THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

5K-4.002 Adoption of Federal Regulations and Other Standards.

(1) No change.

~~(2) Retail Food Store Sanitation.~~

~~(a) The purpose of this rule is to adopt sanitation criteria, standards and requirements for retail food stores that protect foods during storage and display, and provide the public safeguards against purchase of unsafe or unwholesome foods.~~

~~(b) The provisions and requirements of Part 1, Chapters 1 through 7 of the "Model Retail Food Store Sanitation Code," jointly published in 1982 by the Association of Food and Drug Officials and the Food and Drug Administration, are hereby adopted by reference as rules under Chapter 500, F.S., and a copy is filed herewith. Interested persons may obtain copies of this code by contacting the Association of Food and Drug Officials, Post Office Box 3425, York, PA 17402, and copies are available for examination at the Florida Department of Agriculture and Consumer Services, Division of Food Safety, Bureau of Food and Meat Inspection, Tallahassee, Florida.~~

~~(c) The 1984 supplemental provisions and requirements to Chapters 1 through 7 of the "Model Retail Food Store Sanitation Code" relating to customer self-service of unpackaged (bulk) food are hereby adopted by reference as rules under Chapter 500, F.S., and a copy is filed herewith. Interested persons may obtain copies by contacting the Association of Food and Drug Officials, Post Office Box 3425, York, PA 17402, and copies are available for examination at the Florida Department of Agriculture and Consumer Services, Division of Food Safety, Bureau of Food and Meat Inspection, Tallahassee, Florida.~~

~~(2)(3) No change.~~

~~(4) Food Service Sanitation.~~

~~(a) The provisions and requirements of the United States Department of Health, Education and Welfare Publication No. (FDA) 78 2081 (Rev. June, 1978), Food Service Sanitation Manual, Part IV, Chapters One through Nine, are hereby adopted by reference as rules under Chapter 500, F.S. Interested persons may obtain copies of this publication by contacting the U.S. Government Printing Office. Copies are available for examination at the Florida Department of Agriculture and Consumer Services, Division of Food Safety, Bureau of Food and Meat Inspection, Tallahassee, Florida.~~

~~(b) The term "extensively remodeled" as used in the above referenced publication is defined as "structural changes to existing establishments which cost in excess of 50% of the assessed value to the facility as determined by the county property appraiser."~~

~~(c) The requirements and sanitation criteria of this rule apply to all food service activity within and associated with food establishments and retail food stores permitted and inspected by the department.~~

~~(3)(5) No change.~~

~~(4)(6) Food Code – Provisions Adopted Temperatures — Revision.~~

~~(a) Chapters 1-7 Sections 3-202.11, 3-401.11 through 3-401.15, 3-402.11, 3-403.11, and 3-501.12 through 3-501.16 of the "Food Code 1999 1995" published by the U.S. Public Health Service of the U.S. Department of Health and Human Services (1999 Sept. 1995), are hereby adopted by reference as a rules under Chapter 500, F.S., except for the following provisions:~~

~~1. 1-201.10(B)(31), (32), (87)~~

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

CHAPTER 61H1-38  
CERTIFIED PUBLIC ACCOUNTANT EDUCATION  
MINORITY ASSISTANCE PROGRAM

61H1-38.001 Definitions.

Minority – As used herein, the term “minority” shall have the same meaning as set out in Section 288.703(3), F.S.

Specific Authority 473.3065(3) FS. Law Implemented 473.3065 FS. History–New \_\_\_\_\_.

61H1-38.002 Fifth Year of Accounting Education Program.

As used in Section 473.3065(1), a student will be deemed to be enrolled in the “fifth year of accounting education program” so long as the student has completed or is in the final semester of completing a minimum of one hundred and twenty (120) semester hours of academic credit and either is in the process of matriculation in an academic program of higher learning in this state that will result in completion of at least thirty (30) semester hours in excess of that required for a baccalaureate degree or, when the scholarship authorized under Section 473.3065, F.S., will be awarded, has been accepted into and will be enrolled in a different program of higher learning at an approved institution of higher learning in this state that will result in the completion of at least thirty (30) semester hours in excess of that required for a baccalaureate degree. Any program meeting this definition must be configured such that successful completion of the program will qualify a candidate to take the CPA examination on Florida under the provisions of Chapter 473, F.S., and the rules promulgated thereto.

Specific Authority 473.3065(3) FS. Law Implemented 473.3065 FS. History–New \_\_\_\_\_.

61H1-38.003 General Requirements.

Approved Institutions – Residency scholarships will only be awarded to students who are Florida residents and who are enrolled in the fifth year of an accounting education program in an institution of higher learning in this state which is accredited by one of the accrediting bodies set forth in Rule 61H1-27.001, F.A.C.

Specific Authority 473.3065(3) FS. Law Implemented 473.3065 FS. History–New \_\_\_\_\_.

61H1-38.004 Eligibility Criteria.

A student who meets the foregoing general criteria shall be eligible to be chosen to receive a scholarship so long as the following criteria are met:

(1) Applicants must demonstrate a financial need which is defined as the cost of attendance at an institution of higher education less the expected family contribution and any gift aid for which the student is entitled. “Cost of attendance” is defined as a Board approved estimate of the expenses incurred by a typical financial aid student attending college. It includes direct educational costs (tuition, supplies, computers) as well as indirect costs (room and board, transportation, laundry, child care and personal expenses). Applicants will be required to authorize the Certified Public Accountant Education Minority Assistance Advisory Council (Council) to verify information submitted including financial assistance and educational costs. It is the intent that scholarship money from this source should not affect a student’s eligibility for other scholarships, but should reduce their self-help aid. However, the Council shall take other assistance into consideration when determining a student’s eligibility for a scholarship under this section.

(2) Applicants must be enrolled as full-time students in a fifth year accounting program as defined in 473.306(2), F.S., at an approved institution as defined in 61H1-27.001, F.A.C., and declared a major in accounting.

(3) Applicants must demonstrate scholastic ability of a minimum undergraduate grade point average of 2.5 based on a 4.0 scale.

(4) Applicants must academically in good standing as defined by the college or university.

(5) Applicants must be of “good moral character” as that term is defined in Section 473.306(4)(a), F.S.

(6) All applications must be postmarked by May 1 of the year to which the scholarship will apply.

Specific Authority 473.3065(3) FS. Law Implemented 473.3065 FS. History–New \_\_\_\_\_.

61H1-38.005 Scholarships.

(1) Scholarships will be awarded in the amount of \$3,000.00 per semester up to a maximum of two (2) semesters.

(2) Scholarship checks will be made payable jointly to the institution and the student and will be mailed during August for those enrolled in the fall term and during December for those enrolled in the winter term.

(3) A maximum of \$100,000.00 may be expended for all scholarships each year.

(4) A minimum of \$1,000.00 must be maintained in the program account.

Specific Authority 473.3065(3) FS. Law Implemented 473.3065 FS. History--New

61H1-38.006 Terms for Council Members.

Initial terms will be phased in by appointing two (2) members for a two (2) year term to expire December 31, 2000, and two (2) members to a three (3) year term to expire December 31, 2001. Thereafter all terms will be three (3) years except for the Board Member who shall be appointed annually by the Board Chair.

Specific Authority 473.3065(3) FS. Law Implemented 473.3065 FS. History--New

61H1-38.007 Fees.

An equal assessment per license out of existing licensing fees, as set forth in Section 473.3065, Florida Statutes, and not to exceed \$10 per license shall be made in an amount needed to collect \$105,000.00 during the first fiscal year of the fund and to collect \$100,000.00 per fiscal year thereafter in order to fund the authorized scholarships.

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

64B5-2.013 Examination Grading System and Examination Requirements for Dental Examination.

(1) through (2) No change.

(3) The clinical (or practical) examination for dental licensure shall consist of and be graded as to each part as follows:

- (a) Class II amalgam on a patient 25%
- 1. Preparation 2/3
- 2. Restoration 1/3
- (b) Periodontal exercise on a patient 15% ~~20%~~

1. Definitive debridement (root planing, curettage, deep scale, stain removal)  
 (c) An objective ~~discrimination~~ type examination with respect to dental prosthetics in which candidates will view and evaluate photographs of exhibits of complete, fixed, partial, and removable partial prosthetics. ~~These~~ ~~Such~~ exhibits shall include but not be limited to one or more of the following: impressions, denture set-ups, study models, master casts, wax rims, partial denture frameworks, bite registrations, crowns, bridges, crown and bridge dies and preparations, and radiographs 10%

articulated models, photographs, and prescriptions for complete dental prosthetics, fixed partial prosthetics, and removable partial prosthetics. 15%

(d) Class II composite restoration on a specified model ~~Pin amalgam on a mannequin~~ 10%  
 1. ~~Preparation~~ 2/3  
 2. ~~Restoration~~ 1/3

(e) Endodontic Procedure on an extracted tooth 10%

(f) Preparation for a 3-unit fixed partial denture on a specified model. 20%  
~~examination for a cast restoration.~~ 10%

(g) Class IV composite restoration on a specified model 5% 10%

(h) Class II amalgam restoration on a specified model 5%

(4) The grading of the clinical portion of the dental examination shall be based on the following criteria:

(a) Class II amalgam on a patient:

1. Preparation:

a. through e. No change.

f. management of soft tissue

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the procedure. The criteria do not have assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if caries remain; if gross overcutting occurs; if mechanical exposure occurs; if the

preparation is prepared or attempted to be prepared on the wrong tooth or wrong surface; or if the candidate fails to attempt or complete the procedure.

2. Restoration:

a. functional anatomy – appropriate occlusal and interproximal anatomy

b. proximal contour and contact – contact is considered present if there is definite, but not excessive ~~when~~ resistance to the passage of dental floss through the contact area is met with specified floss given at the time of the exam

c. margins

d. gingival overhang – overhang is considered to be excess amalgam in either a proximal or gingival direction at the gingival cavosurface margin

e. proper handling of material including but not limited to condensation and finishing

~~f.e.~~ management of soft tissue

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner could result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if there is a ~~total~~ lack of contact; gross overhang; tissues grossly mutilated (may require suturing or surgical intervention); if the preparation for the restoration is prepared or attempted to be prepared on the wrong tooth or wrong surface; or a failure to attempt or complete the procedure.

