Section IV Emergency Rules

DEPARTMENT OF THE LOTTERY

RULE NO.: RULE TITLE:
 53ER14-37 LUCKY MONEY™

SUMMARY: This emergency rule sets forth the provisions for the conduct of the online terminal game LUCKY MONEY™. THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER14-37 LUCKY MONEY™.

(1) How to Play LUCKY MONEY™.

(a) LUCKY MONEY is a lottery online terminal game in which players select four (4) numbers from a field of one (1) through forty-seven (47) and one (1) Lucky Ball™ number from a separate field of one (1) through seventeen (17).

(b) Players may make their LUCKY MONEY ticket selections by marking a play slip or by telling the retailer their desired selections. There are five panels on a play slip, each containing an upper play area and a lower play area. Each panel played will cost \$1.00 per drawing. Players may mark their desired numbers on the play slip by selecting five (5) numbers

(four (4) in the upper play area and one (1) in the lower play area) from each panel played, or may mark the “Quick Pick” box located at the bottom of each panel for the terminal to randomly select any or all of the five (5) numbers from either or both play areas. A “Void” box is also located at the bottom of each panel and should be marked by the player if an error was made in his or her selections in a panel. For each panel played, the first four (4) of the five (5) numbers appearing in a single horizontal row on a LUCKY MONEY ticket shall be the numbers selected from the upper play area of the play slip and the last number shall be the Lucky Ball number selected from the lower play area of the play slip.

(c) Players may mark the \$5 “Quick Picks for next draw” box to receive one (1) ticket with five (5) sets of five (5) randomly selected numbers for the next LUCKY MONEY drawing, or may mark the \$10 “Quick Picks for next draw” box to receive one (1) ticket with ten (10) sets of five (5) randomly selected numbers for the next LUCKY MONEY drawing. Players may mark Quick Picks in addition to panel plays. Players must use only blue or black ink or pencil for making selections. Play slips may be processed through a Florida Lottery vending machine or processed by a retailer to obtain a ticket. Retailers also are authorized to manually enter numbers selected by a player.

(d) For a chance to win cash prizes instantly, players may mark the EZmatch™ box at the bottom of each panel played or may mark the EZmatch box on the left portion of the play slip to apply EZmatch to all panels played.

(e) Players may play up to thirty (30) consecutive LUCKY MONEY drawings by using the “advance play” feature. To use the advance play feature, players may either mark the number of drawings desired in the “Advance Play” section of a play slip or tell the retailer their desired number of consecutive advance drawings. The number of consecutive drawings marked will include the next available drawing and will apply to each panel (A-E) played. Advance play is not available with the “Quick Picks for next draw” box on the play slip. In the event that a planned change in the LUCKY MONEY game requires that the number of advance plays available for purchase be reduced to zero before implementation of the change, an advance play countdown schedule will be posted on the Lottery’s website, flalottery.com.

(2) LUCKY MONEY Drawings.

(a) LUCKY MONEY drawings shall be conducted two (2) times per week, on Tuesday and Friday.

(b) A LUCKY MONEY ball set contains sixty-four (64) balls comprising one (1) subset of forty-seven (47) balls (“subset 1”) and one (1) subset of seventeen (17) balls (“subset 2”). The balls in subset 1 are numbered one (1) through forty-seven (47). The balls in subset 2 are numbered one (1) through (17) seventeen. A LUCKY MONEY drawing machine contains

two (2) separate mixing chambers and two (2) ball display devices.

(c) Four (4) balls from subset 1 and one (1) Lucky Ball from subset 2 will be selected in the drawing. The numbers shown on the four (4) balls and the number shown on the Lucky Ball, after certification by the Draw Manager and the Accountant, shall be the official winning numbers for the drawing.

(d) The Florida Lottery shall not be responsible for incorrect circulation, publication or broadcast of official winning numbers.

(3) LUCKY MONEY Prize Divisions.

