ADOPTED

BY ISLAMORADA VILLAGE OF ISLANDS

ORDINANCE NO. 11-11

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Florida Statutes and § 380.0552(9), Florida Statutes (2010), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Islamorada, Village of Islands is a local government within the Florida Keys Area.
2. On May 18, 2011, the Department received for review Islamorada, Village of Islands Ordinance No. 11-11 ("Ord. No. 11-11") adopted by the Village on April 14, 2011.
3. Ord. No. 11-11 amends Chapter 30, Article VII Environmental Regulations, Division 2 Docks and Shoreline Uses, Section 30-1547(E)(2) and Section 30-1547(H) of the Village Code amending provisions related to docking facilities terminating over seagrass or hardbottom communities.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations or portions thereof that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6), Florida Statutes and § 380.0552(9), Florida Statutes (2010).
5. Islamorada, Village of Islands is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Florida Statutes (2010), and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.
6. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Florida Statutes (2010). The regulations adopted by Ord. 11-11 are land development regulations.
7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Florida Statutes (2010). See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998),

aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

8. Ord. 11-11 promotes and furthers the following Principles:
  - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.
  - (b) To protect shoreline and marine resources, including mangroves, coral reef formations, seagrass beds, wetlands, fish and wildlife, and their habitat.
  - (c) To limit the adverse impacts of development on the quality of water throughout the Florida Keys.
9. Ord. 11-11 is not inconsistent with the remaining Principles. Ord. 11-11 is consistent with the Principles for Guiding Development as a whole.
10. Ord. 11-11 is consistent with the Village Comprehensive Plan Policy 5-1.2.7; and Policy 5-1.2.8.

WHEREFORE, IT IS ORDERED that Ord. 11-11 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION**

NOTICE OF INTENT TO GRANT A GROUND WATER QUALITY – CRITERIA EXEMPTION

The Department of Environmental Protection gives notice of its intent to grant an exemption from the Class G-II ground water standard for sodium, chloride, sulfate, and total dissolved solids (TDS) pursuant to Rule 62-520.500, Florida Administrative Code (F.A.C.), as part of industrial wastewater Permit Number 05-FLA103641 to Praxair Inc. (Praxair),

located in Brevard County at 2801 Hammock Road, Mims, Florida 32754. The exemption is for the permitted discharge of treated industrial wastewater to Class G-II ground water. The maximum contaminant level (MCL) for sodium is 160 mg/L. The secondary maximum contaminant levels (SMCL) for chloride, sulfate, and TDS are 250 mg/L, 250 mg/L, and 500 mg/L, respectively. Alternate levels have been proposed as follows: sodium 600 mg/L, chloride 600 mg/L, sulfate 1110 mg/L, and TDS 2600 mg/L.

The exemption is granted for the duration of the current Praxair industrial wastewater operation Permit Number 05-FLA103641, which has been administratively extended, and for the duration of the subsequent renewal permit upon issuance. The applicant, in conjunction with industrial wastewater Permit Number 05-FLA103641, must petition for any future exemptions or renewals.

A person whose substantial interests are affected by the Department's proposed exemption decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the: Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within 21 days of publication of this notice. The petitioner must mail a copy of the petition to the applicant: Mr. Jonathan Hayes, Facility Superintendent, Praxair, Inc., 2801 Hammock Road, Mims, Florida, 32754 at the time of filing.

The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information, as required by Rule 28-106.201, F.A.C.:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decisions;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

- (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrants reversal or modification of the Department action;
- (f) A statement of the specific rules and statutes the petitioner contends requires reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rule or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petition have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspection during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the: Department's Tallahassee Office, 2600 Blair Stone Road, Room 232B, Tallahassee, Florida 32399-2400; telephone: Mr. David James, P.G. at (850)245-8648.

#### Notice of Intent to Grant Drinking Water Quality Standards Exemption

The Palm Beach County Health Department gives notice of its intent to grant an exemption request pursuant to Rule 62-560.520, Florida Administrative Code (F.A.C.) to the City of West Palm Beach, for its public water system located at 1009 Banyan Boulevard, West Palm Beach, Palm Beach County, Florida. This exemption is for the exceedance of the secondary maximum contaminant levels (SCML) for total dissolved solids (TDS) and chlorides found in Rule 62-550.320, F.A.C. The SCML for TDS and chlorides are 500 mg/L and 250 mg/L, respectively. As a condition of this exemption, alternative SCML of 1,000 mg/L for TDS and 500 mg/L for chlorides will be required for the duration of the exemption. The exemption is granted for designated drought periods until August 31, 2018. The exemption would be initiated by the City when the Drought Monitor, referenced by the South Florida Water Management District, reaches the D4 Exceptional Drought category, the City publishes notice of its intent to activate the exemption and the exemption would remain in effect until the City publishes notice that TDS and chloride levels have returned to normal levels. Exemptions beyond August 31, 2018 must be petitioned for by the applicant.

A person whose substantial interests are affected by the Department's proposed exemption decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.570, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the: Office of the General Counsel of the Department at 800 Clematis Street, West Palm Beach, Florida 33401, within 30 days of the publication of this notice. The petitioner must mail a copy of the petition to the applicant at: City of West Palm Beach Utilities, P.O. Box 3483, West Palm Beach, Florida 33402, at the time of filing.

The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another

party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information, as required by Rule 28-106.201, F.A.C.:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petition above have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspections during normal business hours, 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at the: Department's Headquarters Office, 800 Clematis Street, 4th Floor, West Palm Beach, Florida 33401; telephone: Mr. Darrel Graziani, P.E., R.S., Water Programs Administrator, (561)837-5995.
