RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On March 1, 2019 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for subsection 61C-4.010(7) Florida Administrative Code and subsection 61C-4.010(6), Florida Administrative Code from Kosher Room LLC located in Hollywood. The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers. The Petition for this variance was published in Vol. 45/43 on March 4, 2019. The Order for this Petition was signed and approved on March 11, 2019. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located within Auto Max (5826 Funston St. Hollywood, FL 33023), are maintained in a clean and sanitary manner and are provided with cold running water under pressure, soap, approved hand drying devices, and are available during all hours of operation. The Petitioner shall also ensure that directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Kosher Table (Kosher Room LLC) and/or Auto Max (Florida Automax Inc.) changes, an updated signed agreement for use of the bathroom facilities will be required immediately.

A copy of the Order or additional information may be obtained by contacting: Daisy.Lee@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

REGIONAL PLANNING COUNCILS

Central Florida Regional Planning Council

Central Florida Aviation Cluster and Feasibility Study and Strategic Action Plan for Central Florida Regional Planning Council (CFRPC) Background:

Request for Proposals:

Central Florida Aviation Cluster and Feasibility Study and Strategic Action Plan for Central Florida Regional Planning Council (CFRPC)

Background:

The CFRPC's newly updated Comprehensive Economic Development Strategy (CEDS) identified a new emerging regional Aviation Cluster. The potential for Aviation related jobs has the greatest short-term potential in the Central Florida Counties of Polk and Highlands. These communities have assets that may make our region more competitive for aerospace parts manufacturing, assembly and maintenance, repair, and overhaul as well as operations management opportunities. As examples, recent large investments in aerospace and supporting industry include: Polk State College Aerospace Program, Polk State College Advanced Technology Center, Central Florida Aerospace Academy, South Florida State College Mechatronics Program, CSX Intermodal Logistics Terminal, Florida's Gateway Intermodal Logistics Center, and Florida Polytechnic University. These programs, institutions, and facilities support aerospace education, manufacturing/design education, and the collaborative nature of our industry partners to recruit the aviation sector, which is a targeted, specific industry that will diversify our local economies and provide long term, stable jobs.

To bring these industries to the two-county area which has six publicly owned general aviation airports (Lakeland Linder International Airport, Bartow Municipal Airport, Winter Haven Regional Airport, Lake Wales Municipal Airport, Sebring Regional Airport (Sebring Multimodal Logistics Center), Avon Park Executive Airport), an Aviation Industries Cluster Collaboration, Feasibility Study, and Strategic Action Plan is needed to identify our assets and opportunities, and to build on those assets while creating a collaborative network to support the growth of this global industry and bring its economic and employment benefits to our region. The Study and Strategic Action Plan are needed to formally encourage and grow the Aviation Industry and its associated industries including aerospace and logistics, in order to prepare the Central Florida region for its future as a hub of a globally competitive network which will provide long term resiliency in economic development and talent pipeline.

The project activities will include an asset inventory for aviation, aerospace, logistics, and accessory/associated industries; a cluster and feasibility study; and a strategic action plan.

The CFRPC is committed to diversity in its employees and consultants and therefore encourages qualified minority and disadvantaged firms to apply.

Areas of Expertise:

Areas of expertise needed for this project include:

- Aviation master plan development or related plans, specifically where the plans involve growing cluster areas, connectivity, and a holistic approach to talent pipeline, associated industries, and the industry as a driver of economic development;
- Long Term Economic Development;
- Aviation Cluster and Feasibility Study Development;
- Strategic Action Plan Development;
- Asset Inventory Development;
