The travel agent may take a credit of tax previously paid for the taxable components that are separately itemized at a sales price greater than the purchase price of the component.~~

~~(d)(e) When the seller of components of a vacation package and the purchasing travel agent are members of the same controlled group of corporations for federal income tax purposes and the amount charged for the component If the actual price charged for the admission by the dealer to a travel agent, which is a member of the same controlled group of corporations as the dealer, is an amount less than the price charged to unrelated travel agents under normal industry practices, then the related travel agent is will be required to itemize the sales price of the components of the package to the purchaser and his customer, collect tax on the itemized taxable components, and may take a credit for taxes previously paid. The travel agent may take a credit of tax previously paid for the taxable components.~~

12A-1.051 Sales to or by Contractors Who Repair, Alter, Improve and Construct Real Property.

(1) No change.

(2) Definitions. For purposes of this rule, the following terms have the following meanings:

(a) through (b) No change.

(c)1. "Fixture" means an item that is an accessory to a building, other structure, or to land, that retains its separate identity upon installation, but that is permanently attached to the realty. Fixtures include such items as wired lighting, kitchen or bathroom sinks, furnaces, central air conditioning units, elevators or escalators, or built-in cabinets, counters, or lockers.

2. through 3. No change.

4. The term "fixture" does not include the following items, whether or not such items are attached to real property in a permanent manner:

~~a. Trade fixtures.~~

~~a.b. Titled property.~~

~~b.e. Machinery or equipment.~~

(d) through (i) No change.

~~(j) "Trade fixtures" means items that are attached to real property by the operator of a trade or business that occupies the premises and are useful solely in connection with or to facilitate that trade or business, rather than serving functions integral to general use of land or a building. For example, the operator of a bakery has a special glass display counter installed for displaying cookies and doughnuts. The counter would not be useful to a different type of retail business because of the shelving configuration and materials used. The counter is bolted to the floor. The counter is a trade fixture and not a fixture of the realty. If the bakery has a sign installed to identify the location by name of the business, that sign is a trade fixture. If the same bakery operator has built-in storage shelving installed in a supply room or overhead lighting installed in the shop area, those items are not trade fixtures because the shelving and lighting are equally functional for any subsequent user of the premises.~~

(3) through (16) No change.

(17) Specific activities classified as real property contracts. Contractors who are engaged in the following activities are generally considered to be real property contractors, although any particular job may be determined not to involve an improvement to real property:

(a) through (gg) No change.

- (hh) Signs that are permanently attached to realty and are not excluded as trade fixtures;
- (ii) through (19) No change.

12A-1.103 Mail Order Sales.

~~(1) Every dealer, as defined in s. 212.06(2)(c), F.S., Effective October 1, 1987, every person who engages in the business of making mail order sales and who meets the requirements of s. 212.0596(2), F.S., is exercising a taxable privilege in this state and is required to collect tax, when:~~

~~(a) The dealer is a corporation doing business under the laws of this state or a person domiciled in, a resident of, or a citizen of this state; or~~

~~(b) The dealer maintains retail establishments or offices in this state, whether or not the mail order sales result from or are related in any other way to the activities of such establishments or offices; or~~

~~(c) The dealer has agents in this state who solicit business or transact business on behalf of the dealer, whether or not the mail order sales result from or are related in any other way to such solicitation or transaction of business; or~~

~~(d) The property was delivered in this state in fulfillment of a sales contract that was entered into in this state, in accordance with applicable conflict of laws rules, when a person in this state accepted an offer by ordering the property; or~~

~~(e) The dealer, by purposefully or systematically exploiting the market provided by this state by any media-assisted, media-facilitated, or media-solicited means, including, but not limited to, direct mail advertising, unsolicited distribution of catalogues, computer-assisted shopping, television, radio or other electronic media, or magazine or newspaper advertisements or other media, radio or other electronic media, or magazine or newspaper advertisements of other media, creates nexus with this state; or~~

~~(f) Through compact or reciprocity with another jurisdiction of the United States which jurisdiction sues its taxing power and its jurisdiction over the retailer in support of this state's taxing power; or~~

~~(g) The dealer consents, expressly or by implication, to the imposition of the tax imposed by Chapter 212, F.S.~~

(2) Definitions. The following terms and phrases when used in this section shall have the meaning ascribed to them except where the context clearly indicates a different meaning:

(a) "Dealer" means every person who sells at retail, or has in his possession for sale at retail, or for use, consumption, or distribution, or for storage to be used or consumed in this state, tangible personal property, including a retailer who transacts a mail order sale.

(b) A "final adjudication" means a decision of a court of competent jurisdiction from which no appeal can be taken or from which the official or officials of this state with authority to make such decisions has or have decided not to appeal.

~~(2)(e)~~ A "mail order sale" is a sale of tangible personal property, ordered by mail, ~~computer-assisted shopping, media-assisted, media-facilitated, or media-solicited,~~ or other means of communication (including, but not limited to direct mail advertising, unsolicited distribution of catalogues, television, radio or other electronic media, telephone, or magazine or newspaper advertising), to a purchaser who is in this state at the time the order is remitted, from a dealer who receives the order in another state of the United States, or in a commonwealth, territory, or other area under the jurisdiction of the United States, and transports the property or causes the property to be transported, whether or not by mail, from any jurisdiction of the United States, including this state, to a person in this state, including the person who ordered the property. For purposes of this definition, there is presumption that every person who is a resident of this state who remits an order was in this state when the order was remitted.

1. Example: A multi-state company has stores located in Florida and a mail order division located in New York. The mail order division receives a customer telephone order for merchandise to be delivered to a Florida residence. The mail order division ships the item to the Florida residence. This is a mail order sale subject to Florida sales tax. The New York mail order division is required to collect Florida sales tax. A purchaser, who is a resident of Florida, receives in the mail a catalogue of the seller, who resides in another state and whose business facilities are all located in that state. The purchaser orders tangible personal property advertised in the catalogue by completing an order blank furnished with the catalogue, attaching his or her personal check in the amount required for the purchase, and mails the order from within this state to the seller. The seller, by mail or other means of transportation, transmits the property to the purchaser in Florida. If any of the provisions of subsection (1) are applicable, this is a taxable mail order sale.

2. Example: A Florida resident, while in New York, places an order for merchandise with a New York store and requests that the store deliver the merchandise to his or her Florida residence. This is not a mail order sale because the order was placed in person at the out-of-state location. The provisions of s. 212.0596, F.S., for mail order sales are not applicable to this transaction. A purchaser, not a resident of Florida while outside this state, orders tangible personal property from a seller in another state to be sent tot the purchaser's grandchild in Florida. This is not a "mail order sale", because the purchaser was not in Florida at the time the order was remitted.

3. Example: A Florida resident, while vacationing in another state, orders tangible personal property from a seller in another state, to be sent to the purchaser's home in Florida.

Since the purchaser is a Florida resident, he or she is presumed to have been in Florida at the time the order was remitted. If this presumption is rebutted, this would not be a taxable "mail order sale."

(3) through (5) No change.

(6) Refund of taxes on mail order sales.

(a) When there has been a final adjudication, that any tax upon a mail order sales transaction was levied, collected, or both, contrary to the Constitution of the United States, or to the Constitution of Florida, or to ~~of~~ both, the Department will, ~~in accordance with paragraph (b)~~, refund the amount of tax to the person who paid the tax. A "final adjudication" means a decision of a court of competent jurisdiction from which no appeal can be taken or from which the official or officials of this state with authority to make such decisions has or have decided not to appeal.

(b) To receive a refund of tax, the person who paid the tax must file an Application for Refund-Sales and Use Tax ~~from the State of Florida (DR-26S), incorporated by reference in Rule 12-26.008, F.A.C.), as provided in Rule 12A-1.014, F.A.C. Applications for Refund (DR-26) are available by: 1) writing the Florida Department of Revenue, Forms Distribution Center, 168 Blountstown Highway, Tallahassee, Florida 32304; or, 2) faxing the Forms Distribution Center at (850)922-2208; or, 3) using a fax machine telephone handset to call the Department's automated Fax on Demand system at (850)922-3676; or, 4) visiting any local Department of Revenue Service Center to personally obtain a copy; or, 5) calling the Forms Request Line during regular office hours at (800)352-3671 (in Florida only) or (850)488-6800; or, 6) downloading selected forms from the Department's Internet site at the address shown inside the parentheses (<http://sun6.dms.state.fl.us/dor/revenue.html>). In addition to the Application for Refund, every person claiming a refund of tax shall submit to the Department in conjunction with the Application for Refund, the following:~~

1. ~~A description of the tangible personal property purchased;~~
2. ~~The date on which the purchase was made;~~
3. ~~The purchase price of said item(s);~~
4. ~~The amount of Florida sales tax paid for said item(s);~~
5. ~~The name of the seller from which the purchase of the tangible personal property was made;~~
6. ~~The cite of the court decision or decisions upon which the claim for refund is based;~~
7. ~~A copy of the sales invoice made out by the seller of the tangible personal property; and~~

~~8. Any other information that is required by the Department in order to verify the authenticity of the refund application. The Department may refuse to grant a refund if the Application for Refund is incomplete or fails to contain the full information required in this paragraph.~~

~~(e) Upon formal approval of a complete Application for Refund the Department shall certify to the Comptroller such information necessary for issuance of a refund directly to the person entitled to the refund.~~

(1) through (7) No change.

