THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

12-13.0074 Willful Neglect and Willful Negligence.

(1) Scope and Definitions.

(a) Section 213.21, F.S., prohibits the Department from compromising a taxpayer's liability for penalty when the taxpayer's noncompliance is due to willful neglect or willful negligence. In order to ensure consistency in the determination of whether a taxpayer's noncompliance is due to willful neglect or willful negligence and whether the Department may exercise the authority to compromise penalty contained in Section 213.21, F.S., the Department will use the provisions of this rule to determine whether a taxpayer's noncompliance is due to willful neglect or willful negligence.

(b) For purposes of this rule, “willful neglect or willful negligence” means that the taxpayer was aware of the taxpayer’s duties and obligations under the revenue laws of this state and possessed the ability to comply, but did not.

(2) Determination of Willful Neglect or Willful Negligence. The Department will determine whether a taxpayer’s noncompliance is due to willful neglect or willful negligence by answering the questions listed in subsection (3).

(a) If the answer to question 1 in the table provided in subsection (3) is yes, the Department will compromise all penalty in excess of 25 percent, and the Department will use the provisions of Rule 12-13.0076, F.A.C., to determine whether to compromise any of the remaining 25 percent of

penalty. If the answer to question 1 in the table provided in subsection (3) is no, the Department will proceed to question 2 in the table provided in subsection (3).

(b) If the answer to any of questions 2.a. through f. in the table provided in subsection (3) is yes, the Department will not compromise any penalty, and the provisions of Rule 12-13.0076, F.A.C., do not apply. If the answers to questions 2.a. through f. in the table provided in subsection (3) are no, the Department will compromise all penalty in excess of 25 percent, and the Department will use the provisions of Rule 12-13.0076, F.A.C., to determine whether to compromise any of the remaining 25 percent of penalty.

(3) Willful Neglect/Willful Negligence Table.

Step	Decision Question	Yes	No
1.	<u>Did the death, illness, or incapacity of the taxpayer, a member of the taxpayer’s family, a person solely responsible for maintaining information necessary to comply, or of a person with sole authority to prepare required returns or reports, directly prevent compliance, or did circumstances beyond the taxpayer’s control, such as acts of war, natural disaster, or accidental destruction by fire or other casualty directly prevent compliance?</u>	<u>Compromise penalty in excess of 25 percent.</u>	<u>Proceed to question (2).</u>
2.	<u>Is there evidence to establish by clear proof that the taxpayer had knowledge of the duties and requirements of the law and the ability to comply, but failed to:</u>	<u>Go to Rule 12-13.0076, F.A.C.</u>	
— 2.a.	<u>Register one or more locations after notification in writing by the Department of the requirement to register each business location?</u>		
2.b.	<u>Collect tax at least two or more times after notification in writing by the Department of the requirement to do so?</u>		
2.c.	<u>File a tax return two or more times after notification in writing by the Department of the requirement to do so?</u>

12-13.0076 Calculation of Penalty Subject to Compromise for Reasonable Cause.

(1) Scope and Definitions.

(a) Section 213.21, F.S., authorizes the Department to compromise a taxpayer's liability for penalty when the taxpayer's noncompliance is due to reasonable cause and not willful negligence, willful neglect, or fraud. In order to ensure consistency in the exercise of the authority to compromise penalty contained in Section 213.21, F.S., the Department will use the provisions of this rule to calculate the amount of penalty that will be compromised under its discretionary authority to compromise penalty on the grounds of reasonable cause pursuant to Section 213.21, F.S. The Department will apply the provisions of this rule in all instances, regardless of whether the taxpayer requests a compromise of penalty.

(b) The provisions of this rule do not apply to an issue when:

1. The taxpayer's noncompliance is due to willful negligence, willful neglect, or fraud;

2. The assessment of penalty is mandatory under Florida law and may not be waived by the Department;

3. The compromise of penalty is mandatory under Florida law (for example, under Sections 212.05(1)(a)2., 212.07(9), 212.085, 212.096(11), 212.097(14), 212.098(10), 212.11(5), 212.12(14), 213.21(9) and (10), F.S., the Department has no discretion regarding whether penalty should be compromised); or

4. Tax has been compromised upon grounds of doubt as to liability (see Rule 12-13.005, F.A.C.).

(c) The provisions of this rule are not to be construed to prohibit the Department from exercising its delegated authority to compromise tax, penalty, and interest to prevent an unreasonable result due to unique specific facts and circumstances that would affect the relative value of the factors under consideration.

(d) For the purposes of this rule, the term "issue" means the application of the same statutory provisions, rule provisions, and other applicable authority to substantially identical facts and circumstances, where there has been no change in the Department's position as to the correct tax treatment subsequent to a prior assessment.

(2) Determination of the Amount of Penalty Compromise.

(a) If the Department determines that a taxpayer's noncompliance is not due to willful negligence, willful neglect, or fraud, the Department shall compromise all penalty in excess of 25 percent of the taxpayer's tax liability pursuant to Rule 12-13.0074, F.A.C. The Department shall determine the amount of compromise authority to exercise with regard to the remaining 25 percent of penalty by using the Penalty Scoring Table provided in subsection (3). The Penalty Scoring Table and the provisions of this rule will be applied to each issue to determine the percentage of the penalty related to that issue that will be compromised. If all issues under consideration

involve the same responses to the Penalty Scoring Table, the Penalty Scoring Table and the other provisions of this rule will only be applied once, and the resulting penalty compromise percentage will be applied for all issues.

(b) The penalty compromise percentage is calculated based upon the response to each question listed within the Penalty Scoring Table. Point values are assigned to the questions based upon whether the question is answered "yes" or "no."