(a) LUCKY MONEY is a pari-mutuel game. For each draw, 50 percent of net sales (gross sales less cancels and free tickets) from the sale of LUCKY MONEY tickets in the corresponding LUCKY MONEY sales period shall be allocated as the winning pool for the payment of the Jackpot prize, second prize, third prize, fourth prize, fifth prize, sixth prize and seventh prize.

(b) Jackpot Prize.

The Jackpot prize pool shall consist of 54.32 percent of the winning pool plus any money carried forward from the prior draw until the Jackpot prize pool reaches the estimated cash equivalent of the deferred payment value of \$2 million paid over twenty-five (25) years, at which point the Jackpot prize pool will be capped. When this threshold is met, the Jackpot prize pool will comprise zero percent of the winning pool in excess of the cap, and any money in excess of the cap shall roll down and be distributed among the second through the seventh prize levels according to the percentage each prize level comprises of the adjusted prize pool. The total winning prize pool, less the amount required to achieve the cap (not to exceed 54.32 percent of the total winning prize pool), shall comprise the adjusted prize pool.

1. If there is a Jackpot prize winner(s) in a drawing, the guaranteed Jackpot prize shall be divided equally among the Jackpot prize winners for that drawing.

2. If there is not a Jackpot prize winner in a drawing and the Jackpot prize pool is not capped, the Jackpot prize pool shall be carried over and added to the Jackpot prize pool of the next LUCKY MONEY drawing.

3. If there is not a Jackpot prize winner in a drawing in which the Jackpot prize pool is capped, the capped amount shall be carried over to the next LUCKY MONEY drawing and the money in excess of the cap shall be returned to an adjusted prize pool and then be distributed among the second through the seventh prize levels according to the adjusted percentage each prize level comprises of that winning prize pool.

(c) Second Prize.

When the Jackpot prize pool is not capped, the second prize pool shall consist of 1.72 percent of the winning pool for the

drawing. When the Jackpot prize pool is capped, the second prize pool shall consist of 3.75 percent of the adjusted prize pool for the drawing. The second prize pool shall be divided equally among the second prize winners for that drawing.

(d) Third Prize.

When the Jackpot prize pool is not capped, the third prize pool shall consist of 3.77 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the third prize shall consist of 8.20 percent of the adjusted prize pool for the drawing. The third prize pool shall be divided equally among the third prize winners for that drawing.

(e) Fourth Prize.

When the Jackpot prize pool is not capped, the fourth prize pool shall consist of 11.10 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the fourth prize pool shall consist of 24.30 percent of the adjusted prize pool for the drawing. The fourth prize pool shall be divided equally among the fourth prize winners for that drawing.

(f) Fifth Prize.

When the Jackpot prize pool is not capped, the fifth prize pool shall consist of 7.84 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the fifth prize pool shall consist of 17.25 percent of the adjusted prize pool for the drawing. The fifth prize pool shall be divided equally among the fifth prize winners for that drawing.

(g) Sixth Prize.

When the Jackpot prize pool is not capped, the sixth prize pool shall consist of 9.75 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the sixth prize pool shall consist of 21.30 percent of the adjusted prize pool for the drawing. The sixth prize pool shall be divided equally among the sixth prize winners for that drawing.

(h) Seventh Prize.

When the Jackpot prize pool is not capped, the seventh prize pool shall consist of 11.50 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the seventh prize pool shall consist of 25.20 percent of the adjusted prize pool for the drawing. The seventh prize pool shall be divided equally among the seventh prize winners for that drawing.

(i) Eighth Prize.

1. An eighth prize shall consist of one free LUCKY MONEY quick pick ticket (\$1.00 value), except as provided in subparagraph (3)(i)2. below. An eighth prize shall consist of one free LUCKY MONEY quick pick ticket regardless of whether the LUCKY MONEY Jackpot prize pool is capped. Eighth prizes shall not utilize any portion of the winning prize pool or adjusted prize pool for the drawing.

