DEPARTMENT OF EDUCATION

NOTICE TO CONSTRUCTION MANAGERS:

The University of Florida Board of Trustees announces that CM-At-Risk services will be required for the project listed below:

Project: UF-366, Auxiliary and High-Density Library Storage Facility (Gainesville, FL)

The project consists of the renovation of an existing offsite library storage facility, the addition of a high-density storage facility, the creation of a new main facility entry, and associated sitework and utilities infrastructure.

The estimated construction budget is approximately \$12.4M, but construction funds have not been appropriated at this time. The scope includes new construction, phased renovations, mechanical and electrical upgrades, repairs and upgrades to the existing building envelope, site hardscape and landscape work, and other scopes of work as outlined in the Facilities Program. Gold LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory, at least for the new high-density storage addition. Design and construction documents will be created using Building Information Modeling (BIM) software, and the CM will be expected to use these models and participate in the creation of record (“as built”) models for the Owner’s use.

The contract for construction management services will consist of two phases, pre-construction and construction. Pre-construction services will begin at the Conceptual Schematic Design stage and will include production of cost studies and estimates; value engineering; analysis of the design documents for constructability, coordination, detailing, materials, and systems; development and maintenance of the construction schedule; production of detailed jobsite management plans; development of strategies for the procurement of trade contracts; development of waste management strategies; and possibly development of a Guaranteed Maximum Price (GMP) proposal based on 100% Construction or Bid Documents. If construction funds become available and the GMP proposal is accepted and executed, the construction phase will be implemented. In this phase, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to secure funding, failure to negotiate an acceptable fixed fee for phase one of the contract, or failure to agree on the GMP may result in termination of the contract.

Applicants will be evaluated on the basis of their past performance, experience, personnel, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and, if the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. Joint venture applications will not be considered.

Applicants desiring to provide construction management services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the CMQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "CM Qualifications Supplement" (CMQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff.
5. Proof of the applicant's corporate status in Florida (if applicable) and a copy of the applicant's current contracting license from the appropriate governing board.
6. Proof of applicant's bonding capacity and liability insurance coverage.

7. Proof of the applicant's Experience Modification Rating (EMR) safety rating.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction manager must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific CMQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Agreement for CM Services, and other project and process information – can be found on the Facilities Planning & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning & Construction office by 3:00 p.m. (Local Time), Wednesday, February 1, 2012. Facsimile (FAX) submittals are not acceptable and will not be considered.

REGIONAL PLANNING COUNCILS

REQUEST FOR PROPOSALS FOR MADISON COUNTY COMMUNITY TRANSPORTATION COORDINATOR

The North Central Florida Regional Planning Council is accepting proposals from qualified agencies or firms for the award of a contract to coordinate transportation services for the transportation disadvantaged in Madison County, Florida. The selected contractor will be the designated Community Transportation Coordinator under Florida's Transportation Disadvantaged Program, as authorized by Chapter 427, Florida Statutes, and more fully described in Chapter 41-2 of the Florida Administrative Code.

The Community Transportation Coordinator is defined by Chapter 427, Florida Statutes as a transportation entity recommended by the appropriate designated official planning agency to ensure that coordinated transportation services are provided to the transportation disadvantaged population in a designated service area. The Community Transportation Coordinator has full responsibility for the delivery of transportation services for the transportation disadvantaged as outlined in Section 427.015(2), F.S.

The complete Request for Proposals (RFP) may be obtained by writing the contact listed below, or by calling: Ms. Lynn Godfrey, AICP, Senior Planner at (352)955-2200, extension 110. Experience with eligibility-based transportation services is required.

A mandatory pre-proposal conference will be held January 26, 2012, in the North Central Florida Regional Planning Council, Charles F. Justice Conference Room, 2009 N.W. 67th Place, Gainesville, Florida at 10:00 a.m. (Eastern Standard Time), to answer questions about the Request for Proposals. Inquiries about this Request for Proposals must be made in person at the pre-proposal conference. Firms and agencies represented will have an opportunity to clarify any information contained in the request for proposals at the pre-proposal conference.

Proposals must be received by 3:00 p.m. (Eastern Standard Time), February 23, 2012, at the office of the North Central Florida Regional Planning Council. Seven (7) copies of the proposal must be submitted to: North Central Florida Regional Planning Council, ATTENTION: Scott R. Koons, AICP, Executive Director, 2009 N.W. 67th Place, Gainesville, Florida 32653-1603. One of these copies must be a clean, single sided original that can be used to make additional copies. The outside of the envelope or box containing proposal must be marked "PROPOSAL FOR MADISON COUNTY COMMUNITY TRANSPORTATION COORDINATOR." Faxed and electronically mailed responses will not be accepted.

The North Central Florida Regional Planning Council will not accept responsibility for proposals that are not marked and submitted in this manner. Proposals are to remain in effect for ninety (90) calendar days from date of submission. The North Central Florida Regional Planning Council reserves the right to reject any or all proposals, to waive any formality concerning proposals or negotiate changes to the proposals whenever such rejection or waiver or negotiation is in the best interest of the State and transportation disadvantaged. Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

REGIONAL TRANSPORTATION AUTHORITIES

Request for Proposal

TBARTA New Freedoms Transportation Initiative

The Tampa Bay Area Regional Transportation Authority (TBARTA) requests that qualified consultants submit Proposals for consideration in the competitive selection of professional transportation planning services on the following project:

PROJECT: TBARTA New Freedoms Transportation Planning Initiative

The Federal Transit Administration (FTA) Section 5317 Program, 49 U.S.C. 5317 (New Freedoms), was established by the U.S. Congress to provide assistance for new public transportation services and public transportation alternatives beyond those required by the Americans with Disabilities Act of 1990 to assist individuals with disabilities with transportation.

The TBARTA has been awarded funding under the New Freedom program to provide planning operations activities initially for transit services, including (but not limited to) fixed route, demand and/or a hybrid-type service (i.e., flexible), specifically targeted to provide stability and enhancement of current transit and transportation dependent services, specifically in Hernando and Citrus Counties. It is intended that such an activity, in partnership with both counties, will produce a transit plan that will, upon implementation, provide coordinated, efficient and cost-effective transit services for the northern-most boundaries of the TBARTA region, while addressing the necessary local services needed to support the adopted TBARTA Master Plan. It is further intended that such enhancement of local services will also increase the opportunities for transportation choices within the transportation dependant population.

About TBARTA

Created in 2007 pursuant to Chapter 343, Part IV, Florida Statutes, TBARTA is an Independent Special District of the state of Florida and subject to the provisions of Chapter 189, Florida Statutes (Uniform Special District Accountability of 1989). Compliance with governance of TBARTA is being assessed primarily in accordance with Chapters 343 and 189, Florida Statutes, although it will include other applicable statutes. As an agency of the state, TBARTA is not subject to taxation.
