PURPOSE AND EFFECT: To adopt the secondary and postsecondary career education programs prescribed in Sections 1004.92 and 1011.80, Florida Statutes, and listed as follows: “Agriculture, Food & Natural Resources,” “Architecture & Construction,” “Arts, A/V Technology & Communication,” “Business, Management & Administration,” “Education & Training,” “Energy,” “Finance,” “Government & Public Administration,” “Health Science,” “Hospitality & Tourism,” “Human Services,” “Information Technology,” “Law, Public Safety & Security,” “Manufacturing,” “Marketing, Sales & Service,” “Engineering and Technology Education,” “Transportation, Distribution & Logistics,” and “Additional CTE Programs/Courses.” In addition, to adopt the “Adult General Education Standards and Curriculum Frameworks 2021-2022.”

SUMMARY: The Department is responsible for developing program standards and industry-driven benchmarks for career and technical education and adult general education programs. The criteria for qualification of individual courses for inclusion in secondary and postsecondary career education programs and adult general education programs prescribed in Workforce Education programs are annually adopted by the State Board and are published by the Commissioner on the Department’s website. These criteria are hereby incorporated by this rule and made a part of the rules of the State Board.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the

statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Career and Technical Education Standards and Industry-Driven Benchmarks and Adult General Education Standards provide secondary and postsecondary district institutions and the state college institutions a framework for providing these educational programs. These frameworks contain rigorous standards and benchmarks determined to be necessary for student success in college and careers in the selected programs. The adverse impact or regulatory cost, if any, does not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), F.S. and will not require legislative ratification. Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 6A-6.0573 RULE TITLE: Industry Certification Process.

PURPOSE AND EFFECT: To amend the rule to adopt updated funding weights for industry certifications on the 2020-2021 CAPE Industry Certification Funding List. The effect is to ensure that appropriate weights, in accordance with the provisions of s. 1011.62(1)(o), F.S., are included on the CAPE Industry Certification Funding List.

SUMMARY: The amendment includes revisions to the rule and to a document incorporated by reference, 2020-2021 CAPE Industry Certification Funding List, Updated. The State Board of Education is adopting new articulation agreements in Rule 6A-10.0401, F.A.C. The addition of these agreements impacts the funding weight that should be assigned to the industry certification, as specified in s. 1011.62(1)(o), F.S. This statute specifies that a value of 0.2 full-time equivalent membership shall be calculated for each student who is issued an industry certification that has a statewide articulation agreement for

college credit approved by the State Board of Education. The 2020-2021 CAPE Industry Certification Funding List is updated to change the funding weight from 0.1 to 0.2 for twelve (12) certifications for which the State Board of Education is adopting articulation agreements for college credit.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The amendment authorizes additional industry certifications which school districts are provided financial incentives to offer. These certifications have been evaluated to be rigorous and tied to the statewide occupational demand in Florida. Based upon the nature of these changes and experience with similar changes in the past, no adverse impact or regulatory cost is expected and certainly none that will exceed any of the criteria of s. 120.541(2)(a), F.S. and will not require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:
 6A-10.0401 Gold Standard Career Pathways Articulation
 Agreements

PURPOSE AND EFFECT: To adopt the 2020-2021 Statewide
 Gold Standard Career Pathways Articulation Agreements.

SUMMARY: Since 2008, the State Board of Education (SBOE) has approved Gold Standard Career Pathways Articulation Agreements as recommended by the Articulation Coordinating Committee (ACC). Students who enroll in an Associate in Science (AS) or Associate in Applied Science (AAS) degree program at a state college and have earned an industry certification with an articulation agreement in an applicable AS or AAS degree will earn credit toward the applicable degree. State colleges that offer degree programs with an articulation agreement will award the minimum guaranteed credit to students who have earned the related industry certification, as specified in the agreement. Each year, pursuant to Rule 6A-6.0573, F.A.C., new industry certifications are added to the approved CAPE Industry Certification Funding List. These articulation agreements are vetted by the faculty of Florida College System institutions that offer the corresponding AS or AAS degree programs to reach a consensus on the number of college credits to be awarded for the industry certification toward the applicable degree program. The proposed articulation agreements are submitted to the ACC for review and approval and then submitted to the SBOE for final approval through rule adoption. Once approved, they are published on the Agency's website: [http://fldoe.org/academics/career-adult-edu/career-technical-edu-agreements/industry-](http://fldoe.org/academics/career-adult-edu/career-technical-edu-agreements/industry-certification.shtml)

[certification.shtml](http://fldoe.org/academics/career-adult-edu/career-technical-edu-agreements/industry-certification.shtml). District career centers and colleges are notified of the agreements, and data reporting systems at the Community College and Technical Center Management Information System are updated. Currently, there are 157 active agreements. For the 2020-2021 academic year, 18 new agreements have been developed that are aligned with 14 industry certifications on the 2020-2021 CAPE Industry Certification Funding List.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within

one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Agency has determined that the information expressly relied upon and described herein will have no regulatory cost and no negative economic impact. Through the incorporation of articulation agreements, the proposed rule will require state colleges to recognize uniform credits earned by students having obtained industry certification in specified fields. The proposed rule will therefore be of economic benefit to students obtaining degrees from any of the Florida College System institutions, and will preclude the duplication of course material. Thus, the adverse impact or regulatory cost, if any, would not be expected to exceed any one of the economic analysis criteria set forth in s. 120.541(2)(a), F.S. and will not require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On April 23, 2021 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Section 5-203.13, 2017 FDA Food Code from FROZEN IN TIME GOURMET ICE CREAM LLC located in Crystal River. The above referenced F.A.C. addresses the requirement that at least one service sink is provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. They are requesting to share the mop sink located on the premises of a nearby business under a different ownership.

The Petition for this variance was published in Vol. 47/80 on April 26, 2021. The Order for this Petition was signed and

approved on May 7, 2021. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the mop sink located on the premises of The Boil Yard (SEA1901235 File: 326606), is maintained in a clean and sanitary manner and is provided with hot and cold running water under pressure. If the ownership of FROZEN IN TIME GOURMET ICE CREAM LLC (File:334715) and/or The Boil Yard (SEA1901235 File:326606) changes, a signed agreement for use of the mop sink is required immediately.
