THE FULL TEXT OF THE PROPOSED RULE IS:

6M-8.601 Voluntary Prekindergarten (VPK) Provider Kindergarten Readiness Rate.

(1) Purpose. The purpose of this rule is to implement the requirements of Section 1002.69, F.S.

(2) Accuracy of Data.

(a) Prior to the calculation of the final VPK Provider Kindergarten Readiness Rate, as described in subsection (3) of this rule, private and public school VPK providers shall have the opportunity to review a cumulative list of all of the children served in their program and the total number of hours they attended.

(b) Verification. The private or public provider may verify the accuracy or submit suggested corrections to the cumulative list of VPK participants or the total number of hours the VPK participants attended when such change would result in their inclusion or exclusion in the calculation of the VPK Provider Kindergarten Readiness Rate, as measured by the threshold of seventy (70%) percent, as described in subparagraph (3)(a)1. of this rule. The provider may submit corrective information to the Office of Early Learning (OEL) within the review period described below after publication of the cumulative list on the VPK Provider Kindergarten Readiness Rate website (vpk.fldoe.org). OEL and the respective early learning coalition, shall review the corrective information and accept or reject the requested corrective information within the review period.

(c) Dispute. If a private or public school provider disputes the accuracy of the data as published on the website or if a private provider disputes ownership as defined in subsection (4), the provider may file a dispute on the website and submit documentation to the Office of Early Learning for review and consideration. OEL will review all disputes filed by providers and provide a response to each dispute.

(d) Timelines. The provider review period for verification and dispute shall be twenty-one (21) calendar days from the time of publication of the cumulative list of children served. The early learning coalition shall review and accept or reject any changes for hours attended to the verification data within a period of ten (10) calendar days after the close of the provider review period. OEL shall process all approved changes made in

verification and resolve all disputes prior to publication of the final VPK Kindergarten Readiness Rate.

(3) Criteria for Inclusion in and Calculation of the VPK Provider Kindergarten Readiness Rate.

(a) After the conclusion of the review of the data described in subsection (2) of this rule, OEL shall calculate the VPK Provider Kindergarten Readiness Rate for each private or public school VPK provider of either the school year (five hundred forty (540) hour) or summer (three hundred (300) hour) program that served at least four (4) children who:

1. Attended the VPK program for seventy (70%) percent or more of the total number of instructional hours; and,

2. Are matched to a valid score on the Florida Kindergarten Readiness Screener.

(b) Calculation of the VPK readiness rate:

1. Kindergarten student scores on the Florida Kindergarten Readiness Screener administered during the first thirty (30) days of the school year must demonstrate a score of at least 500 on the Star Early Literacy assessment to be considered “ready for kindergarten.” ~~In order for a provider to be considered to have successfully administered the VPK program, the provider must have sixty (60%) percent of children ready using the calculation in this section. A provider failing to meet this standard will be placed on probation in accordance with subsection (5), below.~~

2. The “Percent of Children Ready for Kindergarten” shall be calculated as the number of “Children Ready for Kindergarten” on the screening measure divided by the total number of “Children Screened” meeting the requirements in subparagraphs (3)(a)1. and (3)(a)2. of this rule.

3. Learning Gains shall be calculated based on the results of the Florida VPK Assessment, pursuant to Rule 6M-8.620, F.A.C., administered during the VPK program year. At the individual child level learning gains are demonstrated by having attained a higher scoring category (below expectations, meeting expectations, and exceeding expectations) from the pre-assessment to the post-assessment in three of the four domains contained in the assessment (Print Knowledge, Phonological Awareness, Mathematics and Oral Language/Vocabulary). A child that scores “exceeding expectations” for the pre-assessment and maintains that score for the post-assessment will be considered to have made “learning gains” in that domain.

4. The percent of children making learning gains shall be calculated as the number of children demonstrating learning gains divided by the number of children meeting the requirements in subparagraphs (3)(a)1. and (3)(a)2. of this rule.

5. The VPK Provider Kindergarten readiness rate shall be expressed as the percentage of children ready for kindergarten

combined with the percentage of children making learning gains multiplied by .1.

Percent Ready + (Percent making gains x .1) = Provider readiness rate

In order for a provider to have successfully administered the VPK program, the provider must achieve a final readiness rate of 60 (sixty) with the maximum rate possible of 100. A provider failing to meet this standard will be placed on probation in accordance with subsection (5) below.

(c) If a private or public school provider does not meet the criteria described in paragraph (3)(a), information as to why the provider was not included in the VPK Provider Readiness Rate calculation shall be displayed on the VPK Provider Profile required by section 1002.53(5), F.S.

(d) The Office of Early Learning shall publish each VPK program provider’s readiness rate.

(4) VPK Provider Kindergarten Readiness Rates. VPK Provider Kindergarten Readiness Rates shall be binding on new private VPK owners if the change of ownership occurred at a point in time in which seventy (70%) percent or more of the VPK school-year or summer program remained. For the purpose of this rule, a change of ownership does not include the sale or transfer to family members, persons with a pre-existing ownership interest in the business or an “individual associated with a provider.” For the purpose of this subsection, “individual associated with a provider” means an individual or family member of an individual who, regardless of compensation, holds a management position, oversees the operations of a provider, or is an officer, shareholder, beneficial owner or member of the board of directors of a provider.