(c) Questions 3(a) through 3(i) of the Penalty Scoring Table each list various facts and circumstances, which will be considered in answering those questions. If one or more of the facts and circumstances listed under each question are determined by the Department to apply to an issue, an affirmative response will be entered for that question and a corresponding point value will be assigned. When the facts and circumstances listed do not apply to an issue, a negative response will be entered and the corresponding point value will be assigned.

(d) When the Department determines that facts and circumstances exist that require an affirmative answer to any Question 3(a) through 3(i) but the specific fact or circumstance is not listed, the Department will identify that fact or circumstance and provide an affirmative answer to the relevant question.

(e) The percentage to be applied to the penalty amount under consideration is controlled by the following schedule:

1. If the sum of the point values assigned is not greater than 7 points, the Department will compromise all penalty that is subject to compromise on the grounds of reasonable cause.

2. If the sum of the point values assigned is greater than 7 points but not greater than 14 points, the Department will compromise all penalty in excess of 5 percent.

3. If the sum of the point values assigned is greater than 14 points but not greater than 22 points, the Department will compromise all penalty in excess of 10 percent.

4. If the sum of the point values assigned is greater than 22 points but not greater than 29 points, the Department will compromise all penalty in excess of 15 percent.

5. If the sum of the point values assigned is greater than 29 points but not greater than 36 points, the Department will compromise all penalty in excess of 20 percent.

6. If the sum of the point values assigned is greater than 36 points, the Department will only compromise penalty in excess of 25 percent pursuant to paragraph (2)(a) of this rule.

(f) If the application of this rule results in a full compromise of all penalty subject to compromise on the grounds of reasonable cause, the Department will not provide the taxpayer with the results of the Penalty Scoring Table unless the results are requested by the taxpayer. However, the Department shall provide the results of the Penalty Scoring

Table when the application of this rule results in less than a full compromise of penalty subject to compromise on the grounds of reasonable cause.

(3) Penalty Scoring Table.

68B-45.004	Regulation and Prohibition of Certain Harvesting Gear
68B-45.007	Blue Crab Limited Entry Endorsement Program

PURPOSE AND EFFECT: The Fish and Wildlife Conservation Commission adopted rules that would have implemented the final effort management plan for the commercial blue crab fishery on July 1, 2007. The purpose of these rule amendments is to continue the moratorium on issuance of new blue crab endorsements until July 1, 2008, and to delay until that date the implementation of the Blue Crab Limited Entry Program, if legislation implementing appropriate penalties and fees is not passed in the 2007 Legislature. Otherwise, if such legislation is passed, the rules will be amended to make minor changes to aid in the program’s implementation. The effect of these rule amendments, depending on the passage of legislation, will be to maintain the commercial fishery in its current regulatory state until appropriate penalties and fees are established or provide for the smooth implementation of this limited entry program. A secondary purpose of this rule development effort is to revise a definition of the term “folding trap” to allow for traps with other than those shaped as a pyramid. The effect of this change is to allow additional gear for the recreational harvest of blue crabs.

THE FULL TEXT OF THE PROPOSED RULE IS:

(Substantial rewording of Rule 64B5-2.013 follows. See Florida Administrative Code for present text.)

64B5-2.013 Dental Examination Requirements and Grading System and Examination Requirements for Dental Examination.

(1)(a) Applicants for examination or re-examination must have taken and successfully completed the National Board of Dental Examiner’s dental examination and received a National Board Certificate within the past ten (10) years.

(b) Each applicant is required to complete the examinations as provided for in Section 466.006, F.S. The examinations for dentistry shall consist of a Written Examination, a Practical or Clinical Examination and a Diagnostic Skills Examination.

(c) A candidate must successfully complete all three examinations as provided for in Section 466.006, F.S. within a thirteen month period in order to qualify for licensure. If the candidate fails to successfully complete all three examinations within that time period, then the candidate must retake all three of the examinations.

(d) All examinations will be conducted in English.

(2) WRITTEN EXAMINATION.

(a) The Written Examination for dental licensure shall consist of the laws and rules of the State of Florida regulating the practice of dentistry and dental hygiene.

(b) A final grade of 75 or better is required to pass the Written Examination.

(3) PRACTICAL OR CLINICAL EXAMINATION:

(a) To take the Practical or Clinical Examination, it is the applicant’s responsibility to provide a patient who is at least 18 years of age and whose medical history is consistent with that prescribed by the board in order for patients to qualify as a patient for the examination. An applicant will be allowed no more than three attempts to qualify a patient during the specified check-in period for each procedure requiring a patient. Candidates for the state dental practical or clinical examination may assess patients for suitability as board patients at any dental office under the direct supervision of a Florida licensed dentist, or at any accredited dental school under direct supervision of a school faculty member.

(b) Every candidate who is scheduled to take the entire practical or clinical examination or who is scheduled to retake any part of the practical or clinical examination which involves the use of a live patient must secure liability insurance coverage in amounts determined by the board. This protection is for injuries which may be sustained or may be claimed to have been sustained by a dental patient in the course of the examination. Each candidate must present proof of such coverage to the credentials committee before he or she will be allowed to perform any procedures on a live patient.

(c) The Practical or Clinical Examination for dental licensure shall consist of seven (7) parts and be graded as to each part as follows:

1. Class II Amalgam on a Patient a. Preparation 2/3 b. Restoration 1/3	30%
2. Demonstration of Periodontal Skills on a Patient: Definitive debridement (root planing, deep scaling/removal of subgingival calculus, and removal of plaque, stain and supra-gingival calculus)	20%
3. Restoration of Class II Composite Resin with Cusp Replacement on Specified Tooth	10%
4. Demonstration of Endodontic Skills on Specified Teeth	10%
5. Demonstration of Prosthetics Skills: Preparation for a 3-unit fixed partial denture on a specified model	20%
6. Class IV Composite Restoration on a Specified Tooth	5%
7. Class II Amalgam Restoration with a Cusp Replacement on a Specified Tooth	5%

(d) The Practical or Clinical Examination shall include the following parts and procedures and be graded on criteria as described below each examination part or procedure. Listed criteria are to be accorded equal importance in grading. Equal importance does not mean that each criteria has a numerical or point value but means that any one of the criteria, if missed to a severe enough degree so as to render the completed part or procedure potentially useless or harmful to the patient in the judgment of the examiner, could result in a failing grade on the part or procedure. The criteria do not have assigned numerical or point value but are utilized in making a holistic evaluation of the part or procedure.