(b) No change.

1. Definitive debridement (root planing, curettage, deep scale, stain removal):

a. diagnosis

~~b.a.~~ presence of stain on assigned teeth

~~c.b.~~ presence of supra-gingival calculus on assigned teeth

~~d.e.~~ presence of sub-gingival calculus on assigned teeth

~~e.d.~~ root roughness on assigned teeth

~~f.e.~~ tissue management of soft tissue

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if there is

~~gross mutilation of gingival tissue or if the candidate fails to attempt or complete the procedure is not attempted or completed or if there is gross mutilation of gingival tissue.~~

(c) Endodontic Procedure on an extracted tooth:

1. Access preparation:
  - a. outline form
  - b. straight line access to all canals
  - c. presence of remaining adequate dentin
2. Canal identification
3. Instrumentation and shaping of canals
4. Proper filling of the canal spaces with gutta percha

It is the intent of the Board that each of the criteria be accorded equal importance in grading. Equal importance does not mean that each criterion has a numerical or point value, but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if:

~~a:~~ a perforation occurs; ~~b:~~ the candidate fails to retrieve, or fails to successfully instrument around a broken instrument; ~~c:~~ the preparation is prepared or attempted to be prepared on the wrong tooth; or ~~d:~~ the candidate fails to attempt or complete the procedure.

(d) Dental prosthetics written practical: The examination shall be objective, with identifiable correct answers. A scaled score shall be derived by multiplying the percent of questions answered correctly by five (5).

(e) Preparation for a 3-unit fixed partial denture on a specified model of a posterior tooth assigned by the Board at the beginning of the examination for a cast restoration.

1. Preparation:

- a. outline form – all prepared surfaces smooth, absence and absent of all undercuts and exhibiting appropriate parallelism
- b. depth – occlusal reduction and axial reduction
- c. retention – all axial walls draw from gingival margin with resistance to displacement
- d. appropriate margins for gingival bevel, if indicated by the assigned preparation
- e. mutilation of opposing or adjacent teeth
- f. management of soft tissue

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but

are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if the preparation is prepared or is attempted to be prepared on the wrong tooth or wrong surface; if the wrong type of preparation is performed or attempted to be performed or if the candidate fails to attempt or complete the procedure.

(f) Restoration of a Class II Amalgam with a cusp replacement on a specified model.

1. Restoration

- a. functional anatomy – appropriate occlusal and interproximal anatomy
- b. proximal contour and contact – contact is considered present if there is definite, but not excessive, resistance to the passage of dental floss through the contact area

c. margins

d. gingival overhang – overhang is considered to be excess amalgam in either a proximal or gingival direction at the gingival cavosurface margin

e. proper handling of material including but not limited to condensing and finishing

f. management of soft tissues

(f) Pin Amalgam on a mannequin:

1. Preparation:

- a. outline form
- b. depth
- c. retention
- d. pin placement
- e. mutilation of opposing or adjacent teeth

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if there is lack of contact; gross overhang; if the restoration is completed or attempted to be completed on the wrong tooth or wrong surface; gross overcutting occurs; if a pinhole extends outside the surface of the tooth or the tooth is irreparably fractured by the placement of a pinhole; if the preparation is prepared or attempted to be prepared on the wrong tooth or wrong surface; or if the candidate fails to attempt or complete the procedure.

(g) 2- Restoration of a Class IV composite resin on a specified model (Pre-prepared Class IV Preparation):

1. a: functional anatomy – appropriate occlusal, incisal and interproximal anatomy

~~2.b.~~ proximal contour and contact – contact is considered present if there is definite, but not excessive, resistance with dental floss through the contact area when resistance is met with specified floss given at the time of the exam

3.e. margins

~~4.d.~~ gingival overhang – overhang is considered to be excess composite resin amalgam in either a proximal or gingival direction at the gingival cavosurface margin

5. proper handling of material including but not limited to condensing, curing, and finishing

6. re-establishment of correct tooth morphology

7.e. management of soft tissues

8. mutilation of adjacent tooth structure or restoration during finishing procedures

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if the preparation for the Class IV lesion is prepared or attempted to be prepared or the restoration is completed or attempted to be completed on the wrong tooth or wrong surface; if the interproximal contact has not been re-established; there is no contact; gross overhang; if simulated tissue of surrounding dentoform is grossly mutilated; if the preparation or restoration is prepared or is attempted to be prepared on the wrong tooth or wrong surface; or if the candidate fails to attempt or complete the procedure.

(h) Restoration of a Class II composite resin with cusp replacement on a specified model

~~(g) Class IV composite restoration on a specified model (Pre-prepared Class IV Preparation).~~

1. functional anatomy – appropriate occlusal, ~~incisal~~ and interproximal anatomy

2. proximal contour and contact – contact is considered present if there is definite, but not excessive, resistance to the passage of dental floss through the contact area

3. margins

4. gingival overhang – overhang is considered to be excess composite resin restoration in either a proximal or gingival direction at the gingival cavosurface margin

5. proper handling of material including but not limited to condensing, curing, and finishing

~~6.5.~~ re-establishment of correct tooth morphology appearance; color tint and hue

7.6. management of soft tissue

~~8.7.~~ mutilation of adjacent tooth structure or restoration during finishing procedures

It is the intent of the Board that each of the criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed procedure potentially useless or harmful to the patient in the judgment of the examiner, will result in a failing grade on the procedure. The criteria do not have any assigned numerical or point value but are to be utilized in making a holistic evaluation of the procedure. However, a grade of zero (0) is mandatory if the preparation for the Class IV Lesion or the restoration is completed or is prepared or attempted to be completed prepared on the wrong tooth or wrong surface; if there is lack of contact; interproximal contact has not been re-established; gross overhang; or if the candidate fails to attempt to complete the procedure.

5F-2.001 Standards.

(1) Gasoline.

The following specifications apply to gasoline sold or offered for sale in Florida. Specific variations or exemptions may be made by the Department of Agriculture and Consumer Services for gasoline designed for special equipment or service.

(a) Standards. All gasoline shall conform to the chemical and physical standards for gasoline as set forth in the American Society for Testing and Materials designation D 4814-98a ~~D 4814-97b~~, "Standard Specification for Automotive Spark-Ignition Engine Fuel."

(b) Analysis. For purposes of inspection and testing, laboratory analyses shall be conducted using the methods recognized by the American Society for Testing and Materials designation D 4814-98a ~~D 4814-97b~~, "Standard Specification for Automotive Spark-Ignition Engine Fuel."

(c) No person shall sell or offer for sale gasoline in this state that does not comply with the following requirements:

1. The total ethanol content of gasoline shall not exceed ten percent (10.0%), by volume;

2. The total methanol and co-solvents content of gasoline shall not exceed ten percent (10.0%), by volume;

3. The total methyl tertiary butyl ether (MTBE) content of gasoline shall not exceed fifteen percent (15.0%), by volume;

4. The total ethanol and methyl tertiary butyl ether (MTBE) content of gasoline shall not exceed twelve percent (12.0%), by volume.

(2) Kerosene (Kerosine). The following specifications apply to kerosene No. 1-K and No. 2-K sold or offered for sale in Florida.

(a) Standards. All kerosine No. 1-K and No. 2-K shall conform to the chemical and physical standards for kerosene No. 1-K and No. 2-K as set forth in the American Society for Testing and Materials designation D 3699-98 ~~D 3699-96a~~, "Standard Specification for Kerosine."

(b) Analysis. For purposes of inspection and testing, laboratory analyses shall be conducted using the methods recognized by the American Society for Testing and Materials designation D 3699-98 ~~D 3699-96a~~, "Standard Specification for Kerosine."

(3) Diesel Fuel Oils No. 1-D and No. 2-D. The following specifications apply to diesel fuel oils No. 1-D and No. 2-D sold or offered for sale in Florida.

(a) Standards. All diesel fuel oils No. 1-D and No. 2-D shall conform to the chemical and physical standards for diesel fuel oils No. 1-D and No. 2-D as set forth in the American Society for Testing and Materials designation D 975-98a ~~D 975-97~~ "Standard Specification for Diesel Fuel Oils."

(b) Analysis. For purposes of inspection and testing, laboratory analyses shall be conducted using the methods recognized by the American Society for Testing and Materials designation D 975-98a ~~D 975-97~~, "Standard Specification for Diesel Fuel Oils."

(4) Fuel Oils No. 1 and No. 2. The following specifications apply to fuel oils No. 1 and No. 2 sold or offered for sale in Florida.

(a) Standards. All fuel oils No. 1 and No. 2 shall conform to the chemical and physical standards for fuel oils No. 1 and No. 2 as set forth in the American Society for Testing and Materials designation D 396-98 ~~D 396-97~~, "Standard Specification for Fuel Oils."

(b) Analysis. For purposes of inspection and testing, laboratory analyses shall be conducted using the methods recognized by the American Society for Testing and Materials designation D 396-98 ~~D 396-97~~, "Standard Specification for Fuel Oils."

(5) Water in Retail Storage Tanks. Water in storage tanks containing products enumerated in this section and from which products are sold at retail shall not exceed two inches in depth when measured from the bottom of the tank.

(6) Materials. The following materials are hereby incorporated by reference. Copies of these publications may be obtained from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428.

RULE CHAPTER TITLE: Florida Building Commission – Handicapped Accessibility Standards

RULE CHAPTER NO.: 9B-7

RULE TITLE: Florida Accessibility Code for Building Construction Adopted

RULE NO.: 9B-7.0042

PURPOSE AND EFFECT: To adopt by reference the 1999 revisions to the 1997 Florida Accessibility Code for Building Construction (the Code). The proposed 1999 revisions consist of amending Section 4.17.3 (Exception: New Construction) to reference Figure 30(e), and amending Figure 30 to add the new proposed Figure 30(e). The main reason for this proposed revision is to eliminate perceived confusion among the building design professionals regarding whether a lavatory must be contained in a new accessible stall. The proposed revision will provide the building designers with a new illustration “Figure 30(e)” which will clearly depict the intent of the Code requirement that a new accessible stall must contain a lavatory.

