PURPOSE AND EFFECT: To amend the references to Chapter 62-330, F.A.C., and rules adopted thereunder, and to strike references to Chapters 62-343 and 62-346, F.A.C. This rulemaking will expand upon the rulemaking, already underway, to amend processing fees under Rule 62-4.050, F.A.C., for ERP-related activities. A separate Notice of Development of Rulemaking for those amendments to 62-4.050, F.A.C., was published in the Florida Administrative Register on January 15, 2013.

SUBJECT AREA TO BE ADDRESSED: Amendments to citations to Chapter 62-330, F.A.C., and striking citations to Chapters 62-343 and 62-346, F.A.C., to accommodate concurrent amendments to processing fees under Rule 62-4.050, F.A.C., for environmental resource permits and related applications, under the proposed SWERP rules.

RULE NO.: 58A-5.0191 RULE TITLE: Administrator, Manager, and Staff Training Requirements

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule published in the Vol. 38, No. 76, November 21, 2012 issue of the Florida Administrative Register. The Department has provided an updated Statement of Estimated Regulatory Costs, prepared in accordance with Section 120.541(2), F.S., and reflecting changes proposed in the Notice of Change which is being issued and published simultaneous to this Notice of Correction. A copy of the Statement of Estimated Regulatory Costs is available on the Department's website at: http://elderaffairs.state.fl.us/doea/alf_rulemaking.php. In its Notice of Change, the Department proposes a reduction to the biennial continuing education requirement for ALF administrators and managers from a proposed 18 hours to 12 hours, which is the current rule requirement. Such a reduction directly impacts the Department's initial regulatory cost projections, necessitating this Notice and updated Statement of Regulatory Costs. The following is a summary of the Statement of Estimated Regulatory Costs prepared by the Department:

- The rule is not likely to directly or indirectly have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.
- The rule is not likely to directly or indirectly have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after implementation of the rule.
- The rule is not likely to directly or indirectly increase regulatory costs, including transactional costs, in excess of \$1 million in the aggregate within 5 years after implementa-

tion of the rule.

- The number of individuals and entities likely to be required to comply with the rule based on available data include 2,442 facility administrators, at most 601 facility managers, an annual average of 794 successful applicants for the core training competency examination, and, in a general sense, all staff members of standard licensed and specialty licensed assisted living facilities in the state.
- The Department will not incur any costs for implementing or enforcing the proposed rule.
- There will be no cost to any other state or local government entities for implementing or enforcing the proposed rule.
- The estimated number of small businesses that would be subject to the rule, pursuant to Section 288.703, F.S., include most, if not all, of the 3,043 licensed assisted living facilities in the state.
- There will be no impact on small counties or small cities as defined in Section 120.52, F.S.

This correction does not affect the substance of the rule as it appeared in the Florida Administrative Register as outlined above.

RULE NO.: 11B-35.009
RULE TITLE: Exemption from Basic Recruit Training

NOTICE IS HEREBY GIVEN that on May 2, 2013, the Criminal Justice Standards and Training Commission received a petition for a permanent waiver of subsection 11B-35.009(8), F.A.C., from Christian Michael Eriksen, to cover six months prospectively from April 20, 2013. The Petitioner wishes to waive that portion of the rule that requires an officer to obtain employment within four years of the beginning date of required proficiency demonstration completed to obtain an out-of-state equivalency of training exemption from full basic recruit training. The Petitioner states that he received a conditional offer of employment ten days before the expiry of his four year window. He wishes to continue the employment process and requests a permanent waiver of the rule for six months from April 20, 2013, the day his equivalency of training four year employment window expired.

Petitioner states that the application of the rule violates the principles of fairness in his situation because he has in hand a conditional offer of employment. Petitioner states that he will suffer economic hardship under the rule as it is applied. Petitioner states that the underlying statute has already been fulfilled because he has a conditional offer of employment that was made prior to the closing of his four-year employment window.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

**Section XII
Miscellaneous**

**PUBLIC HEALTH TRUST OF MIAMI-DADE COUNTY
NOTICE PURSUANT TO SECTION 155.40(5)(e)1.,
FLORIDA STATUTES**

On April 29, 2013, the Financial Recovery Board of the Public Health Trust (FRB) held a public hearing to determine, in accordance with Florida Statute §155.40, whether the the Public Health Trust hospitals (Jackson Health System) should continue to own and operate its hospitals or whether any of the individual hospitals, or the system, should be operated by a

for-profit or a not-for-profit entity. Based upon the totality of the information considered by the Board, including the valuation report by Public Financial Management, Inc. (PFM), the comparisons of the operating costs and measurable quality outcomes between the hospitals operated by the Public Health Trust and other similarly situated not-for-profit and for-profit hospitals with similar service mixes, comments from the community, and comments by the Board members, the Financial Recovery Board of the Public Health Trust received the PFM report making the following findings:

There is not a meaningful difference in the cost of operations between the Jackson Health System hospitals, individually and collectively, and other similarly situated not-for-profit or for-profit hospitals with similar service mixes, using publicly available data provided by Agency for Health Care Administration and the quality metrics identified by the Centers for Medical and Medicaid Services Core Measures;

It is more beneficial to taxpayers and affected community for Jackson Health System, individually and collectively, to be operated by a governmental entity, rather than be operated by a not-for-profit or for-profit entity with similar or better cost efficiencies and measurable outcomes as identified by the Centers for Medical and Medicaid Services Core Measures;

Jackson Health System does not have positive fair-market value with or without the inclusion of tax revenue; and

There is not a net benefit to the community to operate Jackson Health System hospitals, either individually or collectively, as not-for-profit or for-profit entities, and use the proceeds of their sale or lease for the purposes described in Florida Statute 155.40(16).

For the above reasons, the Financial Recovery Board of the Public Health Trust determines that it is in the best interest of the affected community for the Public Health Trust to continue to own and operate the Jackson Health System hospitals, individually and collectively, as a public not-for-profit entity, rather than consider a sale or lease to a third party.
