

Model Florida Charter School Application High-Performing Charter School System Replication Evaluation Instrument

Each section presents criteria for a response that meets the standard, and these criteria should guide the overall rating for the section. The Strengths and Weaknesses boxes provide space to identify data and other evidence that support the rating. The rationale for each rating is important, especially if some of the data or evidence does not fit neatly into the criteria provided.

Capacity Interview:

Applicants may have the opportunity to present their plan and demonstrate the team’s capacity to open and maintain a high-quality charter school as well as to answer questions about their proposal. Any information or evidence from the capacity interview that is used by the sponsor as a basis for denial of the application must be properly documented by means of a recording or transcript.

The following definitions should guide the ratings:

- Meets the Standard:** The response reflects a thorough understanding of key issues and demonstrates capacity to open and operate a quality charter school. It addresses the topic with specific and accurate information that shows thorough preparation and presents a clear, realistic picture of how the school expects to operate.
- Partially Meets the Standard:** The response addresses most of the criteria, but the responses lack meaningful detail and require important additional information.
- Does Not Meet the Standard:** The response lacks meaningful detail, demonstrates lack of preparation, or otherwise raises substantial concerns about the applicant’s understanding of the issue in concept or ability to meet the requirement in practice.

Authorizers are encouraged to align their application review process with the Florida Principles and Standards for Quality Authorizing.