1. Class II Amalgam on Patient. This part of the Practical or Clinical Examination shall consist of a preparation procedure and a restoration procedure. The following areas will be assessed in determining a grade for each procedure:

a. Preparation:

(I) Outline form – all prepared surfaces smooth and acceptable extensions without weakening tooth surfaces.

(II) Depth – adequate shape and form designed to resist functional displacement forces.

(III) Retention.

(IV) Mutilation of opposing or adjacent teeth.

(V) Debris removal from cavity preparation.

(VI) Management of soft tissue is considered adequate in the absence of trauma or mutilation. Additionally, a grade of zero (0) is mandatory if caries remain; if gross overcutting occurs; if mechanical exposure occurs; if the preparation is prepared or attempted on the wrong tooth or wrong surface; or if the candidate fails to attempt or complete the procedure.

b. Restoration: The following areas will be assessed in determining a grade.

(I) Functional anatomy – appropriate occlusal and interproximal anatomy.

(II) Proximal contour and contact – contact is considered present if there is definite, but not excessive resistance to the passage of dental floss through the contact area.

(III) Margins – suitable continuity with the cavosurface margin should be smooth with the absence of flash or overcarving.

(IV) Gingival overhang – overhang is considered to be excess amalgam in either a proximal or gingival direction at the gingival cavosurface margin.

(V) Proper handling of materials including but not limited to condensation and finishing.

(VI) Management of soft tissue – is considered adequate in the absence of trauma or mutilation. Additionally, a grade of zero (0) is mandatory if there is a total lack of contact; gross overhang; tissues grossly mutilated (may require suturing or surgical intervention); if the preparation for the restoration is prepared or attempted to be prepared on the wrong tooth or wrong surface; or there is a failure to attempt or complete the procedure.

2. Demonstration of Periodontal Skills on a Patient. Must be performed on a minimum of 5 teeth, none of which shall have a full crown restoration, each of which shall have pockets at least 4 mm. in depth with obvious sub-gingival calculus detectable by visual or tactile means and radiographic evidence of osseous destruction; at least one tooth shall be a multi-rooted molar which shall be in proximal contact with at least one other tooth; none of the 5 teeth shall be primary teeth. All calculus appearing on radiographs must be detectable by visual or tactile means. The periodontal exercise shall be a definitive debridement (root planing, deep scale of subgingival

calculus, and plaque, stain and supragingival calculus removal). The following areas will be assessed in determining a grade.

- a. Diagnosis – clinical and radiographic.
- b. Presence of stain on assigned teeth.
- c. Presence of supra-gingival calculus on assigned teeth.
- d. Presence of sub-gingival calculus on assigned teeth.
- e. Root roughness on assigned teeth.
- f. Management of soft tissue is considered adequate in the absence of trauma or mutilation. Additionally, a grade of zero (0) is mandatory if there is gross mutilation of gingival tissue or if the candidate fails to attempt or complete the part.

3. Restoration of a Class II Composite Resin with Cusp Replacement on a Specified Tooth. The following areas will be assessed in determining a grade for this part.

- a. Functional anatomy – appropriate occlusal, and interproximal anatomy.
- b. Proximal contour and contact – contact is considered present if there is definite, but not excessive, resistance to the passage of dental floss through the contact area.
- c. Margins – suitable continuity with the cavosurface margin should be smooth with the absence of trauma or mutilation.
- d. Gingival overhang – overhang is considered to be excess composite resin in either a proximal or gingival direction at the gingival cavosurface margin.

e. Proper handling of material including but not limited to condensing, curing, and finishing.

f. Re-establishment of correct tooth morphology.

g. Management of soft tissue is considered appropriate in the absence of trauma or mutilation.

h. Mutilation of adjacent tooth structure or restoration during finishing procedures.

Additionally, a grade of zero (0) is mandatory if the restoration is completed or is attempted to be completed on the wrong tooth or wrong surface; if there is a lack of contact; gross overhang; or if the candidate fails to attempt to complete the part.

4. Demonstration of Endodontic Skills on Specified Teeth. The following areas will be assessed in determining a grade for this part:

a. Access preparation:

(I) Outline form and access preparation – all prepared surfaces smooth, absence of undercuts and ledges.

(II) Straight line access to all canals.

(III) Presence of remaining adequate dentin.

b. Canal identification.

c. Instrumentation and shaping of canals.

d. Proper filling of the canal spaces with gutta percha.

Additionally, a grade of zero (0) is mandatory if: a perforation occurs, the candidate fails to retrieve, or fails to successfully instrument around a broken instrument, the preparation is prepared or attempted to be prepared on the wrong tooth, or the candidate fails to attempt or complete the part.

5. Demonstration of Prosthetics Skills – Preparation for a 3-unit fixed partial denture on a specified model. The following areas will be assessed in determining a grade for this part:

a. Outline form – all prepared surfaces smooth with adequate parallelism and absence of undercuts.

b. Depth – occlusal reduction and axial reduction.

c. Retention – all axial walls draw from gingival margin with resistance to displacement.

d. Adequate margins for the assigned preparation.

e. Mutilation of opposing or adjacent teeth.

f. Management of soft tissue is considered adequate in the absence of trauma or mutilation. Additionally, a grade of zero (0) is mandatory if the preparation is prepared or is attempted to be prepared on the wrong tooth or wrong surface; if the wrong type of preparation is performed or attempted to be performed, or if the candidate fails to attempt or complete the procedure.

