THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

60S-1.005 Special Risk Class; Legislative Intent and Procedures.

(1) Legislative Intent. – In creating the special risk class of membership within the Florida Retirement System, it is the intent and purpose of the Legislature to recognize that persons employed in certain categories of law enforcement, firefighting, criminal detention, and emergency medical care positions are required as one of the essential functions of their positions to perform work that is physically demanding or arduous, or work that requires extraordinary agility and mental acuity, and that such persons, because of diminishing physical and mental faculties may find that they are not able, without risk to the health and safety of themselves, the public, or their co-workers, to continue performing such duties and thus enjoy the full career and retirement benefits enjoyed by persons employed in other positions, and that, if such persons find it necessary, due to the physical and mental limitations of their age, to retire at an earlier age and usually with less service, they will suffer an economic deprivation therefrom. Therefore, as a means of recognizing the peculiar and special problems of this class of employees, it is the intent and purpose of the Legislature to establish a class of retirement membership that awards more retirement credit per year of service than that awarded to other employees; nothing contained herein shall require ineligibility for special risk membership upon reaching age 55.

(2) Eligibility. Any member who is employed as a law enforcement officer, a firefighter, a correctional officer, or an emergency medical technician or paramedic who meets the criteria as set forth in Rule 60S-1.0051, 60S-1.0052, 60S-1.0053 or 60S-1.00535, F.A.C., shall be eligible for approval for special risk membership as provided in this section. Pioneer Community Development District

RULE CHAPTER TITLE:	RULE CHAPTER NO.:
Pioneer Community Development District	42BBB-1
RULE TITLES:	RULE NOS.:
Establishment	42BBB-1.001
Boundary	42BBB-1.002
Supervisors	42BBB-1.003

PURPOSE, EFFECT AND SUMMARY: The purpose of this proposed rule is to establish a community development district ("CDD"), the Pioneer Community Development District ("District"), pursuant to Chapter 190, F.S. The petition filed by MHK of Volusia County, Inc., requests the Commission establish a community development district located within the City of Port Orange, Volusia County, Florida. A Notice of Receipt of Petition for the Pioneer Community Development District was published in the July 15, 2005, edition of the *Florida Administrative Weekly*. The land area proposed to be served by the District comprises approximately 1,238.2 acres. A general location map is contained as Exhibit 1 to the petition to establish the District. The proposed District is located generally north of Pioneer Trail, east of Highway 415 and south of Dunlawton Avenue. There are no parcels located within the external boundaries of the proposed District which are to be excluded from the District. The Petitioner either owns or has written consent to establish the District from the landowners of one hundred percent (100%) of the real property located within the proposed District. The development plan for the lands within the proposed District includes the construction of approximately 1,300 residential units of single family detached and multi-family units as well as 25 acres of commercial mixed use. The District, if established, currently intends to participate in the provision of certain infrastructure

improvements including clearing, earthwork, water, sewer, and reclaimed utilities, roadways, stormwater management facilities, facilities for outdoor cultural and recreational uses, and landscaping. Master infrastructure also includes a community recreation center. Also included will be stormwater management facilities consisting of treatment ponds, outfalls, land to construct the retention and compensating storage areas, and wetland mitigation to serve the District in accordance with the permitting agencies.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition to establish the District. The complete text of the SERC is contained as Exhibit 9 to the petition to establish the District. The scope of the SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principle entities that are likely to be required to comply with the rules include the District, the State of Florida, the City of Port Orange, and Volusia County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur minimal administrative costs. The City of Port Orange and Volusia County will also incur one-time administrative costs which are offset by the required filing fee paid to each the City of Port Orange and Volusia County by the Petitioner. Adoption of the proposed rule to approve the formation of the District will not have adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District

may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition to establish the District will have no impact or a positive impact on all small businesses. The petition to establish the District will not have an impact on small counties and small cities as defined by section 120.52, F.S., as the City of Port Orange is not defined as a small city and Volusia County is not defined as a small county. Under section (e), analysis provided was based on a straightforward application of economic theory. Input was received from the Developer's Engineer and other professionals associated with the Developer.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE, EFFECT AND SUMMARY: The purpose of this proposed rule is to establish a community development district (“CDD”), the Madeira Community Development District (“District”), pursuant to Chapter 190, F.S. The petition (amended during the November 15, 2005, local public hearing) filed by Ponce Associates, LLC, requests the Commission establish a community development district located within the City of St. Augustine, St. Johns County, Florida. A Notice of Receipt of Petition for the Madeira Community Development District was published in the October 28, 2005, edition of the Florida Administrative Weekly. The land area proposed to be served by the District comprises approximately 1,006.5 acres (The original petition described the proposed District as approximately 1,010 acres in size. However, the District’s legal description was amended to approximately 1,006.5 in size.). A general location map is contained as Exhibit 1 to the amended petition to establish the District. The proposed District is located generally on the east side of U.S. 1 North between Ocean Boulevard to the north and Poinciana Avenue to the south. There are no parcels located within the external boundaries of the proposed District which are to be excluded from the District. The Petitioner either owns or has written consent to establish the District from the landowners of one hundred percent (100%) of the real property located within the

proposed District. The development has been approved for 749 residential units consisting of 469 single family homes, 114 condominium units, and 166 town homes. In addition, 170,000 square feet of commercial space is planned. Currently, the lands to be included in the District are zoned planned unit development (PUD). The District, if established, currently intends to finance certain master infrastructure improvements including roads, water, sewer, stormwater management, recreational facilities, landscape/entry features, and professional fees.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) as revised on September 20, 2005, supports the petition, as amended, to establish the District. The complete text of the revised SERC is contained as Exhibit 8 to the petition, as amended. The scope of the revised SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, the City of St. Augustine, and St. Johns County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur minimal administrative costs. The City of St. Augustine and St. Johns County will not incur any quantifiable on-going costs resulting from the on-going administration of the District. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special

assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as amended, to establish the District will have no impact or a positive impact on all small businesses. The petition, as amended, to establish the District will not have an impact on small counties and small cities as defined by Section 120.52, F.S., as the City of St. Augustine is not defined as a small city and St. Johns County is not defined as a small county. Under section (e), certain data was provided by the developer/petitioner and represents the best information available at this time. Other data was provided by Rizzetta & Company and was based on observations, analysis and experience with private development and other community development districts in various stages of existence. Input was received from the developer's engineer and other professionals associated with the developer.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for lower cost regulatory alternative must do so in writing within 21 days of this notice.

Unless otherwise approved by the Board or the Chairperson of the Probation Committee, said continuing education courses shall consist of a formal live lecture format.

(7) PROBATION TERMS. If probation was imposed by Board Order, the following provisions are applicable:

(a) DEFINITIONS:

1. INDIRECT SUPERVISION is supervision by a monitoring physician (monitor), as set forth in the Board's Order, whose responsibilities are set by the Board. Indirect supervision does not require that the monitor practice on the same premises as the Respondent. However, the monitor shall practice within a reasonable geographic proximity to Respondent, which shall be within 20 miles unless otherwise approved by the Board and shall be readily available for consultation. The monitor shall be board-certified in the Respondent's specialty area unless otherwise approved by the Board or its designee.

2. DIRECT SUPERVISION is supervision by a supervising physician (supervisor), as set forth in the Order, whose responsibilities are set by the Board. Direct supervision requires that the supervisor and Respondent work in the same office. 3. PROBATION COMMITTEE or "Committee" are members of the Board of Medicine designated by the Chair of the Board to serve as the Probation Committee.

(b) REQUIRED SUPERVISION.

1. If the terms of the Order include indirect monitoring of the licensee's practice (monitoring) or direct monitoring of the licensee's practice (supervision), the Respondent shall not practice medicine without an approved monitor/supervisor, as specified by the Final Order, unless otherwise ordered by the Board.

2. The monitor/supervisor must be licensed under Chapter 458, Florida Statutes, in good standing, in active status, and without restriction or limitation on his/her license. In addition, the Board or Committee shall reject any proposed monitor/supervisor on the basis that he/she has previously been subject to any disciplinary action against his/her medical license in this or any other jurisdiction, is currently under investigation, or is the subject of a pending disciplinary action. The monitor/supervisor must be actively engaged in the same or similar specialty area unless otherwise approved by the Board or Committee and be practicing within a reasonable distance of the Respondent's practice, a distance of no more than 20 miles unless otherwise specifically provided for in the Board's Order. The monitor/supervisor must not be a relative or employee of the Respondent. The Board, Committee or designee may also reject any proposed monitor/supervisor for good cause shown.

(c) TEMPORARY APPROVAL. The Board confers authority on the Chair of the Probation Committee to temporarily approve Respondent's monitor/supervisor. To obtain this temporary approval, Respondent shall submit to the Compliance Officer the name and curriculum vitae of the proposed monitor/supervisor. This information shall be furnished to the Chair of the Probation Committee by way of the Compliance Officer. This information may be faxed to the Compliance Officer at (850)414-0864, or may be sent by overnight mail to the Compliance address as set forth in subsection (4) above. Should Respondent's monitoring/supervising physician be temporarily approved, said approval shall only remain in effect until the next meeting of the Probationer's Committee. Absent said approval, Respondent shall not practice medicine until a monitoring/supervising physician is approved. Temporary approval shall only remain in effect until the next meeting of the Probation Committee.

(d) FORMAL APPROVAL. Respondent shall have the monitor/supervisor with him/her at the first probation appearance before the Probation Committee. Prior to consideration of the monitor/supervisor by the Committee, the Respondent shall provide the monitor/supervisor a copy of the Administrative Complaint and the Board's Order in this case. Respondent shall submit a current curriculum vitae, a description of current practice, and a letter agreeing to serve from the proposed monitor/supervisor to the Compliance Officer no later than 21 days before the Respondent's first scheduled probation appearance. Respondent's monitor/supervisor shall also appear before the Probation Committee at such times as directed by the Committee. It shall be the Respondent's responsibility to ensure the appearance of his/her monitor/supervisor as directed. Failure of the monitor/supervisor to appear as directed shall constitute a violation of the terms of the Board's Order and may subject the Respondent to additional disciplinary action.

(e) CHANGE IN MONITOR/SUPERVISOR. In the event that Respondent's monitor/supervisor is unable or unwilling to fulfill his/her responsibilities as a monitor/supervisor as described above, the Respondent shall immediately advise the Compliance Office of this fact. Respondent shall immediately submit to the Compliance Office the name of a temporary monitor/supervisor for consideration. Respondent shall not practice pending approval of this temporary monitor/supervisor by the Chair of the Probation Committee. Furthermore, Respondent shall make arrangements with his/her temporary monitor/supervisor to appear before the Probation Committee at its next regularly scheduled meeting for consideration of the monitor/supervisor by the Committee. Respondent shall only practice under the supervision of the temporary monitor/supervisor (approved by the Chair) until the next regularly scheduled meeting of the Probation Committee whereat the issue of the Committee's approval of the Respondent's new monitor/supervisor shall be addressed.

Supervision of physician assistants and/or anesthesia assistants is prohibited when a physician is on probation.

(10) SUSPENSION. In the event that a Respondent's license expires during the period that the license is suspended, this action shall not relieve the Respondent of the responsibility to renew the license at the end of each licensure period. If the Respondent fails to renew the license at the end of any licensure period, all normal conditions and consequences imposed by statute or rule of the Board for failure to timely and properly renew a license shall apply. Renewal of a suspended license during the period of suspension shall not affect the suspension of the license and the suspension shall continue until all requirements for reinstatement have been met.

(11) RETURN OF LICENSE. Any Order which suspends a license, revokes a license, or accepts a Respondent's offer to voluntarily relinquish his/her license shall require the Respondent to return the license to the Department within 30 days from the date the Final Order is filed. This shall not apply to instances where the Board or a court has granted the Respondent a stay of the suspension.

64B8-9.007 Standards of Practice.

The Board of Medicine interprets the standard of care requirement of Section 458.331(1)(t), F.S., and the delegation of duties restrictions of Section 458.331(1)(w), F.S., with regard to surgery as follows:

(1) The ultimate responsibility for diagnosing and treating medical and surgical problems is that of the licensed doctor of medicine or osteopathy who is to perform the procedure surgery. In addition, it is the responsibility of the treating physician operating surgeon or an equivalently trained doctor of medicine or osteopathy or a physician practicing within a Board approved postgraduate training program to explain the procedure to and obtain the informed consent of the patient. It is not necessary, however, that the treating physician operating surgeon obtain or witness the signature of the patient on the written form evidencing informed consent.

(2) This rule is intended to prevent wrong site, wrong side, wrong patient and wrong surgeries/procedures by requiring the team to pause prior to the initiation of the surgery/procedure to confirm the side, site, patient identity, and surgery/procedure.

(a) Definition of Surgery/Procedure. As used herein, "surgery/procedure" means the incision or curettage of tissue or an organ, insertion of natural or artificial implants, electro-convulsive therapy, and endoscopic procedure or other procedure requiring the administration of anesthesia or an anesthetic agent. Minor surgeries/procedures such as excision of skin lesions, moles, warts, cysts, lipomas and repair of lacerations or surgery limited to the skin and subcutaneous tissue performed under topical or local anesthesia not involving drug-induced alteration of consciousness other than minimal pre-operative tranquilization of the patient are exempt from the following requirements.

(b) Except in life-threatening emergencies requiring immediate resuscitative measures, once the patient has been prepared for the elective surgery/procedure and the surgical team has been gathered in the operating room and immediately prior to the initiation of any surgical procedure, the surgical team will pause and the operating physician(s) performing the procedure will verbally confirm the patient's identification, the intended procedure and the correct surgical/procedure site. The operating physician shall not make any incision or perform any surgery or procedure prior to performing this required confirmation. The notes of the procedure shall specifically reflect when this confirmation procedure was completed and which personnel on the surgical team confirmed each item. This requirement for confirmation applies to physicians performing procedures either in office settings or facilities licensed pursuant to Chapter 395, F.S., and shall be in addition to any other requirements that may be required by the office or facility.

(c) The provisions of subsection (b) shall be applicable to anesthesia providers prior to administering anesthesia or anesthetic agents, or performing regional blocks at any time both within or outside a surgery setting.

RULE CHAPTER TITLE: Type I Wildlife Management Areas RULE CHAPTER NO.: 68A-15

RULE TITLE: Specific Regulations for Wildlife Management RULE NO.:

Areas – North Central Region 68A-15.062

PURPOSE AND EFFECT: The purpose of the proposed rule change is to revise specific area regulations on the Camp Blanding Wildlife Management Area (WMA) and switch the areas on which deer-dog hunting and still hunting were traditionally allowed, prior to portions of the post being closed for security reasons. This change would expand hunting opportunities and allow for the reopening of the south post to hunting. The effect of the proposed rule changes would increase public hunting opportunities by reinstating deer-dog hunting.

SUMMARY: The proposed rule change would open the general gun still season on the Saturday before Thanksgiving, closing 57 days thereafter; reduce the traditional 58-day dog hunt season to two 9-day quota hunts (the first hunt opening the Saturday before Thanksgiving and the second hunt opening the Saturday before Christmas); move the dog hunt area to that portion of the current still hunt area which is north of State Road 16; move the still hunt area to south of State Road 16; open the archery and muzzleloading gun hunts Tuesday through Thursday (instead of the current Wednesday through Friday); allow only bucks having at least one antler with three or more points as legal to take in the archery only and still hunt areas; allow bucks with at least one antler 5-inches or more in length as legal to take on the dog hunt area; prohibit the possession of a dog, other than a dog on a leash for trailing

wounded game, in the archery only and still hunt areas; allow vehicles on named or numbered roads only; and prohibit public access except by persons engaged in authorized activities.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: A statement of estimated regulatory cost has not been prepared regarding these proposed rules.

(a) By June 15, 2006, ~~April 3, 2006~~ and every second Monday in January thereafter each school district shall submit changes to its instructional personnel assessment system to the Department for approval pursuant to Section 1012.34, Florida Statutes.

(b) Each submission shall include documentation to substantiate that the school district has met the requirements and conditions for approval of instructional personnel assessment systems pursuant to Section 1012.34, Florida Statutes, and this rule.

(c) The assessment system shall be reviewed by the Department for inclusion of the following:

1. Criteria for annually evaluating the professional performance of all instructional personnel primarily on the basis of improved achievement learning gains made by students for which they are the responsible instructor (“Improved Student Achievement”) ~~assigned to their classroom pursuant to Section 1012.34(3), Florida Statutes, and.~~

2. Other approved ~~Additional~~ criteria for annually evaluating the professional performance of all instructional personnel listed in Section 1012.34, Florida Statutes, and the Florida Educator Accomplished Practices as incorporated prescribed in Rule 6A-5.065, FAC., in a manner consistent with sub-subparagraph (1)(c)3.d. ~~Subsection (4)~~ of this rule.

a. For all instruction personnel, the district’s performance assessment shall Differentiate or comparatively differentiate rank the professional performance of each individual at least by the top 10 percent and by the top quartile based on Improved Student Achievement, so that districts may determine a portion of regular salary compensation individually on the basis of professional performance as required by Sections 1012.22 and 1012.34(3), Florida Statutes. A district may, for purposes of determining an individual’s professional performance rank, take into account an unsatisfactory rating on non-Student Achievement criteria provided in Section 1012.34, Florida Statutes, or the Florida Educator Accomplished Practices, as incorporated in Rule 6A-5.065 FAC, or local or state discipline to which that individual is subject. all instructional personnel in the district as calculated primarily based on student learning gains in accordance with the criteria listed in subsection (4) of this rule,

which performance assessment is to be determinative of a portion of each individual's regular salary compensation as provided in Section 1012.22, Florida Statutes, and

b. For individual evaluation of instructional personnel teaching state assessed subjects or grades as described in Section 1008.22, Florida Statutes: ~~Designate outstanding performers in accordance with requirements listed in subsection (4) of this rule.~~

(I) Insofar as individual instructional personnel have not received an unsatisfactory rating on non-Student Performance related criteria and are not subject to discipline (see sub-subparagraph (1)(c)3.d. of this rule), each district shall annually identify as having demonstrated outstanding professional performance, based on Improved Student Achievement on the statewide assessments and using the method made available under sub-sub-subparagraph (1)(c)3.b.(II) of this rule, any individual who ranks in a given year at least in the top 10 percent of elementary, middle, or high school instructional personnel statewide or districtwide, whichever is greater, or any instructional personnel who ranks in the top quartile statewide in any consecutive year after being ranked in the top 10 percent statewide in a previous year. Instructional personnel shall not be made to apply or take any additional action to be designated as an outstanding performer by a district pursuant to this rule. Local school districts may designate additional instructional personnel beyond the top 10 percent as outstanding as long as the designation is primarily based upon Improved Student Achievement using the method made available under sub-sub-subparagraph (1)(c)3.b.(II) of this rule, and no application or additional action is required to qualify. By the end of the fiscal year, each district shall give notice annually to the Department of all instructional personnel teaching state assessed subjects or grades who are designated by that district as outstanding performers.

(II) To assist local school districts' assessment of personnel, the Department annually shall provide no later than thirty (30) days after the school grades are released, statewide teacher-specific Improved Student Achievement results for the top 10 percent and top quartile, and shall make available the objective method for each district to comparatively differentiate instructional personnel under its plan.

c. For evaluation of individual instructional personnel who do not teach state assessed subjects or grades:

(I) Insofar as individual instructional personnel have not received an unsatisfactory rating on non-Improved Student Achievement related criteria and are not subject to discipline (as provided in sub-subparagraph (1)(c)3.d. of this rule), each district shall annually identify as having demonstrated outstanding professional performance, based on objective local assessments of Improved Student Achievement, any individual who ranks in a given year at least in the top 10 percent of elementary, middle, or high school instructional personnel districtwide. Instructional personnel shall not be made to apply

or take any additional action to be designated as an outstanding performer by a district pursuant to this rule. By the end of the fiscal year, each district shall give notice annually to the Department of all instructional personnel not teaching state assessed subjects or grades who are designated by that district as outstanding performers.

(II) For purposes of sub-sub-subparagraph 1)(c)3.c.(I), the following measures shall be considered to be objective local assessments of Improved Student Achievement:

(D) Other measures of performance, excluding teacher-assigned grades or classroom-level tests. Portfolios may only be used to determine outstanding performance for teachers of special education students.

d. If an individual has received an unsatisfactory rating on non-Improved Student Achievement related assessment criteria as provided by Section 1012.34, Florida Statutes, and Rule 6A-5.065, F.A.C., the Florida Educator Accomplished Practices, or is subject to local or state discipline, a local school district may choose not to identify that individual as an outstanding performer. The district shall identify annually to the Department all instructional personnel who have received such an unsatisfactory rating or are subject to discipline, but otherwise would have received an outstanding performance designation by the end of the fiscal year.

For instructional personnel who do not teach state assessed subjects or grades, districts shall have an opportunity to transition from their existing personnel assessment policy to a policy that incorporates Improved Student Achievement

factors as soon as feasible. The Department shall work with districts as requested to help develop assessment plans that will conform to this rule for instructional personnel who do not teach state assessed subjects or grades.

(3) Approval Process. The Department of Education shall send written notification to the school district superintendent of the status of the school district's instructional personnel assessment system. The status designation shall be as follows:

(b) Conditionally Approved. An instructional personnel assessment system shall be ~~designated~~ conditionally approved if the school district's assessment system fails to satisfy one or more of the requirements or ~~and~~ conditions for instructional personnel assessment systems pursuant to Section 1012.34, Florida Statutes, and this rule. The school district's system designated as conditionally approved shall be revised so that it is in full compliance with all requirements and conditions for instructional personnel assessment systems pursuant to Section 1012.34, Florida Statutes, and this rule within the time period specified by the Department, and resubmitted to the Department for review and approval.

The annual assessment procedures adopted by a school district shall allow it annually to differentiate or comparatively rank the performance of each individual for the purposes of assessment and compensation. The criteria for evaluating professional performance shall be as follows:

(a) For individual evaluation of instructional personnel teaching state assessed subjects as described in Section 1008.22, Florida Statutes:

1. Professional performance must be measured on the basis of performance gains on the state assessment by students assigned to the individual's classroom, except that a district may determine unsatisfactory performance for an individual

who is subject to discipline based upon additional criteria listed in Section 1012.34, Florida Statutes, and the Educator Accomplished Practices:

2. Instructional personnel, without needing to apply or take any additional action, shall be identified as having demonstrated outstanding performance if, based on their students' performance improvements on the statewide assessment, a teacher is determined by the Department to rank in the top 10 percent of elementary, middle, or high school instructional personnel statewide. The Department annually shall provide statewide results of individual performance to local school districts no later than thirty (30) days after the school grades are released. A district may designate as outstanding additional instructional personnel if the designation is based upon student performance criteria and no application or other documentation is required to qualify.

(b) For evaluation of individual instructional personnel that do not teach state assessed subjects:

1. Professional performance must be measured on the basis of improved performance on local assessments by students assigned to the individual's classroom, except that a district may determine unsatisfactory performance for an individual who is subject to discipline based upon additional criteria listed in Section 1012.34, Florida Statutes, and the Educator Accomplished Practices:

2. Each district's assessment of instructional personnel performance shall be based upon reliable external measures of student learning gains or achievement, including, but not limited to:

a. Standardized exams such as advanced placement, International Baccalaureate, and others;

b. Industry certification exams;

c. Exams that have been developed by the district, a consortium of districts, or a professional organization that meet the psychometric standards of reliability and validity and are administered by external evaluators; or

d. Other measures of performance, excluding teacher-assigned grades or classroom-level tests shall not be used to determine outstanding performance. Portfolios may only be used to determine outstanding performance for teachers of special education students.

3. The professional performance assessment results shall be calculated in a manner sufficient to allow the district both to comparatively rank instructional personnel in paragraph (4)(b) of this rule both for the purpose of determining the performance pay component of their regular salary compensation and the purpose of identifying the top 10 percent of elementary, middle, and high school instructional personnel district wide as having demonstrated outstanding performance.

(4)(5) Modifications to an Instructional Personnel Assessment System. If a school board makes substantive modifications to an approved school district instructional

The notification is required to contain the name and federal identification number of the original CAPCO investor, the name and federal identification number of the seller (if different from the original CAPCO investor), the name and federal identification number of the purchaser, the amount and type of CAPCO credit being transferred/sold, and a schedule tracking the amount of CAPCO credit granted the original investor and the use of such CAPCO credit through the date of transfer/sale.

(II) Transfer/sale of Future Year and Carryover CAPCO Credit Example. Insurer Z made an investment of certified capital in a CAPCO of \$1,000,000 in 1999 and earned a CAPCO credit of \$1,000,000. Insurer Z may use up to \$100,000 of its CAPCO credit, including any carryover CAPCO credit, each IPT year, beginning with the 2000 IPT return, until the CAPCO credit is used in its entirety. In 2000, 2001, 2002, 2003, and 2004, Insurer Z used CAPCO credits of \$100,000, \$100,000, \$100,000, \$75,000, and \$30,000, respectively. On December 1, 2005, Insurer Z sells all of its remaining CAPCO credits and carryover credits, including its 2005 current year CAPCO credit, to Insurer M. By December 31, 2005 [the earlier of December 31, 2005 (30 days after the date of transfer), or January 31, 2006 (30 days prior to the due date of the 2005 IPT return, the return on which the transferred CAPCO credits could initially be claimed)], Insurer Z sent a letter to the Department of Revenue stating that it sold all of its CAPCO credits to Insurer M. The letter included the federal identification numbers of Insurer Z and Insurer M. The letter also included a breakdown of how insurer Z used its CAPCO credits from 2000 to 2004 (\$405,000 of CAPCO credits used by Insurer Z - \$100,000 used on its 2000 IPT year, \$100,000 used on its 2001 IPT year, \$100,000 used on its 2002 IPT year, \$75,000 used on its 2003 IPT year, and \$30,000 used on its 2004 IPT year) and a recap of the amount of CAPCO credits sold (CAPCO credits of \$100,000 per year for IPT years 2005 through 2009 and a \$95,000 CAPCO credit carryover available for the 2010 IPT year for a total of \$595,000). Insurer M started claiming CAPCO credits beginning with its 2005 IPT return. Insurer M will include a statement with each of its IPT returns on which it is claiming a CAPCO credit that it purchased its CAPCO credit from Insurer Z on December 1, 2005.

65C-28.002 Visitation.

(1) Visitation between a Child in Out-of-Home Care and Parents. Visitation between the child and the child’s parents shall occur in accordance with court orders setting such visitation as reflected in the case plan. If at any time, the safety of the child precludes visitation, the visitation shall be suspended and the department or contracted service provider shall immediately, not to exceed 72 hours, request a court hearing to address the issue. Visitation between a child and parents may only be limited or terminated by order of the court, which shall be reflected in the case plan. There shall be a specific reason provided to the court for recommending no visitation or less than monthly visitation.

(a) Minimally, monthly visitation between the child and parents shall be recommended to the court consistent with the case goal unless it is deemed not feasible or not in the best interest of one or more of the children concerned.

(b) If monthly visitation between the child and parents is not recommended to the court, the court shall be advised of the reasons for the recommendation. When there is a recommendation of no visitation or less than monthly visitation because it is not in the best interest of the child, the court shall be provided documentation of the reason. This documentation shall also be recorded in the case file.

(c) If the court orders particular locations, times, or conditions for visits, such orders shall be followed until modified by the court.

(d) If the court does not order particular locations, times, or conditions for visits, the Services Worker shall ensure that all visits between children and parents occur in a neutral and protected setting. To the extent possible, visitation shall occur in a home-like setting and, unless unavoidable, not in an institutional setting or office. However, the safety of the children being visited shall always be the primary consideration.

(e) Visitation between a child in out-of-home care and the child’s parents may be arranged by the caregiver if the caregiver is willing and able and the court approves. If the caregiver is unwilling or unable to assume this responsibility, visitation between the child in out-of-home care and that child’s parents shall be arranged and supervised by the Services Worker, other designated staff, a visitation center or a court approved third party, unless the court has approved unsupervised visitation.

