RULE NO.: RULE TITLE:

53ER20-31: JACKPOT TRIPLE PLAY™

SUMMARY: This emergency rule sets forth the provisions for the conduct of the Draw game JACKPOT TRIPLE PLAY™. This emergency rule updates provisions related to the minimum starting jackpot amount and replaces Rule 53ER19-6.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER20-31 JACKPOT TRIPLE PLAY™.

(1) How to Play JACKPOT TRIPLE PLAY™.

(a) JACKPOT TRIPLE PLAY is a lottery Draw game (also known as an online terminal game) which is offered to players in Florida by the Florida Lottery via authorized Florida Lottery retailers. For purposes of this rule a “Play” is defined as the three sets/lines of numbers, each set consisting of six numbers from a field of 1 through 46, on a single ticket. Each set of numbers is played separately, except as provided in subsection (8) for JACKPOT TRIPLE PLAY with Combo™ tickets. The term “Winner” as used herein means a single winning set of numbers in a single line on a ticket as further defined in subsection (4) below.

(b) In JACKPOT TRIPLE PLAY, the first set of numbers in a Play may be player selected or may be randomly selected using Quick Pick. Both the second set and third sets of numbers will automatically be selected using Quick Pick and cannot be player-selected or manually entered by a retailer.

(c) Players may select the first set of numbers of their Play by marking a JACKPOT TRIPLE PLAY play slip (or “play slip”) or by telling the retailer their desired numbers. Retailers are authorized to manually enter numbers selected by a player. On each play slip, there are five panels. Each panel comprises one Play. Each panel played costs \$1.00 per drawing and prints on a separate ticket. Players may mark their first set of desired numbers on the play slip by selecting six numbers from each panel played or may mark the “Quick Pick” box located at the bottom of each panel for the terminal to randomly select any or all of the first set of six numbers. A “Void” box is also located at the bottom of each panel and should be marked by the player if an error was made in his or her selections in a panel.

(d) Players may mark the \$5 “Quick Picks for next draw” box to receive five separate tickets, each with three sets of six randomly selected numbers for the next JACKPOT TRIPLE PLAY drawing, or may mark the \$10 “Quick Picks for next draw” box to receive ten separate tickets, each with three sets of six randomly selected numbers for the next JACKPOT TRIPLE PLAY drawing. Players may mark one or both “Quick Picks for next draw” boxes in addition to panel Plays.

(e) Combo. Players may play Combo by marking the applicable Combo box on the JACKPOT TRIPLE PLAY play slip or by telling the retailer. Each panel played with Combo will print on a separate ticket. Marking the Combo box within a panel will add Combo to only the panel marked. Marking the “Combo on all plays” box will: (1) add Combo to every panel containing JACKPOT TRIPLE PLAY number selections; (2) override the Combo box within any panel; and (3) when either the \$5 or \$10 “Quick Picks for next draw” box is also marked, result in each Quick Pick Play printing separately with Combo.

(f) Play slips must be Florida Lottery approved and players must use only blue or black ink or pencil for making selections. The use of mechanical, electronic, computer generated, or any other non-manual method of marking play slips is prohibited. Play slips may be processed through a Florida Lottery full service vending machine, if available, or processed by a retailer to obtain a ticket.

(g) Players may play up to thirty consecutive JACKPOT TRIPLE PLAY drawings by using the “advance play” feature. To use the advance play feature, players may either mark the number of drawings desired in the “Advance Play” section of a play slip or tell the retailer their desired number of consecutive advance drawings. The number of consecutive drawings marked will include the next available drawing and will apply to each panel (A-E) played. Advance play is not available with

the “Quick Picks for next draw” box on the play slip. If a planned change in the JACKPOT TRIPLE PLAY game requires that the number of advance plays available for purchase be reduced to zero before implementation of the change, an advance play countdown schedule will be posted on the Lottery’s website, flalottery.com.

(2) JACKPOT TRIPLE PLAY Drawings.

(a) JACKPOT TRIPLE PLAY drawings shall be conducted two times per week, on Tuesday and Friday.

(b) The equipment shall be configured so that six balls are drawn from one set of balls numbered 1 through 46.