2. A player who submits by mail a LUCKY MONEY lottery ticket which entitles the claimant to a free LUCKY MONEY quick pick ticket and whose mailing address is outside

the state of Florida will receive a check for \$1.00 in lieu of an actual ticket.

(j) If there is not a winner within one of the second through seventh prize categories for a drawing, the prize pool for that category shall be distributed for that drawing in accordance with the following table:

<u>PRIZE POOL CATEGORY FOR WHICH THERE IS NO WINNER</u>	<u>PRIZE POOL CATEGORY TO WHICH THE NONWINNING PRIZE POOL CATEGORY IS ADDED</u>
Second Prize – 4 of 4	3 of 4 + Lucky Ball
Third Prize – 3 of 4 + Lucky Ball	3 of 4
Fourth Prize – 3 of 4	2 of 4 + Lucky Ball
Fifth Prize – 2 of 4 + Lucky Ball	1 of 4 + Lucky Ball
Sixth Prize – 1 of 4 + Lucky Ball	2 of 4
Seventh Prize – 2 of 4	To fund future prizes in Lottery games or for special Lottery prize promotions

(k) Any rounding differences that derive from the distribution of the winning pool to the Jackpot and second through seventh prize pools will be deposited into a reserve account to be used for prizes or special prize promotions. Rounding differences will not be rolled into the Jackpot prize pool as in the FLORIDA LOTTO® game because the percentage of the winning pool allocated to the Jackpot prize pool varies depending upon whether the Jackpot prize pool is capped. When the Jackpot pool is capped, the prize distribution percentage to the Jackpot prize pool becomes 0%.

(l) Except for the Jackpot prize, all prizes will be rounded down to the nearest fifty cents (\$.50); provided, however, that the sixth and seventh prizes shall be no less than \$2.00. All rounding differences will be deposited into a reserve account to be used for prizes or special prize promotions. If the funds available for the payment of sixth and seventh prizes are insufficient to pay the minimum amount, the percentage described in paragraph (3)(a) above will be adjusted or funds available from any other funding source approved by the Legislature will be used to cover the prize liability.

(4) Determination of Prize Winners.

In order for a ticket to be a winning ticket, numbers appearing in a single horizontal row on the ticket (A, B, C, D, E, F, G, H, I, or J) must match the official winning LUCKY MONEY numbers in any order for the draw date for which the ticket was purchased, in one of the following combinations:

(a) Jackpot Prize: Four numbers selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(b) Second Prize: Four numbers selected from the first subset of balls excluding the Lucky Ball number selected from the second subset of balls.

(c) Third Prize: Three numbers selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(d) Fourth Prize: Three numbers selected from the first subset of balls excluding the Lucky Ball number selected from the second subset of balls.

(e) Fifth Prize: Two numbers selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(f) Sixth Prize: One number selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(g) Seventh Prize: Two numbers selected from the first subset of balls excluding the Lucky Ball number selected from the second subset of balls.

(h) Eighth Prize: No numbers selected from the first subset of balls and the Lucky Ball number selected from the second subset of balls.

(5) LUCKY MONEY Odds of Winning.

(a) The odds of winning the prizes described in subsection (3) are as follows:

1. Jackpot Prize – 1:3,032,205
2. Second Prize – 1:189,512.81
3. Third Prize – 1:17,629.10
4. Fourth Prize – 1:1,101.82
5. Fifth Prize – 1:559.65
6. Sixth Prize – 1:61.43
7. Seventh Prize- 1:34.98
8. Eighth Prize- 1:24.57

(b) The overall odds of winning a prize in a LUCKY MONEY drawing are 1:11.32.

(6) LUCKY MONEY Guaranteed Jackpot.

(a) For each drawing the Lottery will announce a guaranteed deferred payment value of the LUCKY MONEY Jackpot that can be won by a single player, based upon the estimated cash value of the Jackpot pool determined by projected and historical sales figures, current interest rates, and funds from rollovers. For each LUCKY MONEY drawing, the deferred payment value of the LUCKY MONEY Jackpot prize that can be won by a single player shall be guaranteed at a minimum of \$500,000 paid over twenty-five (25) years except as set forth in paragraph (7)(e) below.

