**Section II
Proposed Rules**

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.:	RULE TITLE:
6A-6.0571	Career and Technical Education and Adult General Education Standards and Industry-Driven Benchmarks

PURPOSE AND EFFECT: The purpose and effect of this rule amendment is to adopt the secondary and postsecondary career education programs prescribed in Sections 1004.92, Florida Statutes and 1011.80, Florida Statutes, and listed as follows:

“Agriculture, Food & Natural Resources,” “Architecture & Construction,” “Arts, A/V Technology & Communication,” “Business, Management & Administration,” “Education & Training,” “Energy,” “Finance,” “Government & Public Administration,” “Health Science,” “Hospitality & Tourism,” “Human Services,” “Information Technology,” “Law, Public Safety & Security,” “Manufacturing,” “Marketing, Sales & Service,” “Engineering and Technology Education,” “Transportation, Distribution & Logistics,” and “Additional CTE Programs/Courses,” all of which fall under the umbrella of the “Career and Technical Education Programs, Academic Year 2014-2015.” In addition, to adopt the “Adult General Education Standards and Curriculum Frameworks 2014-2015.”

SUMMARY: The Department is responsible for developing program standards and industry-driven benchmarks for career and technical education and adult general education programs. The criteria for qualification of individual courses for inclusion in secondary and postsecondary career education programs and adult general education programs prescribed in Workforce Education programs are annually adopted by the State Board and are published by the Commissioner on the Department’s website.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Career and Technical Education and Adult General Education Standards and Industry-Driven Benchmarks provide secondary and postsecondary district institutions and the state college institutions a framework for providing these educational programs. These frameworks contain rigorous standards and benchmarks determined to be necessary for student success in college and careers in the selected program. The adverse impact or regulatory cost, if any, do not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 1004.92 FS.

LAW IMPLEMENTED: 1004.92 FS.

A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:

DATE AND TIME: April 11, 2014, 9:00 a.m.

PLACE: Betty Easley Conference Center, Capital Circle Office Center, 4075 Esplanade Way, Tallahassee, FL 32399

RULE NO.: 6A-6.0651 RULE TITLE: Alternative Credit Pilot Program
PURPOSE AND EFFECT: The purpose is to repeal Rule 6A-
6.0651, F.A.C. The effect is to remove a rule from the Florida
Administrative Code that is no longer supported by statutory
authority.

6A-6.0651 Alternative Credit Pilot Program.
Rulemaking Specific Authority 1002.375(7) FS. Law Implemented
1002.375 FS. History--New 11-26-08. Repealed.

SUMMARY: The rule was enacted in 2008 in response to
Section 1002.375, F.S., Alternative Credit for High School
Courses; Pilot Project, Florida Statutes, The rule defined the
requirements for school districts in the implementation of this
alternative credit pilot program. Section 1002.375, F.S.,
Alternative Credit for High School Courses; Pilot Project,
Florida Statutes, was repealed by the 2013 legislative session
and the pilot programs implemented in school districts created
under this statute no longer exist.

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6A-10.040 RULE TITLE: Basic Skills Requirements for Postsecondary
Career Certificate Education

**SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:**

The Agency has determined that this will not have an adverse
impact on small business or likely increase directly or indirectly
regulatory costs in excess of \$200,000 in the aggregate within
one year after the implementation of the rule. A SERC has not
been prepared by the Agency.

PURPOSE AND EFFECT: The purpose and effect of this
amendment is to conform/comply with statutory changes made
to Section 1004.91, Florida Statutes, in the 2013 legislative
session which clarifies the terminology of career-preparatory
instruction, career and technical certificates and to clarify
individuals eligible for exemptions.

The Agency has determined that the proposed rule is not
expected to require legislative ratification based on the
statement of estimated regulatory costs or if no SERC is
required, the information expressly relied upon and described
herein: Section 1002.375, F.S., Alternative Credit for High
School Courses; Pilot Project, Florida Statutes, was repealed in
the 2013 legislative session. There is no longer statutory
authority for the rule.

SUMMARY: The State Board of Education is required by
statute to adopt, by rule, standards of basic skill mastery for
students completing certificate career education programs of
450 hours or more. Students enrolling in career and technical
certificate programs must complete an entry-level exam within
the first six weeks after admission to the program, and if
necessary, the district or Florida college institution offering the
program must provide basic skills instruction. The statute
provides exemptions for students holding certain credentials.
The changes will delete the College Placement Test (CPT) and
the Multiple Assessment Placement Service (MAPS) and add
two new assessment instruments, Wonderlic General
Assessment of Instructional Needs (GAIN) and Postsecondary
Education Readiness Test (PERT) that can be used for basic
skills testing of Career and Technical Education students. The
proposed rule lists exemptions from the basic skills testing.

Any person who wishes to provide information regarding a
statement of estimated regulatory costs, or provide a proposal
for a lower cost regulatory alternative must do so in writing
within 21 days of this notice.

