**WATER MANAGEMENT DISTRICTS**

NOTICE IS HEREBY GIVEN THAT on July 28, 2008, the St. Johns River Water Management District, received a petition for variance from West Melbourne Holdings II, LLC, pursuant to Section 120.542, Florida Statutes. Petitioner is seeking a variance from subparagraph 40C-41.063(1)(c)1., F.A.C., and Section 11.1.3 of the Applicant’s Handbook: Management and Storage of Surface Waters (February 1, 2005) (A.H.), for Environmental Resource Permit (ERP) Application 4-009-92272-5. The permit applicant is proposing to construct a wet detention surface water management system that will discharge into the Melbourne-Tillman Water Control District canal system, for a commercial project known as Hammock Landing Phase 2, in Brevard County. Rules 40C-41.063(1)(c)1., F.A.C., and Section 11.1.3, A.H., prohibit the construction, operation, and maintenance of a surface water management system in the Upper St. Johns River Hydrologic Basin that results in an increase in the amount of water being diverted from the Basin to coastal receiving waters. These rules are intended to protect the water resources of the state by limiting discharges of fresh water to estuarine waters and curtailing interbasin diversion. Comments on this petition should be filed with Robert Nawrocki, District Clerk, St. Johns River Water Management District, 4049 Reid Street, Palatka,

Florida 32177-2529, within 14 days of publication of this notice. The petition has been assigned F.O.R. Number 2008-81.

## DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN THAT on July 16, 2008, the Division of Pari-Mutuel Wagering, Department of Business and Professional Regulation, has issued an order.

The Final Order was in response to a Petition for Waiver from Progressive Gaming International Corporation, Petitioner, filed May 30, 2008, and advertised in Vol. 34, No. 25, of the Florida Administrative Weekly.

The Final Order on the Petition for Waiver from Progressive Gaming International Corporation, Petitioner, in DBPR Case No. 2008031478 (VW 2008-171) grants the Petitioner a waiver from subsection 61D-14.009(4), Florida Administrative Code (F.A.C.), and authorizes issuance of a slot machine occupational license to Petitioner after considering all factors involved in the Petitioner's relinquishing of its gaming license in another gaming jurisdiction. The Final Order notes that the rule was not intended to incorporate a penalty of license denial because of the failure of a third party to comply with a gaming regulatory financial reporting requirement, but rather intended to deny a slot machine occupational license to a business entity that once held a gaming license that was relinquished in lieu of prosecution for an administrative offense. The Final Order conditionally grants Petitioner a waiver for the period of Petitioner's initial first license with the state, with a grant of unconditional licensure thereafter to Petitioner should Petitioner successfully complete its first full year of licensure.

A copy of the Order may be obtained by contacting: Agency Clerk, Department of Business and Professional Regulation, 1940 North Monroe Street, Tallahassee, Florida 32399-2202. (850)921-0342.

NOTICE IS HEREBY GIVEN THAT on July 18, 2008, the Department of Environmental Protection Northwest District has issued an order.

On December 12, 2007, the Department received from International Paper Company a petition for a waiver from subparagraphs 62-660.300(1)(a), (3) and (4), F.A.C., which restricts public access and recreation on waters under consideration for an experimental use of wetlands for low energy water and wastewater recycling. Notice of receipt of this petition was published in the Florida Administrative Weekly on December 28, 2007. No public comments were received. On July 18, 2008, the Department granted the waiver from subparagraphs 62-660.300(1)(a), (3) and (4), F.A.C., to International Paper Company in a final order, OGC File No.: 07-2621. This rule waiver was granted because International Paper demonstrated that a strict application of the rule would result in undue hardship and because they successfully fulfilled the requirements of the underlying statutes by other means.

A copy of the Order may be obtained by contacting: Bill Evans, Department of Environmental Protection, Northwest District, 160 Governmental Center, Pensacola, FL 32502-5794, (850)595-8300, ext. 1168, [bill.evans@dep.state.fl.us](mailto:bill.evans@dep.state.fl.us).

NOTICE IS HEREBY GIVEN THAT on July 24, 2008, the Department of Environmental Protection has issued an order.

The order is for the Carus Corporation variance petition (OGC File No. 08-0556), received on March 28, 2008. The petition requested a variance from the zone of discharge (ZOD) prohibition for discharges through wells under subsection 62-522.300(3), F.A.C., for the use of RemOx® EC Stabilization Reagent (RemOx) to cleanup contaminated sites in Florida. Specifically, the variance requested a ZOD for antimony, arsenic, chromium, mercury, beryllium, cadmium, lead, thallium, selenium, and molybdenum within a 150-foot radius from the point of discharge for a duration of one year. Notice of receipt of this petition was published in the Florida Administrative Weekly, on May 9, 2008. No public comment was received. The final order granted a variance from the ZOD prohibition because the petitioner demonstrated a substantial hardship, and that the purposes of the underlying statutes would be met with the conditions imposed by the Department.

A copy of the Order may be obtained by contacting: Cathy McCarty, Department of Environmental Protection, Underground Injection Control Program, MS 3530, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, (850)245-8654.

**DEPARTMENT OF HEALTH**

NOTICE IS HEREBY GIVEN THAT on July 29, 2008, the Department of Health has issued an order.

The order was issued in response to a petition for a variance filed on May 27, 2008, by Daniel Hernandez, representing Infiltrator Systems, Incorporated, regarding the “Treatment Receptacle”. Petitioner sought a variance from paragraph 64E-6.013(2)(a), Florida Administrative Code, which requires all treatment receptacle stiffening members such as ribs to be a homogeneous integral part of the structure. Notice of the petition was published in the June 6, 2008, edition of the Florida Administrative Weekly.

The Department found that the Petitioner demonstrated that the underlying intent of the statute could be achieved by alternative means and that strict application of the rules would create a substantial hardship in the Petitioner’s particular circumstance. Therefore, pursuant to the requirements of Section 120.542(2), Florida Statutes, the Department **GRANTED WITH STIPULATIONS** Petitioner’s request for a variance.

A copy of the Order may be obtained by contacting: Agency Clerk, Department of Health, Office of the General Counsel, 4052 Bald Cypress Way, Bin A02, Tallahassee, Florida 32399-1734.
