DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Fruit and Vegetables

RULE NOS.: RULE TITLES:

5G-6.001	Definitions
5G-6.003	Inspection
5G-6.005	Registration
5G-6.007	Best Management Practices

PURPOSE AND EFFECT: The purpose of this rule development is to develop rules to enhance the safety of fresh tomatoes produced, packed, repacked, distributed and sold in Florida or from Florida and to implement Chapter 2007-67, Laws of Florida, adopted during the 2007 Legislative Session. The rules will include the registration of tomato producers, packers and re-packers, and an educational component for tomato producers, packers, re-packers and workers. Procedures and processes will be developed to include tomato food safety inspections of tomato farms, tomato greenhouses, in tomato packing and re-packing houses. The rules will include guidelines entitled Tomato Good Agricultural Practices (T-GAP) which relate to field and greenhouse production and Tomato Best Management Practices (T-BMP) which relate to packinghouse operations and post-harvest handling. Preliminary guidelines have been drafted through a cooperative effort between the FDACS and the Florida Tomato Industry to implement needed practices and procedures for safe production and handling of tomatoes. These rules will have an effect on those establishments permitted by the FDACS in the State of Florida who produce or handle tomatoes from field production through packing.

SUBJECT AREA TO BE ADDRESSED: This rule development will address registration, inspection and educational requirements in the tomato industry for producers, packers, re-packers and workers. This rule development will address the adoption of the Tomato Good Agricultural Practices (T-GAP) and Tomato Best Management Practices (T-BMP) guidelines for performing tomato food safety inspections on the farm, in tomato greenhouses and in tomato packing houses.

LAND AND WATER ADJUDICATORY COMMISSION

Southeastern Community Development District

RULE NO.:	RULE TITLES:
42III-1.001	Establishment
42III-1.002	Boundary
42III-1.003	Supervisors

PURPOSE AND EFFECT: On February 2, 2007, the Florida Land and Water Adjudicatory Commission ("Commission") received a petition to establish the Southeastern Community Development District (the "District"). A revision to the petition was submitted on February 14, and March 15, 2007. The petition, as revised, filed by The St. Joe Company requests the Commission establish a community development district located entirely within the City of Tallahassee, and unincorporated Leon County, Florida. The land area proposed to be served by the District comprises approximately 1,034.98 acres. A general location map is contained as Exhibit 1 to the petition, as revised, to establish the District. The proposed land area is generally located north of Tram Road, east of Capital Circle S.E. and south of Apalachee Parkway. There are two out-parcels located within the external boundaries of the proposed District to be excluded from the District. The current owners' names and addresses of the two out-parcels are contained in the petition, as revised. The Petitioner either owns or has obtained written consent to establish the District from the owners of 100% of the real property located within the proposed District. The current plans within the District boundaries envision approximately 1,184 single family homes, 222 townhomes, 28 villas, 451 apartments and 200,000 square feet of commercial and office space. The District plans to finance certain master infrastructure improvements within the District boundaries. These improvements include roadways, entrance features, recreation improvements and storm water management facilities.

SUBJECT AREA TO BE ADDRESSED: Establishment of the Southeastern Community Development District.

SPECIFIC AUTHORITY: 190.005 FS.

LAW IMPLEMENTED: 190.004, 190.005 FS.

58A-5.0192 Core Training Provider Requirements.

(1) CORE TRAINING PROVIDER QUALIFICATIONS.

In order to be certified as an assisted living facility core training provider (hereafter referred to as "core training provider," "training provider," or "provider), an applicant must meet the requirements outlined in Section 429.52(9), F.S. In addition, an applicant must meet at least one of the requirements outlined in Section 429.52(10), F.S., or one of the requirements established in this subsection:

(a) Have been employed by the Agency for Health Care Administration (AHCA) as a surveyor of assisted living facilities for a minimum of two (2) years; or

(b) Have been employed as a surveyor of assisted living facilities in another state for a minimum of three (3) years; or

(c) Have been employed in a professional position for a minimum of two (2) years in the AHCA Central Office Assisted Living Unit, the Department of Elder Affairs Elder Housing Unit, or the Office of the State Long-Term Care Ombudsman.

(2) INITIAL CORE TRAINING PROVIDER REGISTRATION.

Before an applicant can provide core training, he or she must meet the training provider qualifications outlined in subsection (1) of this rule and register with the department according to this subsection.

(a) An applicant must complete DOEA Form ALFCT-001, Application for Assisted Living Facility (ALF) Core Training Provider Certification, Date, 2007. The form is hereby incorporated by reference and may be obtained from the Department of Elder Affairs, Elder Housing Unit, 4040 Esplanade Way, Tallahassee, Florida 32399-7000 or the department's Web site at <http://elderaffairs.state.fl.us/english/forms/DOEAformALFCT001>. The applicant must submit the application to the address referenced on the form.

(b) Within 30 calendar days after receiving the core training provider application, the approval authority must notify the applicant in writing of any omissions or apparent errors and request specific information needed. If the approval authority does not receive the requested information within 90 calendar days of the request, the application will be deemed incomplete and closed.

(c) The approval authority shall process training provider applications within 90 calendar days after all required information is received.

1. If the application is approved, the approval authority must provide written notification of its decision and include a unique provider number.

2. If the application is denied, the approval authority must provide written notification of its decision stating the reason or reasons for denial.

(3) MAINTAINING CORE TRAINING PROVIDER CERTIFICATION.

After receiving the initial core training provider certification, the provider must submit proof of his or her compliance with continuing education requirements as specified in Section 429.52(4), F.S.

(a) The provider must submit documentation to the approval authority at the address referenced on DOEA Form ALFCT-001 no later than thirty (30) calendar days after each two year continuing education cycle following the date of his or her initial core training provider certification referenced in subsection (2) of this rule. Documentation must include the:

1. Subject matter of the training program;
2. Training program agenda including topics discussed;
2. Trainee's name;
3. Date(s) of attendance;
4. Number of hours of the training program; and
5. Training provider's name, signature, credentials, and professional license number, if applicable.

(b) Within thirty (30) calendar days after receiving the continuing education documentation, the approval authority must notify the provider in writing of any omissions and request information needed. If the approval authority does not receive the requested information within ninety (90) calendar days of the omissions request, the provider's certification shall be revoked. The approval authority must provide written notification of its decision, including the reason for the revocation.

(c) The approval authority must process the continuing education documentation within 90 calendar days after all required information is received.

(d) If the continuing education hours are approved, the approval authority must provide written notification of its decision.

(e) Failure to submit proof of continuing education requirements within thirty (30) calendar days after each two year continuing education cycle shall result in revocation of the core training provider's certification. The approval authority must provide written notification of its decision, including the reason for the revocation.

(f) If continuing education hours submitted were obtained in topics not related to assisted living facilities, the provider's certification will be revoked. The approval authority must provide written notification of its decision, including the reason for the revocation.

(g) If the provider's certification is revoked under paragraphs (b), (e), and (f) of this subsection and the provider subsequently meets the continuing education requirements, the provider may re-apply for certification as specified in subsection (2) of this rule, and provide documentation that the continuing education requirements have been met.

(4) APPROVED CORE TRAINING PROVIDER RESPONSIBILITIES.

After a trainee successfully completes core training, the approved training provider shall issue a certificate to the trainee. The provider's signature shall serve as documentation that the trainee has completed the required training. The certificate shall include the following information:

- (a) The title of the course;
- (b) The number of hours of training;
- (c) The trainees name, dates of attendance, and location of training; and
- (d) The provider's name, provider approval number, and dated signature.

RULE NO.:	RULE TITLE:
69W-500.018	Exemption for the Offer or Sale of a Single-share Stock Certificate as a Gift

PURPOSE AND EFFECT: To provide an exemption from securities registration requirements for single-share stock certificates offered or sold as gifts.

SUBJECT AREA TO BE ADDRESSED: Exemption from Securities Registration Requirements

SPECIFIC AUTHORITY: 517.03(1), 517.061(19) FS.

LAW IMPLEMENTED: 517.061(19) FS.

IF REQUESTED IN WRITING AND NOT DEEMED UNNECESSARY BY THE AGENCY HEAD, A RULE DEVELOPMENT WORKSHOP WILL BE NOTICED IN THE NEXT AVAILABLE FLORIDA ADMINISTRATIVE WEEKLY.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE DEVELOPMENT AND A COPY OF THE PRELIMINARY DRAFT IS: Andrea Moreland, Office of Financial Regulation, The Fletcher Building, Suite 118, 200 E. Gaines Street, Tallahassee, FL 32399-0370, (850)410-9662

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

69W-500.018 Exemption for the Offer or Sale of a Single-share Stock Certificate as a Gift.

(1) In accordance with Section 517.061(19), Florida Statutes, the Office of Financial Regulation has determined that it is not in the public interest to subject transactions involving the offer or sale of single-share stock certificates to the registration requirements of Sections 517.07 and 517.12(1), Florida Statutes, when the certificates are mounted, matted, or framed, and sold as gifts, decorations, or novelty items at prices significantly higher than the market value of the stock. These transactions fall within the purview of the exemption criteria of Section 517.061(19), Florida Statutes, due to the small dollar amount of the securities involved and the limited character of the offering. These transactions are more analogous to the sale of retail goods than investment products. As a result, the public interest would not be served by the application of Sections 517.07 and 517.12(1), Florida Statutes to this type of transaction. In order for a transaction to qualify for an exemption from the registration requirements of Sections 517.07 and 517.12(1), Florida Statutes, under this rule, the offer or sale of the stock certificate must comport with all the following requirements:

(a) Such offer and sale of a single-share stock certificate by a framer is marketed as a gift, decoration, or novelty item.

(b) The single-share stock certificate is mounted, matted, or framed and sells for at least twice the purchase price of the underlying share of the stock at the time it was purchased by the single-share stock certificate retailer;

(c) The single-share stock certificate is not offered for investment purposes by the single-share stock certificate retailer;

(d) Such single-share stock certificate retailer does not offer investment advice, or directly or indirectly promote itself as a dealer, and is not paid compensation solely for single-share purchase transaction by the single-share stock certificate retailer;

(e) Such single-share purchase transaction by the single-share stock certificate retailer is made and intended, directly or indirectly, for the purpose of the sale of the stock certificate as a gift, decoration, or novelty item to the purchaser;

(f) The single-share purchase transaction by the single-share stock certificate retailer and the transfer of ownership of the single-share certificate to the purchaser must be completed within sixty (60) days after the purchase of the stock by the single-share stock certificate retailer; and

(g) Such offer and sale by a single-share stock certificate retailer is not made for the direct or indirect promotion of any scheme or enterprise with the intent of violating or evading any provision of Chapter 517, Florida Statutes.

(2) For purposes of this rule, the term "single-share stock certificate retailer" means a person or business entity engaged in the business of framing or mounting single-share stock certificates for retail sale to purchasers as gifts, decorations, or novelty items in accordance with the requirements of this rule. The term "single-share stock certificate retailer" also includes the employees of the person or business entity.

RULE CHAPTER NO.: RULE CHAPTER TITLE:
40C-2 Permitting of Consumptive Uses of Water
RULE NOS.: RULE TITLES:
40C-2.101 Publications Incorporated by Reference
40C-2.301 Conditions for Issuance of Permits

PURPOSE AND EFFECT: To implement an interim regulatory strategy for protecting the public interest against excessive stress on the water resources of Central Florida due to the consumptive use of water, providing for allocations of available groundwater and expeditious development of supplemental water supply projects to avoid the adverse effects of competition as well as harm to the water resources.

SUMMARY: The proposed rules identify an area (the Central Florida Coordination Area, or CFCA) in which stress on the water resources is rapidly increasing because of escalating withdrawals of groundwater for consumptive use. The rules provide an interim regulatory framework for the portion of the CFCA lying within the jurisdictional boundaries of the St. Johns River Water Management District (SJRWMD); other portions of the CFCA lie within the South Florida Water Management District and the Southwest Florida Water

Management District, which are also proposing to adopt rules similar to this one. The CFCA in the SJRWMD includes all of Seminole County, southern Lake County, and those portions of Orange and Osceola Counties located in the SJRWMD. Under the proposed rules, public supply utilities and similar applicants proposing to withdraw groundwater in the CFCA will generally be restricted to no more than their demonstrated 2013 demands. Such an applicant may be issued a permit with a duration of up to 20 years for its 2013 demand if the applicant develops and uses at least one specific supplemental water supply project (SWS) to meet all the increase in quantity above its demonstrated 2013 demand for the duration of the permit. Alternatively, the applicant may demonstrate that SWS development is infeasible for all the increase above its 2013 demand. In this case, the applicant must maximize use of SWS to meet as much of the increase as is feasible and use SWS for the remainder of the increase when provided by others at an economically feasible cost. Public supply utilities or similar applicants will be restricted to permit durations of no more than December 31, 2013, if such applicants do not develop SWS projects or use SWS to meet as much of their increases above 2013 demands as is feasible. The rules also provide clarifying definitions, a statement of intent, exceptions to the restrictions on groundwater allocations, a map and description of the portion of the CFCA lying within the District, a description of CFCA permit conditions, and a sunset provision. Additionally, the relationship between Rule 40C-2.301, F.A.C., and the Applicant’s Handbook: Consumptive Uses of Water will be clarified for all permit applicants in the SJRWMD. Finally, the definition of “reclaimed water” is broadened for such applicants.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost has been prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:

DATE AND TIME: Following the regularly scheduled Governing Board Meeting on October 9, 2007, which begins at 1:00 p.m.

PLACE: St. Johns River Water Management District Headquarters, Executive Building, 4049 Reid Street, Palatka, Florida

Any person who decides to appeal the Governing Board decision on this matter may need to ensure that a verbatim record of the proceeding is made to include testimony and evidence upon which the appeal is to be based. Any person requiring special accommodation to participate in this hearing is asked to advise the District at least 5 work days before the meeting by contacting Norma Messer at (386)329-4459 or (386)329-4450 (TDD).

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULES IS: Norma K. Messer, Rules Coordinator, Office of General Counsel, St. Johns River Water Management District 4049 Reid Street, Palatka, Florida 32178-2529, (386)329-4459, Suncom 860-4459, email address nmesser@sjrwmd.com

APPLICANT’S HANDBOOK SECTIONS

2.0 Definitions

(a) through (c) No change.

(d) Brackish Groundwater – For purposes of the additional permitting requirements within the Central Florida Coordination Area, brackish groundwater means groundwater in or below the Lower Floridan Aquifer that has chloride concentrations at or above 1000 milligrams per liter (mg/L) or total dissolved solids concentrations at or above 1500 mg/L.

(d) through (g) renumbered (e) through (h) No change.

(i) Demonstrated 2013 Demand – For purposes of the additional permitting requirements within the Central Florida Coordination Area, demonstrated 2013 demand means the quantity of water that an applicant establishes it will need to meet demands in 2013.

(j) Due Diligence – Taking all actions that a reasonably prudent person would take to meet the schedule requirements in the permit for developing and using all required supplemental water supplies. Particular circumstances beyond the permittee’s control will be considered in determining whether due diligence has been exercised.

(h) through (u) renumbered (k) through (x) No change.

(y) Public Supply Utility – Any municipality, county, regional water supply authority, special district, public or privately owned water utility, or multijurisdictional water supply authority, that provides water for use by the general public.

~~(z)(*)~~ Reclaimed Water – Water that is reused after one or more public supply, municipal, industrial, commercial or agricultural uses meets or exceeds FDEP standards for reuse and that is reused for a beneficial purpose after flowing out of any wastewater treatment facility.

(w) renumbered (aa) No change.

(bb) Saltwater – For purposes of the additional permitting requirements applicable within the Central Florida Coordination Area, saltwater means

ground or surface water having chloride concentrations at or above 19,000 milligrams per liter (mg/L).

