PURPOSE AND EFFECT: The Department proposes to amend most of the rules in Chapter 62-330, F.A.C., and Applicant’s Handbook Volume I, some sections in the Applicant’s Handbook Volume II within the Northwest Florida Water Management District, and incorporate by reference any updates to Applicant’s Handbook Volume II made by the other water management districts (Districts). The amendments will primarily make minor corrections and provide clarifications that have been identified as being needed since the October 1, 2013, effective date of the statewide environmental resource permit (SWERP) rules. Additional streamlining also is proposed in the form of such things as adding some new exemptions, reducing some submittal requirements, improving the linkage with federal permitting programs, and revising application and notice forms with the goal of reducing the number of requests for additional information from applicants. SUBJECT AREA TO BE ADDRESSED: Minor technical corrections are proposed throughout the rule and Applicant’s Handbook Volumes to correct numbering and cross-references, and correct and clarify text. More substantive amendments proposed at the time of this notice are summarized below. The need for additional amendments or further alteration of the amendments summarized below may occur as rulemaking progresses.

Proposed rule amendments include, but are not limited to the following: New exemptions in Rule 62-330.051, F.A.C., for: pile-supported, non-covered boat lifts; seagrass and coral restoration activities undertaken by the Florida Keys National Marine Sanctuary; communication tower sites; electrical distribution substations; and water intake lawn irrigation waterlines and closed-loop air conditioning cooling lines. Two existing general permits are proposed to be converted to exemptions—one involving certain geotechnical investigations, and the other involving upland, dry borrow pits of less than five acres in size. The exemption in paragraph 62-330.051(14)(f), F.A.C., for temporary utility work has been amended to limit the work to a whole and complete project that can be completed within 24 hours. At the request of the Joint Administrative Procedures Committee, the conceptual approval permit for urban infill and redevelopment (Rule 62-330.055, F.A.C.) is proposed to be amended to comport its duration and renewal provisions with Section 373.4131(1)(b), F.S. The process for authorizing work in wetlands and other surface waters under that general permit also is proposed to be clarified. Rule 62-330.075, F.A.C., is proposed to be amended to streamline issuance of a consolidated permit and sovereignty submerged lands authorization when there is no heightened public concern. Updated and new application, noticing, conservation, and financial responsibility forms are proposed to be incorporated by reference in Rule 62-330.301, F.A.C. Several rules are proposed to be amended to reduce costs and burdens on applicants and permittees, including adding more provisions for electronic submittals, reducing requirements for submitting multiple copies of documents, removing some signing requirements, streamlining some permit transfer and conversion requirements, and allowing the filing of an NPDES Stormwater Construction Notice of Intent to serve as notice of construction commencement in lieu of the permittee submitting Form 62-330.350(1). A new Rule 62-330.351, F.A.C., is proposed to provide general conditions applicable to all conceptual approval permits.

The general permit for fences in Rule 62-330.437, F.A.C., is proposed to be revised to better address potential conflicts with associated sovereignty submerged lands authorizations. The general permit for bridges in Rule 62-330.443, F.A.C., is proposed to be amended to minimize potential adverse shading impacts to aquatic resources. The general permit for airport airside activities in Rule 62-330.449, F.A.C., is proposed to be revised to also apply to military airfields. At the request of the U.S. Army Corps of Engineers, the general permits in Rules 62-330.453 and 62-330.457, F.A.C., are proposed to be amended to require utility lines be located a minimum of 14 feet below federal navigation channels. The general permit in Rule 62-330.475, F.A.C., is proposed to be amended to clarify that the pile supported structures in paragraphs (1)(a) and (b) must not

be for residential dwelling purposes, and to restore language prohibiting work in coral, attached macro-marine algae, and seagrass communities (that language was inadvertently omitted when the SWERP rules were adopted). The general permit for marine bivalve discharges in Rule 62-330.602, F.A.C., is proposed to be repealed because the authority for regulating such discharges now is with the Department of Agriculture and Consumer Services. The restoration of prop scars and blow holes is proposed to be added to the general permit for governmental environmental and enhancement activities in Rule 62-330.631, F.A.C.