~~(8) The local option sales surtaxes authorized by ss. 212.054 and 212.055, F.S., apply to sales or use of the services enumerated in this rule on or after January 1, 1994.~~

~~(9) The provisions of the Florida Sales and use Tax shall not apply to the use of a service in this state upon which a like tax equal to or greater than the amount due this state has been lawfully imposed and paid in another state, territory of the United States, or the District of Columbia before use tax payable to this state would otherwise have become due. If the amount of tax so lawfully imposed and paid in another state, territory of the United States, or the District of Columbia is not equal to or greater than the amount of tax imposed by Chapter 212, F.S., then the person from whom the use tax is due shall pay to the Department of Revenue an amount sufficient to make the tax paid in the other state, territory of the United States, or the District of Columbia and in this state equal to the amount imposed by Chapter 212, F.S.~~

~~(10) Every dealer who solicits business, either by direct representatives, indirect representatives, or agents and by reason thereof receives orders for services in this state, shall collect the tax from the purchaser, and no action either in law or in equity on a sale or transaction as provided by the terms of Chapter 212, F.S., may be had in this state by any such dealer unless it is affirmatively shown that the provisions of the law have been fully complied with.~~

~~(11) Any person who has purchased at retail or used taxable services, and cannot prove that the tax levied by Chapter 212, F.S., has been paid to the selling vendor or lessor shall be directly liable to the state for any tax, interest, or penalty due on any such taxable transactions.~~

~~(8)(12)(a) Any person, whether registered or unregistered, who has purchased services either in this state or from out-of-state for use in this state without having paid sales tax on such services if subject to tax, is required to remit use tax on the cost price of such service. If such person is unregistered, use tax is to be remitted on Form DR-15MO, Out-of-State Purchase DR-15-MO, Mail Order/Use Tax Return (incorporated by reference in Rule 12A-1.097, F.A.C.), on or before the 20th day of the first month after the end of the calendar quarter during which any such service was invoice by the seller. For this purpose, a legal holiday shall mean a holiday which is observed by federal or state agencies as a legal holiday as this term is defined in Ch. 683, F.S., and Sec. 7503 of the Internal Revenue Code. Also, where the tax is~~

~~required to be remitted by electronic funds transfer and the tax due date falls on a Saturday, a Sunday, or a legal holiday as defined in s. 655.89, F.S., or on a legal holiday of the jurisdiction in which the taxpayer's financial institution is located, the deposit by electronic funds transfer is required on or before the first banking day thereafter. For the purposes of these rules, "banking day" has the meaning prescribed in s. 655.89, F.S.~~

~~(c) Any person required to file and remit use tax on Form DR-15MO, Mail Order/Use Tax Return, is not entitled to a collection allowance on account of keeping required records and accounting and remitting of taxes required.~~

(1)(a) The total amount of tax on cash sales, credit sales, installment sales, or sales made on any kind of deferred payment plan shall be due at the moment of the transaction. For example, for a dealer who files on a monthly basis, the January return shall be filed on or before the 20th day of February; whereas a dealer who files on a quarterly basis shall file the January through March return on or before the 20th of April. The failure of any dealer to secure such forms shall not relieve the dealer from payment of said tax at the time and in the manner provided. Tax returns shall be filed and taxes paid to the Department of Revenue at Tallahassee or to designated offices of the Department throughout the state.~~

~~(6)(8) The failure of any dealer to secure a tax return for reporting tax due does not relieve the dealer from the requirement to file a return or to remit tax due to the Department. The Department Executive Director or the Executive Director's designee is not authorized to extend the time for any dealer under Chapter 212, F.S., to file make any return or pay any tax due or fee. Any dealer or other person who fails to make a return and pay the tax or fee due, on or before the due date, is liable for penalties, interest, and loss of collection allowance, regardless of any particular problems encountered in assembling the necessary data for filing a return and paying the tax.~~

2. The term “dealer” does not include a “nonresident print purchaser.” A “nonresident print purchaser” is any person whose only owned or leased property in this state, including property owned or leased by an affiliate, is located at the premises of a printer with which the purchaser has contracted for printing. The property for which the purchaser has contracted for printing must be the final printed product or property from which the printed product is produced. Nonresident print purchasers are not required to register as dealers. For guidelines regarding sales made to nonresident print purchasers, see subsection (5) of Rule 12A-1.027, F.A.C.

(c) The Department will NOT issue a Certificate of Registration for the purpose of sales and use tax to any out-of-state applicant who requests a certificate for the sole purpose of making tax-exempt purchases of items for resale outside this state when:

1. The applicant has no permanent, licensed place of business in this state; and

2. The applicant does not make retail sales within this state.

2. A separate application must be filed to obtain a separate dealer’s certificate of registration for each place of business. Each application must be accompanied by a \$5 registration fee, except as provided in subparagraphs 4. or 5.

(d)3. For purposes of this rules, a “place of business” is a location where a dealer engages in an activity or activities described in this subsection ~~subparagraph 1~~. A place of business includes the entire contiguous area in which the dealer carries on an activity or activities that require registration. A dealer that engages in more than one activity requiring registration within a contiguous area generally is required to obtain only one registration certificate for that location. The ~~Department~~ ~~department~~ will, however, treat areas within a single contiguous location as separate places of business and require a dealer to obtain separate registration certificates if the activities carried on in those areas are subject to taxation under

different provisions of Chapter 212, F.S., the activities are not functionally related, and the efficient administration of the taxes imposed by Chapter 212, F.S., is facilitated by multiple registrations. The ~~Department~~ ~~department~~ will permit a dealer to obtain separate registrations for activities carried on at a single contiguous location at the dealer’s request if the dealer keeps separate financial records for the activities and the activities are not functionally related. Under no circumstances will a dealer be subject to more than one penalty for failure or refusal to obtain a registration certificate for a single contiguous location, even if the dealer could be required or permitted to obtain separate registration certificates for multiple activities carried on at the location. The following examples illustrate the application of this rule in determining whether more than one place of business exists at a single contiguous location.

a. through g. renumbered 1. through 7. No change.

~~4. The Department is authorized to impose a \$100 registration fee for each place of business in lieu of the \$5 registration fee for the failure or refusal of any person to file an Application to Collect and/or Report Tax in Florida (form DR-1) prior to engaging in or conducting business in this state as hereinbefore provided in subparagraph 1. Persons who have failed or refused to register are those that the Department seeks to register as a result of information supplied by an informant under s. 213.30, F.S., or as a result of enforcement programs administered by the Department. In making the determination as to whether the \$100 registration fee shall be required in lieu of the \$5 registration fee, the Executive Director or the Executive Director’s designee in the responsible process shall consider and be guided by:~~

~~a. The prior history, if any, of the applicant’s compliance or noncompliance with the revenue laws administered by the Department of Revenue pursuant to s. 213.05, F.S.;~~

~~b. The applicant’s ability to demonstrate the exercise of ordinary care and prudence through facts and circumstances presented to the Department indicating that a diligent attempt to meet the registration requirements of the law was made. An applicant with limited business knowledge, limited education, or limited experience with Florida tax matters may establish a basis for the existence of reasonable cause when there is reasonable doubt as to whether or not the applicant is required to register;~~

~~e. Reliance upon the erroneous advice of a competent advisor that the applicant did not meet the State’s registration requirements. To establish a reasonable cause for noncompliance with the registration requirements, the applicant must demonstrate that advice was sought in a timely manner from the competent advisor, all necessary information was provided to the competent advisor, and that the applicant acted in good faith on the information received from the competent advisor;~~

d. ~~The applicant's ability to demonstrate that he relied upon another person to comply with the State's registration requirements on his behalf;~~

e. ~~Whether the applicant, his agent, or employee can demonstrate that he exercised ordinary care and prudence in meeting the registration requirements once he had actual or constructive knowledge of such requirements.~~

5. ~~No registration fee is required to accompany any application to engage in or conduct business or to make mail order sales. Additionally, no registration fee is required to accompany any application for out-of-state dealers who have no business location in Florida.~~

(2) HOW TO REGISTER AS A DEALER.

(a) Registration with the Department for the purposes of sales and use tax is available by using one of the following methods:

1. Registering through the Department's Internet site at the address shown in the parentheses (www.myflorida.com/dor/) using the Department's "e-Services" without payment of a registration fee; or

Any person exercising a taxable privilege of engaging in the business of renting, leasing, letting, or granting licenses to others to use transient accommodations is required to register as a dealer and obtain a separate dealer's certificate of registration for each place of business where transient accommodations are provided. THE FULL TEXT OF THE PROPOSED RULES IS:

(Substantial Rewording of Rule 12A-15.003 follows. See Florida Administrative Code for present text.)

12A-15.003 Admissions; Tangible Personal Property; Services; Service Warranties; Real Property and Transient Accommodations; Use Tax Imposition and Payment of Tax.

(1) SCOPE.