(x) through (aa) renumbered (cc) through (ff) No change.

(gg) Similar Applicant – For purposes of the additional permitting requirements applicable within the Central Florida Coordination Area, a similar applicant means an applicant, other than a public supply utility, whose projected water demand after 2013 will exceed its demonstrated 2013 demand.

(hh) Supplemental Water Supply – For purposes of the additional permitting requirements applicable within the Central Florida Coordination Area (CFCA), supplemental water supply means surface water, stormwater, reclaimed water, and saltwater. Brackish groundwater may be considered a supplemental water supply if it can be developed in a manner that will not cause or contribute to

harmful impacts from cumulative groundwater withdrawals in the CFCA. This definition shall not govern the District's funding decisions made pursuant to Section 373.1961(3), F.S.

(bb) through (mm) renumbered (ii) through (tt) No change.

3.0 Activities Requiring a Permit

3.1 Implementation Date of the Consumptive Use Permitting Program

3.1.1 through 3.1.6 No change.

3.1.7 The effective date of implementation of additional permitting criteria for the District's Central Florida Coordination Area (CFCA) is (effective date). The CFCA is delineated in Figure 3.1-2. The legal description of the CFCA is in Appendix L.

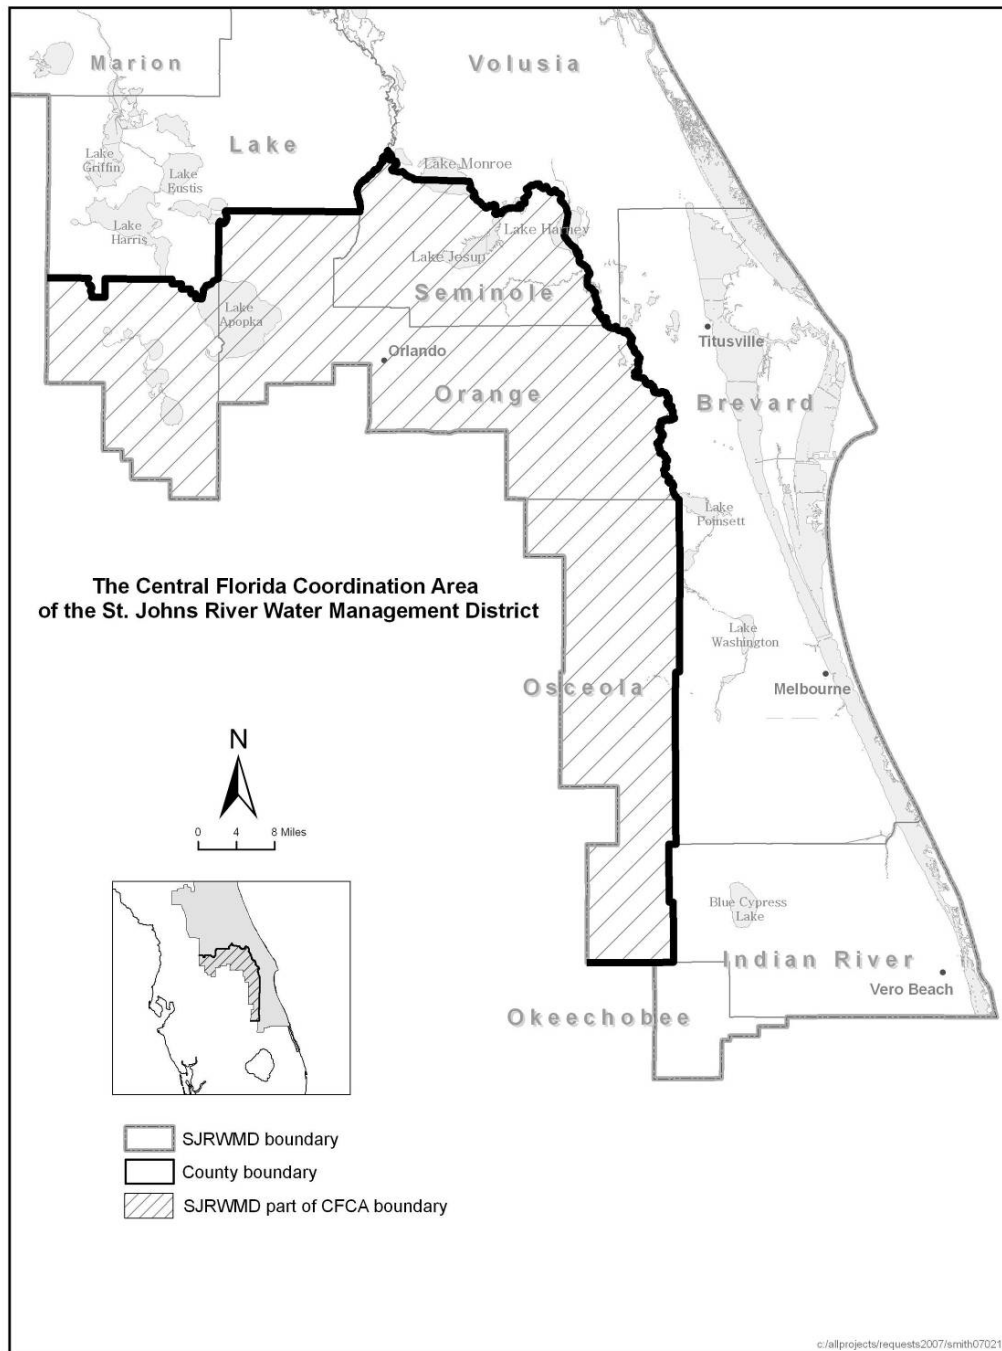

Figure 3.1-2 The Central Florida Coordination Area of the St. Johns River Water Management District.

6.5 Permit Duration

6.5.1 No change.

6.5.2 Durations other than 20 Years:

(a) and (b) No change.

(c) For a public supply utility or similar applicant proposing to withdraw groundwater in the Central Florida Coordination Area, the permit duration will be determined pursuant to section 6.5.4.

6.5.3 No change.

6.5.4 Permit Duration for Public Supply Utility Applicants and Similar Applicants in the Central Florida Coordination Area (CFCA)

(a) The maximum permit duration for a public supply utility applicant or similar applicant proposing to withdraw groundwater in the CFCA will be limited to December 31, 2013, unless the applicant will meet all the increase in its need for water after 2013 by using at least one supplemental water supply project as set forth in subsection 12.10(b) or otherwise comply with that subsection. If the applicant complies with subsection 12.10(b), the permit duration shall be up to 20 years, consistent with sections 6.5.1 through 6.5.3.

(b) When a public supply utility applicant or similar applicant cannot establish that it will use at least one supplemental water supply project to meet all the increase in its need for water after 2013 as set forth in subsection 12.10(b) or otherwise comply with that subsection, the permit duration will be determined in accordance with sections 6.5.1 through 6.5.3, but in no event shall the duration extend beyond 2013.

6.5.4 renumbered 6.5.5 No change.

12.0 Evaluation of Proposed Use of Water

12.1.1 Annual Allocation – No change.

12.1.2 Special Area – Central Florida Coordination Area.

(a) The Central Florida Coordination Area (CFCA) is located within portions of three water management districts and includes Polk, Orange, Osceola, and Seminole Counties, and southern Lake County. Within the St. Johns River Water Management District, the CFCA is the area delineated in Figure 3.1-2. In this area, stress on the water resources is escalating because of rapidly increasing withdrawals of groundwater. The public interest requires protection of the water resources from harm. The CFCA rules address the public interest by providing an interim regulatory framework to allow for the allocation of available groundwater in the area, subject to avoidance and mitigation measures to prevent harm, and by requiring the expeditious implementation of supplemental water supply projects (as defined in section 2.0). This interim regulatory framework is one component of a comprehensive joint water management district

strategy for regional water resource management that also includes regional water supply planning, alternative water supply project funding, and water resource investigations and analysis that will result in a long-term approach for water supply within the CFCA. The interim CFCA rules (as listed in section 12.1.2(b) below) shall remain in effect only through December 31, 2012, except that if the District initiates rulemaking to provide a long-term regulatory framework to replace the interim rules and a petition challenging all or part of the proposed rules is filed under Section 120.56 of the Florida Statutes before that date, the interim rules shall remain effective until 100 days after a final determination of the validity or invalidity of the proposed rules.

(b) Special additional rules apply to public supply utility applicants and similar applicants (see definitions in section 2.0) proposing to withdraw groundwater in the CFCA. These rules are found in subsections 2.0(d) (i), (j), (y), (bb), (gg), and (hh), and sections 6.5.4, 12.1.2, 12.10, 13.3, and 19.0.

12.2 through 12.9 No change.

12.10 Central Florida Coordination Area (CFCA)

The following requirements shall apply to any public supply utility applicant or similar applicant proposing to withdraw groundwater in the CFCA.

(a) An applicant will be restricted to a maximum allocation of groundwater in an amount no greater than its demonstrated 2013 demand; however, an applicant may seek a duration that extends beyond 2013 for that level of allocation.

(b) Any applicant seeking a permit duration extending beyond 2013 whose projected water demand after 2013 will exceed its demonstrated 2013 demand must:

1. Identify at least one specific supplemental water supply project that the applicant will develop (either singly or in concert with others) and use to meet all the increase in quantity above its demonstrated 2013 demand, for the duration of the permit; and provide for each identified project a project development schedule with milestones that when followed will result in the applicant's using supplemental water supply by the end of 2013; or

2. Demonstrate that the development (either singly or in concert with others) of a sufficient supplemental water supply to meet all the increase in quantity above its demonstrated 2013 demand is not economically, environmentally, or technologically feasible; and establish that it will maximize the use of supplemental water supply to meet as much of the increase as is economically, environmentally,

and technologically feasible and will obtain any remaining portion of the increase by using water from one or more supplemental water supply projects when provided by others at a cost that is economically feasible. The affordability of an increase in water rates for a public supply utility's customers is a consideration in evaluating economic feasibility; however, an increase in water rates shall not, by itself, constitute economic infeasibility.

- (c) The restriction in subsection 12.10(a) on groundwater allocations to an amount no greater than a permittee's demonstrated 2013 demand shall not limit permitted groundwater withdrawals from:
 - 1. Aquifer storage and recovery wells that receive only surface water, stormwater, or reclaimed water, when the volume of water withdrawn does not exceed the volume of water injected; or
 - 2. The surficial aquifer immediately below or adjacent to a stormwater management system or surface water reservoir where any drawdown in the surficial aquifer will be offset by recharge from the system or reservoir; or
 - 3. An injection/recovery wellfield that injects surface water, stormwater, or reclaimed water that is not provided to users in accordance with District rules, through one or more wells for storage within an aquifer zone and subsequently recovers it through wells from the same aquifer zone and in the same wellfield, when the volume of water withdrawn does not exceed the volume of water injected; or
 - 4. A recharge/recovery project that receives only surface water, stormwater, or reclaimed water that is not provided to users in accordance with District rules, when the volume of water recovered does not exceed the volume of water recharged, and the drawdown due to recovery of water from the Floridan aquifer will be offset in the:
 - a. surficial aquifer by recharge from the project, and
 - b. Floridan aquifer by recharge from the project, except immediately adjacent to the recovery well(s).
- (d) In determining the amount of supplemental water that must be used as set forth in subsection 12.10(b), the applicant may subtract the portion of its demand that the applicant demonstrates will be satisfied by water conservation under subsection 10.3(e), and the sources identified in paragraphs 12.10(c)1., 2., 3., and 4., in effect after 2013.
- (e) A permittee that will lack sufficient supplemental water supplies after 2013 from which to obtain the increase in quantity above its demonstrated 2013 demand can be allocated a temporary amount of

groundwater to meet that increase only if it has exercised due diligence to meet all schedule requirements in the permit for developing and using supplemental water supply and providing that other conditions for issuance in Rule 40C-2.301, F.A.C., and this Handbook are met. Any such temporary allocation shall cease when water from the supplemental water supply project becomes available.

13.0 Available Water/Competing Applications
13.1 and 13.2 No change.

13.3 Effect of the Central Florida Coordination Area (CFCA)

In adopting the interim CFCA rules, the District acknowledges the increasing stress on the water resources in the CFCA and the mandate of the legislature to foster the development of additional water supplies and avoid the adverse effects of competition. However, the interim CFCA rules do not abrogate the rights of the Governing Board or of any other person under Section 373.233, F.S. The CFCA regulatory framework provides a comprehensive strategy for interim allocations of available groundwater and expeditious development of supplemental water supply projects to minimize competition and thereby provide greater certainty of outcome than competition.

19.0 Central Florida Coordination Area (CFCA) Conditions

In addition to the general and special conditions described in this part, permits for public supply utility applicants and similar applicants authorizing groundwater withdrawals in the CFCA shall include special conditions that address the following:

- (a) Implementation of a District-approved plan to monitor hydrology, ecology, and water quality in areas subject to impacts from the permitted withdrawal, with at least annual data reporting and analysis.
- (b) Implementation of specific District-approved measures to mitigate or avoid harm that would otherwise occur as a result of the permitted allocation.
- (c) Implementation of District-approved mitigation or avoidance actions to address any unanticipated harm, if the District finds that harm will occur or has occurred as a result of the permit allocation.
- (d) Expeditious development and use of supplemental water supply to meet water demands.

- (e) Submittal of five-year compliance reports for 20-year duration permits as described in section 6.5.5.
- (f) The reduction in allocation or other modification to the permit, after review of each five-year compliance report or at any other time during the term of the permit, if needed to abate observed or projected harmful impacts as a result of the permitted use, unless the harmful impacts can be mitigated by the permittee. The permittee shall be provided with notice and an opportunity for a hearing under Chapter 120, F.S., if the District makes such a reduction or other modification.

20.0 ~~19.0~~ Other Conditions

In addition to the special conditions listed in subsection 18.0.1 and 19.0, the Governing Board may apply such other reasonable special conditions to meet localized problems as it deems necessary to ensure that the use meets the criteria established in Section 40C-2.301, F.A.C.

Southwest Florida Water Management District

RULE NOS.:	RULE TITLES:
40D-2.091	Publications Incorporated by Reference
40D-2.321	Duration of Permits
40D-2.801	Water-Use Caution Areas

PURPOSE AND EFFECT: To implement an interim regulatory strategy for protecting the public interest against excessive stress on the water resources of Central Florida due to the consumptive use of water, providing for allocations of available groundwater and expeditious development of supplemental water supply projects to avoid the adverse effects of competition as well as harm to the water resources.

SUMMARY: The proposed rules identify an area (the Central Florida Coordination Area, or CFCA) in which stress on the water resources is rapidly increasing because of escalating withdrawals of groundwater for consumptive use. The rules provide an interim regulatory framework for the portion of the CFCA lying within the jurisdictional boundaries of the Southwest Florida Water Management District (SWFWMD); other portions of the CFCA lie within the South Florida Water Management District and the St. Johns River Water Management District, which are also proposing to adopt rules similar to this one. The CFCA in the SWFWMD includes all of Polk County and southwestern Lake County located in the SWFWMD. Under the proposed rules, water supply utilities and similar applicants proposing to withdraw groundwater in the CFCA will generally be restricted to no more than their demonstrated 2013 demands. Such an applicant may be issued a permit with a duration of up to 20 years for its 2013 demand if the applicant develops and uses at least one supplemental water supply project (SWS) to meet all the increase in quantity above its demonstrated 2013 demand for the duration of the permit. Alternatively, the applicant may demonstrate that SWS development is infeasible for all the increase above its 2013 demand. In this case, the applicant must maximize use of SWS to meet as much of the increase as is feasible and use SWS for the remainder of the increase when provided by others at an economically feasible cost. Public supply utilities or similar applicants will be restricted to permit durations of no more than December 31, 2013, if such applicants do not develop SWS projects or use SWS to meet as much of their increases above 2013 demands as is feasible. The rules also provide clarifying definitions, a statement of intent, exceptions to the restrictions on groundwater allocations, including exceptions for withdrawals within the Southern Water Use Caution Area within the SWFWMD, a map and description of the portion of the CFCA lying within the SWFWMD, a description of CFCA permit conditions, and a sunset provision.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

40D-2.801 Water-Use Caution Areas.

(1) through (3)(b) No change.

(c) Central Florida Coordination Area ("CFCA") – The CFCA is located within portions of three water management districts and includes Polk, Orange, Osceola and Seminole counties, and southern Lake County. The portion of the CFCA located within this District is delineated below. In this area, stress on the water resources is escalating because of rapidly increasing withdrawals of groundwater. The public interest requires protection of the water resources from harm. The CFCA rules address the public interest by providing an interim regulatory framework to allow for the allocation of available groundwater in the area, subject to avoidance and mitigation measures to prevent harm, and by requiring the expeditious implementation of Supplemental Water Supply projects (as defined in Section 3.6 of the Basis of Review). This interim regulatory framework is one component of a comprehensive, joint water management district strategy for regional water resource management that also includes regional water supply planning, alternative water supply project funding and water resource investigations and analysis that will result in a long-term approach for water supply within the CFCA. The effective date of implementation of the interim CFCA rules is [effective date]. The interim CFCA rules shall remain in effect only through December 31, 2012, except that if the District initiates rulemaking to provide a long-term regulatory framework to replace the interim rules and a petition challenging all or part of the proposed rules is filed under Section 120.56 of the Florida Statutes before that date, the interim rules shall remain effective until 100 days after a final determination of the validity or invalidity of the proposed rules.

1. As shown in Figure 2-2, the boundary for the portion of the Central Florida Coordination Area located within this District is as follows:

Begin at the northwest corner of Section 6, Township 23 South, Range 24 East same being on the Sumter-Lake County line and run thence south along the range line dividing Ranges 23 and 24 East, to the thread of the Withlacoochee River; thence westerly along the thread of said river, to its intersection with the range line dividing Ranges 22 and 23 East; thence south

along said range line, to the township line dividing Townships 25 and 26 South; thence west along said township line, to the section line dividing Sections 3 and 4 in Township 26 South, Range 22 East; thence south along the section lines, to the township line dividing Townships 26 and 27 South; thence east along said township line, to the range line dividing Ranges 22 and 23 East; thence south along said range line, to an intersection with the range line between Ranges 22 and 23 East with the township line between Townships 32 and 33 South; thence east along said township line, to the southeast corner of Township 32 South, Range 28 East; thence north along the range line between Ranges 28 and 29 East, in Townships 32 and 31 South, to the northeast corner of Section 12 in Township 31 South, Range 28 East; thence east along the section line to the northeast corner of Section 7, Township 31 South, Range 29 East; thence north along the section line to the northwest corner of Section 17, Township 30 South, Range 29 East; thence east along the section line to the northeast corner of the west 1/2 of Section 17, Township 30 South, Range 29 East; thence north along the 1/2-section line to the northeast corner of the west 1/2 of Section 5, Township 30 South, Range 29 East; thence west along the section line to the southwest corner of Section 32, Township 29 South, Range 29 East; thence north along the section line to the northeast corner of Section 19 in Township 29 South, Range 29 East; thence west along the north boundaries of Section 19, Township 29 South, Range 29 East, and Sections 24, 23, 22, 21, and 20, Township 29 South, Range 28 East, to the northwest corner of said Section 20; thence north along the section line to the intersection of said section line with the west shore line of Lake Pierce in Township 29 South, Range 28 East; thence following the west shore of Lake Pierce to its intersection again with the west section line of Section 5, Township 29 South, Range 28 East; thence north along the section line to the northwest corner of Section 5, Township 29 South, Range 28 East; thence east along the township line to the southwest corner of Section 33, Township 28 South, Range 28 East; thence north along the section line to the northwest corner of the southwest 1/4 of the southwest 1/4 of Section 28, Township 28 South, Range 28 East; thence east along the 1/4-section line to the intersection of said 1/4-section line with Lake Pierce; thence follow the shore line northeasterly to its intersection with the 1/2-section line of Section 28, Township 28 South, Range 28 East; thence north on the 1/2-section line to the northwest corner of the southeast 1/4 of Section 28, Township 28 South, Range 28 East; thence east to the northeast corner of the southeast 1/4 of Section 28, Township 28 South, Range 28 East; thence south along the section line to the northwest corner of Section 3, Township 29 South, Range 28 East; thence east along the section line to the northeast corner of Section 3, Township 29 South, Range 28 East; thence north along the section line to the northwest corner of Section 23, Township 28 South, Range 28 East; thence west along the section line to the southwest corner of Section 16, Township 28 South, Range 28

East; thence north along the section line to the northwest corner of Section 16, Township 28 South, Range 28 East; thence west along the section line to the southwest corner of Section 8, Township 28 South, Range 28 East; thence north along the section line to the northwest corner of Section 5, Township 28 South, Range 28 East; thence west along the township line to the intersection of said township line with Lake Marion; thence following the south shore line of Lake Marion to its intersection again with said township line; thence west along the township line to the southeast corner of Section 36, Township 27 South, Range 27 East; thence north along the range line between Ranges 27 and 28 East to the intersection of said range line with Lake Marion; thence following the west shore of Lake Marion to its intersection again with the range line between Ranges 27 and 28 East; thence north along said range line, in Townships 27 and 26 South, to the northeast corner of Township 26 South, Range 27 East, being on the Polk-Osceola County line; thence west along the Polk-Osceola County line to the northwest corner of Township 26 South, Range 27 East; thence north along the section line to the Lake-Polk County line; thence west along the county line to the southwest corner of Section 32, Township 24 South, Range 26 East; thence into Lake County, north along the section lines to the northeast corner of Section 30, Township 24 South, Range 26 East; thence west along the section lines to the northeast corner of Section 28, Township 24 South, Range 25 East; thence north along the section lines to the northeast corner of Section 16, Township 24 South, Range 25 East; thence west along the section line to the northwest corner of Section 16, Township 24 South, Range 25 East; thence north along the section line to the northeast corner of Section 8, Township 24 South, Range 25 East; thence west along the section lines to the range line between Ranges 24 and 25; thence north along the range line to the northeast corner of Section 1, Township 23 South, Range 24 East, also being on the township line between Townships 22 and 23 South; thence west along the township line to the Point of Beginning.

2. Applications for groundwater withdrawals located within the areas encompassed both by the SWUCA, as described in paragraph 40D-2.801(3)(b), F.A.C., or deemed within the SWUCA pursuant to subparagraph 40D-2.801(3)(b)5., F.A.C., above, and the District's portion of the CFCA as described in paragraph 40D-2.801(3)(c), F.A.C., shall only be subject to the provisions of Chapter 40D-2, F.A.C., and the Basis of Review described in Rule 40D-2.091, F.A.C., applicable to groundwater withdrawals within the SWUCA. The CFCA provisions shall not be applicable to those permits. These provisions are in addition to all other regulations set forth in Chapter 40D-2, F.A.C., and Parts B and D of the Water Use Permit Information Manual.

3. Regulations applicable to the CFCA are specified in Rule 40D-2.321 and paragraph 40D-2.801(3)(c), F.A.C., and in Sections 1.9, 3.6 and 6.2 of the Basis of Review described in

Rule 40D-2.091, F.A.C., and are incorporated into this rule, and are in addition to all other regulations set forth in Chapter 40D-2, F.A.C., and Part B and D of the Water Use Permit Information Manual. The CFCA regulations shall not be construed to affect any water use permit application that does not have a groundwater withdrawal point within the CFCA.

4. Special requirements for Public Supply Utility applicants for groundwater withdrawals are explained in the provisions under the heading “REQUIREMENTS FOR APPLICANTS FOR GROUNDWATER WITHDRAWALS WITHIN THE CENTRAL FLORIDA COORDINATION AREA” set forth in Sections 1.9, 3.6 and 6.2 of the Basis of Review described in Rule 40D-2.091, F.A.C. In addition, a Similar Applicant, as defined in Section 3.6 of the Basis of Review, is subject to those requirements.

5. In adopting the interim CFCA rules, the District acknowledges the increasing stress on the water resources in the CFCA and the mandate of the legislature to foster the development of additional water supplies and avoid the adverse effects of competition. However, the interim CFCA rules do not abrogate the rights of the Governing Board or of

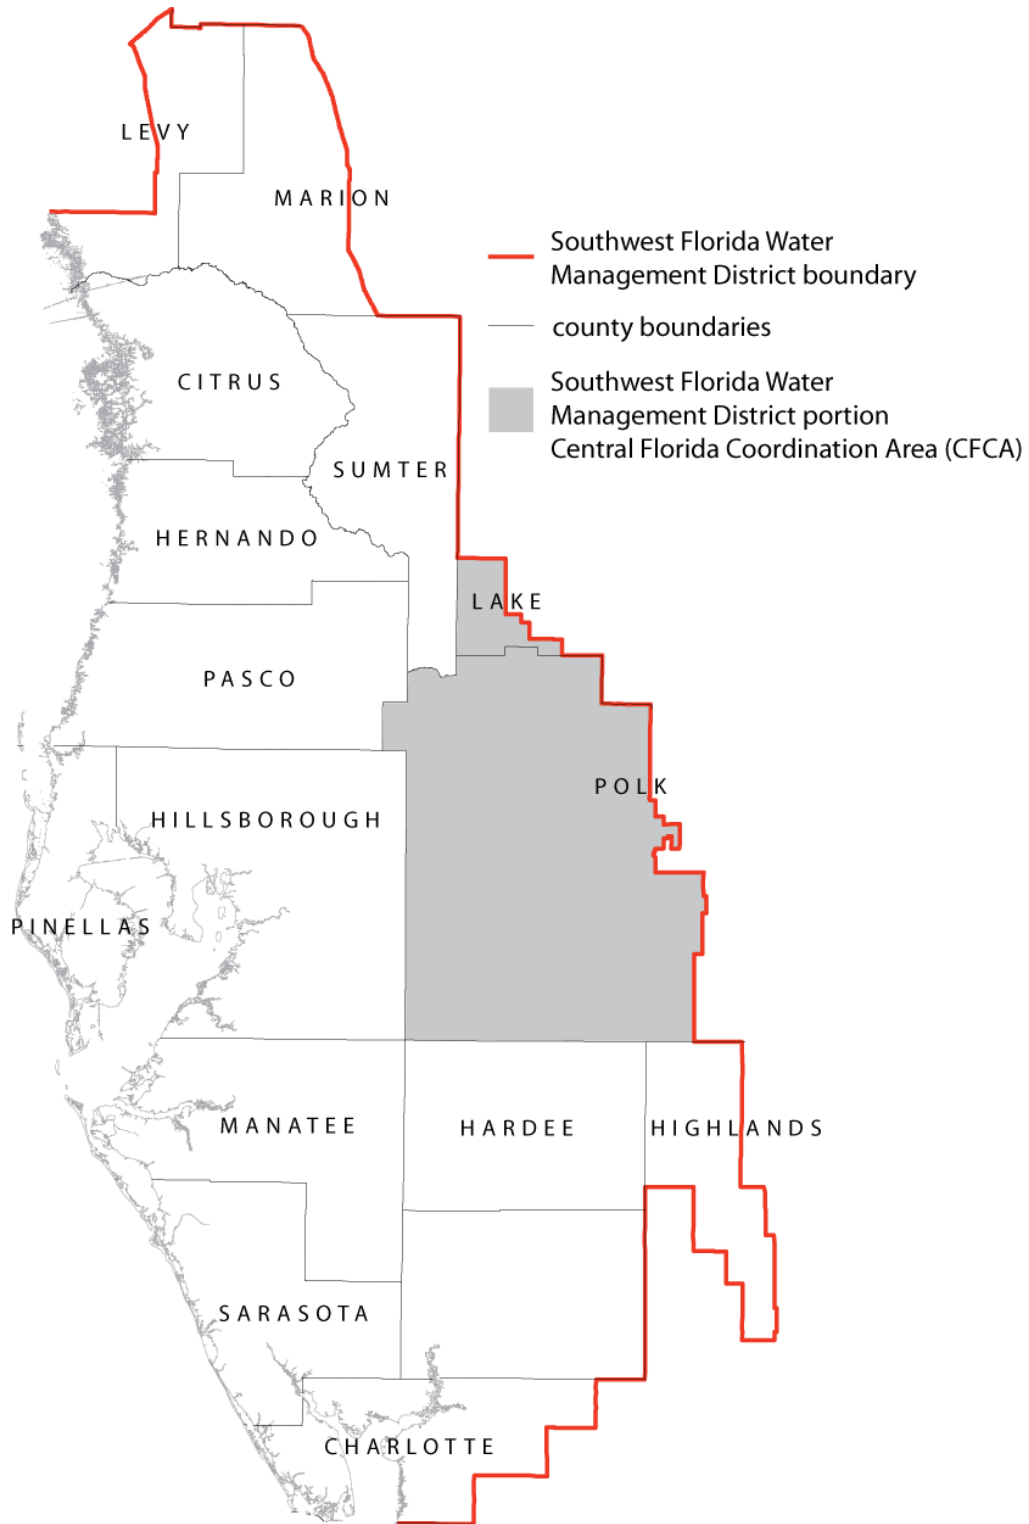

any other person under Section 373.233, F.S. The CFCA regulatory framework provides a comprehensive strategy for interim allocations of available groundwater and expeditious development of supplemental water supply projects to minimize competition and thereby provide greater certainty of outcome than competition.

6. Any Public Supply Utility applicant, or Similar Applicant described in subparagraph 40D-2.801(3)(c)4., F.A.C., above, with an existing or proposed groundwater withdrawal point within the boundaries of the CFCA is deemed to be within the CFCA, provided that the regulation of that withdrawal is governed by subparagraph 40D-2.801(3)(c)2., F.A.C., above.

7. The CFCA is a water resource caution area for purposes of Chapter 403, F.S., and Chapter 62-40, F.A.C.

1. through 5. No change.

6. Subject to the limitations on groundwater allocations explained in the provisions under the heading "REQUIREMENTS FOR APPLICANTS FOR GROUNDWATER WITHDRAWALS WITHIN THE CENTRAL FLORIDA COORDINATION AREA" set forth in Section 3.6 of the Basis of Review ("the Provisions"), within the Central Florida Coordination Area the maximum permit duration for a Public Supply Utility or Similar Applicant proposing to withdraw groundwater shall be limited to December 31, 2013, unless the applicant will satisfy the requirements of B.2.a. or b., of the Provisions. If the applicant satisfies the requirements of B.2.a. or b., the permit duration shall be up to 20 years.

3.6 PUBLIC SUPPLY

Requirements for APPLICANTS for GROUNDWATER WITHDRAWALS WITHIN THE Central Florida Coordination Area (CFCA)

A. The following definitions shall apply within the CFCA.

1. "Brackish Groundwater" – groundwater in or below the Lower Floridan Aquifer that has chloride concentrations at or above 1000 milligrams per liter (mg/L) or total dissolved solids concentrations at or above 1500 mg/L.

2. "Demonstrated 2013 Demand" – the quantity of water that an applicant establishes it will need to meet demands in 2013.

3. "Due Diligence" – Taking all actions that a reasonably prudent person would take to meet the schedule requirements in the permit for developing and using all required supplemental water supplies. Particular circumstances beyond the permittee's control will be considered in determining whether due diligence has been exercised.

4. "Public Supply Utility" – any municipality, county, regional water supply authority, special district, publicly or privately owned water utility, or multi-jurisdictional water supply authority, that provides water for use by the general public.