SUMMARY: Adopts the 1999 revisions to the Florida Accessibility Code for Building Construction. The revision includes a new drawing showing the required lavatory in new accessible bathroom stalls.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: None.

3F-6.003                    Cemetery By-laws  
                                  NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 25, No. 9, March 5, 1999, issue of the Florida Administrative Weekly. The changes are being made in response to written comments submitted by the staff of the Joint Administrative Committee. The Board, at its meeting of May 26, 1999, voted to make changes to the rule. When changed, Rule 3F-6.003 shall read as follows:

3F-6.003 Cemetery By-laws.

(1) Any by-laws which had been submitted to the Department of Banking and Finance and approved prior to the effective date of Chapter 93-399, Laws of Florida (September 30, 1993), shall remain in full force and effect so long as such by-laws do not conflict with the provisions of Chapter 497, F.S., or the rules promulgated thereto.

(2) A cemetery company which seeks to amend its existing by-laws need only submit to the Board of Funeral and Cemetery Services the amendments thereto and those sections of the by-laws which are affected by such amendments.

(3) Upon receipt of a set of proposed by-laws or amendments thereto, the Department shall publish notice of the filing of such by-laws or amendments thereto in the Florida Administrative Weekly and a newspaper of general circulation in the county in which the applicant cemetery is located, so that substantially affected parties may file comments. A period of thirty days for such comments shall be provided.

(4) Upon receipt of proposed by-laws or amendments thereto and any comments thereon provided by the published notice, the Executive Director of the Board of Funeral and Cemetery Services shall provide the cemetery and the substantially affected persons with an informal conference in accordance with the DBF-BY-LAW1, effective June 1, 1999, which is hereby incorporated by reference and available by mail from the Department of Banking and Finance, Division of Finance, The Fletcher Building, 101 East Gaines Street, Tallahassee, Florida 32399-0350. Within fifteen (15) days after the conclusion of the informal conference, the Executive Director shall forward a recommendation to the Board and give notice to all affected persons that filed written comments of the

time and place when the Board of Funeral and Cemetery Services will consider the proposed by-laws or amendments thereto.

(5) If the by-laws or amendments thereto are approved by the Board of Funeral and Cemetery Services, a notice shall be published in the Florida Administrative Weekly announcing the approval and the date the approval will become effective. The notice shall inform substantially affected parties who object to the by-laws that they may request a hearing in accordance to Chapter 120, Florida Statutes.

NOTICE OF CABINET AGENDA ON JUNE 22, 1999

The Governor and Cabinet, on June 22, 1999, sitting as head of the Department of Revenue, will consider approving the creation of Rule 12-3.011, FAC, Department Personnel Disciplinary Procedures and Standards. The proposed rule establishes provisions governing all employees' professional and ethical obligations, and also establishes standards and procedures that will be applied by the Department of Revenue when an employee fails to comply with the disciplinary standards. The proposed rule was originally noticed in the Florida Administrative Weekly of April 9, 1999, Vol. 25, No. 14, pp. 1557-1568. A public hearing on the proposed rule was held on May 5, 1999. No comments were received at the public hearing. Subsequent to the public hearing, the Joint Administrative Procedures Committee of the Florida Legislature submitted written comments. A Notice of Change addressing the Committee's comments has been submitted for publication in the Florida Administrative Weekly.

**DEPARTMENT OF REVENUE**

RULE NO.: 12-3.011  
 RULE TITLE: Department Personnel Disciplinary Procedures and Standards

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., 1998 Supplement, published in the Vol. 25, No. 14, pp. 1557-1568, April 9, 1999, issue of the Florida Administrative Weekly.

**NOTICE OF CABINET AGENDA ON JUNE 22, 1999**

The Governor and Cabinet, on June 22, 1999, sitting as head of the Department of Revenue, will consider approving the creation of Part II of Rule Chapter 12-25, FAC, Certified Audit Program, which consists of new rules 12-25.0305, 12-25.031, 12-25.033, 12-25.035, 12-25.037, 12-25.038, 12-25.039, 12-25.041, 12-25.042, 12-25.045, 12-25.047, 12-25.048, 12-25.049, 12-25.050. These proposed rules establish a new tax compliance activity known as the certified audit program, which allows a taxpayer to voluntarily employ a CPA firm, at the taxpayer's expense, to examine and report on the taxpayer's compliance with Florida's tax laws. The proposed rules were originally noticed in the Florida Administrative Weekly of May 9, 1999, Vol. 25, No. 20, pp. 2421-2427. A public hearing on these proposed rules will be held on June 14, 1999.

**DEPARTMENT OF REVENUE**

**NOTICE OF CABINET AGENDA ON JUNE 22, 1999**

The Governor and Cabinet, on June 22, 1999, sitting as head of the Department of Revenue, will consider approving proposed amendments to Rule 12A-1.043 (Manufacturing) and Rule 12A-1.051 (Sales to or by Contractors Who Repair, Alter, Improve and Construct Real Property), FAC. The proposed amendments to Rules 12A-1.043 and 12A-1.051, FAC, exclude certain overhead items from the manufactured or fabricated cost on which use tax is based when taxpayers manufacture or fabricate items for their own use.

The proposed rules were originally noticed in the Florida Administrative Weekly of May 7, 1999, Vol. 25, No. 18, pp. 2177-2180. A public hearing on these proposed rule amendments was held on June 1, 1999. Testimony of a general nature concerning the concept of fabricated cost was received at the public hearing, but no specific changes to the proposed rules were suggested or requested. No written comments were submitted.

**CHANGE NOTICE**

**SUMMARY OF CHANGE:** Notice is hereby given that the notice of rulemaking for the above rules, as published in Vol. 25, No. 21, May 28, 1999, Florida Administrative Weekly, has been changed to reschedule the hearing date and time as follows:

IF REQUESTED WITHIN 21 DAYS OF THE MAY 28, 1999, PUBLICATION OF THE NOTICE OF RULEMAKING, A HEARING WILL BE HELD AT THE TIME, DATE AND PLACE SHOWN BELOW:

TIME AND DATE: 10:00 a.m., June 24, 1999

PLACE: Haydon Burns Building Auditorium, 605 Suwannee Street, Tallahassee, Florida

The hearing is rescheduled upon the recommendation of the Joint Administrative Procedures Committee because the originally scheduled date was less than 21 days from publication of the Notice of Rulemaking.

Also, in the May 28, 1999 notice, the word "no" was left out of the SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS section. The sentence should have read: "no statement of Estimated Regulatory Cost has been prepared".

**RULE CHAPTER NO.:** 28-20  
**RULE CHAPTER TITLE:** Land Planning Regulations for the Florida Keys Area of Critical State Concern, Monroe County

**RULE NO.:** 28-20.100  
**RULE TITLE:** Comprehensive Plan

**NOTICE OF CHANGE**

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in the May 7, 1999, issue of the Florida Administrative Weekly, Vol. 25, No. 18. The changes are in response to written comments received from the Joint Administrative Procedures Committee and interested persons

and from comments received during public hearings. Reference to House Bill 1993 will be replaced with the appropriate Chapter Law citation as soon as available. The proposed rule 28-20.100, F.A.C. was changed to read as follows:

28-20.100 Comprehensive Plan.

The Monroe County Comprehensive Plan Policy Document and Map Atlas, which are adopted by Monroe County Ordinance 016-1993, are hereby amended as follows:

(1) 2.0 General, is amended to add:

Policy 4

Monroe County shall be responsible to implement the Comprehensive Plan to the extent authorized by law. While all plan policies are contingent upon funding, many require substantial funds in order to be implemented. Therefore, the County shall be responsible to implement the objectives and policies enumerated in Policy 1 (a) and (b) above, to the extent that local funds for implementation are available, and to maintain and continue implementation to the extent that additional local funds or state and federal funds, become available. Further, the County, with the assistance of the State, shall determine the ultimate fiscal cost of implementing the plan and the federal, state and local fair share of implementation. By June 13, 2000, Within one year of the effective date of the plan, the County, with the assistance of the Environmental Protection Agency and the Department of Community Affairs, shall report to the Legislature the full fiscal cost of implementing the plan, the state and local shares of such implementation, and shall include recommendations for funding initiatives and alternatives for implementation. The report shall include a full cost/benefit analysis relative to the costs of providing facilities and services to development in the county as compared to the costs of acquiring the remaining undeveloped land. ~~These recommendations shall be presented to the Florida Legislature within one year of the effective date of this plan. The state shall seek the assistance of the Advisory Council for Intergovernmental Relations, if available, to implement the objective and its supporting policies.~~

(35) Policy 101.2.13

Monroe County shall establish an interim Permit Allocation System for new residential development. The interim Permit Allocation System shall supersede Policy 101.2.1 and remain in place until such time as Monroe County determines its

future growth capacity based on hurricane evacuation, public safety and environmental needs including water quality and habitat protection, and amends its plan consistent with such determination, based on the results of the work program as set forth below. DEP, DOH, DCA and Monroe County shall develop a coordinated permit review process that will insure that no state agency shall issue a wastewater disposal permit that would allow development in excess of the number of permits that Monroe County may issue under this interim policy. Similarly, Monroe County shall not issue development permits under this interim policy in excess of wastewater disposal permits that DEP or DOH may issue. For Years 3 and 4 of the Work Program, the interim Permit Allocation System shall allow a minimum of 88 new residential permits per year which may be used to address the backlog of ROGO allocations. Additional new residential permits will be allowed but limited to the number of permits issued for new residential development to the number of nutrient reduction credits earned cesspits replaced within the same unincorporated ROGO area. Nutrient reduction credits earned using funds provided by the State and matched by the County in fiscal years 1997-98 and 1998-99 will be used to offset the nutrient impacts of the 88 new residential permits per year, but may not be used for additional new residential permits until such time as these funds generate more than 88 nutrient reduction credits for Years 3 and 4. For Year 5, the interim Permit Allocation System shall allow a minimum of 88 new residential permits. If fewer than 88 nutrient reduction credits are earned in Year 5, the deficit shall be made up in Year 6 prior to issuance of any new permits. For Year 6 and beyond, the interim permit allocation system shall limit the number of permits issued for new residential development to the number of nutrient reduction credits earned within the same unincorporated ROGO area, but For all years the number of permits issued for new residential development under the Rate of Growth Ordinance shall not exceed a total unit cap of 182 255 new residential units per year. Monroe County shall develop a tracking system for monitoring the nutrient reduction credits earned cesspit replacements. The tracking system shall commence upon the effective date of this rule and the number of nutrient reduction credits earned cesspits replaced shall be cumulative and may be applied to future years of the interim Permit Allocation System.