(a) Section 212.054, F.S., provides for the imposition of discretionary sales surtaxes levied by a governing body of any county, as authorized in s. 212.055, F.S. This rule is intended to clarify the application of the surtaxes on admissions, sales and use of tangible personal property and services, leases, rentals, and licenses to use real property or transient accommodations, and other transactions.

(b) Rule 12A-15.0035, F.A.C. (Aircraft, Boats, Motor Vehicles, and Mobile Homes), governs the imposition of surtax on the sale, lease, rental, and use of any aircraft or boat that is required to be registered, licensed, titled, or documented

in this state or by the United States Government and any motor vehicle or mobile home of a class or type that is required to be registered in this state.

(2) DEFINITION. For purposes of this rule, a "surtax county" means a county whose governing body levies a discretionary sales surtax pursuant to ss. 212.054 and 212.055, F.S.

(3) ADMISSIONS. When the event for which a taxable admission is charged is held within a surtax county, surtax is due at the rate imposed by the county where the event occurs. The seller of the admission to an event is required to collect surtax on the sales price or actual value of the admission, as provided in s. 212.04(1)(b), F.S., when the event is held within a surtax county.

(4) SALES OF TANGIBLE PERSONAL PROPERTY.

(a) A dealer who makes sales of tangible personal property is required to collect surtax when the taxable item of tangible personal property is delivered within a surtax county. The dealer is required to collect surtax at the rate imposed by the county where the delivery occurs, whether the delivery is made directly by the dealer or by a manufacturer or wholesaler who delivers the property to the purchaser on behalf of the dealer. When the item of tangible personal property is delivered within a county not imposing a surtax, the dealer is not required to collect surtax.

1. Example: A dealer in County A (a county not imposing a surtax) sells a washing machine to the purchaser, who takes possession of the washing machine at the dealer's location in County A. The purchaser then takes the washing machine to a location within County B (a county imposing a 1% surtax). The sales transaction occurs in County A. The selling dealer is required to collect sales tax on the sales price of the washing machine at the rate of 6% and is not required to collect surtax. No surtax is due by the purchaser or the seller when the washing machine is taken to County B.

2. Example: A dealer in County A (a county imposing a 1% surtax) sells a washing machine to a purchaser and delivers the washing machine to a location in County B (a surtax county imposing a 1/2% surtax). The sales transaction occurs in County B. The selling dealer is required to collect sales tax and surtax on the sales price of the washing machine at the rate of 6 1/2% (6% state sales tax and 1/2% surtax).

3. Example: A retail dealer of office equipment in County A (a county imposing a 1/2% surtax) sells office equipment to a customer in County B (a county imposing a 1% surtax). The retail dealer in County A has the out-of-state manufacturer of the office equipment deliver the equipment to the customer in County B. The transaction occurs in County B, where the delivery to the customer is made. The retail dealer in County A is required to collect and sales tax and surtax on the sales price of the office equipment at the rate of 7% (6% state sales tax and 1% surtax).

(b) When a florist who takes the original customer order to sell tangible personal property is located within a surtax county, the florist is required to collect surtax at the rate imposed where the florist is located. Florists are not required to collect surtax when they deliver tangible personal property to a location within a surtax county for another florist who received the original customer order.

(c) The sale of subscriptions to a newspaper, newsletter, magazine, or other periodical that is delivered to the customer by a carrier or by means other than by mail, such as home delivery, is subject to surtax when delivery of the publication is made to a location within a surtax county. The sales of subscriptions to periodicals that are delivered to a customer by mail are exempt. See Rule 12A-1.008, F.A.C., for the requirements to collect and remit sales tax on sales of periodicals and sales of subscriptions to periodicals.

(5) MAIL-ORDER SALES.

(a) A dealer who makes mail-order sales, as defined in Rule 12A-1.103, F.A.C., is required to collect surtax at the rate imposed by the surtax county where the taxable item of tangible personal property is delivered when:

1. The mail order is placed through a dealer's location within a surtax county and received by the dealer in another state; and

2. The item is delivered to a location within a surtax county.

(b)1. Example: A multi-state company has stores in Florida located in surtax counties and in counties that do not impose a surtax. A purchaser places a mail order with the company's mail-order division at the dealer's location in County A (a county imposing a 1% surtax). The out-of-state mail-order division ships the merchandise to purchaser's residence in County B (a county not imposing a surtax). Although the company has stores within a surtax county and the order is placed through the dealer's location within a surtax county, the item is not delivered within a surtax county. The selling dealer is not required to collect surtax.

2. Example: A multi-state company has stores in Florida located in surtax counties and in counties that do not impose a surtax. A purchaser places a mail order with the company's mail-order division at the dealer's location in County A (a county imposing a 1% surtax). The mail-order division ships the item to a residence in County B (a county imposing a 1/2% surtax). The transaction occurs in County B. The selling dealer is required to collect sales tax and surtax on the sales price of the merchandise at the rate of 6 1/2% (6% state tax and 1/2% surtax).

(6) SERVICES.

(a) When a dealer sells a taxable service, and delivery of the service, or tangible personal property representing a taxable service, is made to a location within a surtax county, the dealer is required to collect surtax at the rate imposed in the county where the services are provided or where the tangible personal

property representing the services is delivered. If there is no reasonable evidence of delivery of a service, the sale of a service occurs in the county in which the purchaser accepts the invoice for services rendered.

(b)1. Example: A dealer in County A (a county not imposing a surtax) sells nonresidential cleaning services to a purchaser in County B (a surtax county imposing a 1% surtax) and performs those services at a location in County B. The service transaction occurs within County B. The selling dealer is required to collect sales tax and surtax on the sales price of the service at the rate of 7% (6% state sales tax and 1% surtax).

2. Example: A dealer in County A (a county imposing a 1/2% surtax) sells burglar monitoring services to a location in County B (a surtax county imposing a 1% surtax). The burglar monitoring service monitors the alarms at the purchaser's location in County B. The service transaction occurs within County B. The dealer is required to collect sales tax and surtax on the sales price of the service at the rate of 7% (6% state sales tax and 1% surtax).

3. Example: A dealer in County A (a county imposing a 1% surtax) sells armored car service to a bank in County B (a surtax county imposing a 1/2% surtax). The armored car service is provided to the bank's branches located in different counties and to the main bank. Under this example, the armored car service provider cannot reasonably allocate the service provided to each county. The main bank located in County B receives the invoice for services rendered. Therefore, the service transaction occurs within County B. The dealer is required to collect sales tax and surtax on the sales price of the services at the rate of 6 1/2% (6% state sales tax and 1/2% surtax).

(7) SERVICE WARRANTIES.

(a) Any person who is located within a surtax county and who receives consideration for the issuance of a service warranty from the agreement holder is required to collect surtax at the rate imposed by the county where the consideration is received.

(b)1. Example: The person receiving consideration for the issuance of a service warranty is located in County A (a county imposing a 1% surtax). The service warranty covers a television located within County B (a county not imposing the surtax). The person receiving consideration for the service warranty is required to collect sales tax and surtax on the sales price of the service warranty at the rate of 7% (6% state sales tax and 1% surtax).

2. Example: The person receiving consideration for the issuance of a service warranty is located in County A (a county imposing a 1/2% surtax). The service warranty covers a motor vehicle, and the resident address of the owner identified on the title document is located in County B (a county imposing a 1% surtax). The person receiving consideration for the service

warranty is required to collect sales tax and surtax on the sales price of the service warranty at the rate of 6 1/2% (6% state sales tax and 1/2% surtax).

(8) ELECTRIC AND GAS UTILITIES.

(a) When a dealer sells electricity or natural or manufactured gas to a consumer located within a surtax county, the dealer is required to collect surtax at the rate imposed by the county where the consumer is located. See Rule 12A-1.060, F.A.C.

(b) Any dealer who provides electricity or natural or manufactured gas to consumers located within a surtax county is required to register for sales tax purposes in each surtax county in which its consumers are located.

(9) REAL PROPERTY AND TRANSIENT ACCOMMODATIONS.

(a) When real property that is leased, rented, or upon which a license for use is granted is located within a surtax county, surtax on the rental or license payment is due at the rate imposed within the surtax county.

(b) When any transient accommodation is located within a surtax county, surtax is due at the rate imposed within the surtax county.

(c) The owner of real property or a transient accommodation that is leased, rented, or upon which a license for use is granted or the owner's representative is required to collect surtax at the rate imposed by the surtax county where the real property or transient accommodation is located.

(10) USE TAX.

(a) Any person who is not required to be a registered dealer but who owes use tax on tangible personal property purchased out-of-state, in another country, or through mail-order firms or the Internet is not required to pay surtax when paying the applicable use tax to the Department.

(b) Any person who purchases tangible personal property and pays the selling dealer the applicable sales tax and surtax due at the time of sale is not required to pay any additional surtax when the item of tangible personal property is later used within a surtax county imposing a surtax at a rate higher than the rate imposed at the time of sale.

(c) Any person, located within a surtax county, who owes use tax on newspapers, magazines, or other publications it produces for its own use or purchases without paying the applicable sales tax due is required to accrue and remit sales tax and surtax at the rate imposed by the surtax county where the publications are used. See Rule 12A-1.008, F.A.C.

