RULE NO.: 60FF1-5.0035 RULE TITLE: Florida 911 Reporting Forms

PURPOSE AND EFFECT: The Board proposes the rule amendment to update the Florida 911 quarterly status report form.

SUMMARY: To update the Florida 911 quarterly status report form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change

will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF THE LOTTERY

RULE NO.: RULE TITLE:

53ER23-43 CASH POP™

SUMMARY OF THE RULE: This emergency rule describes "CASH POP™" for which the Department of the Lottery will start selling tickets on a date to be determined by the Secretary of the Department. The rule sets forth the specifics of the game; determination of prizewinners; estimated odds of winning; and value of prizes in the game.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Minerva Simpson, Attorney, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

THE FULL TEXT OF THIS EMERGENCY RULE IS:

53ER23-43 CASH POP™.

(1) How to Play CASH POP™.

(a) CASH POP is a Draw lottery game (also known as an online terminal game) in which a player selects one number from 1 through 15, inclusive, for a chance to win a cash prize. The selection of a single number is one (1) "play."

(b) Players may choose play amounts of \$1.00, \$2.00, \$5.00, or \$10 per play. The play amount will determine the possible cash prize generated by the system. The prize structure and odds are set forth in subsection (2), below.

(c) For purposes of this rule, a "play slip" is defined as an original paper play slip issued and approved by the Florida Lottery for the CASH POP game or a digital play slip for the CASH POP game generated using the Florida Lottery Mobile Convenience App ("App"). Except where necessary to differentiate between a paper play slip and a digital play slip, the term "play slip" shall be inclusive of both types of play slips.

(d) Players may make their CASH POP ticket selections by: using a play slip; using a Florida Lottery vending machine ("vending machine"), if a vending machine for Draw game ticket purchases is available at the retailer location; telling the

retailer their desired selections; or by requesting the Play it Again feature.

(e) Play Slip.

1. Paper Play Slips.

a. A CASH POP paper play slip contains five (5) panels.

The manner of play described in this section is for a single panel; each of the five panels is played in the same manner. Each panel has three (3) sections.

The first section lists numbers one (1) to fifteen (15). On a play slip, players must mark at least one number to play. A player may mark additional numbers, up to fifteen (15) for additional plays. A player may mark the “Play All” spot to play all fifteen numbers. All numbers chosen are played in the next available drawing. A player may also mark Quick Pick (QP) for the terminal to randomly select one number. A player will mark his/her desired choice/s using blue or black ink or a pencil.

In the second section of a panel on a play slip, a player will mark the dollar amount he/she wishes to play. The possible play amounts are \$1.00, \$2.00, \$5.00, or \$10. Only one (1) play amount can be chosen per panel on a play slip, and the play amount chosen will be applied to each number played in that panel. If a player does not mark a dollar amount, the default will be \$1.00.

In the third section of a panel on the play slip, a player may select the number of consecutive drawings he/she wishes to play. (Consecutive drawings are also known as advance play.) The number of consecutive drawing choices are one (1), two (2), three (3), four (4), five (5), or ten (10). The count for the number of consecutive drawings includes the next available drawing for which a ticket is purchased. For example, choosing four (4) consecutive drawings will give the player a total of four (4) drawings, the next available drawing plus the next three (3) drawings for a total of four (4). If a player chooses one (1) consecutive drawing, only the next available drawing is played, and the player will have no additional drawings played. The number/s played and play amount will be the same for each consecutive drawing. Only one (1) value for the number of consecutive drawings can be chosen on a panel. If no number of consecutive drawings is chosen, the play is for the next available drawing only.

b. A separate ticket will be produced for each panel and for each drawing and will display all numbers chosen on the panel. A system-generated prize amount will print immediately beneath each number played. For each consecutive drawing, if any, a separate ticket will print, and the prize amount/s may differ for the number/s played. The prize amount/s in a subsequent drawing are not determinative or dependent on the prize amount/s of a previous drawing.

c. Players should carefully check their play slip for accuracy in their desired selections since CASH POP tickets cannot be cancelled. If an error is made in a panel, the player

will mark the Void box. Marking the Void box will apply to all choices made in a panel.

d. The total cost to play one (1) panel on a ticket is equal to the number of number/s played times the play amount times the number of consecutive draws.

e. The odds of winning a given prize are listed in subsection (2), below.

f. Each of the five (5) panels are played in the manner described above. One or more panels, up to five, may be played on a play slip. A ticket will be produced for each panel played and for each drawing played.

g. Paper play slips must be Florida Lottery approved. Paper play slips may be processed through a Florida Lottery full-service vending machine or processed by a Florida Lottery retailer to obtain a ticket.