(2) Visitation among Siblings. The Services Worker shall ensure that separated siblings under supervision maintain in-person contact unless the visitation would compromise the safety or well-being of either child. Sibling visitation shall only be limited or terminated by order of the court, which shall be reflected in the case plan.

(a) Weekly in-person visitation between separated siblings shall be recommended to the court unless it is deemed not feasible or not in the best interest of one or more of the children concerned.

(b) If weekly in-person visitation between separated siblings is not recommended to the court, the court shall be advised of the reasons for the recommendation. When there is a recommendation of no visitation or less than weekly visitation because it is not in the best interest of the child, the court shall be provided clinical documentation of those reasons. Whenever no visitation or less than weekly visitation is recommended, the reasons shall be documented in the case file.

65C-28.003 Medical Treatment.

(1) If a child in out-of-home care appears to be suffering from illness or injury requiring medical intervention, the Services Worker or the caregiver shall take the child to the child's health care provider for a health care screening or treatment. If there is a medical emergency or an urgent need for medical attention, the child shall be taken to the nearest available health care provider or hospital. See subsections 65C-28.004(7) and (9), F.A.C., regarding requirements when placing children with special medical needs or communicable diseases.

(2) Ongoing health care and treatment provision shall include physical, dental and vision examinations as required by Chapter 59G-4, F.A.C., "Medicaid Services".

(a) If a child is Medicaid eligible, these services shall be obtained through Medicaid providers. If a child is not Medicaid eligible, these services shall still be provided.

(b) If the services worker or CPI receives a notice for a scheduled Child Health Check-up, he or she shall send immediately copies to the child's custodial parent, the child's foster parent or relative or non-relative caregiver and the child's guardian ad litem, if appointed.

(3) The parents shall remain financially responsible for the medical care and treatment of a child in out-of-home care when that medical care and treatment is not covered by Medicaid. For children who are not covered by Medicaid but have private insurance coverage, the Services Worker and the caregiver shall cooperate with the child's health insurance provider in identifying medical providers that will accept the insurance coverage. Unless the child is Medicaid eligible, the parent is

responsible for payment in all situations in which the child receives a medical examination or treatment, irrespective of the parent's consent to such examination or treatment. However, the inability or failure of the parent to meet this payment responsibility shall not delay the receipt of a medical exam or treatment. The financial responsibility of the parent ends when parental rights are terminated.

(4) Whenever possible, the caregiver, in cooperation with the parent shall select a primary health care provider who accepts Medicaid and is an enrolled Medicaid provider. When the county public health clinic is the child's primary health care provider, the Services Worker shall assist the caregiver in transferring the child's care to the county public health clinic nearest to the caregiver's residence.

(5) The Services Worker and licensed caregivers shall receive training in regard to and comply with the federal Health Insurance Portability and Accountability Act (HIPAA), which provides procedures regarding the management and protection of personal health information. The Services Worker shall inform relative and non-relative caregivers regarding the requirements of HIPAA.

(6) Required Actions to Gain Medical Consent at Time of Removal. At the time of removal, the Child Protective Investigator (CPI) shall ask the parents to provide written consent for ordinary medical treatment or medication. If the parent is unable or unwilling to give such consent, then the Child Welfare Legal Services attorney shall ask at the shelter hearing for a blanket court order authorizing the custodian, as named in the order, to give consent for ordinary medical treatment and medication on an ongoing basis. No consent is needed for treatment or medication rendered in the event of an emergency as documented by the attending physician.

(7) Consent for Medical Care of Children in Out-of-Home Care when Parental Rights Have Not Been Terminated. There are three types of medical care and treatment; each of which requires its own method to obtain consent for medical treatment. This may include a relative or non-relative who has been granted custody by the court. The attending physician shall determine the type of care needed.

(a) Ordinary Medical Care and Treatment. After a child is adjudicated dependent, the contracted service provider may delegate authority to consent to ordinary medical care and treatment to the out-of-home caregiver if the child remains in the custody of the department. A court order placing the child in out-of-home care should specify individuals who are authorized to consent to ordinary medical care and treatment for the child.

(b) Extraordinary Medical Care and Treatment. If the health care provider determines that an illness or injury requires medical treatment beyond ordinary medical care and treatment, but is not an emergency, the express and informed consent of the child's parent for the treatment shall be sought. If a parent provides express and informed consent for any

extraordinary medical procedure, the form and content of the consent shall be as directed by the prescribing health care professional.

1. If the parent is unwilling to provide informed consent for the proposed medical care, the CPI or Services Worker shall consult with the medical provider to determine if the treatment should be required. If the parent is unavailable or unable to provide informed consent for the proposed medical care or if consultation with the medical provider results in a determination that the treatment should be required, to ensure that the medical care is obtained, the CPI or Services Worker shall seek and obtain an order of the court authorizing the treatment prior to the treatment being rendered. The prescribing health care professional will be directed by Section 394.459(3), F.S., in the form and content of the express and informed consent. In cases when the child is prescribed psychotropic medications the procedures established in Section 39.407 (3), F.S., will be followed.

2. If a court order is required to obtain authorization for any extraordinary medical procedure, the following information, at a minimum, shall be included in the request for a court order:

a. Present diagnosis and known past medical interventions for the treatment of this condition;

b. A statement that the prescribing health care professional has reviewed all medical information concerning the child that has been provided;

c. The name and requested administration range for any medication requested;

d. A statement recommending the proposed procedure signed by the attending physician.

e. An analysis of the risks and benefits of the prescribed treatment for the particular child;

f. Alternatives to the treatment being recommended and the rationale for selecting the particular treatment recommended; and

g. Interventions other than the extraordinary medical care and treatment that are or shall be ongoing in conjunction with the care and treatment.

(c) Emergency Medical Care and Treatment. Although parents shall be involved whenever possible, obtaining consent is not required for emergency care and treatment. If the emergency care and treatment is provided without parental consent, the CPI or Services Worker shall ensure the parent and the guardian ad litem, if appointed, are notified as soon as possible after the treatment is administered. The child's case file shall contain a statement signed by the attending physician that the situation was an emergency and the care was needed to ensure the child's health or physical well-being. The case file shall also contain documentation that the parent and guardian ad litem, if appointed, were notified as soon as possible after the treatment was administered. All attempts to notify parents shall be documented in the child's case file.

(8) Consent For Medical Care for Children in the Custody of the Department when Parental Rights Have Been Terminated.

(a) Ordinary and Emergency Medical Care and Treatment. When a child is placed in the custody of the department following the termination of parental rights, the department or contracted service provider shall provide consent for ordinary medical care or emergency care of the child. The Service Worker shall provide documentation of their consent for the ordinary medical condition and document in the child's case file. When a child has received emergency medical care or treatment, the child's case file shall contain a statement signed by the attending physician that the situation was an emergency and the care was needed to ensure the child's health or physical well-being.

(b) Extraordinary Medical Care and Treatment. When a child is placed in the custody of the department following the termination of parental rights, the department or contracted service provider shall not provide consent for extraordinary medical care or treatment. Authorization for the extraordinary medical care or treatment shall be obtained by the department or contracted service provider from the court. Notification to the parent is not required when parental rights have been terminated; however, the guardian ad litem, if appointed, shall be notified.

(9) Consent For Children in the Custody of Relatives or Non-Relatives when Parental Rights Have Been Terminated. The ability of the relative or non-relative to provide consent to treatment when the child is placed in the custody of the relative or non-relative and the parental rights of the child have been terminated shall be as determined in the court order placing the child with the relative or non-relative.

(10) Required Documentation for Medical Care and Treatment.

(a) During the initial removal or no later than the first court proceeding thereafter, the CPI or Services Worker shall request the following information from the child's parents, family members or health care providers: medical history of the child; medical history of the child's family and medical consents from the child's parent or guardian. This information shall be used in developing the Child's Resource Record.

(b) All actions taken to obtain medical history and parental consent for medical screening, treatment, medications or immunizations shall be documented in the child's case file. If parental consent is received, a copy of the "Consent for Treatment and Release of Medical Information", CF FSP 4006, September 2000, which is incorporated by reference, shall be placed in the child's case file and a copy provided to the caregiver for placement in the Child's Resource Record.

(c) A copy of any court orders authorizing treatment shall be included in the case file, and a second copy provided to the caregiver for placement in the Child's Resource Record.

(d) Documentation of any notification provided to parents or others regarding a child's medical treatment.

(11) Notification of parents. The CPI or Services Worker shall ensure that the child's custodial parent is notified as soon as possible following any medical treatment of the child where the parent was not involved in providing consent for the treatment.

Specific Authority 39.012, 39.0121(6),(12),(13), 39.407(1), 743.064, 743.0645 FS. Law Implemented 39.407 FS. History--New _____.

65C-28.004 Placement Matching Requirements.

(1) The most appropriate available out-of-home placement shall be chosen after analyzing the child's age, sex, sibling status, special physical, educational, emotional and developmental needs, alleged type of abuse, neglect or abandonment, community ties and school placement. In making a placement with a relative or non-relative, the Services Worker shall consider whether the caregiver would be a suitable adoptive parent if reunification is not successful and the caregiver would wish to adopt the child. For children who are not U.S. citizens, see subsection 65C-30.007(17), F.A.C., for the actions required to promote the establishment of the child's legal immigrant status under specified circumstances.

(2) Multiethnic Placement Act of 1994, P.L. 103-3821, and the Interethnic Adoption Provisions of the Small Business Job Protection Act of 1996, P.L. 104-108. These federal laws require that every placement decision for children in the care or custody of the department be made without regard to the race, ethnicity, color, or national origin of the child or the adult with whom the child is to be placed. The selection and placement of a child into an initial or subsequent licensed foster care placement shall not be delayed or denied on the basis of the race, color, or national origin of the caregiver or the child.

(3) The McKinney-Vento Homeless Assistance Act requires that all homeless children, including children placed in an emergency shelter and continuing in out-of-home care while awaiting foster care placement, to have equal access to the same free, appropriate public education as other children. This requires that efforts be made to continue the child's education in the school of origin for the duration of the removal episode unless the child is placed in another school district or out-of-state. The Child Protective Investigator (CPI) at time of removal or Services Worker following case opening shall arrange for this continuation by contacting the school of origin and notify it of the need for transportation services to and from the school.

(a) Efforts shall be made to continue the child's attendance in the school of origin whether the placement in shelter occurs between academic years or during an academic year.

(b) Continuing efforts shall be made to maintain the child's attendance at the school of origin for the remainder of the academic year if the child is subsequently placed by the court in foster care or in a relative or non-relative placement during an academic year.

(c) When a child is dissatisfied with a failure to allow him or her to remain in the school of origin, he or she shall be assisted by the CPI or Services Worker to access the federally required dispute resolution process. This may be accomplished by the CPI or Services Worker following through with the dispute resolution process personally, handing the duty over to another agency employee, or referring the child to a pro bono attorney.

(4) In the case of an American Indian or Alaskan Native child, placement shall comply with the provisions of the federal Indian Child Welfare Act including the placement preferences mandated in the Act and working in partnership with the child's tribe in exploring appropriate placement options. If there is an existing written agreement between the Department and the child's tribe, compliance with the placement guidelines established in that agreement will be maintained, except upon mutual written consent of the Department and the tribe to deviate from the established guidelines (see Rule 65C-28.013, F.A.C.).

(5) When the case plan goal is reunification, the child shall be placed in a setting in as close proximity as possible to the caregiver with whom reunification is planned.

(6) When a concurrent case plan is in effect, the child shall be placed in a setting where the caregivers are willing to both assist the biological family in successfully completing required tasks, which shall allow for the safe return of the child to his or her home, and be willing to provide a long-term, permanent and stable living arrangement in the event that reunification is not achieved. In the event that reunification is not an option, all efforts shall be made to find an adoptive placement for the child as expeditiously as possible if adoption is the goal of the case plan.

(7) Placement of Children with Special Physical, Medical, Emotional, Educational or Developmental Needs.

(a) When an assessment identifies that the child has special physical, medical, developmental, educational or emotional needs, the child shall be placed in an environment that is the most appropriate and least-restrictive setting where those needs can be met.

(b) Regardless of the results of a special needs assessment, the CPI or services worker shall immediately notify the child's custodial parent, the child's foster parent or relative or non-relative caregiver and the child's guardian ad litem, if appointed.

(c) The CPI or Services Worker shall document in the case file any notification provided to parents or others regarding a child's special needs assessment and results, any referrals for assessments and any referrals made as a result of assessment results.

(d) Whenever a special need is suspected, the child's parents and the guardian ad litem shall be notified as soon as possible.

(e) When a special need is recognized prior to placement outside of the home, the person making the placement shall describe to the placement unit the special needs of the child that shall be met by the placement.

(f) Whenever a special need is suspected, the CPI at time of removal or Services Worker following case opening shall take steps within three working days to address the need. Actions that shall be taken include, as appropriate:

1. If the suspected special need is a mental health or substance abuse related disorder, determine if the child has had a CBHA within the last year. If the child has not had a CBHA within the preceding twelve months and the disorder suspected is a mental health or substance related disorder as defined in the DSM-IV-R, ensure that a referral for a CBHA is made within three working days of notification of the suspected need.

2. If the special need suspected is not a mental health or substance abuse related disorder, ensure that an appointment is made to screen the child by his or her primary care physician or appropriate medical personnel for determination of the child's needs. If an educational need, ensure that a referral is made to the child's school for further assessment.

3. If the child is suspected or identified as having a medical special need, the child shall be referred to the local CMAT. If the CMAT refers the child for medical foster care services, the Services Worker or other designated staff shall coordinate with the Medical Foster Care program in the local area regarding arrangements necessary to meet the child's needs. Services shall be coordinated and provided in accordance with the Medical Foster Care Statewide Operational Plan. This plan is an inter-agency agreement between the Department of Children and Families, Department of Health's Children's Medical Services program and the Agency for Health Care Administration.

4. If the child is suspected or identified as having a developmental delay or condition, any documentation to support the need for developmental services shall be obtained and eligibility for developmental services shall be applied for as soon as the need is recognized.

5. If there is any potential that a child may qualify for social security survivor benefits, social security disability benefits or Supplemental Security Income due to disability, the CPI or Services Worker shall ensure that an application is made for the benefits on behalf of the child.

6. Encourage and provide necessary support to the caregiver in participating in the assessment or medical evaluation process.

(g) When a disability is determined, the person making the placement shall:

1. Provide the results of the assessment or medical examination to the placement authority as soon as possible for review of placement options;

2. Coordinate the transfer of information between the caregiver, the physician, and the placement unit; and

3. Arrange any change in placement for the child necessitated by the determination.

(8) Placement of Children with Special Educational Needs.

(a) If a child is identified in any assessment or suspected of having special education needs, the Services Worker shall ensure that the child's school has been notified of such educational needs.

(b) If, prior to entry in out-of-home care, a child has been determined to have such needs, the CPI or Services Worker, as appropriate, shall inform the child's school officials that the child has entered out-of-home care.

(c) The Services Worker shall refer the child for appointment of a surrogate parent when the need for a surrogate parent is identified in accordance with Rule 6A-6.0333, F.A.C. Placement of the child shall take into account the caregiver's willingness and ability to participate in the child's educational plan. The following conditions apply when determining if there is a need for a surrogate parent appointment:

1. The requirements for the need for a surrogate parent as set forth in Rule 6A-6.0333, F.A.C. are met.

2. Students with disabilities who are living with relatives may be represented in educational meetings by the relative as long as long as the relative meets the requirements for a surrogate parent as set for in paragraph 6A-6.0333(1)(a)-(e), F.A.C.

3. Students with disabilities living in family foster homes do not require a surrogate parent. Licensed out-of-home caregivers meet the definition of "parent" under Section 1000.21, F.S.

4. Students with disabilities living in group-care settings or with non-licensed non-relatives require a surrogate parent unless one of the child's parents desires to represent the child in regard to his or her special educational needs. The operators and staff of group care facilities other than family foster homes may not serve as surrogate parents.

5. Services Workers and other department or contracted service provider staff shall not serve as surrogate parents for children whom they serve.

(9) Placement of Children with Communicable Diseases.

(a) The preferred out-of-home placement for a child with a communicable disease who is exhibiting symptoms related to such disease is with a relative or non-relative or in a licensed out-of-home setting with caregivers specifically trained for such purpose.

(b) When it is necessary for infants born of mothers suspected or known to have communicable diseases to undergo medical treatment or testing immediately after birth, the department or contracted service provider shall obtain either parental consent or a court order in an expeditious manner, to

allow the medical treatment to go forward. If a court order will be necessary, Child Welfare Legal Services shall be contacted immediately after the birth in order to expedite court involvement.

(c) When a child who has such a disease and is asymptomatic but exhibiting behaviors likely to increase the risk of transmission of the disease to others, such as biting, spitting or the exchange of blood or semen, the child shall be placed, whenever possible, in a home where no other children are present, until the child is medically cleared or the child's behavior no longer poses a threat.

(d) Confidentiality of Records. The following written statement shall be provided to the caregiver or provider: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of such information without the specific written consent of the person to whom such information pertains, or as otherwise permitted by state law."

(10) Placement of Children Who Are Victims of Sexual Abuse.

(a) When a child is a known victim of sexual abuse and needs to be placed, the CPI or Services Worker shall ensure that the following safeguards are implemented:

1. The caregiver is given detailed and complete information. This information shall include, but is not limited to, the date of the sexual abuse incident(s), the type of abuse, the nature and history of the child's relationship to the perpetrator, a brief narrative of the event, the type of treatment the child received and the outcome of the treatment.

2. The caregiver is able to access a Services Worker or other contracted service provider employee if assistance is required.

3. In partnership with the caregiver, the CPI or Services Worker shall outline a plan of care to handle any special management issues identified in the child's history and assessment. The plan of care shall include the following:

a. Placing the sexually abused child in a private bedroom until the child becomes better known to the caregivers unless the child's treatment provider indicates a private bedroom is not appropriate;

b. Limiting access to the child's bedroom by establishing and enforcing ground rules regarding who is allowed to visit whose bedroom and under what conditions;

c. Establishing rules regarding bathroom use, including that one family member at a time uses the bathroom with the door fully closed, unless a child requires assistance or cannot use the bathroom by his or her self;

d. Establishing an age appropriate dress code that outlines the type of clothing acceptable, where such clothing is acceptable and with whom present, such as not walking around the house in underwear; and

e. Establishing reasonable guidelines concerning appropriate physical boundaries, the manner and extent of the expression of affection between the child and others as well as guidelines with respect to which persons may be left alone together, and under what circumstances.

(b) When placing a child who has been a victim of sexual abuse in out-of-home care, a written safety plan shall be completed by the person making the placement and the out-of-home caregivers, and signed by the same.

(c) If any child in out-of-home care has been identified as being a victim of sexual abuse, but has not had a clinical consultation with a professional trained in treating child sexual abuse, a referral shall be initiated by the person making the placement or his or her supervisor within three working days of the child being so identified. The consultation shall address the treatment, service and placement needs of the child and shall yield a written report to be included in the child's file.

(11) Placement of Children Who Are Alleged Juvenile Sexual Offenders, Exhibiting Sexually Inappropriate Behaviors or Who Are Sexually Reactive.

(a) When it is necessary to place a child who is an alleged juvenile sexual offender and is exhibiting or has exhibited sexually inappropriate behaviors, or who is sexually reactive, the person making the placement shall:

1. Complete the case transfer forms or gather like information, including information related to the child's abuse history; previous assessments or evaluations; support services; forensic/disclosure interviews; placement recommendations, and complete and detailed information regarding the child's own sexual behavior.

2. Ensure that the child is the youngest child placed in the home unless the placement is a treatment facility with adequate video monitoring. When matching a child exhibiting sexually abusive or reactive behaviors to a substitute care placement, consideration shall also be given to factors that increase the vulnerability of other children living in the home, such as mental and/or emotional disability, physical disability, chronic illness and physical size.

3. Provide the caregivers with written detailed and complete information regarding the circumstances surrounding the child's abusive/reactive behavior so that they can avoid any unwitting replication of those circumstances. Information given to caregivers shall include, but is not limited to, the dates of all known incidents; the nature of the relationship between the child and victim; the types of behavior exhibited; a brief narrative outlining the event; the types of treatment provided and treatment outcomes.

4. Ensure that the caregiver has access to a CPI or Services Worker or other contracted service provider employee during night and weekend hours in the event emergency assistance is required.

5. In partnership with the caregiver, outline a written safety plan to handle any special issues identified in the child's history and assessment. The safety plan shall be preventive in nature and be signed by the Services Worker and the caregiver. The safety plan shall include the following:

a. Placing a child who has exhibited sexually abusive or reactive behaviors in a private bedroom unless the placement is a facility with adequate video monitoring;

b. Limiting access to the child's bedroom;

c. Establishing rules regarding bathroom use;

d. Establishing a dress code; and

e. Establishing reasonable guidelines concerning the manner and extent of the expression of affection between the child and others, as well as guidelines with respect to which persons may be left alone together and under what circumstances.

(b) If any child in need of or currently in out-of-home care has been identified as being sexually abusive toward others, but has not had a clinical consultation with a professional trained in the assessment of juveniles who exhibit sexually inappropriate behaviors, a referral to a clinician with such qualifications shall be initiated by the Services Worker within three working days of the child being so identified.

(c) If an incident of either sexual assault, seduction, sexual exploitation or of child-on-child sexual abuse occurs in out-of-home care, a safety plan shall immediately be developed. The safety plan shall be preventive in nature and be signed by the Services Worker and the caregiver.

1. Consideration shall be given to the safety of all children residing in the placement.

2. If any child remains in the home, the Services Worker and any assigned therapists shall determine if immediate services are needed to stabilize or support the child involved or the placement in which he or she lives.

3. Both the alleged offender and victim shall, within three working days of the child being so identified, be referred to the appropriate mental health provider for assessment if they do not already have therapists. Any alleged offender who has a therapist, but has not been assessed by a clinician qualified to assess juveniles exhibiting sexually inappropriate behaviors, shall be referred to such a qualified clinician within three working days of being notified of the incident.

(12) Therapeutic Foster Care. The Services Worker shall contact the Single Point of Access (SPOA) in the district/region or zone for consultation in accessing services and treatment at levels appropriate to the severity of the child's condition, which includes possible placement in a therapeutic foster care setting.

(13) Specialized therapeutic foster care. The referral guidelines for specialized therapeutic foster care are contained in the current edition of the Florida Medicaid Community

Behavioral Health Services Coverage and Limitations Handbook, which is incorporated by reference in Rule 59G-4.080, F.A.C.

(14) Medicaid Fair Hearing Requirements: When a child or family has had Medicaid funded services denied, suspended or terminated, the CPI or Services Worker shall assist the child or family in requesting a fair hearing. The current edition of the Florida Medicaid Community Behavioral Health Services Coverage and Limitations Handbook addresses Fair Hearing Notices. Refer to Rules 65-2.042- 65-2.069, F.A.C., regarding the conduct of fair hearings.

(15) These placement-matching requirements apply to both initial placements and to any subsequent placements of the child.

65C-28.005 Changing Placements.

(1) Except in emergency situations or when ordered by the court, licensed out-of-home caregivers and the Guardian ad Litem or Attorney ad Litem, if appointed, shall be given at least two weeks notice prior to moving a child from one out-of-home placement to another. In emergency situations, a change of placement can be made immediately. The Services Worker shall within 72 hours inform the child, family, and the guardian ad Litem or Attorney ad Litem, if appointed, of the move and the reasons an emergency placement change was necessary.

(2) The Services Worker shall prepare the child for a move and support the child during the re-placement process. The Services Worker shall:

(a) Assess the suitability of the placement as set forth in Rule 65C-28.004, F.A.C.:

(b) Ensure that the new caregivers, if relative or non-relative, have met all of the requirements of Rules 65C-28.011 and 65C-28.012, F.A.C.:

(c) Prior to the change in placement, inform the child, family, child's attorney, as well as the guardian ad litem or attorney ad litem, if appointed, of the move and the reasons a placement change is necessary.

(d) The Services Worker shall make efforts to continue the child's education in the school of origin for the duration of the removal episode unless the child is placed in another school district or out-of state. In this regard, the Services Worker shall meet the requirements of subsection 65C-28.004(3), F.A.C.

(3) The Services Worker shall provide supportive services to the caregiver where the child is residing to avoid a change in placement when possible. When a placement is in danger of disrupting, the Services Worker shall urge the caregiver to wait, when appropriate, to request removal of the child until:

(a) There is an appropriate break in the school year and

(b) An appropriate alternative placement can be located.

(4) The caregiver at the new placement shall be prepared and informed prior to placement of the child and shall be given needed supports to strengthen and maintain the child's placement. Out-of-home caregivers shall be given all relevant information about the child in their care while maintaining confidentiality requirements. Specifically, the Services Worker shall:

(a) Inform the caregiver of all identified needs of the child and of the need to obtain services for those needs;

(b) Inform the caregiver about available programs that may provide financial and medical assistance for the child;

(c) Provide the caregiver with counseling and information regarding the dependency process and support services available in the community;

(d) Review with the licensed caregivers their roles and responsibilities according to the Bilateral Service Agreement; and

(e) Provide to the caregiver the Child's Resource Record. The Child's Resource Record from the previous placement(s) shall be reviewed with the caregiver upon the child's new placement. The Services Worker shall discuss with the caregiver the caregiver's role in maintaining and updating the Child's Resource Record.

(f) Notify parents whose whereabouts are known when the child is moved to another placement.

65C-28.006 Permanency Staffings.

(1) Permanency staffings shall be held:

(a) When preparing for a permanency hearing; and

(b) As the department or contracted service provider deems necessary.

(2) When there are concurrent goals, an early decision making evaluation shall be part of each permanency staffing.

(3) At a minimum, the following persons shall be invited, at least ten working days in advance, to attend:

(a) Child Welfare Legal Services (CWLS) attorney;

(b) Child's out-of-home caregiver;

(c) Guardian ad litem and attorney ad litem, if appointed;

(d) Child's surrogate parent if one is appointed;

(e) Appropriate case management staff including the child's Services Worker and his or her supervisor;

(f) The school foster care liaison or other appropriate school representative;

(g) Other service providers who are involved with the family and are determined by the Services Worker to have information pertinent to the issue of permanency;

(h) The child's parents, if available; and

(i) The child, depending on his or her age, maturity level, and ability to effectively participate in the staffing, as determined by the Services Worker.

(4) If a parent, his or her attorney or the Guardian ad Litem, if appointed, does not attend the permanency staffing, the department or contracted service provider shall hold other conferences, meetings or staffings where these parties shall be provided an opportunity to participate in the case planning process with other stakeholders. The case documentation shall provide evidence that such opportunities have been provided.

(5) If a child is able to understand the purpose of the meeting and could actively participate but does not attend the permanency staffing, the department or contracted service provider shall hold other conferences, meetings or staffings where the child is provided an opportunity to participate in development and discussions regarding the permanency plan. The case documentation shall provide evidence such opportunities have been provided.

(6) The standard for recommending the child's reunification with the parents shall be based on whether the parents have substantially complied with the case plan and whether the adjudicated risk of harm to the child has been remediated to the extent the child can safely return home. At any time it is determined this standard has been met, regardless of the time since the previous permanency hearing or other court hearing, the Services Worker shall notify the CWLS attorney who shall take the matter before the court.

(7) Follow-up actions from the staffing shall be documented and placed in the child's record. The child's Services Worker and supervisor shall ensure that all follow up tasks are completed and the recommendations from the staffing, details of all services provided since the last review and any recommended changes of goal are recorded in the Judicial Review Social Study Report (JRSSR) and reported to the court.