(c) Six balls will be selected in the drawing. The numbers shown on the six balls after certification by the Draw Manager and the Accountant, shall be the official winning numbers for the drawing.

(d) The Florida Lottery shall not be responsible for incorrect circulation, publication or broadcast of official winning numbers.

(3) JACKPOT TRIPLE PLAY Prize Divisions.

(a) JACKPOT TRIPLE PLAY is a pari-mutuel game. For each draw, 50 percent of net sales (gross sales less cancels and free tickets) from the sale of JACKPOT TRIPLE PLAY tickets in the corresponding JACKPOT TRIPLE PLAY sales period shall be allocated as the winning pool for the payment of the Jackpot Prize, Second Prize, Third Prize and Fourth Prize.

(b) Jackpot Prize. The Jackpot Prize pool shall consist of 60.92 percent of the winning pool plus any money carried forward from the prior draw until the Jackpot Prize pool reaches the estimated cash equivalent of the deferred payment value of \$2 million paid over twenty-five years. When this threshold is met, any money in excess of the estimated cash equivalent amount needed for the Jackpot Prize pool shall roll down and be distributed among the Second through the Fourth Prize levels according to the percentage each prize level comprises of the adjusted prize pool. The adjusted prize pool shall be comprised of the total winning prize pool less any amount not already accumulated in the Jackpot Prize pool to reach the estimated cash equivalent amount necessary, or the total winning prize pool plus any excess already accumulated in the Jackpot Prize pool that is not needed to reach the estimated cash equivalent amount necessary.

1. If there is one or more Jackpot Prize Winners in a drawing, the guaranteed Jackpot Prize shall be divided equally among the Jackpot Prize winning players in proportion to their respective number of Winners (pro rata share) for that drawing.

2. If there is not a Jackpot Prize Winner in a drawing and the Jackpot Prize is not at \$2 million, the Jackpot Prize pool shall be carried over and added to the Jackpot prize pool of the next JACKPOT TRIPLE PLAY drawing.

3. If there is not a Jackpot Prize Winner in a drawing in which the Jackpot Prize is capped at \$2 million, the amount in

the Jackpot Prize pool needed to fund the estimated cash equivalent of the deferred payment value of \$2 million paid over twenty-five years shall be carried over to the next JACKPOT TRIPLE PLAY drawing and any money in excess of this amount shall be returned to an adjusted prize pool and distributed among the Second through the Fourth Prize levels according to the percentage each prize level comprises of that adjusted prize pool.

(c) Second Prize. When the Jackpot Prize is not at \$2 million, the Second Prize pool shall consist of 7.68 percent of the winning pool for the drawing. When the Jackpot Prize is at \$2 million and is fully funded, the Second Prize pool shall consist of 19.65 percent of the adjusted prize pool for the drawing. The Second Prize pool shall be divided equally among the Second Prize winning players in proportion to their respective number of Winners for that drawing.

(d) Third Prize. When the Jackpot Prize is not at \$2 million, the Third Prize pool shall consist of 18.74 percent of the winning pool for the drawing. When the Jackpot Prize is at \$2 million and is fully funded, the Third Prize shall consist of 47.95 percent of the adjusted prize pool for the drawing. The Third Prize pool shall be divided equally among the Third Prize winning players in proportion to their respective number of Winners for that drawing.

(e) Fourth Prize. When the Jackpot Prize is not at \$2 million, the Fourth Prize pool shall consist of 12.66 percent of the winning pool for the drawing. When the Jackpot Prize is at \$2 million and is fully funded, the Fourth Prize pool shall consist of 32.40 percent of the adjusted prize pool for the drawing. The Fourth Prize pool shall be divided equally among the Fourth Prize winning players in proportion to their respective number of Winners for that drawing.

(f) If there is not a Winner within one of the Second through Fourth Prize categories for a drawing, the prize pool for that category shall be distributed for that drawing in accordance with the following table:

<u>PRIZE POOL CATEGORY FOR WHICH THERE IS NO WINNER</u>	<u>PRIZE POOL CATEGORY TO WHICH THE NONWINNING PRIZE POOL CATEGORY IS ADDED</u>
<u>Second Prize</u>	<u>Third Prize</u>
<u>Third Prize</u>	<u>Fourth Prize</u>
<u>Fourth Prize</u>	<u>To fund future prizes in Lottery games or for special Lottery prize promotions.</u>

(g) Any rounding differences that derive from the distribution of the winning pool to the Jackpot and Second through Fourth Prize pools will be deposited into a reserve account to be used for prizes or special prize promotions. Rounding differences will not be rolled into the Jackpot prize

pool as in the FLORIDA LOTTO® game because the amount allocated to the Jackpot Prize pool varies depending upon whether the Jackpot Prize is capped.

