69J-7.004 Participating Contractors – Application and Participation Agreement.

(1) Definitions.

As used in this rule the following abbreviations and definitions apply:

(a) “Applicant” means any person or entity applying to become a Participating Contractor.

(b) “Contractor license” means a license that is issued by a government agency based on taking and passing a competency test and/or meeting certain experience requirements, as required by local or state authorities under applicable Florida statute or local ordinance. The phrase “contractor license” as used herein does not refer to business or occupational licenses that are obtained by paying a fee or tax. A business or occupational license is insufficient to qualify any entity as a Participating Contractor. Only contractor licenses issued by Florida state or local government authorities are acceptable for Participating Contractor status in the My Safe Florida Home program.

(c) “CEI” means the Construction Estimating Institute, 5016 Calle Minorga, Sarasota, FL 34242, phone: 1(800)423-7058.

(d) “Department” means the Florida Department of Financial Services.

(e) “DBPR” means the Department of Business and Professional Regulation, operating under Chapter 455, Florida Statutes.

(f) “FCILB” means the Florida Construction Industry Licensing Board, operating under Chapter 489, Florida Statutes.

(g) “FLASH” refers to the Federal Alliance for Safe Homes, 1427 East Piedmont Drive, Suite 2, Tallahassee, FL 32308.

(h) “DBPR/FCILB license” refers to a contractor license issued by DBPR pursuant to authorization by the FCILB.

(i) “MSFH program” means the My Safe Florida Home program created by Section 215.5586, Florida Statutes.

(j) “Participating Contractor” means a contractor as contemplated by Section 215.5586(2)(c), Florida Statutes.

(k) “Grant” refers to a grant under Section 215.5586(2), Florida Statutes.

(2) Participating Contractor Categories.

(a) Persons desiring to be a Participating Contractor in the My Safe Florida Home program under Section 215.5586(2)(c), Florida Statutes, shall apply to the Department of Financial Services in one of the three categories listed below.

1. Category No. 1: INDIVIDUAL WITH DBPR/FCILB CONTRACTOR LICENSE. This applicant category is for an individual who will, in his or her own name, contract with homeowners, or who will contract with homeowners as a sole proprietor doing business under a fictitious name, and the work is to be performed under their certified or registered contractor license(s) issued by the DBPR/FCILB. See, Florida Statutes Section 489.119(1). (If the applicable DBPR/FCILB Contractor License has been issued to the applicant as an

individual, regardless of whether it is a state-certified or state-registered license, this is the category the applicant must use, even if the applicant also has a local contractor’s license.)

2. Category No. 2: ENTITY WITH A DBPR/FCILB CERTIFICATE OF AUTHORITY AS A CONTRACTING BUSINESS. This category is for a business entity (corporation, LLC, or partnership) which holds a Certificate of Authority to engage in contracting, issued by DBPR/FCILB. See, Florida Statutes Section 489.119(2).

3. Category No. 3: LOCAL CONTRACTOR LICENSE. This applicant category is for a contractor (individual person or other entity) who does not have a DBPR/FCILB license and who will perform mitigation work under a contractor’s license issued by a Florida county or city contractor licensing board or other local authority.

(b) References in this rule to “category” or “categories” means one or more of the three categories identified above, as the context requires, unless expressly indicated otherwise.

(c) The information required to be provided to the Department by an applicant for Participating Contractor status will vary according to the category applied for by the applicant. The information required to be provided, and instructions specific to each category, are set forth in Department form DFS-I4-1808 (effective _____), entitled “Participating Contractor On-line Application Form.” Interested persons may apply to be a Participating Contractor by filling out the form on-line, at the Contractor’s section of the Department’s My Safe Florida Home website at www.mysafefloridahome.com.

(3) General matters.

(a) Any decision by the Department to deny or terminate a person or entity’s status as a Participating Contractor is subject to hearing rights as may be provided under Section 120.569, Florida Statutes, and related provisions of Chapter 120, Florida Statutes.

(b) To be a Participating Contractor, the applicant must hold in good standing a contractor’s license issued by the FCILB, or by a Florida city or Florida county contractor licensing board or authority. Loss of such required licensing shall be grounds for termination of status as a Participating Contractor.

(c) An applicant possessing a state contractor’s license(s) issued by DBPR/FCILB, who or which has completed a Participating Contractor application in either category 1, or 2., does not need to complete an additional application under category 3, even if the applicant also holds a local contractor license that is not required to be registered with the FCILB.