(d) A dealer who is registered with the Department and who is required to pay use tax directly to the Department shall pay surtax in the following manner:

1. When tangible personal property is purchased, leased, or rented outside Florida for use in a surtax county, the dealer is required to pay surtax at the rate imposed by the surtax county where the tangible personal property is used.

2. When a dealer is authorized by the Department to accrue use tax on the lease, rental, or license to use real property located within a surtax county, the dealer is required to pay surtax at the rate imposed by the surtax county where the property is located.

3. When a dealer is required to pay use tax on services and when the primary benefit of the service is used or consumed within a surtax county, the dealer is required to pay surtax at the rate imposed by that surtax county, as provided in Rule 12A-1.0161(2), F.A.C.

4. For surtax due on the fabrication of items of tangible personal property by real property contractors for use in performing contracts, see Rule 12A-15.008, F.A.C.

(e)1. Example: A purchaser of tangible personal property in County A (a surtax county imposing a 1% surtax) has received authority from the Department to self-accrue and remit the state sales and use tax directly to the Department. The purchaser issues a copy of its direct pay permit to the seller of the property relieving the seller from the responsibility of collecting and remitting state sales tax on the transaction. The purchaser must self-accrue and pay sales tax and surtax at the rate of 7% (6% state use tax and 1% surtax).

2. Example: A dealer in County A (a surtax county imposing a 1% surtax) purchases office supplies from an out-of-state dealer that is not registered with Florida to collect sales tax. The purchasing dealer is required to pay use tax and surtax at the rate of 7% (6% state use tax and 1% surtax).

3. Example: A dealer purchases office supplies at the selling dealer's location in County A (a county not imposing a surtax) and takes possession of the supplies at the dealer's location. The dealer pays the applicable 6% sales tax to the selling dealer. The purchaser immediately transports the office supplies to the purchaser's business location in County B (a surtax imposing a 1% surtax). Florida sales tax has been properly collected on the office supplies, and no use tax is due; therefore, no additional surtax is due when the office supplies are used by the purchaser in the surtax county.

12A-15.0035 Aircraft, Boats, Motor Vehicles, and Mobile Homes.

(1) SCOPE. This rule is intended to provide guidelines regarding the application of surtaxes imposed on the sale, purchase, or transfer of title of any aircraft, boat, mobile home, motor vehicle, or other vehicle subject to the discretionary sales surtax imposed under ss. 212.054 and 212.055, F.S.

(2) TITLE CERTIFICATE, LICENSE, OR REGISTRATION.

(a) No title certificate may be issued on any aircraft, boat, mobile home, motor vehicle, or other vehicle, or, if no title certificate is required by law, no license or registration may be

issued for any aircraft, boat, mobile home, motor vehicle, or other vehicle by any state agency unless there is filed with the application for title certificate or license or registration a receipt evidencing the payment of the applicable surtax issued by:

1. Any authorized aircraft, boat, mobile home, or motor vehicle dealer;
2. Any County Tax Collector;
3. Any licensed Private Tag Agency;
4. The Department of Highway Safety and Motor Vehicles; or
5. The Department of Revenue or its designated agents.

(b) Sales, purchases, and transfers of title submitted by persons who are not required to be registered as a dealer to any County Tax Collector, licensed Private Tag Agency, or the Department of Highway Safety and Motor Vehicles are subject to the surtax on the first \$5,000 on all transfers submitted on or after the effective date of a county imposed surtax.

(3) DEFINITIONS. For purposes of this rule, the following definitions will be used:

(a) "Aircraft or boat" means an aircraft or boat of a class or type that is required to be registered, licensed, titled, or documented in this state or by the United States government.

(b) "Mobile home, motor vehicle, or other vehicle" means a mobile home, motor vehicle, or other vehicle of a class or type that is required to be registered in this state or in any other state.

(c) "Surtax county" means a county whose governing body levies a discretionary sales surtax pursuant to ss. 212.054 and 212.055, F.S.

(4) AIRCRAFT AND BOATS.

(a) A registered aircraft or boat dealer who makes a sale of an aircraft or boat is required to collect surtax when the aircraft or boat is delivered to a location within a surtax county. The dealer is required to collect surtax at the rate imposed by the county where the delivery occurs. When the aircraft or boat is delivered within a county not imposing a surtax, the selling dealer is not required to collect surtax.

(b)1. When the owner imports an aircraft or boat into a surtax county for use, consumption, distribution, or storage in that county, the aircraft or boat is subject to the surtax imposed by that county. The surtax shall be collected from the owner at the time of titling, registration, licensing, or documenting of the aircraft or boat, irrespective of whether such titling, registration, licensing, or documenting occurs in that surtax county.

2.a. A credit against any Florida use tax and surtax due on the use of an aircraft or boat is allowed to any purchaser who provides documentary evidence that a like tax has been lawfully imposed on the sale or use of the aircraft or boat and has been paid to another state, territory of the United States, or the District of Columbia. The credit allowed shall be the amount of legally imposed like tax paid to the other state,

territory of the United States, or the District of Columbia. When the applicable tax credit is equal to or greater than the amount of tax or surtax due on the use of the aircraft or boat in a surtax county, no additional surtax is due. When the tax is paid to another state, territory of the United States, or District of Columbia is greater than the Florida sales tax and surtax due, no refund is due from the State of Florida.

b. No credit is allowed for any taxes paid to a foreign country.

3.a. No additional surtax is due on any aircraft or boat, except as provided in subparagraph b., used outside a surtax county for 6 months or longer before being imported into that surtax county. It is presumed that the aircraft or boat was not purchased for use in that surtax county, when the aircraft or boat is used outside that county for 6 months or longer before being imported into that county.

b. Any boat imported into Florida for which a saltwater fishing license fee is required to be paid pursuant to s. 372.57(7), F.S., for the boat or the captain, for the purpose of taking, attempting to take, or possessing any marine fish for noncommercial purposes, such as sport or pleasure fishing, is subject to use tax on an amount of the purchase price of the boat, based on a percentage provided in s. 212.06(8)(b), F.S. When the boat is licensed within a surtax county, the taxable amount of the purchase price is subject to surtax at the rate imposed by that surtax county.

(c)1. Example: A dealer located in County A (a county imposing a 1% surtax) sells a boat to a purchaser who resides in County B (a county imposing a 1/2% surtax). The purchaser takes possession of the boat at the dealer's location in County A. The dealer is required to collect sales tax and surtax at the rate of 7% (6% state tax and 1% surtax). The purchaser immediately takes the boat to County B for storage and use in County B. No additional surtax is required to be paid when the boat is registered for use in County B, because a surtax greater than the rate imposed in County B has been paid.

2. Example: A purchaser who resides in County A (a county not imposing the surtax) purchases a boat in County A from an individual who is not a registered boat dealer. The purchaser takes possession of the boat in County A. The purchaser immediately takes the boat to County B (a county imposing a 1/2% surtax) to be used in County B. A use transaction occurs in County B. The purchaser is required to pay sales tax and surtax at the rate of 6 1/2% (6% state tax and 1/2% surtax) to any County Tax Collector or Licensed Private Tag Agent.

3. Example: A purchaser who resides in County A (a county imposing a 1/2% surtax) purchases a boat and uses the boat in County A. Nine months after the date of purchase, the purchaser moves the boat to County B (a county imposing a 1% surtax) for storage and to be used in County B. No

additional surtax is due, because the boat was used in County A for 6 months or longer before being imported for use in County B.

(5) MOBILE HOME, MOTOR VEHICLE, OR OTHER VEHICLE.

(a) A registered mobile home, motor vehicle, or other vehicle dealer who makes sales of any mobile home or vehicle is required to collect surtax when the residence address of the purchaser identified on the registration or title document for the mobile home or vehicle is located within a surtax county. The dealer is required to collect surtax at the rate imposed by the county where the residence address of the purchaser is located. When the residence address of the purchaser is located within a county not imposing a surtax, the dealer is not required to collect a surtax.

(b) When the purchaser of any mobile home, motor vehicle, or other vehicle is a resident of a surtax county, surtax is due on the purchase at the rate imposed by the county of residence. The address appearing on, or to be recorded on, the registration document will determine the residence address of the purchaser. The surtax is required to be collected from the purchaser incident to the titling, registration, or documenting of the mobile home or vehicle, irrespective of whether such titling, registration, or documenting occurs in the surtax county.

(c)1. When mobile home, motor vehicle, or other vehicle that is required to be registered in this state is imported from another state into a surtax county for use, consumption, distribution, or storage within the surtax county, the mobile home or vehicle is subject to surtax when the user resides within the surtax county. The surtax is required to be collected from the user incident to the titling, registration, or documenting of the mobile home or vehicle, irrespective of whether such titling, registration, or documenting occurs in the surtax county.