Substantive proposed amendments to the Applicant's Handbook Volume I (General and Environmental) include, but are not limited to revising: section 1.3.2.1 to better inform applicants of associated NPDES stormwater construction general permit and dewatering permit requirements; section 2.0(a) to revise ten existing definitions, and add a new definition (of "vessel"); section 3.1.4(f)5 to clarify that new activities that are not regulated under subsection 62-330.020(2), F.A.C., cannot, when combined with existing systems, cause adverse secondary or cumulative impacts to water resources; section 3.2.3(b)7 to add guidance pertaining to maintenance dredging of older, historic canals that never received a previous permit from the state or the USACE; sections 4.2.3(d) and (e) to clarify ownership responsibilities for mitigation sites and corporate registration requirements; section 5.4 to conform with statutory noticing requirements; section 6.1.5 to add explanation of the term "authorized construction or alteration has been begun," as it is used in subsection 62-330.056(9), F.A.C.; section 6.2.1 to clarify certain activities that qualify as minor modifications; section 6.3.2.1 to clarify permit transfer requirements; section 7.2.5 to provide a reduced fee to renew a formal determination, and extend the duration for requesting such a renewal; new section 8.2.7 to reflect the addition of criteria for discharges of stormwater into mine pits, including incorporating by reference a new Appendix I to provide criteria for treatment of stormwater discharges into mine pits; section 10.2.2.2 to recognize amendments to paragraph 62-330.051(16)(c), F.A.C., which expands from 0.5 acre to one acre the exemption for construction, alteration, maintenance, or removal of wholly-owned, artificial waters; section 10.2.7(a) to recognize that certain buffers may require planting or removal of exotic and nuisance vegetation to ensure the buffers prevent adverse secondary impacts in the manner they are intended to provide; and new section 12.3.2 and revisions to section 12.3.4 to reflect that certain entities who have been proposed by an applicant to be operation and maintenance entities must provide a written agreement to do so, and clarify when demonstration of their capability to operate and maintain a system must be provided.

Only minor technical corrections are proposed to Applicant's Handbook Volume II (Water Quality and Quantity) applicable within the Northwest Florida Water Management District. However, the Department and Districts are considering whether modifications are needed to the flood protection provisions of each District's Volume II to address potential conflicts between those provisions and the Florida Building Code. In addition, the Districts are considering other minor revisions to their Volume II, which would require them to be incorporated by reference in Chapter 62-330, F.A.C.

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NO.: 68B-17.009 RULE TITLE: License Requirements for Commercial Harvest

PURPOSE AND EFFECT: The purpose of this rule development is to require commercial clam harvesters to complete an annual training course outlining proper harvest, handling, and transportation practices for clams and obtain a no-cost Shellfish Harvest endorsement in association with their Saltwater Products License (SPL) before harvesting or possessing clams for commercial purposes or selling hard clams. The Interstate Shellfish Sanitation Conference (ISSC) provides state shellfish programs with sanitation guidelines for the harvest, processing, and shipping of shellfish. States are subsequently reviewed by the US Food and Drug Administration to determine if the state’s programs and regulations are consistent with these guidelines. The ISSC recently mandated that states develop and implement a training program outlining proper harvest, handling, and transportation practices for commercial shellfish harvesters. This training is required to be completed prior to the issuance or renewal of a commercial license. In order to implement this recommendation, the Florida Department of Agriculture and Consumer Services (FDACS) has developed training courses in proper oyster and hard clam harvest and post-harvest practices that will be offered each year to harvesters of these species. SPL applicants who demonstrate completion of the appropriate course will qualify to receive or renew the Shellfish Harvest endorsement.

The effect of this rule will be to establish the Shellfish Harvest endorsement in order to comply with the recent Interstate Shellfish Sanitation Conference (ISSC) mandate requiring states to develop and implement a training program outlining proper harvest, handling, and transportation practices for commercial shellfish harvesters.

SUBJECT AREA TO BE ADDRESSED: Subject areas to be addressed in the rule development notice include statewide harvesting requirements and other subjects encompassed by the above-cited possible rules.

RULEMAKING AUTHORITY: Art. IV, Section 9, Florida Constitution.

LAW IMPLEMENTED: Art. IV, Section 9, Florida Constitution.

RULE NO.: 6A-1.004 **RULE TITLE:** School District Budget Requirements

PURPOSE AND EFFECT: The purpose of this amendment is to revise Forms ESE 139, District Summary Budget, and ESE 524, Resolution Determining Revenues and Millages Levied.

SUMMARY: Rule 6A-1.004, F.A.C., is amended to revise forms for the school district summary budget, as incorporated by reference.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Based on past agency experience with revising required forms for financial reporting for school districts in accordance with laws and rules of the State Board of Education, the adverse impact or regulatory cost, if any, does not exceed, nor would be expected to exceed, any one of the economic analysis criteria set forth in Section 120.541(2)(a), Florida Statutes. Revisions incorporate accounting changes anticipated with the periodic issuance of new Governmental Accounting Standards Board pronouncements that will not cost school districts additional expenditure for implementation.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

61C-1.002 Licensing and Inspection Requirements.