5. Saltwater – ground or surface water having chloride concentrations at or above 19,000 milligrams per liter (mg/L).

6. Similar Applicant – an applicant, other than a Public Supply Utility, whose projected water demand after 2013, will exceed its Demonstrated 2013 Demand.

7. Supplemental Water Supply – surface water, stormwater, water that is reused after one or more public supply, municipal, industrial, commercial or agricultural uses, and saltwater. Brackish groundwater may be considered a Supplemental Water Supply if it can be developed in a manner

that will not cause or contribute to harmful impacts from cumulative groundwater withdrawals in the CFCA. This definition shall not govern the District's funding decisions made pursuant to Section 373.1961(3), F.S.

B. The following requirements shall apply to any Public Supply Utility applicant and Similar Applicants proposing to withdraw groundwater in the CFCA.

1. Except as provided for in paragraph 2. below, an applicant will be restricted to a maximum allocation of groundwater in an amount no greater than its Demonstrated 2013 Demand; however, an applicant may seek a duration that extends beyond 2013 for that level of allocation.

2. Any applicant seeking a permit duration extending beyond the year 2013 whose projected water demand after 2013 will exceed its Demonstrated 2013 Demand must:

a. Identify at least one specific Supplemental Water Supply project that the applicant will develop (either singly or in concert with others) and use to meet all the increase in quantity above its Demonstrated 2013 Demand, for the duration of the permit; and provide for each identified project a project development schedule, with milestones that when followed, will result in the applicant using Supplemental Water Supply by the end of 2013; or

b. Provide the following:

i. A demonstration that the development (either singly or in concert with others) of sufficient Supplemental Water Supply to meet all the increase in quantity above its Demonstrated 2013 Demand is not economically, environmentally, or technically feasible; and

ii. Verification that will establish that the applicant will maximize the use of Supplemental Water Supply to meet as much of the increase as is economically, environmentally, or technologically feasible and will obtain any remaining portion of the increase by using water from one or more Supplemental Water Supply projects when provided by others at a cost that is economically feasible. The affordability of an increase in water rates for a Public Supply Utility's customers is a consideration in evaluating economic feasibility; however, an increase in water rates shall not, by itself, constitute economic infeasibility.

3. The restriction in paragraph B.1. immediately above on groundwater allocations to an amount no greater than a permittee's Demonstrated 2013 Demand shall not limit permitted groundwater withdrawals from:

a. Aquifer storage and recovery wells that receive only surface water, stormwater, or water that is reused after one or more public supply, municipal, industrial, commercial or agricultural uses, when the volume of water withdrawn does not exceed the volume of water injected, or

b. The surficial aquifer immediately below or adjacent to a stormwater management system or surface water reservoir where any drawdown in the surficial aquifer will be offset by recharge from the system or reservoir, or

c. An injection/recovery wellfield that injects surface water, stormwater, or water that is reused after one or more public supply, municipal, industrial, commercial or agricultural uses that is not provided to users in accordance with District rules, through one or more wells for storage within an aquifer zone and subsequently recovers it through wells from the same aquifer zone and in the same wellfield, when the volume of water withdrawn does not exceed the volume of water injected;
or

d. A recharge/recovery project that receives only surface water, stormwater, or water that is reused after one or more public supply, municipal, industrial, commercial or agricultural uses that is not provided to users in accordance with District rules, when the volume of water recovered does not exceed the volume of water recharged, and the drawdown due to recovery of water from the Floridan aquifer will be offset in the:

- i. Surficial aquifer by recharge from the project, and
- ii. Floridan aquifer by recharge from the project, except immediately adjacent to the recovery well(s).

4. In determining the amount of Supplemental Water Supply that must be used as set forth in paragraph B.2. above, the applicant may subtract the portion of its demand that the applicant demonstrates will be satisfied by water conservation and the sources identified in paragraphs B.3.a., b., c. and d immediately above, in effect after 2013.

5. A permittee that will lack sufficient Supplemental Water Supply after 2013 from which to obtain the increase in quantity above its Demonstrated 2013 Demand can be allocated a temporary amount of groundwater to meet that increase only if it has exercised Due Diligence to meet all schedule requirements in the permit for developing and using Supplemental Water Supply and providing that other conditions of issuance in Rule 40D-2.301, F.A.C., and Parts B and D of the Water Use Permit Information Manual are met. Any such temporary allocation shall cease when water from the Supplemental Water Supply project becomes available.

4.11 UTILIZATION OF ALTERNATIVE WATER SUPPLIES
Applicants shall demonstrate whether alternative water supplies are available and appropriate for use and shall incorporate use of alternative water supplies to the greatest extent practicable. Use of alternative water supplies is not environmentally feasible if it interferes with recovery of a water body to its established Minimum Flow or Level or if the water body is either currently or projected to be adversely impacted. In determining whether an Applicant has demonstrated that alternative water supplies are available and appropriate for use, the District shall consider whether the alternative water supplies are economically, environmentally and technically feasible. Additionally, applicants with groundwater withdrawals in the Central Florida Coordination Area are subject to the provisions in the Basis of Review in

Section 3.6, under the heading "Requirements For Applicants For Groundwater Withdrawals Within The Central Florida Coordination Area".

Amended 1-1-07, _____, 2007

6.2 SPECIAL PERMIT CONDITIONS

In addition to the general, standard and other conditions, permits for applicants specified in subparagraph 40D-2.801(3)(c)4., F.A.C., authorizing groundwater withdrawals in the CFCA shall include special conditions that address the following:

1. Implementation of a District-approved plan to monitor hydrology, ecology and water quality in the areas subject to impacts from the permitted withdrawals, with at least annual data reporting and analysis.

2. Implementation of specific District-approved measures to mitigate or avoid harm that would otherwise occur as a result of the permitted allocation.

3. Implementation of District-approved mitigation or avoidance actions to address any unanticipated harm, if the District finds that harm will occur or has occurred as a result of the permitted allocation.

4. Expeditious development and use of Supplemental Water Supply to meet water demands.

5. Submittal of five-year compliance reports as described in subsection 373.236(4), F.S., for 20-year duration permits.

6. The reduction in allocation or other modification of the permit, after review of each five-year compliance report or at any other time during the term of the permit, if needed to abate observed or projected harmful impacts as a result of the permitted use, unless the harmful impacts can be mitigated by the permittee. The permittee shall be provided with notice and an opportunity for a hearing under Chapter 120, F.S., if the District makes such a reduction or other modification.

PURPOSE AND EFFECT: To implement an interim regulatory strategy for protecting the public interest against excessive stress on water resources of Central Florida due to the consumptive use of water, providing for allocations of available groundwater and expeditious development of supplemental water supply projects to avoid the adverse effects of competition as well as harm to the water resources. In addition, the District proposes to update references to the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District.”

SUMMARY: The proposed rules identify an area (the Central Florida Coordination Area, or CFCA) in which stress on the water resources is rapidly increasing because of escalating withdrawals of groundwater for consumptive use. The rules provide an interim regulatory framework for the portion of the CFCA lying within the jurisdictional boundaries of the South Florida Water Management District (SFWMD); other portions of the CFCA lie within the St. Johns River Water Management District and the Southwest Florida Water Management District, which are also proposing to adopt rules similar to this one. The CFCA in the SFWMD includes portions of Orange, Osceola and Polk Counties located in the SFWMD. Under the proposed rules, public supply utilities and similar applicants proposing to withdraw groundwater in the CFCA will generally be restricted to no more than their demonstrated 2013 demands. Such an applicant may be issued a permit with a duration of up to 20 years for its 2013 demand if the applicant develops and uses at least one specific supplemental water supply project (SWS) to meet all the increase in quantity above its demonstrated 2013 demand for the duration of the permit. Alternatively, the applicant may demonstrate that SWS development is infeasible for all the increase above its 2013 demand. In this case, the applicant must maximize use of SWS to meet as much of the increase as is feasible and use SWS for the remainder of the increase when provided by others at an economically feasible cost. Public supply utilities or similar applicants will be restricted to permit durations of no more than December 31, 2013, if such applicants do not develop SWS projects or use SWS to meet as much of their increases above 2013 demands as is feasible. The rules also provide clarifying definitions, a statement of intent, exceptions to the restrictions on groundwater allocations, a map and description of the portion of the CFCA lying within the District, a description of CFCA permit conditions, and a sunset provision.

Additionally, the proposed rules update references to the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District.”

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(The following represents proposed changes to the “Basis of Review for Water Use Permit Applications Within the South Florida Water Management District, April 23, 2007”)

1.3.2.1 Competition within the Central Florida Coordination Area

In adopting the interim CFCA rules, the District acknowledges the increasing stress on the water resources in the CFCA and the mandate of the Legislature to foster the development of additional water supplies and avoid the adverse effects of competition. However, the interim CFCA rules do not abrogate the rights of the Governing Board or of any other person under Section 373.233, F.S. The CFCA regulatory framework provides a comprehensive strategy for interim allocations of available groundwater and expeditious development of supplemental water supply projects to minimize competition and thereby provide greater certainty of outcome than competition.

1.7.2.2 Special Duration Factors

- A. No change.
- B. Sources of Limited Availability. For purposes of the Section, the following are Sources of Limited Availability:

- 1. through 3. No change.
- 4. Kissimmee Regional Water Supply Planning Area within the Central Florida Coordination Area: Groundwater.

C. The following uses shall receive a 20 year permit, if:

- 1. For uses from sources other than those listed in subparagraphs B. 1. through 4., above, the allocation necessary to meet the 20 year demands is consistent with Chapters 40E-2 and 40E-20, F.A.C., as applicable, provided that the demands are realized according to the schedule set forth in the permit, for the duration of the permit; or
- 2. through 3. No change.

- 4. The applicant proposes groundwater withdrawals within the Central Florida Coordination Area to satisfy demands from that source up to its demonstrated 2013 demand and proposes to develop at least one specific supplemental water supply project to meet demands greater than the

2013 demand as set forth in subsection 3.2.1.F.3, or otherwise complies with subsection 3.2.1.F.3, and otherwise satisfies the requirements of Chapter 40E-2 or 40E-20, F.A.C., as applicable, for the duration of the permit.

- D. Requests for Allocations in Excess of Subsection 1.7.2.2.C.3., Permit Modifications, or Initial Permits, from Sources of Limited Availability other than applicants governed by subsection 1.7.2.2.C.4.:

The baseline duration under this Section shall be five years or as otherwise provided below. The following factors shall be considered and balanced in determining the duration of a permit:

- 1. through 3. No change.
- 4. Whether the requested allocation is supplied by a brackish water source, consistent with the use of saline water in Section 3.4; ~~or~~
- 5. Whether the modification of the permit results in no more than a de minimis increase in impact to water resources and existing legal uses, as compared to the existing permit. Consideration of this factor will lead to a duration consistent with the permit being modified; ~~or~~
- 6. A public supply utility applicant or similar applicant proposing groundwater withdrawals within the Central Florida Coordination Area and does not propose to satisfy demands greater than demonstrated 2013 demands with at least one specific supplemental water supply project as set forth in subsection 3.2.1.F.3, or does not otherwise comply with subsection 3.2.1.F.3. Consideration of this factor will lead to a maximum permit duration of up to 2013.

E. No change.

1.8 Definitions

Allocation Coefficient through Area of Influence – No change.
Brackish Groundwater – For purposes of the additional permitting requirements within the Central Florida Coordination Area (CFCA), brackish groundwater means groundwater in or below the Lower Floridan Aquifer that: has chloride concentrations at or above 1000 milligrams per liter (mg/L); has total dissolved solids concentrations at or above 1500 mg/L; or is located east of the C-35, C-36, and C-37 canals; south of latitude 28 degrees 7 minutes north; north of latitude 27 degrees, 54 minutes north and west of the District’s boundary lying between these two latitude lines as described in section 373.069(2)(e), F.S., delineated on Figure 3-3.

Cone of Depression through Drawdown – No change.
Demonstrated 2013 Demand – For purposes of the additional permitting requirements within the Central Florida Coordination Area demonstrated 2013 demand means the quantity of water that an applicant establishes it will need to meet demands in 2013.

Due Diligence – Taking all actions that a reasonably prudent person would take to meet the schedule requirements in the permit for developing and using all required supplemental water supplies. Particular circumstances beyond the permittee's control will be considered in determining whether due diligence has been exercised.

Effluent through Potentiometric Surface – No change.

Public Supply Utility – Any municipality, county, regional water supply authority, special district, public or privately owned water utility, or multi-jurisdictional water supply authority, that provides water for use by the general public.

Public Water Supply through Seasonal High Water Level – No change.

Seawater or Saltwater – Groundwater or surface water with a chloride concentration at or above 19,000 mg/L.

See page Irrigation System through Service Area – No change.

Similar Applicant – For purposes of the additional permitting requirements within the Central Florida Coordination Area (CFCA), a similar applicant means an applicant, other than a public supply utility, whose projected water demand after 2013 will exceed its demonstrated 2013 demand.

Staff report through Supplemental Irrigation Requirement – No change.

Supplemental Water Supply – For purposes of the additional permitting requirements applicable within the Central Florida Coordination Area (CFCA), supplemental water supply means surface water, stormwater, water that is reused after one or more public supply, municipal, industrial commercial or agricultural uses, and saltwater. Brackish groundwater may be considered a supplemental water supply if it can be developed in a manner that will not cause or contribute to harmful impacts from cumulative groundwater withdrawals in the CFCA. This definition shall not govern the District's funding decisions made pursuant to Section 373.1961(3), F.S.

Traveling Guns through Xeriscape – No change.

3.0 WATER RESOURCE EVALUATIONS

3.2.1 Restricted Allocation Areas

Due to concerns regarding water availability, the following geographic areas are restricted with regard to the utilization of specific water supply sources. These areas and sources include the following:

A. through E. No change.

F. Groundwater Allocation in the Central Florida Coordination Area (CFCA) –

1. Overall Intent:

The Central Florida Coordination Area (“CFCA”) is located within portions of three water management districts and includes Polk, Orange, Osceola and Seminole Counties, and southern Lake County. Within the South Florida Water Management District, the CFCA is the area delineated in Figure 3-4. As shown in Figure 3-4, the boundary for the portion of the CFCA located within this District is that portion

of the south line of Polk County and the South line of Osceola County as said county boundaries are described in Sections 7.53 and 7.49, F.S., respectively, lying within the boundaries of the South Florida Water Management District as described in subsection 373.069(2)(e), F.S. In this area, stress on the water resources is escalating because of rapidly increasing withdrawals of groundwater. The public interest requires protection of the water resources from harm. The CFCA rules address the public interest by providing an interim regulatory framework to allow for the allocation of available groundwater in the area, subject to avoidance and mitigation measures to prevent harm, and by requiring the expeditious implementation of supplemental water supply projects (as defined in Section 1.8). This interim regulatory framework is one component of a comprehensive, joint water management district strategy for regional water resource management that also includes regional water supply planning, alternative water supply project funding, and water resource investigations and analysis that will result in a long-term approach for water supply within the CFCA. The interim CFCA rules (as listed in section 3.2.1 (F) 1. (a) below) shall remain in effect only through December 31, 2012, except that if the District initiates rulemaking to provide a long-term regulatory framework to replace the interim rules and a petition challenging all or part of the proposed rules is filed under Section 120.56 of the Florida Statutes before that date, the interim rules shall remain effective until 100 days after a final determination of the validity or invalidity of the proposed rules.

(a) Special additional rules apply to public supply utility applicants and similar applicants (see definitions in section 1.8) proposing to withdraw groundwater in the CFCA. These rules are found in section 1.3.2.1, subsections 1.7.2.2 B.4., 1.7.2.2 C.4., 1.7.2.2 D.6., section 1.8, the Definitions for Brackish Groundwater, Demonstrated 2013 Demand, Due Diligence, Public Supply Utility, Saltwater, Similar Applicant and Supplemental Water Supply, subsection 3.2.1 F, and subsection 5.3 F.