(h) Except for the Jackpot Prize, all prizes will be rounded down to the nearest fifty cents (\$.50); provided, however, that the Fourth Prizes shall be no less than \$1.00. All rounding differences will be deposited into a reserve account to be used for prizes or special prize promotions. If the funds available for the payment of Fourth Prizes are insufficient to pay the minimum amount, the percentage described in paragraph (3)(a) above will be adjusted or funds available from a reserve account will be used to cover the prize liability.

(4) Determination of Prize Winners.

In order to be a JACKPOT TRIPLE PLAY Winner, numbers appearing in a single horizontal line on the ticket must match the official winning JACKPOT TRIPLE PLAY numbers in any order for the draw date for which the ticket was purchased. The prizes are set forth as follows:

- (a) Jackpot Prize: Six of six official winning numbers.
- (b) Second Prize: Five of six official winning numbers.
- (c) Third Prize: Four of six official winning numbers.
- (d) Fourth Prize: Three of six official winning numbers.
- (5) JACKPOT TRIPLE PLAY Odds of Winning.

(a) The odds per ticket of winning a JACKPOT TRIPLE PLAY prize are as follows:

- 1. Jackpot Prize – 1:3,122,273.33
- 2. Second Prize – 1:13,009.80
- 3. Third Prize – 1:267.19
- 4. Fourth Prize – 1:16.14

(b) The overall odds of winning per ticket are 1:15.24.

(6) JACKPOT TRIPLE PLAY Guaranteed Jackpot.

(a) For each drawing the Lottery will announce a guaranteed deferred payment value of the JACKPOT TRIPLE PLAY Jackpot that can be won by a single player, based upon the estimated cash value of the Jackpot pool determined by projected and historical sales figures, current interest rates, and funds from rollovers. For each JACKPOT TRIPLE PLAY drawing, the deferred payment value of the JACKPOT TRIPLE PLAY Jackpot prize that can be won shall be guaranteed at a minimum of \$250,000 paid over twenty-five years except as set forth in paragraph (7)(e) below.

(b) For prizes to be paid in annual installments, if the cash available in the Jackpot Prize pool is insufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall add to the Jackpot Prize pool funds available from a reserve account to render it sufficient to yield the announced guaranteed Jackpot.

(c) For prizes to be paid in annual installments, if the cash available in the Jackpot pool exceeds the yield for the announced guaranteed Jackpot value over the designated

deferred payment period at the time the ticket is claimed, the Lottery shall deposit the excess funds into a reserve account to be used for prizes or special prize promotions.

(d) The guaranteed Cash Option value of the Jackpot will be the amount required on the day of the drawing, or if the drawing is held on a holiday, the business day prior to the drawing, to purchase securities to fund the announced guaranteed deferred payment value of the Jackpot. This day shall be referred to as the “prize determination day.”

(e) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is insufficient on the prize determination day to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall add to the Jackpot pool funds available from a reserve account to render it sufficient to yield the announced guaranteed Jackpot.

(f) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is sufficient on the prize determination day to yield more than the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall deposit the excess funds into a reserve account to be used for prizes or special prize promotions.

(7) JACKPOT TRIPLE PLAY Jackpot Prize Payment Options.

(a) Players can choose one of two payment options for receiving their portion of the JACKPOT TRIPLE PLAY Jackpot Prize. Payment options are “Cash Option” and “Annual Payment.”

(b) Jackpot winning players have sixty days after the winning draw date to choose between the two payment options. In order to select the Cash Option, the Jackpot winning player must submit his or her ticket for payment within sixty days after the winning draw date. If the Jackpot winning player does not elect the Cash Option within sixty days after the winning draw date, the Annual Payment option will be applied, except as provided in paragraph (7)(f) below. Once the Jackpot winner files a claim and exercises the winning player’s chosen option, the election of that option shall be final. The Annual Payment method of payment will also be final when it is applied due to a Jackpot winning player not making his or her payment election within sixty days after the winning draw date.