(b) For prizes to be paid in annual installments, if the cash available in the Jackpot prize pool is insufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall add to the Jackpot prize pool funds available from any

other funding source approved by the Legislature to render it sufficient to yield the announced guaranteed Jackpot.

(c) For prizes to be paid in annual installments, if the cash available in the Jackpot pool is more than sufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall deposit the excess funds into a reserve account to be used for prizes or special prize promotions.

(d) The guaranteed cash option value of the Jackpot will be the amount required on the day of the drawing or, if the drawing is held on a holiday, the business day prior to the drawing, to purchase securities to fund the announced guaranteed deferred payment value of the Jackpot. This day shall be referred to as the "prize determination day."

(e) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is insufficient on the prize determination day to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall add to the Jackpot pool funds available from any other funding source approved by the Legislature to render it sufficient to yield the announced guaranteed Jackpot.

(f) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is sufficient on the prize determination day to yield more than the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall deposit the excess funds into a reserve account to be used for prizes or special prize promotions.

(7) LUCKY MONEY Payment Options.

(a) Players can choose one of two payment options for receiving their portion of the LUCKY MONEY Jackpot prize. Payment options are "Cash Option" and "Annual Payment."

(b) Jackpot prize winners have sixty days after the winning draw date to choose between the two payment options. Once the Jackpot prize winner files a claim and exercises the winner's chosen option, the election of that option shall be final. In order to select the Cash Option, the Jackpot prize winner must submit his or her ticket for payment within sixty (60) days after the winning draw date. If the Jackpot prize winner does not file a claim electing the Cash Option within sixty days after the winning draw date, the Annual Payment option will be applied, except as provided in paragraph (7)(f) below.

(c) A Jackpot prize winner who chooses the Cash Option will receive one lump sum cash payment of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five (25) years, less applicable withholding taxes. The amount of the Cash Option payment to multiple Jackpot winners will be their pro rata share of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five (25) years, less applicable withholding taxes.

(d) If a Jackpot prize winner elects the Annual Payment option, his or her portion of the guaranteed Jackpot prize will be paid in twenty-five (25) annual installments, each less applicable withholding taxes.

(e) If the prize amount per winner in a LUCKY MONEY drawing cannot be paid in increments of \$1,000 in twenty-five (25) installments, the winner's share of the prize pool will be invested in U.S. Treasury securities that will yield the maximum amount possible over twenty-five (25) years as can be reached in increments of \$1,000. If the amount the investment will yield is less than the guaranteed Jackpot amount, the present value of the difference between the amount the investment will yield and the winner's guaranteed prize amount over twenty-five (25) years will be paid to the winner in the first payment. The provisions of this paragraph (7)(e) shall not be construed to prohibit the Lottery from investing collectively, in a single U.S. Treasury security, the prize pool shares of multiple winners of the same drawing who all elect the Annual Payment option, and distributing the prize winnings on a pro rata basis in increments other than \$1,000.

(f) If the number of winners of a guaranteed Jackpot prize results in each person's prize being less than \$100,000 paid over twenty-five (25) years, the Lottery shall pay the Jackpot winners in a single cash payment of their pro rata share of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five (25) years, less applicable withholding taxes.

(g) Federal income taxes shall be applied and withheld from the prize amount at the time payment is made, pursuant to applicable provisions of the Internal Revenue Code and Code of Federal Regulations.

(h) Any interest or earnings accrued on a LUCKY MONEY Jackpot prize prior to the prize payment, under either the Cash Option or the Annual Payment Option, shall accrue to the State of Florida and not to the winner.

(8) How to Play EZmatch™.

