DEPARTMENT OF EDUCATION

NOTICE TO DESIGN/BUILDER:

The University of Florida Board of Trustees announces that Design/Build services will be required for the project listed below:

Project: UF-362, UF & Shands Jacksonville UDC Building Renovations (Jacksonville, Florida)

The project consists of an upgrade of the building envelope and utilities infrastructure, roof replacement, and selective renovation of approximately 20,860 gross square feet (GSF), of the UDC Building under several phases of construction that minimize disruption to the building occupants. The Shands Jacksonville UDC Building is a 3 story, 34,946 GSF facility, constructed in the mid-1950's, located on the Shands Jacksonville Medical Center campus. It has been utilized as a multi-purpose building providing student dormitory space and various hospital support functions over the years.

The total project budget is \$3,200,000, including limited site work and underground utilities, fees and permits, building commissioning, furnishings and equipment and contingencies. Construction shall be "fast-tracked" to begin prior to September 2010. Gold LEED-EB (Leadership in Energy and Environmental Design – Existing Building) certification by the U.S. Green Building Council is mandatory.

The contract for design/build services will consist of two parts. Part one services include design, construction administration, value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) proposal based on 100% Construction Documents, for which the design/builder will be paid a fixed fee.

If the GMP is accepted, part two, the construction phase, will be implemented. In part two of the contract, the design/builder becomes the single point of responsibility for completion of the construction documents, performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for part one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the design/builder's contract.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection and structural engineering subconsultants for this project in the amount of \$1,000,000 each, and will be provided as a part of Basic Services. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design and construction ability, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and the applicant or its architectural, landscape architectural, and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide design/build services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the DBQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "Design/Builder Qualifications Supplement" (DBQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
5. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for all construction, architectural, landscape architectural, and engineering entities (applicant and consultants) from the appropriate governing board.
6. Proof of bonding capacity and proof of all design entities' or consultants' (architecture and engineering) ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected design/builder must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of

\$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific DBQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Design/Builder agreement, and other project and process information – can be found on the Facilities Planning & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet to UF Project Manager Chris Singletary. Submittals must be received in the Facilities Planning & Construction office by 3:00 p.m. (Local Time), Friday, February 19, 2010. Facsimile (FAX) submittals are not acceptable and will not be considered.

SIXTH JUDICIAL CIRCUIT

The Chief Judge of the Sixth Judicial Circuit intends to issue a Request for Proposal (RFP) by mid-February 2010, for bids for one entity to provide managed mediation program services in residential mortgage foreclosure suits in Pasco and Pinellas Counties, Florida. The managed mediation services intended

are described in Supreme Court Administrative Order No.: AOSC09-54, In Re: Final Report and Recommendations on Residential Mortgage Foreclosure Cases, issued December 28, 2009, which is available online at: <http://www.floridasupremecourt.org/clerk/adminorders/2009/AOSC09-54.pdf>. If you are interested in providing the managed mediation services for the Sixth Circuit, please review Administrative Order No.: AOSC09-54 now to determine the services that may be solicited in the RFP.

When an RFP is issued, it will be posted on the Sixth Judicial Circuit Internet site: www.jud6.org. Because the Sixth Circuit desires to promptly implement AOSC09-54 to help address its large numbers of foreclosure filings, the Circuit anticipates that all bids will be due within 30 days after an RFP is issued.

Please routinely check www.jud6.org for posting of the RFP. For email notice that an RFP has issued, please email a request with the subject line of "Managed Mediation Services RFP" to: courts@jud6.org.

CITY OF FORT LAUDERDALE

Sealed bids will be received until 2:00 p.m., Wednesday, February 17, 2010, in the Office of the City Engineer, Public Services Department (Engineering and Architectural Services), City Hall, 100 North Andrews Avenue, 4th Floor, City of Fort Lauderdale, Florida and opened immediately thereafter in the Conference Room, for PROJECT #11444-N – WASTEWATER CONVEYANCE SYSTEM LONG-TERM REMEDIATION PROGRAM PROJECT #15 – BASIN D-37 NORTH LATERALS.