(8) Staffings shall occur with sufficient time to write a comprehensive JRSSR draft, which shall be provided to CWLS at least ten working days prior to the judicial review hearing. CWLS shall review the draft report for legal sufficiency and, if corrections are necessary, return the draft report to the Services Worker who shall make all necessary corrections. Corrections to the JRSSR shall be completed with sufficient time to provide copies to all parties at least seventy-two hours prior to the hearing.

65C-28.007 Voluntary Licensed Out-of-Home Care.

(1) Voluntary Licensed Placement.

(a) Before accepting a voluntary placement, the Services Worker shall conduct a thorough assessment of the circumstances.

1. The assessment shall include identification of the family's strengths and weaknesses, an evaluation of whether the family's current situation is temporary in nature and shall provide a basis upon which a mutual decision regarding the child's short-term placement out of the home can be made.

2. A history of the family shall be reviewed, including prior abuse reports and prior out of home episodes, prior to considering a voluntary placement.

3. A child shall not be accepted for voluntary placement unless current circumstances clearly indicate a out-of-home care placement of three months or less is anticipated and no dependency issue exists.

(b) The Services Worker shall begin immediately to identify available social, physical health, mental health, educational, and other support services within the community that would enable the parent, guardian or relative to adequately provide for the child's care.

(c) The Services Worker shall, prior to considering placement in out-of-home care, assist the family in using and coordinating available services effectively, including the identification of relatives able to care for the child.

(d) The Services Worker shall provide for the child's educational stability by determining if the child should remain in his or her current school during the time of the placement.

(2) Voluntary Medical Out-of-Home Care. If a child's medical condition is such that the parent is unable to provide or arrange for necessary care for the child and the department or contracted service provider has determined the child would benefit from out-of-home care, the parent may apply for voluntary placement in licensed medical out-of-home care. Voluntary placement is contingent upon:

(a) The child having medical needs identified and medical foster care recommended by the Children's Multidisciplinary Assessment Team (CMAT). Once medical foster care has been recommended, the Services Worker shall coordinate with the Medical Foster Care program in the local area regarding arrangements necessary to meet the child's needs; and

(b) Vacancies in existing medical foster homes and the capacity of an available home to meet the needs of the child as determined by the medical out-of-home care program.

(3) Return of Child. When a parent or other legal custodian requests in writing the return of a child in voluntary licensed placement, the child shall be immediately released once it has been verified the person requesting custody of the child:

(a) Is the same person who placed the child into voluntary placement or is a person authorized by the person who placed the child into voluntary placement to receive custody of the child; and

(b) Appears to present no risk of harm to the child. If there appears to be a threat, the Services Worker shall take the steps necessary to protect the child. The Services Worker shall immediately report allegations to the Florida Abuse Hotline.

(4) Voluntary Placement Agreement. When the child is placed into licensed out-of-home care voluntarily, the parent, legal guardian or relative requesting the placement and the department or contracted service provider shall enter into a written voluntary placement agreement, which at a minimum shall specify:

(a) The child's date of birth;

(b) The rights, obligations and responsibilities of the parent, relatives, legal guardian, child, and the department or contracted service provider during the time the child is in placement, including the parent's child support responsibilities;

(c) The conditions under which the agreement would be breached, modified, or terminated; and

(d) The parent's, legal guardian's or relative's right to revoke the agreement and to request that the child be returned home or be placed in the home of a relative.

(5) Timeframes for voluntary licensed out-of-home length of stay.

(a) A child voluntarily placed may not remain in out-of-home care on a voluntary basis beyond ninety days unless the District/Region or Zone Program Administrator, Lead Agency Executive Director or a designee has determined the specific circumstances of a child or family necessitates continued placement beyond three months and has given written authorization for continuance. However, a child may not remain voluntary placed beyond 180 days.

(b) If a child placed voluntarily remains in care beyond ninety days, a judicial hearing shall take place within the first 180 days and the resulting court order shall include a judicial determination that the continued placement is in the child's best interest and that reasonable efforts have been made to reunify the family. This judicial determination shall occur within 180 days of the voluntary service agreement.

(6) Requests for Court Action. When parents, legal guardian or relative who requested the placement request their child be returned to them from a voluntary out-of-home care placement, the child shall be released unless the department or contracted service provider seeks relief from the court. If the department or contracted service provider opposes or otherwise objects to the release of the child or reunification of the family, a judicial determination at a shelter detention hearing shall be obtained.

65C-28.008 Relative Caregiver Program Requirements.

(1) In order for a relative caregiver to receive a monthly Relative Caregiver Program (RCP) payment, the requirements of Section 39.5085, F.S., shall be met.

(a) Prior to recommending to the court the placement of the child with the relative, a caregiver home study shall be completed in accordance with Section 39.521(2)(r), F.S. When a request for a referral for a RCP payment is made in regard to

a child in a closed long-term custody case, if a home study has already been performed on the placement, another one is not required. The following requirements apply regarding the need for a home study:

1. When long-term custody has been granted and supervision of the case has been terminated, a Services Worker in the geographic area where the child and caregiver reside shall be assigned by the contracted service provider to complete a home study, if required, and provide to the Economic Self-Sufficiency Program (ESS) the information necessary to determine whether or not the caregiver is eligible for the RCP payment. The home study shall be completed within 30 days of the caregiver's request for a referral for the Relative Caregiver Program payment and, if the caregiver is determined to be potentially eligible for the RCP payment, the ESS eligibility office shall be notified in writing within five days following this determination.

2. If the current placement was made prior to October 1998 and the caregiver has been granted long-term custody of the child and a home study has already been performed in conjunction with the child's placement, a new home study is not required, regardless of the form or content of the home study.

3. However, in placements made prior to October 1998, if a home study has not been performed on the caregiver's home, whether or not long-term custody has been granted, a home study shall be performed by the child's Services Worker within thirty days following a request by the caregiver to the Services Worker to apply for the RCP payment or a referral of the caregiver by ESS to the department or the contracted service provider.

4. If the current placement was made after October 1998 and a home study was performed in conjunction with the placement, a new home study is not required.

5. A copy of a home study performed in conjunction with the placement of the child in the caregiver's home is required to verify that a home study was conducted; otherwise, a current home study shall be performed to establish eligibility.

(b) The child shall be adjudicated dependent and be in the court-ordered temporary legal custody of the relative pursuant to Section 39.521, F.S., or in the court-ordered long-term custody of the relative pursuant to Section 39.622, F.S. For children in long-term custody, it is not necessary that the court continue supervision by the department or contracted service provider or that the court retain jurisdiction.

(c) The child shall live in an approved home of an adult relative who meets a specified degree of relationship to the parent or stepparent of the child by blood or marriage. If the parent or stepparent of the child is not related to the caregiver or is not within the required degree of relationship, the child must be a half-sibling of another child who is related to the caregiver and both children shall have been court ordered into the same placement.

1. Half-sibling eligibility shall meet the following requirements:

a. The eligibility of a half-sibling who is not related to the caregiver remains in effect only as long as the half-sibling who is related to the caregiver remains in the court-ordered custody of the caregiver. When the half-sibling who is related to the caregiver becomes eighteen years of age or for any reason leaves the legal custody of the caregiver, the half-sibling who is unrelated to the caregiver loses eligibility.

b. It is not necessary that the half-sibling who is related to the caregiver be receiving the RCP payment in order for the half-sibling who is unrelated to the caregiver to receive the RCP payment.

2. Termination of marriage for the parent or other relatives affects eligibility as follows:

a. The termination of the marriage of a stepparent from the parent due to death or divorce shall not disqualify relatives of the ex-stepparent as eligible caregivers if they are within the required degree of relationship to the ex-stepparent. The ex-stepparent shall be considered to be within the required degree of relationship to the parent and shall be eligible for the RCP payment if all other eligibility factors are met.

b. The termination of the marriage of a non-blood relative to a blood relative due to death or divorce shall not disqualify the non-blood relative as an eligible caregiver if the blood relative to whom he or she was married is, or was when living, within the required degree of relationship to the blood relative.

(d) The child shall live in a home where neither parent resides. If the parent is in the home thirty consecutive days or longer, the child's eligibility for the RCP payment ends. However, a relative may receive the RCP payment for a minor parent who is in his or her care, as well as for that minor parent's child, if both children have been adjudicated dependent and meet all other eligibility requirements.

(e) The child shall reside in the state of Florida. Children who move out-of-state or are placed out-of-state with a relative caregiver, are not eligible for a RCP payment. A child placed with a relative in Florida by another state is not eligible for the RCP payment.

(f) Failure by the relative caregiver, without good cause, to cooperate with the Child Support Enforcement Program in regard to a child shall terminate that child's eligibility to receive the RCP payment while in that placement.

1. If a child is not eligible for the payment due to the relative's lack of cooperation, the child remains eligible for Medicaid and other services necessary to ensure his or her safety and well-being.

2. If a child is not eligible due to the relative caregiver's lack of cooperation, eligibility for the RCP payment for other children in the same placement is not affected if the relative caregiver is cooperating with the Child Support Enforcement Program in regard to those children.

(g) Once all of the preceding eligibility requirements in this section are met, the eligibility requirements of the ESS cash assistance programs in Chapters 65A-1 and 65A-4, F.A.C., applicable to "child only cases" in the Temporary Cash Assistance Program (TCA) shall be met, with the following exceptions:

1. The basic monthly payment schedule (not including Medicaid, family support services, flexible funds utilized in accordance with Section 409.165, F.S., subsidized child-care and other services that may be available through the department or contracted service provider or other local, state or federal programs), is based on the age of the child. The monthly amount of the payment, before any deductions for income of the child, shall be:

- a. Age zero (0) through five (5) years – \$242.
- b. Age six (6) through twelve (12) years – \$249.
- c. Age thirteen (13) to eighteen (18) years – \$298.

2. Financial eligibility is based on a comparison of the income of the child to the benefit payment standard for the child's age. The difference between the RCP payment standard for the child's age and the income of the child is the amount of the payment; and

3. Each child applying for or receiving the RCP payment is a filing unit of one and only the child's income and assets are considered in establishing or maintaining eligibility. In this regard, a child receiving a Supplemental Security Income grant is ineligible for a RCP payment.

(h) When a relative caregiver is approved as a guardian pursuant to Section 39.621, F.S., or Chapter 744, F.S., subsequent to an adjudication of dependency, completion of a home study and placement by the court with the relative, continuing eligibility for the RCP benefits shall not be affected.

(i) A child receiving an RCP payment shall not simultaneously receive a TCA grant, except when timely action has not been taken by the department or a contracted service provider to timely convert a payment from TCA to RCP once all eligibility requirements have been met. When converting from TCA to RCP, the ESS case will be processed as a change and the benefit will be effective the next recurring month. No auxiliaries to restore lost RCP benefits may be issued without approval of the district/region or zone ESS Program Office.

1. Restoration of RCP benefits must be issued when:

a. An application for RCP benefits has been denied in error, or

b. A TCA payment is not terminated timely (the next recurring month) following the establishment of all RCP eligibility requirements. This includes delays by the contracted service provider or departmental Family Safety program staff following a determination of potential placement eligibility in accordance with Section 39.5085, F.S., to timely communicate the potential placement eligibility within five days of making this determination.

2. A child may not be included in a TCA assistance group and receive full RCP benefits in the same month. Any auxiliaries approved for the restoration of RCP benefits for months in which the child received a TCA benefit, shall only be authorized for the difference between the amount of the TCA benefit and the amount of the RCP benefit during the affected months.

(2) In addition to monitoring, evaluating and assessing services and progress of the case plan and keeping the court informed through periodic judicial reviews, the Child Protective Investigator (CPI) at time of initial placement or Services Worker at time of a change in placement is responsible for the following steps of the RCP payment eligibility process:

(a) Informing the relative caregiver in writing, at the time of the child's placement, of the financial assistance options, including the RCP payment and TCA grant;

(b) Immediately providing a referral to the Economic Self-Sufficiency Services program to apply for a TCA grant when the relative caregiver indicates a desire to apply;

(c) Completing a caregiver home study within thirty days after the Early Service Intervention staffing, unless the home study has already been completed by the Child Protective Investigator;

(d) Completing court preparation;

(e) Notifying the Economic Self-Sufficiency Services eligibility office in writing immediately when it is determined by the Services Worker that a child in the home of a relative caregiver may be eligible for the RCP payment, unless the relative has indicated a desire to not apply for the payment. This notification shall be made whether or not the caregiver is already receiving a TCA payment and shall be prepared on "Relative Caregiver Communication", CF-FSP 5233, June 2002, incorporated by reference, or communicated by electronic means of notification. A relative caregiver's decision to not apply for the RCP payment shall be documented in the case file;

(f) Petitioning the court, as appropriate, for court ordered long-term custody to the relative, or legal guardianship by the relative, and termination of supervision once the child has been in the court ordered custody of the relative caregiver for a minimum of six months and ensuring service provision in accordance with Rule 65C-30.007, F.A.C., following this termination of supervision; and

(g) Notifying the Economic Self-Sufficiency Services eligibility office without delay when the Services Worker becomes aware of changes in the active services case of a child in the home of a relative that may impact the RCP payment. At a minimum, this notification shall be made when:

1. The child is adopted;

2. The child's age changes, resulting in a change to a new age group;

3. The child leaves the relative caregiver's home;

4. The child has an increase or decrease in unearned income; or

5. The parent resides in the relative caregiver's home for over thirty days.

(3) Relative caregivers may self-refer for TCA or TCP benefits through the ESS program. The Economic Self-Sufficiency Eligibility Specialist shall be responsible for performing the following tasks related to providing information regarding the RCP and determining eligibility, including individuals who self-refer:

(a) At time of application or eligibility redetermination, inform all ESS public assistance applicants or recipients caring for children who are relatives about the RCP and allow them to indicate an interest in applying for RCP;

(b) Explain the options associated with the RCP to the applicant;

(c) Determine the child's initial and ongoing eligibility for the RCP payment and Medicaid;

(d) Determine continuing eligibility for the child's monthly RCP benefits, including Medicaid, through complete reviews, and scheduled and unscheduled partial reviews;

(e) Communicate with the Services Worker as necessary and providing updates on the status of the eligibility case; and

(f) When the request for Relative Caregiver payments is originated at the Economic Self-Sufficiency office, the ESS Eligibility Specialist shall provide written notification to the Services Worker or the department, within ten working days. This notification shall be prepared on "Relative Caregiver Communication", CF-FSP 5233, June 2002, incorporated by reference, or communicated by electronic means of notification and shall be documented in the case file of the CPI or the contracted service provider responsible for determining potential eligibility for RCP in accordance with Section 39.5085, F.S.

1. When a relative caregiver self-refers for the RCP payment and he or she has court ordered temporary custody of the child, the CPI or Services Worker responsible for the case shall make the determination of potential placement eligibility for RCP.

2. When a relative caregiver self-refers for the RCP payment and he or she has court ordered long-term custody of the child with supervision terminated, departmental district/region or zone staff, or through prior arrangement, contracted service provider staff, shall make the determination of potential placement eligibility for RCP.

3. In either instance, the CPI, Services Worker or departmental staff who make the of potential placement eligibility for RCP in accordance with Section 39.5085, F.S., shall immediately notify ESS staff of this determination. This notification shall be prepared on "Relative Caregiver Communication", CF-FSP 5233, June 2002, incorporated by reference, or communicated by electronic means of

notification. This notification shall be documented in the case file of the CPI, the Services Worker or the departmental staff responsible for determining the potential eligibility for RCP.

(4) As provided in subsection 65C-30.007(15), F.A.C., when supervision of a child has been terminated due to court ordered long-term custody to the relative, any documentation required for the relative or child to receive services needed in support of the placement shall be provided.

65C-28.009 Adolescent Services.

(1) Independent Living services and life skills services include a comprehensive array of services available to adolescents in the custody of the department and young adults who were in the custody of the department at the time of their eighteenth birthday. Independent living services consist of pre-independent living services, life skills services, and subsidized independent living (SIL) services for children in the custody of the department. Children in the custody of the department who are receiving independent living services remain subject to the requirements of case plans and judicial reviews until permanency is established. Aftercare Support Services, the Road-to-Independence Scholarship and Transitional Support Services are available for young adults who were in the custody of the department on their eighteenth birthday.

(a) Older children in foster care who have disabilities or mental health needs shall be provided with an equal opportunity to participate in the continuum of independent living services. Though a youth who has a physical, emotional or learning disability may need additional support, he or she still is eligible for all independent living services from the program.

(b) To ensure the equal participation of these youth, the Services Worker shall identify older foster children with disabilities or mental health needs and assist them with reasonable accommodations for their disabilities.

(2) Children age thirteen up to age eighteen are eligible for independent living services from the time of placement in shelter status with the department.

(3) Goal Setting. 3. The pre-independent living assessment shall be used to determine the child's strengths and needs. The Services Worker shall ensure that the child's identified needs are met. The child may also be able to learn some of the needed skills in the public school curriculum.

4. For every needed skill, the Services Worker shall document in the child's case file who is to help the child develop that skill and the timeframe in which the child will

(f) Staffing. In addition, the department shall conduct an annual staffing for children who are thirteen and fourteen years of age and meet the requirements for these staffings as contained in Section 409.1451(4)(a), F.S.

(6) Life Skills Services (Age 15 but not yet 18 years of age).

(a) Life skills services include but are not limited to, independent living skills training including training to develop banking and budgeting skills; parenting skills; educational support; employment training and counseling.

(c) A referral for life skills services shall be submitted within thirty days of a child's fifteenth birthday and an age appropriate independent living skills assessment completed within thirty days after the child's fifteenth birthday. If the child is fifteen years of age or older when placed in the custody of the department, a referral and an independent living skills assessment shall be submitted within thirty days after the court enters an order placing the child in the custody of the department. If a child was previously referred for independent living services only an additional independent living skills assessment shall be completed and submitted.

(d) The results of the assessment shall be discussed with the child and caregiver and be used to determine the training and services needed for the child to continue learning skills necessary for successful transition to adulthood.

(e) The independent living assessment shall be used to measure life skills development progress for a child who was administered a pre-independent living assessment and also to

determine each child's strengths and needs. The Services Worker shall ensure that the child's identified needs are met. The needed skills may be taught through instruction and interaction with the out-of-home caregivers or group-care staff, through contracted services, referrals to community providers, one-on-one coaching and group learning sessions. The child may also be able to learn some of the needed skills in the public school curriculum. For every needed skill, the Services Worker shall document in the child's case file who is to help the child develop that skill and the timeframe in which the child will receive the training. It is the responsibility of the Services Worker to ensure the child receives all needed life skills training.

(f) Staffing. Pursuant to Section 409.1451(4)(b), F.S., the department shall conduct a staffing at least once every six months for each child in licensed out-of-home care who has reached fifteen years of age but is not yet eighteen years of age.

(g) Assessment at Seventeen Years Old. Pursuant to Section 409.1451(4)(b), F.S., during the month following his or her seventeenth birthday, each child in licensed out-of-home care shall be provided an independent living assessment, separate and distinct from the previous independent living assessment, to determine the child's skills and ability to live independently and become self-sufficient regardless of his or her permanency goal. Based on the results of this assessment, expedited and age appropriate services and training shall be provided in order for the child to develop the necessary skills and abilities prior to his or her 18th birthday. This final assessment shall be used to measure life skill development progress.

1. The assessment for a child seventeen years of age shall be conducted through the use of an independent living assessment tool; review of the file; review of other assessments and evaluations, including educational, psychological and psychiatric evaluations; personal observation and interviews with any person who is familiar with the child and can be helpful in the assessment process.

2. Based on the results of this assessment, the Services Worker, in conjunction with the youth, shall update the life skills plan to ensure that the youth receives all skills training needed before the child's 18th birthday.

3. If, based on the results, the child will most likely need additional life skills training and services after age 18, the Services Worker shall include a staff member from the unit handling post-emancipation services in order to ensure a smooth continuum of services.

(h) Information from the independent living life skills assessment and all staffings, including an enumeration of the services provided and an assessment of the youth's progress toward developing independent living skills, shall be included in the written report submitted to the court for each judicial review.

(i) The case plan for children in out-of-home care who are age sixteen and seventeen shall include appropriate independent living and transitional services and shall be filed with the court and served on all parties.

(7) Subsidized Independent Living (SIL) (Age 16 but not yet 18 years of age).

(a) Subsidized Independent Living provides an opportunity for teenagers in foster care to receive a subsidy and other supports from the department in order to live in a setting that is not required to be licensed. Participants learn to pay their own bills and live on a budget while still under the supervision of a contracted service provider and the courts.

(b) Youth Eligibility for Subsidized Independent Living. In order to be approved to live in a subsidized living arrangement, a youth must meet the following criteria as required by Section 409.1451, F.S.:

1. Age. Must be 16 or 17 years of age and not yet reached their 18th birthday (Section 409.1451(4)(c)2., F.S.). At minimum, the youth's parents and the court must be notified that a placement in Subsidized Independent Living has been made. It must be noted that, in some cases, the department or Community-Based Care (CBC) agency may choose to gain approval from the court or the youth's parents prior to placement in Subsidized Independent Living and while this is acceptable, it is not required under law or these guidelines.

2. Legal Status. Must be adjudicated dependent, as defined in Chapter 39, F.S. and have been in custody of the department, at least 6 months prior to entering subsidized independent living, with a goal of either adoption, long-term licensed care or independent living (Section 409.1451(4)(c)2.a., F.S.). The 6 months in department custody do not have to be immediately preceding placement in SIL and can accumulate over the youth's lifetime.

(c) According to Section 409.1451(4)(c)2.b., F.S., the youth must be able to demonstrate independent living skills. The following criteria are ways that the youth can demonstrate these skills, but exceptions to some of these criteria may be allowed by the District Administrator, Chief Executive Officer of the Community-Based Care agency (CEO of the CBC) or Independent Living Coordinator with approval of the District Administrator or CEO of the CBC with consideration of the youth's safety and best interests:

1. Employment or Extra-curricular activities. Must be employed at least part-time earning a minimum of \$100.00 per month or be involved in extra-curricular activities as deemed appropriate by the Independent Living Coordinator. These extra-curricular activities may include but not be limited to: participation on sports teams, cheerleading squads, school bands, internships, school advisory boards or any other beneficial activity that would be important to the youth's personal development but would also limit the youth's ability to obtain employment.

2. Savings. Must have sufficient earned savings or other means to pay move-in and first month's living expenses, until the first subsidy check arrives. The youth may submit a statement that includes the projected move-in cost and proof of available resources to meet these costs.

3. Education. Must be enrolled in a full-time educational program. Full-time is defined as: regular attendance at high school, at least 12 credit hours per semester at an accredited college or university, or full time as defined by the GED/Vocational Technical program which the youth is attending.

4. Grades. Must maintain adequate progress as determined by the school or educational program.

5. Assessment. Assessment of Skills by completion of curriculum determined by the independent living coordinator. Should indicate that living in an unlicensed setting with minimal supervision is potentially viable. The youth must be able to articulate and demonstrate their ability to perform certain skills as determined by the Independent Living Coordinator.

6. Behavior. Participants in the Subsidized Independent Living program are expected to exhibit responsible behavior. Prospective participants who have displayed irresponsible behavior, such as running away from home, committing violent acts toward others, delinquencies, or property crimes, within six months of requesting entrance into the Subsidized Independent Living program must be strictly evaluated to determine whether SIL placement is in their best interest and if they are at risk of exhibiting future irresponsible behaviors. Letters of reference from school, mental health personnel, foster parents, Services Workers and Department of Juvenile Justice should be requested if there is a history of irresponsible behavior.

7. Staffing/Approval. Staffing and approval by the department or CBC independent living coordinator. The coordinator must approve the youth's living arrangement, including the cost and selection of a roommate, if applicable. The safety of the youth is a paramount consideration. Youth and Services Worker must attend the staffing which the independent living coordinator chairs. The Services Worker must invite the youth's parent (if parental rights are still intact and at the youth's discretion) to the staffing and any other persons involved or important to the youth, such as guardian ad litem, teachers, therapists, relatives and mentors.

(d) Dependent youth in custody of the department with disabilities are eligible for this program and may not be deemed ineligible from this program on the basis of the disability, according to the Americans with Disabilities Act of 1990, Title II. Though a youth with a disability may need additional supports from other organizations or agencies such as Developmental Services, Mental Health or Vocational Rehabilitation, the youth is still eligible for any and all services offered in the independent living program, including

subsidized independent living. Reasonable accommodations must be provided to insure that each youth has access to the services provided by the program. Transitional staffings should be initiated by the Services Worker, with the Agency for Persons with Disabilities, adult and children's mental health services or other programs, on dual clients on or before the youth's 17th birthday. If the youth requires continued supported living, a written plan must be in place by the youth's 18th birthday in order to transition youth from foster care and/or SIL to another supported living program.

(e) Program Instructions.

1. Parental Notification. The Services Worker, at minimum, must notify the parents of any youth placed in a subsidized independent living arrangement no longer than ten days after the placement has been made, unless parental rights have been terminated. It is preferred that this notification is in writing, but, at minimum, any attempts at notification must be entered into the HomeSafenet chronological notes. The Services Worker must NOT reveal the youth's physical address to the parent unless written permission is provided by the youth.

2. Subsidized Independent Living Agreement. A written agreement must be developed between the youth and the department or CBC prior to the beginning of SIL. The agreement must be reviewed and updated annually, but more frequently as needed. The agreement must include, at a minimum:

a. A description of the youth's educational program, school or college, including start date, ending date and educational goals.

b. The youth's responsibilities, including and not limited to regular attendance and/or completion of life skills training, submission of payment stubs from work monthly or report from an official conducting the youth's extracurricular activities that verifies continued involvement, and verification of school attendance.

c. The department or contracted service provider's responsibilities, including and not limited to regular staffings, frequent Services Worker contacts, provision of life skills training, counseling, and therapy.

d. Requirements for continued eligibility in the SIL arrangement.

e. A target date for discharge and the completion of the goals and objectives in the case plan.

f. An acknowledgement that this placement is in the youth's best interest and that safety concerns have been addressed. In addition, to prevent the independent living program from losing community support, gaining a poor public image and possibly losing statutory authority, the youth must be informed in writing by the Independent Living Coordinator of the consequences of behavior that violates the law or

community standards. Program participants have a responsibility beyond themselves, extending to the department and to fellow program participants.

g. A full explanation of the consequences of the youth's non-compliance with the Subsidized Independent Living requirements.

3. Case Plan. Independent living arrangements established for a youth must be part of the case plan, including the goals and objectives leading to the total independence of the youth from department supervision.

a. The case plan must be reviewed and updated, at a minimum, on an annual basis.

b. The case plan must include, but is not limited to:

i. A description of the youth's skills and a plan for learning additional skills as identified in the independent living assessment.

ii. Documentation of proposed services by the department, such as educational and employment-related assistance, counseling, therapy, skills training, and services of other agencies, including the type of service, nature, and frequency of contact.

iii. A description of behaviors the youth has exhibited that indicate an ability to be responsible and a plan for developing additional, responsible behaviors such as increasing decision-making skills.

iv. Documentation that the youth understands the specific consequences of his or her conduct in the independent living program.

v. A plan for maintaining or developing personal support relationships with family members, other adults, friends, and community support groups, among others as appropriate.

4. Frequency and Purpose of Services Worker Contact.

a. During the first three months the youth is living in a SIL arrangement, the Services Worker and the participant must have at least two contacts per week. At least one of these contacts must be in the residence of the youth. These contacts must be used to assess the participant's strengths and needs in maintaining oneself in the living arrangement. The Services Worker must maintain weekly contact with the Independent Living Coordinator during the first three months as to the youth's progress in adjusting to their subsidized independent living arrangement. After the first three months, the Services Worker must maintain contact with the independent living coordinator at a minimum of once a month. Note: The youth's assigned Services Worker may be assisted in making these contacts by other Services Workers within the CBC agency, independent living staff, and/or courtesy supervision workers.

b. After the first three months the number of contacts that the Services Worker has with the youth may be reduced, but only if the youth is progressing satisfactorily. However, these contacts must not be less than once per month and must be in

the residence of the youth. The number of contacts must be increased if the youth demonstrates the need for more supervision.

c. The HomeSafenet chronological notes must describe, at minimum, the issues discussed, any safety factors addressed and progress made during the contacts between the Services Worker and the youth. This record can be used to measure progress, identify resources, and establish a clear understanding of the areas where the youth and the Services Worker are concentrating their efforts.