2.a. A credit against any Florida use tax and surtax due on the use of any mobile home, motor vehicle, or other vehicle is allowed to any purchaser who provides documentary evidence that a lawfully imposed tax on the sale or use of the mobile home or vehicle has been paid to another state, territory of the United States, or the District of Columbia. The credit allowed shall be the amount of legally imposed tax paid to the other state, territory of the United States, or the District of Columbia. When the applicable tax credit is equal to or greater than the amount of tax or surtax due on the use of the mobile home or vehicle in a surtax county, no additional surtax is due. When the tax paid to another state, territory of the United States, or District of Columbia is greater than the Florida sales tax and surtax due, no refund is due from the State of Florida.

b. No credit is allowed for any taxes paid to a foreign country.

3. No additional surtax is due on any mobile home, motor vehicle, or other vehicle used outside a surtax county for 6 months or longer before being imported into that county. It is presumed that the mobile home or vehicle was not purchased for use in that surtax county, when the mobile home or vehicle is used outside that county for 6 months or longer before being imported into that county.

(d)1. Example: A mobile home dealer in County A (a county not imposing a surtax), sells a mobile home for \$12,599. The residence address of the purchaser on the title document is in County B (a county imposing a 1/2% surtax). The transaction occurs in County B. The selling dealer is required to collect sales tax and surtax at the rate of 6 1/2% (6% state tax and 1/2% surtax) on the first \$5000 of the sales price and sales tax at the rate of 6% on the amount of the sales price in excess of \$5000.

2. Example: A person purchases a motor vehicle in Alabama for \$7,500, and pays \$150 state sales tax and \$75 local sales tax for a total tax of \$225 to the State of Alabama. Within 6 months from the date of purchase, the purchaser imports the vehicle into Florida for use in County A (a county imposing a 1/2% surtax). The purchaser's residential address on the registration document is located in County A. The use transaction occurs in County A. The amount of tax due prior to deducting the like tax paid in Alabama is \$475 [(\$7,500 x .06) + (\$5,000 x .005)]. Even though the local tax paid in Alabama exceeds the surtax due in County A, the total amount of like tax paid in Alabama will be allowed as a credit against the Florida use tax and surtax due in County A. A credit of \$225 tax paid in Alabama will be allowed. The purchaser is required to pay \$250 in tax and surtax due [\$475 Florida tax and surtax due - \$225] to any County Tax Collector or licensed Private Tag Agent when registering the vehicle in this state.

3. Example: A person purchases, titles, and registers a motor vehicle in Great Britain and pays the appropriate taxes imposed in Great Britain. One year later, the purchaser imports the vehicle into Florida for use in County A (a county imposing a 1% surtax). The purchaser's address on the registration document is located within County A. The use transaction occurs in County A. The purchaser must pay Florida use tax and surtax due on the first \$5000 of the taxable amount and use tax at the rate of 6% on the taxable amount in excess of \$5000.

12A-15.004 Specific Limitations Exemptions.

(1) SCOPE. This rule is intended to provide guidelines regarding the limitation for the sales amount above \$5,000 provided for any item of tangible personal property subject to the discretionary sales surtax imposed under ss. 212.054 and 212.055, F.S. For the application of the limitation to the fabrication of items used in the performance of a real property contract, see Rule 12A-15.008, F.A.C. Except as provided in

this section, any transaction subject to the state sales and use tax imposed on sales, use, rentals, admissions, and other transactions by Chapter 212, F.S., is subject to the surtax, if the transaction occurs in a taxing county. A transaction that is not subject to state sales and use tax is not subject to the surtax.

(2)(a)1- The surtax does not apply to the sales amount above \$5,000 on any item of tangible personal property. However, the surtax does apply to the first \$5,000 of the sales amount on the sale, use, lease, rental, or license to use any item of tangible personal property, including electric power or energy and to all other transactions which are subject to the state tax imposed on sales, use, rentals, and other transactions by Chapter 212, F.S., without limitation, except as provided in (3) below. The surtax applies, without limitation, to sales of admissions; sales and uses of services; sales of service warranties; charges for prepaid calling arrangements; leases, rentals, and licenses to use real property or transient accommodations; leases or rentals of parking or storage space for motor vehicles in parking lots or garages, docking or storage space in boat docks and marinas, and tie-down or storage space for aircraft; and all other transactions subject to the discretionary sales surtax.

(b) Each lease or rental payment made, or contracted to be paid, for the lease or rental of tangible personal property by a lessee or renter represents one taxable transaction. The surtax applies to the first \$5,000 of the lease or rental payment when the lease or rental payment is due. Liability for the immediate payment of the tax on all the payments required under the lease or rental does not arise at the time of the execution of the lease or rental.

~~(c)1.2.a.~~ Example: A motor vehicle dealer ~~in a county imposing the surtax~~ sells a vehicle for \$12,000 to a purchaser whose ~~and the purchaser's~~ address on the registration or title document is in a county imposing the surtax. The first \$5,000 of the sales amount is subject to the surtax and the amount over \$5,000 (i.e., \$7,000) is not subject to the surtax.

~~2.b.~~ Example: A person leases real property subject to the state sales tax for \$10,000 a month. The entire monthly rental (i.e., \$10,000) is subject to the surtax, since the \$5,000 limitation only applies to items of tangible personal property.

~~3.e.~~ Example: ABC, Inc., a consumer of electric power, is located within a county imposing the surtax. The consumer (a commercial account) receives a bill in the amount of \$6,700. The first \$5,000 of the sales amount is subject to the surtax and the amount over \$5,000 (i.e., \$1,700) is not subject to the surtax.

~~4.d.~~ Example: A security company provides security services to a shopping mall located in a surtax county for \$8,000 a month. The entire monthly charge for security services (i.e., \$8,000) is subject to the surtax, since the \$5,000 limitation only applies to items of tangible personal property.

~~(3)(b)1-~~ When multiple For purposes of administering the \$5,000 limitation on any item of tangible personal property, if two or more taxable items of tangible personal property are sold by a dealer to the same purchaser at the same time and, the \$5,000 limitation applies when the sale or purchase is a single sale that meets the requirements of paragraph (a) and is a sale of items normally sold in bulk or items that comprise a working unit, or a part of a working unit, that meets the requirements of paragraph (b) under generally accepted business practice or industry standards or usage, are normally sold in bulk or are items which, when assembled, comprise a working unit or part of a working unit, such items shall be considered a single item for purposes of the \$5,000 limitation when supported by a charge ticket, sales slip, invoice, or other tangible evidence of a single sale or rental.

(a) SINGLE SALE. The sale or purchase of multiple items of tangible personal property must be a single sale in which the purchaser buys all items of tangible personal property from the dealer at the same time.

1. There must be an invoice, sales slip, charge ticket, written purchase order or agreement, or other tangible evidence of sale that establishes the items were sold in a single sale.

2. A single sale of items of tangible personal property that is documented by a written purchase order or written agreement executed between a purchaser and the selling dealer must:

a. Provide for a specific quantity of tangible personal property; and

b. If delivery of all items does not occur at the same time, provide for a specific time period within which delivery of the tangible personal property to the purchaser must be made.

3. Each delivery of items of tangible personal property, under the provisions of a written purchase order or written agreement that does not specify the quantity and the time period during which delivery of the property will occur, will be a single sale.

4.a. Example: A developer and an appliance distributor enter an agreement pursuant to which the developer purchases 250 refrigerators for an apartment complex project. Delivery will be in 10 loads of 25 refrigerators, as buildings in the complex are completed, with invoicing to follow each delivery and final delivery to occur no later than 10 months after the contract is signed. The 250 refrigerators will be viewed as purchased in a single sale, because the agreement specified both the quantity to be purchased and the time period in which delivery will occur.

b. Example: A road contractor enters a contract to purchase all of the asphalt needed for a certain job from an asphalt dealer that is willing to guarantee delivery as needed over a six-month period for a set price per ton, with invoicing to follow each delivery. Each delivery is a separate sale, because the agreement does not specify the quantity of asphalt to be purchased.

(b) ITEMS NORMALLY SOLD IN BULK OR ITEMS THAT COMPRISE A WORKING UNIT. A single sale must be a sale of items of tangible personal property that meets at least one of the following conditions:

1. The items are multiple quantities of a single item that the dealer normally sells in multiple quantities in the normal course of the dealer's business or that the purchaser normally buys in multiple quantities in the normal course of the purchaser's business;

2. The items are normally sold as a set or a unit and the utility of each for its intended purposes is dependent on the set being complete;

3. The items are normally sold in single sale by the seller to the purchaser for use in the normal business practice of the purchaser as an integrated unit; or

4. The items are component parts that have no utility unless assembled with each other to form a working unit or part of a working unit.

(c) MULTIPLE ITEMS OF TANGIBLE PERSONAL PROPERTY IN A SINGLE SALE. Multiple items of tangible personal property sold or purchased under a single sales transaction that are not normally sold in bulk or that, when assembled, will not comprise a working unit, part of a working unit, or comprise an integrated unit to be used in the purchaser's normal business practice, cannot be aggregated into a single sale for purposes of the surtax limitation.

2.a. Example: An automobile dealer normally sells automobiles or trucks one at a time or one per invoice. Thus, if the dealer lists two or more automobiles or trucks on the same invoice, the surtax would apply to the first \$5,000 of the charge for each automobile or truck.

(d) EXAMPLES.