(a) EZmatch is an instant-win feature associated with LUCKY MONEY that costs \$1.00 per play in addition to the cost of the LUCKY MONEY ticket. A player selecting EZmatch will receive four EZmatch numbers and one Lucky Ball™ (LB) number printed below the LUCKY MONEY numbers on the ticket. If any of the first four EZmatch numbers match any of the first four LUCKY MONEY numbers, the player shall instantly win the corresponding prize amount shown. If the EZmatch Lucky Ball (LB) number matches the Lucky Ball (LB) number, the player shall instantly win the corresponding prize amount shown.

(b) Players may play EZmatch by marking the applicable EZmatch box on the LUCKY MONEY playslip or by telling the retailer. Marking the EZmatch box within a panel will add EZmatch to only the panel marked. Marking the "EZmatch on

all panels played” box will:(1) add EZmatch to every panel containing LUCKY MONEY number selections; (2) override the EZmatch box within any panel; and (3) when either the \$5 or \$10 “Quick Picks for next draw ” box is also marked, result in each quick pick ticket printing separately with EZmatch.

(c) Each panel played with EZmatch will be printed on a separate ticket.

(d) The base prize structure and estimated odds of winning EZmatch are as follows:

Prize	Winners in 420,000 (Per Pool)	Estimated Odds
\$500	5	1:84,000.00
\$250	5	1:84,000.00
\$100	38	1:11,052.63
\$50	124	1:3,387.10
\$20	300	1:1,400.00
\$15	470	1:893.62
\$10	4,200	1:100.00
\$5	1,400	1:300.00
\$4	7,000	1:60.00
\$3	30,800	1:13.64
\$2	44,800	1:9.38
Overall		1:4.71

The EZmatch prize structure will be replenished automatically when the top tier prizes are exhausted. The prize structure and odds of winning are subject to change. The current prize structure and odds are available at flalottery.com, Lottery district offices and retailer locations.

(e) EZmatch prizes can be claimed up to 180 days from the first draw date on the LUCKY MONEY ticket.

(9) LUCKY MONEY Rules and Prohibitions.

(a) By purchasing a LUCKY MONEY ticket, a player agrees to comply with and abide by all rules and regulations of the Florida Lottery.

(b) LUCKY MONEY prize payments shall be made in accordance with rules of the Florida Lottery governing payment of prizes. A copy of the current rule can be obtained from the Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(c) Subject to a retailer’s hours of operation and online system availability, LUCKY MONEY lottery tickets are available for purchase daily between the hours of 6:00 a.m. and 12:00 midnight, Eastern Time (ET).

(d) The scheduled time for the Tuesday and Friday LUCKY MONEY drawings is approximately 11:15 p.m., ET. Ticket sales for a specific LUCKY MONEY drawing will close at approximately 10:40 p.m., ET. Any ticket sold after the close

of game will be printed with the next LUCKY MONEY draw date.

(e) Retailer cancellations of LUCKY MONEY tickets can only be performed by the retailer who sold the ticket, using the selling terminal’s optical mark reader, and within two hours after printing, except that no LUCKY MONEY ticket can be canceled after game close for the related drawing and no eighth prize (free LUCKY MONEY quick pick ticket) can be canceled at any time. LUCKY MONEY tickets with EZmatch cannot be canceled. The two hour ticket cancellation period may be reduced due to the selling retailer’s hours of business operation, the hours of online system availability, or the time of the related LUCKY MONEY close of game.

(f) It is the responsibility of the player to determine the accuracy of selected panels of numbers and date(s) on tickets. In the event that a ticket given to the player by the retailer contains selections which are not consistent with the player’s selections, it shall be the responsibility of the player to immediately advise the retailer of that fact. In such event and upon request of the player within the time period specified herein, the retailer shall make a good faith effort to cancel the ticket. THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER14-38 Retailer LUCKY MONEY™ Bonus Commission Program.

(1) The Florida Lottery will conduct, as a retailer sales incentive, a Retailer LUCKY MONEY™ Bonus Commission Program (“Program”) in which the Florida Lottery will award a bonus commission to the retailer(s) that sells a winning jackpot LUCKY MONEY ticket for a Tuesday or Friday LUCKY MONEY drawing.