(c) A Jackpot Prize winning player who chooses the Cash Option will receive one lump sum cash payment of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five years, less applicable withholding taxes. The amount of the Cash Option payment to multiple Jackpot winning players will be their pro rata share of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five years, less applicable withholding taxes.

(d) If a Jackpot winning player elects the Annual Payment option, his or her portion of the guaranteed Jackpot Prize will be paid in twenty-five annual installments, each less applicable withholding taxes.

(e) If the prize amount per winning player in a JACKPOT TRIPLE PLAY drawing cannot be paid in increments of \$1,000 in twenty-five installments, the winning player’s share of the prize pool will be invested in U.S. Treasury securities that will yield the maximum amount possible over twenty-five years as can be reached in increments of \$1,000. If the amount the investment yields less than the guaranteed Jackpot amount, the present value of the difference between the amount the investment will yield and the winning player’s guaranteed prize amount over twenty-five years will be paid to the winning player in the first payment. The provisions of this paragraph (7)(e) shall not be construed to prohibit the Lottery from investing collectively, in a single U.S. Treasury security, the prize pool shares of multiple winning players of the same drawing who all elect the Annual Payment option and distributing the prize winnings on a pro rata basis in increments other than \$1,000.

(f) If the number of winning players of a guaranteed Jackpot Prize results in each person’s prize being less than \$100,000 paid over twenty-five years, the Lottery shall pay the Jackpot winners in a single cash payment of their pro rata share of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five years, less applicable withholding taxes.

(g) Federal income taxes shall be applied and withheld from the prize amount at the time payment is made, pursuant to applicable provisions of the Internal Revenue Code and Code of Federal Regulations.

(h) Any interest or earnings accrued on a JACKPOT TRIPLE PLAY Jackpot Prize prior to the prize payment, under either the Cash Option or the Annual Payment Option, shall accrue to the Florida Lottery and not to the winning player.

(8) JACKPOT TRIPLE PLAY with Combo.

(a) The Combo Prize Pool. The prize pool for Combo prizes shall be funded by the \$1 add-on ticket sales. If the funds available in the Combo prize pool are insufficient to pay all Combo prizes for a particular drawing, the funds available from a reserve account will be used to cover the prize liability. If the funds in the Combo prize pool are in excess of the amount required to pay all Combo prizes for a particular drawing, the excess amount will be deposited into a reserve account to be used for prizes or special prize promotions.

(b) How to Play Combo, Determination of Winning and Prizes.

1. Combo is an add-on Play feature associated with JACKPOT TRIPLE PLAY that costs \$1.00 per Play in addition to the cost of the JACKPOT TRIPLE PLAY base game Play.

2. A player who purchases a JACKPOT TRIPLE PLAY with Combo ticket uses the ticket to determine if they have won a base game prize as determined in subsection (4) above and to play and determine if they have won a prize in Combo.

3. In Combo, the player uses all three sets of six numbers printed on the JACKPOT TRIPLE PLAY ticket to play. In order to win a Combo prize, the ticket must have a total of four or more numbers matching the official winning numbers, in any order, for the draw date for which the ticket was purchased. For purposes of calculating the number of matches, the following provision shall apply. If duplicate numbers printed on the ticket match an official winning number, each instance in which the duplicate matching number appears will be counted as a separate match.

(c) Combo Prizes and Odds of Winning. All Combo prizes are set prize amounts. The prize structure and estimated odds of winning a Combo prize are as follows:

Total Number of Matches Using all Lines	Prize	Odds of 1 in
10+	\$10,000	323,322.60
9	\$500	26,569.71
8	\$50	2,815.95
7	\$20	405.13
6	\$10	79.17
5	\$5	21.18
4	Free Ticket	7.88
Overall Odds		5.28

A player who is entitled to a prize of a “free ticket” shall receive one JACKPOT TRIPLE PLAY with Combo Quick Pick ticket (\$2.00 value) for the next available drawing. A player who submits by mail a JACKPOT TRIPLE PLAY with Combo lottery ticket which entitles the claimant to a free JACKPOT TRIPLE PLAY with Combo Quick Pick ticket and whose mailing address is outside the state of Florida will receive a check for \$2.00 in lieu of an actual ticket.