5. Periodic Review.

a. Since 16- and 17-year-old youths in a subsidized independent living arrangement are still in the legal custody of the department, their cases are subject to regular six-month judicial reviews.

b. Staffings should be scheduled around the youth's school, work and extra-curricular activity schedule. The youth may invite anyone the he/she chooses to the staffing such as, but not limited to, guardian ad litem, personal friend, potential roommate, relative, employer or teacher.

6. Financial Supports.

a. Independent Living Board Rate Payment (Subsidy). Payments must be drawn from out-of-home care, room and board state funds. The subsidy check may be mailed directly to the youth, or it may be sent to staff so that the youth can report to his/her Services Worker or the coordinator at the time the check is picked up.

b. Clothing Allowance. Youth in SIL will continue to receive the annual clothing allowance from the out-of-home care budget in addition to the monthly subsidy payment.

7. Budgeting for Subsidized Independent Living.

a. The independent living coordinator, the Services Worker and the youth must work together to determine a fair and reasonable budget for living independently. The youth must maintain the budget on a month-to-month basis. Suitable lodging must be located and funds for rent and utility deposits, phone deposits, etc. must be put aside in preparation for the youth's move into the living arrangement. The first month's living expenses and move-in expenses are the responsibility of the youth. The youth may obtain move-in costs either through savings by earned income, unearned income or by any other legal methods including gifts by relatives or other concerned parties. However, the youth must also be able to demonstrate the ability to budget and meet on-going monthly financial obligations.

b. The Services Worker must provide assistance in locating a safe and stable living arrangement that will be affordable based on the youth's financial situation. The location of the placement must be easily accessible to school, work and other needed resources.

c. Youth may be assisted in accessing any community resource that might help in arranging their utility deposits.

d. A youth may chose to live alone, with a roommate (non-cohabitation) in a college dormitory, or rent a room from a family. The Services Worker must assess the living arrangement and present a report to the independent living coordinator for approval. Each individual's situation must be considered when determining the budget with the youth and the amount of the subsidy check. The factors in #2 above must also be considered as well as criminal, delinquency and abuse/neglect history checks.

e. For all household members or frequent visitors ages 12 through 26, a delinquency records check through the Florida Department of Law Enforcement and the Florida Department of Juvenile Justice. In addition, the following background checks must conducted for any household members age 12 and over:

i. A local criminal records check through local police and sheriff's offices.

ii. A state criminal records check through the Florida Department of Law Enforcement.

iii. An inquiry to the Florida Child Abuse Hotline.

8. Monthly Subsidy Rate Determination.

a. The amount of the monthly subsidy should be determined on an individual basis, considering the cost-of-living and the youth's monthly expenses. The maximum amount of the youth's board rate is based on what an individual can earn working a 40-hour week at federal minimum wage. The department or CBCs have discretion in the amount of the subsidy rate based on budget considerations within the agency providing services for the youth.

b. Program Incentives. Subject to the availability of funds, the department or CBCs have the option of providing financial incentives in addition to the monthly subsidy amount. Incentives may be based upon attendance at skills training or other required monthly meetings, timely submission of payment stubs, participation on youth advisory boards, public speaking promoting the program, etc., with each incentive adding \$10-50 to the base amount.

9. Out-of-State Supervision of a Youth in SIL.

a. Some youth in custody of the department, under the Jurisdiction of Florida courts, reside in foster or group homes in other states. These youth must be given the same opportunities to participate in the Subsidized Independent Living program as youth that reside in state as long as they meet eligibility criteria. Although it is rare for a youth under 18 to attend college, arrangements may be made for a youth to attend college in another state and still receive a subsidy check and/or other services and supports from the department.

b. Some states offer courtesy supervision through the independent living program. Other options might be to ask the college for staff or volunteer assistance, or to contract with a provider in that state to provide supervision.

c. For a youth under the age of 18, attendance at a college exempts the youth from the Interstate Compact for the Placement of Children (ICPC). However, if a youth needs supervision, submit ICPC form 100A and check the "other" box under "type of care" and write in "College ILP." A cover letter should explain that the judge and/or the department would appreciate arrangements for supervision.

(8) Permanency Planning for Older Adolescents. The Services Worker shall, concurrent with delivery of independent living services, continue efforts to locate and achieve placement with a permanent family until the child reaches age eighteen. In cases in which the child has made the decision not to pursue adoption, the decision shall be revisited at least twice per year to determine the child's needs and preferences. In all cases, whether the child has made the decision to be adopted or not, the Services Worker shall assist the child in making connections within the community and establishing relationships. Connections with adults may be established in foster care placements, at school, through extra-curricular activities with mentors, coaches, youth leaders, instructors and others. The Services Worker shall assist each child exiting the foster care system to establish a lifelong connection with a committed adult.

(9) Children Becoming Eighteen Years of Age. The Services Worker or independent living staff shall ensure that a child in the custody of the department is counseled as to the options available to him or her upon reaching his or her eighteenth birthday. The department or contracted service provider shall ensure, as feasible, that the child and his or her attorney participates in the required staffings and special judicial review hearings.

(a) Special Judicial Review. A judicial review hearing shall be held within ninety days after a child's seventeenth birthday and shall meet the requirements contained in Sections 39.701(6)(a) and (b), F.S. In addition, pursuant to Section 39.013(8), F.S., a hearing shall be conducted within the month that begins the six-month period before the child's eighteenth birthday to review the child's progress while in the custody of the department. A plan for the child's transition to adulthood shall be outlined in writing and details discussed during these reviews. The transition plan shall be filed with the court and served on all parties.

(b) Staffing at Seventeen Years Old. Within thirty days prior to the Special Judicial Review a staffing shall be conducted to notify the child of the options available upon reaching his or her eighteenth birthday and to discuss the child's plans.

1. Planning shall take place to ensure that the child has a place to live and a source of income, whether earned or unearned, sufficient enough to meet his or her needs upon attaining his or her eighteenth birthday. Potential problems

shall be identified early in the process to avoid disruptions from occurring in the child's education, employment and social environments.

2. If the child desires or intends to live with a family member upon reaching his or her eighteenth birthday, the Services Worker shall assist the child in planning for a safe and smooth transition. The services worker shall seek court approval through CWLS when necessary to allow contact with family members while the child remains under supervision.

(c) Assessment. During the month following his or her seventeenth birthday, each child in licensed out-of-home care shall be provided an independent living assessment.

(d) Written Notification. In conjunction with the special judicial review and staffing, each child in the custody of the department shall be notified in writing of the options available to him or her upon reaching eighteen years of age, including but not limited to the Road to Independence Program, continued court jurisdiction to age nineteen and the ability to reside in a licensed foster home. The notification shall be written in such a way that the child is able to easily understand it.

(e) The department or contracted service provider shall assist the child in making application for the Road to Independence Scholarship and/or transition support services/aftercare support services no later than ninety days prior to his or her eighteenth birthday.

65C-28.010 Minor Parents in the Custody of the Department.

(1) When a minor child in the custody of the department becomes a parent or enters licensed care with his or her own child, the parent and child shall reside together in the same placement unless the younger child's safety is at substantial risk in such placement or there is no foster home or facility available to house both. A petition for adjudication of dependency shall not be filed for the younger child unless there are grounds for dependency of that child independent of the minor parent's dependency. See subsection 65C-30.016(4), F.A.C., regarding assistance to be provided to the minor parent or expectant parent.

(2) In the event that the minor parent's child is not dependent, the cost of care of the child of a minor parent can be included in the maintenance payment for the minor parent. There shall be one payment that is enhanced to include the child's needs. If the minor parent is Title IV-E eligible, the total payment is Title IV-E reimbursable.

(3) If the minor parent is in the SIL Program and the minor parent's child lives with the parent, the parent is not eligible to receive an additional subsidy for the child. However, the Services Worker shall assist the minor parent in applying for other assistance for which the parent or child may be eligible.

(4) If the Florida Abuse Hotline receives a report regarding known or suspected abuse, neglect or abandonment of the child of a minor parent in the custody of the department, the report shall be investigated as any other report of abuse, neglect, or abandonment. The departmental staff person or contracted service provider shall cooperate with the Child Protective Investigator assigned to investigate the report.

(5) Minor parents in the custody of the department, including those who are expectant mothers and fathers, shall be provided with an equal opportunity to participate in the continuum of independent living services. The Services Worker shall provide information to the minor parent on appropriate services needed to ensure appropriate care for the care of the minor parent's child and the stability of the living arrangement. As a minor parent approaches discharge from foster care at age 18, the Services Worker shall assist the minor parent by providing information on educational services available upon exit from foster care.

65C-28.011 Criminal, Delinquency and Abuse/Neglect History Checks For Relative and Non-Relative Placements.

(1) Criminal, delinquency and abuse/neglect history check activities shall be performed when a child is initially placed with, remains with or has a planned placement with a relative or non-relative. Less extensive criminal, delinquency and abuse/neglect history check activities are required when a child is initially released to, remains with or has a planned release to a parent. The court shall be informed of all results, including the disposition of all criminal offenses that are received regarding any proposed or existing relative or non-relative placement and any proposed or existing release to a parent.

(a) Except for emergency placements or releases made in exigent circumstances, approval for sheltering a child in non-licensed care shall be sought from the court prior to the placement.

(b) Unless placement is being made in a licensed substitute care home or facility, all relatives and non-relatives with whom a child is placed are considered to be persons who are not licensed as shelter or out-of-home caregivers for purposes of caring for the child in question. Any relatives or non-relatives who become licensed as shelter or foster parents must meet the licensing requirements of Chapter 65C-13, F.A.C., including the criminal, delinquency and abuse/neglect history check requirements for licensed caregivers.

(c) The criminal offenses that may disqualify a potential relative or non-relative caregiver are contained in Sections 435.045 and 435.04, F.S., and are clarified in subsection 65C-28.011(6), F.A.C.

(d) The application of information gathered in an abuse/neglect records check in determining the appropriateness of a placement is contained in Sections 39.301 and 39.302, F.S., and is clarified in subsection 65C-28.011(6), F.A.C.

(2) Emergency Placements in Exigent Circumstances.

(a) There are three situations in which emergency placements are made with relatives or non-relatives in exigent circumstances and it is anticipated that a placement will be made within seventy-two hours:

1. Following the emergency removal of a child from his or her home or from another location where the child resides prior to departmental involvement. This removal of the child initiates a removal episode;

2. Following the change of placement of a child from a location where the child was previously placed and where the child remains under supervision. Since the child is already in an out-of-home placement, a change of placement is being made. The change in placement is part of the existing removal episode and does not initiate a new removal episode; and

3. Following the emergency removal of a child from a location where the child was previously placed and where the child has achieved permanency through court ordered long-term custody to the caregiver. Since the child has achieved permanency, this initiates a new removal episode.

65C-28.013 Indian Child Welfare Act.

The Indian Child Welfare Act of 1978 ("ICWA"), is federal legislation found in 25 U.S.C. 1901 et seq., that governs child custody proceedings involving American Indian or Alaskan Native children as defined by the Act. See the definition of Indian Child Welfare Act in Rule 65C-30.001, F.A.C.

(1) The Child Protective Investigator (CPI) shall determine at the onset of each child protective investigation if the children are American Indian or Alaskan Native children as defined by the Act. If a child involved in a child protective investigation is identified as being eligible for the protections of the Indian Child Welfare Act, all legal proceedings and case planning activities shall be in compliance with the provisions of the Act and with any existing written Tribal Agreements between the Department and the child's tribe.

(2) The child's parent or Indian Custodian and his or her tribe shall be noticed of all legal and case planning activities. If the child's tribe is unknown, notice shall be provided to the Secretary of the Interior through the Bureau of Indian Affairs, Eastern Regional Office.

(a) Letters of inquiry and notification and all legal and other notification to the tribe shall be in writing and sent by registered mail, return receipt.

(b) Any correspondence to or from the tribe shall be made a part of the court record and the child's eligibility for the protections of the Indian Child Welfare Act shall be included in all findings and orders of the court.

(3) The criteria for enrollment in a tribe is established by the individual tribe and its decision is conclusive. The child's tribe has the right to intervene in the proceedings at any time and may request that jurisdiction in the case be transferred the tribal court.

(4) If the tribe does not respond to written notification that an Indian child is the subject of an investigation, the Services Worker shall continue efforts to communicate with the tribe. Additional letters shall be sent registered and "return receipt" to the Secretary of the Interior through the Bureau of Indian Affairs Office located in the geographic region of the United States in which the child's tribe is located. Cases in which American Indian ancestry has been reported shall be handled as ICWA cases until shown to be otherwise.

(5) If the tribe does not assume legal jurisdiction, the tribe shall continue to receive notice of all judicial hearings and case planning reviews and to be kept informed of significant changes in the status of the case. The tribe has a right to examine all reports or other documents filed with the court.

(6) If the tribe assumes legal jurisdiction, all case file documents (except the name of the reporter of the abuse, abandonment or neglect) and the child shall be released to the tribe.

(7) If the tribe assumes jurisdiction in the case the American Indian or Alaskan Native children may remain eligible for services such as referrals to child protection teams or for certain economic services.

(8) Remedial or rehabilitative efforts to effect reunification shall be by active efforts. Any party seeking placement of an American Indian child in out-of-home care or the termination of parental rights shall satisfy the court that active efforts have been made to provide remedial services and rehabilitative programs designed to prevent the breakup of the Indian family including community services and culturally appropriate programs and that these efforts have proved unsuccessful.

(9) Placement of an American Indian child shall be made in accordance with the placement preferences outlined in the Act. Attempts to place a child in accordance with the placement preferences outlined in the Act, and any failure to do so, shall be documented in the case file and in HomeSafenet. The placement preferences apply upon each move of the child while in out-of-home care.

(10) In any adoptive placement of an Indian child, the Indian Child Welfare Act shall govern the order of placement preference. While the Indian Child Welfare Act gives a placement preference, it allows each tribe to establish a different order of preference by resolution. The Act lists the placement preference for adoption of an Indian child in the following order:

(a) A member of the child's extended family (as determined by the child's tribe);

(b) Other members of the Indian child's tribe; or

(c) Other Indian families.

(11) In order for an Indian child to be placed in out-of-home care, there shall be a judicial determination, supported by clear and convincing evidence, including the testimony of a qualified expert witness in the cultural practices of the child's tribe, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(12) Some tribes do not support adoption of an Indian child. Termination of parental rights requires a judicial determination, supported by evidence beyond a reasonable doubt, including the testimony of a qualified expert witness in the cultural practices of the child's tribe, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child. Legal notification requirements and other provisions of the Act including placement preferences continue to apply following termination of parental rights.

(13) Notification, process and service for all legal proceedings including termination of parental rights shall be in accordance with the provisions of the Act.

(14) All casework activity related to compliance with the provisions of the Indian Child Welfare Act shall be documented in the child's case file.

(15) The Services Worker shall consult with Child Welfare Legal Services regarding issues related to compliance with the provisions of the Indian Child Welfare Act.

65C-29.001 Definitions.

All definitions for this rule are located in Rule 65C-30.001, F.A.C.

Specific Authority 39.012, 39.0121 FS. Law Implemented 39.01, 39.012 FS. History—New _____.

65C-29.002 Reports of Child Abuse, Neglect or Abandonment.

(1) The department shall maintain an automated master file for all calls received by the Florida Abuse Hotline for screening. This file shall contain relevant information on all calls received concerning a child and be maintained in the department's automated system of record.

(2) The telephone number from which a call to the Florida Abuse Hotline is placed (Caller ID) is displayed at the onset of each call received by the Florida Abuse Hotline. This number shall be entered into the report of abuse, neglect or abandonment and become part of the record of the report, but shall enjoy the same confidentiality as provided to the identity of the caller pursuant to Section 39.202, F.S. This number may be used in the following circumstances:

(a) The department, designee or sheriff's office who responds to reports of child maltreatment shall not call the number provided by Caller ID to verify that the report was made from that number or to make inquiries about the content of the report. If the telephone number provided by Caller ID is the same as provided by the reporter, telephone contact with the reporter is appropriate.

(b) If the caller is a child who is self-reporting abuse, neglect or abandonment and the child's immediate location is not known, the department employee or agent may verify the location by using the Caller ID information.

(c) If all means to locate any child victim and attempts to contact the reporter at the telephone number provided by the reporter are unsuccessful, contacting the reporter at the

telephone number provided by Caller ID is appropriate. The purpose of this is to obtain additional information that would allow the child and or family to be located and seen.

(3) The Florida Abuse Hotline shall operate twenty-four hours a day, seven days a week to receive and assess allegations of child abuse, neglect or abandonment to determine if the allegations meet statutory criteria to accept a report for investigation. Allegations may be received via the toll free telephone number, fax, in writing or through telecommunication devices for the deaf.

(a) Professionally mandated reporters are required under Chapter 39, F.S. to provide their names to the Florida Abuse Hotline when making a report of alleged child maltreatment. A report shall be accepted if it meets statutory criteria for acceptance even if the reporters wish to remain anonymous.

(b) Non-professionally mandated reporters are not required to provide their names for the acceptance of a report.

(4) The Florida Abuse Hotline shall only release information regarding reports to child protective investigation staff after verifying that they are authorized to receive the information. Verification of authority to receive the information will be granted based on the social security number of the staff receiving such information.

(a) The Florida Abuse Hotline shall conduct record checks for out-of-state agencies conducting an investigation after verification of identity. The out-of-state request information shall be documented by the Florida Abuse Hotline counselor and submitted to the Florida Abuse Hotline supervisor for handling.

(b) The Florida Abuse Hotline shall only provide information about the existence or non-existence of a report of child abuse, neglect or abandonment and the findings. The out-of-state investigator shall be referred to the investigations office for more detailed information.

(5) Criteria for Acceptance of a Report.

(a) Professional staff at the department's Florida Abuse Hotline shall determine if the allegation received meets the statutory definition of child abuse, neglect, abandonment or harm. Any allegation that meets one of these definitions shall be accepted for protective investigation pursuant to Part III of Chapter 39, F.S.

1. The child alleged as being abused, neglected or abandoned must be under the age of 18 years and must be a resident of Florida, or located in Florida at the time of the allegation. Any allegation that meets the definition of abuse, neglect, abandonment or harm shall be accepted for protective investigation. When children suffer adverse consequences from physical or psychological injury or damage, harm or threat of harm is an element of abuse, neglect or abandonment. A report shall not be accepted on an unborn or stillborn child.

a. If the victim and alleged perpetrator live out-of-state but are visiting Florida together, and the harm occurred in Florida during the current visit, a report shall be accepted provided the victim and alleged perpetrator are in Florida at the time of the call.

b. If the victim and alleged perpetrator live out-of-state but are visiting Florida at the time of the call and the abuse, neglect or abandonment occurred in another state, or in the past in Florida, the Florida Abuse Hotline shall assess the information to determine if reasonable cause exists at the time of the call to suspect threatened harm. If this exists, a report shall be accepted provided the victim and alleged perpetrator are in Florida at the time of the call.

c. If the victim and alleged perpetrator live in Florida, but the victim is temporarily out of state at the time of the call and the abuse, neglect or abandonment occurred in Florida, a report shall be accepted.

2. The alleged perpetrator must be a caregiver, which is defined as a parent, legal custodian, an adult household member, or other person responsible for a child's welfare. In instances where the alleged perpetrator's exact relationship to the child cannot be ascertained, a report shall be accepted.

3. There must be reasonable cause to suspect that the alleged victim is a victim of abuse, neglect or abandonment, or at risk of harm, as defined in Section 39.01, F.S., and that the alleged perpetrator is a caregiver as defined in Section 383.01, F.S.

a. The Florida Abuse Hotline shall attempt to establish that the alleged perpetrator is a person in a caregiver relationship to the victim even if the exact identity of the alleged perpetrator is unknown.

b. A child may be named as a perpetrator only if the child is an employee of a private school, public or private child day care center, institution, facility or agency as identified in Section 39.01(47), F.S., or is the parent of the victim.

(b) In instances where the Florida Abuse Hotline accepts an abuse report, but the child protective investigator determines that the allegations or facts do not meet the criteria for a report as specified in subparagraphs (5)(a)1.-3. above, the child protective investigator shall close the report as "No Jurisdiction", after review and approval by the child protective investigator supervisor.

(c) Calls to the Florida Abuse Hotline concerning child-on-child abuse in an institution or in the home do not meet the definition of abuse. The call may be accepted as a report of neglect if it is alleged that staff, parent, guardian, adult household member or any other person responsible for a child's welfare failed to supervise the children properly.

(d) Reports involving a known or suspected juvenile sexual offender shall be made and received by the department when they meet the criteria established in Section 39.01(7), F.S.

1. The department shall determine the age of the alleged juvenile sexual offender if known.

2. When the alleged juvenile sexual offender is 12 years of age or younger, the Florida Abuse Hotline shall accept a report; electronically transfer the call to the appropriate law enforcement agency office and forward a written facsimile report of the allegation to the appropriate sheriff's office within twenty-four hours after the initial report is made to the Florida Abuse Hotline. These reports shall be kept separate from reports of abuse, neglect or abandonment by a caregiver.

3. When the alleged juvenile sexual offender is thirteen years of age or older, the Florida Abuse Hotline shall document the information, electronically transfer the call to the appropriate sheriff's office, and forward a written facsimile report of the allegation to the appropriate sheriff's office within twenty-four hours after the initial report to the Florida Abuse Hotline.

(e) Reports involving abandoned newborn infants shall be accepted by the Florida Abuse hotline for investigation if the reporter alleges abuse, neglect. If the report is of an abandoned newborn infant as described in Section 383.50, F.S., and does not include allegations of abuse, neglect, or abandonment other than that necessarily entailed in the infant having been left at a hospital, emergency medical services station, or fire station, the Florida Abuse Hotline shall not accept a report.

1. If the call meets the criteria for an abandoned newborn infant under Section 383.50, F.S., the Florida Abuse Hotline shall provide the caller with the name of a licensed child-placing agency from a list of licensed child-placing agencies eligible and required to accept physical custody and to place an abandoned newborn infant under Section 383.50, F.S.

(f) There shall be a means of locating and identifying the alleged victim.

1. Unacceptable means to locate shall include the following:

- a. A Post Office box; and
- b. A cell phone or pay phone;

2. If the reporter is a child who is self-reporting and no other means to locate the child is provided, the Hotline shall accept the report and document that the Caller ID is the only means to locate.

(6) When a report is being accepted, the Florida Abuse Hotline counselor shall ask all reporters to provide the following information:

(a) Information regarding subjects of the report including name, race, sex, date of birth, social security number, ethnicity, school, employment, address, phone number and/or other acceptable means to locate the victim if the address is not known;

(b) The relationship between the victim and the alleged perpetrator;

(c) Names and contact information for any person who can provide assistance to the child or additional information about the family's circumstances;

(d) The type of maltreatment alleged and the nature and extent of harm suffered by the victim, including when the incident occurred or whether it is a chronic, ongoing situation;

(e) Any known history of abuse, neglect or abandonment of persons named in the report;

(f) The risk of continued maltreatment and whether the alleged perpetrator continues to have access to the victim;

(g) Current condition of the child;

(h) Other children in the environment; and

(i) The name and occupation of the reporter, relationship between the child and the reporter, contact information for the reporter, and any other information the reporter believes will be of assistance.

(7) The Florida Abuse Hotline shall process and document all allegations received.

(a) The Florida Abuse Hotline counselor shall inform the caller whether the information provided meets the statutory requirements for a report.

1. The Florida Abuse Hotline counselor shall search for prior reports to determine if the current allegations have been reported in the past.

2. The Florida Abuse Hotline professional staff shall determine if the caller is reporting the exact same incident as that contained in a prior closed report. If the current allegations do not offer new information, additional subjects, new evidence, or additional allegations or incidents, the professional staff shall consult with a supervisor or call floor manager to determine whether a new report shall not be generated.

(b) The Florida Abuse Hotline shall search the statewide automated child welfare information system to determine if the victim, alleged perpetrator, or other subjects of the report have any history of abuse, neglect or abandonment or service provision. At the time of notification of the report to district staff.

1. The Florida Abuse Hotline shall also provide information on any previous report concerning a subject of the present report or any pertinent information relative to the present report or any noted earlier reports at the time of notification of the report to child protective investigation staff.

(c) The Florida Abuse Hotline counselor shall identify all allegations of maltreatment and document supportive information in the report and shall also identify each allegation of maltreatment with a code in the statewide automated child welfare information system.

(d) The Florida Abuse Hotline counselor shall determine the initial response priority for commencement of each report as either immediate or within twenty-four hours. If it appears that the immediate safety or well-being of a child is endangered; that the family may flee; that the child will be

unavailable for purposes of conducting a child protective investigation; or that the facts otherwise so warrant, the initial response priority shall be immediate. The child protective investigations supervisor has the authority to change the initial response priority if information shows a greater or lesser risk to the child than previously known.

(e) Information accepted as a report, including Special Condition Reports, shall be entered into the statewide automated child welfare information system as an initial abuse, neglect or abandonment report, additional investigation report, or supplemental report and a number shall be assigned to that report.

1. Additional Reports: Additional reports are those which contain new information about one or more subjects of an existing report.

a. An additional report includes any of the following:

i. A new alleged perpetrator in the same household;

ii. A new victim;

iii. A new subject in the same household;

iv. A new maltreatment;

v. A new incident of the same maltreatment; or

vi. New information that requires an immediate response.

b. If any of the following apply, a new report shall be entered:

i. The existing report is closed or more than 30 days old;

ii. The existing report has a disposition date; or

iii. The new information involves a different household from the existing report, or

iv. A child victim died due to alleged abuse, neglect or abandonment during investigation of an open report and the initial report is not on abuse, neglect, or abandonment causing the death.

2. Supplemental Reports: Supplemental reports are enhancements to a report that has already been received or is under investigation. No new allegations or subjects are reported. Such a report gives additional details.

a. The new information received must involve the same alleged perpetrator, same victim, same maltreatment(s), and same incident.

b. A supplemental report may be added even if there is a disposition date or findings for the existing report provided the initial report is not more than 60 days old.

3. The following shall not be treated as Additional or Supplemental Reports:

a. One report is institutional and the other is in a family setting;

b. One report has a child victim of abuse, neglect or abandonment and the other report has an adult victim;

c. One report is a Special Conditions Report and the other is a report of abuse, neglect or abandonment;

i. Additional allegations of abuse, neglect or abandonment discovered by the investigator during the course of an investigation do not need to be called to the Florida Abuse Hotline as an additional report.

ii. These allegations shall be added by the investigator and noted in the abuse report. This includes the discovery of maltreatment after the commencement of a special condition referral excluding child-on-child sexual abuse reports. If maltreatment is discovered by the child protective investigator assessing a Child-on-Child Sexual Abuse report, these allegations shall be provided to the Florida Abuse Hotline to generate a new report.

d. Child-on-Child Sexual Abuse reports may only be sequenced as supplemental with the same or similar allegations; or

(e) A child death allegedly due to abuse, neglect or abandonment occurring during an active investigation requires child protection staff to call the Florida Abuse Hotline immediately and shall not add a new maltreatment type to the existing report.

1. A child death report shall not be merged with any other reports alleging abuse, neglect or abandonment that did not cause the death.

(f) The abuse, neglect or abandonment report shall be assigned to the appropriate county for investigation based on the following:

1. If there is no open report, the new report shall be assigned to the county where the child is located at the time of the call.