RULEMAKING AUTHORITY: 1001.02(1), (2)(n) FS.
LAW IMPLEMENTED: 1001.02(1), (2)(n) FS.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This amendment clarifies to whom and when the test is administered and the outlines who is exempt from testing. The statute authorizes the State Board of Education to adopt, by rule, the standards of basic skill mastery for completion of certificate career education programs of more than 450 hours in length. Since basic skills testing is already being conducted, there would be no required new costs to local educational agencies. The PERT has already replaced the CPT in the college institutions, so no new costs are required. If districts choose to implement the new test, GAIN, they would have to bear the costs of the new tests.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(3) No change.

(4) After a student completes the remediation prescribed for basic skills deficiencies, the student shall be retested using an alternative form (if possible) of the same examination that was used for initial testing. No student shall be awarded a career and technical certificate of completion until the student achieves the minimum level of basic skills required for that program by the Department of Education. An aAdult students with a disability disabilities, as defined in Section 1004.02(6) and (7), Florida Statutes, may be exempted from meeting the career basic skills grade levels required for completion of the career and technical education program ~~as described in subsection (2) of this rule.~~ Each school district and Florida community college institution must adopt a policy addressing procedures for exempting eligible adults students with disabilities from the basic skills exit requirements as permitted in Section 1004.91(3), Florida Statutes.

(5) Procedures for students whose first language is not English:

(a) No student is exempt from this rule because of language deficiencies. If one of the approved basic skills assessment instruments cannot be administered, an alternative assessment from subsection (7) of this rule should be used for initial testing.

English Language Learners (ELL) as defined in Rule 6A-6.0901, F.A.C., Limited English Proficient students (LEP) shall be given English language instruction and remediation in basic skills as needed to improve proficiency. The math assessment may be measured by one (1) of the designated tests in subsection (1) of this rule.

(b) ELL LEP students must achieve the minimum grade level/scale score or higher on one of the designated tests in subsection (1) of this rule as required by the Department to be awarded a certificate of completion in a career program.

(6) No change.

(7) If the tests listed in subsection (1) do not meet the initial assessment needs of the adult with disability or ELL student, one of the following alternative assessment instruments may be used within the first six (6) weeks, for diagnostic and remediation purposes only:

(a) Tests of Adult Basic Education Complete Language Assessment System – English (TABE CLAS-E), 2006 Adult Language Assessment Scales (A-LAS), 1991;

(b) Brigance Employability Skills, 1995;

(c) Brigance Transition Skills Inventory, 2010 Life Skills, 1994;

(d) through (j) No change.

(8) The following students are exempt from taking the initial basic skills assessment required in subsection (1) of this rule: Students who possess a college degree at the associate of applied science level or higher; who have completed or are exempt from the college level communications and computations skills examination (CLAST) pursuant to Section 1008.29, Florida Statutes; who are exempt from the college entry level examination pursuant to Section 1008.29, Florida Statutes; or who have passed a state, national, or industry licensure exam are exempt from this rule. The designated program administrator must receive an official copy of the degree, transcript, or test score in order to allow any of these exemptions.

(a) A student who possesses a college degree at the associate in applied science level or higher.

(b) A student who demonstrates readiness for public postsecondary education pursuant to Rule 6A-10.0315, F.A.C.

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: RULE TITLE:

6A-14.0303 General Education Core Course Options

PURPOSE AND EFFECT: The purpose of this new rule is to comply with Section 1007.25(3), Florida Statutes, which requires general education core course options to be adopted in rule. The effect is to establish the list of core course options in each of the general education areas of communication, humanities, mathematics, natural science and social science. The general education core must be completed prior to the award of an associate in arts or baccalaureate degree.

SUMMARY: Starting in the Fall Term, 2015, and thereafter, prior to the award of an associate in arts or baccalaureate degree, first-time-in-college students entering a Florida College System institution must complete at least one identified course from each of the general education subject areas of communication, humanities, mathematics, natural science and social science. Subject to identified restrictions, institutions may substitute other courses in the areas of communication, mathematics and natural science. The remainder of the 36-hour general education program is at the discretion of the institution. SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described

herein: The proposed rule applies only to Florida College System (FCS) institutions and provides more specificity to an existing degree requirement. Implementation of the rule will not require an increase in staff either at the Department of Education and should not at the FCS institution, as the fiscal impact to the institution will be minimal.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 1001.02(1),(2)(n),(6)(d)3, 1007.25(3) FS.

LAW IMPLEMENTED: 1007.25(3) FS.

A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:

DATE AND TIME: April 11, 2014, 9:00 a.m.

PLACE: Betty Easley Conference Center, Capital Circle Office Center, 4075 Esplanade Way, Tallahassee, FL 32399

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Matthew Bouck, Office of Articulation, Department of Education, 325 West Gaines Street, Room 1401, Tallahassee, Florida 32399-0400

THE FULL TEXT OF THE PROPOSED RULE IS:

6A-14.0303 General Education Core Course Options.

(1) Prior to the award of an associate in arts or baccalaureate degree, first-time-in-college students entering a Florida College System institution in the Fall Term, 2015, and thereafter must complete at least one (1) course from each of the general education subject areas listed in this section.