6. Class IV Composite Restoration on a Specified Tooth. The following areas will be assessed in determining a grade for this part:

a. Functional anatomy – appropriate occlusal, incisal and interproximal anatomy.

b. Proximal contour and contact – contact is considered present if there is definite, but not excessive, resistance with dental floss through the contact area.

c. Margins – suitable continuity with the cavosurface margin should be smooth with the absence of trauma or mutilation.

d. Gingival overhang – overhang is considered to be excess amalgam in either a proximal or gingival direction at the gingival cavosurface margin.

e. Proper handling of material including but not limited to condensing, curing, and finishing.

f. Re-establishment of correct tooth morphology.

g. Management of soft tissue is considered adequate in the absence of trauma or mutilation.

h. Mutilation of adjacent tooth structure or restoration during finishing procedures.

Additionally, a grade of zero (0) is mandatory if the preparation for the Class IV lesion is prepared or attempted to be prepared or the restoration is completed or attempted to be completed on the wrong tooth or wrong surface; if the interproximal contact has not been re-established, or if the candidate fails to attempt or complete the part.

7. Class II Amalgam Restoration with a Cusp Replacement on a Specified Tooth. The following areas will be assessed in determining a grade for this part:

a. Functional anatomy – acceptable occlusal and interproximal anatomy.

b. Proximal contour and contact – contact is considered present if there is definite, but not excessive resistance to the passage of dental floss through the contact area.

c. Margins – suitable continuity with the cavosurface margin should be smooth with the absence of trauma or mutilation.

d. Gingival overhang – overhang is considered to be excess amalgam in either a proximal or gingival direction at the gingival cavosurface margin.

e. Proper handling of material including but not limited to condensing and finishing.

f. Management of soft tissue is considered adequate in the absence of trauma or mutilation. Additionally, a grade of zero (0) is mandatory if there is lack of contact; gross overhang; if the restoration is completed or attempted to be completed on the wrong tooth or wrong surface; or if the candidate fails to attempt or complete the part.

(e) The grading system used during the Practical or Clinical Examination is as follows:

0 – Complete failure

1 – Unacceptable dental treatment

2 – Below minimal acceptable dental treatment

3 – Minimal acceptable dental treatment

4 – Better than minimally acceptable dental treatment

5 – Outstanding dental treatment

(f) A final grade of 3 or better, as a general average is required to pass the Practical or Clinical Examination.

(g) If an applicant fails to achieve a final grade of 3 or better, as a general average, on the Practical or Clinical Examination because of a failing grade on just one part, the applicant shall be required to retake only that part. On any such retake, the applicant shall be required to obtain a passing grade on the part that is retaken. A failing grade on the retaken part shall not be averaged to obtain a passing score on the Practical or Clinical Examination.

(h) If an applicant fails to achieve a final grade of 3 or better, as a general average, on the Practical or Clinical Examination because of a failing grade on more than one part, the applicant shall be required to retake the entire Practical or Clinical Examination.

(i) Whenever an applicant is repeating only one part of the Practical or Clinical Examination and that part requires the use of a patient, that candidate shall be allowed the same amount of time to complete the part that is allowed candidates currently taking the part for the first time. Whenever a candidate is

repeating only one part of the Practical or Clinical Examination and that part is performed on a mannequin, that candidate shall be allowed 3 hours to complete the part.

(j) As provided in Section 466.006(4)(b)3., F.S., if an applicant fails to pass the Practical or Clinical Examination in three (3) attempts, the applicant shall not be eligible for reexamination unless she or he completes additional educational requirements as specified by the Board.

(3) DIAGNOSTIC SKILLS EXAMINATION.

(a) The Diagnostic Skills Examination shall be an objective type of examination, demonstrating ability to diagnose conditions within the human oral cavity and its adjacent tissues and structures from photographs, slides, radiographs, or models. The Diagnostic Skills Examination may include, but not be limited to the following: medical considerations, periodontist, and prosthetics including the viewing and evaluation of digitalized photographs of exhibits of complete, fixed, partial and removable partial prosthetics. Exhibits may include, but not be limited to, impressions, denture set-ups, study models, master casts, wax rims, partial denture frameworks, bite registrations, crowns, bridges, crown and bridge dies and preparations, and radiographs. The Diagnostic Skills Examination should assess the examinee's abilities to recognize critical clinical conditions or situations encountered regularly in the general practice of dentistry and to formulate appropriate treatment options.

(b) A final grade of 75% or better is required to pass the Diagnostic Skills Examination.

(c) As provided by Section 466.006(4)(c), F.S., if an applicant fails to pass the Diagnostic Skills Examination in three attempts, the applicant shall not be eligible for re-examination unless she or he completes additional educational requirements established by the Board. For purposes of this subsection, on examinations administered prior to June 2007, that portion of the examination identified as "an objective type of examination with respect to dental prosthetics" and the "dental prosthetics written practical" shall be considered to be the Diagnostic Skills Examination.

69O-203.202 Standards for Discount Medical Plans.

(1) through (2) No change.

(3)(a) All charges to members must be filed with the Office, and the Office must approve any periodic charge exceeding \$30.00 per month, or \$50.00 per month as provided by paragraph 69O-203.204(1)(b), F.A.C., for the contract issued and not per member covered on the contract, before the periodic charges can be used. Periodic charges approved pursuant to this paragraph must remain in compliance with this paragraph. Consequently, subsequent to the initial approval, the periodic charges remain subject to review by the Office to ensure continued compliance.

(b) In a filing made pursuant to paragraph (a) above, the discount medical plan organization has the burden of proof that the periodic charges bear a reasonable relationship to the benefits received by the member. If the plan uses member savings as the basis of demonstrating the benefits received by the member, the benefits shall be benefits and savings that can be reasonably anticipated by an average Floridian who may purchase such contract.