2. If there is an open report, any additional reports shall be assigned to the same county as the open report, regardless of the current location of the child.

a. If the child is in a different county than the county assigned the open report and the additional report has an immediate response priority, the Florida Abuse Hotline shall notify the on-call investigator in the county in which the child is located.

b. If the child is in a different county than the county assigned for the open report and the additional report has a twenty-four hour response priority, the report shall be assigned to the county assigned to the initial report. The county assigned to the initial report shall be responsible for requesting an OTI from the county where the child is located.

3. If the Florida Abuse Hotline makes an error in report assignment, it shall reassign the report to the correct county based upon the above criteria.

a. If the assigned county determines that the report should have been assigned to another county, and the reason is not due to Florida Abuse Hotline error, the assigned county is responsible for transferring the report to the appropriate county.

(g) When a report involving the medical neglect of an infant or child with a life-threatening condition is received, the Florida Abuse Hotline shall attempt to obtain the following information:

1. Name and address of the hospital in which the infant or child is located;
2. Names and addresses of the child and parents and the child's date of birth;
3. Whether the child is in immediate danger;
4. Specific information as to the nature and extent of the child's condition and suspected medical neglect; and
5. Name, address, and telephone number of the person making the report; the source of that person's information (first hand or otherwise), and the relationship of that person to the child.

(h) The following do not constitute reports of abuse, neglect or abandonment but callers shall be given appropriate community referral information if available:

1. Allegations of harm perpetrated by a person not responsible for the child's welfare. If these are received by the Florida Abuse Hotline, the caller shall be electronically transferred to the appropriate sheriff's office if the incident occurred in Florida. If the incident occurred outside of Florida, the caller shall be referred to the abuse reporting agency for that state;
2. Complaints of withholding or misuse of child support which do not allege child abuse, neglect or abandonment;
3. Disputes concerning custody of a child in which there is no reasonable cause to suspect abuse, neglect or abandonment;
4. Complaints concerning infants or children in automobiles who are not in legally required child restraint devices;

 - i. Adult family members in need of services.
6. Complaints concerning children running away from parents or legal custodians; persistently disobeying reasonable and lawful demands of parents or legal custodians; and being out of control. These include situations in which the parent, legal custodian or caretaker has locked an older child out of the home due to these behaviors or is refusing to pick up a child who has been placed in a facility for those behaviors;

11. Complaints that a child is not attending school. These complaints shall be directed to the local school board;

12. Allegations of harm or threatened harm to a child who is residing or located in another state at the time of the report, unless the child is a resident of Florida and the child is expected to return to Florida. If the incident occurred in Florida, the call shall be electronically transferred by the Florida Abuse Hotline to the appropriate county sheriff's office in Florida where the alleged incident occurred;

13. If the allegation concerns known or suspected child abuse, abandonment, or neglect which occurred out-of-state and the alleged perpetrator and the alleged child victim live out-of-state, the Florida Abuse Hotline shall not accept the call for investigation, but shall refer the caller to the appropriate abuse reporting agency in the state where the child resides;

14. Requests from child protective investigators for Out-of-Town Inquiries or Child Protective Investigation Transfers;

15. Calls from service workers regarding the placement disruption of a child in out of home care, whether the child is in a licensed, or non-licensed relative or non-relative placement. However, if the placement disruption is as a result of an incident of child abuse, neglect or abandonment by the placement caregiver, a report of child maltreatment shall be accepted by the Florida Abuse Hotline;

16. Calls from service workers regarding a family's failure to comply with the conditions of the voluntary or court ordered case plan, unless such failure has resulted in a new incident of abuse or neglect. This includes calls involving post-placement supervision case management issues;

17. Foster Care Referrals regarding concerns about the care provided in a licensed foster home, group home or emergency shelter which do not meet the criteria for acceptance of a report of abuse, neglect or abandonment, such as use of corporal punishment not resulting in marks, bruises or injury; allowing a fourteen year old child baby-sit other foster children; electricity has been turned off but the foster children are being fed, staying warm and clean; and similar instances.

a. The Foster Care Referral information shall be documented in the statewide automated child welfare information system and transmitted to the county where the child is currently located.

18. Calls concerning a married minor;

19. Calls concerning emancipated minors.

(8) Upon receipt of a call concerning a child death, the Florida Abuse Hotline staff shall:

(a) Determine whether the allegation meets statutory requirements for accepting a report due to abuse, neglect or abandonment;

(b) Not merge death reports with any report alleging abuse, neglect or abandonment that did not cause the death;

1. If there is an open report with allegations of abuse, neglect or abandonment and the new information is that the child died due to the previously reported abuse, neglect or abandonment, the Florida Abuse Hotline shall enter an additional report.

2. If there is an open report and the new allegation of the death by abuse, neglect or abandonment is unrelated to any of the allegations in the open report, the Florida Abuse Hotline shall enter a new initial report.

3. If there is an open report about the death and the caller provides allegations unrelated to the death, the Florida Abuse Hotline shall enter a new initial report.

4. If there is an open report about the death and the caller provides no new allegations regarding the death or any other abuse, neglect or abandonment, the Florida Abuse Hotline shall enter a supplemental report.

5. If the reporter indicates that the child death has been previously reported and investigated and a prior is found on the previously reported death and investigation, a report shall not be accepted.

(c) Enter the maltreatment type of Abuse or Neglect, as well as any other maltreatment type or description (e.g., Abandonment) that indicates how the child is suspected to have died as a result of abuse, neglect or abandonment.

65C-29.003 Child Protective Investigations.

(1) Upon receiving a report of child abuse, neglect or abandonment, the Florida Abuse Hotline shall determine if the report requires a child protective investigation. If the report is accepted, the child protective investigator shall comply with the response priority as determined by the Florida Abuse Hotline to either respond immediately or no later than twenty-four hours from the time the report was accepted at the Florida Abuse Hotline.

(a) The child protective investigator supervisor may downgrade an immediate response only if circumstances so warrant and which shall be documented in the Statewide Automated Child Welfare Information System (SACWIS).

(b) Commencement of the investigation is the first attempt to complete an on-site visit for the purpose of making a face-to-face contact with the child victim of the report within twenty-four hours of acceptance of the report by the Florida Abuse Hotline, as defined in subsections 65C-30.001(29) and (86), F.A.C.

1. In instances in which a report is received on a child that is a resident of Florida and the alleged maltreatment occurred in Florida, but the child is temporarily out of state, the investigation can be commenced by contacting the child welfare agency responsible for child abuse or neglect investigations in the state where the child is temporarily located. The purpose of the contact is to request a timely face-to-face interview with the child in order to ascertain his or her safety, and to determine when the child is expected to return to Florida.

2. When the family cannot be located at the time of the initial on-site visit, the child protective investigator shall follow the requirements of Rule 65C-29.013, F.A.C.

(2) If the report received involves the death of a child as a result of abuse, neglect or abandonment, the child protective investigator shall follow the requirements contained in Rule 65C-30.021, F.A.C.

(3) Investigative Requirements. For every report received, the following actions shall be completed.

(a) A review of all prior reports and services records available for all subjects of the report prior to the commencement of the investigation.

1. If the review of the prior reports indicates the existence of a prior that contains allegations of the same incident contained in the new initial report, and the new report does not offer new information, additional subjects, new evidence, or additional allegations or incidents, the child protective investigator shall submit the new report for supervisory review and approval to close the report as a duplicate of the prior report.

2. If the supervisor approves closure of the new report as a duplicate of the prior report, the child protective investigator or their supervisor shall document the decision to close the report as a duplicate, the number of the prior report, and the rationale that led to the determination of the duplicate report designation.

3. If the investigator learns that any child subject of the report is in an adoptive placement or finalized adoption, the child protective investigator shall consult with the adoption placement or post-adoption services worker for purposes of assessment of child safety and identification of service needs for child and family.

(b) On-site visits and face-to-face interviews with the child, other siblings, other children in the home and family shall be unannounced unless it is determined by the department, designee, the sheriff's office or contract service provider that an unannounced visit would threaten the safety of the child;

(c) The children shall be observed in every reported case of abuse, neglect or abandonment. The child protective investigator shall be sensitive to issues arising from a child's age and developmental stage, ethnicity and gender. A

description of the physical, developmental and behavioral observations of the child shall be documented in the child's case file.

(d) If the child is temporarily out of state at the time that the report is received, and the child protective investigator has contacted the child welfare agency responsible for child abuse or neglect investigations in the state where the child is temporarily located for the purpose of requesting a timely face-to-face interview with the child, the child protective investigator shall enter the time and date that the child was seen by the out of state agency in the automated child welfare information system.

The results of the child's interview by the out of state agency shall be documented in the statewide automated state child welfare information system.

(e) If the parent, adult household member or other person responsible for the child does not allow access to the child, the child protective investigator shall seek assistance from law enforcement and if necessary seek an order of the court through the Child Welfare Legal Services attorney;

(f) The composition of the family or household shall be determined, including the name, address, date of birth, social security number, sex, and race of each child named in the report; any siblings or other children in the same household or in the care of the same adults; the parents, legal custodians, or caregivers; and any other adults in the same household. If a household member cannot be located the name and demographic information of the household member shall not be deleted from the abuse report or case file;

(g) A description of the physical condition of the child's household shall be documented in the statewide automated child welfare information system.

If in the process of assessing the physical condition of the household, it is determined that there is a need to remove physical evidence from the home, other than a child taken into protective custody, the investigator shall request local law enforcement to initiate a criminal investigation.

(h) The child protective investigator shall, in every investigation, interview the parents and adult household members. Any person alleged to have abused, neglected or abandoned the child shall be interviewed. The alleged perpetrator shall be informed of the allegations in the report, and of the department's authority for investigating the report. The child protective investigator shall not identify the reporter, or provide information that may identify the reporter;

(i) Upon commencement of the investigation, the child protective investigator shall inform all subjects of the report as well as the parent, guardian, legal custodian or other person responsible for the child's welfare, including an adult household member of the information specified in Section 39.301(5), F.S., including the following:

1. That a report has been received by the Florida Abuse Hotline alleging child abuse, neglect or abandonment;

2. The names of the investigators and identifying credentials;

3. The purpose of the investigation;

4. The right to review the investigative records 60 days after the commencement of the investigation, with the exception of reporter information, and anytime thereafter prior to the destruction of the record;

5. The right to have an attorney present during any interviews; however, the department or sheriff's office may proceed with other inquiries to determine the safety of the child and the veracity of the report;

6. General information about outcomes and services related to the department's or sheriff's office response and investigation that would assist the family to better understand what they may expect from the investigation;

7. The commitment of the department or sheriff's office to the safety of the child and the involvement of the family to the fullest extent possible in decisions regarding service planning and provision; and

8. The right of the parent or legal custodian to be involved to the fullest extent possible in determining the nature of the allegation and the nature of any identified problem.

(j) Records checks, to include criminal histories with local law enforcement and the Florida Crime Information Center, on all subjects and household members of the report shall be assessed by the investigator and the supervisor for the impact that the history may have on immediate and long term child safety. See Rule 65C-29.009, F.A.C., for additional details. If the family has moved to Florida from another state, the child protective investigator shall contact the appropriate law enforcement agency in the state where the family resided and request a criminal history check on all subjects and household members of the report.

1. Criminal background checks must be requested within seventy-two hours upon identifying household members or additional subjects of the report.

2. The investigator shall make inquiries of child welfare systems in Florida and other states, as appropriate, within seventy-two hours of suspicion that a household member or additional subject of the report might have a history of referral or involvement.

(k) If the department or sheriff's office or contracted service provider determines that a child requires immediate or long-term protection through medical or other health care; or homemaker care, day care, protective supervision, or other services to stabilize the home environment, including intensive family preservation services through the Family Builders Program or the Intensive Crisis Counseling Program, such services shall first be offered for voluntary acceptance unless there are high-risk factors that may impact the ability of the parents or legal custodians to exercise judgment. Such factors may include the caregivers' young age or history of substance abuse or domestic violence;

(l) If the department or sheriff's office determines the need to engage ongoing services, whether these services are voluntary or court ordered, an Early Service Intervention (ESI) staffing shall be requested by the child protective investigator and their supervisor, pursuant to the requirements of Rule 65C-30.002, F.A.C.

(m) The parents or legal custodians shall be informed of the right to refuse services, as well as the responsibility of the department or sheriff's office to protect the child regardless of the acceptance or refusal of services. If the services are refused and the department or sheriff's office deems that the child's need for protection so requires, the department or sheriff's office shall take the child into protective custody or petition the court alleging the child to be dependent;

(n) Contact the reporter to validate allegations as received from the Florida Abuse Hotline. This includes clarification and further detailed information regarding the report allegation narrative information and the names, relationships and means to locate other persons that may have further information on the child and family.

(o) Determine whether there is indication that any child in the family or household has been abused, abandoned, or neglected;

(p) The nature and extent of present or prior injuries, abuse, or neglect;

(q) Any evidence thereof; and

(r) A determination as to the person or persons apparently responsible for the abuse, abandonment, or neglect, including the name, address, date of birth, social security number, sex, and race of each such person.

(5) For every child abuse, neglect or abandonment report, the child protective investigator shall assess the safety of each child in the family using the statewide, automated tool in the statewide automated child welfare information system.

(6) Based on the information obtained from available sources, the child protective investigator shall submit the automated assessment tool within forty-eight hours from the time the first child victim is seen and, if needed, develop a safety plan.

(a) The purpose of conducting the assessment within forty-eight hours from the time the first child victim is seen is to determine whether a safety plan is necessary. A safety plan shall identify the immediate and long-term action that will keep the child safe from harm when a threatening situation is present in the child's home, as specified in Section 39.301(14), F.S. This includes, but is not limited to, the safety actions to be taken by the child, parent(s), legal guardian, the department, local sheriff's office, services worker or other identified party.

1. The safety plan may include taking the child into custody or providing the family with assistance and oversight by a service provider to make necessary changes to ensure the safety of the child.

a. If the child is taken into custody and placed in out-of-home care, and the identity or location of a parent or prospective parent is unknown, a diligent search shall be initiated by the child protective investigator making the placement, pursuant to the requirements outlined in Rule 65C-30.003, F.A.C.

b. If the child is taken into custody and placed in out-of-home care, the child protective investigator shall comply with the identification of children requirements outlined in Rule 65C-30.004, F.A.C., unless otherwise negotiated at the ESI staffing.

c. If the child is taken into custody and placed in out-of-home care, the child protective investigator shall comply with the placement responsibilities outlined in Rule 65C-30.011, F.A.C., and as negotiated at the ESI staffing.

d. If the child is taken into custody, the child protective investigator shall complete the Emergency Intake Form (attached), in order to identify any current medical information/needs of the child that are known by the parent, guardian or legal custodian.

e. The child protective investigator shall determine if, with the provision of appropriate and available early intervention or prevention, including services provided in the home, the child could safely remain at home. If at any time it is determined the child's safety and well-being are in danger, the child shall be removed from the home location and placed where he or she is no longer considered to be in danger. The department, sheriff's office and contracted services provider, shall comply with the requirements for tiered services protocol, as outlined in Rule 65C-30.009, F.A.C., in order to make this determination.

f. If the child is removed from the home, the child protective investigator shall take action to maintain the child in his/her school of origin, unless it is determined that remaining in the school of origin is not in the child's best interest, as specified in subsection 65C-28.004(3), F.A.C.

g. In order to consider the provision of voluntary protective supervision to a child and their family, the child protective investigator shall comply with the requirements for voluntary protective services, as outlined in Rule 65C-30.010, F.A.C.

2. The injunction process under Section 39.504, F.S., or Section 741.30, F.S., may be used as a safety action to remove a perpetrator of domestic violence from the home when the presence of the perpetrator of domestic violence in the home poses an immediate safety threat to the child.

(b) Supervisors must review all child protective assessments and assure that safety plans are in place when needed, and that the plan appropriately addresses the identified safety threats. This review shall be completed within seventy-two hours from the time the automated assessment tool is submitted to the supervisor for review.

1. The supervisor shall provide feedback to the child protective investigator within twenty-four hours after completion of the supervisory review.

2. If the supervisor determines that the report meets the criteria for a second party review, the supervisor shall refer the automated investigative file for second party review within twenty-four hours of such determination.

(c) A second party review is required if:

1. The caregiver is responsible for the death or serious injury of another child and/or any two of the following conditions exist:

a. Child victim is age four or younger or nonverbal; or

b. There are prior reports involving any of the subjects of the current report, regardless of finding;

2. There is a current report of actual serious or severe injury, neglect, or threatened harm.

(d) The second party reviewer has seventy-two hours from receipt of the automated assessment tool to complete the second party review.

1. The second party reviewer shall provide feedback to the child protective investigator supervisor within twenty-four hours after completion of the second party review.

(e) The statewide automated child welfare information system shall be updated after initial assessment and automated investigative file re-submitted for supervisory review and second party review under the following circumstances:

1. After initial contact with the child or any other subject of the report, when the initial contact occurs after the initial submission of the Child Safety Assessment.

2. At any stage of the investigation when a determination is being made whether or not to remove the child from the home;

3. As often as necessary to ensure the child's safety;

4. As new information is received which may have an impact on child safety;

5. When the circumstances change within the child's environment at times other than required under this section;

6. Prior to the development of a recommendation to the court for disposition in cases being considered for judicial action; and

7. Prior to closure of the investigation in the statewide automated child welfare information system.

(7) Safety plans, as documented in the statewide automated child welfare information system, shall be re-assessed, updated and resubmitted to the child protective investigator supervisor for review and approval immediately upon learning during the course of an investigation that:

(a) The immediate safety or well being of a child is endangered;

(b) The family is likely to flee;

(c) A child died as a result of abuse, abandonment, or neglect;

(d) A child is a victim of aggravated child abuse as defined in Section 827.03, F.S.; or

(e) A child is a victim of sexual battery or of sexual abuse.

(8) The allegation matrix, as referenced in Rule 65C-30.001, F.A.C., shall be used by the child protective investigator during the investigation. The allegation matrix serves the following purposes:

(a) Defines each specific type of abuse, neglect or abandonment;

(b) Guides child protective investigators in determining whether abuse, neglect or abandonment has occurred;

(c) Helps to ensure that all factors are considered when assessing specific types of maltreatment;

(d) Assists with assessing the nature and severity of a reported injury or harm;

(e) Assists with assessing if a substantial likelihood of immediate injury or harm exists;

(f) Assists with assessing the probability of further harm; and

(g) Assists in the determination that the necessary evidence exists to support the findings of the report.

(9) The child protective investigator supervisor shall ensure that relevant collateral contacts are made and that the protective investigator documents the contacts in the automated investigative file.

(10) The investigation shall be completed within 60 days.

(11) The child protective investigator and their supervisor may elect to conduct an on-site investigation rather than an enhanced investigation if the following criteria is are met:

(a) For the current report, there is obvious compelling evidence that no maltreatment occurred;

(b) There are no prior reports containing some indicators or verified findings of abuse, neglect or abandonment with respect to any subject of the report or other individuals in the home. Any prior reports in which an adult in the home was a victim of abuse, neglect or abandonment before becoming an adult does not exclude a report otherwise meeting the criteria of the law;

(c) The current report concerns an incident of abuse that is alleged to have occurred two or more years prior to the date of the report, and there are no other indicators of risk to any child in the home at this time; and

(d) For the current report, there is no allegation involving:

1. Serious physical abuse;

2. Sexual abuse;

3. Domestic violence;

4. Substance abuse;

5. Substance exposure;

6. Medical neglect;

7. A child younger than 3 years of age; or

8. A child who is disabled or lacks communication skills;

(12) The determination that a report does not require an enhanced on-site child protective investigation shall be approved in writing and documented in the automated investigative file by the supervisor and shall include documentation specifying why additional investigative activities are not necessary.

(13) A report that meets the criteria for an on-site investigation is not precluded from further investigative activities. At any time it is determined that additional investigative activities are necessary for the safety of the child, such activities shall be conducted.

(14) The training provided to staff members who conduct child protective investigations shall include instruction on the use of the injunction process under Section 39.504, F.S. or Section 741.30, F.S. which may be used to remove a perpetrator of domestic violence from the home.

(15) When a protective investigation determines that a custodial or a non-custodial parent has abused, neglected or abandoned his or her child, the department or sheriff's office shall take whatever actions are necessary to ensure the child's immediate and long-term safety.

(a) In instances where the non-custodial parent is found to be responsible for the abuse, neglect or abandonment, staff shall evaluate the custodial parent's ability to take appropriate measures that will prevent any further occurrences of abuse, neglect or abandonment. If it is determined that the custodial parent is not willing or does not have the capacity to protect the child, the child protective investigator shall take the necessary actions to ensure the immediate and long term safety of the child.

(b) In instances where the custodial parent is found to be responsible for the abuse, neglect or abandonment, staff shall evaluate the non-custodial parent's ability to take appropriate measures that will prevent any further occurrences of abuse, neglect or abandonment.

1. The determination of the non-custodial parent's ability to ensure the safety of the child shall, at a minimum, include an assessment of the non-custodial parent's home, ability to protect the child from the custodial parent, prior abuse and neglect history and related services, local law enforcement call history and FCIC criminal history and its implications on child safety.

2. If the safety of the child cannot be assured while in the care of the custodial parent and it is determined that the non-custodial parent can ensure the safety of the child, the child shall be released to the non-custodial parent. An emergency hearing to request a change of primary residence shall be held within twenty-four hours of release of the child to the non-custodial parent.

(c) If it is determined that the non-custodial parent requires court ordered assistance to assure the child's safety, the department or the sheriff's office shall take the following actions:

1. Gather and review all available documentation concerning previous court orders, visitation arrangements, domestic violence orders, stipulations and all other official documents in order to gain insight into the current circumstances. These documents shall be reviewed with the Child Welfare Legal Service attorney and a plan of action shall be developed;

2. Through the Child Welfare Legal Services attorney (CWLS) or State Attorney or Attorney General providing the CWLS function, petition the dependency court to take immediate action to supersede existing orders, require supervised visitation, and take other appropriate action;

3. Provide additional voluntary services to the non-custodial parent as appropriate to ensure mitigation of risks and immediate and long-term child safety and permanency. This includes services to the custodial parent, when the child has been released to the non-custodial parent, if appropriate.

4. If the child is released to the non-custodial parent, and reunification with the custodial parent is not an option, the non-custodial parent shall be advised of the need to obtain a change of custody order granting custody to the non-offending, non-custodial parent.

5. It is the department's or sheriff's office responsibility to ensure child safety without regard to the parents' marital status or the existence of prior, or contemporaneous, dissolution of marriage actions.

(16) The child protective investigator shall determine in all investigations whether a child is an American Indian child or Alaskan Native child. When it is determined that the child is an American Indian child or Alaskan Native child, the child protective investigator shall comply with the provisions of the Indian Child Welfare Act codified at 25 U. S. C. s. 1901 et seq.

Approval shall be based on a determination that the child is not currently being harmed or at risk of harm. The rationale for the change shall be approved by the supervisor and documented in the statewide automated child welfare information system.

(4) Upon receipt of such report, the child protective investigator shall provide the following notifications:

(a) Immediate oral notification to the appropriate law enforcement agency;

(b) Immediate oral notification to the appropriate state attorney's office and provide a written report within 3 days of commencement, or as specified by county protocol;

Upon initial contact at the facility, the child protective investigator shall verify the name of the licensing or regulatory agency and obtain a contact number for such agency;

(h) Notify the appropriate Florida Local Advocacy Committee within 48 hours of report commencement. If unsure which Local Advocacy Committee shall be notified, contact the appropriate district or zone client relations coordinator to obtain such information;

(i) If the facility is exempt from licensing, as specified under Sections 409.176 and 402.316, F.S., notify the owner or operator of the facility;

(l) Notify the child's Guardian Ad Litem of the receipt of the report and ongoing investigation; and

(m) If the child victim is in an out-of-home placement, the child protective investigator shall assist the child's services worker regarding notification and investigative findings by ensuring timely communication of the report and findings with the services worker and addressing any questions or concerns expressed by the child's parents.

(5) For each institutional report it receives, the child protective investigator shall:

(a) Conduct an on-site face-to-face contact with the alleged victim. For the purpose of an institutional investigation, an on-site visit refers to contact with the child victim at the institution where the alleged abuse, neglect or abandonment occurred. If the child is no longer located at the institution or facility, the on-site visit will occur where the child is located at the time the report is received. The on-site visit shall be unannounced unless it is determined that an unannounced visit would threaten the safety of the child.

1. For institutional reports where the alleged child victim is no longer located at the institution or facility, the child protective investigation shall be transferred to the county where the institution or facility is located immediately upon completion of the face-to-face contact with the alleged victim and their family.

a. The child protective investigator shall complete all the required documentation in the automated investigative file regarding the commencement of the investigation, contact with the child and family, assessment of the child institutional safety factors and the child and family services needs prior to the transfer of the child protective investigation to the county where the institution or facility resides.

2. For institutional reports where there are multiple alleged victims, the investigator, upon completing an assessment, shall add to the automated investigative file only the names and related demographic information of those additional child victims for whom there has been a determination of some indication or verified findings.

3. If the allegations involve an employee of a private school, public or private child care center, a face-to-face visit with the child and his or her parent or legal custodian shall take place at the child's residence. The child protective investigator shall ensure that the parent or legal custodian shall not return the child to a potentially dangerous situation.

4. If the parent or institution denies the child protective investigator access to the alleged victim, the investigator shall immediately contact a Child Welfare Legal Services attorney in order to seek court authorization to gain access to the alleged victim.

5. It shall be determined if any other children are potentially at risk due to the alleged abuse, neglect or abandonment.

a. If the investigator has determined that there are other children in the institution that are potentially at risk due to the allegations in the report, the name, date of birth, social security number, sex and race of those children shall be added to the automated investigative file. All other related information shall be documented in the automated investigative file.

b. If the results of the investigation, including the nature of the abuse, neglect or abandonment and associated findings, indicate a threat of harm to other children in the institutional employee's own household, the child protective investigator shall immediately contact the Florida Abuse Hotline for the purpose of reporting the information to the Florida Abuse Hotline for screening.

6. Determine the nature and extent of the alleged maltreatment. If as a result of the allegations the child has been examined by either the institution's medical staff or any other medical professional, the investigator shall consult with such medical staff and obtain a copy of the medical records generated as a result of such examination. In accordance with Section 39.303, F.S., the child shall be referred for consultation or evaluation to the Child Protection Team if the child meets the criteria for such referral.

7. Determine the identity of the person responsible for the maltreatment, including the name, address, social security number, sex and race. 12. Complete the initial section of the automated assessment tool within forty-eight hours of initial contact with the victim.

13. Complete a prior abuse, neglect or abandonment history check, including foster care referrals, on the alleged victim, the alleged caregiver responsible, and the facility or institution.

14. Address the facility's/institution's history of compliance with recommendations or agreed upon safety plans as a result of prior reports and/or foster care referrals.

16. Complete a criminal records check on the alleged victim and the alleged caregiver responsible.

17. Complete all relevant collateral contacts with persons who may have information regarding the issues being addressed in the investigation.

18. Determine the immediate safety actions necessary to protect the child from further abuse, neglect or abandonment.

(b) Immediate safety actions shall be taken if any of the following conditions are present:

1. A caregiver has harmed a child or made credible threats to harm a child and continues to have access to the child;

2. A child has been targeted by another child or children in the facility for physical or sexual assault and an employee or provider with knowledge of this has failed to take reasonable measures to ensure the child's safety;

3. A child has a serious medical condition requiring treatment and has been denied access to treatment; or

4. Regular safety measures of the facility are insufficient to ensure that a child is not harmed.

(c) Identify the specific safety actions to be taken, when and by whom. These may include one or more of the following actions:

1. Recommend limiting facility operations to the certification, contractual or regulatory agency;

2. Recommend periodic, unannounced visits on-site by one or more of the certification, contractual or regulatory authorities to monitor progress and compliance;

3. Recommend a change in facility administration to the certification, contractual or regulatory agency;

4. Recommend daily monitoring on-site by one or more of the certification, contractual or regulatory agencies;

5. Removal of a child or all children from a facility; and

65C-29.006 Foster Care Referrals.

there is indication that child maltreatment may have occurred, the responder shall contact the Florida Abuse Hotline for the purpose of reporting the suspected maltreatment.