2. Digital Play Slip. How to Create a Digital Play Slip. From the Landing Page on the App, a player should select the CASH POP game icon and then click on “Pick Numbers.” The player may either select his or her numbers from one (1) through (15) or use the “Random Numbers” or “Shake to Play” feature for the App to provide the player a random number. A player must also select the play amount (\$1.00, \$2.00, \$5.00, or \$10), which will apply to all numbers played, and, if more than the default of one drawing is desired, select the number of consecutive drawings. Players may also use the “My Favorites” feature to save the digital play slip for later use. Once a digital play slip is created and the player clicks “Create Playslip,” a barcode will be displayed. The player will present the barcode appearing on his or her mobile device to the retailer to purchase a ticket through the retailer terminal or may use the barcode to purchase a ticket through a vending machine. Illustrative instructions for creating a CASH POP digital play slip are available by clicking on the “How to Play” button on the main CASH POP page.

(f) Vending Machine. If a vending machine is available at a retailer location and if the vending machine has the options set forth herein, the vending machine may be used by a player to make Quick Pick selections; manual selections; and process both paper and digital CASH POP play slips.

(g) Telling the Retailer. Retailers are authorized to manually enter player choices. Players electing to make their CASH POP ticket selections by telling the retailer must specify the number/s desired to be played, the play amount, and the consecutive number of drawings. A player may also tell the retailer to use the quick pick feature for the terminal to randomly select one or more numbers (1 through 15). If Quick Pick is chosen by a player, a player must also tell the retailer the play amount and the number of consecutive drawings desired.

(h) Play it Again.

1. A player may request to “Play it Again” to replay a previously purchased CASH POP ticket. If requested, a retailer

shall process the original ticket provided by the player and print new ticket/s which will have the same selected number/s, play amount, and number of consecutive drawings as the original ticket, except as provided in subparagraph (1)(h)2., below. New possible prize amount/s will be generated.

2. In the event of a Lottery decision to step down the CASH POP game, an original ticket will be rejected and cannot be replayed if the number of drawings on the ticket exceeds the number of drawings that are available at the time of requested ticket replay. Tickets older than sixty (60) days cannot be replayed.

(2) CASH POP Prizes and Odds.

(a) The odds of any one of the numbers, one (1) through (15), coming up in a drawing are 1 in 15.

Any ticket sold after the close will be printed with the next available CASH POP draw date and time. Draw times and dates cannot be chosen by a player, and tickets purchased are for the next available drawing. Any consecutive drawings chosen by a player are those directly after the next available drawing.

(b) One number from one (1) through fifteen (15) will be selected in each drawing. Computer automated drawings will be used and verified by a certified public accounting firm. Animated versions/digital reveals will be available on the Florida Lottery’s website, and players can use the Florida Lottery App or visit a Lottery retailer to view the winning number or check their ticket to see if it’s a winner.

(c) The Florida Lottery shall not be responsible for incorrect circulation, publication, or broadcast of official winning numbers.

 FLORIDA FINDING OF NO SIGNIFICANT IMPACT (FFONSI)
 City of Newberry
 The Florida Department of Environmental Protection (DEP) has determined that the City of Newberry’s project, located in Alachua County, for the construction of a new 500,000 gallon Pedosphere Elevated Storage Tank is not expected to generate controversy over potential environmental effects. The total estimated construction cost is \$4,893,350 and the total capital cost is estimated at \$5,745,500. The project may qualify for a DWSRF loan composed of federal and state funds. DEP will consider public comments about the environmental impacts of the proposed projects that are postmarked or delivered at the address below within 30 days of this notice. A copy of the FFOESI can be obtained by writing: Gregg Caro, DEP, 3900 Commonwealth Blvd., MS 3505, Tallahassee, Florida 32399-3000, or calling (850)245-2982 or emailing Gregg.Caro@FloridaDEP.gov