(1) No change.

(2) To apply for licensure, an applicant must submit the appropriate application and the required fee, pursuant to Section 509.251, F.S., and Rule 61C-1.008, F.A.C., to the division. Any license fee received by the division is non-refundable once the establishment commences operation.

(a) License Applications.

1. Public lodging establishments, except vacation rentals and timeshare projects, required to be licensed by the division, under Chapter 509, F.S., must submit DBPR HR-7027, APPLICATION FOR PUBLIC LODGING ESTABLISHMENT LICENSE (<https://www.flrules.org/Gateway/reference.asp?No=Ref-01712>), incorporated herein by reference and effective November 1, 2012.

2. Vacation rentals and timeshare projects required to be licensed by the division under Chapter 509, F.S., must submit DBPR HR-7028, APPLICATION FOR VACATION RENTAL OR TIMESHARE PROJECT LICENSE (<https://www.flrules.org/Gateway/reference.asp?No=Ref-04589> ~~<https://www.flrules.org/Gateway/reference.asp?No=Ref-01871>~~), incorporated herein by reference and effective July 1, 2014 ~~2012 October 1~~.

3. Public food service establishments required to be licensed by the division under Chapter 509, F.S., must submit one of the following applications, as appropriate to the establishment.

a. DBPR HR-7007, APPLICATION FOR PUBLIC FOOD SERVICE ESTABLISHMENT LICENSE (<https://www.flrules.org/Gateway/reference.asp?No=Ref-04590> ~~<http://www.flrules.org/Gateway/reference.asp?No=Ref-02629>~~), incorporated herein by reference and effective May 30, 2014 ~~November 1, 2012~~.

b. through c. No change.

4. No change.

(b) through (c) No change.

(3) Upon the division determining that each new application for license or application for change of ownership is complete, the establishment shall pass an opening inspection by the division prior to issuance of the license. An opening inspection shall not be required for vacation rentals, timeshare

projects, or vending machines. An opening inspection shall not be required for a change of ownership for public food service establishments that do not require a plan review if within 120 days prior to the postmark date on the application the establishment had a satisfactory inspection that did not result in administrative action or require a call-back inspection.

(4) Public lodging establishments as defined in Section 509.013(4), F.S., are licensed in accordance with the classifications in Section 509.242, F.S., and:

(a) Transient establishments – are licensed as hotels, motels, transient apartments, bed and breakfast inns, ~~and~~ vacation rentals, and timeshare projects.

~~4-~~ Vacation rentals are further classified as condominiums or dwellings. A vacation rental condominium license will be issued for a unit or group of units in a condominium or cooperative, ~~or timeshare plan~~. A vacation rental dwelling license will be issued for a single-family house, a townhouse, or a unit or group of units in a duplex, triplex, quadruplex, or other dwelling unit that has four or less units collectively.

1. Vacation rental and timeshare project licenses will be issued as a single, group, or collective license pursuant to Section 509.251, F.S., to either an individual person or to a licensed agent. For the purpose of this rule, “licensed agent” means the operator of a management company that has been licensed by the dwelling or unit owner, through a rental agreement or contract between the two parties, to hold out the dwelling or unit for rent on a transient basis. A licensed agent is not required to hold a license from the Division of Real Estate.

a. through c. No change.

2. Responsibilities of ~~the~~ Vacation Rental and Timeshare Project Licensees Licensee.

a. No change.

b. The licensee or operator shall notify the division of any and all houses or units represented for inclusion in the ~~vacation rental~~ license application. Anytime a change occurs in the street or unit address or number of houses or units included under the license, the licensee or operator shall notify the division of any and all houses or units included in the license at least 60 days prior to the expiration date of the license. In addition, a list of the included houses or units shall be maintained in a written form for inspection by request.

c. through e. No change.

(b) No change.

(c) For all public lodging establishments, except vacation rentals and timeshare projects, the operator is required to notify the division immediately of any changes in the number of rental units.

(5) through (9) No change.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On July 30, 2014, the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, and Paragraph 5-202.11(A), 2009 FDA Food Code, Paragraph 4-301.12(A), 2009 FDA Food Code and subsection 61C-4.010(5), Florida Administrative Code, Subparagraph 3-305.11(A)(2), 2009 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code, Section 5-203.13, 2009 FDA Food Code from Calypso Kiosk located in Bay Lake. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment have areas for food preparation and storage; and at least one service sink is provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the

handwash sink and to share the dishwashing, food preparation and food storage areas and mop sink with another licensed food service establishment under the same ownership and on the same premise.