(d) Players may win a JACKPOT TRIPLE PLAY base game prize and a Combo prize.

(9) JACKPOT TRIPLE PLAY Rules and Prohibitions.

(a) By purchasing a JACKPOT TRIPLE PLAY ticket, a player agrees to comply with and abide by all rules and regulations of the Florida Lottery.

(b) JACKPOT TRIPLE PLAY prize payments shall be made in accordance with rules of the Florida Lottery governing payment of prizes. A copy of the current rule can be obtained from the Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(c) Subject to a retailer's hours of operation and online system availability, JACKPOT TRIPLE PLAY lottery tickets are available for purchase daily between the hours of 6:00 a.m. and 12:00 midnight, Eastern Time (ET).

(d) The scheduled time for the Tuesday and Friday JACKPOT TRIPLE PLAY drawings is approximately 11:15 p.m., ET. Ticket sales for a specific JACKPOT TRIPLE PLAY drawing will close at approximately 10:40 p.m., ET. Any ticket sold after the close of game will be printed with the next JACKPOT TRIPLE PLAY draw date.

(e) Retailer cancellations of JACKPOT TRIPLE PLAY tickets can only be performed by the retailer who sold the ticket, using the selling terminal's optical mark reader and must occur within two hours after printing, except that no JACKPOT TRIPLE PLAY ticket shall be canceled after game close for the related drawing. The two-hour cancellation period may be reduced due to: the selling retailer's hours of business operation; the cutoff time for daily sales (12:00 midnight ET); online system availability; or the time of the JACKPOT TRIPLE PLAY close of game for the related drawing. JACKPOT TRIPLE PLAY with Combo tickets and free JACKPOT TRIPLE PLAY with Combo tickets issued as a prize cannot be canceled at any time.

(f) It is the responsibility of the player to make sure his or her ticket(s) are printed exactly as requested before leaving the retailer and to determine the accuracy of the first set of JACKPOT TRIPLE PLAY numbers in a selected panel of numbers, the date(s) and play features on the ticket. In the event that a ticket given to the player by the retailer contains selections which are not consistent with the player's selection of the first set of numbers, it shall be the responsibility of the player to immediately advise the retailer of that fact. In such event and upon request of the player within the time period specified herein, the retailer shall make a good faith effort to cancel a cancelable ticket.

(10) The effective date of this emergency rule is April 17, 2020.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Professional Engineers

RULE NO.: RULE TITLE:

61G15ER20-4: Printed Copies of Digitally or Electronically Signed and Sealed Plans Considered Valid

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The Florida Board of Professional Engineers ("FBPE") is statutorily mandated to require the forms by which plans or other documents are considered properly signed and sealed by a Florida Professional Engineer. Pursuant to this authority, the FBPE has promulgated rules in Chapter 61G15-23, Florida Administrative Code. These rules allow three forms of signing and sealing: digital, electronic, or physical. The current rules specifically mandate that printed copies of digitally or electronically signed and sealed plans are not considered signed and sealed. However, a number of building departments, authorities having jurisdiction, or other state, county, or local governmental agencies do not currently accept digital or electronic plans or documents, requiring physically signed and sealed documents be submitted or filed.

On March 1, 2020, Florida Governor Ron DeSantis issued Executive Order Number 20-51 which directed the State Health Officer and Surgeon General, Dr. Scott Rivkees, to declare a public health emergency in response to the spread of the Novel Coronavirus Disease 2019 (COVID-19). On March 9, 2020, Governor DeSantis issued Executive Order Number 20-52 (Emergency Management - COVID-19 Public Health Emergency) and officially declared that a state of emergency exists in the State of Florida. On April 1, 2020, Governor DeSantis issued Executive Order Number 20-91 (Essential Services and Activities During COVID-19 Emergency), which directed all persons within the State to remain at home unless engaged in the provision of essential services or engaged in essential activities.

