**Section II
 Proposed Rules**

WATER MANAGEMENT DISTRICTS

Northwest Florida Water Management District

RULE NOS.: **RULE TITLES:**
 40A-44.021 Definitions
 40A-44.041 Permits Required
 40A-44.052 Authorization for Certain Forestry Projects
 40A-44.091 Processing of Permits
 40A-44.101 Content of Application
 40A-44.142 Headgates, Valves, and Measuring Devices
 40A-44.321 Duration of Permit
 40A-44.351 Transfer of Permits
 40A-44.411 Completion Report
 40A-44.451 Emergency Authorization
 40A-44.901 Forms

PURPOSE AND EFFECT: The purpose of making the identified changes to the rule is to clarify, streamline and increase user friendliness. Some of the changes are to address issues raised by the Joint Administrative Procedures Committee, such as incorporating forms, and eliminating the use of "may". The effect of these changes will be to have the rule in the proper format without increasing the regulatory cost or burden on the public or the agency

SUMMARY: The changes can be summarized as: changing may to shall, correcting the permit transfer process, and incorporating the various forms. Also some of the changes simply correct rule citations that have changed since the last rule amendments.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

A SERC is not required since the changes do not increase regulatory costs to small businesses, the public or the agency. By the same reasoning, legislative ratification is not required. Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: The proposed rule amendments are intended to incorporate revised forms into the Board’s forms rule.

SUMMARY: The proposed rule amendments incorporate revised forms into the Board’s forms rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