(2) The bonus commission for selling a winning LUCKY MONEY ticket is \$1,000. If multiple winning jackpot LUCKY MONEY tickets are sold for the same drawing, the retailer(s) selling such tickets will share the bonus commission. Each retailer selling one or more of the winning jackpot tickets will receive a share of the available bonus equal to the number of winning jackpot tickets sold by that particular retailer divided by the total number of winning jackpot tickets sold for that drawing.

(3) Award of a jackpot LUCKY MONEY bonus commission is not dependent upon the winning jackpot ticket being claimed by the winner.

(4) Retailers whose Florida Lottery contracts are terminated or inactivated prior to the bonus commission award shall be paid the bonus commission earned provided said termination or inactivation was not due to noncompliance with Chapter 24, Florida Statutes, Chapter 53, Florida Administrative Code, or contract terms.

(5) A bonus commission will be considered compensation to the retailer for Internal Revenue Service purposes. The Florida Lottery reserves the right to apply a bonus commission earned against a retailer’s outstanding debt to the Florida Lottery, and to award the remaining balance of the bonus commission, if any.

(6) LUCKY MONEY bonus commissions are subject to availability of funds appropriated for retailer incentives. This Program is subject to cancellation by future emergency rule if retailer incentive funding is not appropriated or if the Florida Lottery determines that it is no longer in the state’s best interest to use such funds for this purpose.

RULE NO.: RULE TITLE:

53ER14-40 Draw Procedures

SUMMARY: This emergency rule sets forth the draw procedures for the following Florida Lottery online terminal games: FLORIDA LOTTO®; FANTASY 5®; LUCKY MONEY™; PLAY 4™ and CASH 3™. This emergency rule replaces Emergency Rule 53ER10-49.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane D. Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER14-40 Draw Procedures.

(1) Lottery drawings shall be public and witnessed by an accountant employed by an independent certified public accounting firm (“Accountant”) who shall certify to the integrity, security and fairness of each drawing. All drawings shall be recorded by a video recorder.

(2) The ball sets and drawing machines used in Lottery drawings shall be determined by random selection and shall be inspected by an employee of the Florida Lottery’s Security Division (“Draw Manager”) and the Accountant before and after each drawing. The Draw Manager and the Accountant shall ensure that all balls within a set contain the same security code. A primary and secondary ball set and drawing machine shall be selected for each draw.

(3) The primary ball sets shall be weighed. If the weight of the ball set is outside of the tolerance range provided by the manufacturer, the secondary ball set shall be weighed. If the secondary ball set is outside of the tolerance range, other ball sets shall be selected and weighed by the Draw Manager and Accountant until an acceptable set is determined.

(4) Once a ball set has been determined, it shall be loaded by the Draw Manager into the primary drawing machine and a number of test draws shall be conducted, as follows:

(a) For FLORIDA LOTTO®, six test draws will be conducted. If the same digit is selected four times during the six draws, four additional test draws will be conducted. If the same digit is selected two additional times, an alternative ball set shall be used.

(b) For FANTASY 5®, seven test draws will be conducted. If the same digit is selected five times during the seven draws, three additional test draws will be conducted. If the same digit is selected two additional times, an alternative ball set shall be used.

(c) For LUCKY MONEY™, six test draws will be conducted. If the same digit is selected four times during the six draws, four additional test draws will be conducted. If the same digit is selected two additional times, an alternative ball set shall be used.

(d) For PLAY 4™, five test draws will be conducted. If the same digit is selected three times during the five draws, three additional test draws will be conducted. If the same digit is selected two additional times, an alternative ball set shall be used.

(e) For CASH 3™, five test draws will be conducted. If the same digit is selected three times during the five draws, three additional test draws will be conducted. If the same digit is selected two additional times, an alternative ball set shall be used.

(5) If the alternative ball set does not pass the test drawing parameters, the backup drawing machine will be used. Tests will be conducted with ball sets whose weight falls within the tolerance range until an acceptable ball set and drawing machine have been determined.