Additionally, the unit cap for new residential development shall be linked to the following work program which identifies actions necessary to correct existing wastewater and storm water problems, as well as actions necessary to determine appropriate future growth. Beginning ~~August 1, 2000~~ January 15, 1998, and each year of the work program thereafter, Monroe County and the Department of Community Affairs shall report to the Administration Commission documenting the degree to which the work program objectives for that year have been achieved. The Commission shall consider the findings and recommendations provided in those reports and shall determine whether substantial progress has been achieved toward accomplishing the ~~tasks overall objectives~~ of the work program. If the Commission determines that substantial progress has not been made, the unit cap for new residential development shall be reduced by at least 20 percent for the following year. If the Commission determines that substantial progress has been made, then the Commission shall increase the unit cap for new residential development for the following year up to a maximum of 227 units. Other agencies identified in the work program, or any interested persons, may likewise report and make recommendations for consideration by the Commission. Notwithstanding any other dates set forth in this plan, the dates set forth in the ~~five-year~~ work program shall control where conflicts ~~may~~ exist. For each task in the work program, the Department of Community Affairs shall request of all relevant and appropriate federal, state, regional, and local agencies that they contribute any relevant data, analysis and recommendations, and that they take an active role in assisting the county in completing the task. Each such agency shall prepare, in coordination with the county, a section to be included in Monroe County's reports which indicates the agency's actions relative to the work plan. The Department of Community Affairs shall specifically request that the Florida Keys National Marine Sanctuary (~~FKNMS~~) Water Quality

Protection Program Steering Committee (Water Quality Steering Committee) take an active role in coordinating with Monroe County, and relevant state and federal agencies, in the implementation of the tasks related to water quality, ~~and~~ wastewater and storm water facilities, and in the development and implementation of the carrying capacity study. The Steering Committee will provide technical assistance and substantive comments and recommendations to ensure that the county's wastewater and storm water master plans and the carrying capacity study are ~~is~~ consistent with the objectives of the FKNMS Water Quality Protection Program. The Steering Committee will make recommendations on wastewater systems and Hot Spot priorities prior to implementation by the County. It is the intent of this rule to accelerate the pace, and increase the effectiveness of the current cesspit replacement effort through both a regulatory and an incentive-based program. No later than August, 1999 Monroe County shall engage in a public education program to ensure that the public understands that the County is committed to the swift identification and replacement of cesspits, as a full partner with the Department of Health. The public education program shall explain the role of cesspit removal in the overall context of the Work Plan and Wastewater Master Plan. The County and the state shall request the participation of the Steering Committee in the public education program as well as the Florida Keys Aqueduct Authority.

FIVE YEAR WORK PROGRAM<sup>1</sup>

YEAR ONE (ending December 31, 1997)

1. On March 9, 1999, the Administration Commission determined that substantial progress toward the work program objectives had not been made and authorized rulemaking to amend the work program beginning in Year Three. Work program tasks from years One and Two not completed by the end of Year Two were included as tasks in subsequent years of the work program.

A. Complete Phase I (data collection) for the Wastewater and Storm Water Master Plans, and secure funding for plan completion. (Ref. County obj. 901.4)

Agencies: County, DCA, DEP, DOH and SFWMD.

B. Complete a conceptual plan or scope of work to develop a carrying capacity. The carrying capacity analysis shall be designed to determine the ability of the Florida Keys ecosystem, and the various segments thereof, to withstand all impacts of additional land development activities. The analysis shall be based upon the findings adopted by the Administration Commission on December 12, 1995, or more recent data that may become available in the course of the study, and shall be based upon the benchmarks of, and all adverse impacts to, the Keys land and water natural systems, in addition to the impact of nutrients on marine resources. The carrying capacity analysis shall consider aesthetic, socioeconomic (including sustainable tourism), quality of life and community character issues, including the concentration of population, the amount of open space, diversity of habitats, and species richness. The analysis shall reflect the interconnected nature of the Florida Keys' natural systems, but may consider and analyze the carrying capacity of specific islands or groups of islands and specific ecosystems or habitats, including distinct parts of the Keys' marine system. (Ref. 1991 Stip. Settlement Agreement)

Agencies: County, DCA, DEP, DOH, DOT, GFC, SFWMD, NMS, SFRPC, EPA, USFWS, Army COE, and other interested parties to include representatives of environmental organizations and development interests.

C. Complete AWT/OSDS demonstration study and initiate rulemaking for new standards for OSDS. (Ref. County pol. 901.4.3)

Agencies: DOH.

D. Complete Marathon Facilities Plan and secure funding for the facility site(s). The wastewater facilities plan should implement the most cost effective method of collecting, treating, and disposing of wastewater, and shall include an investigation of the feasibility of using alternative nutrient-stripping on-site disposal systems. The development of the facilities plan shall be a component of the Wastewater Master Plan as that Plan is developed.

Agencies: County, DCA and DEP.

E. Continue cesspit elimination process with identification of Hot Spots as first priority in accordance with Objective 901.2, and seek funding for cesspit identification. Enter into an interlocal agreement with DOH to specify the responsibilities and procedures for the OSDS inspection/compliance program as required by Policy 901.2.3. Adopt an ordinance which specifies the implementation procedures for the OSDS inspection/compliance program. The ordinance shall include authorization for DOH to inspect wastewater treatment systems on private property as required by Policy 901.2.3. (Ref. County obj. 901.2)

Agencies: County, DCA and DOH.

F. Submit status of CARL and ROGO land acquisition to the Administration Commission.

Agencies: County, Land Authority and DEP.

G. Revise the Habitat Evaluation Index (HEI) based on peer review.

Agencies: County, DCA, DEP, GFC and Federal agencies.

YEAR TWO (ending December 31, 1998)

A. Complete the Wastewater and Storm Water Master Plans and execute interagency agreements to define construction schedule by phases. Document that significant reduction in nutrients will be achieved each year thereafter within each of the sub-areas. The Master Plans shall include facility plans for all proposed treatment strategies, and determine retrofit and funding requirements for Hot Spots and cesspits identified in D. below.

Agencies: County, DCA, DEP and DOH.

B. Secure funding for the carrying capacity study and initiate Phase I (data collection) of the study.

Agencies: County and DCA.

C. Complete final design for Marathon Facilities Plan and secure facility site(s).

Agencies: County, DCA and DEP.

D. Complete cesspit ID process in Hot Spots, excluding the Marathon area.

Agencies: County, DCA and DOH.

E. Submit status of CARL and ROGO land acquisition to the Administration Commission.

Agencies: County, Land Authority, GFC and DEP.

F. Document the extent and quality of the fresh groundwater lens system on Big Pine Key; delineate the associated recharge areas; and determine the safe yield of the system. (Ref. County pol. 103.1.5)

Agencies: County, DCA, SFWMD, USFWS.

YEAR THREE (January 1, 1999 through July 12, 2000 ~~ending December 31, 1999~~)

A. Complete and begin implementation of Wastewater Master Plan. Utilizing the findings of the Wastewater Master Plan and recommendations of the Water Quality Steering Committee relating to Hot Spots do the following: refine and prioritize areas identified as Hot Spots, determine retrofit and funding requirements for priority Hot Spots and cesspit replacement for areas outside those areas identified for central or cluster wastewater collection systems, and begin developing facility plans for priority Hot Spots. Execute interagency agreements to define facility plan, design and construction schedules for each Hot Spot facility. Establish a water quality monitoring program to document the reduction in nutrients as a result of these facilities. Complete a wastewater treatment finance plan and a service area implementation plan, and continue efforts to secure funding for Wastewater Master Plan implementation, with priority given to Hot Spots. Determine the feasibility and legal ramifications of establishing an escrow

account as a means of providing long-term funding for replacing cesspits or substandard onsite sewage systems. Establish a mechanism such as special assessments, impact fees, infrastructure surcharge, or other dedicated revenues, to fund the local share of wastewater improvements in Years Four and Five. Seek to provide comparable subsidies for both wastewater collection systems and individual cesspit replacement. Secure funding to implement the Wastewater and Stormwater Master Plans; complete land acquisition and final design for selected treatments strategies as defined by the Master Plans for each sub-area.

Agencies: County, FKAA, DCA, DEP, DOH, SFWMD, EPA and Water Quality Protection Program Steering Committee (WQSC).

B. Secure funding for Storm Water Master Plan development, contract selected firm for development of Master Plan, and complete Phase I (data collection). Determine the feasibility of providing nutrient reduction credits for stormwater improvements.

Agencies: County, DCA, DOT, SFWMD, EPA and WQSC.

C.B. Conclude acquisition of North Key Largo Hammocks CARL project. Make offers to 33% of remaining private owners with property located in other CARL project boundaries. Submit status of CARL and ROGO land acquisition to the Administration Commission.

Agencies: County, Land Authority and DEP.

D.C. Secure remaining funds for the Complete Phase II of the carrying capacity study, conduct workshops as outlined in the Scope of Work, select prime contractor, and initiate Phase I (data collection) of the study, analysis and initial recommendations presented to review agencies).

Agencies: County, DCA, DEP, DOH, DOT, FFWCC, SFWMD, WQSC, SFRPC, EPA, USFWS, Army COE, GFC, DOT, and other interested parties to include representatives of environmental organizations and development interests federal agencies as appropriate.