(d) An applicant cannot be approved as a Participating Contractor until the Department verifies that the applicant’s contractor’s license is valid and in good standing. Subsequent to application for Participating Contractor status, the Department will contact the licensing authority that issued that

license to verify that said license was issued as indicated and is in good standing. An application submitted with inaccurate or incomplete information on the application may delay or prevent the applicant's approval as a Participating Contractor.

(e) The Department will terminate its Participation Agreement with a contractor in the following circumstances:

1. The contractor's licensure as a contractor is revoked or suspended by the contractor's licensing authority.

2. It is determined that the contractor made a material misrepresentation in their application to the Department for Participating Contractor status.

3. Failure to comply with the applicable Florida workers' compensation laws.

4. Displaying incompetency or misconduct in the practice or course of contracting with homeowners.

(f) Designation as a Participating Contractor does not eliminate, modify or expand the existing legal limitations relative to the types of work to be performed, or the geographical locations in which that work may be legally performed, under the Participating Contractor's then existing contractor's license(s).

(g) All work to be performed and materials to be used by a Participating Contractor under a My Safe Florida Home grant must comply with the Participation Agreement. All applicants for Participating Contractor status must agree to the Participation Agreement as set forth in this rule.

(h) The Department publicly lists all Participating Contractors on the Department's My Safe Florida Home website, at <http://www.mysafefloridahome.com/participatingcontractorsListSection.asp>. The Department lists only Participating Contractors on its website. The Department does not list on its website suppliers or manufacturers who are not also Participating Contractors.

(i) The Department does not endorse or recommend individual Participating Contractors or products. Participating Contractors shall not advertise or otherwise represent that they or their business is endorsed or recommended by the My Safe Florida Home program, the Department, or the State of Florida. No Participating Contractor or other business may use the logo of the Department or the My Safe Florida Home program.

(j) Upon approval, all Participating Contractors will be assigned a unique Participating Contractor number by the Department. This number can be found on the Department's website list of Participating Contractors.

(k) This rule does not apply to competitively bid contracts between the Department and Participating Contractors for work performed under grants to low income homeowners under Section 215.5586(2)(g), Florida Statutes.

(l) After an application is submitted by the Participating Contractor applicant through the Department's online system, the Department will review the application and verify contractor licensure data. The Department will then mail the applicant a letter, at the address of record shown in the

applicable licensing authority's records, which summarizes the information the applicant supplied, and indicates approval or denial of the application. Any approval is subject to successful completion of training required by this rule. Participating Contractor applicants approved subject to completion of required training, are not published as Participating Contractors on the Department's list of Participating Contractors until they have successfully completed the training required by this rule.

(m) Applicants or Participating Contractors who have questions about the Participating Contractor program, or want to change or delete their listing, should promptly email the Department to that effect at the following email address: ContractorInfo@fldfs.com. The full name and phone number, and Participating Contractor file number if one has been assigned, must be provided.

(4) Information Published on the Department's Online Participating Contractor List.

(a) Upon approval as a Participating Contractor and satisfaction of applicable training requirements specified in this rule, the Participating Contractor applicant will be included in the Department's online list of Participating Contractors. Information submitted in association with the Participating Contractor's application will be included in that online list, and potential customers will be able to view the following information:

1. The business name of the Participating Contractor (it is the Participating Contractor's responsibility to assure that the business name complies with any applicable licensing and fictitious name laws).

2. The Participating Contractor's website address, if any.

3. The Participating Contractor's telephone number(s).

4. The Participating Contractor's street address(es).

(5) Training.

(a) Prior to being accepted as a Participating Contractor, the contractor must complete the specialized training described in this subsection. The training must be successfully completed by the natural person holding the contractor's license shown on the Participating Contractor application form. Completion of the training by another natural person in the company does not satisfy the training requirement. There are two options, 1. and 2., below, for successfully completing the required training:

1. A. Free online courses offered by the "Construction Estimating Institute" (CEI). To proceed by this route, the Participating Contractor must go to the CEI website at <http://www.esteeming.org/mysafefloridahome/> and enter the Participating Contractor's business name and contractor license number. The Participating Contractor must successfully complete the course entitled "How Hurricanes Damage Homes," which includes an overview of the My Safe Florida Home program. The Participating Contractor must also complete at least one other free CEI course from among the

following three courses. The choice of course should be selected in accordance with the type of improvements the Participating Contractor plans to perform for participating homeowners.

(I) Strengthening Roofs.

(II) Protecting Openings (Windows, Doors and Garage Doors).

(III) Bracing Gable Ends.

b. At the end of each CEI online training course, the Participating Contractor must successfully complete a short, online test. The Participating Contractor must receive at least a 90% grade on the test in order to successfully complete the course. If the Participating Contractor receives less than a 90% grade, the Participating Contractor may immediately retake the test, or review the training material and take it at a later time.

c. Upon successful completion of the online CEI training, an email notification will be sent by CEI to the My Safe Florida Home program confirming the Participating Contractor’s successful completion of the training.

2. If the Participating Contractor has completed the Blueprint for Safety Retrofit – an Introduction, DBPR/FCILB Course Number 0005849 provided by the Federal Alliance for Safe Homes (FLASH), at any time since Jan. 1, 2000, the Participating Contractor will be deemed to have satisfied the training requirement.

(b) The applicant must indicate on its application form whether the applicant has already obtained the required training from one of the two approved sources.

(c) If the applicant has not completed the required training, the applicant may nevertheless submit its application, but will not be approved as a Participating Contractor until:

1. The Construction Estimating Institute (CEI) emails the Department confirmation that the applicant has completed the CEI training (the CEI will automatically email confirmation to the Department as soon as the applicant takes and passes the required tests with a score of at least 90% correct); or

2. The applicant submits to the Department proof of having successfully completed the FLASH Blueprint for Safety course by providing the certificate of completion issued by the course provider, or records provided by the DBPR/FCILB) to: My Safe Florida Home Program, Attention: Participating Contractor Coordinator, Larson Building 5th floor, 200 East Gaines St., Tallahassee FL 32399.

(6) Background Questions. An affirmative answer to any question in the “Background Questions” section of the Participating Contractor online application (form DFS-I4-1808 (effective _____)), does not mean that the applicant is automatically barred from serving as a Participating Contractor, but an affirmative answer will require further inquiry by the Department before the applicant can be approved as a Participating Contractor. Any initial decision by the Department denying an application to the Participating Contractor program is subject to the provisions of Chapter 120, Florida Statutes.

(7) Participation Agreement. As a condition of being a Participating Contractor, all Participating Contractor applicants must agree to the terms and conditions of the “Participation Agreement” that is part of form DFS-I4-1808 (effective _____).

(8) There is hereby adopted and incorporated by reference Department form DFS-I4-1808 (effective _____), entitled “Participating Contractor On-line Application Form.” Said form shall be used by interested persons to apply for Participating Contractor status, and sets forth the information required to be provided and instructions specific to each category of Participating Contractor applicant.

AGENCY FOR HEALTH CARE ADMINISTRATION

Medicaid

RULE NO.: 59GER07-5 RULE TITLE: Developmental Disabilities Residential Habilitation Services in a Licensed Facility Provider Rate Table

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: This rule establishes the rates paid developmental disabilities waiver services providers of residential habilitation services for clients of the Agency for Persons with Disabilities.

The Agency for Persons with Disabilities faces a severe and growing budget deficit that creates an immediate danger to the public health, safety, or welfare. The Agency for Persons with Disabilities determined that there was an emergency as defined in Rule 120.54, F.S., that supported adoption of an Emergency Rule.

Adoption of the emergency rule is necessary to assure appropriated dollars are available for the provision of basic services to persons with developmental disabilities, one of Florida's most vulnerable communities. The emergency rule is necessary to conserve legislatively appropriated dollars necessary for the protection of the public health, safety and welfare.

The Agency for Persons with Disabilities (APD) administers the State of Florida's Medicaid waiver programs for persons with developmental disabilities and establishes the rates for residential habilitation services. The Agency for Health Care Administration (AHCA) is designated as the "single state agency" for Medicaid with legislatively delegated authority to adopt the rates for residential habilitation services as administrative rules.

The individuals served are people diagnosed with mental retardation, cerebral palsy, autism, spina bifida, or Prader-Willi syndrome that manifest before the age of 18. They often suffer from complex medical problems as well. Many require assistance with eating, supervision during waking hours, enteral nutrition, and multiple medications. The Agency for Persons with Disabilities' (APD) Medicaid waiver programs serve over 30,000 developmentally disabled persons. The Developmental Disabilities Home and Community Based Services Medicaid waiver has a waiting list of over 15,000 developmentally disabled persons who seek services that cannot be provided as the result of APD's severe budget deficit.

No one will be removed from the Developmental Disabilities Home and Community Based Services Medicaid waiver program as a result of the Emergency Rule. Instead, effective January 1, 2008, the Emergency Rule will immediately reduce the rates paid to providers of residential habilitation services by an average of approximately 3% from the rates that were in effect until November 30, 2007. APD determined that this rate reduction will combine with the effect of other actions to reduce the projected deficit enough to permit continued funding of services. The rate reduction is a critical component of a total deficit reduction of approximately 31 million dollars. APD's other actions in response to the legislature's mandate to reduce the deficit include imposing a 180 hours per month limit on personal care services for adult clients, and eliminating therapeutic massage, homemaker, chore, non-residential support services, and psychological assessment services. The combined savings from those actions are projected to reduce the deficit by \$24.6 million dollars.

Without the savings achieved by the immediate implementation of these residential habilitation rate reductions required by the Florida Legislature, the Agency for Persons

with Disabilities' budget deficit will continue to increase by approximately \$1 million per month. In addition, the State of Florida's latest official revenue estimate was revised downward by \$1 billion for the current budget year. This estimate comes after a special session in which the Legislature reduced the current year budget by approximately \$1.1 billion due to a previously projected revenue shortfall. Every dollar not saved now is a dollar that cannot be used to make needed services available to persons with developmental disabilities.

If this rate reduction and the other savings measures mandated by the Legislature are not implemented, the Developmental Disabilities Home and Community Based Services Medicaid waiver program service expenses are projected to exceed the legislative appropriation by \$84,006,018.

This deficit of over \$84 million dollars creates an immediate and continuing danger to the developmentally disabled people APD serves. Thousands of needy go unserved because of it. The consequence of the deficit is that APD will not have a sufficient amount of appropriated funds in the 2007-2008 Fiscal Year to cover the projected expenditures as the budget year ends.

Without the immediate implementation of the rate structure, the Developmental Disabilities Home and Community Based Services Medicaid waiver will not have a sufficient amount of appropriated funds in the 2007-2008 Fiscal Year to cover the projected expenditures as the budget year ends. Consequently, there is an immediate danger to the public health, safety and welfare. There is insufficient time to promulgate a rule through the regular rulemaking process as the rate structure assumes the start date of January 1, 2008 to accomplish the minimum saving necessary for protection of the public health, safety and welfare. Each month the new rate is not in effect, the budget deficit will continue to grow which means the effect of the deficit will be increased.

The Florida Legislature has emphasized curing the financial problems by any means in statute and General Appropriations Act proviso requirements. Section 393.0661(4), F.S. (2007) states:

Nothing in this section or in any administrative rule shall be construed to prevent or limit the Agency for Health Care Administration, in consultation with the Agency for Persons with Disabilities, from adjusting fees, reimbursement rates, lengths of stay, number of visits or number of services, or from limiting enrollment, or making any other adjustment necessary to comply with the availability of moneys and any limitations or direction provided for in the General Appropriations Act.

The budget proviso to the 2007 General Appropriations Act provides:

The agency [for Persons with Disabilities] shall work with the Agency for Health Care Administration to implement the plan to remain within appropriation.

From the funds in Specific Appropriation 270, the agency [for Persons with Disabilities] shall only serve additional clients on the Developmental Disabilities Home and Community Based Services Medicaid waiver if they are in crisis and sufficient funding is made available through attrition.

If the projected deficit is not reduced by at least the amount projected to be saved by the rate reductions of the emergency rule, APD will have to stop enrollment of clients in crisis for waiver service. Clients in crisis are the most vulnerable of the developmentally disabled. Rules 65G-1.046 and 65G-1.047, Florida Administrative Code, establish the process and criteria for determining crisis eligibility and prioritizing those in crisis. The criteria included, in the first priority classification are individuals who are currently homeless, living in a homeless shelter, or living with relatives in an unsafe environment whose health and safety are at risk without immediate provision of waiver services.

Payment for residential habilitation services is a major part of the APD's expenditures. For FY 2006-2007, APD spent \$312,366,441 on residential habitation services. That is approximately 30% of total Developmental Disabilities Home and Community Based Services Medicaid waiver budget and nearly 400% more than any other waiver service. Approximately 6,000 persons receive residential habilitation services. That is 20% of the total number of people receiving Developmental Disabilities Home and Community Based Services Medicaid waiver services. In addition to Developmental Disabilities Home and Community Based Services Medicaid waiver costs, APD spends \$2 million on room and board for children in group homes. APD also pays the difference if an adult's Supplemental Security Income (SSI) payment is less than the standard monthly amount.

The proposed changes will reduce the expenditure for residential habilitation services for the remainder of FY 2007-2008 by about \$6 million dollars. These savings are necessary to help reduce APD's deficit, to comply with Legislative mandates, and to continue to serve the needy at the current level and expand the number APD can help. The Legislature has also required the APD to do all things necessary to cure the deficit. Section 393.0061, F.S. (2007) commands APD to reduce the deficit by all means including limiting services, reducing rates or even limiting the number of people provided services.

No reasonable rate reduction for any other provider group can generate the savings that will be generated by the residential habilitation rate reduction of the emergency rule.

The Legislature also specifically commanded the Agency for Persons with Disabilities to reduce residential habilitation rates and implement a consolidated residential habilitation rate structure to increase savings to the state through a more cost-effective payment method and establish uniform rates for intensive behavioral residential habilitation services. The emergency rule fulfills that requirement.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The procedure for adoption of this emergency rule is "fair under the circumstances" as required by Section 120.54(4), F.S. and provides the procedural protection required for adoption of an emergency rule. Section 393.0661(4), F.S. (2007) mandated APD to reduce the deficit by all means including limiting services, reducing rates, or limiting the number of people provided services. Chapter 2007-64, Laws of Florida specifically mandated APD to reduce residential habilitation rates by implementing a consolidated residential habilitation rate structure to increase savings to the state through a more cost-effective payment method and establish uniform rates for intensive behavioral residential habilitation services.

The provider community received timely advance notice that the Agency for Persons with Disabilities was considering rate adjustments to meet the legislature's mandate to increase savings and establish uniform rates for providers. APD hosted a series of Systems Review Workgroups for the purpose of identifying means of dealing with the projected deficit for APD, improving the accountability of the Developmental Disabilities Home and Community Based Services Medicaid waiver system, and restructuring the residential habilitation rate structure. In addition to the 12 meetings held between APD and various interest groups, there was also a specific sub-workgroup developed to exclusively address the residential habilitation rates. Along with staff from APD and AHCA, participants in the process included self-advocates (clients), family members, providers and provider associations, waiver support coordinators, representatives from advocacy groups including Florida Association for Rehabilitation Facilities (FARF), the Family Care Council, Arc of Florida, Florida Association of Support Coordinators, Sunrise (a provider agency) and Mentor (a provider agency). After the initial introduction of the APD Residential Habilitation rate structure, additional input was obtained from the various affected groups. The Agency for Persons with Disabilities received, considered and incorporated comments from the provider community regarding its position on the proposed rate adjustments.

Also the Agency for Health Care Administration previously adopted an emergency rule establishing reduced residential habilitation rates, effective December 1, 2007. As a result of an agreement reached in a challenge to the rule the Agency agreed to make changes incorporated in this emergency rule to further assure that the agency is taking only that action necessary to protect the public interest. This emergency rule supersedes the December 1, 2007 emergency rule.

Constitutional and statutory due process requirements are met as an opportunity for judicial review of the emergency rule is provided by Section 120.54(4)(a)3., F.S., and an opportunity to contest the emergency rule is provided by Section 120.5615, F.S.

SUMMARY: The emergency rule implements the mandate of the Florida Legislature in Chapter 2007-64 of the Laws of Florida amending Sections 393.0661(3)(f)4. and 393.0661(3)(f)8., F.S. (2007) and the budget proviso requirements of the 2007 General Appropriations Act. It supersedes Rule 59GER07-2. Chapter 2007-64, Laws of Florida required:

Section 393.0661(3)(f)8., F.S. The agency [for Persons with Disabilities] shall implement a consolidated residential habilitation rate structure to increase savings to the state through a more cost-effective payment method and establish uniform rates for intensive behavioral residential habilitation services.