(a) Communication:

1. ENC X101 English Composition I; or
2. Any student who successfully completes a course with an ENC prefix for which ENC X101 is an immediate prerequisite shall be considered to have completed the communication core.

(b) Humanities:

1. ARH X000 Art Appreciation;
2. HUM X020 Introduction to Humanities;
3. LIT X000 Introduction to Literature;
4. MUL X010 Music Literature/Music Appreciation;
5. PHI X010 Introduction to Philosophy; or
6. THE X000 Theatre Appreciation.

(c) Mathematics:

1. MAC X105 College Algebra;
2. MAC X311 Calculus I;
3. MGF X106 Liberal Arts Mathematics I;
4. MGF X107 Liberal Arts Mathematics II;
5. STA X023 Statistical Methods; or

6. Any student who successfully completes a mathematics course for which one (1) of the general education core course options in mathematics is an immediate prerequisite shall be considered to have completed the mathematics core.

(d) Natural Sciences:

1. AST X002 Descriptive Astronomy;
2. BSC X005 General Biology;
3. BSC X010 General Biology I;
4. BSC X085 Anatomy and Physiology I;
5. CHM X020 Chemistry for Liberal Studies;
6. CHM X045 General Chemistry I;
7. ESC X000 Introduction to Earth Science;
8. EVR X001 Introduction to Environmental Science;
9. PHY X020 Fundamentals of Physics;
10. PHY X048 General Physics with Calculus;
11. PHY X053 General Physics I; or
12. Any student who successfully completes a natural science course for which one (1) of the general education core course options in natural science is an immediate prerequisite shall be considered to have completed the natural science core.

(e) Social Sciences:

1. AMH X020 Introductory Survey Since 1877;
2. ANT X000 Introduction to Anthropology;
3. ECO X013 Principles of Macroeconomics;
4. POS X041 American Government;
5. PSY X012 Introduction to Psychology; or
6. SYG X000 Principles of Sociology.

(f) Each institution may apply its own course titles to the general education core course options.

(2) Institutions shall report to the Statewide Course Numbering System, established in Section 1007.24, Florida Statutes, all courses used to fulfill subject area core course options. Any course recommended to be added to the list of general education core course options from subsection (1) of this rule shall be reported to the Office of K-20 Articulation at <http://fldoe.org/articulation> for review.

(3) Institutions must recognize credit earned through an acceleration mechanism in Section 1007.27, Florida Statutes, as meeting the related general education core course requirement.

(4) Institutions may grant a substitution or modification to the courses listed above for eligible disabled students, subject to Rule 6A-10.041, F.A.C.

(5) The remaining courses and credits, in addition to the core course options, to fulfill the total 36-hour general education requirement are at the discretion of the Florida College System institution.

RULE NOS.: RULE TITLES:
33-302.104 Correctional Probation Officers Carrying
 Firearms
33-302.108 Monitoring Sex Offender Conditions of
 Supervision

PURPOSE AND EFFECT: The purpose and effect of the proposed rule is to allow correctional probation officers to carry a firearm concealed on their person while they are in the probation office. Also to focus Rule 33-302.108 on the sex offender’s responsibilities related to their conditions of supervision and to include the conditions regarding the prohibition on visiting schools, child care facilities, parks, playgrounds, distributing candy on Halloween, and wearing certain costumes as provided in Section 948.304(4)(a) and (b), Florida Statutes.

SUMMARY: To allow correctional probation officers to carry a firearm concealed on their person while they are in the probation office and to focus the rule on the sex offender’s responsibilities related to their conditions of supervision.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: upon review of the proposed changes to these rules, the department has determined that the amendments will not exceed any one of the economic analysis criteria in a SERC as set forth in s. 120.541(2)(a), FS.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

33-302.104 Correctional Probation Officers Carrying Firearms.

- (1) through (3) No change.
- (4) Carrying a Firearm While on Duty.

(a) Officers who elect to carry a firearm and who receive Department authorization to carry a firearm, are authorized to carry the firearm, in accordance with Department standards, only while on duty ~~conducting field supervision and investigation~~. The firearm shall be carried in a holster about the waist. Only the authorized firearm may be carried.

(b) Officers who are authorized to carry a firearm while on duty shall observe all laws, regulations, or other directives as may be applicable for locations which officers are professionally obligated to enter. When carrying the firearm inside the probation office, the firearm must, at all times, be concealed on the officer’s person or secured in the office lock-box immediately upon entering the probation office.

(c) Each probation office shall have a designated ~~secure~~ space containing a secure locker for storage of firearms. ~~Officers shall place their firearms in the secure locker immediately upon entering the office.~~ Firearms The firearm shall be removed from the locker at the conclusion of the duty day. No firearm shall be left in the probation office overnight.

(Substantial rewording of Rule 33-302.108 follows. See Florida Administrative Code for present text.)

