Proposed Rules

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

RULE NO.: RULE TITLE:

40D-8.624 Guidance and Minimum Levels for Lakes

PURPOSE AND EFFECT: The purpose of this rulemaking is to adopt revised minimum and guidance levels for Lakes Hanna, Keene, and Kell located in Hillsborough County. The effect of the rule is to support the District’s water supply planning, water use permitting, and environmental resource permitting programs.

SUMMARY: Section 373.042, F.S., requires the District to establish minimum flows and levels for water bodies located within the District. This rulemaking will revise the minimum levels for Lakes Hanna, Keene and Kell, which lie within the Hillsborough River Groundwater Basin and are all hydrologically connected to the Upper Floridan aquifer ground water system. In addition, flow from these lakes contribute to the surface water flow of major tributaries to the Hillsborough River. The establishment and periodic evaluation of minimum levels is required by statute to ensure that the minimum hydrologic requirements of the water resources and ecology of these lakes and the Hillsborough River are maintained. The revised minimum and guidance levels for Lakes Hanna, Keene and Kell have been developed using previously peer-reviewed, Governing Board adopted methods.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the

statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The District conducted an economic review of the revisions to the rule and determined that the impact or regulatory cost, if any, of the revisions will not exceed any one of the economic analysis criteria in a SERC as set forth in Section 120.541(2)(a), F.S. The revised minimum levels for these lakes are unlikely to constitute an additional significant regulatory constraint on groundwater or surface water withdrawals in the area due to existing resource conditions and regulatory constraints in the basin.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 373.044, 373.113, 373.171 FS.

LAW IMPLEMENTED: 373.036, 373.042, 373.0421, 373.086, 373.709 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Kim Dionisio, SWFWMD, 7601 U.S. Highway 301 North, Tampa, FL 33637-6759, (813)985-7481, ext. 4664 or Kim.Dionisio@watermatters.org (OGC #2014016)

Florida Gulf Coast University Board of Trustees, announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project No. BR- 1083

Project and Location: Student Health and Fitness Center, 10501 FGCU Blvd. South, Fort Myers, Florida 33965-6565.

Description of Project

This project will be located on the FGCU main campus. The building will contain activity spaces such as gymnasiums, fitness, cardio, strength & conditioning, weight, multipurpose and other support spaces with a total area of approximately 50,000 gross square feet. The estimated cost of construction for the project is approximately \$11,000,000 including site work, site utilities and building. The total project budget is approximately \$15,000,000. The selected firm will provide program verification, design, construction documents, construction administration and LEED certification services for the referenced project. The scope of services will include architectural, civil, landscape, structural, mechanical, electrical and plumbing engineering professional services.

Project Context

See the Facilities Planning webpage (<http://www.fgcu.edu/Facilities/announcements.html>) for the campus map indicating the project location within the eastern portion of the South Village area on FGCU campus. This area is currently undeveloped; however, site permitting of this area, along with a proposed south access road linking this area of the campus to Ben Hill Griffin Parkway is underway through SFWMD and ACOE and not part of this project. A SFWMD permit *modification* will be required. Recreational play fields as shown in the FGCU 2010-20 Campus Master Plan for this area of South Village are not part of this project. Site and building permitting through Lee County Development is not required. A detail project program will not be available prior to selection.

Selection of Firm

Included as part of the submittal, the architect should indicate the sub-consultants that are suggested for this project. Once proposals are submitted to the University, the submissions will be reviewed by a selection committee and ranked in order of most qualified and a shortlist will be established, after which time interviews of the shortlisted firms will be held. Upon approval of the selection, FGCU will negotiate a contract with the selected firm for professional design services. The fee for the professional services requested in this project will be negotiated between the selected firm and the University. If the fee cannot be successfully negotiated, the second selected firm will be invited to negotiate a fee. Complete funding for the construction phase of this project is forthcoming. Therefore, following completion of the Schematic Design, the University may delay further design and construction activities until such funding is available. The method of project delivery for construction is anticipated to be Construction Management at Risk.

Instructions

Firms desiring to apply for consideration shall submit a letter of application.

The letter of application should have attached the following:

1. A completed Florida Gulf Coast University "Professional Qualifications Supplement" dated February 2013, and following the instructions provided at <http://www.fgcu.edu/Facilities/ProfessionalSupplements.html>.
2. Applications on any other form will not be considered, however, you may choose the electronic "fillable" DOC version or the PDF version of this form.

3. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Submit five (5) hard-bound copies of the above requested data and as specifically bound in the order listed above and an electronic copy in PDF file format on a USB flash drive or compact disk. Applications, which do not comply with the above instructions may be disqualified. Application materials will not be returned. The plans and specifications for State University System projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontract, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Professional Qualifications Supplement forms can be obtained as noted above. Any questions may be directed to:

Tom Mayo, Director of Facilities Planning, 10501 FGCU Blvd. South, Fort Myers, Florida 33965-6565, phone: (239)590-1500, fax: (239)590-1505 or by e-mail: tmayo@fgcu.edu.

Submittals must be received in the Facilities Planning Office, by 3:00 p.m. local time, on December 5, 2014. Facsimile (FAX) submittals are not acceptable and will not be considered.