The work includes: The rehabilitation of sewer laterals identified in the contract documents by using the cured-in-place pipe method for lateral pipes. Acceptable lateral rehabilitation products listed in the Contract Documents. The work includes pre and post television survey, flow monitoring, flow bypass, traffic control, site restoration, and related operations as required resulting in complete and satisfactory rehabilitation of the sewer laterals in Sewer Basin D-37 North. A pre-bid meeting will be held at 2:00 p.m., Wednesday, January 27, 2010, the Program Management Team Office at 200 North Andrews Avenue, Suite 300 (Third Floor), Fort Lauderdale, Florida. The pre-bid meeting is recommended but not mandatory.

ADDENDA AND INTERPRETATIONS – No interpretations of the meaning of the specifications or other contract documents will be made orally to any bidder. Prospective bidders must request from the Engineer such interpretation in writing. To be considered, such request must be received by February 5, 2010. Requests submitted after the aforementioned deadline will not be considered, regardless of when the plans were purchased from the Office of the City Engineer.

Bidding blanks may be obtained at: Office of the City Engineer. Specifications are on file in the Office of the City Engineer. Bidders are encouraged to carefully review the project specifications, particularly Sections 02563 CURED-IN-PLACE LATERAL LINER and 02564 CURED-IN-PLACE SECTIONAL CONNECTION SEAL AND LATERAL LINER. Bids will be considered non-responsive if the pre-bid submittal requirements are not.

This project may be funded in whole or in part by the Florida Department of Environmental Protection, State Revolving Fund. Bidders are encouraged to become familiar with the provisions of the Supplementary Conditions contained in these documents and in particular the requirements of Article 20, Equal Employment Opportunity.

It will be the sole responsibility of the bidder to clearly mark bid as such, and ensure that his bid reaches the City prior to the bid opening date and time listed.

A certified check, cashier's check, bank officer's check or bid bond for 5% of the amount bid, made payable to the City of Fort Lauderdale, Florida, shall accompany each proposal.

The City of Fort Lauderdale reserves the right to waive any informality in any bid and to reject any or all bids.

Information on bid results and projects currently out to bid can be obtained by calling the pre-recorded City of Fort Lauderdale Bid Information Line at (954)828-5688. For general inquiries please call (954)828-5772.

DEPARTMENT OF EDUCATION

The Florida Department of Education announces the call for publishers' submissions of comprehensive prekindergarten curricula for the 2010 Voluntary Prekindergarten (VPK) Curriculum Approval Process.

For the purposes of this approval process, a curriculum is defined as a set of written materials that

- is replicable
- addresses the use of materials, scheduling, arranging the environment, and interaction between children and adults, either separately or in combination
- includes more than activity suggestions and more than theory and pedagogy
- is aligned with the VPK Education Standards
- is aligned with scientifically-based research.

Only comprehensive curricula will be reviewed for approval during this process. In order to be considered comprehensive, the materials submitted must stand alone and cover the VPK Education Standards in all eight domains. If ancillary or supplemental materials are required in order for a given curriculum to be considered comprehensive those additional materials must be submitted with the basic curriculum as a packaged set (i.e., "curriculum package") and must be made available to providers as a complete curriculum at a set price.

For information on the 2008 Florida VPK Education Standards, see a list of standards and benchmarks at: <http://www.fldoe.org/earlylearning/pdf/vpkedstandard.pdf> or purchase the standards book from UNF/FIE at: <http://www.unf.edu/dept/fie/PDF%20Folder/Support%20Materials%202009.pdf>.

Information about the process, including policies and procedures, specifications, and deadlines, will be posted on the DOE/OEL website at in the near future at: <http://www.fldoe.org/earlylearning/curric.asp>. Questions related to this