2. Maximum Allocation:

Public supply utility applicants and similar applicants proposing to withdraw groundwater in the CFCA, are restricted to a maximum allocation of groundwater in an amount no greater than its demonstrated 2013 demand, however, an applicant may seek a duration that extends beyond 2013 for that level of allocation. This restriction shall not limit permitted groundwater withdrawals from:

- a. Aquifer storage and recovery wells that receive only surface water, stormwater, or reclaimed water, when the volume of water withdrawn does not exceed the volume of water injected; or
 - b. The surficial aquifer immediately below or adjacent to a stormwater management system or surface water reservoir where any drawdown in the surficial aquifer will be offset by recharge from the system or reservoir; or
 - c. An injection/recovery wellfield that injects surface water, stormwater, or reclaimed water that is not provided to users in accordance with District rules, through one or more wells for storage within an aquifer zone and subsequently recovers it through wells from the same aquifer zone and in the same wellfield, when the volume of water withdrawn does not exceed the volume of water injected; or
 - d. A recharge/recovery project that receives only surface water, stormwater, or reclaimed water that is not provided to users in accordance with District rules, when the volume of water recovered does not exceed the volume of water recharged, and the drawdown due to recovery of water from the Floridan aquifer will be offset in the:
 - i. surficial aquifer by recharge from the project, and
 - ii. Floridan aquifer by recharge from the project, except immediately adjacent to the recovery well(s).
3. Water Supply Project Development:
Any applicant seeking a permit duration extending beyond 2013 whose projected water demand after 2013 will exceed its demonstrated 2013 demand must:
- a. Identify at least one specific supplemental water supply project that the applicant will develop (either singly or in concert with others) and use to meet all the increase in quantity above its demonstrated 2013 demand, for the duration of the permit; and provide
- b. for each identified project, a project development schedule with milestones that when followed will result in the applicant's using supplemental water supply by the end of 2013; or
 - b. Demonstrate that the development (either singly or in concert with others) of a sufficient supplemental water supply to meet all the increase in quantity above its demonstrated 2013 demand is not economically, environmentally, or technologically feasible; and establish that it will maximize the use of supplemental water supply to meet as much of the increase as is economically, environmentally, or technologically feasible and will obtain any remaining portion of the increase by using water from one or more supplemental water supply projects when provided by others at a cost that is economically feasible. The affordability of an increase in water rates for a public supply utility's customers is a consideration in evaluating economic feasibility; however, an increase in water rates shall not, by itself, constitute economic infeasibility.
 - c. In determining the amount of supplemental water that must be used as set forth in subsection 3.2.1.F.3, the applicant may subtract the portion of its demand that the applicant demonstrates will be satisfied by water conservation under subsection 2.6.1 and the sources identified in subsections 3.2.1.F.2.a., b., c., and d., in effect after 2013.
4. Due Diligence:
A permittee that will lack sufficient supplemental water supplies after 2013 from which to obtain the increase in quantity above its demonstrated 2013 demand can be allocated a temporary amount of groundwater to meet that increase only if it has exercised due diligence to meet all schedule requirements in the permit for developing and using supplemental water supply and providing that other conditions for issuance in Rule 40E-2.301, F.A.C., and this Basis of Review are met. Any such temporary allocation shall cease when water from the supplemental water supply project becomes available.

5.0 PERMIT CONDITIONS

5.3 Specific Region Special Conditions

A. through E. – No change.

E. In addition to the general and other special conditions described in this part, permits for public supply utility applicants and similar applicants withdrawing groundwater in the CFCA shall include special conditions that address the following:

- a. Implementation of a District-approved plan to monitor hydrology, ecology, and water quality in areas subject to impacts from the permitted withdrawal, with at least annual data reporting and analysis.
- b. Implementation of specific District-approved measures to mitigate or avoid harm that would otherwise occur as a result of the permitted allocation.
- c. Implementation of District-approved mitigation or avoidance actions to address any unanticipated harm, if the District finds that harm will occur or has occurred as a result of the permit allocation.
- d. Expeditious development and use of supplemental water supply to meet water demands.
- e. Submittal of five-year compliance reports for 20 year duration permits as described in subsection 373.236(4), F.S.
- f. The reduction in allocation or other modification to the permit, after review of each five-year compliance report or at any other time during the term of the permit, if needed to abate observed or projected harmful impacts as a result of the permitted use, unless the harmful impacts can be mitigated by the permittee. The permittee shall be provided with notice and an opportunity for a hearing under Chapter 120, F.S., if the District makes such a reduction or other modification.

40E-2.301 Conditions for Issuance of Permits.

(1) (a) through (g) No change.

(h) Makes use of a reclaimed water source in accordance with the criteria contained in the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District — April 23, 2007”, incorporated by reference in Rule 40E-2.091, F.A.C.

(1)(i) through (j) No change.

(2) In order to satisfy the conditions for permit issuance in subsection (1), the permit applicant must provide reasonable assurances that the criteria in the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District April 23, 2007”, incorporated by reference in Rule 40E-2.091, F.A.C., are met.

40E-2.321 Duration of Permit.

General Duration Provision. When requested by an applicant, a consumptive use permit shall have a duration of 20 years provided the applicant provides sufficient data to demonstrate reasonable assurance that the proposed use meets the conditions for issuance for the requested 20 year permit duration; or otherwise, permits may be issued for a shorter duration that reflects the period for which such reasonable assurances can be provided. This determination will be made pursuant to requirements in Rule 40E-2.301, F.A.C., and the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District”, incorporated by reference in Rule 40E-2.091, F.A.C.

40E-2.331 Modification of Permits.

(1) through (3) No change.

(4)(a) through (4)(a)2. No change.

3. Does not potentially interfere with any presently existing legal use of water, cause environmental harm, saltwater intrusion, pollution of the water resources, harm to offsite land uses, or does not otherwise raise issues requiring a Staff determination of whether such impacts would occur pursuant to the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District — April 23, 2007”, incorporated by reference in Rule 40E-2.091, F.A.C.; and

40E-2.381 Limiting Conditions.

The Board shall impose on any permit granted under this chapter such reasonable standard and special permit conditions as are necessary to assure that the permitted use or withdrawal will be consistent with the overall objectives of the District, will not be harmful to the water resources of the District, is reasonable-beneficial, will not interfere with any presently existing legal uses, and is consistent with the public interest. Standard permit conditions in Section 5.1 of the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District April 23, 2007”, incorporated by reference in Rule 40E-2.091, F.A.C., shall be set forth in the permit. Special permit conditions, including

those specified in Section 5.2 of the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District ~~April 23, 2007~~”, incorporated by reference in Rule 40E-2.091, F.A.C., shall be set forth in the permit.

PURPOSE AND EFFECT: To implement an interim regulatory strategy for protecting the public interest against excessive stress on water resources of Central Florida due to the consumptive use of water, providing for allocations of available groundwater and expeditious development of supplemental water supply projects to avoid the adverse effects of competition as well as harm to the water resources. In addition, the District proposes to update references to the “Basis of Review” for Water Use Permit Applications within the South Florida Water Management District.

SUMMARY: The proposed rules identify an area (the Central Florida Coordination Area, or CFCA) in which stress on the water resources is rapidly increasing because of escalating withdrawals of groundwater for consumptive use. The rules provide an interim regulatory framework for the portion of the CFCA lying within the jurisdictional boundaries of the South Florida Water Management District (SFWMD); other portions of the CFCA lie within the St. Johns River Water Management District and the Southwest Florida Water Management District, which are also proposing to adopt rules similar to this one. The

CFCA in the SFWMD includes portions of Orange, Osceola and Polk Counties located in the SFWMD. Under the proposed rules, public supply utilities and similar applicants proposing to withdraw groundwater in the CFCA will generally be restricted to no more than their demonstrated 2013 demands. Such an applicant may be issued a permit with a duration of up to 20 years for its 2013 demand if the applicant develops and uses at least one specific supplemental water supply project (SWS) to meet all the increase in quantity above its demonstrated 2013 demand for the duration of the permit. Alternatively, the applicant may demonstrate that SWS development is infeasible for all the increase above its 2013 demand. In this case, the applicant must maximize use of SWS to meet as much of the increase as is feasible and use SWS for the remainder of the increase when provided by others at an economically feasible cost. Public supply utilities or similar applicants will be restricted to permit durations of no more than December 31, 2013, if such applicants do not develop SWS projects or use SWS to meet as much of their increases above 2013 demands as is feasible. The rules also provide clarifying definitions, a statement of intent, exceptions to the restrictions on groundwater allocations, a map and description of the portion of the CFCA lying within the District, a description of CFCA permit conditions, and a sunset provision. Additionally, the proposed rules update references to the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District.”

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(2) District staff shall take agency action on applications submitted under this rule pursuant to Section 373.118, F.S., and this chapter. If an application for any proposed water use does not meet the provisions of this chapter, the District will provide the permit applicant with the option to either withdraw the general permit application, or supply the additional information and fee required for an individual permit. In the event one of these options is not selected, staff will recommend that the Governing Board deny the general permit application. Where applicable, criteria in the “Basis of Review for Water Use Permit Applications within the South Florida Water Management District ~~April 23, 2007~~”, incorporated by reference in Rule 40E-20.091, F.A.C., will be utilized to determine whether the conditions for issuance in Rule 40E-20.301, F.A.C., are satisfied.

RULE NO.: 59G-4.199

RULE TITLE: Mental Health Targeted Case Management

PURPOSE AND EFFECT: The purpose of this rule is to incorporate by reference Update June 2007 to the Florida Medicaid Mental Health Targeted Case Management Coverage and Limitations Handbook, July 2006. The handbook was revised to remove the enrollment requirement for all Medicaid mental health targeted case management providers to have an active contract with the Substance Abuse and Mental Health (SAMH) district or regional office for the location in which the agency will provide services. We also added clarification that only fee-for-service providers must enroll as Medicaid mental health targeted case management providers. The effect will be to incorporate by reference in the rule Update June 2007 to the Florida Medicaid Mental Health Targeted Case Management Coverage and Limitations Handbook.

SUMMARY: The purpose of this rule is to incorporate by reference Update June 2007 to the Florida Medicaid Mental Health Targeted Case Management Coverage and Limitations Handbook, July 2006. The effect will be to incorporate by reference in the rule Update June 2007 to the Florida Medicaid Mental Health Targeted Case Management Coverage and Limitations Handbook.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: RULE TITLE:

62-113.100 Purpose

PURPOSE AND EFFECT: The rule will repeal the City of Tallahassee's delegation to review and take agency action on stormwater general permits under Chapter 62-25, F.A.C., on behalf of the Department. This delegation was granted to the City on January 29, 1998, per the Delegation Agreement incorporated by reference in paragraph 62-113.100(2)(o), F.A.C. Upon implementation of the Phase 1 Environmental Resource Permit (ERP) program rules authorized under Section 373.4145, F.S., on October 1, 2007, Chapter 62-25, F.A.C., will no longer be used to authorize new stormwater management systems within the geographic limits of the Northwest Florida Water Management District, which includes the City of Tallahassee. At this time, the City has elected not to pursue delegation of the new ERP program. Therefore, the Department is repealing the Delegation Agreement, effective on the close of business, Friday, September 28, 2007.

Under the terms of the Delegation Agreement, the City will remain responsible for the review and agency action on applications for stormwater general permits that are complete on or before September 28, 2007. The City also will remain responsible for compliance and enforcement for those stormwater discharge systems that were permitted by the City under the terms of the Delegation Agreement. For all other applications for new stormwater management systems that require a permit under the ERP rules authorized under Section 373.4145, F.S., on or after October 1, 2007, the review, agency action, compliance, and enforcement will be the responsibility of either the Department or the Northwest Florida Water Management District, in accordance with the new rules.

The repeal of the Chapter 62-25, F.A.C., stormwater delegation will not change the authority of the City to continue requiring a separate local authorization to construct and operate stormwater management systems within the City after the termination of the Delegation Agreement.

SUMMARY: The rule will repeal the incorporation by reference in paragraph 62-113.100(2)(o), F.A.C., of the Delegation Agreement #98-1, "Delegation Agreement Concerning Stormwater Between the Department of Environmental Protection and the City of Tallahassee," signed January 29, 1998.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

62-113.100 Purpose.

This rule chapter lists the delegation agreements which have been entered into by the Department with another state agency, political subdivision or water management district, and which delegate any of the Department's duties and responsibilities under Chapters 253, 373, 376 and 403, F.S., and Title 62, F.A.C. This rule chapter additionally lists the agreements with water management districts which specify that the Department is exercising any of its independent regulatory authorities pursuant to Chapter 373, F.S. For purposes of Title 62, F.A.C., wherever the term "Department" appears, it shall mean the Florida Department of Environmental Protection or its delegatee as provided in the agreements listed in Chapter 62-113, F.A.C. PURPOSE AND EFFECT: The purpose of the proposed rule change is to incorporate technical and scientific advancements that promote the protection of the public from a safety, health, and sanitation perspective. The effect of these changes will be to update the department’s rules to more accurately reflect today’s safety and health standards based on the Food and Drug Administration, Centers for Disease Control and Prevention, other safety related data resource guidelines and make the rules more easily understandable for the regulated community and regulatory officials. Additionally, the purpose of the proposed change is to clarify identified standards in the existing rule as requested by the regulated community and regulatory officials. Effects of these changes will provide added clarity to existing rule language.

SUMMARY: This rule is being revised in order to define terms used in statute and rule that have been identified as confusing or ambiguous, as well as incorporate current safety, health and general sanitation requirements that better safeguard the public against illnesses, injury, and disease.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory cost was prepared.

64E-12.001 General.

(1) This rule ~~chapter~~ prescribes sanitary practices relating to construction, operation and maintenance of ~~c~~Community ~~b~~Based ~~r~~Residential facilities. ~~If a requirement there is any written or implied language in this rule chapter that may conflict with a specific requirement in any other Florida state licensing agency's rule, then that agency's standards shall prevail and will be addressed by that agency's officials written to regulate a specific type community based residential facility, the rule written for that specific type establishment will be followed.~~

(2) Base camps of wilderness programs shall be exempt from subsections (6) and (7) of Rule 64E-12.005, F.A.C., of this chapter, and the mobile components of wilderness programs shall be exempt from all sections of this rule.

(3) Personal services may be provided to the residents through coordinated outsourcing by the community based residential facility or by a contract provider.

Specific Authority 381.006, 381.006(16) FS. Law Implemented 381.006(6), (16), 386 FS. History--New 6-18-87, Formerly 10D-23.001, Amended _____.

64E-12.002 Definitions.

For the purpose of this chapter, the following words and phrases shall have the meaning indicated:

(1) Approved – means acceptable by law.

(2)(+) Community Based Residential Facilities – means group care facilities as established under Section 381.006(16), F.S., used as a primary domicile by the resident and located in any building or buildings, section of a building, or distinct part of a building or other place, whether operated for profit or not, which undertakes, through its ownership or management, to

provide for a period exceeding 24 hours, housing, food service, and one or more personal services for persons not related to the owner or administrator by blood or marriage, who require such services. This term does not include family foster homes as defined in paragraph 409.175(2)(e), F.S., or foster care facilities as defined in subsection 393.063(15) of the Florida Statutes, and correctional facilities, such as detention centers, jails or prisons.

(3) Department – means the Florida Department of Health and county health departments.

(4) Food Preparation – means the manipulation of foods intended for human consumption by such means as washing, slicing, peeling, chipping, shucking, scooping, and or portioning. The term also includes those activities involving temperature changes, combining ingredients, opening ready-to-eat food packages, or any other activity causing physical or chemical alterations in the food.

