**Section II
Proposed Rules**

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6A-1.09981 RULE TITLE: Implementation of Florida's System of School Improvement and Accountability

PURPOSE AND EFFECT: The purpose and effect of the proposed rule change is to incorporate statutory changes into the calculation of the school grades formula for elementary, middle, high and combination schools. These changes include incorporating the FCAT 2.0 and End-of-Course Assessments as it relates to performance and learning gains calculations. In addition, changes are made to improve the school grades calculation methodology and conform rule language more closely to legislative intent. The changes also reorganize information to move current aspects of the school grade model out of the planned enhancement section into the sections that outline how the school grades system works.

SUMMARY: This rule describes the school grading process, lays out the data that is used in the process, how points for school grades are calculated, and requirements to receive an A, B, C, D, or F grade. This rule amendment is proposed to incorporate recent changes made to the statewide assessment program and recent legislative changes to Section 1008.34, F.S. These changes include, adding provisions outlining how new statewide assessments outlined in statute are used in the school grades model, incorporating the new components outlined in statute in the middle school model, and updating the high school model to include the new federal uniform
