NOTICE TO CONSTRUCTION MANAGERS:

The University of Florida Board of Trustees, announces that construction management services will be required for the project listed below:

Project No.: UF-237

Project Name and Location: Hub Renovation, University of Florida, Gainesville, Florida.

The project consists of completely remodel the portion of the Hub west of the stairs. The eastern portion of first floor building would remain as a food service facility and has recently been remodeled by Aramark. The remainder of the building will be shared by the University of Florida International Center and several departments within Academic Technology. The Technology Hub, as part of Academic Technology is envisioned as a facility that allows student access to multiple information technologies in support of learning and extracurricular activities. Services at this facility would be comprehensive, including hardware, software, connectivity, collaboration, training, and support services. The facility would include private and public space for individual and workgroups in a comfortable and inviting environment. The facility would support and encourage interdisciplinary and cross-cultural collaboration. Facilities would include: Walkup Internet access stations, workgroup spaces supported with multimedia and videoconferencing, virtual reality stations, and video and audio studios. The estimated construction budget is \$8,328,400.00.

The project is in the Design Development phase. The construction management services for pre- construction phase will consist of constructability analyses, development of a cost estimating for phased construction and scheduling, and the development of a Guaranteed Maximum Price (GMP) at 100% Construction Document for phased construction. If the GMP is accepted, the construction phase, will be implemented. The construction for this project may be in phases depending on the funding availability. In this phase of the contract, the construction manager becomes the single point of responsibility for performance of the construction of the
