FINAL ORDER

CITY OF MASCOTTE ORDINANCES NOS. 2007-10-452, 2008-07-466, 2008-03-460, 2008-08-467, 2008-07-460, 2008-07-455, 2008-03-450, 2009-05-479, 2010-01-483, 2011-08-498, 2011-05-496, 2012-05-505, 2012-02-501

The Department of Economic Opportunity (the “Department”) hereby issues its Final Order, pursuant to §§ 380.05(6) and (11), Fla. Stat., approving in part and rejecting in part land development regulations adopted by the City of Mascotte, Florida, by Ordinance Nos. 2007-10-452, 2008-07-466, 2008-03-460, 2008-08-467, 2008-07-460, 2008-07-455, 2008-03-450, 2009-05-479, 2010-01-483, 2011-08-498, 2011-05-496, 2012-05-505, and 2012-02-501 (the “Ordinances.”)

FINDINGS OF FACT

The Green Swamp Area is designated by § 380.0551, Fla. Stat., as an area of critical state concern. The City of Mascotte is a local government, a portion of which is within the Green Swamp Area.

The Ordinances were adopted by the City of Mascotte on December 3, 2007, August 4, 2008, April 21, 2008, October 20, 2008, August 4, 2008, April 21, 2008, August 4, 2008, April 21, 2008, May 18, 2009, February 1, 2010, August 15, 2011, June 6, 2011, May 21, 2012, and March 5, 2012, respectively. All Ordinances were rendered to the Department on April 4, 2014. Taken together, the Ordinances adopt the City’s Land Development Code, including its land development regulations.

The land development regulations in the Ordinances are consistent with the City’s Comprehensive Plan and the Principles for Guiding Development for the Green Swamp Area of Critical State Concern (“Principles”) except for the following sections of the Land Development Code that are inconsistent with the City’s Comprehensive Plan and the Principles:

Article 3, Section 3.6(H): *Procedures for Land Use Decisions; Similar and Compatible Use Determinations*. This section allows the City to approve unlisted uses in zoning districts that are similar to, and compatible with, listed permitted or conditional uses. The City has not amended its Comprehensive Plan to create specific land uses for the Green Swamp Area of Critical State Concern (the "Green Swamp"), possibly allowing any use, permitted or conditional, in the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1) (a) through (k).

Article 3, Section 3.9: *Establishment of Zoning Districts*. The zoning districts in the Land Development Code have no foundation, or match any other provisions, in the Comprehensive Plan because the only designation in the Future Land Use Map is "Conservation." The lack of matching land use districts in either the Comprehensive Plan or the Future Land Use Map, could allow any of the districts to be created in the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1) (a) through (k).

Article 3, Section 3.11: *Use Regulations*. The use regulations for the zoning districts established in Section 3.9 of the Land Development Code have no foundation, or match any other provisions, in the Comprehensive Plan because the only designation in the Future Land Use Map is "Conservation." The lack of matching land use districts in the Comprehensive Plan or the Future Land Use Map, could allow any of the uses in Section 3.11 to take place in the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 3, Section 3.20(C): *Nonconformance; Use of Lots Nonconforming in Size*. Lot sizes, including minimum lot sizes, have not been adopted in the Comprehensive Plan and, furthermore, the recognition of lot creation is tied to the adoption of the Land Development Regulations and not the adoption of the Comprehensive Plan. The lack of lot size standards in the Comprehensive Plan could allow densities and/or intensities of uses that could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 4, Section 4.7(B)(sub-sub 2): *Planned Unit Developments; Additional Requirements for Residential Components of Planned Unit Developments; Open Space*. The Comprehensive Plan lacks any established provisions concerning Open Space, and the lack of such provisions could allow densities and/or intensities of uses and insufficient open space that could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 4, Section 4.10: *Nonstatutory Lot Splits*. This provision provides for the splitting of lots; whereas lot sizes, including minimum lot sizes, have not been adopted in the Comprehensive Plan. The lack of lot size standards in the Comprehensive Plan could allow densities and/or intensities of uses that could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Sections 5.7(D)(1)(c) and (d): *Environmental Preservation and Protection; Wetlands Protection; Purpose and Intent*. These provisions allow for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(3): *Environmental Preservation and Protection; Wetlands Protection; Application Procedures and Submittal Requirements*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(4): *Environmental Preservation and Protection; Wetlands Protection; Conditions of a Wetlands Approval*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(5): *Environmental Preservation and Protection; Wetlands Protection; Factors to be Considered*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(6): *Environmental Preservation and Protection; Wetlands Protection; Inspections and Enforcement*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(7): *Environmental Preservation and Protection; Wetlands Protection; Denial, Suspension, or Revocation of Approval*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(8): *Environmental Preservation and Protection; Wetlands Protection; Appeals*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 5, Section 5.7(D)(9): *Environmental Preservation and Protection; Wetlands Protection; Exemptions*. This provision allows for development of wetlands, of which there is no Comprehensive Plan mapping or resource mapping delineating the size, scope, or areas of any wetlands within the City. Allowing development within wetlands could damage the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

Article 7, Section 7.3 (D)(5): *Green Swamp Overlay Area*. This provision allows pre-treated stormwater, as well as treated industrial waste, sewage or other man-induced wastes to be discharged into wetlands in conformance with Florida Department of Environmental Protection rules and regulations. This could allow industrial and other uses in the Green Swamp, as well as transmission of untreated wastes, through the Green Swamp, making this section inconsistent with Fla. Admin. Code r. 28-26.003(1)(a) through (k).

The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. §§ 380.05(6) and (11), Fla. Stat.

“Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. The regulations

All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. §§ 380.05(6) and (11), Fla.