(5) Hot Water – means water heated to a minimum temperature of 100 degrees Fahrenheit (°F).

(6) Law – means applicable statutes, rules, codes, or ordinances adopted by local, state, and federal agencies that have regulatory oversight or inspection authority.

(7) Minor – means any person under the age of 18 years old.

(8) Open Water Hazard – means any body of water such as canals, creeks, holding ponds, rivers, lakes, or swamps which are unrestricted by a barrier at least 4 feet in height, on or abutting the property of a community based residential facility. This term does not include pools or spas and small ornamental fish ponds, or above ground fountains which are less than 24 inches deep and have less than 200 square feet of surface area.

(9) Personal Services – means providing supervision, custodial care, or assisting a resident with the tasks or functions in their daily living activities, such as bathing, dressing, laundry, eating, ambulation, grooming, toileting, or monitoring medications.

(10) Potentially Hazardous Food – means any perishable food which consists in whole or in part of milk or milk products, eggs, meat, poultry, fish, shellfish, edible crustacea, or other ingredients, including synthetic ingredients, in a form capable of supporting:

(a) Rapid and progressive growth of infectious or toxigenic microorganisms; or

(b) The slower growth of Clostridium botulinum. The term “potentially hazardous food” does not include foods which have a pH level of 4.6 or below, or a water activity (Aw) value of 0.85 or less, or air-cooled hard-boiled eggs with the shell intact.

(11) Renovation – means any structural or equipment changes in the food storage, service, preparation, or dining area. This does not include replacing existing equipment with like equipment. Substantial renovation includes structural

changes to an existing establishment which costs in excess of 33 percent of the assessed value of the facility as determined by the county property appraiser.

(12)(2) Resident – means a person living residing in and receiving personal services care from a community based residential facility, or personal services through coordinated outsourcing, typically due to a specific emotional, social, or health related condition.

(13) Vector – means an organism that transmits a pathogen. This term includes, but is not limited to insects, rodents and bats.

(14) Wading Pool – means a temporary and portable pool that holds water, is less than 24 inches in depth, and without motors. It may also be known as a kiddie pool.

Specific Authority 381.006, 381.006(16) FS. Law Implemented 381.006(6), (16) FS. History–New 6-18-87, Amended 8-7-96, Formerly 10D-23.002, Amended.

64E-12.003 Water Supply.

(1) Water supplies shall be adequate to serve the demands of the facility and shall be constructed, operated and maintained in accordance with requirements of Chapters 62-550 and 62-555 or Chapter 64E-8, Florida Administrative Code (F.A.C.).

(a) Routine Testing. Facilities served by a drinking water system not regulated by Chapter 64E-8 or 62-550, F.A.C., shall test the water and submit bacteriological water test results to the local county health department (CHD):

1. Before opening the facility.
2. At least every 12 months.
3. Upon relocation.
4. Before having the well placed in service after construction, repair, or modification or.
5. After an emergency situation, such as a flood, that may introduce contaminants to the system.

(b) Test results must be negative for bacteriological contamination.

(c) Positive test results require the facility to temporarily provide potable water from a source approved by law for the purpose of drinking, cooking, and oral contact until test results are negative. In addition, wells that test positive shall be disinfected, flushed, and tested for bacterial contamination.

(d) Laboratory test results must be submitted on forms provided by the testing laboratory.

(e) Testing can be obtained through the local county health department or a certified independent laboratory.

(2) Drinking water shall be accessible to all residents. When drinking fountains are available, they shall be designed in compliance with the plumbing provisions of the State Building Code, as adopted in Rule 9B-3.047, F.A.C. State Plumbing Code, Chapter 553.06, Florida Statutes (F.S.). When no approved drinking fountains are available, residents shall be

provided with single service cups or clean drinking utensils which shall be stored and dispensed in a manner to prevent contamination. Common drinking cups are prohibited.

(3) No change.

64E-12.004 Food Service: Tiers and Catering.

There ~~are shall be~~ three tiers levels of food service, each with different minimal requirements ~~in community based residential facilities~~ based on facility type or the number of residents in care. Only one tier of service as listed in sections one to three (1.-3.) below will be applied to any facility. Facilities receiving or providing catered food must meet applicable standards as described in subsection (4) below.

(1) Tier I. Facilities meeting the definition of “adult family-care home” regardless of the number of residents as defined in Section 400.618, F.S., and other community based residential facilities with a maximum capacity to house up to 5 residents, shall comply with the following requirements: If food service is provided in the facility for 10 or fewer residents in care, the facility shall comply with the following requirements:

(a) Food used in the facility shall be clean, wholesome, free from spoilage and safe for human consumption. Home canned food shall not be used. Canned food shall be from sources that are approved by law.

(b) The facility shall ~~store, prepare and serve foods in such a manner as to~~ protect food from dust, flies, rodents and other vermin, toxic materials, unclean equipment and utensils, unnecessary handling, coughs and sneezes, flooding by sewage, overhead leakage and all other sources of contamination at all times during storage, food preparation, transportation both on and off premises, and service.

(c) Food storage equipment shall be provided to keep all potentially hazardous foods at safe temperatures, ~~41-45°F~~ degrees Fahrenheit or below or ~~140°F~~ degrees Fahrenheit or above, except during necessary periods of preparation and service. Potentially hazardous food shall not have been out of temperature more than 4 cumulative hours during the course of thawing, preparation, service and cooling.

(d) No change.

(e) Refrigeration units and hot food storage units used for the storage of potentially hazardous foods shall be provided with a numerically scaled indicating thermometer accurate to plus or minus 3°F. The thermometer shall be located in the warmest or coldest part of the units as may be applicable and of such type and so situated that the temperature can be easily and readily observed.

(f) Labeling and Dating. Food containers shall be labeled with their contents and labels shall correctly identify the contents of the container. Potentially hazardous foods and

potentially hazardous foods that are in a form which is edible without washing, cooking, or additional preparation, including previously cooked foods such as leftovers, must be stored in accordance with the date marking and disposition requirements of subsections 64E-11.004(14) and (15), F.A.C.

(2) Tier II. Except as described in subsection (1) above, if ~~If~~ food service is provided in ~~a the~~ facility with a maximum capacity to house from 6 to 10 residents ~~for 11 or more, but fewer than 25, residents in care,~~ the facility shall comply with the following requirements:

(a) In Chapter 64E-11, F.A.C.:

1. Sections 64E-11.002, Definitions;

2. 64E-11.003, Food Supplies;

3. 64E-11.004, Food Protection;

4. 64E-11.005(1), (2)(b), (c), (e), (f), (3), (4), (5), Personnel;

5. 64E-11.013(3)(c), 1., 2., 4. of Chapter 64E-11, F.A.C., shall apply.

(b) Facilities opening, initially licensed by the licensing agency, or renovating on or after October 1, 2007 shall, prior to construction or renovation of a food service operation or prior to substantial facility renovation, notify the department and provide plans of the proposed construction or renovation, for review and approval at least 90 days prior to the start of the project. Plans shall be submitted by the owner, prospective operator, or their designated representative. All plans shall be in compliance with this section, shall be drawn to scale, describe the layout, construction, finish schedule, general operation of the facility, equipment design and installation, and similar aspects of the facility's food service operation. A copy of the intended menu shall be provided to the department as part of the plan review.

(c)(b) The floor surfaces in kitchens, all the rooms and areas in which food is stored or prepared and in which utensils are washed or stored, shall be of smooth, nonabsorbent material and constructed so they ~~it~~ can be easily cleaned and shall be kept clean and in good repair.

(d)(e) The walls and shelving ceilings of all food preparation areas, food storage areas, utensil washing and handwashing rooms or areas shall have smooth, easily cleanable surfaces. Walls shall be washable up to the highest level reached by splash or spray.

(e)(d) Hot and cold running water under pressure shall be easily accessible where food is prepared and where utensils are washed.

(f)(e) A hHandwashing sink facilities, provided with hot and cold running water under pressure, shall be located within the food preparation area. A sign must be posted clearly designating the sink for handwashing purposes in new residential facilities and residential facilities which are extensively altered. A hand washing sink shall not be used for any other purpose. Facilities inspected and approved by the

department prior to October 1, 2007, are exempt from this requirement until such time as kitchen renovation will occur or substantial renovation will occur at the facility.

(g) In addition to the designated one compartment handwashing sink in paragraph (f) above, a two compartment sink or one compartment sink and a residential use dishwasher shall be provided for warewashing. Not withstanding the provisions in paragraph (f) above, if a facility has a two compartment sink and a residential dishwasher, one compartment of the two compartment sink can be designated as a handwashing sink when labeled and used exclusively as such. Existing facilities shall have until October 1, 2008, to comply with this requirement.

(h)(f) Multi-use equipment and utensils shall be constructed and repaired with materials that are non-toxic, corrosion resistant and nonabsorbent; and shall be smooth, easily cleanable and durable under conditions of normal use; and shall not impart odors, color or taste nor contribute to the contamination of food.

(i)(e) All multi-use eating and drinking utensils shall be thoroughly cleaned with hot water and an effective detergent, then shall be rinsed free of such solution, ~~then effectively sanitized as defined in Chapter 64E-11, F.A.C.~~

(h) A three compartment sink or two compartment sink and dishwasher with an effective, automatic sanitizing cycle, shall be provided. Machine sanitization may be accomplished by the use of chemical solutions, hot water or hot air. After sanitizing, utensils shall be air dried and properly stored. Other types of warewashing devices may be approved by the county health unit.

(j)(d) Refrigeration units and hot food storage units used for the storage of potentially hazardous foods shall be provided with a numerically scaled indicating thermometer accurate to plus or minus 3 degrees Fahrenheit. The thermometer shall be located in the warmest or coldest part of the units as may be applicable and of such type and so situated that the temperature can be easily and readily observed.

(j) ~~No live animals shall be kept or allowed in the food storage, preparation and serving area.~~

(k) Potentially hazardous foods and potentially hazardous foods that are in a form which is edible without washing, cooking, or additional preparation, including previously cooked foods such as leftovers, must be stored in accordance with the date marking and disposition requirements of subsections 64E-11.004(14) and (15), F.A.C.

(l) The facility shall protect food and food equipment from all sources of contamination at all times during storage, food preparation, service, and transportation both on and off premises.

(m) Live animals and pets living in or visiting a community based residential facility shall not enter the kitchen or any food preparation areas when food is being prepared or served. Preventing pets and animals from entering the kitchen

or food preparation areas must be effective and may consist of passive restraint through obedience training, use of physical barriers such as a gate, physical restraint such as limiting the animal to a room outside of the kitchen or food preparation area, or any other effective means. Animals and pets shall not be fed, watered, bedded, kept, or caged in the kitchen, food preparation, food storage, or dining area. Animal care supplies shall not be kept in the kitchen or other food storage areas. If live animals have access to kitchen and dining areas during non-food preparation and service times, then the facility shall effectively sanitize the dining tables, kitchen counter top surfaces, food preparation surfaces, and other similar surfaces immediately before the next meal service or food preparation begins. Persons handling or having direct physical contact with an animal must wash their hands immediately prior to preparing or serving food.

(n) As part of an organized activity, residents may participate in food preparation under direct supervision of the designated staff person in charge of food service activities, who is knowledgeable in food hygiene safety.

(o) Labeling. Food containers shall be labeled with their contents and labels shall correctly identify the contents of the container.

(3) Tier III. If food service is provided in a hospice facility, or a the facility with a maximum capacity of for 1125 or more residents, it shall comply with Chapter 64E-11, F.A.C. Existing facilities shall have until September 30, 2008, to comply with the requirements of Chapter 64E-11, F.A.C., except for item (b) below.

(a) Any organized food preparation activity in which residents may participate in food preparation as part of the organized activity must be under the direct supervision of a trained food service employee, per Rule 64E-11.012, F.A.C. This does not apply to specific designated therapeutic classes with activities for an individual or a group of individuals provided by a licensed occupational or physical therapist as part of their occupational, physical, or rehabilitation therapy activities to regain basic self sufficiency skills.

(b) Facilities with capacities of 11-24 residents that have been in continuous operation since initial regulation or licensing by the department prior to October 1, 2007, are exempt from subsection 64E-11.008(7), F.A.C., until the facility remodels the kitchen or dining area, or substantially remodels the facility.

(4) Catering. If food is catered from outside sources, the caterer shall be licensed or regulated by a state or federal regulatory food program with Chapter 64E-11, F.A.C. Catered food once delivered to a community based residential facility must be adequately protected. If a community based residential facility caters additionally to outside sources, it must meet all Chapter 64E-11, F.A.C., licensing standards.

(a) When catering is provided as the primary means of food supply, a copy of a current catering agreement shall be provided to the local county health department at least annually and when a change in the agreement occurs. The agreement shall minimally include the designated delivery times, method of hot and cold holding once food is delivered, whether bulk or individually portioned food will be provided, and a designated responsible party for cleaning and sanitizing any multi-use equipment and utensils.

(b) Upon delivery of catered food to a community based residential facility, catered food must be adequately protected from contamination. The facility shall maintain a daily log indicating the date and time of delivery, name or type of potentially hazardous food(s), and using an accurate food thermometer measure and log the food temperatures upon arrival. Entries in the log shall be made at the time of delivery. These temperature logs shall be maintained and retained at the facility for a period not less than 6 months. The records required by this section must be made available for review by the department upon department request.

(c) If outside catering is not the primary means of food supply to the facility, and the facility only partakes in the occasional carry-out or delivery of items such as, pizza, wings, sub-sandwiches, fried chicken, or barbequed food, the catering requirements listed in paragraphs (a) and (b) above, do not apply.

64E-12.005 Housing.

(1) The facility shall provide safe and sanitary housing free from objects, materials, and conditions that constitute a danger to the residents.

(2) Floors, walls, ceilings, windows, doors and all appurtenances of the structures shall be of sound construction, properly maintained, easily cleanable and shall be kept clean.

(a) Floor surfaces shall be of non-slip type and maintained free of loose or broken tiles and boards, holes, uneven projections, protruding nails, tears, splinters, water spillage and other tripping hazards. Bathtubs and showers shall contain slip-resistant strips, slip-resistant rubber bath mats, or slip-resistant surfaces.

(b) through (c) No change.

(d) All external windows designed to open shall be accessible and operable.

(3) No change.

(4) All areas of the facility shall be well lighted. Dormitories, bedrooms, toilets, bathing rooms, shower rooms, and dayrooms shall have light fixtures that provide eapable of providing at least 20 foot candles of illumination in all areas of

the room, measured at a distance 30 inches from the floor, to permit observation, cleaning and maintenance. Light fixtures shall be maintained to work as designed and kept clean.

(5) through (6) No change.

(7) Mechanical cooling devices shall be used and in working condition ~~made available for use~~ in those areas of buildings occupied by residents when inside temperatures exceed 85° Fahrenheit. Exceptions are made when the resident is capable and in control of the thermostat or cooling devices in their personal area and chooses for it to exceed 85° Fahrenheit.

(8) All heating and cooling systems shall be consistent with current building and fire code rules applicable to the area where the facility is located, as determined by building and fire officials.

(9) No change.

(10) Plumbing shall be maintained in compliance with the requirements of the plumbing provisions of the State Building Code, as adopted in Rule 9B-3.047, F.A.C. and State Plumbing Code, Chapter 553.06, F.S.

64E-12.006 Vector and Vermin ~~Insect and Rodent~~ Control.

(1) Effective control measures shall be utilized to minimize the presence of rodents, flies, cockroaches and other vectors and vermin ~~insects~~ on the premises. The primary means of pest control shall be the use of integrated pest management (IPM) systems and tools. IPM tools, such as "Integrated Pest Management for Schools: How-to Manual" which are recognized by the United States Environmental Protection Agency, are approved practices for the control of pests throughout a residential facility. The manual is available at <http://www.epa.gov/pesticides/ipm/schoolipm/index.html> or by writing for a free copy to EPA Pesticides Section, U.S. EPA Region 9, 75 Hawthorne Street (CMD-5), San Francisco, CA 94105. Use of IPM systems and tools does not restrict the use of licensed pest control companies or individuals.

