PART I GENERAL

69A-38.019 Purpose.

The purpose of this rule chapter is to comply with Section 393.067(7), Florida Statutes, which states that the Agency for Persons with Disabilities shall adopt rules relating to minimum standards for facilities including "uniform firesafety standards established by the State Fire Marshal which are appropriate to the size of the facility or of the component centers or units of the program." For purposes of brevity, these facilities will be referred to throughout these rules as "developmental disabilities facilities." These rules try to avoid requirements which might result in unreasonable hardships, or unnecessary inconvenience, or interference with the normal use and occupancy of a building, but at the same time insist upon compliance with a uniform standard for life safety necessary in the public interest, even though a financial hardship may result in some individual cases.

DEPARTMENT OF HEALTH

NOTICE IS HEREBY GIVEN that on October 27, 2006, the The Board of Clinical Social Work, Marriage And Family Therapy And Mental Health Counseling has issued an order.

The Board's Order, filed on November 16, 2006, denies the Petition for Variance or Waiver, finding that Petitioner was in substantial compliance with Section 120.542, F.S., and Chapter 28-104, F.A.C. The Board determined that Petitioner did not demonstrate that application of paragraph 64B4-3.003(3)(b), F.A.C., would present a substantial hardship to the Petitioner or that the application of that rule violates the principles of fairness with regard to Petitioner. The Board determined that a waiver of the rule would not serve the purposes of the underlying statute.

A copy of the Order may be obtained by contacting: Susan Foster, Executive Director, Board of Clinical Social Work, Marriage And Family Therapy and Mental Health Counseling, 4052 Bald Cypress Way, Bin #C08, Tallahassee, Florida 32399-3258.

ADOPTED BY ORDINANCE NO. 036-2006

FINAL ORDER

The Department of Community Affairs (the “Department”) hereby issues its Final Order, pursuant to § 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006), rejecting a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On October 31, 2006, the Department received for review Monroe County Ordinance No. 036-2006, adopted by Monroe County on September 20, 2006.
3. The purpose of this Ordinance is to amend Chapter 9.5 of the Land Development Regulations as follows: to clarify the definitions of “Accessory Uses” or “Accessory Structures” and “Adjacent Landowner” in Section 9.5-4; to amend Section 9.5-256 “Aggregation of Development,” to create conditions for aggregation of lands; to amend Section 9.5-349 “Shoreline Setbacks,” to permit docking facilities on lands within 500 feet of land containing the principal structure under certain conditions; and to create an approval process for such requests.
4. The Department has reviewed the Ordinance for consistency with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern and the Monroe County 2010 Comprehensive Plan.

CONCLUSIONS OF LAW

5. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. § 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006).
6. Monroe County is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2006) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.
7. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2006). The regulations adopted by Ordinance No. 036-2006 are land development regulations.
8. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the “Principles”) as set forth in section 380.0552(7), Fla. Stat. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff’d*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
9. Additionally, section 163.3194(1)(b), Florida Statutes (F.S.), requires that all land development regulations must be consistent with the local government’s adopted comprehensive plan.
10. Ordinance No. 036-2006, which allows docking facilities to be permitted on lots/parcels within 500 feet in a straight line of the principal structure and on Tier 1 designated lands, is not consistent with the following Principles:
 Principle (b): To protect shoreline and marine resources, including mangroves, coral reef formations, seagrass beds, wetlands, fish and wildlife, and their habitat.
 Principle (c): To protect upland resources, tropical biological communities, freshwater wetlands, native tropical vegetation (for example, hardwood hammocks and pinelands), dune ridges and beaches, wildlife, and their habitat.
11. Ordinance No. 036-2006 is neutral in effect on the remaining Principles.
12. Ordinance No. 036-2006 is inconsistent with the following provisions of the Monroe County 2010 Comprehensive Plan that discourage development in Tier 1 properties, encourage clustering to avoid impacts on sensitive habitats, and provide for preservation of open space in a contiguous, non-fragmented condition:
 Policy 205.2.2
 Monroe County shall discourage developments in Tier I and within tropical hardwood hammock or pinelands of one acre or more in area to protect areas of native upland vegetation.

Policy 102.1.1

The County shall protect submerged lands and wetlands. The open space requirement shall be one hundred (100) percent of the following types of wetlands:

1. submerged lands
2. mangroves
3. salt ponds
4. fresh water wetlands
5. fresh water ponds
6. undisturbed salt marsh and buttonwood wetlands

Allocated density (dwelling units per acre) shall be assigned to freshwater wetlands and undisturbed salt marsh and buttonwood wetlands only for use as transferable development rights away from these habitats. Submerged lands, salt ponds, freshwater ponds, and mangroves shall not be assigned any density or intensity.

Policy 102.3.2

Monroe County shall require development clustering so as to avoid impacts on sensitive habitats and to provide for the preservation of all required open space in a contiguous, non-fragmented condition by requiring the following:

1. when a parcel proposed for development contains more than one (1) habitat type, all development shall be clustered on the least sensitive portion(s) of the parcel; and
2. development permitted on the least sensitive portion(s) of a parcel shall be clustered within that portion(s) of the parcel.

Policy 102.9.1

Monroe County shall discourage developments which are proposed in Tier I through the permit allocation system and the environmental regulations.

Policy 105.2.1

Monroe County shall designate all lands outside of mainland Monroe County, except for the Ocean Reef planned development, into three general categories for purposes of its Land Acquisition Program and smart growth initiatives in accordance with the criteria in Policy 205.1.1. These three categories are: Natural Area (Tier I); Transition and Sprawl Reduction Area (Tier II) on Big Pine Key and No Name Key only; and Infill Area (Tier III). The purposes, general characteristics, and growth management approaches associated with each tier are as follows:

1. Natural Area (Tier I): Any defined geographic area where all or a significant portion of the land area is characterized as environmentally sensitive by the policies of this Plan and applicable habitat conservation plan, is to be designated as a Natural Area. New development on vacant land is to be severely restricted and privately owned vacant lands are to be acquired or development rights retired for resource conservation and passive recreation purposes. However, this does not preclude provisions of infrastructure for existing development.

Within the Natural Area designation are typically found lands within the acquisition boundaries of federal and state resource conservation and park areas, including isolated platted subdivisions; and privately-owned vacant lands with sensitive environmental features outside these acquisition areas.

13. Ordinance No. 036-2006 is inconsistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern and Monroe County's Comprehensive Plan.

WHEREFORE, IT IS ORDERED that Ordinance No. 036-2006 is found to be inconsistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is found to be inconsistent with the Monroe County 2010 Comprehensive Plan, and is hereby REJECTED.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of Rule 62-296.513,

F.A.C., to the Lockheed Martin Aeronautics Company, an aerospace parts and components manufacturing facility located at 9300 28th Street North, Pinellas Park, Florida (File No.06-2014) to allow relief from compliance with the volatile organic compound (VOC) reasonably available control technology (RACT) requirements of Rules 62-296.513, Florida Administrative Code (F.A.C.). The final order requires the petitioner to comply with the VOC content limits contained in the United States Environmental Protection Agency (U.S. EPA) Aerospace Industry Control Technology Guideline (Aerospace CTG) document titled "Control of Volatile Organic Compound Emissions from Coating Operations at Aerospace Manufacturing and Rework Operations" (EPA-453/R-97-004). The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Division of Air Resource Management, Office of Policy Analysis and Program Management, 111 S. Magnolia Drive, Suite 23, Tallahassee, Florida 32301, (850)921-9556.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573, F.S., is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a

request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and subparagraph 62-110.106(3)(a)(4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