E.D. Continue efforts to secure funding for the Marathon Facility. Complete Little Venice construction design, secure lands needed for Little Venice facility, and begin bid process and selection of construction firm. Design a water quality monitoring program to document Little Venice project impacts. Initiate construction of Marathon Facility.

Agencies: County, FKAA, DCA, and DEP, WQSC, and EPA.

E.E. Continue cesspit identification by providing notice to all property owners with unknown systems, outside of Hot Spots. Initiate replacement of cesspits outside of Hot Spots, process outside of Hot Spots; begin retrofit of cesspits with priority to Hot Spots. Award financial assistance grants to qualified applicants using FY 1997-98 state funds to ensure a minimum of 70 cesspit replacements. Develop a low interest loan and grant program to assist all residents in replacing cesspits, with priority of funds going, in order of preference, to very low-, low- and moderate-income households. Investigate

the appropriate point at which nutrient reduction credits can be awarded for future committed water quality treatment facilities and the appropriateness of transferring credits among ROGO areas.

Agencies: County, DCA, FKAA, WQSC and DOH.

G. Document the extent and quality of the fresh groundwater lens system on Big Pine Key; delineate the associated recharge areas; and determine the safe yield of the system. (Ref. County pol. 103.1.5)

Agencies: County, FKAA, DEP, DCA, SFWMD, EPA, WQSC and USFWS.

H. Develop an integrated funding plan for the purchase of land from ROGO applicants who have competed unsuccessfully for four consecutive years and applied for administrative relief.

Agencies: County.

I. The County, in conjunction with DCA, shall assess the feasibility of applying the nutrient reduction credit requirement to new commercial development.

Agencies: County and DCA.

YEAR FOUR (July 13, 2000 through July 12, 2001 ending December 31, 2000)

A. Continue implementation of Wastewater Master Plan, execute interagency agreements to define construction schedule by phases, and continue developing facility plans for priority Hot Spots in each ROGO area. Secure funding to implement the Wastewater Master Plan. Document that reduction in nutrients has been achieved within each of the sub-areas. Initiate construction of Phase I of the Wastewater and Storm water Master Plans pursuant to agreed upon construction schedule.

Agencies: County, FKAA, DCA, DEP, DOH, EPA and WQSC.

B. Complete Storm Water Master Plan. Identify priority projects for implementation and seek funding for plan implementation.

Agencies: County, DCA, DEP, DOT, SFWMD, EPA and WQSC.

C.B. Make offers to 50% of remaining private owners with property located in CARL project boundaries. Submit status of CARL and ROGO land acquisition to the Administration Commission.

Agencies: County, Land Authority and DEP.

D.C. Complete Phase II of the Final draft of the environmental carrying capacity study (data analysis) and present initial recommendations to must be completed and accepted by review agencies.

Agencies: County, DCA, and DEP, DOH, DOT, FFWCC, SFWMD, WQSC, SFRPC, EPA, USFWS, Army COE, and other interested parties to include representatives of environmental organizations and development interests.

~~E.D.~~ Continue efforts to secure funding for Complete Phase I (to be determined) of the Marathon Facility, initiate construction of Little Venice wastewater treatment facility. Establish baseline water quality for surface and groundwater quality potentially impacted by Little Venice project.

Agencies: County, DCA, ~~and~~ DEP, FCAA, WQSC and EPA.

~~E.E.~~ Complete Continue cesspit identification and continue cesspit replacement process outside of Hot Spots, with a priority of funds going, in order of preference, to low- and moderate-income households; ensure that a minimum of 88 cesspits are replaced; eliminate 50% of identified cesspits within Hot Spots.

Agencies: County, FCAA, WQSC and DOH.

YEAR FIVE (July 13, 2001 through July 12, 2002 ending December 31, 2001)

A. Continue implementation of the Wastewater Master Plan pursuant to executed interagency agreements. Begin construction of wastewater facilities in priority Hot Spots. Complete Phase I in accordance with construction schedule. Initiate Phase II (to be defined) of the construction schedule, and document significant nutrient reductions within each sub-area.

Agencies: County, FCAA, DCA, DOH, DEP, EPA, and WQSC.

B. Execute interagency agreements to define construction schedule for priority storm water improvement projects. Complete land acquisition and final design for selected treatment strategies for Storm Water Master Plan.

Agencies: County, DCA, DEP, DOT, WQSC and SFWMD.

~~C.B.~~ Conclude negotiations with all willing owners with property within CARL project boundaries. Acquire a total-to-date of 45% of the Key Deer/Coupon Bight project and 25% of the Florida Keys Ecosystems project. Submit status of CARL and ROGO land acquisition to the Administration Commission.

Agencies: County, Land Authority, and DEP.

~~D.C.~~ Complete final draft of the carrying capacity study including acceptance by review agencies. Implement the carrying capacity study by, among other things, the adoption of all necessary plan amendments to establish a rate of growth and a set of development standards that ensure that any and all new development does not exceed the capacity of the county's environment and marine system to accommodate additional impacts. Plan amendments will include a review of the County's Future Land Use Map series and changes to the map series and the "as of right" and "maximum" densities authorized for the plan's future land use categories based upon the natural character of the land and natural resources that would be impacted by the currently authorized land uses, densities and intensities.

Agencies: County, FCAA, DCA, DEP, DOH, DOT, FFWCC, SFWMD, WQSC, SFRPC, EPA, USFWS, Army COE, and other interested parties to include representatives of environmental organizations and development interests, ~~and~~ DCA.

~~E.D.~~ Secure funds for Phase II (to be determined) of the Marathon Facility and continue construction of Little Venice facility completed and operational.

Agencies: County, FCAA, DEP, DCA, EPA and WQSC.

~~F.E.~~ Continue eliminating Complete cesspits and inoperative septic tanks in areas identification process outside of Hot Spots; eliminate all identified cesspits and inoperative septic tanks within Hot Spots.

Agencies: County, ~~and~~ DOH, FCAA and WQSC.

~~F.~~ Any wastewater facilities plans (as identified in the Wastewater Master Plan) should implement the most cost effective method of collecting, treating, and disposing of wastewater, and shall include an investigation of the feasibility of using alternative nutrient stripping on-site disposal systems.

YEAR SIX (July 13, 2002 through July 12, 2003)

A. Finalize construction and begin operating wastewater facilities in Hot Spots begun in previous year. Contract to design and construct additional wastewater treatment facilities in Hot Spots in accordance with the schedule of the Wastewater Master Plan. Continue implementation of Wastewater Master Plan with emphasis on Hot Spots.

Agencies: County, FCAA, DEP, DOH, DCA, EPA and WQSC.

B. Initiate construction of priority projects as identified in the Storm Water Master Plan.

Agencies: County, SFWMD, DEP, DCA, DOT, EPA and WQSC.

C. Continue implementation of the carrying capacity study.

Agencies: County, FCAA, FFWCC, DCA, DEP, DOH, DOT, SFWMD, SFRPC, EPA, Army COE, WQSC, and USFWS.

D. Initiate construction of Phase II of the Marathon Facility and complete construction and begin operating the Little Venice Facility.

Agencies: County, FCAA, DCA, DEP, EPA and WQSC.

E. Complete the elimination of all cesspits in areas outside of Hot Spots.

Agencies: County, FCAA, DOH and WQSC.

YEAR SEVEN (July 13, 2003 through July 12, 2004)

A. Continue implementation of Wastewater Master Plan with continued emphasis on Hot Spots.

Agencies: County, FCAA, DEP, DCA, DOH, EPA and WQSC.

B. Continue implementing priority projects as identified in the Storm Water Master Plan.

Agencies: County, DCA, DEP, DOT, SFWMD, EPA and WQSC.

C. Continue construction of the Marathon Facility.

Agencies: County, FCAA, DCA, DEP, EPA and WQSC.  
(58) Policy 901.1.1

Monroe County shall ensure that, at the time a development permit is issued, adequate sanitary wastewater treatment and disposal facilities, including wastewater treatment facilities and onsite sewage treatment and disposal systems, are available to support the development at the adopted level of service standards, concurrent with the impacts of such development. [9J-5.011(2)(c)2.]

Permanent Level of Service Standards.

(A) The permanent level of service standards for wastewater treatment in Monroe County are as provided in House Bill 1993 adopted by the 1999 Legislature.

~~The interim level of service standards for wastewater treatment plants and OSDS set forth below shall be superseded and replaced by standards established as a result of completion of the Sanitary Wastewater Master Plan (see Objective 901.4 and supporting policies). These standards shall be made on the best available data based on nutrient loading, cost, technical feasibility and reliability, while improving the quality of ground, near shore and offshore waters. [9J-5.011(2)(c)2.]~~

Interim Level of Service Standards.

(A) Wastewater Treatment Plants

~~(1) Quantity: The annual average daily flow shall not exceed 100% of permitted capacity of the wastewater treatment plant.~~

~~(2) Quality: For all new and expanding sewage treatment plants Monroe County shall require that effluent discharging to groundwater or to surface water be treated to AWT standards as defined in section 403.086, F.S., or as close as possible thereto using best available technology (BAT). Exceptions to this BAT requirement shall be allowed for facilities discharging to Class I injection wells of systems or portions of systems permitted for reuse in accordance with Chapter 62-610, F.A.C., provided that there are reasonable assurances that no adverse ecological impact will result.~~

(B) On-Site Disposal Systems (OSDS)

~~The interim level of service standard for OSDS will be the use of aerobic treatment units (ATUs) which discharge to best available disposal systems as determined by the Department of Health. Applicants may use composting or incineration toilets which, in addition, discharge gray water in a separate system meeting BAT, or other applicants may use technologies approved under the DOH innovative technologies program to achieve AWT standards or better. As new feasible technologies become available for enhanced nutrient stripping, these technologies will be required.~~

(B)(C) The County and the State shall actively engage in an educational program to reduce demand for phosphate products detergent.