(b) The creation, maintenance or causing of any condition capable of propagating vectors and vermin ~~insects, or rodents~~, will not be permitted. All buildings shall be effectively maintained rodent-proofed and rodent free. All outside openings shall be effectively sealed or screened with 16 mesh screening or equivalent, to prevent entry of insects, ~~or~~ rodents, or other vectors and vermin, except in wilderness programs when mosquito netting is provided to each resident.

These changes are in response to comments received from the Joint Administrative Procedures Committee.

59G-4.130(1). Home health agencies are regulated by Chapter 400, Part III, F.S. We corrected the rule to read, "This rule applies to all home health agencies licensed under Chapter 400, Part III ~~IV~~, F.S. . . ."

The rule incorporates by reference the Florida Medicaid Home Health Services Coverage and Limitations Handbook, July 2007. The following change was made to the handbook.

Page 1-4. Home Health Provider Qualifications. We corrected the statutory reference to read, "Chapter 400, Part III, F.S."

Page 2-14 Supervisory Requirement. In the first paragraph, first sentence, we added the specific rule citation of Rule 59A-8.008, F.A.C. We added the following second and third sentence for clarification, "If the recipient requires only nursing; or nursing and physical, respiratory, occupational or speech therapy services; or nursing and dietetic and nutrition services, case management shall be provided by a licensed RN directly employed by the agency. If the recipient is receiving only physical, speech, respiratory or occupational therapy services or is receiving only one or more of these therapy services and home health aide services, case management shall be provided by the licensed therapist, who is a direct employee of the home health agency or a contractor."

 RULE TITLE: Registration of Corporation
 NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 32, No. 14, April 7, 2006 issue of the Florida Administrative Weekly.

The Board held a public hearing on this Rule on December 12, 2006, in Orlando, Florida, and determined the following changes should be made:

~~Unless the Commission or BPR shall have information that the corporation has been in violation of Chapters 475 and 455, Florida Statutes, or the rules promulgated under said chapters, it will be assumed to be qualified for registration if its officers and directors are qualified and if the answers to questions in the application, or in supplemental inquiries, are satisfactory. Otherwise, investigation and other proceedings, as in cases of individual applicants, shall commence.~~ No registration shall be granted or renewed for any corporation if it shall appear that the person individual(s) having control of the corporation has been denied, revoked, or suspended and not reinstated, or if a person having control of the corporation has been convicted of a felony in any court and has not had civil rights restored for at least 5 years, or if an injunction has been entered against the person individual for operating as a real estate licensee without a license. A person shall be deemed to be in control of a corporation where such person ~~or spouse, children, or member~~

~~of the household shall own or control, directly or indirectly,~~
 more than 50 ~~40~~ percent of the voting stock of such corporation.

An applicant for registration shall submit forms DBPR 0040, revised 3/5/03 (Officers and Directors), which is incorporated herein by reference. The form can be obtained from the Department of Business and Professional Regulation at, 1940 North Monroe Street, Tallahassee, Florida 32399-0783, and the Call Center by calling (850)487-1395. RULE NO.: 64B32-6.001 RULE TITLE: Continuing Education Requirement
 NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 33, No. 9, March 2, 2007 issue of the Florida Administrative Weekly.

The rule was under a preliminary review by the Joint Administrative Procedures Committee. The comments made in the Joint Administrative Procedures Committee preliminary review pertained to the required education a licensee would need to renew his or her license. The Committee's comments were accepted, and the changes are as follows:

(3) The persons initially licensed during the second year of a biennium who do not currently hold a respiratory care license are exempt from the continuing education requirements, except for the HIV/AIDS course pursuant to subsection (5) of this rule and Section 456.033, Florida Statutes, for their first renewal. Continuing education requirements must be met for each biennium thereafter.

(5) A licensee needs twenty-four (24) hours per biennium in order to renew the license.

The hours can be obtained in the following manner:

<u>(a) Direct Delivery of Respiratory Care Services</u>	<u>Mandatory for all licensees: A minimum of 16 hours each biennium must be obtained by each licensee in the approved offerings pursuant to subsection 64B32-6.004(3), F.A.C.</u>
<u>1. Medical Errors</u>	<u>Mandatory part of Direct Delivery Services Requirements for all licensees: 2 hours in a board-approved continuing education course pursuant to Rule 64B32-6.006, F.A.C.</u>
<u>2. HIV/AIDS</u>	<u>Mandatory part of Direct Delivery Services Requirements for the initial renewal of all licensees, Optional for subsequent renewals: At least 3 hours but no more than 5 hours pursuant to Rule 64B32-6.006, F.A.C. The course must be taken within the last five (5) years prior to either initial licensure or first renewal.</u>
<u>(b) Non-Direct Respiratory Patient Care (i.e. management, risk management, personal growth, and educational techniques)</u>	<u>Mandatory for all licensees: No more than 8 hours in this area will be acceptable for the purpose of biennial renewal of a license pursuant to subsection 64B32-6.004(3), F.A.C.</u>
<u>(c) Home Study Courses</u>	<u>Limitation applicable to all licensees: No more than 12 hours per biennium pursuant to subsection 64B32-6.004(3), F.A.C.</u>

(d) Other requirements that satisfy continuing education are listed in Rule 64B32-6.004, F.A.C.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN THAT on July 10, 2007, the Division of Hotels and Restaurants received a Petition for a Routine Variance for subsection 61C-4.010(7), Florida Administrative Code, from Di'Michelli's Italian Deli and Catering located in Fort Pierce. The above referenced F.A.C. states ...each public food service establishment shall maintain a minimum of one public bathroom for each sex, properly designated..... The proposed establishment has one bathroom facility for patrons and they are requesting a variance to have a seating capacity of twenty-four (24).

This variance request was approved August 17, 2007, and is contingent upon the Petitioner ensuring the public bathroom is functional, has hot and cold running water at all times, provided with soap and an approved method to dry hands, and kept in a clean and sanitary manner. Seating shall not exceed

(24) which includes inside and outside seating. Any violation of the variance is the equivalent of a violation of the Rule and may result in a rescission of the variance, and subject the Petitioner to disciplinary sanctions as enumerated in Section 509.261, Florida Statutes.

To obtain a copy of the approved variance you may contact David.Fountain@dbpr.state.fl.us.

NOTICE IS HEREBY GIVEN THAT on July 18, 2007, the Division of Hotels and Restaurants received a Petition for a Routine Variance for subsections 61C-4.010(1) and 61C-4.010(6), Florida Administrative Code, from Dee's Food Service located in Largo. The above referenced F.A.C. addresses food supplies, food protection, and physical facilities-except as specifically provided in this rule, public food service establishments shall be subject to the provisions of chapter three and chapter six of the FDA Food Code. They are requesting to do open air food service on a Mobile Food Dispensing Vehicle.

This variance request was approved August 22, 2007, and is contingent upon the Petitioner's ensuring the Petitioner's use of open-air steam table properly covered and air curtain operating properly according to manufacturer's specifications and Section 6-202-15(D) (2), 2001 FDA Food Code, as to expel possible contaminants and vermin. Approval is also contingent upon Petitioner conducting all re-heating for hot holding at approved commissaries to the proper temperature per Section 3-403.11, 2001 FDA Food Code; and potentially hazardous food is held at proper temperatures according to Section 3-501.16, 2001 FDA Food Code.

The Petitioner shall strictly adhere to paragraph 61C-4.0161(2)(c), Florida Administrative Code, and report to the commissary at least once daily when operating. All warewashing is to be conducted at the commissary and strict adherence to employee health guidelines as specified in the Section 2-201, 2001 FDA Food Code, are to be followed. Petitioner shall also use a potable water tank and utilize a wastewater holding tank that is at least 15% larger than the potable water holding tank; and sloped to a drain that is 1 inch in inner diameter or greater, equipped with a shut-off valve. Petitioner must receive potable water from an approved source with written documentation provided and sanitize the fresh water and wastewater tanks at least once every 24 hours.

Copies of the variance and operating procedures are to be present on the MFDV at all times of operation and shall be adhered to as approved by the Division. This variance is not transferable under any conditions. All provisos must be complied prior to final approval and licensing. Any violation of the variance is the equivalent of a violation of the Rule and may result in a rescission of the variance, and subject the

DEPARTMENT OF HEALTH

NOTICE IS HEREBY GIVEN THAT on August 14, 2007, the Board of Hearing Aid Specialists has issued an order.

The Board of Hearing Aid Specialists hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver for Randy Massey. The Notice of Petition for Variance or Waiver was published in Vol. 33, No. 27, of the July 6, 2007, F.A.W. The Board considered the Petition at a duly-noticed public meeting held on July 26, 2007.

The Board's Order, filed on August 14, 2007, grants the Petition for Variance or Waiver of subsections 64B6-8.003(6), (7), and (8), Florida Administrative Code. The Board finds that the Petitioner has complied with Section 120.542(2), Florida Statutes, by demonstrating that the purpose of the underlying statutes, Sections 484.045 and 484.0445, Florida Statutes, will be achieved or has been achieved by other means. The Board determined that strict application of subsections 64B6-8.003(6), (7), and (8), Florida Administrative Code, would create a substantial hardship, by requiring Petitioner to sit for and take examinations when he was physically unable to do so.

A copy of the Order may be obtained by contacting: Sue Foster, Executive Director, Board of Hearing Aid Specialists, 4052 Bald Cypress Way, Bin #C08, Tallahassee, Florida 32399-3258.

NOTICE IS HEREBY GIVEN THAT on July 23, 2007, the Board of Medicine, received a petition for waiver or variance filed by Khalid Mohamed Kamal Moussa, M.D., from Rule 64B8-4.009, F.A.C., with regard to the requirement for submission of documentation of medical education directly from Petitioner's medical school. Comments on this petition should be filed with the Board of Medicine, 4052 Bald Cypress Way, Bin #C03, Tallahassee, Florida 32399-3053, within 14 days of publication of this notice.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Larry McPherson, Jr., Executive Director, Board of Medicine, at the above address, or telephone (850)245-4131.

NOTICE IS HEREBY GIVEN THAT on August 22, 2007, the Board of Medicine, received a petition for waiver or variance filed by Habib John Komari, M.D., from Rule 64B8-4.009, F.A.C., with regard to the requirement for submission of documentation of medical education directly from Petitioner's medical school. Comments on this petition should be filed with the Board of Medicine, 4052 Bald Cypress Way, Bin #C03, Tallahassee, Florida 32399-3053, within 14 days of publication of this notice.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Larry McPherson, Jr., Executive Director, Board of Medicine, at the above address, or telephone (850)245-4131.

NOTICE IS HEREBY GIVEN THAT on August 23, 2007, the Board of Opticianry has issued an order.

The Board of Opticianry hereby gives notice of the issuance of an Order regarding the Joint Petition for Variance or Waiver for Jay Cohen and Dori A. Valenti-Cohen. The Notice of Joint Petition for Variance or Waiver was published in Vol. 33, No. 29, of the July 20, 2007, FA.W. The Board considered the Joint Petition at a duly-noticed public meeting held on August 6, 2007.

The Board's Order, filed on August 23, 2007, denies the Joint Petition for Variance or Waiver of Rule 64B12-9.016, Florida Administrative Code. The Board finds that the Petitioners have not established that the purpose of the underlying statute, Section 484.007(1)(d), (2), Florida Statutes, would be met were they granted a variance or waiver from Rule 64B12-9.016, Florida Administrative Code. Further, the Petitioners failed to establish that the Board's application of Rule 64B12-9.016, Florida Administrative Code, to their specific circumstances would violate the principles of fairness and would impose a substantial hardship on them. The Board finds that three years beyond the time allowed for by rule is too long.

A copy of the Order may be obtained by contacting: Sue Foster, Executive Director, Board of Opticianry, 4052 Bald Cypress Way, Bin #C08, Tallahassee, Florida 32399-3258.

NOTICE IS HEREBY GIVEN THAT on August 23, 2007, the Board of Opticianry has issued an order.

The Board of Opticianry hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver for Cynthia L. Hopkins. The Notice of Petition for Variance or Waiver was published in Vol. 33, No. 27, of the July 6, 2007, FA.W. The Board considered the Petition at a duly-noticed public meeting held on August 6, 2007.

The Board's Order, filed on August 23, 2007, denies the Petition for Variance or Waiver of subsection 64B12-16.008(3), Florida Administrative Code. The Board finds that the Petitioner has not established that the purpose of the underlying statute, Section 484.007(1), Florida Statutes, would be met were she granted a variance or waiver from subsection 64B12-16.008(3), Florida Administrative Code. Further, the Petitioner failed to establish that the Board's application of subsection 64B12-16.008(3), Florida Administrative Code, to her circumstances would violate the principles of fairness and would impose a substantial hardship on her.

A copy of the Order may be obtained by contacting: Sue Foster, Executive Director, Board of Opticianry, 4052 Bald Cypress Way, Bin #C08, Tallahassee, Florida 32399-3258.

NOTICE IS HEREBY GIVEN THAT on August 15, 2007, the Board of Physical Therapy Practice, received a petition for Manju C. Phillip, seeking a variance or waiver of paragraph 64B17-3.001(5)(b), F.A.C., which requires that that a licensee has attained and submitted to the Board a minimum of 60 general education credits with no deficiencies in the required content sections or areas as delineated in the FSBPT coursework evaluation tool.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Susan Love, Executive Director, Board of Physical Therapy Practice, 4052 Bald Cypress Way, Bin #C05, Tallahassee, Florida 32399-3255, or by telephone at (850)245-4373, ext. 3480. Comments on this petition should be filed with the Board of Physical Therapy Practice within 14 days of publication of this notice.

NOTICE IS HEREBY GIVEN THAT on August 14, 2007, the Department of Health, received a petition for Daniel Hernandez, representing Infiltrator Systems, Incorporated, requesting a variance pursuant to Section 120.542, Florida Statutes. Specifically, the petitioner seeks a variance from subparagraph 64E-6.009(7)(a)4., Florida Administrative Code, which requires applicants requesting alternative system component approval to supply empirical data showing results of innovative testing in Florida.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Agency Clerk, Department of Health, Office of the General Counsel, 4052 Bald Cypress Way, Bin A02, Tallahassee, Florida 32399-1734.

NOTICE IS HEREBY GIVEN THAT on August 22, 2007, the Department of Health, received a petition for Todd Evans, representing KTE Plastics, requesting a variance pursuant to Section 120.542, Florida Statutes. Specifically, the petitioner seeks a variance from subsection 64E-6.014(3), Florida Administrative Code, which requires drainfields having more than 1000 square feet of absorption area to use low-pressure

dosing into a distribution network having schedule 40 PVC or equal solvent welded distribution pipes 2 inch or smaller in diameter with the least efficient hole delivering a flow rate at least 75% of the flow from the most efficient hole.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Agency Clerk, Department of Health, Office of the General Counsel, 4052 Bald Cypress Way, Bin A02, Tallahassee, Florida 32399-1734.

DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN THAT on August 13, 2007, the Department of Financial Services, Division of Workers' Compensation, received a petition for variance or waiver, from Keene's Nursery, Inc., pursuant to Section 120.542, Florida Statutes, and Rule 28-104.002, Florida Administrative Code. Petitioner is requesting a variance or waiver from Rule 69L-6.025, Florida Administrative Code, which establishes guidelines and criteria for conditional releases from stop-work orders. Keene's Nursery, Inc. requests the variance or waiver so that it may pay monthly installments over a ten (10) year period without the initial 10% down payment.

