DEPARTMENT OF COMMUNITY AFFAIRS

Notice of Funding Availability for the Flood Mitigation Assistance, Repetitive Flood Claims and Severe Repetitive Loss Grant Programs

The Florida Division of Emergency Management (DEM) is pleased to announce the opening of the FY 2012 application cycle for three flood mitigation grant programs funded by the Federal Emergency Management Agency (FEMA). The flood grants provide opportunities to local governments in assisting interested National Flood Insurance Program (NFIP) property owners in their areas who want to implement mitigation solutions that protect their homes against future flood damage. The three grant programs differ primarily in the ratio of federal share funds paid by FEMA, the non-federal matching funds expected from the NFIP property owner AND the number of NFIP claims on file for the property as outlined below. In each case, the property must have a current NFIP insurance policy in effect.

FEMA Grant Program	Federal Share	Local (Homeowner) Match	Minimum # of NFIP Claims
Severe Repetitive Loss Program (SRL)	90%	10%	Four
Flood Mitigation Assistance Program (FMA)	75%	25%	None
Repetitive Flood Claims Program (RFC)	100%	0%	One

Local governments may submit FY 2012 subapplications to the Division of Emergency Management by 5:00 p.m. on October 3, 2011. Any applications received after this date may have to be considered for the next funding cycle. After a technical feasibility and cost effectiveness review, DEM will submit eligible subapplications to FEMA.

Sub-applications for the three programs must be submitted to the DEM using FEMA's eGrants System. Interested and eligible entities may register for eGrants at <https://portal.fema.gov>. In addition, a Benefit Cost Analysis for each subapplication must be conducted and attached to the application using FEMA's BCA Toolkit. You are invited to review detailed FEMA guidance on each program at <http://www.fema.gov/library/viewRecord.do?id=4225>.

Grant Program Highlights

Sub-Applicant Eligibility: Local governments and Native American Indian Tribes that participate in the National Flood Insurance Program and have a FEMA approved Local Mitigation Strategy are eligible to submit applications on behalf of property owners with current NFIP insurance who can meet the non-federal cost-share requirements.

Eligible Subapplication Project Types:

1. Acquisition, demolition or relocation and conversion of land to open space;
2. Elevation of existing structures 2+ feet above Base Flood Elevation;
3. Minor physical localized flood control;
4. Dry floodproofing of commercial and historic residential structures; and
5. Mitigation Reconstruction for Severe Repetitive Loss properties only (\$150,000 cap).

DEPARTMENT OF ENVIRONMENTAL PROTECTION

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., to the United States Army Corps of Engineers, 701 San Marco Blvd., Jacksonville, FL 32207, (File No. 0238664-002-BV) to allow the turbidity mixing zone to exceed 150 meters for work within Pinellas County Aquatic Preserve, Outstanding Florida Waters (OFW). The requested variance is associated with the Sand Key Nourishment Project (0238661-001-JC). The United States Army Corps of Engineers proposes to perform beach nourishment in Pinellas County between reference monuments R-56 and R-66 and between 85 feet north of R-71A and R-108. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Bureau of Beaches and Coastal Systems, 5050 West Tennessee Street, Building B, Tallahassee, Florida 32304-9201, Telephone: (850)488-7708.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the Florida Statutes is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely

request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsection 28-106.111(2) and subparagraph 62-110.106(3)(a)1., F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the

petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.