~~(C)(D) The County shall require mandatory pump-out of septic tanks and require regular reports from qualified contractors to ensure proper septage disposal.~~

(64) Policy 101.2.14

For those ROGO applications and properties which have been denied a ROGO award for four consecutive years and have applied for administrative relief, which are located in a CARL project or the National Wildlife Refuge and have received negative habitat scores under ROGO, the County or the state shall offer to purchase the property if funding for such is available. Refusal of the purchase offer shall not be grounds for granting a ROGO award.

RULE TITLE:  
Disciplinary Guidelines; Range of Penalties Aggravating and Mitigating Circumstances

**NOTICE OF CHANGE**

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 25, No. 10, March 12, 1999, issue of the Florida Administrative Weekly. The changes are in response to comments received from the Joint Administrative Procedures Committee. Subsections (1) and (2) of the rule shall now read as follows:

(1) The board sets forth below a range of disciplinary guidelines from which disciplinary penalties will be imposed upon practitioners guilty of violating Chapter 481, F.S. The purpose of the disciplinary guidelines is to give notice to licensees of the range of penalties which will normally be imposed upon first time violations of particular provisions of Chapter 481. The disciplinary guidelines are based upon a single count violation of each provision listed. Multiple counts of violations of the same provision of Chapter 481 or the rules promulgated thereto, or other unrelated violations contained in the same administrative complaint will be grounds for enhancement of penalties. All penalties at the upper range of the sanctions set forth in the guidelines, i.e., suspension, revocation, etc., include lesser penalties, i.e., fine, probation or reprimand which may be included in the final penalty.

(2) The following disciplinary guidelines shall be followed by the board in imposing disciplinary penalties upon licensees for a first time violation of the below mentioned statutes and rules:

The remaining portion of the rule shall remain unchanged.

official winning numbers for the drawing after certification by the Lottery Draw Manager and the accountant employed by the independent certified public accounting firm.

(i) Each drawing is witnessed by an accountant employed by an independent certified public accounting firm who certifies that all drawing procedures have been followed.

(j) Equipment used in each drawing is tested and inspected before and after each drawing and then secured. Ball sets used in each drawing are weighed and recorded before and after each drawing and then secured.

(k) In the event a malfunction in the drawing procedures occurs or the drawing equipment itself malfunctions, the Lottery shall use such substitute procedures as are fair and necessary to perform the drawing. Such substitute procedures shall be determined in consultation with the accountant referred to in paragraph (i). In using such substitute procedures, the Lottery shall strive to maintain the highest level of public confidence and integrity in MEGA MONEY drawings.

(l) The Lottery shall not be responsible for incorrect circulation, publication or broadcast of the official winning numbers.

### (3) MEGA MONEY Prize Divisions.

(a) MEGA MONEY is a pari-mutuel game. For each draw, fifty percent of the net sales after cancels and promotional plays shall be allocated as the winning pool for the payment of the Grand Prize, second prize, third prize, fourth prize, fifth prize and sixth prize.

(b) The Grand Prize shall consist of thirty-five percent of the winning pool plus any money carried forward from previous draws. Prize money allocated to the Grand Prize pool shall be divided equally among the Grand Prize winners for that drawing. If there is not a Grand Prize winner in a drawing, the Grand Prize pool shall be carried over and added to the Grand Prize pool of the next MEGA MONEY drawing.

(c) Second prize shall consist of three percent of the winning pool for the drawing. The second prize shall be divided equally among the second prize winners for that drawing. If there is not a winner in the second prize category for a drawing, the second prize pool shall be carried over and added to the Grand Prize pool of the next MEGA MONEY drawing.

(d) Third prize shall consist of seven percent of the winning pool for the drawing. The third prize shall be divided equally among the third prize winners for that drawing. If there is not a winner in the third prize category for a drawing, the third prize pool is carried over and added to the Grand Prize pool of the next MEGA MONEY drawing.

(e) Fourth prize shall consist of thirty percent of the winning pool for the drawing. The fourth prize shall be divided equally among the fourth prize winners for that drawing. If

there is not a winner in the fourth prize category for a drawing, the fourth prize pool is carried over and added to the Grand Prize pool of the next MEGA MONEY drawing.

(f) Fifth prize shall consist of ten percent of the winning pool for the drawing. The fifth prize shall be divided equally among the fifth prize winners for that drawing. If there is not a winner in the fifth prize category for a drawing, the fifth prize pool is carried over and added to the Grand Prize pool of the next MEGA MONEY drawing.

(g) The sixth prize shall consist of fifteen percent of the winning pool for the drawing. The sixth prize shall be divided equally among the sixth prize winners. If there is not a winner in the sixth prize category for a drawing, the sixth prize pool is carried over and added to the Grand Prize pool of the next MEGA MONEY drawing.

(h) Except for the Grand Prize, which will pay the exact amount, all prizes will be rounded down to the nearest fifty cents; provided, however, that the sixth prize shall be no less than \$1.00. All rounding differences will be used to fund future prizes in Lottery games or for special Lottery prize promotions.

(4) Determination of Prize Winners. In order for a ticket to be a winning ticket, numbers appearing in a single horizontal row on the ticket (A, B, C, D, E ) must match the official winning MEGA MONEY numbers for the draw date for which the ticket was purchased, in one of the following combinations:

(a) Grand Prize: Four numbers selected from the first draw unit plus the MEGABALL number selected from the second draw unit.

(b) Second Prize: Four numbers selected from the first draw unit excluding the MEGABALL number selected from the second draw unit.

(c) Third Prize: Three numbers selected from the first draw unit plus the MEGABALL number selected from the second draw unit.

(d) Fourth Prize: Three numbers selected from the first draw unit excluding the MEGABALL number selected from the second draw unit.

(e) Fifth Prize: Two numbers selected from the first draw unit plus the MEGABALL number selected from the second draw unit.

(f) Sixth Prize: Two numbers selected from the first draw unit excluding the MEGABALL number selected from the second draw unit.

(5) MEGA MONEY Odds of Winning. The odds of winning the prizes described above are as follows:

(a) Grand Prize = 1:1,150,720

(b) Second Prize = 1:37,120

(c) Third Prize = 1:10,274

(d) Fourth Prize = 1:331

(e) Fifth Prize = 1:507

(f) Sixth Prize = 1:16

(g) The overall odds of winning a prize in a MEGA MONEY drawing are 1:15.

(6) MEGA MONEY Rules and Prohibitions.

(a) When purchasing a ticket to play the MEGA MONEY game, the player agrees to comply with and abide by all rules and regulations of the Lottery.

(b) The play slip is not a valid receipt.

(c) Tickets shall not be sold to persons under the age of eighteen.

(d) A MEGA MONEY ticket can be cancelled by the retailer which sold the ticket within twenty minutes after printing, except that no MEGA MONEY ticket shall be cancelled after game close for that drawing. No MEGA MONEY ticket may be cancelled except through the optical mark reader.

(e) A MEGA MONEY ticket cannot be purchased after game close for that drawing.

(f) It is the responsibility of the player to determine the accuracy of selected panels of numbers on ticket(s). In the event that ticket(s) sold to the player by the retailer contain selections which are not consistent with the player's selections, the player should immediately advise the retailer of that fact. In such event and upon request of the player within the time period specified herein, the retailer shall make a good faith effort to cancel a ticket. A retailer is not required to cancel a ticket which is produced upon request of the player by the "quick pick" method of number selection.

(7) This emergency rule replaces 53ER98-26, F.A.C.

A copy of the Order can be obtained from: Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, (850)413-6770.

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that Mark Webb d/b/a A&M Communications & Pay Phones' petition for waiver exemption of Rule 25-24.515(11), Florida Administrative Code, filed October 7, 1998, in Docket No. 981269-TC was approved by the Commission at its December 1, 1998, Agenda Conference. Order No. PSC-98-1738-FOF-TC, issued December 21, 1998 memorialized the decision. The rule addresses providing a directory at each pay telephone. The petition was approved on the basis that the purpose of the underlying statute would be achieved by other means and application of the rule would create substantial hardship. Notice of the petition was published in the FAW on October 23, 1998.

A copy of the Order can be obtained from: Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, (850)413-6770.

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that BellSouth Public Communications, Inc.'s petition for waiver exemption of Rule 25-24.515(8), Florida Administrative Code, filed November 23, 1998, in Docket No. 981692-TC was approved by the Commission at its January 19, 1999, Agenda Conference. Order No. PSC-99-0211-FOF-TC, issued February 8, 1999, memorialized the decision. The rule requires that all pay telephone stations allow incoming calls to be received. The petition was approved on the basis that the application of the rule would create substantial hardship. Notice of the petition was published in the FAW on December 18, 1998.

A copy of the Order can be obtained from: Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, (850)413-6770.

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that PhoneTel Technologies, Inc.'s petition for waiver of Rules 25-24.515(16)(a) and 25-24.515(16)(b), Florida Administrative Code, filed April 7, 1999, in Docket No. 990460-TC, has been withdrawn by PhoneTel Technologies, Inc. The rules require telephone directories to be maintained at pay telephone stations, and require that a notice appear on the telephone placard if local directory assistance is being provided at no charge. Notice of the petition was published in the FAW on April 23, 1999.

#### **DEPARTMENT OF ENVIRONMENTAL PROTECTION**

Pursuant to section 120.542(8), F.S., the Department of Environmental Protection announces its entry of a Final Order noting the withdrawal of a petition for waiver of rule 62B-33.007(3)(c), FAC.

NAME OF THE PETITIONER: HBE-Florida Corporation.

DATE THE PETITION WAS FILED: July 8, 1998.

RULE NUMBER AND NATURE OF THE RULE FROM WHICH THE VARIANCE IS SOUGHT: Section 62B-33.007(3)(c), FAC, which requires all new major structures to be elevated on, and securely anchored to, an adequate pile foundation in such a manner as to locate the building support structure above the design breaking wave crests or wave approach as superimposed on the storm surge with dynamic wave setup of a one-hundred-year storm.

REFERENCE TO THE PLACE AND DATE OF PUBLICATION OF THE NOTICE OF PETITION: Florida Administrative Weekly, August 28, 1998, Vol. 24, No. 35.