Comments on this petition should be filed with: Department of Financial Services, Division of Workers' Compensation, 200 E. Gaines Street, Tallahassee, Florida 32399-4229, within 14 days of publication of this notice.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Andrew Sabolic, Assistant Division Director, Division of Workers' Compensation, 200 E. Gaines Street, Tallahassee, Florida 32399-4228, or by telephone at (850)413-1600.

Section VII Notices of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF EDUCATION

NOTICE IS HEREBY GIVEN THAT Florida Department of Education has received the petition for declaratory statement from Mark Cavinee. The petition seeks the agency's opinion as to the applicability of Sections 1013.33(15), (a), 1013.33(13), 1013.371(1)(a), Florida Statutes, 2004 Florida Fire Prevention Code, paragraph 69A-58.0082(1)(a), FAC., as it applies to the petitioner.

The Petitioner requests a declaratory statement on whether Section 1013.33(15)(a), Florida Statutes, conflicts with the Florida Fire Prevention Code, paragraph 69A-58.0082(1)(a), F.A.C., as it relates to the requirement that a school board follow a local land development code.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Lynn Abbott, Agency Clerk, Department of Education, 325 West Gaines Street, Room 1514, Tallahassee, Florida 32399-0400, (850)245-9661.

DEPARTMENT OF COMMUNITY AFFAIRS

NOTICE IS HEREBY GIVEN THAT the Florida Building Commission has received a petition for declaratory statement from John Leedy, P.E., on behalf of Leedy Electric Corporation, on July 20, 2007, regarding whether, on a commercial project valued at \$35,000 in which the Petitioner is installing an electrical service with 600 ampere/480 volt capacity, project plans must be certified by a Professional Engineer pursuant to section 105.3.1.2, Florida Building Code, Building Volume (2004 as amended 12/05 and 12/06) or whether the licensure exemption contained in Section 471.003(2)(h), Florida Statutes (2006), applies to the project. It has been assigned the number DCA07-DEC-141.

A copy of the request may be obtained by writing: Paula P. Ford, Commission Clerk, Department of Community Affairs, Florida Building Commission, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100.

NOTICE IS HEREBY GIVEN THAT the Florida Building Commission has received the petition for declaratory statement from Jody L. Barrows on behalf of JLB Drafting on August 1, 2007, regarding whether section 1805.2, Florida Building Code, Building Volume (2004 as amended 12/05 and 12/06) requires the foundation for a modular office building to be include a concrete footer, stem wall, and/or slab foundation, or whether an alternate method of construction may be used if an engineer demonstrates by design and calculations that it meets the code's requirements for transfer of uplift, lateral, gravity and soil bearing loads. It has been assigned the number DCA07-DEC-145.

A copy of the request may be obtained by writing to: Paula P. Ford, Commission Clerk, Department of Community Affairs, Florida Building Commission, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100.

NOTICE IS HEREBY GIVEN THAT the Florida Building Commission has received a petition for declaratory statement from Jody L. Barrows, on behalf of JLB Drafting, on August 1, 2007, regarding whether a modular office building to be used as a "sales trailer" in front of a high rise condominium project under construction for a period of approximately nine to twelve months is exempt from compliance with the Florida Building

Code pursuant to Section 553.73, Florida Statutes, since section 107.1, Florida Building Code, Building Volume (2004 as amended 12/05 and 12/06) allows the building official to issue extensions beyond 180 days to permits for temporary structures. It has been assigned the number DCA07-DEC-146. A copy of the request may be obtained by writing to: Paula P. Ford, Commission Clerk, Department of Community Affairs, Florida Building Commission, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100.

NOTICE IS HEREBY GIVEN THAT the Florida Building Commission has received a petition for declaratory statement from Jose Saumell, Principal, on behalf of MSA Architects, Inc., on August 10, 2007, regarding whether sections 414.4, Florida Building Code, Building Volume (2001) and 403.6.6, Florida Building Code, Mechanical Volume (2001) allow for alternate approved designs that will achieve the same level of smoke control in a 10,000 cubic foot, 42 foot high atrium of a three story yacht club of approximately 8,480 square feet. It has been assigned the number DCA07-DEC-150.

A copy of the request may be obtained by writing to: Paula P. Ford, Commission Clerk, Department of Community Affairs, Florida Building Commission, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100.

NOTICE IS HEREBY GIVEN THAT the Florida Building Commission has received a petition for declaratory statement from William G. Graney Jr., P.E., on behalf of KTD Consulting Engineers, on August 15, 2007, regarding whether section 905.1 #2, Florida Building Code, Building Volume (2004 as amended 12/05 and 12/06) requires the installation of standpipes inside a four story town home. REGIONAL TRANSPORTATION AUTHORITIES

**REQUEST FOR LETTERS OF INTEREST NO. 07-854
DESIGN AND ENGINEERING SERVICES FOR
IMPROVEMENTS TO THE 79TH STREET TRI-RAIL
METRORAIL TRANSFER STATION**

The South Florida Regional Transportation Authority (SFRTA), an agency of the State of Florida, operates Tri-Rail, a seventy-two (72) mile commuter railroad with eighteen (18) stations in Miami-Dade, Broward and Palm Beach Counties.

THE PURPOSE of this Request for Letters of Interest (RLOI) is to enter into an Agreement with a qualified Consultant to provide professional design and engineering services for the Metrorail/Tri-Rail Connector Project (Connector). The Connector will provide safe and secured horizontal traffic movement (walkways and corridors) and vertical traffic movement (elevator, escalator, and stairs) to meet the efficient and safe public movement at the Metrorail/Tri-Rail Transfer Station. This RLOI solicits written responses ("Letters of Interest") from qualified firms interested in providing the services needed for this Project.

A REQUEST FOR DOCUMENTS should be directed to Bryan Kohlberg at SFRTA, 800 N. W. 33 Street, Suite 100, Pompano Beach, Florida 33064, (954)788-7910. The cost of the document is \$50.00, non-refundable. Checks or money orders, made in favor of SFRTA should be forwarded to Mr. Kohlberg at the address above. Documents will be available on or about Tuesday, September 4, 2007.

A PRE-PROPOSAL CONFERENCE will be held in the SFRTA Board Room at the address above on Wednesday, September 12, 2007, 10:00 a.m. The purpose of the meeting will be for SFRTA to respond to questions from document holders and clarify requirements in an open forum. Attendance is not mandatory but is highly recommended.

RECEIPT OF SEALED LETTERS OF INTEREST: All LOI must be received as per the document instructions no later than 5:00 p.m. (Eastern Time), October 2, 2007, at the SFRTA office in Pompano Beach.

SFRTA reserves the right to postpone, accept, or reject any and all LOI in whole or in part. All Proposers must certify that they are not on the State of Florida Comptroller General's List of Ineligible Bidders. All LOI shall remain in effect for One Hundred Eighty (180) days from the LOI submission due date.

DBE PARTICIPATION: SFRTA solicits and encourages Disadvantaged Business Enterprise (DBE) participation. DBEs will be afforded full consideration of their responses and will not be subject to discrimination. SFRTA's DBE program goal is 10% of total contract expenditures.

CONE OF SILENCE: Any verbal or written communications between any Proposer (potential or actual), or its representatives and any SFRTA Board Member, staff member, committee member, or consultant regarding this procurement are strictly prohibited from the date of the LOI advertisement through the date of execution of the contract. The only exceptions to this are: (1) written requests regarding information or clarification made to SFRTA's designated contract specialist during the allowable time period under the solicitation; (2) any communications at a publicly noticed meeting of SFRTA; and (3) any communications with the SFRTA Director of Procurement. Any violation of the requirements set forth in this section shall constitute grounds for immediate and permanent disqualification of the Proposer/violator from participation in this procurement.

**COASTAL PARTNERSHIP INITIATIVE
REQUEST FOR PROPOSALS, FY 08-09**

The Florida Coastal Management Program (FCMP) announces the availability of funds for innovative coastal projects under its COASTAL PARTNERSHIP INITIATIVE in fiscal year 2008-2009. Eligible applicants include local governments within the 35 coastal counties that are required to include a coastal element in the local comprehensive plan, national estuarine research reserves (NERR), and national estuary programs (NEP). Eligible applicants also include public and private colleges, universities, regional planning councils and nonprofit groups, as long as an eligible local government, NERR, or NEP agrees to participate as a partner in the application and project.

The purpose of the COASTAL PARTNERSHIP INITIATIVE is to inspire community action and promote the protection and effective management of Florida's coastal resources in four specific categories: WORKING WATERFRONTS, ACCESS TO COASTAL RESOURCES, REMARKABLE COASTAL PLACES AND COMMUNITY STEWARDSHIP. Further information about the COASTAL PARTNERSHIP INITIATIVE grant program, including description of the four specific categories; the required information to be included in the application; the format in which it is to be submitted; application submittal procedures; and the criteria and procedures by which applications will be evaluated and ranked, is available in Chapter 62S-4, Florida Administrative Code, which can be viewed at or printed from the FCMP website at <http://www.dep.state.fl.us/cmp/grants/index.htm>. There is no specific application form.

COASTAL PARTNERSHIP INITIATIVE applications must be mailed to: FCMP, MS 47, 3900 Commonwealth Blvd., Tallahassee, FL 32399-3000 and must be received by the FCMP no later than 4:00 p.m. (EST), November 7, 2007. Electronic copies and facsimiles will not be accepted. Selected proposals will be included in the FCMP application to the National Oceanic and Atmospheric Administration (NOAA) for fiscal year 08-09 which begins July 1, 2008 and ends June 30, 2009.

Important details regarding the COASTAL PARTNERSHIP INITIATIVE grant process:

1. Financial assistance is available in the form of reimbursement grants in amounts ranging from \$15,000 to a maximum of \$50,000.

2. Recipients are required to provide 100 percent (1 to 1) matching contributions in the form of goods and services that directly benefit the specific grant project.
3. There are additional requirements for applications involving construction, exotic species removal, vegetative restoration, and land acquisition, including:
 - a. The application package must include a completed and signed 306A checklist form, which may be obtained at <http://www.dep.state.fl.us/cmp/grants/files/306a.doc>.
 - b. Applicants proposing a construction activity must conduct preliminary consultation with appropriate local, state, and federal regulatory agencies. A summary of the consultation must be included in the COASTAL PARTNERSHIP INITIATIVE application or it will be considered incomplete and will not be processed.
 - c. Construction activities occurring in designated Coastal Barrier Resource Act units are subject to additional review and approval by NOAA and/or the U.S. Fish & Wildlife Service.
 - d. Nonprofit organizations are not eligible to receive FCMP funds for these types of activities.

For questions or to request a copy of Chapter 62S-4, F.A.C., or the 306A Checklist, please contact: Ms. Dornecia Allen, FCMP, MS 47, 3900 Commonwealth Blvd., Tallahassee, FL 32399-3000, (850)245-2161 or by email to Dornecia.Allen@dep.state.fl.us.

Failure to timely file a petition shall constitute a waiver of any right to request an administrative proceeding as a petitioner under Sections 120.569 and 120.57, F.S. If a petition is filed, the purpose of the administrative hearing will be to present evidence and testimony and forward a recommended order to the Department. If no petition is filed, this Notice of Intent shall become final agency action.

If a petition is filed, other affected persons may petition for leave to intervene in the proceeding. A petition for intervention must be filed at least twenty (20) days before the final hearing and must include all of the information and contents described in Uniform Rule 28-106.205, F.A.C. A petition for leave to intervene shall be filed at the Division of Administrative Hearings, Department of Management Services, 1230 Apalachee Parkway, Tallahassee, Florida 32399-3060. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such a person has to request a hearing under Sections 120.569 and 120.57, F.S., or to participate in the administrative hearing.

If a formal or informal proceeding is commenced as described above, any party to that proceeding may suggest mediation under Section 120.573, F.S. Mediation is not available as of right, and will not occur unless all parties agree to participate in the mediation. Choosing mediation does not affect the right to an administrative hearing.

PUBLIC SERVICE COMMISSION

Please note that a conference call to discuss Florida ILEC and IOU Pole Inspections has been scheduled for Thursday, September 13, 2007, at 10:00 a.m.

To participate by phone, please call 1(888)808-6959 and type in the following access code when prompted: 4136206 .

PURPOSE: Commission Order Nos. PSC-06-0168-PAA-TL and PSC-06-0144-PAA-EI required Florida ILECs and IOUs to perform inspections of their wood pole inventories. Companies were ordered to submit plans detailing the

proposed scope and methodologies of inspection. Each company is required to inspect 100 percent of its pole inventory every eight years, and report annually on the progress of the program.

Reviewing company reports allowed staff to discern three areas of concern to be discussed during the call:

Compliance: All companies have submitted reports and are in basic compliance with the intent of the orders. However, there are differences in the completeness, form, and formatting of the reported information.

Information Not Ordered But Needed: Review of the first annual reports revealed that additional information beneficial to staff's fuller understanding of the inspection programs had not been specifically identified in the Commission order. Specifically, the following is recommended for inclusion in the next annual reports: the numbers of poles failing inspection and designated for replacement; the number of replacements made to date; the plan for replacement of the balance of poles failing inspection; the projected number of poles to be inspected in the next annual inspection cycle; and the cumulative number and percentage of poles inspected to date in the current eight-year cycle.

Information Ordered But Not Needed: Specific information about the cause of failure for each pole is required by the order. Staff realizes it is important for each company to gather and retain this data, but does not consider it necessary to provide this level of detail in the annual report.

The objective of the call will be to explain the above proposed changes and reach consensus in these areas. A staff recommendation modifying the Commission's previous orders would be presented for approval in the near future.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

NOTICE OF AVAILABILITY
FLORIDA FINDING OF NO SIGNIFICANT IMPACT
EMERALD COAST UTILITY AUTHORITY
PENSACOLA, FLORIDA

The Department of Environmental Protection has determined that Emerald Coast Utility Authority's proposed project for the construction of wastewater facilities improvements will not have a significant adverse affect on the environment. The total project cost is estimated at \$314,000,000. The project is expected to qualify for a State Revolving Fund loan composed of federal and state matching funds. A full copy of the Florida Finding of No Significant Impact can be obtained by writing to: James W. Plexico, Bureau of Water Facilities Funding, Department of Environmental Protection, 2600 Blair Stone Road, MS #3505, Tallahassee, Florida 32399-2400 or by calling (850)245-8367.

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C. and paragraphs 62-4.242(2)(a), (2)(b), F.A.C., to Gulfstream Natural Gas Systems, LLC, 1905 Intermodal Circle, Port Manatee, FL 34221, (File No. 52-0166697-038, OGC No.: 07-0237) to temporarily establish a turbidity mixing zone greater than 150 meters and to allow the ambient water quality to be lowered within an Outstanding Florida Waterbody for a period to exceed 30 days. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 13051 North Telecom Parkway, Temple Terrace, FL 33637-0926, (813)632-7600.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by the applicant or any of the parties listed below must be filed within 14 days of receipt of this written notice.

Petitions filed by any other persons other than those entitled to written notice under Section 120.60(3) of the Florida Statutes, must be filed within 14 days of publication of the public notice or receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name, address, and telephone number of each petitioner; the name, address, and telephone number of the petitioner's representative, if any; the Department case or identification number and the county in which the subject matter or activity is located;
- (b) A statement of when and how each petitioner received notice of the Department action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department action;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A statement of facts that the petitioner contends warrant reversal or modification of the Department action;
- (f) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and

(g) Demand for relief (sought by the petitioner, stating precisely the action that the petitioner wants the Department to take).

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petitions have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

A party to this order has the right to seek judicial review of it under Section 120.68 of the Florida Statutes, by filing a notice of appeal under rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice must be filed within thirty days after this order is filed with the clerk of the Department.