1.b. Example: ~~When~~ ~~Where~~ furniture dealers advertise, sell, and invoice furniture suites or sets for a certain amount, without itemization of individual pieces that make up the suite or set, the surtax applies to the first \$5,000 of each such suite or set of furniture. If the invoice contains other items not included in the suite or set, the surtax applies to the first \$5,000 of each of these items. When furniture dealers sell individual pieces of furniture and separately itemize each piece, the surtax applies to the first \$5,000 of each piece. Further, in the case of furniture dealers who sell and invoice furniture by the piece, each piece is subject to the surtax on the first \$5,000.

2.e. Example: When a heating and air conditioning contractor distributor/dealer, who normally purchases makes bulk sales (that is, sells several heating and air conditioning units at the same time, purchases several units from a selling dealer who) bills for the such units on one invoice, the surtax applies to the first \$5,000 on the total amount of the invoice.

d. Example: In the case of heating and air conditioning dealers who do not normally make bulk sales, the surtax applies to the first \$5,000 on each unit, even though the dealer may sell and list several units on one invoice.

e. Example: Piping, duct material, wiring, and other similar items used to make up the heating and air conditioning system are normally sold in bulk. Thus, if the selling dealer sells and invoices that type of material on one invoice, the surtax applies to the first \$5,000 for the total of these materials.

3.f. Example: When a lumber and building supply dealer sells lumber of various kinds and sizes, nails of different sizes, rolls of felt, squares of shingles, and ~~or~~ other building materials that are used by the purchaser to comprise a working unit (e.g., a roof), normally sold in bulk and the sale is on one invoice, the sale will be considered to be a single item and the surtax applies to the first \$5,000 of the total amount of the single sale invoice. If, the single sale or purchase however, the invoice contains items that are not used to comprise the working unit (e.g., the roof), normally sold in bulk (e.g., hammers, saws, shovels, power drills, refrigerators, stoves, washing machines, dryers and other appliances, ceiling fans) the surtax applies will apply to the first \$5,000 of for each item separately itemized on the sales invoice or other evidence of sale not usually sold in bulk. Examples of such items that are used by the contractor to construct the roof, but do not become a part of the roof when completed are hammers, saws, shovels, and power tools.

(e) In the lease or rental of tangible personal property, each lease or rental payment made by a lessee or rentee, or contracted to be paid by a lessee or rentee represents one taxable transaction. Liability for the immediate payment of the tax on all the payments required under the lease or rental does not arise at the time of the execution of the lease or rental.

(d) ~~Where a purchase order is issued by the purchaser to the selling dealer, or an agreement is made between the selling dealer and the purchaser which is reduced to writing, that provides for the purchase of a specific quantity of tangible personal property which, according to the terms and conditions set out in the purchase order or agreement, is to be delivered to the purchaser within a definite specified time, such transaction constitutes one sale for purposes of the \$5000 limitation. Delivery of the tangible personal property so ordered within the time specified in the purchase order or agreement will constitute one sale notwithstanding that due to the nature of the property it must be delivered in installments or that multiple deliveries may be necessary to consummate delivery to the purchaser. In the absence of a written purchase order or written agreement reflecting the above conditions, each individual delivery of tangible personal property is to be considered one sale. Each individual delivery of tangible personal property on purchase orders for indefinite quantities or open end purchase orders is considered to be one sale.~~

(e) ~~Where a contractor fabricates an item of tangible personal property for his own consumption and use in the performance of contracts for the construction or improvement of real property the \$5000 limitation is applicable only to those~~

cases where the contract, or agreement which is reduced to writing, specifies the particular project on which the item of property is to be used.

12A-15.008 Construction Contractors Who Repair, Alter, Improve, and Construct Real Property; Refund of Surtax.

(1) LUMP SUM, COST PLUS, FIXED FEE, OR GUARANTEED PRICE CONTRACTS.

(a)1. Contractors or subcontractors purchasing tangible personal property from a dealer ~~in a taxing county~~ for use in a lump sum, cost plus, fixed fee, guaranteed price, or similar type any kind of contract, except one falling in paragraph (b) below, must pay the surtax to the selling dealer, when the property is delivered if delivery is made to a location within a county imposing the surtax. The surtax to be paid to the selling dealer is based on the rate imposed in the county where delivery of the tangible personal property is made. When the tangible personal property is delivered to a location within a county not imposing the surtax, no surtax is due.

2. ~~Contractors or subcontractors purchasing tangible personal property from a dealer located in a county that does not impose the surtax for use in a lump sum, cost plus, fixed fee, guaranteed price, or any kind of contract, except one falling in paragraph (b) below, must pay the surtax to the selling dealer if delivery is made by the selling dealer to a location within a county imposing the surtax.~~

(b)3. ~~A contractor or subcontractor who is not required to be a registered dealer and who owes use tax on taxable items of tangible personal property purchased out-of-state, in another country, or through mail-order firms or the Internet for use in a lump sum, cost plus, fixed fee, guaranteed price, or similar type of contract is not required to pay surtax when paying the applicable use tax to the Department purchased in such manner that the state sales tax would not be applicable at the time of purchase, are imported into a taxing county for use, or consumption in the performance of any kind of contract, except one falling in paragraph (b) below, the surtax is not due on the tangible personal property unless the contractor or subcontractor is a registered dealer in the taxing county.~~

(c)1.4. ~~Contractors and subcontractors are required to pay use tax on the fabricated cost of items of tangible personal property they manufacture, produce, compound, process, or fabricate for their own use in performing contracts. When the contractor or subcontractor owes use tax on the fabricated cost of items manufactured, produced, compounded, processed, or fabricated for use at a manufacturing plant site located within a surtax county, the contractor or subcontractor is required to pay surtax on such fabrication cost. If the contractor or subcontractor purchases tangible personal property for use or consumption in the performance of a real property contract from a dealer located within or without a taxing county, and~~

~~pays the applicable sales tax and surtax to the dealer, and further fabricates such property at a manufacturing plant site in a taxing county, such fabrication costs are subject to both sales tax and surtax. Labor Fabricated labor incurred at the job site where the item will be incorporated into a real property improvement or transportation from the plant where an item was fabricated to the job site is not subject to tax or surtax. For the purpose of this subsection "job site" means a temporary site where fabrication is performed for a specific job. The "job site" becomes a "manufacturing plant site" when fabrication is performed for any job other than the specific job for which the site was selected. See Rule 12A-1.043(4), F.A.C., for determining fabrication cost.~~

2. Contractors who pay sales tax to vendors for direct materials that are incorporated into fabricated items of tangible personal property are not required to pay use tax on the cost of those materials. Contractors who are registered as dealers may elect either to pay sales tax to their vendors on direct materials or to extend a copy of their Annual Resale Certificate and accrue use tax when the materials are used for fabrication. If sales tax is paid on the purchase of direct materials at the time of purchase, the county of delivery determines whether surtax is due. If use tax is accrued at the time of fabrication of the items, the surtax must also be accrued when the fabrication occurs within a county imposing a surtax.

3. Contractors and subcontractors who are located within a county imposing a surtax, and who have elected and have been authorized by the Department to use an alternate tax calculation method, must compute the surtax on the appropriate percentage of the contract price at the same time and in the same manner in which use tax is computed.

4. The \$5000 limitation is applicable to the fabricated cost when the written contract or agreement specifies the particular project for which the fabricated item of tangible personal property is to be used.

5. Example: A contractor operates a roofing tile manufacturing plant in a surtax county. The contractor sells roofing tiles, as well as uses roofing tiles in performing real property contracts. The contractor is a registered dealer and purchases raw materials tax exempt by extending a copy of the dealer's Annual Resale Certificate. The contractor enters a contract to furnish materials and install a tile roof for \$15,000. The direct materials cost is \$5,000 and the other taxable fabrication costs are \$3,000, for a total of \$8,000 on which use tax must be accrued. The contractor must accrue sales tax and surtax, because the fabrication occurs at the plant located within a surtax county. If roofing contractors were permitted to accrue use tax on 40 percent of the contract price, use tax would be due on \$6,000, because the fabrication occurred at the plant located within a surtax county. Whether the contractor computes use tax on \$8,000 actual cost or on \$6,000

on a percent of contract price basis, surtax only needs to be accrued on \$5,000, because the fabricated tangible personal property is identified to the specific contract.

(2) RETAIL SALE PLUS INSTALLATION CONTRACTS.

~~(b) Contractors or subcontractors performing contracts where the contractor or subcontractor agrees to sell specifically described and itemized materials and supplies at an agreed price or at the regular retail price and to complete the work either for an additional agreed price or on the basis of time consumed, are required to register as dealers. RULE TITLES:	RULE NOS.:

Florida Hospital Uniform Reporting System	59E-5.102
Reporting Requirements	59E-5.103
Notice of Violation or Deemed Not Filed and Response	59E-5.205
Worksheet C-3a (rev.) V-3 – Statement of Patient Care Revenue and Deductions From Revenue by Payer Class for Inpatient and Outpatient Services	

PURPOSE AND EFFECT: The Agency intends to establish and adopt procedures and specifications for the implementation of Section 16 of Chapter 2000-256, Laws of Florida. The rules are being amended to comply with the statutory provisions of section 395.701, F.S., and to provide an updated reporting mechanism to improve the efficiency and accuracy of financial data collection. To that end, the following changes will be made to the current FHURS Manual: In Chapter II, “Reporting Forms and Instructions” pages 2.45, 2.46, and 2.47 dated 8/89 will be deleted and replaced by pages 2.45, 2.46, 2.46a, and 2.47 dated 8/01. The FHURS Manual is incorporated by reference in F.A.C.R. 59E-5.102. Certain text changes necessary to update F.A.C.R. 59E-5.102 are not included in these proposed changes because they are part of a separate proposed rule addressing unrelated changes to the FUHRS Manual.