(2) Upon receipt of the Foster Care Referral by the child protective investigation unit where the child is located, the foster care referral shall be immediately forwarded to the licensing unit responsible for the licensing of the foster home, group home or emergency shelter for documentation and response.

(1) Child protective investigators shall respond to all reports of child on child sexual abuse where the alleged juvenile sexual offender is age twelve or younger.

(a) Unless the facts otherwise so warrant, the department shall respond to reports alleging juvenile sexual abuse within 24 hours after acceptance of the report by the Florida Abuse Hotline.

(b) If the sexual offender is a sibling or has on-going access to the victim the department will respond immediately.

(2) Assessment elements to be considered in determining a need for services and case planning include, but are not limited to:

(a) Offense characteristics – the victim is substantially younger than the offender rather than peer age; the victim is known to the offender; the use of coercion, violence, and bribes by the offender; there are elements of secrecy involved; there are multiple victims; the number of abusive incidents; there is history of non-sexual aggravated assault.

(b) Child Maltreatment history – the offender has a history of sexual victimization, physical abuse, neglect, or family/domestic violence.

(c) Social and Interpersonal Skill and Relationships – the offender's family has a history of instability; there is a history of physical or emotional separation from one or both parents; the offender has inadequate social skills, poor peer relationships, and/or is socially isolated.

(d) Sexual Knowledge and Experience – the offender has knowledge of advanced sexual practices and or exposure to pornography.

(e) Academic and Cognitive Functioning – the offender has academic difficulties, reduced empathy and blames the victim.

(f) Mental Health Issues – the offender has a history of impulse control problems, anxiety, depression, suicidal ideation, substance abuse.

(3) Referrals for services will not be initiated when, in the determination of the protective investigator, the reported incident contains elements of normal sexual exploration that is voluntary, spontaneous, and typically involves same-age children. These 'play' incidents typically involve gender role exploration in looking at, and touching each other's bodies without modeling adult sexual experiences.

(4) Referrals for services will be initiated when sexual behaviors are documented to be repetitive, unresponsive to adult intervention and supervision, equivalent to adult criminal violations, pervasive – occurring across time and situations, and highly diverse – consisting of a wide array of developmentally unexpected sexual acts.

(5) Case planning and determination of treatment needs are to be conducted through a multi-disciplinary staffing approach involving the child's parents, child protective investigative staff, law enforcement, representatives of the child protection team of the Department of Health or Children Advocacy Centers, and community-based care providers under contract with the department to provide ameliorative and treatment services as appropriate.

(6) The child protective investigator will document the assessment, treatment needs, and case plan, if needed in the statewide automated child welfare information system within thirty days of acceptance of the report by the Florida Abuse Hotline.

(7) A services worker will be identified through the staffing process who will be responsible for periodically reassessing and revising the treatment needs, treatment objectives, and required interventions.

(8) The department may pursue a child protective investigation when the facts otherwise so warrant as in the case of a caregiver's failure to provide adequate supervision to prevent a child-on-child sexual abuse incident or when disclosure indicates caregiver to victim sexual abuse was the antecedent to the child-on-child sexual abuse.

(9) In those situations where the caregiver does not agree with the multidisciplinary staffing recommendations for further assessment or treatment for the juvenile sexual offender the services worker will refer the family for mediation or arbitration, if available.

(a) If the family or caregiver refuses to participate in mediation or arbitration the child protective investigator will notify the appropriate law enforcement agency of the caregiver's failure to comply for consideration of legal charges against the offender.

(b) If the family or caregiver refuses to participate in mediation or arbitration the child protective investigator will refer the child to the Child Protection Team to determine if the parent's refusal to follow the recommendations of the multi-disciplinary staffing will place the child at risk of emotional, physical or medical harm.

(c) The child protective investigator will also staff the case with Child Welfare Legal Services for consideration of filing a petition for dependency based on medical neglect or the risk of harm, as determined by the CPT assessment.

See Rule 65C-28.003, F.A.C., regarding medical consent requirements when a child is removed from his or her home.

(2) If, during the child protective investigation, a medical examination is needed to determine the existence of abuse, neglect or abandonment, the child protective investigator shall attempt to obtain consent from the parent, the legal guardian or the legal custodian of the child.

(3) In all cases in which a medical examination is required the following alternatives are listed in descending order of preference:

(a) A physician from the Child Protection Team (CPT);

65C-30.002 Early Service Intervention and Case Transfer.

(1) An Early Service Intervention (ESI) staffing shall, whenever possible, be held within 72 hours after the need for services is identified by the Child Protective Investigator (CPI) and his or her supervisor or, if weekly ESI staffings are held, during the next scheduled weekly staffing following the identification of the need for services. Identifying a need for services might occur at any point while the report is being investigated and is documented through the referral for the ESI staffing.

(a) The CPI or Child Protective Investigator Supervisor (CPIS) shall present the case at the ESI staffing. In all cases involving an American Indian or Alaskan Native child in which the potential outcome is a dependency action, the parent(s) or Indian Custodian and the child’s tribe shall be notified of the staffing and encouraged to participate.

(b) The ESI staffing shall:

1. Address the identification of needed services so services can be accessed timely.

14. Any other documentation agreed upon between the department staff or sheriff's office performing the investigation and the contracted service provider.

(e) After the ESI staffing, the CPI shall continue to:

1. Complete the remaining investigative tasks;

2. Assist the Child Welfare Legal Services (CWLS) attorney with filing of the shelter and dependency petitions and provide witness testimony;

3. Provide CWLS with information regarding the child's immigration status to determine whether the department or contracted services provider will need to pursue Special Immigrant Juvenile Status (SIJS) for the child, and whether an early evaluation of the long-term likelihood of reunification is a viable option. See subsection 65C-30.007(17), F.A.C., for actions required to establish a child's SIJS.

4. Provide CWLS with information regarding the possibility of Native American heritage so that an evaluation can be made as to whether or not the Indian Child Welfare Act is triggered.

6. Provide written documentation for completion of identified sections of the pre-disposition study;

7. Attend court hearings to provide testimony regarding the case; and

1. Provide or arrange for expedited up-front services such as family preservation services, visitation and/or medical care;

2. Review all assessments provided by the CPI;

3. Conduct or refer for additional assessment(s);

4. Obtain a Comprehensive Behavioral Health Assessment and a health check-up for a child who enters out-of-home care, unless already completed by the CPI per local agreements;

6. Identify alternative sources or funding for medical, dental, vision and psychological services for the child, if the child does not have legal immigration status.

7. As requested, coordinate with the CPI regarding the compiling and submission of the pre-disposition study.

8. Participate in all court hearings; and

9. Provide new information known to the Services Worker that may assist the CPI in updating the automated assessment tool.

(h) The Services Worker shall schedule subsequent staffings or meetings, as necessary, to obtain information not available at previous meetings.

(2) Case Transfer.

(a) When a change in contracted service providers is needed within or between districts/regions or zones, a case transfer staffing shall be scheduled.

1. The referring Services Worker shall arrange the transfer staffing with the staff in the receiving county, provide detailed information about the case, and document the transfer staffing in the case file.

2. The referring Services Worker shall retain responsibility for the case until the transfer is documented in the child's case file.

(b) For requirements relating to transfers of supervisory responsibility to another county, see Out-of-County Services, Rule 65C-30.018, F.A.C.

65C-30.003 Diligent Search.

(1) When a child is removed from the physical custody of his or her parent or guardian, the Child Protective Investigator (CPI) shall initiate a diligent search to identify and locate any absent parent. An affidavit of diligent search shall be included in the predisposition report. Diligent search efforts shall continue until released by the court.

(a) If the child remains in out-of-home care following closure of an investigation by a CPI, the Services Worker shall continue diligent search activities until released by the court.

(b) The CPI shall also initiate diligent efforts to locate an adult relative, legal custodian or other appropriate adult willing and able to care for the child. After an initial search has been deemed sufficient by the CPI supervisor, these activities are no longer required. A description of the efforts made to locate the child's relatives or prospective placement resource shall determine whether diligent efforts were made.

(2) When a dependency petition is filed with the court for the purpose of seeking in-home court ordered supervision, the CPI shall initiate a diligent search to identify and locate any absent parent.

(3) When a child is under court ordered in-home supervision, the Services Worker shall initiate diligent efforts to identify and locate any relatives who would be willing and able to care for the child in the event that the in-home supervision arrangement fails.

(4) When a child is placed in out-of-home care, for the purpose of concurrent planning, the Services Worker shall initiate or continue diligent efforts to identify and locate any relatives who would be willing and able to care for the child.

(5) The diligent search shall include, at a minimum, all inquiries required in Sections 39.502(8),(9) and 39.503(5),(6), F.S.

(6) Other Diligent Search Activities.

(a) When a child is in an out-of-home placement with a relative or non-relative and the placement disrupts, the services worker shall make diligent efforts to locate an adult relative, legal custodian or other appropriate adult willing and able to care for the child. After an initial search has been deemed sufficient by the Services Worker's supervisor, these activities

are no longer required. An affidavit of diligent search must be included in the predisposition report. A description of the efforts made to locate the child's relatives or prospective placement resource shall determine whether diligent efforts were made.

(b) When the diligent search involves an American Indian or Alaskan Native child, documentation of written correspondence with the child's tribe and to the Secretary of the Interior through the Eastern Regional Office of the Bureau of Indian Affairs shall be documented in the case file by the services worker and included in the court record.

(c) When the diligent search involves a child adjudicated dependent who is not a U.S. citizen or does not have legal residency status and has been removed from his or her parents or who is an unaccompanied minor, the Services Worker shall take actions specified in subsection 65C-30.007(17), F.A.C., to ensure that all requirements of Section 39.5075, F.S. are met. This assists in determining whether there is a parent or other relatives in the child's country of origin who should be considered as a placement option. This information shall be documented in the case file and included in the court record.

Specific Authority 39.012, 39.0121(12),(13), 39.5075(8) FS. Law Implemented 39.01(22), 39.502(8),(9),(10), 39.503(5),(6),(7),(8), 39.5075, 39.521(1)(d)8.a.,b. FS. History--New _____.

65C-30.004 Identification of Children.

(1) Photographing of Children.

(a) Children to be photographed:

1. All children under court ordered in-home supervision shall be photographed within fifteen days after the case has been staffed and transferred to a service unit.

2. All children placed in out-of-home care shall be photographed within seventy-two hours of the beginning of a removal episode.

3. Upon return to care, any child who has been on runaway status shall have his or her photograph taken immediately. The exception to this requirement is when concerns a child's appearance has not significantly changed since a prior photograph was taken.

4. All children and sibling groups available for adoption who are required to be registered on the Adoption Exchange System.

(b) The child's identity shall be verified by the Child Protective Investigator, Services Worker, or other staff person familiar with the child. The photograph and identifying information shall be maintained in the statewide photo database.

(c) Photographs shall be updated as follows:

1. For children fifty-nine months or less of age, every six months; and

2. For all other children, annually.

(2) Fingerprinting of Children.

(a) The fingerprints of each child age three years or older who is placed in out-of-home care shall be obtained within fifteen days after initial placement. The record of the fingerprints shall be maintained in the child's case file. If the child is under age three, a means of obtaining the child's fingerprints shall be explored.

(b) Fingerprints are not required for children under in-home supervision.

(c) These fingerprints shall be used only to identify a child who has gone missing.

(3) Birth Verification of Children.

(a) All children under court ordered in-home supervision shall have documentation of birth verification within fifteen days after the case has been staffed and transferred to a services unit.

(b) All children entering out-of-home care shall have documentation of verification of the child's birth within fifteen days from initial placement. Refer to paragraph 65C-30.004(3)(c), F.A.C., for children born out-of-state or out-of-country.

(c) For children born out-of-state or out-of-country, verification of the child's birth shall be requested within fifteen days from initial placement and documented in the case file. Refer to subsection 65C-30.007(17), F.A.C., regarding the necessary actions when it is determined that a child was born in another country and has not established legal alien status.

(4) Identifying Information in Adoption Records.

(a) At the time of adoption finalization, it is the responsibility of the Services Worker to coordinate with the adoptive parents to determine whether the child will have a new Social Security Number (SSN) or be retaining the same SSN after adoption. To avoid variations in practice for handling the problem, one of the two following alternatives shall be used, as appropriate:

1. Child Retains the Old SSN. If the child will retain the same SSN after adoption, the client demographic record associated with the child during adoptive placement in the statewide automated child welfare information system (SACWIS) or in the Client Information System (CIS) and the Interim Child welfare Services Information System (ICWSIS) shall have an additional client identification number (ID) of a pseudo identification number (initials of child's birth name and date of birth). The child's birth name shall remain in this demographic record and this pseudo ID shall be recorded as an additional ICWSIS ID type for the child in SACWIS. The Services Worker is responsible for recording the pseudo ID as an additional ICWSIS ID type before the case is closed at the time of finalization. The old SSN shall remain associated with the SACWIS record. All adoption subsidy payments after finalization shall continue to be recorded in ICWSIS under the pseudo ID. No split of demographics is necessary for purposes of making subsidy payments. New services that are provided and recorded in SACWIS (e.g., new abuse report in the

adoptive home or provision of post-adoption services), CIS (e.g., ongoing Children's Medical Services), and/or in ICWSIS after adoption finalization shall be associated with a new demographic record with the child's adoptive name and with the SSN as the client identification number. In no case shall the pre and post-adoptive names both appear on the same SACWIS record.

2. Child Receives a New SSN. If the child will receive a new SSN after adoption, the old SSN shall be left in the SACWIS, CIS and ICWSIS records during the adoptive placement with the child's birth name and shall continue to be used to record ongoing subsidy payments in ICWSIS. New services shall be recorded under a new demographic record with the new SSN and the child's adoptive name (though a pseudo client identification number may be used after the adoption finalization while the new SSN is being obtained, and updated to the new SSN as soon as it is received).

(b) If the child is receiving public assistance or Medicaid, the Services Worker shall notify Economic Self-Sufficiency about the new SSN.

Specific Authority 39.012, 39.0121(3),(13), 39.5075(8) 63.202 FS. Law Implemented 39.4085(6), 39.5075, 63.162(2) FS. History--New _____.

65C-30.005 Family Assessment.

(1) The Services Worker shall complete an initial family assessment within fifteen working days following the ESI staffing. The ongoing family assessment shall be completed at least every six months until termination of services.

(2) The family assessment involves the Services Worker and the family in a joint effort to identify and analyze the family strengths and resources as well as the contributing factors and underlying conditions that contribute to child's safety and risk of maltreatment.

(3) The initial family assessment shall include:

(a) A risk assessment analysis;

(b) A determination as to whether the child is able to currently live safely in the current home or placement;

(c) A determination of the family's ability to provide a permanent and stable home;

(d) A determination of the changes, if any, the family must make to provide a safe home for the child;

(e) An assessment of the needs of the family that hinder provision of a safe and stable home; and

(f) An identification of the family's unique resources, strengths and protective capacities that will contribute to improving the child's and family's well-being.

(4) The six-month family assessment shall include a summary of casework activities during the past six months that addresses:

(a) Any changes that have occurred in family conditions or circumstances;

(b) All factors affecting family strengths or protective capacities;

(c) Identified risks to the child;

(d) Signs of emerging danger

(e) Case plan goals that have been met and are remaining;
and

(f) Services that are needed to meet case plan goals.

(5) The Judicial Review Social Study Report (JRSSR) shall make reference to the six month family assessment.

65C-30.006 Case Planning.

(1) Each child under department or contracted service provider's supervision shall have a case plan. The case file shall contain copies of all case plans.

(a) At a minimum, the case plan document shall meet the requirements of Section 39.601, F.S.; 42 USC § 675(1) and 42 USC § 675(5)(b). The case plan shall address services provided to address the contributing factors and underlying conditions that lead to maltreatment, to ensure the safety, permanency and well-being of each child. Tasks shall be incremental and individualized action steps toward the achievement of measurable outcomes. Tasks shall specify the nature, extent and timing of the services so the expectations for child, parent, and caregiver are clearly communicated.

(b) Principles of family team conferencing or other family-inclusive case planning models shall be applied. These principles may include an individualized array of appropriate services; involvement of formal and informal family supports; full disclosure; building upon strengths while assessing needs; timely provision of services; and recognizing and respecting cultural differences and language barriers.

(c) Case plan development meetings shall begin as soon as possible in order to afford the parents adequate time to complete the required tasks that contribute to their child's permanency.

(d) Whenever a parent, child or guardian ad litem, if appointed, is not included in a case planning conference, the case plan shall document a valid reason for the exclusion. When a child does not participate in development of the initial case plan, the child, if of sufficient maturity, understanding, and experience to reliably engage in the planning process, shall be given the opportunity to participate in all future case planning activities.

(e) The case plan shall be written simply and clearly in English and, if English is not the principal language of the parent or child, to the extent possible a copy of the case plan shall be prepared in the language of the parent or child.

(f) The case plan shall be negotiated with and signed by the child's parents, the Services Worker, the Services Worker's supervisor, and, if appointed, the guardian ad litem within thirty days of the Early Service Intervention (ESI) staffing. If there is no parent with intact parental rights, the child's legal custodian shall negotiate and sign the case plan.

(g) If the parent or legal custodian does not choose to participate in the development of the case plan, does not agree with the case plan, or refuses to sign the case plan, the department or contracted service provider shall comply with the provisions of Section 39.602, F.S.

(h) A paramour or other adult residing in the home shall be given the opportunity to voluntarily participate in case planning activities, when such participation is appropriate and does not endanger the child. If the paramour or other adult refuses to participate, the case plan shall specify the actions to be taken by the parent to protect the child.

(2) The ongoing assessments of the family provide a basis for the permanency goal and development of the case plan and amendments. All available evaluations and information regarding family members shall be considered when determining the family's strengths, safety and risk factors.

(3) When developing and updating the case plan, the Services Worker shall consider information provided in the:

(a) Automated assessment tool;

(b) Comprehensive Behavioral Health Assessment (CBHA);

(c) Independent Living life skills assessments and any life skills plans, which shall be incorporated into the overall case plan;

(d) Case planning conference summaries such as Family Team Conferencing, Individual Course of Action or Family Group Decision Making;

(e) Court facilitation summaries;

(f) Available therapeutic treatment summaries;

(g) Child Health Check-Up, medical and dental records;

(h) Family Assessment;

(i) Educational assessments and educational records for the past two years, such as the Individual Educational Plans;

(j) Child Protection Team health services referrals; and

(k) Pre-disposition study

(4) Concurrent Case Planning.

(a) Every case involving a child in an out-of-home placement shall be evaluated to determine if concurrent case planning is appropriate. Determining the appropriateness of concurrent goals shall occur in the early stages of the case and concurrent case planning shall be performed if determined appropriate. In making these determinations, the child shall be involved, depending on his or her age and developmental level. Also, information from others involved with the child shall be obtained such as the child's therapist and school personnel. Medical, educational, emotional, developmental, and child safety issues shall be considered when making determinations regarding concurrent case planning.

(b) Concurrent case plans require early decision making and front-loading of services. Front-loading represents an effort to provide immediate, meaningful and individualized

services with intensive follow up in order to make determinations as to the most appropriate permanency goal in a timely manner.

(c) When there are concurrent goals, the Services Worker shall ensure that the case plan includes services and tasks addressing both goals.

(d) The case plan shall provide participants a clear understanding of which services and tasks are related to each goal.

(e) When a case has concurrent goals, the participants shall be provided an explanation of the purpose of concurrent planning and how it impacts the case.

(f) The case plan, all updates, and attachments required by state and federal law shall be filed with the court and served on all parties. Examples of such documents are: medical and educational records, and quarterly accounting statements for Master Trust accounts.

(g) For children thirteen and over who are in an out-of-home placement, the case plan shall include a description of the independent living services identified regardless of the goal of the plan.

(h) Translation services shall be provided for families or children who are not able to fully understand the discussion during development and explanation of the case plan either because of a lack of proficiency in English or due to deafness.

(5) Services Worker Tasks. The Services Worker has specific tasks in regard to a child's case plan. The Services Worker shall:

(a) Participate in the case plan development and document a detailed case plan that addresses all tasks and services identified in the family's assessments. These tasks and services shall address the child's safety, permanency and well-being in order to achieve the case plan goal.

(b) Make referrals, arrange, and provide services for all parties included in the case plan.

(c) Follow-up with service providers to ensure that services are engaged.

(d) Assess the participation in and effectiveness of each service recommended for the case participants. Services provided shall promote outcomes that lead to behavioral changes rather than mere compliance in the achievement of the case plan goal.

(e) Explain to the parent when a child is in an out-of-home placement that:

1. The opportunity to complete the tasks listed in the case plan for reunification is limited to twelve months or fewer from the date the child was removed from the home. When there are compelling reasons that the parent is not actively participating in his or her case plan tasks, the court can order an extension to the time frame for reunification and a change in the permanency goal.

2. His or her compliance with tasks and services in the case plan shall be evaluated at every case plan meeting, judicial review and permanency hearing.

3. The family has the right to ask the court to find the Services Worker in contempt for failing to comply with the case plan, if, in their view the worker is not in compliance, as well as the right to request a modification of the plan.

4. The Services Worker shall meet with him or her to discuss plan progress, eliminate barriers to case progress, resolve conflicts or disagreements and discuss the expected frequency of such meetings.

(f) Ensure that tasks and services necessary to meet the child's physical health needs are documented in the case plan and that these needs are met through the gathering of any medical history and referral for and follow-up to medical care to ensure the provision of:

1. The Child Health Check-Up at time of removal and according to the periodicity schedule, unless already completed by the CPI per local agreements;

2. Any preventive health care and treatment necessary for health or dental needs;

3. Any preventive health care and treatment necessary for vision, hearing, and speech problems;

4. Developmental evaluation and treatment for infants or pre-school age children who are developmentally delayed; and

(g) Ensure that tasks and services necessary to meet the child's mental health needs are documented in the case plan and in any amended or modified case plans, unless prevented by the court, and that these needs are met through referral for and follow-up to ensure the provision of:

1. A referral within seven days of removal for a CBHA for any child who is in out-of-home care and has been determined to be Medicaid enrolled, as per Rule 65C-28.014, F.A.C.;

2. Any assessments, evaluations and treatment necessary for mental health problems;

3. Any assessments, evaluations and treatment necessary for drug and/or alcohol abuse; and

(h) Ensure that the child's educational needs are being addressed as needed and documented in the current case plan through:

1. Obtaining copies of the child's current school records on an ongoing basis for use in case planning activities. The current school records shall be incorporated into the child's judicial review and case plan updates;

2. Referring the child for a psycho-educational evaluation and other necessary evaluations by the school if there is an indication that the child is eligible for special education services, and following up on the results of that referral;

3. Referring the child who is in an out-of-home placement to the school foster care liaison for the appointment of a surrogate parent if the child appears eligible for such

appointment. Child Welfare Legal Services has the option to motion the court directly to appoint a surrogate parent as an alternative to seeking the appointment through the school;

4. Requesting services for identified educational needs such as tutoring;

5. Requesting Early Intervention Services for pre-school age children;

6. Referring the child for developmental evaluations where appropriate;

7. Assisting the child in pursuing vocational educational services;

8. Obtaining child care for pre-school or young school age children;

9. Providing or obtaining educational counseling, in conjunction with the school and other local agencies regarding the options and consequences of differing educational paths, such as the differences between GED, regular diploma and special diploma, and the post-secondary educational options available through the Road to Independence scholarships, tuition waivers, and aftercare services for young adults formerly in foster care;

10. Ensuring the child's enrollment in school; and

11. Documenting these tasks and services in the current case plan, unless prevented by the court.

12. Referring to the Interagency Agreement between the department, contracted service providers and the local school board to determine the correct protocol for interacting with the child's school.

(i) Ensure that visitation between a child in an out-of-home placement and his or her separated siblings, parents, relatives and other people of significance in the child's life is addressed in the case plan.

(6) Case Plan Updates and Amendments.

(a) The case plan shall be updated or amended as necessary in the following circumstances:

1. The court orders a change or makes decisions that affect the case plan;

2. There is a change in the child's placement, which affects the case plan;

3. A significant change occurs in the family's situation;

4. The child's permanency goal changes; or

5. Information concerning the child's safety, health or well being was not available at the time the previous case plan was prepared.

(b) Prior to amending the case plan, the Services Worker shall:

1. Discuss the changes with the parents, guardian ad litem, current caregivers, appropriate service providers, the Child Welfare Legal Services (CWLS) attorney and when appropriate, the child;

2 Update all necessary documentation in the child's case file;

3. Obtain and review updates of all required documentation and incorporate necessary additions;

4. Document specific, reasonable efforts to obtain required documentation that is not immediately available;

5. Schedule and participate in a case staffing, if necessary;

6. Provide the CWLS attorney with modifications to the case plan for filing with the court.

(c) Extraordinary Circumstances. If circumstances are so extraordinary that an extension of the case plan beyond 12 months is warranted and is in the child's best interests, the reasons for the extension shall be specifically and factually documented and presented to the court. The request for extension, if applicable, shall be made at the 12-month permanency review hearing with supportive documentation contained in the Judicial Review Social Study Report.

(b) Initial contact shall occur within two working days of the case being accepted for supervision. The date accepted for supervision is the date of the ESI staffing or the date of the court order for supervision, whichever occurs first.

(a) The Services Worker with case responsibility shall establish and maintain regular face-to-face contact a minimum of every thirty days with the custodial parents of any child under in-home supervision.

(b) The Services Worker shall make a face-to-face contact a minimum of every thirty days if the case plan goal is reunification with the parent who is a party to the case. (e) If the Services Worker learns that a new adult has moved into the child's home, a state and local criminal, juvenile and abuse/neglect history check shall be performed as part of the family assessment. When a new adult moves into the home of a child's relative or non-relative out-of-home caregiver, the requirements of subsection 65C-28.001(7),

F.A.C., shall be met. The new adult household member and the required checks must be documented in the Judicial Review Social Services Report and the six month family assessment.

(3) The Services Worker or Child Protective Investigator (CPI), depending on the ESI agreement, shall make periodic contact with children in shelter status as follows:

(a) Face-to-face contacts with the child and caregiver are to occur at least once every seven days as long as the child remains in shelter status in a licensed home or facility.

(b) Face-to-face contacts with the child and caregiver are to occur at least once every seven days during the first thirty days after removal for children placed with a relative or non-relative. After the first thirty days, the frequency of contacts may be modified to no less frequently than every thirty days for a child placed with a relative or non-relative. The Services Worker must document a safety plan and related monitoring, to include frequency of contacts, and seek approval of the safety plan by the Services Worker's supervisor.

(4) Child and parent or caregiver living out of Florida. The office of the Florida Interstate Compact on the Placement of Children shall ensure that the child welfare staff in the receiving state is notified of the Florida requirement for face-to-face contact a minimum of every thirty days with the child and the parent or caregiver.

(a) The Services Worker shall maintain contact a minimum of every thirty days with the supervising worker in the other state to obtain updates regarding the child and family's progress.

(b) Documentation of the contact and progress by the child and family shall be entered in the case file.

(5) The Services Worker shall make the face-to-face contacts with each child under supervision a minimum of once every thirty days at the child's current place of residence or other location. Contact with a child outside the child's current place of residence shall occur in an environment that is critical to the life of the child, such as early education or child care program, school setting, or child's therapeutic setting.

(a) The contacts by the Services Worker shall be purposeful and focused on the reasons for supervision and progress with tasks and services in the case plan or safety plan.

(b) At least once every three months the Services Worker shall make an unannounced visit to the child's current place of residence. See the exception to not allowing the parent to reside in the home at Rule 65C-28.010, F.A.C., "Minor Parents in the Custody of the Department".

