items specified below as “exemptions,” property received must be in compliance with this list. Inmates in possession of property previously approved by the Department of Corrections which meets the description of property on the list shall be allowed to retain the property. Inmates transferring to department facilities from private correctional facilities shall be allowed to retain only those items that are in compliance with the list of authorized property. As items sold in canteens at private facilities may differ from those sold in department canteens, items purchased in canteens at private facilities will not always be admissible in department facilities.

Definitions.

The “quantity” establishes a maximum possession limit. This does not mean that all state issue items will be issued to each inmate, or that the maximum number of items will be issued. All canteen items are subject to availability and may not be available for purchase. Items found in the possession of an inmate that are in excess of the established “quantity” shall be treated as contraband in accordance with Rule 33-602.203, F.A.C. Where there is a “value” indicated, the authorized item shall not exceed that value. The terms “canteen” and “state issue” refer to the sources from which property can be obtained after January 1, 1996. All items with the “canteen” designation shall be available in all institutional canteens or through canteen order. All canteen items are transferable between department institutions. “State issue” means that the institution has the authority to issue this item to inmates based upon the character of the institution, the location of the institution, the housing or work assignment of the inmate, or other factors related to institution or inmate needs. Institutions housing death row inmates shall make adjustments to this property list when possession of listed items by death row inmates would create a threat to the security of the institution.

Exemptions.

Inmates already in possession of the following previously approved items shall be allowed to retain the items until they are no longer serviceable, but shall not be allowed to replace them with like items.

RULE NO.: 64B10-10.014
 RULE TITLE: Security and Monitoring Procedures for Licensure Examination

PURPOSE AND EFFECT: The Board proposes to repeal the rule due to the fact that the Department does not offer an examination because it is given by another entity; therefore the rule is no longer necessary.

SUMMARY: The rule will be repealed due to the rule no longer being necessary.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RFP2012-01 Batterer's Intervention Program (BIP) Service Providers

ADVERTISEMENT NOTICE

The Eleventh Judicial Circuit of Florida ("Circuit") seeks sealed proposals from qualified entities ("Proposers") to provide, as a batterers' intervention program ("BIP") service provider ("BIP Service Provider"), services to address domestic violence issues in Miami-Dade County, Florida. Such services will include, but are not limited to: (i) helping batterers take responsibility for their acts of violence; (ii) emphasizing alternative behaviors by teaching skills to control violent and abusive behavior; and (iii) collaborating with other community-based providers to facilitate substance abuse treatment, educational, and employment opportunities for batterers.

In view of the high incidence of domestic violence related crimes in Miami-Dade County and the need to have qualified BIP Service Providers to provide certain services in an effort to reduce the incidence of such crimes, the Circuit, along with local justice system and social service agencies developed the "Batterers' Intervention Program ("BIP") Service Provider Application" and the "Batterers' Intervention Program ("BIP") Minimum Certification Standards" that comprise the Request for Proposals for Batterers' Intervention Program ("BIP") Service Providers ("RFP #2012-01").

11.54 acres of land. The lands to be added to the District consist of five parcels of vacated County Road 210 right-of-way in St. Johns County. The Tolomato CDD currently consists of approximately 13,376.91 acres of land located within St. Johns County and the City of Jacksonville, Duval County, Florida. A general location map of the existing District is provided in Exhibit 1 to the petition, as supplemented. Sketches and metes and bounds descriptions for the expansion parcels are provided in Exhibit 3. After expansion, the District will encompass a total of approximately 13,388.45 acres.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the supplemented petition to expand the Tolomato CDD. The complete text of the SERC is contained as Exhibit 8. The requirements for a SERC are found in Section 120.541(2), F.S., (2012). In summary, the SERC represents the following: The owners of the expansion parcels and the District are expected to be affected by the inclusion of the expansion parcels within the District. FLWAC and the State of Florida may incur administrative costs associated with review of the petition. St. Johns County and the City of Jacksonville may incur costs resulting from the initial review and on-going costs resulting from the on-going administration of the proposed expanded District. The expansion of the District is not expected to have any negative impact on State and local revenues. The District plans to fund public road construction, storm water management improvements, and recreation facilities. Non-ad valorem assessments to fund the District's capital improvement project costs and its ongoing operations and maintenance expenses will be spread over all lands within both the District and the expansion parcels that receive a special benefit from those improvements. The petition provides an estimate of the non-ad valorem assessments that will be levied on the single-family lots ultimately planned to be developed within the expansion parcels. No negative impact to small businesses is expected as a result of expansion of the District. The expansion of the District will not have an impact on small counties as St. Johns County is not a small county as defined by Section 120.52, F.S.

A local hearing will be held at the time, date and place shown below:
