NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 46 No. 31, February 14, 2020 issue of the Florida Administrative Register.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will **not** have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The rules do not have an adverse impact on small business and are not likely to increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of each rule because these amendments simply update the rules to be consistent with s. 393, Florida Statutes. Each rule does not have an adverse impact on economic growth, private sector job creation or employment, private sector investment, business competitiveness, productivity, or innovation, nor do they increase regulatory costs, including transactional costs.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

A SERC Checklist and SERC were prepared by the Agency to determine the need for legislative ratification. Based on this information at the time of the analysis and pursuant to section 120.541, Fla. Stat., the rules will not require legislative ratification because costs will not be in excess of \$1 million in the aggregate within 5 years after the implementation of the rules.

Any person who wishes to provide information regarding a statement of estimated regulatory costs or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NOS.:RULE TITLES:

62S-2.072 Application Requirements and Processing

62S-2.076 Compliance Responsibilities

The Florida Department of Environmental Protection hereby gives notice: that an Order was issued on May 4, 2020, granting the City of Miami Beach, Florida's petition for a waiver. The petition was received on February 25, 2020, and notice of receipt of the petition was published in the Florida Administrative Register on March 6, 2020. The petition requested a waiver from paragraph 62S-2.072(2)(b) and subsection 62S-2.076(1), F.A.C., which require a public use dedication be recorded to encumber land that is improved using Recreational Trails Program grant funds if that land is not owned by the grant recipient. The Order granted the petition to waive paragraph 62S-2.072(2)(b) and subsection 62S-2.076(1), F.A.C., based on a showing that the petitioner demonstrated that the purpose of the underlying