(c) A discount medical plan may, at its option, make a filing that meets one of the following standards that have been determined to meet the requirement of paragraph (b) above:

1. The discount medical plan provides financial information to demonstrate that at least sixty percent (60%) of the periodic charge is used to pay the costs associated with providing access to discount medical services, excluding any administrative costs, commissions and profits; or

2. The discount medical plan provides financial information to demonstrate that the plan's periodic charge does not exceed sixty percent (60%) of the actual benefit of the discounted services to members, measured as the actual savings realized by members, i.e., provider billed charges without the discount less the discounted provider charges paid by the member. These values shall be measured in the aggregate for all members and all actual services utilized over a period of twelve months with experience from at least 2,000 members; or

3. The discount medical plan provides specific financial information to demonstrate that at least seventy-five percent (75%) of the periodic charge is used to pay the costs associated with providing access to discount medical services, member support services and administrative costs excluding commissions and profits.

690-203.204 Filing, Approval of DMPO Plans, Rates and Related Forms.

(1) The DMPO shall file all charges with the Office and shall file for approval by the Office each of the following before use:

(a) No change.

(b)1. 2. Any periodic charge for any other Plan, whether the Plan includes one or more services, that is in excess of \$30.00 per month.

(2) Free Plans. The Plan contracts and charges of a Plan that is purchased from a DMPO and subsequently provided at no charge to individuals by an insurer, bank, credit union, or employer are exempt from paragraphs 690-203.202(1)(e) and (f).

~~(3)(2)~~ All filings shall be submitted to the Office electronically to <https://iportal.fldfs.com>.

690-203.205 Bundled Products.

(1) The provisions of Section 636.230, F.S., recognize that the discount medical plan may be combined together with other products. When the term “organic” is used in the label, labeling, or advertisement of any fertilizer, the water insoluble nitrogen must not be less than 60% of the total guaranteed nitrogen so designated.

(e) Only those materials which actually constitute sources of primary, ~~and~~ secondary and micro plant nutrients shall be shown on the application for registration and the label under the statement “Derived from: ____”. Commercial, registered or copyrighted brand or trade names shall not be permitted in guarantees or listing of source materials and only in the product name or advertising claims of fertilizer produced by or for the firm holding or licensing the rights to such a name.

(g) Guarantees for secondary or micro plant nutrients except chelated forms of secondary or micro plant nutrients shall be as follows:

1. Magnesium (Mg) shall be expressed as “~~Total~~ Magnesium” if derived from insoluble compounds; “Soluble Magnesium” or “Water Soluble Magnesium” if derived from magnesium sulfate or other soluble compounds”; or both if derived from combinations of soluble and insoluble sources.

~~6. Magnesium (Mg) shall be expressed as “Soluble Magnesium” or “Water Soluble Magnesium” if derived from magnesium sulfate or other soluble compounds”; “Total Magnesium” if derived from other compounds; or both if derived from combinations of soluble and insoluble sources.~~

(2) FERTILIZER LABEL REQUIREMENTS FOR URBAN TURF, SPORTS TURF OR LAWNS.

(b) Fertilizer products labeled for use on sports turf, urban turf or lawns shall be no phosphate or low phosphate and have labeling that meets the restrictions set forth for the application of nitrogen.

1. ~~No phosphate fertilizers~~ ~~Fertilizers labeled as no~~ shall not contain more than 0.5% of available phosphate expressed as P₂O₅. The “grade” shall indicate a zero guarantee.

2. Fertilizers labeled as Low phosphate fertilizers shall have use directions that do not exceed an application rate of 0.25 lbs. P₂O₅/1,000ft² per application and not to exceed 0.50 lbs P₂O₅/1,000ft² per year.

3. Fertilizers labeled as or formulated for use as a starter fertilizers shall have use directions that do not exceed an application rate of 1.0 lb of P₂O₅/ 1,000 ft² and that subsequent applications shall be made with products meeting the definition of Low or No Phosphate fertilizers. The term” Starter Fertilizer” shall be part of the brand name.

~~4. Fertilizers labeled as urban turf or lawn fertilizer shall have use directions with a maximum application rate of 0.7 pounds of readily available nitrogen per 1,000 ft² per single application. For urban turf or lawn fertilizers containing sources of slowly available nitrogen, the maximum single application rate is 1.5 of nitrogen per 1,000 ft², provided that~~

~~the rate of readily available nitrogen does not exceed 0.7 pounds per 1,000 ft². The maximum annual loading of nitrogen is 5 pounds per 1,000 ft², regardless of the nitrogen source.~~

4. Fertilizers labeled as urban turf or lawn fertilizer shall have directions for use consistent with the recommendations in the following table:

Fertilization Guidelines for Established Turfgrass Lawns in Three Regions of Florida

Species	Nitrogen recommendations (lbs N / 1,000 ft ² /year)*		
	North	Central	South
Bahiagrass	2-3	2-4	2-4
Bermudagrass	3-5	4-6	5-7
Centipedegrass	1-2	2-3	2-3
St. Augustinegrass	2-4	2-5	4-6
Zoysiagrass	3-5	3-6	4-6

*Homeowner preferences for lawn quality and maintenance will vary, so we recommend a range of fertility rates for each grass species and location. Also, effects within a localized region (for instance, shade, drought, soil conditions and irrigation) will require using a range of fertility rates. These recommendations assume that grass clippings are recycled.

North Florida in this example is considered to be anything north of Ocala. Central Florida is defined as anything south of Ocala to a line extending from Vero Beach to Tampa. South Florida includes the remaining southern portion of the state.

5. Phosphorous shall not be applied at a rate greater than 0.25 lbs. P₂O₅/1,000 ft² per application not to exceed 0.50 lbs. P₂O₅/1,000 ft² per year unless an annual soil sample representative of the site shows the need for higher application rate.

