DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: RULE TITLE:
6A-1.0955 Education Records

PURPOSE AND EFFECT: To incorporate new statutory language related to student discipline and mental health information and a three-day requirement for transfer of education records between schools.

Commission for Independent Education

RULE NO.: 6E-2.009
RULE TITLE: Closing an Institution

PURPOSE AND EFFECT: To revise the rule for Closing an Institution to clarify the requirements for closing institution and providing records to the Commission for Independent Education following closure.

SUMMARY: The proposed rule revises the information that closing institutions are required to provide the Commission; revises the requirements for closure plans submitted to the Commission; specifies which student records the Commission requires for safekeeping upon closure and requires said records be transferred in an electronic format.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within

one year after the implementation of the rule. A SERC has been prepared by the Agency.

It is anticipated that the Rule will be cost neutral for most institutions and result in a cost saving to some private postsecondary institutions licensed by the Commission. Most of the institutions already maintain student educational records electronically so the rule is cost neutral for these institutions. For others the requirement to maintain student records electronically only applies to records created after July 1, 2021 so any cost should be minimal. Further, the cost of mailing electronic student records is less than the cost of mailing hard copies, so it is anticipated that the rule will result in a cost savings for some institutions.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 6E-4.005
RULE TITLE: Student Protection Fund; Trainout Procedures for Closure

PURPOSE AND EFFECT: To remove unnecessary language; update language; delete language regarding closing an

institution because those requirements will be incorporated in another rule titled Closing an Institution. The effect of this proposal is to simplify the rule and move language regarding closing an institution to one rule.

SUMMARY: The proposed rule deletes the requirement for an institution to provide the Commission student Social Security numbers when submitting information regarding training out a student for a closed institution; removes duplicative language regarding an institution’s requirements when closing; deletes unused language authorizing an off-set to the Student Protection Fund.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department used a checklist to conduct an economic analysis and determine if there is an adverse impact or regulatory costs associated with this rule that exceeds the criteria in section 120.541(2)(a), F.S. Based upon this analysis, the Department has determined that the proposed rule is not expected to require legislative ratification. This is based upon the nature of the proposed changes and absence of increased costs to affected parties.

61G15-30.001 Purpose.

(1) The Board has adopted these responsibility rules pursuant to Section 471.033(2), F.S., to safeguard the life, health, property and welfare of the public by promoting proper conduct in the practice of engineering and due care and regard for acceptable engineering principles and standards. The Board considers that professional engineers may avoid disciplinary actions by observing the procedures set forth herein. Failure to comply with these rules may be considered as noncompliance with subsection 61G15-19.001(4), F.A.C., unless the deviation or departure therefrom is justified by the specific circumstances of the project in question. Furthermore, these rules are intended to apply as general guidelines where no contractual relationship exists between the parties addressed herein. These responsibility rules shall apply to every person holding a license certificate of registration as a professional engineer, every certified engineer intern, and every qualified engineering business organization, holder of a certificate of authorization, as appropriate. PURPOSE AND EFFECT: The Board proposes an amendment to revise and incorporate the application Form DH-MQA-NHA002, substantially modifying the current format and some language of the existing form.

SUMMARY: The proposed amendment revises and incorporates the application Form DH-MQA-NHA002, substantially modifying the current format and some language of the existing form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.