The budget proviso to the 2007 General Appropriations Act provides:

The agency [for Persons with Disabilities] shall implement a consolidated Residential Habilitation rate structure to increase savings to the state through a more cost effective payment method and establish uniform rates for the Intensive Behavior Residential Habilitation services.

The Emergency Rule establishes the rates paid providers of residential habilitation services provided to developmentally disabled individuals enrolled in the Developmental Disabilities Home and Community Based Services Medicaid waiver. Residential habilitation provides supervision and specific training activities that assist the recipient to acquire, maintain or improve skills related to activities of daily living.

The purpose of Rule 59GER07-5, is to incorporate by reference in rule the Developmental Disabilities Home and Community-Based Services Waiver Residential Habilitation Services in a Licensed Facility Provider Rate Table, January 1, 2008. The effect will be to incorporate by reference in rule the Developmental Disabilities Home and Community-Based Services Waiver Residential Habilitation Services in a Licensed Facility Provider Rate Table, January 1, 2008.

The Agency for Health Care Administration published a Notice of Rule Development for proposed changes to residential rehabilitation rates paid by the Agency for Persons with Disabilities to providers in the November 16, 2007 Florida Administrative Weekly. The Agency conducted a rule development hearing on Monday, December 3, 2007, from 3:00 to 4:30.

WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN that on November 14, 2007, the St. Johns River Water Management District's Governing Board has issued an order.

The District granted a variance under Section 120.542, F.S. (SJRWMD FOR# 2007-43), to The Haven at Riviera, LLC (Petitioner). The Petition for Variance was received by SJRWMD on May 4, 2007. Notice of receipt of the petition requesting the variance was published in the Florida Administrative Weekly, Vol. 33, No. 40 on October 5, 2007. No public comment was received. This order provides a temporary variance from subparagraph 40C-41.063(1)(c)1. of the Florida Administrative Code and Section 11.1.3 of the Applicant's Handbook: Management and Storage of Surface Waters (February 1, 2005). These rules provide in pertinent part that a surface water management system may not result in an increase in the amount of water being diverted from the Upper St. Johns River Hydrologic Basin to intercoastal receiving waters. Generally, the Order sets forth the basis of the Governing Board's decision to grant the variance as follows: 1) requiring Petitioner to comply with these rules onsite would create a technological hardship, and 2) Petitioner's financial contribution to the C-1 Rediversion Project or an Alternative Rediversion Project will accomplish the purpose of Chapter 373 of the Florida Statutes to prevent harm to the water resources, by facilitating the project's implementation. The C-1 Rediversion Project is a restoration project designed to allow water that would be diverted from the St. Johns River to coastal receiving waters by the Melbourne-Tillman Water Control District canal system to drain once again to the St. Johns River.

A copy of the Order may be obtained by contacting: Timothy A. Smith, Senior Assistant General Counsel, at the Office of General Counsel, St. Johns River Water Management District, 4049 Reid Street, Palatka, Florida 32177-2529, or by telephone at (386)312-2347.

Miscellaneous**

DEPARTMENT OF COMMUNITY AFFAIRS

STATE OF FLORIDA

In re: MONROE COUNTY LAND DEVELOPMENT REGULATIONS ADOPTED BY MONROE COUNTY ORDINANCE NO. 044-2007

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), F.S., and § 380.0552(9), F.S. (2006), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On December 14, 2007, the Department received for review Monroe County Ordinance No. 044-2007 ("Ord. 044-2007"), adopted by Monroe County on November 14, 2007.
3. The purpose of the Ordinance is to impose an Interim Development Ordinance prohibiting the approval of new allocations of ROGO or NROGO for Big Pine Key and No Name Key until such time as a mitigation ordinance that will satisfy the mitigation required by the Habitat Conservation Plan is adopted by the Board of County Commissioners or for two months whichever occurs first.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. § 380.05(6), F.S., and § 380.0552(9), F.S. (2006).
5. Monroe County is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, F.S. (2006) and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.
6. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), F.S. (2006). The regulations adopted by Ord. 044-2007 are land development regulations.
7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), F.S. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
8. Ord. 044-2007 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
 - (c) To protect upland resources, tropical biological communities, freshwater wetlands, native tropical vegetation (for example, hardwood hammocks and pinelands) dune ridges and beaches, wildlife, and their habitat.

9. Ord. 044-2007 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 044-2007 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.