6. Nitrogen shall not be applied at rate greater than 0.5 lbs. of soluble N/1,000 sq. ft. application not to exceed the total annual nitrogen recommendations in Fertilization Guidelines for Established Turfgrass Lawns in Three Regions of Florida per year unless an annual tissue test at the site of application shows a nitrogen deficiency.

7. The following language shall appear conspicuously on bags of fertilizer sold at retail: “Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.”

(c) Specialty fertilizers labeled for use on urban turf or lawns shall have directions for use that include:

1. ~~A maximum~~ Application rate for phosphorus shall not exceed 0.25 lbs. P₂O₅/1,000 ft² per application and not exceed 0.50 lbs. P₂O₅/1,000 ft² per year.

2. ~~A maximum~~ Application rate for nitrogen shall not exceed 0.5 lbs. of soluble N/1,000 sq. ft. application not to exceed the total annual Fertilization Guidelines for Established Turfgrass Lawns in Three Regions of Florida ~~1 lb per 1,000 ft² pursuant to subparagraph (b)4.~~

(d) Fertilizers labeled for use on sports turf at golf courses, parks and athletic fields shall:

1. Have directions for use not to exceed rates recommended in the document titled SL 191 “Recommendations for N, P, K, and Mg for Golf Course and Athletic Field Fertilization. Based on Mehlich I Extractant”, dated ~~March 2007~~ ~~October 2006~~ which is hereby adopted and incorporated by reference into this rule. Copies may be obtained from the Soil and Water Science Department, Florida Cooperative Extensive Service, Institute of Food and Agricultural Sciences, University of Florida, Gainesville, FL 32611 or the following website: <http://edis.ifas.ufl.edu/SS404>

(f) Existing Stock – Licensees are permitted to sell or distribute products that do not meet the label requirements of the rule for one ~~and one half years~~ ~~year~~ after the effective date of the rule. Products at the retail level on or after the effective date of the rule are permitted to be offered for sale.

(4) SLOW OR CONTROLLED RELEASE NUTRIENTS, STABILIZED NITROGEN AND ENHANCED EFFICIENCY FERTILIZERS.

(a) Definitions.

(1) Slow or controlled release fertilizer means a fertilizer containing a plant nutrient in a form which delays its availability for plant uptake and use after application, or which extends its availability to the plant significantly longer than a referenced “rapidly available nutrient fertilizer” such as ammonium nitrate or urea, ammonium phosphate or potassium chloride.

(2) Stabilized Nitrogen Fertilizer means a fertilizer to which a nitrogen stabilizer has been added.

(3) Nitrogen stabilizer means a substance added to a fertilizer which extends the time the nitrogen component of the fertilizer remains in the soil in the urea or ammoniacal form. Urease inhibitors and nitrification inhibitors are nitrogen stabilizers.

(4) Urease Inhibitor means a substance which inhibits hydrolytic action on urea by the urease enzyme. When applied to soils the effect of the urease inhibitor is less urea nitrogen lost by ammonia volatilization.

(5) N-(n-butyl) thiophosphoric triamide (NBPT) means a compound that is the normal butyl derivative of thiophosphoric triamide and is a urease inhibitor (CAS No. 94317-64-3).

(6) Nitrification Inhibitor means a substance that inhibits the biological oxidation of ammoniacal nitrogen to nitrate nitrogen.

(7) Cyanamide means a commercial product consisting principally of calcium cyanamide (CaNCN). It is a nitrification inhibitor.

(8) Dicyandiamide means a water soluble organic compound of formula C₂H₄N₄ which contains at least sixty-five percent 65% nitrogen. It is a source of slowly available nitrogen. It is a nitrification inhibitor.

(9) Ammonium Thiosulfate means a commercial product composed principally of (NH₄)₂S₂O₃. It is a nitrification inhibitor.

(10) Enhanced Efficiency Fertilizer means a fertilizer product with characteristics that minimize the potential of nutrient losses to the environment, as compared to a "reference soluble" product.

(b)(a) When one or more slow or controlled release, stabilized nitrogen or enhanced efficiency fertilizers nutrients are claimed or advertised, the guarantees for such nutrients shall be shown as a footnote following the listing of source materials and shall be expressed as percent of actual nutrient.

(c)(b) Listing of source materials providing slow or controlled release characteristics by controlling the water solubility of a naturally soluble material (as by coating or occlusion) shall constitute a claim of controlled release nutrient, and a guarantee for such nutrient shall be required.

(d)(e) Listing of source materials in which availability of nitrogen is controlled through slow hydrolysis of water soluble organic nitrogen compounds shall constitute a claim of slow or controlled release nutrient and a guarantee for such nutrient shall be required. The reference for such availability shall be the enzymatic hydrolysis of urea.

(e)(d) No guarantee, claim or advertisement shall be made or required when a slow or controlled release, stabilized nitrogen or enhanced efficiency nutrient is less than 15 percent of the total guarantee for that nutrient.

(7) REGISTRATION OF SPECIALTY FERTILIZER PRODUCTS. All specialty fertilizers to be sold within the state must be registered with the Bureau of Compliance Monitoring prior to any sale. Each product will be registered by filing the properly completed appropriate form with the Bureau. Only one form will be submitted for each product. Specialty fertilizer packaged, marketed, and distributed for home and garden use and packaged in quantities of forty-nine pounds or less (Specialty Fertilizer) will be registered upon the filing of properly completed Application for Specialty Fertilizer Registration (Fertilizer Form DACS-13220, Rev. 5/03), which is hereby incorporated by reference. Copies may be obtained from the Division of Agricultural Environmental Services, Bureau of Compliance Monitoring, 3125 Conner Boulevard, Building 8, Tallahassee, Florida 32399-1650.

(8) LICENSEE.

(a) Any person whose name is on a fertilizer label and who guarantees the fertilizer must obtain a license prior to distribution of that fertilizer to a non-licensee.

