DEPARTMENT OF EDUCATION

Project: UF-286, The Harrell Medical Education Building (Main Campus)

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project: UF-286, The Harrell Medical Education Building (Main Campus)

The project consists of a four story approximately 90,000 GSF facility that will provide current and innovative teaching laboratories and support facilities which respond to the latest trends toward small-group learning, the use of simulators and standardized patients for professional development and assessment, state of the art information technology, and access to information in a wireless environment. Space will be provided to allow for distance learning opportunities for the urban campus in Jacksonville and other sites as required.

The estimated construction budget is approximately \$43,500,000.00, including (site improvements, underground utilities, other). The project will be delivered using the Construction Manager At-Risk method. (Gold) LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is a mandatory Minimum. The project will actively pursue the Living Building Challenge and Net Zero effect.

The selected firm will provide design, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection and structural engineering subconsultants for this project and will be provided as a part of Basic Services.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant’s understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific “Professional Qualifications Supplement” (PQS) proposal with signed certification. Applications on any other form will not be considered.

3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant and all engineering and landscape architecture consultants from the appropriate governing board.
5. Proof of the applicant's and all engineering consultants' ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Facilities Planning & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning & Construction office by 3:00 p.m. (Local Time), Tuesday, May 15, 2012. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the disciplines of architecture and engineering will be required for the project listed below:

Project: UF-380, School of Business Building (Gainesville, FL)

The project consists of the construction of a new 52,000 gross SF classroom building for the Warrington College of Business Administration to support its undergraduate programs, plus site

development and utilities infrastructure. The detailed scope of work is outlined in the Facilities Program, along with project-specific background, goals, and requirements.

The overall project budget is approximately \$21,000,000, with an estimated construction budget of \$16.7M. The project will be delivered using the Construction Manager At-Risk method, with a goal of occupying the facility by or before June 2014. Minimum Gold LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory, and the design and construction will be commissioned by an independent entity. Design of both the building and site are subject to review by historic preservation officials given the site location and proximity of two historic buildings.

The selected firm will provide program verification and conceptual studies via interactive workshops with the University and other stakeholders, site planning, design, renderings, energy modeling, life cycle cost analyses, construction documents, and construction administration services. The use of Building Information Modeling (BIM) software is mandatory, and plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection and structural engineering sub-consultants for this project and will be provided as a part of Basic Services.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. Joint ventures will not be considered.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.

3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant and all engineering and landscape architecture consultants from the appropriate governing board.
5. Proof of the applicant's and all engineering consultants' ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, Facilities Program, UF Design and Commissioning Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Facilities Planning & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning & Construction office by 3:00 p.m. (Local Time), Tuesday, May 15, 2012. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS

The University of South Florida St. Petersburg (USFSP) announces that continuing professional services are required for the following disciplines: Mechanical, Electrical, Plumbing Engineering (MEP). Projects included in the scope of this agreement will be specific projects for renovations, alterations, and additions that have a basic construction budget estimated to be \$1,000,000 or less, or studies for which the fee for professional services is \$100,000 or less. Campus Service contracts for these projects provide that the consultant will be

available on an as-needed basis for the upcoming fiscal year, July 2, 2012 to June 28, 2013. Award of contract is for an initial period of one (1) year with an Owner's option to renew for up to one (1) year. The consultant receiving the award will not have an exclusive contract to perform services for these projects. The university may have additional campus service professionals under contract during the same time period. Firms desiring to provide professional services shall submit a letter of interest specifying the discipline for which they are applying and a completed USFSP "Professional Qualifications Supplement" form. Proposals must not exceed 40 pages, including the "Professional Qualifications Supplement" and letter of interest. Pages must be numbered consecutively. Submittals that do not comply with these requirements or do not include the requested data will not be considered. No submittal material will be returned. Attach to each letter of interest:

1. The USFSP "Professional Qualifications Supplement," dated April, 2009, completed by the applicant. Applications on any other form will not be considered.

2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be properly chartered by the Florida Department of State to operate in Florida. Selection of finalists for interview will be made on the basis of professional qualifications, including experience and ability; past experience; design ability; volume of work; and distance from project. The plans and specifications for University projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. The USFSP "Professional Qualifications Supplement," descriptive project information, and selection criteria may be obtained by contacting: Sandy McFarlin, Business and Fiscal Assistant, USFSP, Facilities Planning and Construction Services, 140 – 7th Avenue South, TER 100, St. Petersburg, FL 33701, (727)873-4822, or e-mail: sinfarlin@usfup.edu. Requests for meetings by individual firms will not be granted. It shall be noted that no verbal communication shall take place between the short listed applicants and USFSP. Please submit any questions regarding the "Professional Qualifications Supplement" via e-mail. Six (6) bound copies of the above required proposal data shall be submitted to: John Trecastelli, RA, Associate Director, Facilities Planning & Construction Services, USFSP, 140 – 7th Avenue South, TER 100, St. Petersburg, FL 33701.

Applications that do not comply with the above instructions may be disqualified. Application materials will not be returned. Submittals must be received at the above campus address by 2:00 p.m. (EST), April 30, 2012. Facsimile submittals are not acceptable and will not be considered. The Selection Committee may reject all proposals and stop the selection process at any time.