(6) If the game for which a drawing is being held cannot be closed on the gaming system, the drawing will be delayed until the game can be closed.

(7) During the drawing, balls will be mixed and pushed into the display devices by the action of an air blower. A ball must be “trapped” in the display position at the top of the mixing chamber to be a winning number.

(8) In the event of a power failure, drawing equipment malfunction or error in the drawing process, including but not limited to the Host/Hostess announcing a ball number that was not trapped as specified in subsection (7), the drawing will be stopped and will resume as soon thereafter as possible. The balls drawn before the occurrence, if any, will be declared valid.

(9) If a Draw Host/Hostess incorrectly announces the number of a ball that has been trapped in the display position, the Draw Manager shall immediately correct the Draw Host/Hostess by announcing the correct number.

(10) Upon certification by the Draw Manager and the Accountant, the numbers shown on the balls will be announced as the official winning numbers for the drawing.

(11) Following removal of the balls from the drawing machine, the ball set will be weighed. If the weight of the ball set differs from the pre-draw weight by more than 1 gram or is outside of the tolerance range provided by the manufacturer, the ball set will be secured and delivered to the Lottery’s Division of Security for investigation.

(12) If an incorrect Xtra number is displayed on the countdown slate prior to the FLORIDA LOTTO drawing and is discovered prior to display during the drawing, the drawing will be delayed until the correct Xtra number is displayed. If an incorrect Xtra number is revealed during the FLORIDA

LOTTO draw, the Florida Lottery will pay prizes based on the higher of the Xtra number revealed and the actual Xtra number drawn.

(13) In the event a problem occurs that is not contemplated under this rule, the Florida Lottery shall use such substitute procedures as are fair and effective to perform the drawing. Such substitute procedures shall be determined in consultation with the Accountant referred to in subsection (1). In using such substitute procedures the Florida Lottery shall strive to maintain the highest level of public confidence, security and integrity.

WATER MANAGEMENT DISTRICTS

South Florida Water Management District

The South Florida Water Management District hereby gives notice:

That on June 30, 2014, the Executive Director of the South Florida Water Management District (SFWMD or District) issued an Order Granting Variance under Section 120.542, Florida Statutes, (SFWMD 2014-058-DAO-ERP) to the Greater Orlando Aviation Authority (GOAA), concerning a project known as the Orlando International Airport South Airport APM and ITF Complex, located in Orange County; Sections 9, 10, Township 24 South, Range 30 East. The Petition for Variance (Application No. 140430-2) was received by the SFWMD on April 30, 2014. Notice of receipt of the Petition was published in the Florida Administrative Register, Vol. 40, Number 90, on May 8, 2014. No public comment was received. This Order provides a variance for the proposed modification of treatment Pond STP70 within the South Terminal Area to make it larger in size without a change to the permitted discharge structure. The particular criterion from which the variance is sought is found at Section 5.4.2(d) of the South Florida Water Management District Environmental Resource Permit Applicant's Handbook Volume II, effective October 1, 2013, which is incorporated by reference in paragraph 40E-4.091(1)(a) and chapter 62-330, Fla. Admin. Code, pertaining to degree of side slopes acceptable for wet retention/detention and attenuation areas. This criterion provides, in general, that for purposes of public safety, water quality enhancement, and maintenance, all wet retention/detention areas shall be designed with side slopes no steeper than 4:1 (horizontal:vertical) from top of bank out to a minimum depth of two feet below the control elevation, or an equivalent substitute. The Order sets forth the basis of the SFWMD decision to grant the variance, as follows: 1) the variance is necessary to prevent a substantial economic hardship on GOAA; and 2) the purpose of the underlying rule has been achieved by other means.