(b) A license will be granted upon receipt of a properly executed Application for Fertilizer License (Fertilizer Form DACS-13222, Rev. 5/03), which is hereby incorporated by reference. Copies may be obtained from the Division of Agricultural Environmental Services, Bureau of Compliance Monitoring, 3125 Conner Boulevard, Building 8, Tallahassee, Florida 32399-1650.

Should there be circumstances that would not allow that, the youth will be informed within 24 hours. Youth will be advised of their right to obtain a copy of the grievance either through a parent/legal guardian or upon release from detention.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

Economic Self-Sufficiency Program

RULE NO.: 65A-1.712
RULE TITLE: SSI-Related Medicaid Resource Eligibility Criteria

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 33, No. 8, February 23, 2007 issue of the Florida Administrative Weekly.

STATEMENT OF ESTIMATED REGULATORY COST: AARP, Inc., submitted a proposal for lower cost regulatory alternative to the proposed rule above on March 16, 2007 at the rule hearing. AARP believes the proposed amendments “tremendously increase the administrative burden and cost in the processing of applications, yet not appreciably further the objectives of the DRA in reducing Medicaid expenditures through curtailment of transfers”. The proposals include changing some of the policies and procedures of the amendments.

The Department did not prepare a statement of estimated regulatory costs for the Notice of Proposed Rule 65A-1.712, F.A.C., as the proposed rule does not impose any regulatory costs to the Department, the affected individuals or the general public. Rule 65A-1.712, F.A.C., implements mandatory federal Medicaid policies used to determine if an individual is eligible for Medicaid long-term care services.

Medicaid is a medical public assistance program for indigent individuals and paid by the taxpayers of the state. Application is voluntary and individuals are never required to apply for Medicaid coverage. Individuals that do apply must present documentation or verification to the Department to show the value of their resources, so DCF staff can determine if the individual’s resources fall within the federal resource standards to qualify for the program.

The proposed rule implements the Deficit Reduction Act of 2005 (signed by President Bush on February 8, 2006) which provides new regulations regarding the assets of individuals applying for or receiving Medicaid long-term care services. The rule does not change existing administrative requirement for applicants and recipients to verify their resources. It changes only how the Department must consider certain resources (that is, do we count them, not count them or impose a period of ineligibility) when determining if someone can qualify for Medicaid long-term care services.

The proposed rule does not change DCF’s responsibility to apply all federal and state policies when determining if individuals qualify for Medicaid before authorizing benefits. There are no changes in the responsibilities of the staff or the applicants. The Department does not impose any regulatory fees to apply for Medicaid. The process remains the same; only the policy as to what resources are considered and how they are considered has changed. The applicant applies for help and provides the facts of their situation, including their resources as well as income. The Department’s eligibility staff must evaluate each application to see that the individual meets all eligibility criteria according to federal and state Medicaid policies before approving benefits.

There are no regulatory costs imposed by the Department. There are no regulatory costs incurred by the Department. The process and operation remains the same for the applicants, recipients and the Department.

Description of impacted individuals: Individuals in need of long-term care services are disabled and aged individuals with serious health problems who apply for and/or receive Medicaid nursing home care, Medicaid home & community based waiver programs (alternatives to nursing home care) or Medicaid hospice services. The Department does not capture information regarding transfers of resources when no penalty period is imposed or information regarding resource provisions in DRA, so no data is available. Not all applicants transfer

resources to become Medicaid eligible and in fact, less than 1% of applicants last year reported resources that resulted in a period of ineligibility.

Estimate of cost to agency, state or local government to implement or enforce: No increased cost.

Estimate of transactional costs: None.

Estimate on small businesses, small counties and small cities: None.

The Department considers the proposal for lower cost regulatory alternative invalid, as there are no regulatory costs associated with implementation of these federally mandated Medicaid provisions. The process for determining Medicaid eligibility remains the same. Applicants must provide information about their financial situation. The Department must evaluate the facts and determine who is eligible for Medicaid long-term care services. The Department has implemented many new operational practices to simplify and modernize the process to apply for and receive public assistance in Florida. The new simplified procedures will apply to implementation of the DRA provisions as they apply to existing policies and procedures. The Department continues to work toward improving the eligibility process so it is not unnecessarily burdensome to our clients as well as our staff.

IF REQUESTED WITHIN 14 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW (IF NOT REQUESTED, THIS HEARING WILL NOT BE HELD):

DATE AND TIME: May 22, 2007, 3:00 p.m.

PLACE: 1317 Winewood Boulevard, Building 3, Room 455, Tallahassee, FL 32399

THE FULL TEXT OF THE PROPOSED RULE CHANGES:

65A-1.712 SSI-Related Medicaid Resource Eligibility Criteria

(1) No change.

(a) through (e) No change.

(f) For a Home and Community Based Waiver Services (HCBS) Program an individual cannot have countable resources that exceed \$2,000. If the individual's income falls within the MEDS-AD Demonstration Waiver limit, the individual can have resources up to \$5,000.

(2) No change.

(3) Transfer of Resources and Income. According to 42 U.S.C. § 1396p(c), if an individual, the spouse, or their legal representative, disposes of resources or income for less than fair market value on or after the look back date, the department must presume that the disposal of resources or income was to become Medicaid eligible and impose a period of ineligibility for nursing facility care services, institutional hospice or

HCBS waiver services. The department will mail a notice to individuals who report a transfer for less than fair market value without fair compensation (Form CF-ES 2264, Feb 2007 PDF 04/2002, Notice of Determination of Assets (Or Income) Resource/Income Transfer and Form CF ES 2264A, Feb 2007, Rebuttal/Hardship Request; incorporated herein by reference), advising of the opportunity to rebut the presumption and of the opportunity to request and support a claim of undue hardship per subparagraph (c)5. below. If the department determines the individual is eligible for Medicaid on all other factors of eligibility except the transfer, the individual will be approved for general Medicaid services (not long-term care services) and advised of their penalty period (Form 2358, Feb 2007, Medicaid Transfer Disposition Notice, incorporated herein by reference). The look back period is 36 months prior to the date of application, except in the case of a trust treated as a transfer in which case the look back period is 60 months prior to the date of application.