COVID-19 is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza. As of April 8, 2020, there are over 14,000 confirmed cases of COVID-19 in the State of Florida. The Center for Disease Control ("CDC") recommends mitigation measures to combat the spread of COVID-19 such as staying home when sick, keeping away from others who are sick, staying home when a household member is sick with respiratory disease symptoms, and for those who are at higher risk, including older adults and those who have serious chronic medical conditions, to avoid non-essential travel, interpersonal contact, and to avoid groups of persons as much as possible.

Since the issuance of the Executive Orders and declaration of a public health emergency by the State Health Officer and

Surgeon General Dr. Rivkees, the FBPE office has received a number of calls and emails from licensees who are concerned about having to interact in person to physically sign and seal plans and documents in order to have those documents filed. All have suggested that removing the requirement that printed copies of digitally signed and sealed copies are not considered signed and sealed; they suggest this would allow the plans to be digitally or electronically signed and sealed, and then those documents could be transmitted by electronic means, and printed by the recipient, which would eliminate the need for groups of licensees to meet, or individual licensees to leave their homes to travel to a location to sign/seal the plans and then physically deliver them. It has been strongly suggested this will satisfy the purpose and intent of the signing and sealing law without exposure to the dangers of being in groups of people, necessity of travel itself, potential contribution to the spread of the virus, and most importantly, would ensure compliance with the State Health Officer's Orders, CDC Recommendations, and Governor DeSantis's Emergency Orders.

Florida's Professional Engineers, and those who come in contact with them, should not be unnecessarily put at risk during this healthcare emergency. Accordingly, the FBPE, by emergency rule, will waive the restriction that printed copies of digitally or electronically signed and sealed plans or documents are not considered signed and sealed as required by Chapter 471, Florida Statutes, and Rule Chapter 61G15-23, Florida Administrative Code. The FBPE finds that this action is a measured regulatory approach that helps to mitigate the threat of exposure to COVID-19 to Floridians, including Professional Engineers and those that come in contact with them, while still satisfying the purpose and intent of the waived restriction.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Given the recently declared emergency in the State of Florida; Emergency Order 20-91; the recent guidance from the CDC; and the fact that professional engineers will be required to maintain the original digitally or electronically signed and sealed documents, the FBPE finds that an immediate danger to the public health, safety, or welfare necessitates immediate action regarding this issue. Notice of this meeting was published in the Florida Administrative Register in Volume 46, No. 71, on April 10, 2020. In addition, notice of the FBPE's meeting was posted on the FBPE's official website.

SUMMARY: The proposed emergency rule removes the restriction that printed copies of digitally or electronically signed and sealed plans or documents are not considered signed and sealed, thus allowing printed copies to be used in any manner in which physically signed and embossed sealed plans could otherwise be. Removal of the restriction would only be for the ninety-day effective period of the emergency rule.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Zana Raybon, Executive Director, Board of Professional Engineers, 2639 North Monroe Street, Suite B-112, Tallahassee, FL 32303; (850)521-0500, ZRaybon@fbpe.org.

Section 419.001, Florida Statutes, provides in pertinent part, "Homes of six or fewer residents which otherwise meet the definition of a community residential home shall be allowed in single-family or multifamily zoning without approval by the local government, provided that such homes are not located within a radius of 1,000 feet of another existing such home with six or fewer residents or within a radius of 1,200 feet of another existing community residential home." The City of Gainesville denied Petitioner's request for a variance on or around February 21, 2020.

Because section 120.542(1), Fla. Stat., provides, "This section does not authorize agencies to grant variances or waivers to statutes. . ." and granting such a waiver would contravene the plain language of 419.001, Fla. Stat., the Agency denied this request for variance and/or waiver to the Rule in a Final Order dated April 16, 2020.

A copy of the Order or additional information may be obtained by contacting: Danielle Thompson, Senior Attorney, Agency for Persons with Disabilities, 4030 Esplanade Way, Suite 335, Tallahassee, Florida 32399-0950, (850)922-4556, Danielle.Thompson@apdcares.org.

Amendments include incorporating updated version of water management district handbooks, revising incorporated forms to include a State 404 Program Permit section, incorporating a new form, and clarifying that applicants may waive Environmental Resource Permit timelines so that Agency actions can be issued concurrently.