(5) Providers Placed on Probation.

(a) For the 2016-17 and 2017-18 VPK Provider Kindergarten Readiness Rates:

1. No provider will receive a new probationary status.

2. An existing provider on probation whose rate meets the criteria in paragraph (3)(b), is removed from probation.

3. An existing provider on probation whose rate did not meet the criteria in paragraph (3)(b), will remain on probation in their existing status.

(b) Beginning with the 2018-19 VPK Provider Kindergarten Readiness Rates, if the readiness rate of a private or public VPK provider falls below the minimum rate adopted by the State Board, the provider shall be placed on probation, notified of each designation by the Office of Early Learning, and acknowledge such designation on the website within twenty-one (21) calendar days of the publication of the final Provider Kindergarten Readiness Rates.

RULE NO.: RULE TITLE:

64B15-14.013 Mandatory Standardized Informed Consent for Medical Marijuana; Required Documentation for Comparable Medical Conditions

PURPOSE AND EFFECT: The proposed amendments are intended to address recent legislation authorizing smokable medical marijuana. The proposed amendments incorporate the revised medical marijuana consent form and incorporate a new documentation form for use by qualified physicians who determine that smoking marijuana is an appropriate route of administration for a qualified patient.

SUMMARY: The proposed rule amendments incorporate the revised medical marijuana consent form and incorporate a new documentation form for use by qualified physicians who determine that smoking marijuana is an appropriate route of administration for a qualified patient.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is

required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Petition for this variance was published in Vol. 45/79 on April 23, 2019. The Order for this Petition was signed and approved on May 13, 2019. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that each pan within the steam table is properly covered with an individual lid; the steam table is enclosed within a cabinet with tight-fitting doors, and is protected by an air curtain installed and operated according to the manufacturer's specifications that protects against flying vermin or other environmental contaminants; all steam table foods must be properly reheated for hot holding at approved commissaries and held hot at the proper minimum temperature per the parameters of the currently adopted FDA Food Code; and steam table food is to be dispensed by the operator with no customer self-service. The Petitioner shall also strictly adhere to the operating procedures and copies of the variance and operating procedures are to be present on the MFDV during all periods of operation.

A copy of the Order or additional information may be obtained by contacting: Daisy.Lee@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

DEPARTMENT OF ECONOMIC OPPORTUNITY
Division of Community Development
Final Order No. DEO-19-011

In re: A LAND DEVELOPMENT REGULATION
ADOPTED BY THE BOARD OF COUNTY
COMMISSIONERS OF LAKE COUNTY,
FLORIDA, BY ORDINANCE NO. 2019-27

FINAL ORDER
APPROVING LAKE COUNTY ORDINANCE 2019-27

The Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to subsection 380.05(6),

Florida Statutes, approving land development regulations adopted by the Board of County Commissioners of Lake County, Florida (“County”), Ordinance 2019-27 (“Ordinance”).

FINDINGS OF FACT

1. The Green Swamp Area is designated by Section 380.0551, Florida Statutes, as an area of critical state concern. Lake County is a local government within the Green Swamp Area.

2. The Ordinance was adopted by the County on April 23, 2019, and rendered to the Department on May 7, 2019.

3. The Ordinance amends Section 9.02.04 of the County’s Land Development Regulations, entitled *Exemptions to Tree Removal Permit Requirements*, to remove municipal public works’ projects (including but not limited to stormwater management, reservoirs, and other major utility improvements) as an exempted activity to the permitting and mitigation requirements of removing protected trees and palms. The Ordinance further amends Section 9.02.04 to add language requiring a tree removal permit for municipal public works’ projects located in the unincorporated county.

4. Section 9.02.05(A)(2) of the County’s Land Development Regulations, entitled *Criteria for Issuance of Tree Removal Permit*, allows for the issuance of a tree removal permit when the location of a tree restricts the construction of utility lines and drainage facilities. The Ordinance amends Section 9.02.05(A)(2) to add a requirement that utility providers coordinate with adjacent property owners and seek alternative easements to the extent practicable so as to minimize the loss of trees.

CONCLUSIONS OF LAW

5. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. *See* § 380.05(6), Fla. Stat.

6. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. The regulations adopted by the Ordinance are land development regulations.

7. The Ordinance is consistent with the County’s Comprehensive Plan as required by subsection 163.3177(1), Florida Statutes, generally, and is specifically consistent with Policy I-1.1.8 of the County’s Plan.

8. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. *See* § 380.05(6), Fla. Stat. The Principles for Guiding Development for the Green Swamp Area of Critical State Concern are set forth in Rule 28-26.003, Florida Administrative Code.

9. The Ordinance is consistent with the Principles for Guiding Development for the Green Swamp Area of Critical State Concern as a whole, and is not inconsistent with any Principle.

WHEREFORE, IT IS ORDERED that the Department finds that Lake County Ordinance 2019-27 is consistent with the Lake County Comprehensive Plan and the Principles for Guiding Development for the Green Swamp Area of Critical State Concern and is hereby APPROVED.

This Final Order becomes final 21 days after publication in the Florida Administrative Register unless a petition is timely filed as described in the Notice of Administrative Rights below.
