THE FULL TEXT OF THE PROPOSED RULE IS:

33-601.713 Inmate Visiting – Definitions.

(1) through (16) No change.

(17) “Service Animal” refers to a dog that is individually trained to do work or perform tasks for a person with disabilities. The provision of emotional support, well-being, comfort, or companionship does not constitute work or tasks for the purpose of the definition of a service animal.

Rulemaking Authority 944.09 FS. Law Implemented 20.315, 944.09, 944.23 FS. History–New 11-18-01, Amended 5-27-02, 9-29-03, 3-7-04, 12-6-04, 9-8-11, 9-24-12,_____.

33-601.723 Visiting Check-In Procedures.

(1) through (6) No change.

(7) A visitor is allowed to bring a service animal, as defined in Rule 33-601.713, F.A.C., into institutional visiting parks under the Americans with Disabilities Act (ADA). Under the ADA, a service animal must be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the visitor’s disability prevents using these devices. In that case, the visitor must maintain control of the animal through voice, signal, or other effective controls.

(a) When it is not obvious what service an animal provides, only limited inquiries are allowed. Staff may ask two questions:

1. “Is the dog a service animal required because of a disability?”; and

2. “What work or task has the dog been trained to perform?”

(b) Staff cannot ask about the person’s disability, require medical documentation, require a special identification card or training documentation for the dog, or ask that the dog demonstrate its ability to perform the work or task.

(c) Allergies and fear of dogs are not valid reasons for denying access to people using service animals. When a staff member or other visitor who is allergic to dog dander and a

person who uses a service animal must spend time in the visiting park, they both should be accommodated by assigning them, if possible, to different locations within the visiting park.

(3) Those visitors with an authorized service animal, as defined in Rule 33-601.713, F.A.C., must ensure that their animal conforms with acceptable behavior. A service animal must be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the visitor’s disability prevents using these devices. In that case, the visitor must maintain control of the animal through voice, signal, or other effective controls. A visitor is responsible for any and all damage caused by himself or the service animal. Department staff are not required to provide care or food for a service animal.

(4)(3) Reconsideration for Visitation. A visitor initially denied permission to visit for reasons other than for possession or attempted introduction of contraband and who corrects the problem causing the denial shall be granted visiting if not otherwise precluded by rule and if the inmate is not in the process of visiting with others.