(6) If a face-to-face visit is not completed, the Services Worker shall document in the case file alternate contacts completed or attempted. The Services Worker's immediate supervisor shall review the circumstances surrounding the failure to make a required contact with a child, parent or caregiver to determine if the failure is excusable. Justification

for failure to make a face-to-face contact at least every thirty days shall be limited to situations in which the Services Worker or CPI has made all appropriate efforts to complete the contact.

(7) Face-to-face contacts shall occur more frequently than every thirty days when the child's situation dictates more frequent contact, as determined by the Services Worker's supervisor based on a review of the case and assessed safety and risk level or as determined by the court.

(8) If a child is on runaway status or his or her whereabouts are unknown, the Services Worker shall meet the requirements of Rule 65C-30.018, F.A.C., "Missing Children" Documentation of the efforts to locate the child shall be in the child's case file.

(9) All contacts and attempted contacts shall be documented in the case file within two working days of the contact or attempted contact. The documentation shall provide evidence of the following:

(a) Progress towards completion of case plan objectives within the required timeframes;

(b) Effectiveness of current services and identification of additional services needed;

(c) Observations of the child's development, physical condition and interaction with the parent or caregiver and household members.

(d) Assessment of progress in tasks and services aimed at ensuring the child's well-being, including educational, emotional, developmental, physical or mental health needs;

(e) When the child is scheduled for a Child Health Check-up according to the periodicity schedule and whether steps are being taken to ensure the child receives this service; and

(f) For children in an out-of-home placement.

1. Age thirteen and older, documentation shall include comments from the child and caregiver concerning progress in learning identified life skills;

2. Frequency of visitation between the child, siblings and parents, any reason visitation is not occurring, and efforts to facilitate visits.

(10) Normalcy for Adolescents and Teenagers in the Custody of the Department. Adolescents and teenagers who are in the custody of the department shall, as appropriate based on age and maturity level, be allowed and encouraged by the licensed out-of-home caregiver, to engage in appropriate social and extracurricular activities to promote the child's social development and maturity. The Services Worker and the licensed out-of-home caregiver shall work together to ensure the following for the child:

(a) Support of school attendance and participation and to encourage and support educational planning, i.e., college, vocational or technical programs.

(b) Assistance in preparing the child to develop living skills that shall assist him or her as he or she grows toward adulthood. The child shall be provided opportunities in the

home and through life skills classes and other departmentally-organized activities to learn and practice skills needed for independent living, such as food management, money management, consumer awareness, personal hygiene and appearance, housekeeping and personal belongings, transportation, job seeking, education, study skills and interpersonal relationship building.

(c) Permission and encouragement of the child, dependent on his or her age and maturity level, to engage in appropriate social and extracurricular activities in order to promote social development, obtain employment, have contact with family members, have access to phone usage, have reasonable curfews, and travel with other youth or adults.

(d) Support of the child's efforts to learn to drive a car and obtain a learner's permit and driver's license as appropriate for his or her age, maturity level, and availability of insurance.

1. If opportunities for driver's education are not available through the school district, the licensed out-of-home caregiver and Services Worker shall assist the child in finding a driver's education program.

2. Efforts shall be made to obtain automobile insurance for the child if he or she is to be allowed to drive.

(e) Provision of training and information, as appropriate to the child's age and maturity level, concerning drug and alcohol use and abuse, teen sexuality issues, runaway prevention, health services, community involvement, knowledge of available resources, and in identifying legal issues, understanding his or her legal rights and accessing specific legal advice pertinent to him or her. These opportunities shall not be withheld as a form of discipline.

(f) Encouragement and assistance in participating in activities such as the child having his or her picture taken for publication in a newspaper or yearbook; receiving public recognition for accomplishments; participating in school or after-school organizations or clubs; and participating in community events. The child shall be able to participate in activities that promote personal and social growth, self-esteem and independence as long as he or she is not identified as a foster child. Confidentiality requirements for department records shall not restrict the child's participation in customary activities appropriate for the child's age and developmental level.

(g) Affording the child every opportunity for social development, recreation and to have normal life experiences. The child may attend overnight or planned outings if the activity is determined by the licensed out-of-home caregiver to be safe and appropriate. The Services Worker shall be available for consultation, and shall be notified of the activity.

1. The decision process for determining approval for such events shall take into account the provision for adult supervision appropriate to the child's age and development level.

2. Criminal, delinquency and abuse/neglect history checks for dating, outings and activities with friends, families and school and church groups are not necessary for participation in normal school or community activities.

3. In determining whether or not the child may participate in such activities, the licensed out-of-home caregiver shall:

a. Be as diligent in determining approval for such events as he or she would for his or her own children, and

b. Use his or her parenting skills to familiarize himself or herself with the individual or group that the child wishes to spend time with and evaluate the child's maturity level and ability to participate in the activity appropriately.

(h) Allowing the child to experience circumstances without direct supervision depending on the child's age, maturity, and ability to make appropriate decisions. The licensed out-of-home caregiver's familiarity with the child and the circumstances in which the child shall be unsupervised shall be the primary factors in the decision making.

1. The licensed out-of-home caregiver is ultimately responsible for the supervision of the child. Therefore the licensed out-of-home caregiver shall be prudent and conscientious about circumstances where the child is granted independence, including trips to the movies, mall, athletic events and work.

2. Dating, part-time employment, baby-sitting, arriving home after school and social outings with friends are examples of such activities.

(i) Knowledge by the licensed out-of-home caregiver of where and with whom the child is staying and the type of supervision and care the child shall be receiving before approving an outing or overnight activity.

(j) Inclusion, when appropriate and available, of the birth family in the decision making process.

(k) Receipt of an allowance no less frequently than each month, with the amount to be determined by the current board rate schedule.

1. The out-of-home caregiver shall not expect the child to use this allowance for purchasing personal hygiene items, school supplies, clothing or other necessities.

2. Allowances are not to be withheld as a form of discipline.

(11) In addition to the contacts required every thirty days, the Services Worker shall maintain ongoing communication with the child's and family's service providers to determine the effectiveness of the service in helping the child, parent and caregiver reach the case plan goal. Both progress in and problems with service delivery shall be documented and steps shall be taken to resolve any delays or problems in service delivery or client participation.

(12) While service intervention is in progress, the Services Worker shall:

(a) Request information to determine whether or not the service is addressing the identified problems/issues;

(b) Share information with the provider, such as changes in the family situation, changes with the child, any feedback from the family regarding the service and its effectiveness for them;

(c) Request timely progress reports and updates on problems and successes regarding the treatment; and

(d) Document all contacts with service providers.

(13) If the Services Worker becomes aware of conditions or activities in the child's home, placement home or another location that threaten the safety of the child, the Services Worker shall take such steps as are necessary to protect the child and shall immediately report allegations of abuse, neglect or abandonment to the Florida Abuse Hotline. If the child is in a licensed home or facility, the Services Worker shall also contact the licensing unit.

(a) If the child is in a licensed home or facility, the Services Worker is authorized to change the placement of the child to ensure the immediate safety of the child. The Services Worker shall cooperate with the CPI assigned for timely completion of the investigation. All concerns noted shall be relayed to the caregiver and to licensing staff, as appropriate.

(b) If the child is on emergency shelter status and is in a non-licensed home, the Services Worker shall take such steps as are necessary to protect the child and shall immediately report allegations of abuse, neglect or abandonment to the Florida Abuse Hotline. The Services Worker shall cooperate with the CPI assigned for timely completion of the investigation. If the child is removed from a non-licensed placement pursuant to this paragraph, an emergency shelter hearing shall be scheduled within twenty-four hours of the removal.

(c) If the child is in a non-licensed placement as the result of a court order following disposition of the case, the Services Worker is authorized to take the child to a safe place if necessary to protect the child pending the arrival of a CPI. The CPI shall investigate the allegations and determine the need for the removal of the child. If the child is removed from a non-licensed placement pursuant to this paragraph, an emergency shelter hearing shall be scheduled within twenty-four hours of the removal.

(14) If the placement of a child disrupts or there are issues unrelated to a new incident of abuse, neglect or abandonment that warrant a change of placement, the Services Worker shall take such steps as are necessary to remove the child from the placement and place him or her in another placement. If abuse, neglect or abandonment is known or suspected, the Services Worker shall immediately report allegations to the Florida Abuse Hotline. If the child is in a licensed home or facility, the Services Worker shall also contact the licensing unit.

(a) If the child is under emergency shelter status with a relative or non-relative or in an emergency shelter home or facility, he or she shall be placed with a relative or non-relative

under shelter status or in another emergency shelter home or facility. The court shall be notified of the change in placement within 24 hours of the removal.

(b) If the child is in a foster home or group care facility, he or she shall be placed with a relative or non-relative under shelter status or in another licensed setting. If the child is placed with a relative or non-relative, an emergency change of placement hearing shall be scheduled within twenty-four hours of the removal.

(c) If the child is in the court ordered custody of a relative, he or she shall be placed with another relative or non-relative under shelter status or in a shelter home or facility. An emergency shelter hearing shall be scheduled within twenty-four hours of the removal.

(15) "High Risk Tracking and Review" is a protocol that shall be locally developed by child protective investigations and contracted service provider staff and shall be utilized whenever children in a case are identified as being at high risk of repeat – maltreatment. The protocol is intended to ensure that all child and parental risk and safety factors are thoroughly reviewed and considered in the process of decision-making at all critical case planning junctures in the life of the case.

(a) The protocol must include a supervisory review.

(b) The process must ensure that there is documented seamless review of safety and risk throughout the life of the case.

(c) Cases to be considered for a High Risk Case Review are those cases in which, at a minimum, critical injuries have occurred, a permanent or serious impairment is alleged or has occurred, or there has been a death or critical injury to another child in the family.

(17) Determination of Citizenship and Required Actions for Children Who Are Not U.S. Citizens.

(a) For each child adjudicated dependent due to abuse, neglect or abandonment, the Services Worker shall determine whether the child is an U.S. citizen. In other words, the Services Worker must determine whether the child has a birth certificate, passport, naturalization certificate or other evidence of U.S. citizenship.

1. If the child is not an U.S. citizen, the Services Worker shall determine whether the permanency plan for the child will include remaining in the United States. This shall include the determination of whether there is an option for a safe reunification with the parent or legal guardian who may be located in another country. This includes a consideration of whether the parents or legal guardian can successfully complete a case plan.

2. If the permanency plan will include the child remaining in the United States, and the child is in need of documentation to effectuate this plan, the Services Worker shall refer the case to an authorized legal services immigration provider for a

determination as to whether the child “may be eligible for special immigrant juvenile (SIJ) status [see 8 CFR 204.11(a)] or other immigration relief.

a. A child may be eligible for this status when:

i. The child has been declared a dependent of the juvenile court or the court has placed the child under (or legally committed the child to) the custody of an agency or department of a State;

ii. The child has been deemed eligible for long-term foster care due to abuse, neglect, or abandonment; and

iii. The Court has also found that it is not in the child’s best interest to return to his/her country of nationality or last habitual residence [or the juvenile’s parents’ country of nationality or last habitual residence (home country)].

3. Within sixty days of an order finding that the child is eligible for SIJ status the Services Worker shall assure that contracted or pro bono legal services has sufficient documentation to file a petition for SIJ status and the application for adjustment of status to the appropriate federal authorities on behalf of the child.

a. The Services Worker shall give the legal services provider some proof of the child’s age. This proof may include a passport or some other official foreign identity document issued by a foreign government. Any foreign document must be translated into English. If such a document is not available, the Services Worker must discuss with either the legal services provider or CWLS the possibility of obtaining a Circuit Court Order with specific findings regarding the child’s age.

b. If a child has also been adjudicated delinquent, the Services Worker shall obtain all DJJ records and give them to the legal service provider to submit with the federal application for SIJ status. These records must be certified copies of the records of disposition.

(b) Requirement to Inform the Court.

1. During the first judicial review regarding the case, the department or CBC shall report to the court as to whether the child is a U.S. citizen.

2. At the first judicial review, if the child is not a U.S. citizen, then the department or contracted service provider shall inform the court of the steps that have been taken to address the child’s citizenship or residency status. In other words, the department or contracted service provider must let the court know whether a determination by an authorized legal services immigration provider has been made that the child may be eligible for SIJ status or other appropriate immigration benefits.

3. The information delineated in 1. and 2. above shall be provided to the court through a Judicial Review Social Study Report or testimony of the Services Worker, or it may be provided through both means.

4. Legal residency or citizenship status shall be pursued as soon as possible. Because the process of applying for and obtaining lawful immigration status can be lengthy, the child

shall be referred to an authorized immigration legal service provider as soon as it is clear that there may be an issue regarding the child’s immigration status.

(c) Provision of Needed Services. Regardless of the citizenship or immigration status of the child, he or she must be provided any needed services.

1. Under the Alien Child Rule at subsection 65C-9.003(1), F.A.C. Florida has already decided that “the immigration status of a child has no bearing on either the care or service rendered by Department of Children and Family Services to a child or on judicial proceedings undertaken by Department of Children and Family Services on behalf of the child.”

2. If federally funded programs, such as Medicaid, are dependent on citizenship or a qualified alien status, the benefits and services must be provided with state general revenue funds or with the funding provided to the supervising community-based care provider.

(d) Case Plan Requirements: If the child is not a U.S. citizen or legal immigrant, the Services Worker must include in the case plan a recommendation as to whether the child’s permanency plan will include remaining in the United States.

(e) Retention of Court Jurisdiction beyond Age Eighteen.

1. The Court May Retain Jurisdiction beyond the Child’s Eighteenth Birthday:

a. If the petition and application have been filed but not granted by federal authorities by the time the child reaches 18 years of age, the court is authorized to continue jurisdiction over the dependency case. If the child’s petition and application have not been granted sixty days before the child’s 18th birthday, the Services Worker will request that CWLS file a motion to extend jurisdiction.

b. This continued jurisdiction is solely to allow the consideration of the petition and application by federal authorities.

ii. Review hearings for the child shall be solely for determining the status of the petition and application made to the federal authorities.

ii. The jurisdiction terminates upon the final decision by the federal authorities or upon the young adult reaching 22 years of age, whichever is earlier.

c. The court’s retention of jurisdiction beyond a child’s eighteenth birthday shall have no effect on the young adult’s eligibility for Independent Living Transition Services under Section 409.1451, F.S., including Road to Independence Scholarships. A young adult who is otherwise eligible for these services remains eligible though the court has retained jurisdiction for purposes of establishing “special immigrant juvenile status under federal law” for the young adult.

(18) Rule 65C-12.005, F.A.C., Medicaid Eligibility Procedures.

(a) All children in shelter status are immediately Medicaid eligible.

(b) No later than the end of the next working day following the placement of a child in an emergency shelter home or facility, the CPI or Services Worker making the placement shall check the Florida Medicaid Management Information System to determine if the child is currently Medicaid eligible. This check shall be performed as soon as possible following the child's removal from home and before the receipt of any medical care by the child. If the child is Medicaid eligible, documentation of the child's proof of eligibility shall be prepared. The change in the child's circumstances shall be reported to the public assistance worker responsible for the case or, for Supplemental Security Income recipients, to the appropriate Social Security Administration office. This is to be done as soon as possible but no later than five working days following the child's removal. When Medicaid coverage based on receipt of public assistance ends, the child shall retain eligibility due to his emergency shelter status for up to two months pending determination of the child's ongoing eligibility for Medicaid.

(c) If a child receives medical treatment before being assigned a Medicaid number, once a Medicaid number has been assigned, the CPI or Services Worker shall contact providers who rendered service and provide them with the Medicaid number so the providers may bill Medicaid for any Medicaid compensable services they have provided.

(d) Specialized Medicaid Reimbursable Services. For any Medicaid eligible child who requires specialized Medicaid reimbursable services (such as physical, occupational, speech or respiratory therapy; private duty nursing; personal care; durable medical equipment/medical supplies; orthotics and prosthetics), the CPI or Services Worker must contact or arrange for contact of the service authorization nurse in the district Medicaid office. These services must be pre-authorized by the Medicaid program in order to be Medicaid reimbursable.

65C-30.008 Services Worker Responsibilities to Parents.

(1) For children remaining in the home, the Services Worker shall assist the parents in order to:

(a) Resolve and help prevent the situation that resulted in in-home supervision;

(b) Understand and meet their child's needs, including the child's need for safety;

(c) Maintain contact with the children's service providers, including medical and educational providers.

(d) Work toward a realistic and timely case goal.

(2) For children in an out-of-home placement, the Services Worker shall assist the parents to maintain continuing contact with the child through visitation, letters, phone calls, and any

other reasonable and appropriate methods to maintain contact, when in the best interest of the child. All contact shall be in accordance with any order of the court.

(3) For children in an out-of-home placement with a case plan goal of reunification, the Services Worker shall ensure the parents are provided with reunification services. Reunification services shall:

(a) Identify and remedy the problems that have resulted in the removal of the child;

(b) Assist the parents in making changes that will permit a safe reunification of the family whenever possible and as quickly as possible and recommend services to ameliorate such problems.

(c) Focus on the specific problem areas that make it unsafe to return the child home.

(d) Understand the possibility of permanent separation from the child if that becomes necessary.

(4) The Services Worker shall document services offered, services utilized and the effects of these services, and shall communicate at least once every thirty days with the parents on progress made or lack of progress. This information shall provide the basis for casework decisions and recommendations to the court.

(5) If the court-approved goal of the case plan for a child in an out-of-home placement is not reunification, the Services Worker has no obligation to offer or provide reunification services to the parents, unless it is necessary for the child's well-being or is otherwise court ordered.

65C-30.009 Tiered Services Protocol.

(1) Prior to a child being removed from the home, the department or its authorized agent shall determine if, with the provision of appropriate and available early intervention or prevention, including services provided in the home, the child could safely remain at home. If at any time it is determined the child's safety and well-being are in danger, the child shall be removed from the home location and placed where he or she is no longer considered to be in danger.

(2) The following outlines the tiered protocol to services that allows the department or its agent to diligently support family continuity prior to placing children in foster care. All staff shall use this protocol when considering the services that best meet the needs of the child. The final decision regarding the service intervention to be pursued shall be made at the Early Service Intervention (ESI) staffing held as required by subsection 65C-30.002(1), F.A.C.

(a) Voluntary Protective Services (VPS). In this initial tier, the child will remain at home and the department or contracted service provider shall assist the family where issues of risk exist and where a decision has been made that the authority of

the court is not necessary to ensure the safety of the child or the cooperation of the family in complying with the case plan. Prior to offering VPS to a family, the Child Protective Investigator (CPI) shall first determine, in consultation with his or her supervisor, whether the child is at high risk. If the child is determined to be at high risk, then court ordered services shall be recommended to ongoing-service staff. Once VPS is agreed to at the ESI staffing and has been accepted by the family, a case plan shall be negotiated with the parents or legal custodians and signed as set forth in Rule 65C-30.006, F.A.C.

(b) Court Ordered In-Home Services. Court Ordered In-Home Services occurs when it has been determined that the child can remain in the home while receiving in-home services under the supervision of the court. The CPI shall first determine, in consultation with his or her supervisor, whether the level of risk to the child indicates that court ordered supervision must be recommended based on the factors contained in subsection 65C-30.010(2), F.A.C. If the child is determined to be at high risk, then court ordered services shall be recommended to ongoing-service staff at the ESI staffing. If the level of risk is determined to not constitute high risk based on the requirements of subsection 65C-30.010(2), F.A.C., then the CPI and his or her supervisor shall determine whether court-ordered or voluntary supervision shall be recommended based on the needs of child and family and identified risks to the child.

(c) Court Ordered Relative/Non-Relative Placements. When a child is removed from his or her parents or legal guardian due to abuse, neglect or abandonment, the department or its authorized agent shall request the names, relationships and addresses of both parents, maternal and paternal relatives, and any non-relatives who are known to the family and who may be appropriate for placement.

1. Prior to making an emergency placement with a relative or non-relative, an on-site check of the safety and appropriateness of the caregiver's home and initial criminal, delinquency and abuse/neglect history check activities shall be performed, followed by the fingerprinting of all adult household members in the caregiver's home and further criminal, delinquency and abuse/neglect history check activities as set forth in subsection 65C-28.011, F.A.C.

2. Within thirty working days following the Early Service Intervention staffing, in order to make a recommendation to the court regarding the placement, the CPI or Services Worker shall complete a home study of the selected caregiver's home, as set forth in Rule 65C-28.012, F.A.C. A home study will be performed on more than one prospective placement when the CPI or the Services Worker determines that there is more than one placement alternative for consideration.

3. The CPI or Services Worker shall inform the caregiver, in writing, about the:

a. Temporary Assistance for Needy Families (TANF) funded Temporary Cash Assistance Program (TCA) grant through the Economic Self-Sufficiency Program (ESS) for relatives within the fifth degree of relationship by blood, marriage or adoption to the child, which would include Medicaid eligibility for the child. If the caregiver is a relative of the child, he or she shall be referred to ESS to apply for a TCA grant immediately upon the child's placement.

b. Relative Caregiver Program (RCP) payment through ESS if the caregiver is a relative who is within the fifth degree by blood or marriage to the parent or stepparent of the child (this is a broader degree of relationship than for TCA), in accordance with the criteria outlined in Section 39.5085(2)(a)1., F.S. Where there is a half-sibling of the related child whose parent or stepparent does not meet the degree of relationship to the caregiver required for eligibility, the half-sibling shall also be referred in accordance with the criteria outlined in Section 39.5085(2)(a)2., F.S.. See paragraph 65C-28.008(1)(c), F.A.C., regarding the degree of relationship requirements for RCP eligibility.

c. Once the child is adjudicated dependent and the court approves the placement with a relative caregiver based on the home study, the CPI or Services Worker shall notify ESS, as required by paragraph 65C-28.008(2)(e), F.A.C., to make a determination of the relative caregiver's eligibility for RCP funds.

d. It shall be explained to non-relative caregivers that they are not eligible for cash assistance and that the child's eligibility for Medicaid is established through ESS based upon the child's dependent status. Food Stamps are available for eligible households at ESS if the caregiver chooses to apply and meets the eligibility criteria. It shall be explained to the non-relative caregiver that he or she may pursue licensure as a foster parent to receive payments in support of the placement. If the non-relative caregiver expresses interest in receiving Medicaid for the child, Food Stamps or foster care licensure, the CPI or services worker shall explain the process for applying for these benefits.

(d) Foster Care. The department or its agent shall petition the court to place the child in foster care, as defined in Section 39.01, F.S., if the child remains in shelter status and a suitable relative or non-relative is not located to serve as a placement for the child.

65C-30.010 Voluntary Protective Services.

(1) Determining Appropriateness of Voluntary Protective Services. Prior to offering Voluntary Protective Services (VPS) to a family, the Child Protective Investigator (CPI) shall first determine, in consultation with his or her supervisor, whether the child is at high risk. If the child is determined to be at high risk, then court ordered supervision shall be recommended to

ongoing-service staff. A recommendation for VPS is appropriate prior to determining whether there is legal sufficiency to petition the court for court ordered services.

(2) Factors to be considered by the CPI and his or her supervisor in determining high risk:

(a) The parent's or legal custodian's ages and maturity level;

(b) Whether there is evidence that they use illegal drugs or there is domestic violence in the home;

(c) The criminal, domestic violence and abuse neglect or abandonment history of the parents or legal custodians and others who live in or frequent the home;

(d) The presence of any chronic or severe abuse, neglect or abandonment or of multiple maltreatments;

(e) Prior reports of abuse, neglect or abandonment involving the family or household and the findings of the investigation(s); and

(f) A history of non-compliance or non-cooperation during any previous interventions.

(3) If the results of the automated assessment tool performed by the CPI indicate that the child is at high risk, court ordered services shall be pursued.

(4) The CPI shall offer families that have no need for ongoing supervision referral for services available in the community or governmental programs in lieu of referring the family for VPS, as appropriate.

(5) Voluntary Protective Services Decision: Once a case is staffed by the CPI and supervisor and it is determined that the child is not at high risk and his or her safety is ensured without court involvement, the CPI may refer the family to the contracted service provider for protective supervision services on a voluntary basis. In making this referral, the requirements of Rule 65C-30.002 and paragraph 65C-30.009(2)(a), F.A.C., shall be observed.

(6) Voluntary Protective Services Agreement:

(a) Prior to accepting a family for VPS, the CPI or Services Worker shall obtain a written agreement signed by the parents or legal custodians stating that the parents or legal custodians understand the nature of the services; their obligation to participate in the development and carrying out of the case plan requirements and the potential consequences if progress is not made in ameliorating the conditions that led to the abuse, neglect or abandonment report.

(b) All adult household members, i.e., stepparents, significant others, extended family, roommates, etcetera, who provide any level of child care or supervision shall sign the agreement. Parents who do not reside in the home but who will be involved in developing and complying with the case plan shall also sign the agreement.

(7) Once VPS is accepted by the family, a case plan shall be negotiated with and signed by all parties to the case within thirty days of the Early Services Intervention staffing or the signing of the voluntary protective services agreement,

whichever is later. All case management and service delivery responsibilities required in court ordered cases are required in VPS cases, with the following exceptions:

(a) Court petitions and judicial reviews are not required.

(b) Fingerprinting, photographing and birth verification of the children are not required.

(8) Lack of Compliance and Case Closure:

(a) The family has the right to request closure of its case at any time. However, prior to the closure of a VPS case, the Services Worker shall staff the case with his or her supervisor to determine if there is a need for continued supervision based on continued risk to the child, lack of compliance with the case plan or any changes in family circumstances. The family's request to close the case shall be documented in the case file.

(b) If at any time it is determined that the case closure is not in the child's best interest or that court ordered services are necessary, a staffing shall be held with a Child Welfare Legal Services attorney to determine if there is legal sufficiency to file a shelter or dependency petition. If it is not possible to establish legal sufficiency under these circumstances and a family has requested that its VPS case be closed, the case shall be closed.

The person making the placement shall also be aware of, and attend to, the child's emotional needs.

(2) The person making the placement shall ensure that the child's special physical, medical, developmental, educational or emotional needs are met as specified in subsection 65C-28.004(7), F.A.C.

(3) Continuation of Medical Care and Treatment. The child's medical care and treatment shall not be disrupted by change of placement. To the extent possible, the person making the placement shall arrange for transportation in order to continue the child with his or her existing treating physicians for any on-going medical care. If this is not possible, then the person making the placement shall secure a copy of the child's medical records from the treating physician within three working days of the change to a new provider. The person making the placement is responsible for the following tasks relating to on-going medical care and treatment:

(a) Discuss with the caregiver all known health care facts regarding the child;

(b) Review with the caregiver all health care and Medicaid information contained in the child's resource record;

(c) Obtain any prescription medication currently taken by the child. To continue medication as directed, the person making the placement shall obtain the medication in labeled medication bottles, inventory the medications provided, and transport the medications to the child's caregiver. The inventory shall include, at a minimum:

(d) If the child is taking unlabeled medications or prescription information is insufficient, the person making the placement shall contact the prescribing physician, if available, to ensure the proper identification and labeling of the medication or to arrange for a medical evaluation in order that treatment not be interrupted; and

(e) If a child uses medically assistive devices, the person making the placement shall ensure that these devices are taken with the child to the out-of-home placement. The person making the placement shall also ensure that the caregiver receives the appropriate information and instruction concerning the use of the devices from the child's health care provider.

(4) The Child's Resource Record. A child's resource record shall be developed for every child entering out-of-home care. The person making the placement is responsible for the initial development, monitoring, updating and transporting of the child's resource record. The person making the placement shall review confidentiality requirements with each caregiver, who shall be provided a child's resource record. The caregiver is responsible for maintaining confidentiality of the child's resource record documents.

(a) Since some of the information necessary in the child's resource record is not available immediately upon initial removal, the documents required in the child's resource record shall be placed in the record as available. The child's resource record shall include the following information:

14. Documentation of immigration status, including certificate of citizenship, if available; and
15. The names and phone numbers of staff to be contacted in emergencies.

(b) The child's resource record shall be provided to the initial out-of-home caregiver within 72 hours of placement and shall accompany the child during any change of placement. If the child's resource record does not accompany the child at the time of a placement change, it shall be provided to the out-of-home caregiver within 72 hours of placement.

(c) The child's resource record shall accompany the child to medical and therapist visits and shall accompany the child or caregiver to all school meetings.

(d) Where the department or contracted service provider has originals of documents required to be included in the child's resource record, the original documents shall be placed in the child's case file and the copies shall be kept in the child's resource record.

(e) Where medical or educational information is not available and accessible, written documentation of the efforts made to obtain the information shall be placed in the case file.

(5) Child's Resource Records in Licensed Placements.

(a) The child's resource record shall be physically located with the caregiver. The child's licensed caregiver shall ensure that the child's resource record is updated after every health care, psychological, psychiatric, behavioral and educational service or assessment provided to the child.

(b) The Services Worker shall ensure that medical and court-related documentation are kept current at each visit that is made at least every thirty days. (c) The Services Worker shall ensure that medical and court-related documentation are kept current at each visit. If additional information is needed in the child's resource record, the Services Worker shall provide copies of needed documents to the relative/non-relative for updating of the child's resource record.

(7) Continuation of School Attendance.

(a) The Services Worker and the caregiver shall work in partnership to minimize the impact on school attendance as a result of the removal from the child's home.

(b) The Services Worker and the child's caregiver shall explore the ability to maintain the child in the school that the child was attending at the time of removal in accordance with the federal McKinney-Vento Homeless Assistance Act, referenced in subsection 65C-28.004(3), F.A.C. If this is not possible, the Services Worker and caregiver shall, together with school personnel, coordinate a transition plan that shall be the least disruptive to the child. See paragraph 65C-28.004(3)(c), F.A.C., regarding the federally required dispute resolution process for the child when he or she is dissatisfied with a failure to allow him or her to remain in the school of origin.

(8) Transportation. The caregiver shall have the primary responsibility for ensuring the transportation of children in out-of-home care to and from hearings, visitation and other transportation activities. transportation plans. When the caregiver refuses to perform these required transportation responsibilities, the Services Worker shall notify licensing staff of the refusal.

(9) Review of Licensed Caregiver Performance. At the time of license renewal for a licensed out-of-home caregiver, at the request of contracted providers, the Services Worker shall complete a questionnaire regarding the caregiver's as required by paragraph 65C-13.006(4)(s), F.A.C.

The person making the placement shall complete the "Child Service Agreement", CF-FSP 5227, June 2002, incorporated by reference, and review with licensed out-of-home caregivers the information provided on the form and its relevance to their responsibilities in regard to the Bilateral Service Agreement.

(11) When a child is placed in a relative's or non-relative's home, the Child Protective Investigator or Services Worker shall inform the relative or non-relative that he or she may seek licensure as a caregiver in accordance with Chapter 65C-13, F.A.C., to be eligible for payment as a shelter or foster parent and provide information regarding the Relative Caregiver Program.

65C-30.012 Permanency Goal Selection.

(1) Permanency Goals.

(a) Permanency goals, as set forth in Part IX, Chapter 39, F.S., shall be selected based on the best interest of the individual child. The primary permanency option is to maintain a child with his or her parents or legal custodian followed by reunification of the child with his or her parents or legal custodian whenever possible.

1. All information regarding the child, the child's immediate and extended family and the current placement of the child shall be provided to the court with a recommendation of the permanency option that is determined to be in the child's best interest.

2. The child's permanency goal is the primary factor used in the development of the case plan.

(2) Permanency Goals for Children in Out-of-Home Care.

(a) Reasonable efforts to finalize the permanency plan shall be made during the first twelve months following the date the child was removed from his or her home. The Services Worker shall document in the Judicial Review Social Study Report (JRSSR) his or her efforts to achieve the permanency goal. To assure the court is provided with all available information from which to make a judgment, the JRSSR shall address all assessments, referrals, diligent searches and services being provided to a child and his or her family. The court shall make a finding that the department or contracted service provider has made sufficient reasonable efforts to finalize the permanency plan in effect in a timely manner.

When the court does not make such a finding, Child Welfare Legal Services shall immediately schedule a hearing to obtain the finding.

(b) Unless there is a compelling reason for an exception, a petition for termination of parental rights shall, at a minimum, be filed when a child has been in out-of-home care fifteen out of the previous twenty-two months.

1. Compelling reasons are:

a. If the child is being cared for by a relative or non-relative who is willing and able to serve as a long term legal custodian until the child reaches the age of majority and the custodian is not interested in adopting the child; and

b. If there is a determination that the family has not been provided, consistent with the time period in the case plan, the services necessary to safely reunify the child.

2. A request to extend the case plan with a permanency goal of reunification will only be made when it is reasonable to expect that the goal of reunification will be achieved within fifteen months from initial removal. If a request is to be made to extend the case plan, an amended case plan, developed with the involvement of the parents, shall be provided to the court and, if approved, be immediately provided to the parties involved as set forth in Section 39.601(9), F.S.

a. The amended case plan shall include the efforts by the department or contracted service provider to assess the need for changing the permanency goal.

b. The case documentation and petition to the court shall provide the compelling reasons for requesting an extension and address how the extension is in the child's best interest.

c. The request to extend the case plan shall address previous visits between parent and child and make recommendations as to the future visitation schedule as set forth in Section 39.701(8), F.S.

(3) At a minimum, the following items shall be assessed in determining the best permanency option for a child in out-of-home care:

(a) Safety and risk of re-maltreatment. Whether interventions provided will ensure safety and risk of re-maltreatment and alleviate the causes of removal, allowing the child to be returned to the home. If not, the Services Worker shall assess risk and safety of the child regarding those permanency options being considered;

(b) Attachments. Current family relationships and other significant relationships that shall provide the child stability and a sense of connection and provide possible permanent living options. This includes connections with family members from the child's home of removal;

(c) Physical, Medical, Emotional, Psychological, Developmental and Educational Needs. The Services Worker shall give consideration to matching the child with caregivers able to provide for the child's needs on a long-term basis. The

Services Worker shall ensure that the caregivers are provided the education, training and support necessary to enable them to meet the child's needs;

(d) Placement options that provide the most family-like and least restrictive settings. The Services Worker shall explore the current caregiver's ability and willingness to provide a permanent home for the child;

(e) Child's Preferences. The Services Worker shall provide the child information and education regarding permanency goal options to assist the child in making an informed decision as to his or her preference in achieving permanency.

(4) Permanency Goal Requirements for Children in Out-of-Home Care. The particular situation of each child and family shall be considered by the Services Worker in determining the best permanency goal for a particular child. The child is to be informed of the availability of long-term caregivers or an older child's opportunities for independence. Reunification shall be ruled out as an option prior to changing the permanency goal to any other option. The case documentation shall provide justification that the permanency option recommended to the court is the most appropriate one for the child.

(a) Reunification. Reunification with the child's family is the preferred permanency goal for children entering out-of-home care.

1. If the court makes a determination that reasonable efforts to reunify are not required, a permanency hearing shall be held within thirty days and a permanency staffing shall be held prior to the hearing to determine the permanency plan and goal for the child.

2. The frequency of the visitation schedule between family and child shall, when permitted by the court, be accelerated prior to reunification to allow the family to adjust and to observe parent and child interactions.

(b) Adoption. Adoption must be considered by the court as a permanency option when a child cannot be safely returned home or provided permanency within the family through long-term custody with a relative.

1. The case documentation shall provide justification that adoption and not reunification is the most appropriate permanency option.

2. Adoption by relatives or other significant persons in the child's life shall be considered prior to exploring placing the child with a new family. This includes exploration of the child's previous placements.

3. The appropriateness of this option shall be assessed in accordance with subsection 65C-30.012(3), F.A.C., and meet the requirements of Chapter 63, F.S.

(c) Guardianship is a formal legal arrangement that transfers custody of a minor child from the parent to the guardian. It includes the transfer of certain parental rights, which include: protection, education, care and control, custody of the person, and decision making.

1. Guardianship caregivers shall be committed to care for the child until the child becomes eighteen years of age. However, guardianship does not require the termination of parental rights.

2. The case documentation shall provide justification that neither reunification nor adoption are appropriate permanency options.

3. The Services Worker shall:

a. Evaluate the likelihood of the child to attend post-secondary education in Florida and:

i. Inform the prospective guardian and the child, if age 16 or older, that this option does not qualify for the fee and tuition exemption that is provided pursuant to Section 1009.25, F.S., for former foster youth who age out of the system or for children who have been adopted from the Department of Children and Family Services after May 5, 1997.

ii. Inform any prospective guardian who is a non-relative and the child, if age 16 or older, that this option does not qualify for the fee and tuition exemption that is provided children who are in relative placement pursuant to Section 39.5085, F.S.

iii. Inform any prospective guardian who is a relative and the child, if age 16 or older, that this option does not qualify for the fee and tuition exemption that is provided children who are in relative placement pursuant to Section 39.5085, F.S., unless the child has already been placed in the custody of the relative by the court pursuant to Section 39.521, F.S., or Section 39.622, F.S.

b. Inform the prospective guardian that the child will not be eligible for any Independent Living programs or post-age 18 benefits. If the child is age 16 or older, the Services Worker shall determine if the child is potentially eligible for Subsidized Independent Living, and, if so, discuss with the child and prospective guardian this option to preserve actual and potential continued financial assistance both up to and beyond the child's adulthood.

4. The appropriateness of this option shall be assessed in accordance with subsection 65C-30.012(3), F.A.C. and meet the requirements of Chapter 39, Part XI, F.S.

(d) Long Term Custody. Long-term custody applies to a relative or other adult approved by the court and provides permanency through legal custody.

1. The case documentation shall provide justification that neither reunification nor adoption, whether by a relative or another person, are appropriate permanency options.

2. Judicial review hearings shall be discontinued and the department or contracted service provider may be relieved of supervising the placement after the court determines that supervision is no longer needed. The court, at its discretion, may or may not retain jurisdiction.

3. The Services Worker shall:

a. Evaluate the likelihood of the child to attend post-secondary education in Florida and:

i. Inform the caregiver and the child, if age 16 or older, that this option does not qualify for the fee and tuition exemption that is provided pursuant to Section 1009.25, F.S., for former foster youth who age out of the system or for children who have been adopted from the Department of Children and Family Services after May 5, 1997.

ii. Inform any non-relative caregiver and the child, if age 16 or older, that this option does not qualify for the fee and tuition exemption that is provided children who are in relative placement pursuant to Section 39.5085, F.S.

b. Inform the non-relative caregiver that the child will not be eligible for any Independent Living programs or post-age 18 benefits. If the child is age 16 or older, the Services Worker shall determine if the child is potentially eligible for Subsidized Independent Living, and, if so, discuss with the child and custodian this option to preserve actual and potential continued financial assistance both up to and beyond the child's adulthood.

4. The appropriateness of this option shall be assessed as set forth in subsection 65C-30.012(3), F.A.C. and meet the requirements of Section 39.622, F.S.

(e) Long-Term Licensed Custody. Long-Term Licensed Custody applies to a licensed out-of-home caregiver who has cared for a child age fourteen or above for a period of no less than twelve months and provides permanency through legal custody.

1. A minimum of semiannual visits by the department or contracted service provider is required. The court retains jurisdiction until the child becomes an adult.

2. The appropriateness of this option shall be assessed as set forth in subsection 65C-30.012(3), F.A.C. and meet the requirements of Section 39.623, F.S.

3. The case documentation shall provide justification that reunification, adoption or long-term custody to a relative or non-relative are not appropriate permanency options.

(f) Independent Living. This goal involves the court approved placement of a child in a subsidized independent living arrangement as permanency for a child 16 years of age or older, if it can be clearly established that this type of alternate care arrangement is the most appropriate plan and that the health, safety, and well-being of the child will not be jeopardized by such an arrangement.

1. The appropriateness of this option shall be assessed as set forth in subsection 65C-30.012(3), F.A.C., and shall meet the requirements of Sections 39.624 and 409.1451, F.S.

2. The case documentation shall provide justification that it is not in the child's best interest to pursue any of the other permanency options.

65C-30.013 Judicial Reviews and Court Reports.

(1) The Services Worker shall comply with all department requirements for judicial reviews in Section 39.701, F.S., including requirements for the Judicial Review Social Study Report (JRSSR) and the use of citizen review panels as specified in Sections 39.701 and 39.702, F.S.

(2) Regularly Scheduled Judicial Reviews. Every child under the jurisdiction of the court shall have judicial reviews at least every six months as long as the department or contracted service provider is responsible for supervising the child.

(a) If a child receives a regularly scheduled judicial review prior to disposition having been reached in the child's case, it is permissible to schedule the review hearing in conjunction with any other hearing occurring in the case. The review hearing must occur within six months of the previous judicial review or of the child's removal from his or her home, whichever is earlier. Adequate notice and reports shall be prepared for the review hearing.

(b) If a child who has been removed is returned to the home of removal, or some other placement is made, judicial reviews shall continue until the court terminates supervision.

(c) Regularly scheduled judicial reviews shall continue for any missing child until the child reaches the age of majority or the court terminates supervision. At each judicial review the court shall be informed of the child's status and the efforts of the department or contracted service provider to locate the child.

(d) For children who remain in licensed out-of-home care to age seventeen and beyond, the following judicial reviews are required:

1. Pursuant to Section 39.701(6)(a) and (b), F.S., a judicial review hearing shall be held within ninety days after a child's seventeenth birthday.

2. Pursuant to Section 39.013(8), F.S., a judicial review hearing shall be conducted within the month that begins the six-month period before the child's eighteenth birthday to review the child's progress while in the custody of the department and continue to evaluate the child's needs as he or she transitions from care.

(e) Additional judicial review hearings are scheduled as needed at the request of any party and at the discretion of the court.

(3) Child Participation. Unless the court has dispensed with the attendance of the child at judicial review hearings pursuant to Section 39.701(2)(a), F.S., the child has the right to be present in court for all judicial reviews and the Services Worker shall ensure transportation for the child to attend.

(a) If either the Services Worker or the court determines that the child need not attend, or if the child declines to attend, the Services Worker shall document in the case file how this decision was made. If the Services Worker excuses the child from attending a judicial review hearing, the Services Worker shall inform the court of the reason for excusing the child.

(b) A decision regarding whether a child is to attend a judicial review shall be made for each judicial review, unless the decision is based upon a persistent condition of the child that prevents his or her attendance.

(4) Judicial Review Social Study Report.

(a) A Judicial Review Social Study Report (JRSSR) shall be prepared for each regularly scheduled judicial review for a child.

(b) When a combined report is prepared for children who are referenced in court by the same case number, each child shall be addressed individually in the report.

(c) All significant events and department or contracted service provider actions relating to the child shall be included in the JRSSR. The most critical element of the JRSSR is the degree to which each of the parties have substantially complied with his or her case plan requirements, including an assessment of the performance of the Services Worker and service providers in arranging and providing all services, as specified in the case plan, for which they are responsible. Supportive documentation regarding tasks and services that address the child's safety, permanency and well-being shall accompany the JRSSR.

(d) In addition to the requirements of Section 39.701(7)(a), F.S., the JRSSR shall also include a recommendation to the court as to the child's placement and supervision until the next review. This recommendation shall be supported by the other information provided in the report.

(e) The JRSSR shall set forth the specific tasks and services necessary to achieve the permanency goal established in the case plan and provide details on the progress being made toward achieving that goal.

(f) For teenagers in licensed out-of-home care:

1. Starting with the judicial review following a child's thirteenth birthday, the JRSSR shall provide the court with information regarding the results of independent living assessments, specific services that the child needs, and the status of the delivery of the services. This information shall be updated for each JRSSR hearing. For the judicial review scheduled six months prior to the child's eighteenth birthday, the JRSSR shall provide the court with the transition plan as the child prepares to leave out-of-home care.

2. The child's caregiver shall be given an opportunity to address the court with any information relevant to the best interests of the child regardless of whether the caregiver has provided information in writing.

(5) Permanency Hearings for Children in Out-of-Home Care.

(a) Prior to a permanency hearing, a permanency staffing shall be held as set forth in Rule 65C-28.006, F.A.C.

(b) There are four instances in which a permanency hearing occurs:

1. Within thirty days of a judicial determination that reasonable efforts to reunify are not required;

2. No later than twelve months from the date the child was removed from his or her home;

3. No less frequently than every twelve months thereafter if the child remains in out-of-home care and remains under court ordered supervision; and

4. When a child has been in out-of-home care for the past fifteen out of twenty-two months. This hearing specifically addresses termination of parental rights.

(6) Other Requests for Court Action.

(a) Whenever a need arises for court action outside the regular review period, the department or contracted service provider shall, through Child Welfare Legal Services (CWLS), request such action from the court. The need for petitioning the court for such action shall include, but not be limited to:

1. When the risk of harm to the child has been ameliorated;

2. When the child's custodian or caregiver or a service provider is failing to perform actions as required and the performance is necessary for reunification and/or the welfare of the child (e.g., when visitation is not happening because of the custodian's actions or a lack of supervision when that is required).

3. When requesting a modification to visitation, such as frequency or change from supervised to unsupervised for a child in out-of-home care.

4. When the parent has substantially complied with the case plan and reunification should occur prior to the next regularly scheduled review.

(b) The department or contracted service provider shall, through CWLS, request such action from the court and provide the court sufficient information to make an informed decision on the request.

(c) Copies of any petition or report shall be provided by the CWLS attorney to the parties as required for any judicial review.

(d) Except in the case of an emergency, a motion or pleading shall be prepared by the CWLS attorney for each request for court action. The motion or pleading shall contain the information needed by the court to make a decision as to the request.

(e) Except in the case of an emergency, all pleadings and attachments shall be provided by the CWLS attorney to the parties and others as required for a judicial review.

(f) If emergency request is made, notice to the parties and copies of the request shall be furnished by the CWLS attorney by the means most likely to provide actual notice, including those notifications required for American Indian and Alaskan Native children under the provisions of the Indian Child Welfare Act.

(7) Citizen's Review Panels and General Magistrates.

(a) The JRSSR requirements are the same whether the JRSSR is prepared for a Citizen's Review Panel, General Magistrate pursuant to Rule 8.257, Florida Rules of Juvenile Procedure, or for a hearing held by a judge.

(b) The recommended order issued by a Citizen's Review Panel or General Magistrate is not a final order until approved by the court.

(c) The judicial review order in a case heard by a Citizen's Review Panel or General Magistrate is the order issued by the court approving, rejecting, or modifying the recommended order of the Citizen's Review Panel or General Magistrate.

65C-30.014 Post-Placement Supervision and Services.

In a case where reunification has been attained, post-placement supervision shall continue for at least six months. When requesting an extension of supervision from the court, specific details explaining safety, risks, service needs and the parent's case plan accomplishments shall be provided to the court.

(1) The child's best interest and safety considerations shall be evaluated prior to recommending reunification and throughout the post-placement supervision period. The child's adjustment shall be evaluated throughout the post-placement supervision period.

(2) The case plan for post-placement supervision shall be completed, filed with the court and served on all parties at least 72 hours prior to the court hearing in which reunification is recommended. If the court returns custody to the parent contrary to the department or contracted service provider's recommendation, the post-placement supervision case plan shall be completed, filed with the court and served on all parties within fourteen working days of the court hearing. The effective date is the date custody changed to the parent.

(3) At a minimum, the case plan for post-placement supervision shall include:

(a) An assessment of family strengths, protective capacities, safety and risk with recommendations that aim to alleviate possible risks;

(b) Services and activities necessary to remedy any of the initial problems that remain;

(c) Routine health care as well as follow-up care for physical health, mental health or substance abuse service needs that have been identified;

(d) Specific provisions regarding the need for child-care or early education programs; and

(e) Specific provisions regarding visitation by the Services Worker in accordance with Rule 65C-30.007, F.A.C. The review includes an evaluation by the local child abuse death review coordinator of all prior and current services provided to the child and family by the department, community-based care provider or sheriff's office. A comprehensive review is required when the review by the local death review coordinator shows the child's death is or is likely to be either "verified" or with "some indicator" findings that of the death occurred due to abuse, neglect or abandonment, and one or more of the following is also true:

(a) The child or other children in the home were the subjects of one or more prior reports of abuse, neglect or abandonment;

5. A copy of the "Review of Child Death" report shall be provided to the central office Chief of Quality Management, the local Quality Management office and the State Child Abuse Death Review Coordinator. Districts/regions shall complete all relevant sections of the report.

(d) The report shall be completed no later than ten working days after case closure, or seventy days after receipt of the child death report to the Florida Abuse Hotline or of learning of the child's death, whichever occurs first; or

(5) Limited Review. A "limited review" includes a basic review of the facts and circumstances surrounding the death of a child alleged to have died as a result of abuse, neglect or abandonment. Limited reviews are accomplished by the completion and update, if necessary, of the death section of the department's Incident Reporting System. A limited review shall be conducted by the zone death review coordinator in the following situations:

(a) The death does not meet the criteria for comprehensive review; or

(b) The death was alleged to have occurred as a result of abuse, neglect or abandonment and the deceased child and the child's siblings have never been the subjects of abuse, neglect or abandonment reports to the Florida Abuse Hotline.

69O-149.037	Calculation of Premium Rates
69O-149.038	Employee Health Care Access Act Statement Reporting

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rules in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 32, No. 3, January 20, 2006, of the Florida Administrative Weekly. These changes are being made to address concerns expressed at the public hearing held on February 13, 2006.

Proposed Rule 69O-149.037(8)(a)1., F.A.C., is changed to read:

1. For employee + dependent coverage when the dependent is electing continuation of coverage, the difference between the employee + dependent rate and the employee only rate shall be determined. This difference shall then be divided by the average number of dependents used by the carrier in developing the rate schedule. This value shall reflect the implied single dependent rate. To determine the COBRA rate, the implied dependent rate shall be multiplied by a factor that does not exceed one plus the applicable load. The employee shall be charged the group employee only rate.

Proposed Rule 69O-149.037(8)(a)2., FA.C., is changed to read:

2. For family coverage where the dependent is electing continuation of coverage, the difference between the family rate and the employee + spouse only rate shall be determined. This difference shall then be divided by the average number of dependents used by the carrier in developing the rate schedule. This value shall reflect the implied-single dependent rate. To determine the COBRA rate, the implied single dependent rate shall be multiplied by a factor that does not exceed one plus the applicable load. The employee shall be charged the group rate

applicable to the remaining covered lives in the group, e.g., if the remaining covered lives are the employee, spouse and another dependent, then the family rate would be charged. If the remaining covered lives are only the employee and spouse, then the employee + spouse rate would be charged.

Proposed Rule 69O-149.038(3)(a)2., F.A.C., is changed to read:

2. The experience of any group category that is not subject to underwriting, pursuant to subsection 69O-149.037(6), F.A.C., such as 1-life groups, shall not be included in the report.

The remainder of the rule reads as previously published.

FLORIDA DEVELOPMENTAL DISABILITIES COUNCIL

REQUEST FOR PROPOSALS (FDDC #2006-EM-3600)

The Florida Developmental Disabilities Council (FDDC) announces the availability of a Request for Proposals. This RFP is being issued to enhance the information base necessary for the FDDC continued efforts to improve the delivery of services to the state's children and adults with developmental disabilities.

The Council recognizes that when compared with their nondisabled peers, young adults with disabilities are more likely to be unemployed or under-employed and less likely to access post secondary education. Because high school completion and a diploma have become a requirement for

pursuing additional education, training, or the labor force, the consequences of leaving high school without a diploma or a special diploma are severe. On average, students who receive special education and do not attain diplomas, receive a special diploma, and those who do not complete their high school education are more likely to be unemployed, more likely to earn less money if, and when, they eventually secure work, and more likely to receive public assistance than those students that complete their education (NCD, 2000).

The goal of this project is "to educate youth, family, and community members about transition issues, roles, responsibilities, services and resources." The primary objective of this project is to identify the issues and barriers faced by the state's youth and young adults with disabilities as they make the transition from high school to adult life. It is the intent of this project to address this goal through utilization of the Internet to provide needed information for Florida students with disabilities and their families so that they may become aware of effective practices, learn about laws, policies and issues, receive training and develop other needed skills to participate more meaningfully in the decisions and planning for exiting the public school system.

This involves the development of modules that address the needs of students with disabilities, their families, service providers, and other interested individuals interested in the transition process. This project will also involve the development of short videos exhibiting success stories of individuals with developmental disabilities that have successfully transitioned from school to work, families that are involved with their child in a successful transition from school to work, and success stories from service providers who are involved in the transition process. In addition, the web-site will incorporate a user-friendly approach by being interactive, informative, and educational.

Individuals, not-for-profit and for-profit agencies may submit proposal in response to this RFP. The approximate amount of funds available for project awarded based on this RFP will be up to \$120,000 from the FDDC. The exact amount of this contract will be developed during contract negotiations.

Copies of this RFP will be available from the Florida Developmental Disabilities Council, 124 Marriott Drive, Suite 203, Tallahassee, FL 32301, (850)488-4180 or Toll Free 1(800)580-7801 or TDD Toll Free (888)488-8633. The deadline for submitting letters of intent and written questions is prior to 4:00 p.m. (EST), March 24, 2006. The deadline for submitting proposals is prior to 4:00 p.m. (DST), April 24, 2006. Letters of Intent will only be accepted by fax, mail, or hand delivery. Letters of Intent by e-mail will not be accepted.

THE ABOVE ANNOUNCEMENT WILL APPEAR IN THE FLORIDA ADMINISTRATIVE WEEKLY AND THE FDDC WEB PAGE (fdcc.org) on March 3, 2006.

PLEASE FORWARD ALL REQUESTS FOR COPIES OF THE RFP TO Misty.

QUESTIONS ARE TO BE SUBMITTED IN WRITTEN FORMAT ONLY. THIS IS A LEGAL PROCESS; WE CANNOT ANSWER QUESTIONS VERBALLY.

AGENCY FOR HEALTH CARE ADMINISTRATION

The Florida Agency for Health Care Administration (the Agency), Bureau of Medicaid Program Analysis provides the following public notice regarding reimbursement for nursing home facilities participating in the Florida Medicaid Program.

PURPOSE: To comply with federal public notice requirements in Section 1902(a)(13)(A) of the Social Security Act in changing reimbursement for nursing home facilities, the Agency is publishing the proposed rates, the methodologies underlying the establishment of such rates, and justifications for the proposed rates. The Agency is in the process of amending its Title XIX Long-Term Care Reimbursement Plan (The Plan) to incorporate changes to the reimbursement methodology.

PROPOSED RATES: The purpose of the proposed amendment is to incorporate changes to the Florida Title XIX Long-Term Care Reimbursement Plan payment methodology effective April 1, 2006.

The Agency is deleting the low occupancy adjustment for the direct care component of the nursing home reimbursement rate.

METHODOLOGIES: The methodology underlying the establishment of the proposed rates for Medicaid nursing facilities will be rates resulting from the revised methodology used to calculate the nursing home per diem reimbursement rate.

JUSTIFICATION: The justification for the proposed rate change is to remove occupancy related rate reductions for direct care nursing staff, as the Agency requires minimum staffing requirements on a daily basis. This component of Medicaid reimbursement is computed separately from other

components of the rate, which is different than when the low occupancy adjustment was first included in the Long-term Care Reimbursement Plan. The direct correlation between minimum staffing requirements and the rate calculation justify the removal of this provision.

The Agency is proposing the above changes effective April 1, 2006. Providers, beneficiaries and their representatives, and other concerned state residents may provide written comment on the proposed rates, methodologies and justification underlying the establishment of such changes. Written comments may be submitted to: Edwin Stephens, Agency for Health Care Administration, 2727 Mahan Drive, Building 3, Mail Stop 21, Tallahassee, Florida 32308. Written comments should be submitted no later than March 17, 2006.

Please contact the person listed above to request a copy when they are available.