The Petition for this variance was published in Vol. 40, No. 149, F.A.R., on August 1, 2014. The Order for this Petition was signed and approved on August 19, 2014. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash and mop sinks are provided with hot and cold running water under pressure. The handwash sink must also have soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and food storage areas and mop sink within Intermission Food Court (SEA5905978) must be maintained in a clean and sanitary manner. These areas must also be available to the Calypso Kiosk during all hours of operation. If the ownership of Intermission Food Court (Walt Disney World Co) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

A copy of the Order or additional information may be obtained by contacting: Lydia.Gonzalez@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.

Office of the Secretary

Coastal Partnership Initiative Request for Applications, FY 2015-2016

The Florida Coastal Management Program (FCMP) announces the availability of federal funds for innovative coastal projects under its COASTAL PARTNERSHIP INITIATIVE (CPI) for fiscal year 2015-2016 Eligible applicants include Florida's 35 coastal counties and the local governments within their boundaries that are required to include a coastal element in their comprehensive plan. Florida public colleges and universities, regional planning councils, national estuary programs and nonprofit groups may also apply for CPI funds as long as an eligible local government is a partner in the project. Applications must be submitted on the CPI APPLICATION FORM, available from the FCMP website at <http://www.dep.state.fl.us/cmp/grants/index.htm>.

Applications must be received no later than 4:00 p.m. ET, October 31, 2014. Mail CPI applications in accordance with the requirements below to: Florida Coastal Management Program, ATTN: CPI Applications - (Toni Clanton), Department of Environmental Protection, 3900 Commonwealth Blvd., MS 235, Tallahassee, Florida 32399-3000. Electronic and faxed grant applications will not be accepted.

The purpose of the COASTAL PARTNERSHIP INITIATIVE is to promote the protection and effective management of Florida's coastal resources in four priority areas: RESILIENT

COMMUNITIES, COASTAL RESOURCE STEWARDSHIP, ACCESS TO COASTAL RESOURCES and WORKING WATERFRONTS. Chapter 62S-4, F.A.C., describes the priority areas, and includes information on the CPI grant program, CPI Application Form, submittal requirements, and the criteria by which applications are scored and ranked. The CPI Application Form and a copy of Chapter 62S-4, F.A.C., are available from the FCMP grants website at <http://www.dep.state.fl.us/cmp/grants/index.htm>. Please note the following important details regarding the CPI grant process for FY 2014-2015:

1. Applicants must submit one originally signed application, four copies of the application, and one copy of the application on CD or DVD.
2. Projects must be completed within one year between July 1, 2015 and June 30, 2016. Selected projects will be included in the FCMP application to the National Oceanic & Atmospheric Administration (NOAA) for fiscal year 2015-16.
3. PLEASE NOTE: Due to current budget restraints, the FCMP will be unable to grant the max award under Rule 62S-4.004, F.A.C. Applicants can expect the max award to be \$15,000 for planning, design and coordination activities and \$30,000 for construction projects, habitat restoration, invasive exotic plant removal, and land acquisition.
4. Recipients are required to provide 100 percent matching contributions (cash or in-kind) in the form of goods and services that directly benefit the specific grant project. No more than one-half (50%) of match can be provided by a third party.
5. There are additional requirements for applications involving construction, invasive exotic plant removal, habitat restoration, and land acquisition, including:
 - a. In order to show the project is feasible and able to be completed within one year, applicants proposing construction, invasive exotic plant removal and habitat restoration must conduct a preliminary consultation with appropriate local, state and federal regulatory agencies to ensure that there are no environmental concerns that would delay or prevent project start-up. A summary of the consultation must be included in the CPI application or the project will be found to be infeasible to be completed within one year.

- b. Non-profit organizations (NPOs) are not eligible to receive funds for construction, habitat restoration, invasive exotic plant removal, or land acquisition. Applications submitted by NPOs that propose these activities will be disqualified.
- c. Pursuant to NOAA's direction, shoreline hardening projects are not eligible for FCMP funds.
- d. Infrastructure projects should have a clear coastal management component.
- e. Construction and land acquisition activities occurring in designated Coastal Barrier Resource Act units are subject to additional review and approval by NOAA and/or the U.S. Fish & Wildlife Service.

For questions or to request a copy of Chapter 62S-4, F.A.C., or the CPI Application, please contact Ms. Toni Clanton at the address above, call (850)245-2094 or send an email: Toni.R.Clanton@dep.state.fl.us.