33-302.108 ~~Standard Monitoring~~ Sex Offender Conditions of Supervision.
Standard sex offender conditions of supervision apply to certain offenders placed on probation or community control supervision for specific sex offenses committed on or after specified dates and do not have to be orally pronounced by the judge at the time of sentencing in order to be in effect. These

standard conditions of supervision are listed on the probation/community control order and include the following:

(1) If the offender is placed on probation or community control for a sex offense provided in Chapter 794, Section 800.04, Section 827.071, Section 847.0135(5), or Section 847.0145, F.S. committed on or after October 1, 1995, the offender must comply with the following standard conditions, in addition to any other special conditions ordered by the court:

(a) Mandatory curfew – The offender must remain at his/her approved residence during the designated curfew period on a daily basis, unless otherwise approved or ordered by the court. The offender may request a different 8-hour curfew period from the 10 p.m. to 6 a.m. schedule if it conflicts with his/her hours of employment; however any change in the curfew period must be approved by the court.

(b) Residence restrictions – If the victim was under the age of 18, the offender is prohibited from living within 1,000 feet of a school, child care facility, park, playground, or other place where children regularly congregate, as prescribed by the court. Offenders have the responsibility to find an appropriate residence that is in compliance with the conditions of supervision and applicable state and local laws regarding residency restrictions. Offenders have the responsibility to notify the Department of their intended residence and to seek approval of the residence location from the Department.

(c) Sex offender treatment program – The offender must actively participate and successfully complete a sex offender treatment program with a qualified practitioner specifically trained to treat sex offenders, at the offender's own expense.

(d) Prohibited victim contact – The offender must not initiate or have any contact, directly or indirectly, including through a third person, with the victim or the victim's family, unless approved by the victim, a qualified practitioner in the sexual offender treatment program and the sentencing court. The offender should immediately notify his/her probation officer if there is any contact with the victim with or without the offender initiating the contact.

(e) Prohibited contact with minors – If the victim was under the age of 18, the offender is prohibited from having contact with a child under the age of 18 unless the court approves supervised contact with a minor based on a recommendation by a qualified practitioner. In addition to court approval, the offender must be currently enrolled in or have successfully completed a sex offender treatment program.

(f) Prohibitions on Employment/Volunteer Work – If the victim was under age 18, the offender is prohibited from working for pay or as a volunteer at any place where children regularly congregate, including, but not limited to any school, child care facilities, park, playground, pet store, library, zoo, theme park or mall.

(g) Pornographic Material – Unless otherwise indicated in the treatment plan provided by the qualified practitioner in the sex offender treatment program, the offender is prohibited from viewing, accessing, owning, or possessing any obscene, pornographic, or sexually stimulating visual or auditory material, including telephone, electronic media, computer programs or computer services that are relevant to the offender's deviant behavior pattern.

(h) DNA Specimens – The offender must submit a DNA sample, as instructed, that will be forwarded to the Florida Department of Law Enforcement to be registered with the DNA data bank.

(i) Victim Restitution for Medical Services – The offender may be required to make restitution to the victim for all necessary medical and related professional services relating to physical, psychiatric and psychological care.

(j) All offenders are subject to a warrantless search by the probation officer of the offender's person, residence or vehicle.

(2) If the offender is placed on probation or community control for a sex offense provided in Chapter 794, Section 800.04, Section 827.071, Section 847.0135(5), or Section 847.0145, F.S. committed on or after October 1, 1997, the offender must comply with the following standard conditions, in addition to the standard conditions listed above and any other special conditions ordered by the court:

(a) Polygraph Examinations – As part of the treatment program, the offender is required to participate, at his/her own expense, in a polygraph examination at least annually, as directed by the qualified practitioner or polygraph examiner. The polygraph examiner selected must be specially trained to perform polygraphs on sex offenders.

(b) Driving Log – The offender is required to maintain a driving log and is prohibited from driving a motor vehicle alone without the prior approval of the supervising officer.

1. The offender will utilize a Driving Log, Form DC3-244 to document each travel occurrence when the offender is driving, either alone, or when accompanied by someone. Form DC3-244 is hereby incorporated by reference. A copy of this form may be obtained from the Forms Control Administrator, Office of Research, Planning and Support Services, 501 South Calhoun Street, Tallahassee, Florida 32399-2500. The effective date of this form is December 18, 2001.

2. The offender will submit all completed Driving Logs, Form DC3-244, to the supervising officer at least once a month. The completed driving logs will be maintained in the offender file.

(c) No Post Office Box Allowed – The offender is prohibited from obtaining or using a post office box without the prior approval of the supervising officer.

(d) HIV Testing – If there was sexual contact, the offender must submit to an HIV test, at his/her expense, with the results to be released to the victim and/or the victim’s parent or guardian. The offender must submit to the HIV test at a Department of Health facility specified by the officer and provide the facility with a consent to release the test results to the victim. The offender must provide proof to the officer that he/she submitted to the test as required, without disclosing the results.

(e) Computer or Internet Restrictions – If the offender committed a certain sex offense on or after July 1, 2005, the offender is prohibited from accessing the Internet or other computer services until a qualified practitioner in the offender’s sex offender treatment program, after a risk assessment is completed, approves and implements a safety plan for the offender’s accessing or using the Internet or other computer services.