(a) The department follows the policy for transfer of assets mandated by 42 U.S.C. §§ 1396p and 1396r-5 ~~1396r~~. Transfer policies apply to the transfer of income and resources.

(b) No change.

1. No change.

2. A purchase of an annuity (and other transactions that change the course of an annuity payment or treatment of income or principal) made after (effective date) will be considered a transfer of assets for less than fair market value without fair compensation unless the annuity meets all of the following criteria for applicants at the time of approval and recipients at the time of annual review: (a) the state is named as the primary beneficiary (or secondary as appropriate pursuant to subparagraph (b)1. above); (b) the annuity is irrevocable and non-assignable; (c) the annuity pays principal and interest in equal amounts during the term of the annuity, with no balloon or deferred payments; and (d) the annuity is actuarially sound based on standards published by the Office of the Chief Actuary of the Social Security Administration called the Period of Life Table as set forth in Rule 65A-1.716, F.A.C. (Life Expectancy Tables). Annuities purchased for the community spouse after (effective date) must name the state as primary (or secondary) beneficiary pursuant to subparagraph (b)1. above and must be actuarially sound based on the community spouse's age and the life expectancy tables.

3. No change.

(c) No change.

1. through 4. No change.

5. A transfer penalty shall not be imposed if the department determines that the denial of eligibility due to transferred resources or income would work an undue hardship on the individual. Undue hardship exists when imposing a period of ineligibility would deprive an individual of food, clothing, shelter or medical care such that their life or health would be endangered. All efforts to access the resources or

income must be exhausted before this exception applies. The facility in which the institutionalized individual is residing may request an undue hardship waiver on behalf of the individual with ~~their consent or the consent of the individual or their designated personal~~ representative.

(d) No change.

1. through 3. No change.

4. A life estate interest purchased in another individual's home after (effective date) is considered a transfer of assets for ~~less than fair market value without fair compensation~~. If the individual has not lived in the home for at least one year, the full amount of the purchase price paid for the life estate will be considered an uncompensated transfer without considering the value of the life estate. If the individual has resided in the home for at least one continuous year, the value of the life estate will be considered compensation and will be calculated by multiplying the current market value of the property at the time of the purchase by the life estate factor that corresponds to the individual's age at the time of the purchase. The life estate tables are incorporated by reference from the Social Security Administration's online Program Operations Manual System (SI 01140.120) as found in Appendix A-17 of the Department's online manual located at www.dcf.state.fl.us/ess/. Brief absences from the life estate property ~~such as due to~~ stays in a rehabilitation facility or vacations may not disrupt the client's residency in the home. ~~The but the~~ facts of each absence will be evaluated to determine if the home continued to be the individual's principal place of residence such as whether the person's mail was delivered and received there or whether they paid the property taxes.

(e) through (f) No change.

(g) No change except for the final sentence in this paragraph which will be revised as follows: Once the penalty period is imposed, it will continue although the individual may no longer meet all factors of eligibility and may no longer qualify for Medicaid ~~long-term non-institutional~~ care benefits.

(4) No change.

(5)(a)1. through 3. No change.

4. The department will mail a notice to individuals whose home equity interest exceeds \$500,000 (Form CF-ES 2354, Feb 2007, Notice of Excess Home Equity Interest Greater Than \$500,000 and Form CF-ES 2354A, Feb 2007, Request for Waiver of Home Equity Limit, incorporated herein by reference), advising of the opportunity to have the home equity interest policy waived.

(b) An individual's entrance fee in a continuing care retirement community or life care community shall be considered a resource available to the individual to the extent that after (effective date), regardless of whether a refund is actually received, if the individual has the ability to use the entrance fee or the contract indicates the entrance fee may be used for care when the individual's income and assets are insufficient to pay for their care; the individual is eligible for a

refund of any remaining entrance fee upon death or termination of the contract; and the entrance fee does not confer an ownership interest in the retirement community.

NOTICE TO PROFESSIONAL CONSULTANTS

Florida Gulf Coast University Board of Trustees, announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project No.: BR-1054

Project and Location: Academic Building 7
 Fort Myers, Florida

Description of Project

As Florida Gulf Coast University student population continues to grow at a rate of 15 to 20% a year, there is a need for additional classroom and faculty/staff office spaces to keep pace with such population growth. Currently, the College of Arts and Sciences offices and classrooms are located in Whitaker Hall on the FGCU campus. Accordingly, this new building will provide additional spaces for CAS laboratory/lecture classrooms, administration and faculty/staff offices to supplement the adjacent Whitaker Hall building location. Likewise, in addition to the more traditional laboratories utilized by the sciences, the facilities program for this building also includes several areas to be utilized as SCALE-UP classrooms, which are predicated on problem-solving type of pedagogy and allows students work in "team" type of setting.

In general, the building will contain approximately 60,000 gross square feet and will be four stories in height. The design of the building will be complimentary to other campus buildings, and yet it will have a distinct appearance of its own. Academic Building 7 will be located west of the existing Whitaker Hall Building and east of the new Engineering Building, which will be under construction soon.

The selected architectural firm will provide design, construction documents, and administration services for the referenced project. The estimated cost of construction is approximately \$16,000,000 and the total project budget is approximately \$20,325,000. The project will utilize the Construction Management delivery method.

Instructions:

Firms desiring to apply for consideration shall submit a letter of application.

The letter of application should have attached the following:

1. A completed Board of Regents "Professional Qualifications Supplement," dated September 1999. Applications on any other form will not be considered.

An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.