THE DATE OF THE ORDER WITHDRAWING THE VARIANCE OR WAIVER: May 19, 1999.

THE GENERAL BASIS FOR THE AGENCY DECISION: The petitioner revised the design of the proposed building to include a foundation that would meet the standard required by rule, thereby eliminating the need to proceed with the waiver petition.

EXPLANATION OF HOW A COPY OF THE ORDER CAN BE OBTAINED: A copy of the final order can be obtained by contacting: Ann Kiefert, Department of Environmental Protection, Bureau of Beaches and Coastal Systems, 3900 Commonwealth Boulevard, Mail Station 300, Tallahassee, Florida 32399-3000, telephone (850)487-1262, Extension 186.

NOTICE IS HEREBY GIVEN that the Florida Department of Environmental Protection received, on May 17, 1999, a petition from ManTech Environmental Corporation seeking a variance under section 120.542 of the Florida Statutes from the prohibition from a zone of discharge under rule 62-522.300(2)(a), Florida Administrative Code, for the use of a remediation process to clean up sites contaminated with petroleum products or industrial solvents. The petition has been assigned OGC case number 99-0798. A similar petition was granted in August 1998.

Copies may be received from, and written comments submitted to: Department of Environmental Protection, Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, Attn: Cynthia Christen. Comments must be received no later than 14 days from the date of publication of this notice.

---

NOTICE IS HEREBY GIVEN that the Florida Department of Environmental Protection received, on May 18, 1999, a petition from the Town of Westville, seeking an emergency variance from the 500-foot radial setback requirement of a wellhead protection area under rule 62-761.500(1)(a), of the Florida Administrative Code, to place two AST Category-C storage tanks, which would be part of a new gas station and convenience store, 316 feet from the Town of Westville public water well supply. The petition has been assigned OGC case number 99-0810.

Copies may be received from, and written comments submitted to: Department of Environmental Protection, Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, Attn: Cynthia Christen. Comments must be received no later than 14 days from the date of publication of this notice.

The Department of Environmental Protection has taken action on a petition for variance received from Fluor Daniel GTI on March 22, 1999. Notice of receipt of this petition was published in the Florida Administrative Weekly, Vol. 25, No. 17, dated April 30, 1999. No public comment was received. The petition requested a variance from the zone of discharge prohibition for discharges through wells under rule 62-522.300(2)(a) of the Florida Administrative Code for the use of the remediation product to clean up sites contaminated with petroleum compounds and chlorinated solvents, and specifically to allow a zone of discharge for pH and chloride within a 100-foot radius from the point of discharge for a duration of two years. On May 20, 1999, the Department granted a variance to Fluor Daniel GTI in a final order, OGC File No.: 99-0563. The final order granted a variance from the zone of discharge prohibition, and contained conditions. The conditions require that the use of the product must be through a Department-approved remedial action plan or other Department-enforceable document, and that such approval

shall not be solely by a delegated program; that the discharge must be through a Class V, Group 4 underground injection control well which meets all applicable requirements of chapter 62-528 of the Florida Administrative Code; that the extent of the zone of discharge for pH and chloride shall be a 100-foot radius from the point of injection; that the injection of the product shall be at such a rate and volume that no undesirable migration occurs of the product, its by-products, or the contaminants already present in the aquifer; and that the Department-approved remedial action plan shall address appropriate ground water monitoring requirements associated with the use of the remediation product based on site-specific hydrogeology and conditions.

For a copy of the final order write or call: Cynthia Christen, Department of Environmental Protection, MS 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000; telephone (850)921-9610.

The Department of Environmental Protection has taken action on a petition for variance received from Regenesi Bioremediation Products on February 24, 1999. Notice of receipt of this petition was published in the Florida Administrative Weekly, Vol. 25, No. 12, dated March 26, 1999. No public comment was received. The petition requested a variance from the zone of discharge prohibition for discharges through wells under rule 62-522.300(2)(a) of the Florida Administrative Code for the use of the remediation product to clean up sites contaminated with chlorinated solvent compounds, and specifically to allow a zone of discharge for color, pH, total dissolved solids, and chloride within a twenty-foot radius from the point of discharge for a duration of 365 days. On May 20, 1999, the Department granted a variance to Regenesi Bioremediation Products in a final order, OGC File No.: 99-0344. The final order granted a variance from the zone of discharge prohibition, and contained conditions. The conditions require that the use of the product must be through a Department-approved remedial action plan or other Department-enforceable document, and that such approval shall not be solely by a delegated program; that the discharge must be through a Class V, Group 4 underground injection control well which meets all applicable requirements of chapter 62-528 of the Florida Administrative Code; that the extent of the zone of discharge for color, pH, total dissolved solids, and chloride shall be a twenty-foot radius from the point of injection; that the injection of the product shall be at such a rate and volume that no undesirable migration occurs of the product, its by-products, or the contaminants already present in the aquifer; and that the Department-approved remedial action plan shall address appropriate ground water monitoring requirements associated with the use of the remediation product based on site-specific hydrogeology and conditions.

For a copy of the final order write or call: Cynthia Christen, Department of Environmental Protection, MS 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, telephone (850)921-9610.

The Department of Environmental Protection has taken action on a petition for variance received from IT Corporation on March 22, 1999. Notice of receipt of this petition was published in the Florida Administrative Weekly, Vol. 25, No. 16, dated April 23, 1999. No public comment was received. The petition requested a variance from the zone of discharge prohibition for discharges through wells under rule 62-522.300(2)(a) of the Florida Administrative Code for the use of the remediation product to clean up sites contaminated with petroleum compounds and chlorinated solvents, and specifically to allow a zone of discharge for pH and chloride within a 100-foot radius from the point of discharge for a duration of two years. On May 20, 1999, the Department granted a variance to IT Corporation in a final order, OGC File No.: 99-0467. The final order granted a variance from the zone of discharge prohibition, and contained conditions. The conditions require that the use of the product must be through a Department-approved remedial action plan or other Department-enforceable document, and that such approval shall not be solely by a delegated program; that the discharge must be through a Class V, Group 4 underground injection control well which meets all applicable requirements of chapter 62-528 of the Florida Administrative Code; that the extent of the zone of discharge for pH and chloride shall be a 100-foot radius from the point of injection; that the injection of the product shall be at such a rate and volume that no undesirable migration occurs of the product, its by-products, or the contaminants already present in the aquifer; and that the Department-approved remedial action plan shall address appropriate ground water monitoring requirements associated with the use of the remediation product based on site-specific hydrogeology and conditions.

For a copy of the final order write or call: Cynthia Christen, Department of Environmental Protection, MS 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000; telephone (850)921-9610.

On March 3, 1999, the Department received a petition for variance under section 120.542 of the Florida Statutes from Indian River County Utilities to obtain a variance from the specific criteria of rule 62-699.311(10) of the Florida Administrative Code. This rule addresses the requirement that the lead/chief operator for a Class A or B treatment plant be on duty for one full shift each duty day. A Notice of Variance Petition was published in the March 26, 1999, edition of the Florida Administrative Weekly.

On May 10, 1999, the Department issued an order granting the petition for variance on the grounds that the petitioner demonstrated that the application of the rule would create a substantial hardship and that the granting of the variance would achieve the underlying purpose of the statute.

A copy of this order may be obtained by contacting: Jennifer Fitzwater, Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, Telephone (850)488-9314.

The Department's proposed action on this variance shall become final unless a timely petition for an administrative hearing is filed under sections 120.569 and 120.57 of the Florida Statutes before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within twenty-one days of publication of the notice or within twenty-one days of receipt of the written notice, whichever occurs first.

Under section 120.60(3) of the Florida Statutes, however, any person who has asked the Department for notice of agency action may file a petition within twenty-one days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 of the Florida Statutes. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name, address, and telephone number of each petitioner; the name, address, and telephone number of the petitioner's representative, if any; the Department case identification number and the county in which the subject matter or activity is located; (b) A statement of how and when each petitioner received notice of the Department action; (c) A statement of how each petitioner's substantial interests are affected by the Department action; (d) A statement of all disputed issues of material fact. If there are none, the petition

must so indicate; (e) A statement of facts that the petitioner contends warrant reversal or modification of the Department action; (f) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation under section 120.573 of the Florida Statutes is not available for this proceeding.

**Notices of Petitions and Dispositions  
 Regarding Declaratory Statements**

**LAND AND WATER ADJUDICATORY COMMISSION**

On April 14, 1999, the Florida Land and Water Adjudicatory Commission (“FLWAC” or “Commission”) received a petition to establish The Brooks of Bonita Springs II Community Development District (the “District”). The Commission will follow the requirements of Rule Chapter 42-1, Florida Administrative Code (FAC), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition.

SUMMARY OF CONTENTS OF PETITION: The petition filed by Long Bay Partners, L.L.C., requests that the Commission establish a community development district located in Lee County, Florida. The land area proposed to be served by the District comprises approximately 1,222.85 acres bounded on the North by Corkscrew Woodlands, Williams Road and various parcels of property; on the East by Interstate 75; on the West by Seminole Gulf Railroad and by undeveloped parcels of property west of Railroad; and on the South by The Brooks, a development of regional impact (DRI) in Lee County. The District created by general law in sections 190.006 through 190.046, F.S., is designed to provide community infrastructure, services, systems and facilities along with their operations and maintenance to the existing Brooks development. The development plan for the Brooks development includes construction of approximately 1,586 single and multi-family residential dwelling units, passive recreational areas, up to 36 holes of golf, a golf clubhouse, and a network of trails and parks, all authorized for inclusion within the boundary of The Brooks of Bonita Springs II CDD. This District, if established, will be asked to provide infrastructure that will consist of roadways, roadway lighting,

water management, utilities, security, landscaping, land/mitigation and off-site improvements. Community development is projected to occur over a seven year period.