(f) Electronic Monitoring – If the offender committed a certain sex offense on or after September 1, 2005 and and he/she meets the statutory requirements of the Jessica Lunsford Act provided in Section 948.30(3), F.S., he/she is subject to mandatory electronic monitoring, at his/her own expense, for the entire term of supervision unless otherwise ordered by the court. In addition, if the offender is found in violation of his/her probation or community control and the conditions set forth in Section 948.063(1) or (2), F.S. are satisfied, the offender will be placed on electronic monitoring in accordance with Section 948.063, F.S.

(g) Additional Restrictions – If the offender committed any crime on or after May 26, 2010, and has been convicted at any time of committing, attempting, soliciting, or conspiring to commit, any of the criminal offenses listed in Section 943.0435(1)(a)1.a.(I), or a similar offense in another jurisdiction, against a victim who was under the age of 18 at the time of the offense, the offender is prohibited from:

1. Visiting schools, child care facilities, parks and playgrounds without prior approval from the offender’s supervising officer. The offender must also comply with additional requirements provided in Section 856.022, F.S. regarding loitering within 300 feet of a place where children regularly congregate.

2. Distributing candy or other items to children on Halloween; wearing a Santa Clause costume, or other costume to appeal to children, on or preceding Christmas; wearing an Easter Bunny costume, or other costume to appeal to children, on or preceding Easter; entertaining at children’s parties; or wearing a clown costume; without prior approval from the court.

(h) All offenders are subject to a warrantless search by the probation officer of the offender’s person, residence or vehicle.

RULE NOS.: RULE TITLES:
 62-550.310 Primary Drinking Water Standards: Maximum Contaminant Levels and Maximum Residual Disinfectant Levels
 62-550.519 Radionuclides Monitoring Requirements

PURPOSE AND EFFECT: The purpose is to ensure that customers served by non-transient non-community (NTNC) water systems, such as institutions, schools, daycares, and labor camps, are protected against exposure to Radionuclide contaminants such as Radium and Uranium. It is expected that over 2,500 Florida customers served by these school, daycare, institution and labor camp water systems will have reduced exposure Radionuclides contamination.

SUMMARY: The revisions will require NTNC water systems to monitor periodically and meet drinking water standards for the Radiological series of contaminants similar to what the community systems are required to do at present.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

62-550.310 Primary Drinking Water Standards: Maximum Contaminant Levels and Maximum Residual Disinfectant Levels.

(These standards may also apply as ground water quality standards as referenced in Chapter 62-520, F.A.C.)

(1) through (5) No change.

(6) RADIONUCLIDES – This subsection applies ~~only~~ to community and nontransient noncommunity water systems. The following are the maximum contaminant levels (MCLs) and regulatory detection limits (RDLs) for radionuclides:

(a) No change.

(b) Man-made radionuclides:

1. The average annual concentration of beta particle and photon radioactivity from man-made radionuclides in drinking water shall not produce an annual dose equivalent to the body or any internal organ greater than 4 millirem/year.

2. Except for those radionuclides listed below, the concentration of man-made radionuclides causing 4 mrem total body or organ dose equivalents shall be calculated on the basis of a 2 liter per day drinking water intake using the 168-hour data list in “Maximum Permissible Body Burdens and Maximum Permissible Concentration of Radionuclides in Air or Water for Occupational Exposure,” NBS Handbook 69 as amended August 1963, U. S. Department of Commerce at <http://www.orau.org/ptp/Library/NBS/NBS%2069.pdf>, which is incorporated herein by reference.

Average Annual Concentration Assumed to Produce an Exposure of 4 millirem/year:

RADIONUCLIDE	CRITICAL ORGAN	pCi/L
Tritium	total body	20,000
Strontium90	bone marrow	8

pCi/L = picoCuries per liter

3. If two or more radionuclides are present, the sum of their annual dose equivalent to the total body or to any organ shall not exceed 4 millirem/year.

(c) No change.

62-550.519 Radionuclides Monitoring Requirements.

This section contains monitoring frequency and compliance requirements for radionuclides for community and nontransient noncommunity water systems.

(1) Monitoring and Compliance Requirements for Gross Alpha Particle Activity, Radium-226, Radium-228, and Uranium.

(a) Community water systems (CWSs) and nontransient noncommunity water systems (NTNCs) shall conduct monitoring to determine compliance with paragraph 62-550.310(6)(a), F.A.C.

1. All existing CWSs and NTNCs shall sample at every entry point to the distribution system under normal operating conditions.

2. All new CWSs and new NTNCs ~~community water systems or existing CWSs or NTNCs community water systems~~ that use a new source of water shall begin to conduct initial monitoring for the new source within the first quarter after initiating use of the source.

3. through 4. No change.

