date. Written notification must include a reason and identify the contract revocation period.

(3) Exemptions.

(a) Providers meeting one of the following shall be exempt from the annual program assessment requirement:

1. A provider that has not received one Class I or more than three of the same Class II School Readiness health and safety violations in a two year period and is a:

a. Child care center with 20 percent or less of filled School Readiness child care slots out of the maximum capacity as defined in Forms OEL-SR-6202, OEL-SR-6204, and OEL-SR-6206 as incorporated by reference in Rule 6M-4.620, F.A.C.

b. Family child care homes with two or fewer of filled School Readiness child care slots out of maximum capacity as defined in Forms OEL-SR-6202, OEL-SR-6204, and OEL-SR-6206 as incorporated by reference in Rule 6M-4.620, F.A.C..

2. Providers that offer only overnight School Readiness services.

3. Providers with no enrollment that have been determined by the coalition to be essential in meeting local child care capacity needs.

(b) When a provider's filled School Readiness child care slots meet or exceed the exemption threshold in subsection (3)(a) of this rule, during the operating hours from 7:00 a.m. to 6:00 p.m., per its provider type, the provider shall no longer be exempt under this section. A coalition shall monitor filled School Readiness child care slots monthly and notify a provider within 21 calendar days if the provider's filled slots meet or exceed the exemption threshold in subsection (3)(a) of this rule. A provider must receive a program assessment pursuant to subsection (2) of this rule within 30 calendar days of notification to continue contracting for School Readiness services.

(c) During the 2018-19 School Readiness contract, the providers' School Readiness child care slots will be reviewed by the coalition upon the effective date of this rule and prior to contracting for the 2019-20 School Readiness contract to determine exemptions.

(d) Exempt providers may opt to participate in program assessment requirements by submitting a request in writing to the coalition at least 60 days prior to contracting for the School Readiness Program. The coalition shall coordinate a program assessment within 30 days of receipt of the notice. The request to participate in program assessment shall constitute a waiver of the exemption and subjects the provider to all of the requirements of this rule.

(e) If a school-age only provider changes the current care levels served to include any children ages birth-kindergarten entry, and does not require a new contract to be executed, they are exempt from the program assessment requirement until they cross the enrollment threshold of section 3(a) of this rule. Once this threshold is met or exceeded, the program assessment must be conducted in accordance to section 3(b) of this rule.

(4) Frequency.

(a) Upon the effective date of this rule, all participating School Readiness Program providers shall receive an annual program assessment prior to executing a School Readiness Contract for the 2019-20 fiscal year.

(b) For all new providers that request participation in the SR Program for the 2019-20 contract year and subsequent years that have not previously provided SR Program services or have had a one year lapse in providing SR Program services, a program assessment must be conducted prior to the execution of the School Readiness Contract. The provider must meet the contract minimum threshold on the program assessment to be eligible to participate in the School Readiness Program.

(c) In the event of a transfer in ownership, the provider will be considered a new provider and must execute a new School Readiness Contract per Rule 6M-4.610(4), F.A.C. The new provider must have a program assessment conducted meeting the contract minimum threshold within 90 days of the transfer of ownership and the execution of a new School Readiness Contract.

1. The new provider may request to retain the most recent program assessment score from the prior owner without having to conduct a new assessment if the provider can provide documentation to the coalition that it has retained 80% of personnel as defined in Forms OEL-SR-6202, OEL-SR-6204, and OEL-SR-6206 as incorporated by reference in Rule 6M-4.620, F.A.C. prior to scheduling a program assessment or when contacted by the early learning coalition to schedule the program assessment. Examples of acceptable documentation include current payroll time sheets and evidence in CARES of monitored personnel during the pre-contractual health and safety inspection.

(d) Providers that achieve a program assessment result as identified in Rule 6M-4.741(3), F.A.C., shall have a program assessment conducted biennially.

(e) Providers that have had multiple program assessments conducted shall use the most recent program assessment data for contracting purposes.

(f) Program assessments conducted during participation in other quality initiatives that meet requirements as defined in Form OEL-SR 740, Program Assessment Requirements Handbook, shall be used for meeting contract minimum threshold requirements.

(g) Providers that have a program assessment conducted on or after April 1, 2018 that meets requirements as defined in Form OEL-SR 740, may use that program assessment result for eligibility to contract for 2019-20 contract year if the result meets the contract minimum threshold. Additionally, an assessment conducted for the Early Learning Performance Funding Project, during this timeframe may be used to meet this requirement.

(5) Program Assessment Composite Score Calculation.

DATE AND TIMES: Thursday August 30, 2018, 5:00 p.m., Open House; 6:00 p.m., Presentation(s)

PLACE: Okeechobee KOA Convention Center, 4276 United States Highway (US) 441 South, Okeechobee, Florida 34974

GENERAL SUBJECT MATTER TO BE CONSIDERED: Financial Management No. 419344-3-43-01

Project Description: State Road (SR) 710 extension from US 441 to the L-63N Interceptor Canal in Okeechobee County

The proposed improvements were previously presented at a public hearing held January 30, 2013 during the Project Development and Environment (PD&E) Study of the project. The PD&E Study received Location and Design Concept Acceptance on March 16, 2017 from the FDOT Office of Environmental Management. This allowed the project to move to the next stage of development. The PD&E Study was divided into four segments. Segments 1 and 2 (i.e. SR 710 from US 441 to SR 70 and SR 710 from SR 70 to the L-63N Interceptor Canal) are now in the final design stage of the project.

Changes in project design and right-of-way needs have occurred since completion of the PD&E Study. FDOT is conducting a reevaluation of the PD&E Study. The purpose of the hearing is to afford the public the opportunity to express their views concerning the location, design, social, economic, and environmental effects of the proposed improvements. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December

14, 2016 and executed by the Federal Highway Administration and FDOT.

SR 710 is a designated evacuation route by the Florida State Emergency Response Team. SR 710 is part of the National Highway System and the Strategic Intermodal System. Upon completion, the SR 710 extension from US 441 to the L-63N Interceptor Canal will consist of two travel lanes in each direction with curb along both the median and outside lanes. The posted speed will be 45 mph. The posted speed will reduce to 40 mph near the new intersection at US 441. The SR 710 extension will include bicycle lanes, sidewalk along the south side of the roadway, and a shared use path along the north side of the roadway. The SR 710 extension will have new signals at the intersections with US 441, SR 70, and SE 40th Avenue. Right-of-way acquisition is funded in Fiscal Years 2019, 2020, and 2021. The project is not currently funded for construction, but is anticipated for Fiscal Year 2022.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this hearing is asked to advise FDOT at least seven (7) days before the hearing by contacting: Mr. Jimmy Vilcé at 1(863)519-2609.