SUMMARY: The 2000 Session of the Florida Legislature reduced the amount hospitals are assessed annually for the Public Medical Assistance Trust Fund (“PMATF”) by amending section 395.701(2), F.S., to lower the assessment percentage based on outpatient hospital net revenues. The proposed changes being made to the Agency’s Florida Hospital Uniform Reporting System are necessary to implement certain of the changes made to section 395.701, F.S. The Agency previously conducted rule development and public hearings leading to publication of earlier forms of these proposed rules.

After publication and a second challenge, the most recent proposed rules were withdrawn by publication of notice in the FAW on May 31, 2002.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: There should be no additional cost to the Agency for Health Care Administration, any agency of state or local government, small counties, small cities, small businesses, or individuals. The effect on state revenues has already been considered by the Legislature. Estimated costs consist of only the cost for each hospital in preparation time for the revised Form C-3a. In the initial year, start up costs are estimated to be 80 to 160 hours per hospital at approximately \$25.00 per hour; this will be reduced in subsequent years. An estimated 233 hospitals will be expected to comply with the amendments.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 408.15(8) FS.

LAW IMPLEMENTED: 395.701(2), 408.061(2),(3),(4)(a),(7) FS.

COLUMN 9 – TOTAL NET PATIENT SERVICES REVENUE

Enter the summation of COLUMN 7 and COLUMN 8.

Amounts reported in this column represent the total net patient services revenue for the indicated account. The total in COLUMN 9, LINE 19 will be reported on WORKSHEET C-2, Line 5.

ACCOUNT 5980 – ADMINISTRATIVE, COURTESY, AND POLICY DISCOUNT CARE

This account is used to report the discounting by the hospital of care provided to members of its Governing Board, staff physicians and their families, and members of the clergy. These discounts may range from 10% to 100% of the hospital's bill. If the hospital discounts 100% of the bill, the gross charges should be reported in COLUMNS 1, 2, and 3, ACCOUNT 5905 and a deduction equal to those charges should be reported in COLUMNS 4, 5, and 6, ACCOUNT 5980. If the hospital discounts only a portion of the bill, the gross charges must be reported in the primary classification, e.g., commercial insurance, self pay, etc., and the amount discounted should be reported in account 5980, COLUMNS 4, 5, and 6.

ACCOUNT 5981 – EMPLOYEE DISCOUNTED CARE

Discounts for employees will generally be a secondary deduction of the commercial insurance classification. The hospital's discount portion will be reported in account 5981, COLUMNS 4, 5, and 6. However, the uncollectible amounts of employee deductibles and coinsurance should be reported in account 5900, COLUMNS 4, 5, and 6.

ACCOUNT 5995 – RESTRICTED FUNDS FOR INDIGENT CARE

This account is the amount received from donors and government agencies to offset the cost of indigent care provided by the hospital. This account was formerly listed on worksheet C-2 as "RESTRICTED GRANTS AND DONATIONS FOR INDIGENT CARE". The amount reported herein represents an offset to total deductions from revenue.

ACCOUNT 4900 – RADIATION THERAPY REVENUE AND DEDUCTIONS

Enter the amount of radiation therapy revenue for both inpatient and outpatient services on line 20 in COLUMNS 1, 2, and total in COLUMN 3. The amount in COLUMN 3 SHOULD equal ACCOUNT 4360, COLUMN 3, line 44, on worksheet C-3. Enter radiation therapy deductions from revenue on line 20 in COLUMNS 4, 5, and 6. Subtract the amounts on line 20 in COLUMNS 4, 5, and 6 from those on line 20 in COLUMNS 1, 2, and 3 and enter the result on line 20 in COLUMNS 7, 8, AND 9.

ACCOUNT C035 – ADJUSTED REVENUE AND DEDUCTIONS

Subtract the amounts on LINE 20 from those on LINE 19 and enter the result on LINE 21.

This represents the adjustment for radiation therapy net revenues from total net revenues.

ACCOUNT C004 – TOTAL HMO/PPO PAYMENTS

Enter the amount of HMO/PPO payment for inpatient and outpatient services on COLUMNS 7 and 8, then sum the two figures and enter the total in COLUMN 9.

DISPROPORTIONATE SHARE PAYMENTS:

Disproportionate share payments made to hospitals are considered to be a reduction of the contractual allowance for that service. Disproportionate share payments for **MEDICARE** patients should be subtracted from the deductions from revenue reported on LINE 05 (Account 5910), COLUMN 4 for inpatient and in COLUMN 5 for outpatients. Disproportionate share payments for **MEDICAID** patients should be subtracted from the deductions from revenue reported on LINE 06 (Account 5920), COLUMN 4 for inpatient and in COLUMN 5 for outpatients. Disproportionate share payments are to be apportioned to inpatient and outpatient services in proportion to the percentage of gross revenue generated by that segment of service.

EXAMPLE: If the MEDICARE disproportionate share payment is \$100,000 and MEDICARE gross revenue is 78% inpatient and 22% outpatient, then the amounts subtracted from MEDICARE deductions from revenue would be \$78,000 from inpatient and \$22,000 from outpatient.

60Q-6.110 Mediation, Generally.

(1) All petitions and claims pending at the time a mediation conference is held will be mediated at that conference unless the judge orders otherwise.

(2) After state mediation has been scheduled, parties who have agreed to private mediation shall file with the judge at least 30 days prior to the scheduled state mediation conference a notice substituting private mediation for state mediation. The notice shall include the name of the private mediator, along with the date and time of the state and private mediations.

(3) The parties and private mediator shall be bound by the rules and statutes applicable to state mediation. If a notice and order regarding state mediation has been entered in the cause, the terms and requirements of the notice and order shall remain in full force and effect as to the substituted private mediation.

(4) If the parties settle all issues, or all issues except for attorney's fees, prior to the scheduled mediation conference, they shall immediately notify the mediator and the judge in writing.

(5) The following persons shall attend the mediation conference: the claimant; the claims representative of the carrier/servicing agent, which representative must have full authority to settle the issues; the employer, if uninsured; the insured or self-insured employer, if the employer/servicing agent does not have full authority to settle the issues; and the attorneys for the parties. The appearance of an attorney for a party does not dispense with the required attendance of the party. No one may appear at the mediation conference by telephone unless such appearance is approved in advance by the mediator.

(6) Failure to attend the mediation conference without having shown good cause or failure to appear at the mediation conference with full authority to resolve the issues may subject the party or the attorney to sanctions.

(7) Immediately following the conclusion of the mediation conference, the mediator, whether state, adjunct, or private, shall prepare a report stating whether any of the issues in dispute are resolved and whether the parties completed a pretrial stipulation. The claimant shall file with the judge within five days the mediator's report, together with any pretrial stipulation executed by the parties. If the parties reached a settlement agreement, it shall be filed with the judge for approval only if the judge's approval is required by statute.

(2) Duties of Mediator. The mediator shall inform the parties at the beginning of the mediation conference:

(c) Of the differences between mediation and a final hearing before the presiding judge;

(d) If applicable, of the costs of the mediation;

(e) That the mediation process is consensual in nature, and the parties retain their right to a final hearing if they do not reach agreement;

(f) Of the privileged and confidential nature of communications made during the mediation;

(g) That any agreement reached at the mediation conference will be by mutual consent of the parties, reduced to writing, and subject to the approval of the presiding judge if required by statute; and

(h) That the mediator will timely determine when mediation should end.

(3) Disclosure. The mediator has a duty to be impartial and to advise all parties of any circumstances bearing on possible bias, prejudice, or partiality.

(b) Stipulate to such facts and documents as will avoid unnecessary proof;

(2) Production and entry on land. Any party may seek production of documents or other tangible things from other parties or non-parties and may seek entry onto land or other property as provided in the Florida Rules of Civil Procedure.

(3) Responses and objections to depositions, production, or entry shall be made as provided in the Florida Rules of Civil Procedure.

(4) Surveillance. Any evidence in the nature of surveillance is subject to discovery when it will be used at the final hearing provided the party intending to use the evidence is first given a reasonable opportunity to depose the party or witness who is the subject of the surveillance.

(5) The judge may enter orders to effectuate discovery, including orders compelling discovery, protective orders, and orders imposing sanctions for failure to comply with or for using discovery methods not specifically authorized by statute. 60Q-6.115 Motion Practice.

(1) All motions shall be in writing unless made on the record during a hearing and shall fully state the relief requested and the grounds relied upon.