(b) Initial monitoring: Systems shall conduct initial monitoring for gross alpha particle activity, radium--226, radium-228, and uranium as follows:

1. Systems shall collect four consecutive quarterly samples at all sampling points. All CWSs will have completed their initial monitoring by January 1, 2007. CWSs constructed after that time and all new NTNCs will conduct one year of initial monitoring within the first year of operation. Systems serving more than 3,300 people shall begin sampling January 1, 2005. Systems serving 3,300 or fewer people shall begin sampling January 1, 2006. Existing CWSs and NTNCs can use historical data to satisfy the initial monitoring requirement as specified in paragraph 62-550.519(1)(c), F.A.C. below. New systems and new plants will begin monitoring as directed by the Department.

2. through 3. No change.

~~4. During the initial monitoring period, if the average of the results for a given contaminant is above half the MCL but at or below the MCL, systems serving more than 3,300 people shall sample again for that contaminant during 2008. Systems serving 3,300 or fewer people shall sample again during 2009.~~

~~5. During the initial monitoring period, if the average of the results for a given contaminant is at or above the regulatory detection limit but at or below half the MCL, systems serving more than 3,300 people shall sample again for that contaminant during 2011. Systems serving 3,300 or fewer people shall sample again during 2012.~~

~~4.6. CWSs Systems serving more than 3,300 people that were are required to sample prior to January 1, 2012 during the initial monitoring period and had have no detections shall sample again during 2014. CWSs Systems serving 3,300 or fewer people that were are required to sample prior to January 1, 2013 during the initial monitoring period and had have no detections shall sample again during 2015. All existing NTNCs shall begin routine monitoring under paragraph 62-550.519(1)(d), F.A.C., starting January 1, 2016, unless the system has historical data that allows them to go either to reduced monitoring or waives the monitoring requirement entirely.~~

(c) Use of Historical Data. Under the following conditions, CWS's data gathered between June 1, 2000, and December 8, 2003 and NTNC's data gathered between January 1, 1996 and December 31, 2015, may be used to satisfy the requirement to monitor during the initial monitoring period described in paragraph 62-550.519(1)(b), F.A.C., above.

1. through 5. No change.

(d) Routine monitoring began begins January 1, 2008, for community water systems serving 3,300 or more people. Community water systems serving fewer than 3,300 people began begins monitoring January 1, 2009. NTNCs will begin routine monitoring January 1, 2016. Routine monitoring will take place every three years and must meet the following conditions:

1. No change.

~~2. The gross alpha result shall not exceed 15 pCi/L. The system may either sample for uranium or may substitute the gross alpha value if it is less than 15 pCi/L. If the gross alpha value exceeds 15 pCi/L, the system must sample for uranium. The uranium result shall be subtracted from the gross alpha result in order to determine compliance with the gross alpha MCL. In the event the gross alpha result minus the uranium result exceeds 15 pCi/L, the system shall begin quarterly monitoring for gross alpha.~~

~~3. The uranium value shall not exceed 30 ug/L (20 pCi/L). In the event the uranium value exceeds 30 ug/L (20 pCi/L), the system shall begin quarterly monitoring for uranium.~~

4. No change.

~~5. The combined value for radium 226 and radium 228 shall not exceed 5 pCi/L. In the event the combined value for radium 226 and radium 228 result exceeds 5 pCi/L, the system shall begin quarterly monitoring for both radium-226 and radium-228.~~

(e) Reduced monitoring. The Department shall allow community and NTNC water systems to reduce the future frequency of monitoring at each sampling point from once every three years or once every six years to once every six or nine years or waive monitoring for NTNCs altogether at each sampling point, based on the following criteria:

1. If the monitoring result for a contaminant (i.e., gross alpha particle activity, uranium, radium-226, or radium-228) is below the regulatory detection limit specified in paragraph 62-550.310(6)(c), F.A.C., above, the CWS the system shall collect and analyze for that contaminant at that sampling point every nine years, and a NTNC is waived from any future monitoring for that contaminant.

2. For gross alpha particle activity and uranium, if the monitoring results for each contaminant is at or above the regulatory detection limit but at or below half the MCL, the CWS system shall collect and analyze for that contaminant using at least one sample at that sampling point every six years and the NTNC shall collect and analyze for that contaminant using at least one sample at that sampling point every nine years. For radium-226 and radium-228, the analytical results shall be combined. If the combined monitoring result for radium-226 and radium-228 is at or above 1 pCi/L, but at or below half the MCL (2.5 pCi/L), the CWS shall collect and analyze for that contaminant using at least one sample at that sampling point every six years and the NTNC shall collect and analyze for that contaminant using at least one sample at that sampling point every nine years system shall collect and analyze for those contaminants at that sampling point every six years.

3. For gross alpha particle activity and uranium, if the monitoring results for each contaminant is above half the MCL but at or below the MCL, the CWS system shall remain on routine monitoring and shall collect and analyze at least one sample at that sampling point every three years and every six years for a NTNC system. If the combined monitoring result for radium-226 and radium-228 is above half the MCL but at or below the MCL, the CWS system shall remain on routine monitoring and shall collect and analyze at least one sample at that sampling point every three years, and every six years for the NTNC system.