**SUMMARY OF ESTIMATED REGULATORY COSTS:** The statement of estimated regulatory costs (SERC) supports the petition to establish The Brooks of Bonita Springs II CDD. The complete text of the SERC is contained as Exhibit 7 to the petition to establish The Brooks of Bonita Springs II CDD. The scope of the SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number and types of individuals likely to be required to comply with the rule or who will be affected; (b) a good faith estimate of the costs to any state and local government entities of implementing and enforcing the proposed rule, and any anticipated affect on state and local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under paragraph (1)(a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), The Brooks of Bonita Springs II CDD will serve a proposed residential community designed for up to 1,587 total residential units. The establishment of the District would place all the residents under the jurisdiction of the District. Under section (b), the FLWAC and State of Florida will incur minimal costs to implement and enforce the proposed rule. Adoption of the proposed rule to approve the formation of the District will have no impact on State and local revenues. Addressing section (c), the District will levy non-ad valorem special assessments on properties within its boundaries to finance the construction of the infrastructure that the District funds, and to defray the costs of operating and maintaining the infrastructure and associated community systems, facilities and services. In considering the costs which must be paid for by those affected by the proposed rule to establish The Brooks of Bonita Springs II CDD, there are benefits that should be noted. First, residents in the district will receive a higher level of public services and amenities sooner than would otherwise be the case. Second, community services and amenities will be completed concurrently with development of lands within the proposed District. State law requires that persecutive property owners be notified that District levies exist. Thus, those subject to the transactional costs of the proposed rule do so voluntarily. Under section (d), approval of the petition to establish The Brooks of Bonita Springs II CDD will have only incidental or a positive impact on small businesses and will not have any impact on small counties and cities. Lee County is not a small

county as defined. Under section (e) input for the analysis provided above was provided by the Developer's Engineer and other professionals associated with the Developer.

A hearing will be held at the time, date and place shown below:  
**DATE AND TIME:** Wednesday, July 28, 1999, 9:00 a.m.

**PLACE:** Trianon Hotel, Promenade Meeting Room, 3401 Bay Commons Drive, Bonita Springs, Florida 34134

Any person requiring a special accommodation to participate in the hearing because of a disability should contact Ken van Assenderp, (850)222-7206, at least 5 business days in advance to make appropriate arrangements.

Copies of the petition may be obtained by contacting: Ken van Assenderp, Esquire, 225 South Adams Street, Suite 200, Tallahassee, Florida 32301, Telephone number (850)222-7206 or Barbara Leighty, Florida Land and Water Adjudicatory Commission, Office of Planning and Budgeting, Executive Office of the Governor, The Capitol, Room 2105, Tallahassee, Florida 32399-0001, Telephone number (850)488-7793.

On April 21, 1999, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Poinciana Community Development District (the "Poinciana CDD" or "District"). The Commission will follow the requirements of Rule Chapter 42-1, Florida Administrative Code (F.A.C.), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition.

**SUMMARY OF CONTENTS OF PETITION:** The petition filed by Avatar Properties, Inc., requests that the Commission establish a community development district located in Polk County, Florida. The land area to be served by the District comprises approximately 3,031 acres bounded on the North by Cypress Parkway; bounded on the South by Huckleberry Avenue and Juniper Street and lands of the South Florida Water Management District and Poinciana Village 3 Neighborhood 6 South; bounded on the West by Rhododendron Avenue and land of Parker-Poinciana, Inc.; and bounded on the East by Marigold Avenue, Walnut Avenue, and Haines City Road, and Poinciana Village 3 Neighborhood 3. This District is designed to provide community infrastructure, services, and facilities along with their operations and maintenance to the Poinciana development. The District will be a fully amenitized residential community oriented toward the active adult. The development plan for the proposed lands within the District includes the construction of approximately 6,500 single family and higher density residential dwelling units, neighborhood pools, an arts and crafts center, outdoor sports center, a ballroom, 18 holes of golf, golf clubhouse, spa and fitness center, restaurants, and parks. All are authorized for inclusion within the District.

**SUMMARY OF ESTIMATED REGULATORY COSTS:** The statement of estimated regulatory costs (SERC) supports the petition to establish the Poinciana CDD. The complete text of the SERC is contained as Exhibit 7 to the petition to establish the Poinciana CDD. The scope of the SERC is limited to

evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number and types of individuals likely to be required to comply with the rule or who will be affected; (b) a good faith estimate of the costs to any state and local government entities of implementing and enforcing the proposed rule, and any anticipated affect on state and local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under paragraph (1)(a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the proposed Poinciana CDD is a residential community designed for up to 6,500 total residential units. Formation of the District would put all of these households under the jurisdiction of the District. Under section (b), the FLWAC and State of Florida will incur modest costs to implement and enforce the proposed rule. Adoption of the proposed rule to approve the formation of the District will have no negative impact on State and local revenues. Addressing section (c), the District will either impose non-ad valorem special assessments on properties within its boundaries or user fees, where appropriate, charged against users of the District facilities to finance the infrastructure that the District funds, and to defray the costs of operating and maintaining the infrastructure and associated community facilities. In considering the costs which must be paid for by those affected by the proposed rule to establish the Poinciana CDD, there are benefits that should be noted. First, residents in the district will receive a higher level of public services and amenities sooner than would otherwise be the case. Second, community services and amenities will be completed concurrently with development of lands within the proposed District. State law requires that prospective property owners be notified that District levies exist. Thus, those subject to the transactional costs of the proposed rule do so voluntarily. Under section (d), approval of the petition to establish the Poinciana CDD will have no impact or a positive impact on small businesses and will not have any impact on small counties and cities. Polk County is not a small county as defined. Under section (e) input for the analysis provided above was provided by the Developer's Engineer and other professionals associated with the Developer.

A hearing will be held at the time, date and place shown below:  
DATE AND TIME: Wednesday, July 7, 1999, 9:00 a.m.

PLACE: Haines City Community Center, All Purpose Room,  
219 South 5th Street, Haines City, Florida

#### **MARINE FISHERIES COMMISSION**

NOTICE IS HEREBY GIVEN that the Florida Marine Fisheries Commission has issued an Order Denying Petition for Declaratory Statement, in response to a letter requesting a declaratory statement by Mr. Walter Pine. The Commission declined to issue the declaratory statement as Mr. Pine's request failed to meet the requirements of Section 120.565, Florida Statutes, Chapter 28-105, Florida Administrative Code, and applicable case law.

A copy of the Order may be received by contacting: Lisa Rubenstein, Florida Marine Fisheries Commission, 2540 Executive Center Circle, West, Suite 106, Tallahassee, FL, 32301.

NOTICE TO PROFESSIONAL CONSULTANTS

The University of Florida for and on behalf of the Board of Regents, a public corporation of the State of Florida, announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project No.: UAA-04, Project and Location: Press Box Renovation and Addition at Ben Hill Griffin Stadium, University of Florida. The project consists of the design and construction of Phase I 93,00 GSF expansion to the existing Press Box tower to include stadium seating for club seating, skyboxes and general seating (with project budget of \$24,000,000.00; construction budget of \$19,077,300); Phase II renovation of 33,930 GSF existing press services and skybox seating in the Press Box tower (with project budget of \$6,000,000.00; construction budget of \$5,325,400).

The Architect/Engineer Consultant is expected to develop the Phase I project as a part of a master plan to include Phase II renovation.

The selected firm will provide design, construction documents and construction administration services for the referenced project. Blanket professional liability insurance will be required for this project in the amount of \$1,500,000.00, and will be provided as a part of Basic Services.

**INSTRUCTIONS:**

Firms desiring to apply for consideration shall submit a letter of application. The letter of application should have attached:

1. A complete Board of Regents "Professional Qualifications Supplement," dated September 15, 1997. Applications on any other form will not be considered.

2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Submit 5 (five) copies of the above requested data bound in the order listed above.

Applications, which do not comply with the above instructions, may be disqualified. Application materials will not be returned. The plans and specifications for State University System projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. Professional Qualifications Supplement forms, descriptive project information and selection criteria may be obtained by contacting: Janie Heidler, Office Assistant, Campus Planning and Construction Management, 232 Stadium, Post Office Box 115050, Gainesville, Florida, Telephone (352)392-1256, Fax (352)392-6378, Internet: [www.admin.ufl.edu/division/cp](http://www.admin.ufl.edu/division/cp)

In the event that the bid tabulation and Notice of Award Recommendation cannot be posted in this manner, then all bidders will be notified by Certified United States mail, Return Receipt requested. Any protests of the bid must be made within 72 hours of posting of the results. "Failure to file a protest within the time prescribed in s. 120.53(5), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes." If no protest is filed per Section B-21 of the Instructions to Bidders, "Notice and Protest Procedures", the contract will be awarded to the qualified, responsive low bidder in accordance with Rule 60D-5 by the Owner.

## **FLORIDA MANUFACTURING TECHNOLOGY CENTER**

### **SEEKS CONTRACTORS FOR SPONSORSHIP PROGRAM**

Florida Manufacturing Technology Center (FMTC), an affiliate of Enterprise Florida, is seeking proposals from qualified Florida for-profit companies or other qualifying organizations that are interested in developing a statewide sponsorship program. The FMTC Sponsorship program provides an opportunity for Florida for-profit, or other organizations to sell and fulfill corporate sponsorships for various programs. Key program development responsibilities include: developing a series of annual manufacturing awards in four areas; research, writing, editing, printing, and quarterly distribution of four regional (80,000 pieces total/yr) newsletters; planning 24 statewide one-day seminars; and securing \$1 million dollars in sponsorship revenue for these programs.

It is anticipated that FMTC's investment in the Sponsorship program will fall within a range of \$450,000 to \$650,000. The successful contractor(s) must provide FMTC full investment recovery first, then commission will be paid on excess sales over costs.

Interested organizations should send a statement of interest to the addressee below by 6/18/99, providing

Name of interested organization

Related qualifications or expectancy in developing and implementing sponsorship programs as described

Contact information to be mailed RFP package on or about 6/23/99

The bid due date is 7/15/99 and selection of one or more organizations, will be made, based on a competitive selection process, by 7/30/99

For additional information, contact by phone, fax or mail: Florida Manufacturing Technology Center, 390 N. Orange Ave., Suite 1300, Orlando, FL 32801, (407)316-4633, (407)316-4586 (fax)