(2) Prior to filing any motion, the movant shall personally confer with the opposing party or parties or, if represented, their attorneys of record to attempt to amicably resolve the subject matter of the motion. All motions shall include a statement that the movant has personally conferred or has used good-faith efforts to confer with all other parties or, if represented, their attorneys of record and shall state whether any party has an objection to the motion.

(3) If the motion cannot be amicably resolved, does not require the taking of evidence, and does not require more than ten minutes to argue, the movant shall notice the motion to be heard on the judge's motion calendar. The movant shall coordinate the motion hearing with the other parties or, if represented, their attorneys of record but not with the judge's office. The motion shall be served at that time; however, the motion shall not be filed with the judge until three days before the motion calendar on which it has been set. No written response to the motion is necessary. The movant shall bring to the motion calendar a proposed order, which allows the judge to mark that the motion is granted or denied, together with stamped envelopes for mailing the order to the parties.

(4) For other motions which have not been amicably resolved, the movant shall file the motion, which shall include a statement as to whether a hearing on the motion is necessary and, if so, the basis for requesting a hearing. The other parties may, within seven days of service of the written motion, file a response in opposition, which shall include a statement as to whether a hearing on the motion is necessary and, if so, the basis for requesting a hearing. Unless the judge determines that a hearing is necessary based upon the statements in the motion and/or response as to why a hearing is necessary, written motions will normally be disposed of without a hearing. Motion hearings may be conducted either in person or telephonically as the judge deems necessary.

(5) Motions for extension of time shall be filed prior to the expiration of the deadline sought to be extended and shall state good cause for the request.

(6) Motions to expedite discovery or the final hearing shall set forth good cause and shall be served by facsimile transmission, hand delivery, or overnight delivery. Any opposition to the motion must be filed within four days from the date of the motion.

Unless otherwise stated in the notice, the dismissal is without prejudice, except that a second notice of voluntary dismissal shall operate as an adjudication of denial of any claim or petition for benefits previously the subject of a voluntary dismissal.

(3) The judge may conduct any proceedings by telephone conference. Testimony may be taken by telephone with the agreement of all parties and approval by the judge.

(4) In the event that testimony is taken by telephone, the oath shall be administered in the physical presence of the witness by a notary public or officer authorized to administer oaths unless the physical presence of the notary public or officer is waived by the parties.

(5) Except as authorized by statute, the judge may enter an order reflecting the terms of any written stipulation or agreement between the parties only where one of the parties to the stipulation or agreement alleges that another party has failed or refused to comply with the stipulation or agreement and an order is necessary for immediate enforcement; otherwise, the parties shall not request that the judge approve a stipulation or agreement or reduce it to an order.

60Q-6.120 Summary Final Order.

(1) The judge may enter a summary final order when such an order would be dispositive of the issues raised by the subject petition. Issues that would be dispositive are whether there is coverage, whether the statute of limitations has run, whether the accident or occupational disease is compensable, whether the claim is barred by res judicata or a prior settlement, whether the judge has jurisdiction over the subject matter, whether the benefit sought has been paid, and whether the alleged employee is an independent contractor.

(2) Any party may file a motion for a summary final order when there is no genuine issue as to any material fact and the granting of the motion would be dispositive of the issues raised by the subject petition. A summary final order shall be rendered if the judge determines from the pleadings and depositions, together with affidavits, if any, that no genuine issue as to any material fact exists and that the moving party is entitled as a matter of law to the entry of a final order. No motion for summary final order may be filed less than 30 days prior to a scheduled final hearing.

(3) When a motion for summary final order is denied, the judge shall impose sanctions pursuant to subsections 60Q-6.125(4) and (5), F.A.C., if the judge determines that the motion violates subsection 60Q-6.125(1), F.A.C.

(b) On his or her own initiative, the judge may enter an order describing the specific conduct that appears to violate subsection (1) and directing an attorney or party to show cause why sanctions should not be imposed.

(4) Nature of Sanctions.

RULE TITLE: Food Stamp Program Issuance

RULE NO.: 65A-1.604

PURPOSE AND EFFECT: Section 409.942, F.S., established the Electronic Benefit Transfer (EBT) program. This rule amendment changes food stamp issuance policies to reflect the Electronic Benefit Transfer (EBT) system as the department’s method of benefit issuance. 65A-1.604 Food Stamp Program Issuance.

(1) Food Stamps are issued through the Electronics Benefits Transfer (EBT) system.

(2) Benefit Availability.

(a) Food stamp availability dates will be staggered over the first 15 days of each month. Benefit availability to assistance groups (AGs) is based on the terminal digits of the AG's case number. AGs are able to receive their monthly allotment on their assigned availability date or any subsequent day in that month. Food stamp benefits placed in the EBT account may be accessed for 365 days following their being made available in the account.

(b) The EBT system supports mass overrides of benefit availability dates in instances of disasters or other emergencies, in which an executive decision approves override of benefit availability policies. This permits clients in areas where hurricanes or other disasters are threatening to be able to access their benefits earlier to prepare for such events.

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rules, published in Vol. 28, No. 41 issue of the Florida Administrative Weekly on October 11, 2002, in accordance with subparagraph 120.54(3)(d)1., F.S. These changes are the result of the department's decision to amend a form, add new forms and simplify statements about obtaining copies of forms. Specific changes are as follows.

Rule 65A-1.705

Paragraph (8)(a) is amended to read:

(a) Applicants for childrens' Medicaid only through Florida Healthy Kids or departmental sites will be required to complete only the Florida KidCare Application, CF-ES 1055, Jan 03 Jul 99 (incorporated by reference). These application forms are available through the department's local offices, the local health department-s, and other community-based sites such as schools, health care providers, day-care centers and libraries. Children who apply only for the MediKids component of KidCare will also use the Florida KidCare Application form. When the application is only for these child health care programs, a face-to-face eligibility determination is not required. ~~no change~~

Paragraph (8)(c) is amended to read:

(c) Prior to approval for Medicaid, verification of immigration status will be required for children who are not citizens. This requirement will be met through the SAVE system and completion of a KidCare Program Immigration Status Statement, CF-ES 2083, Sep 2002 Jul 99 (incorporated by reference). Information about immigration status and the receipt of Medicaid will be sent to parents when they are asked to complete the Immigration Status Statement form. If the requested information is not provided within thirty days, the application will be denied. ~~no change~~

Paragraph (8)(e) is amended to read:

(e) If eligibility cannot be determined because the KidCare Application form is incomplete, the department may request missing information from the parent or caretaker applicant using the Missing Information Request form, CF-ES 2284, Oct 2002 Jul 99 (incorporated by reference). If a child's eligibility for Medicaid cannot be processed, or if a child is ineligible for Medicaid due to family income in relation to family size or due

to the child's immigration status, the department may provide notice using the Notice of Case Action, CF-ES 1056, Jul 99 (incorporated by reference) in lieu of a generic notice of case action ~~the form CF-ES 2601, Notice of Case Action (incorporated by reference in rule 65A-1.400)~~. The KidCare Application for a child who is ineligible for Medicaid due to their immigration status or family's income will be forwarded by the department to Florida Healthy Kids Corporation for assessment of eligibility for another part of the KidCare program; the parent or caregiver will not have to submit another application. ~~no change~~

In the first sentence of paragraph (8) (g), the edition date of form CF-ES 2092 is changed to "Sep 2002".

Paragraph (8)(i) is amended to read:

~~(9)(8)(i) Copies of the forms CF-ES 1055, CF-ES 1056, CF-ES 1057, CF-ES 1058, CF-ES 2083, CF-ES 2084, CF-ES 2092, CF-ES 2093, CF-ES 2277 and CF-ES 2284 as incorporated by reference in this rule; may be obtained from the Department of Children and Family Services, Economic Self-Sufficiency Program Office, 1317 Winewood Boulevard, Tallahassee, Florida 32399-0700.~~

PLACE: County of Hillsborough, Lee Davis Center, Tampa, Florida 33605

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Department of Community Affairs (DCA) is seeking public or nonprofit entities to administer the Weatherization Assistance Program and related programs in Hillsborough County. Entities interested in contracting with DCA to provide these services should be present at this public hearing in order to be informed of the qualifications and application requirements. Selection of an entity will be based on the entities' experience and performance in weatherization or housing renovation activities and in assisting low-income persons in the area to be served, and their capacity to undertake a timely and effective weatherization program. Preferences will be given to any Community Action Agency, other public or nonprofit entity which has, or is currently administering an effective DCA

funded Weatherization Assistance Program. The following qualities will be reviewed: (1) the extent to which the past or current program achieved or is achieving weatherization goals in a timely fashion; (2) the quality of work performed by the entity; (3) the number, qualifications, and experience of the staff members of the entity; and (4) the ability of the entity to secure volunteers, training participants, and public service employment workers. Since no more than one entity will be funded in the county, the entity must be capable and willing to provide services to all eligible low-income citizens in the geographic area.

ACTIONS TO BE TAKEN: The DCA will review all comments received at the public hearing, the submitted applications, and make a decision regarding each entity's eligibility to provide Weatherization Assistance Program services to Hillsborough County.