4. No change.

(f) through (j) No change.

(k) Use of Historical Data. Under the following conditions, data gathered between June 1, 2000 and December 8, 2003 for

CWSs and between January 1, 1996 and December 31, 2015 for NTNCs, may be used to satisfy the requirement to monitor during the initial monitoring period described in paragraph 62-550.519(1)(b), F.A.C., above or may be used to allow a NTNC to go to reduced monitoring or waive the monitoring requirement altogether.

1. through 4. No change.

(2) Monitoring and Compliance Requirements for Beta Particle and Photon Radioactivity. These requirements only

apply to community water systems. To determine compliance with the maximum contaminant levels in paragraph 62-550.310(6)(b), F.A.C., for beta particle and photon radioactivity, a CWS system shall monitor at a frequency as follows:

(a) through (f) No change.

RULE NOS.: RULE TITLES:
62-761.350 Operator Training and Certification
62-761.400 Registration and Financial Responsibility

PURPOSE AND EFFECT: Requires owners and operators of Underground Storage Tanks to undergo training and certification. Provides department the ability prohibit delivery of regulated substances to a non-compliant facility.

SUMMARY: The Energy Policy Act of 2005 (EPA) which amended the Solid Waste Disposal Act by adding section 9012, provided the US EPA with the authority to prohibit deliveries of regulated substances to federally regulated Underground Storage Tanks (UST) and require UST operator training. Because FDEP does not have an EPA approved UST program, EPA may choose to enforce any of the federal UST laws, including, violations of the EPA delivery prohibition and operator training requirements, upon Florida UST owners and operators that would be regulated under the federal program. EPA has indicated it would not pursue enforcement against Florida UST facilities if FDEP met the EPA requirements and enforced them. On April 10, 2013, EPA notified FDEP that it did not consider FDEP’s existing practices regarding these provisions as complying with the EPA and, consequently, EPA would not continue to provide FDEP with certain UST grant funding. In order to continue to receive this funding, on May 10, 2013, FDEP committed to EPA to adopting rules to implement these provisions.

OTHER RULES INCORPORATING THIS RULE: These are new rules, therefore no other rule reference these rules.

EFFECT ON THOSE OTHER RULES: None.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within

one year after the implementation of the rule. A SERC has been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

62-761.350 Operator Training and Certification.

(1) Owners or operators shall identify and designate for each in-service underground storage tank (UST) facility including unmanned facilities, at least one named individual for each class of operator – Class A, Class B, and Class C. All individuals designated as a Class A, B or C operator shall, at a minimum, be trained and certified in accordance with this rule. For the purposes of this rule, the terms "Class A Operator", "Class B Operator" or "Class C Operator" are terms specific to the training requirements of this subsection 62-761.350(2), F.A.C.

(a) Owners and operators may designate different individuals for each class of operator, or one individual for more than one of the operator classes.

(b) Any individual designated for more than one operator class shall be trained and certified for each operator class, except that training and certification as a Class B operator also entitles that individual to certification as a Class A operator.

(c) An individual may be designated as a Class A Operator for one or more facilities. An individual may be designated as a Class B Operator for one or more, but not to exceed 50 facilities. An individual Class C operator must be specifically trained for each facility.

(d) During hours of operation, UST facilities must have at least one certified operator (either a Class A, Class B, or Class C operator) present at the UST facility, except when a UST facility is unmanned. A UST facility is considered unmanned when during the normal course of business there is routinely no

attendant present at the facility who could respond to alarms or emergencies related to the UST system. (Examples of unmanned UST facilities include, but are not limited to, card lock or card access fueling stations, telecommunication towers or utility transfer stations serviced by emergency generator USTs, and unattended UST systems located at industrial facilities.) Unmanned facilities must have weather resistant signage clearly visible from any dispenser which instructs users with regard to basic safety procedures, provides the customer with a 24-hour telephone contact number monitored by a Class A, B, or C operator for the facility and provides instruction on contacting local emergency responders.

(2) The three classes of operators are identified as follows.

(a) Class A Operator.

1. Functions. A Class A operator of a UST facility is an individual who typically has primary responsibility for ensuring the proper operation and maintenance of the UST systems, particularly in the capacity of managing resources and personnel necessary to achieve and maintain compliance with all UST regulations.

2. Qualifications and Training. Class A operators must be trained in and have a general knowledge of the requirements of applicable UST regulations, including, but not limited to registration, system components, product compatibility, spill and overfill prevention, corrosion protection, release detection, recordkeeping, notification, release reporting and response, temporary and permanent closure, operator training, and financial responsibility.

(b) Class B Operator.

1. Functions. A Class B operator of a UST facility is an individual who ensures the implementation of all applicable requirements of these regulations in the field and implements the day-to-day aspects of the operation and maintenance of, and recordkeeping for, UST systems.