A copy of the Order or additional information may be obtained by contacting: The Regulation Division during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 3301 Gun Club Road, West Palm Beach, FL 33406; by telephone at: (561)682-6911; by e-mail at: permits@sfwmd.gov; or by accessing the District's website (www.sfwmd.gov) using the Application/Permit Search on the ePermitting page.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004: General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On June 02, 2014 the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and paragraph 5-202.11(A), 2009 FDA Food Code, paragraph 4-301.12(A), 2009 FDA Food Code and subsection 61C-4.010(5), Florida Administrative Code, subparagraph 3-305.11(A)(2), 2009 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code from Portable P126 located in St. Petersburg. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment have areas for food preparation and storage. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing, food preparation and food storage areas with another licensed food service establishment under the same ownership and on the same premise.

The Petition for this variance was published in Vol. 40/110 of the F.A.R. on June 06, 2014. The Order for this Petition was signed and approved on June 23, 2014. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and food storage areas within Catering Kitchen Main (SEA6214214) must be maintained in a clean and sanitary manner. These areas must also be available to the Portable P126 during all hours of operation. If the ownership of Catering Kitchen Main and Portable P126 (Volume Services Inc.) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

61C-1.004: General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On June 02, 2014 the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and paragraph 5-202.11(A), 2009 FDA Food Code, paragraph 4-301.12(A), 2009 FDA Food Code and subsection 61C-4.010(5), Florida Administrative Code, subparagraph 3-305.11(A)(2), 2009 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code from Portable P123 located in St. Petersburg. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment have areas for food preparation and storage. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing, food preparation and food storage areas with another licensed food service establishment under the same ownership and on the same premise.

The Petition for this variance was published in Vol. 40/110 of the F.A.R. on June 06, 2014. The Order for this Petition was signed and approved on June 23, 2014. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and food storage areas within Catering Kitchen Main (SEA6214214) must be maintained in a clean and sanitary manner. These areas must also be available to the Portable P123 during all hours of operation. If the ownership of Catering Kitchen Main and Portable P123 (Volume Services Inc.) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

A copy of the Order or additional information may be obtained by contacting: Lydia.Gonzalez@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.

Section VII
Notice of Petitions and Dispositions
Regarding Declaratory Statements

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Licensing

NOTICE IS HEREBY GIVEN that DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES Division of Licensing has declined to rule on the petition for declaratory statement filed by Walter L. Gauntt on June 02, 2014. The

following is a summary of the agency's declination of the petition:

Notice of the Petition for Declaratory Statement was published on June 6, 2014, in Vol. 40, No. 110, of the Florida Administrative Register. The Petition seeks a declaration regarding Sections 493.6101(20) and (21), Florida Statutes, defining "recovery agency" and "recovery agent." The Petition asserts that public safety is adversely affected should unlicensed individuals, specifically "forwarders," or "brokers," issue and supervise self-help repossession assignments. The question posed in the petition was whether the Department intended to enforce Sections 493.6101(20) and (21), Florida Statutes, as they were written. The Department's Order, filed on June 25, 2014, declined to answer the petition as Petitioner failed to establish that he was affected by the referenced statutes as they apply to his particular circumstances. Additionally, the question asked regarding the Department's enforcement of Chapter 493, Florida Statutes, related to the conduct of other parties, and was not the proper subject for a declaratory statement.

A copy of the Order Declining of the Petition for Declaratory Statement may be obtained by contacting: Whitney Shiver, Government Analyst I, Post Office Box 5647, Tallahassee, Florida 32314, or by e-mail: Whitney.Shiver@FreshFromFlorida.com, or by telephone (850)245-5459.

The petitioner is seeking the Board's interpretation as to whether the petitioner's licensure as an acute care hospital with an Institutional Class 2 license and a Special Sterile Compounding Permit allows for post-surgical patients to be discharged to home while receiving an ongoing (2-3 day duration) infusion of non CS medication via elastomeric (single dose) pump device. Except for good cause shown, motions for leave to intervene must be filed within 21 days after the publication of this notice.

The Notice of Petition was published in Vol. 40, No. 76, of the April 18, 2014, issue of the Florida Administrative Register.