2. Qualifications and Training. Class B operators must be trained in and have detailed knowledge of the requirements of applicable UST regulations, including, but not limited to registration, system components, product compatibility, spill and overfill prevention, corrosion protection, release detection, recordkeeping, notification, release reporting and response, temporary and permanent closure, operator training and financial responsibility. A UST facility owner or operator may designate as its Class B operator a third party (i.e. an individual who is an independent contractor or consultant and is not affiliated with the facility owner or operator) only if that individual is Certified Contractor who also holds a current "A" or "A/B" license and who either is, or is employed by, a registered Certified Contractor. However, designation of an independent or not affiliated Class B operator in this manner does not also entitle that individual to certification as a Class A operator for a facility.

(c) Class C Operator.

1. Function. A Class C operator of a UST facility is an individual designated by the UST system owner who typically controls the dispensing of fuel at the facility and is responsible for initial response to alarms, releases, spills, overfills or threats to the public or to the environment.

2. Training. Class C operators must be trained in both general and facility-specific emergency response procedures, such as: the operation of emergency shut-off equipment; the initial response procedures following system alarm warnings; the appropriate first response actions to releases, spills, or overfills; and the notification procedures to emergency responders and to the designated Class A and Class B operators of a UST facility.

(3) Training.

Operator training must fulfill the training requirements described for each class of operator. The following is a list of acceptable approaches to meet the operator training requirements.

(a) Acceptable Training for Class A and Class B operators. Class A and Class B operators must complete a Department approved operator training course. Courses or processes may include in-person or on-line training performed by, contracted for, or approved by the Department, and must include an evaluation of operator knowledge through testing, practical demonstration, or other tools deemed acceptable by the Department. In order for a non-contracted provider to be approved by the Department, the provider of a training course or process must be sponsored by an association or industry organization recognized nationwide or statewide with regard to its affiliation with regulated petroleum UST systems. All providers will also be required to provide training documentation, including on-going maintenance of records of certified operators. Those records will be required to be accessible to the Department on an on-going basis.

(b) Acceptable Training for Class C Operators.

1. Class B operators must provide training or ensure that the UST facility's Class C operators otherwise complete training in emergency procedures. Class C operator training programs may include in-class, hands-on, on-line, or any other training format deemed acceptable by the Class B operator.

2. Class A and Class B operators must ensure that site-specific emergency procedures are maintained in an easily accessible location at the UST facility which is immediately available to the Class C operator, and that site-specific notices that include the location of emergency shut-off devices and appropriate emergency contact telephone numbers are posted in a prominent area at the UST facility that is easily visible to the Class C operator. For the purposes of this subsection, the phrase "easily accessible location" means located in a place and

manner that allows a Class C Operator quick and immediate access to site-specific emergency procedures.

(4) Certification.

Operators are considered certified operators after successfully completing one of the training processes listed in subsection (a) of this section.

(a) Class A and Class B Operators. Training providers must provide verification to all Class A and Class B operators who have successfully completed training, in the form of a written or printable electronic training certificate stating the classification and the date it was obtained. Owners and operators must ensure that training certificates are maintained at each facility for inspection by the Department.

(b) Class C Operators. A designated Class B operator for a given facility must provide the facility owner or operator with signed and dated written verification in the form of a list of all Class C operators who have been trained for that facility, which includes the date of that training. Owners and operators must ensure that a current and correct list of trained Class C operators is maintained at each facility for inspection by the department.

(5) Deadlines.

(a) Within 365 days of effective date of the rule, owners or operators of underground storage tank (UST) facilities must designate at least one Class A, Class B, and Class C operator for each facility who has completed an acceptable operator training course.

(b) Class A or Class B operators designated by a UST facility owner or operator after the effective date of this rule, within 30 calendar days of assuming operation and maintenance responsibilities at the UST facility.

(c) Class C operators designated by a UST facility owner or operator after the effective date of this rule, prior to assuming unsupervised responsibility for responding to emergencies at UST system facilities.

(6) Frequency.

If a UST facility receives a notice of violation and the Department determines that the UST facility is in significant noncompliance, the designated Class B operators for that UST facility must recertify Class B training, within 90 days. Class B operators are not, however, required to attend such training more than once every 12 months, regardless of the number of their designated facilities found in violation. For the purposes of this rule, "significant noncompliance" is defined as the failure to maintain compliance in one or more of the following release detection, spill/overflow prevention, corrosion protection or financial assurance.

(7) Documentation.

Owners and operators of underground storage tank facilities (except unmanned facilities) must maintain required training certification documentation as described in this rule on-site and must provide it upon request to the Department. Documentation

may be maintained electronically off-site if that facility has the capability of producing a clear printed copy which can be provided to the Department within 72 hours. Owners and operators of unmanned facilities must provide documentation as requested by the Department.

Rulemaking Authority 376.303 FS. Law Implemented 376.303 FS. History—New _____.

62-761.400 Registration and Financial Responsibility.

(1) through (3) No change.

(4) Revocation of Registration Placard.

The Department may revoke a registration placard for failure to:

(a) Install, maintain and operate leak detection equipment pursuant to Rule 62-761.610, F.A.C.;

(b) Meet, maintain and operate performance standards pursuant to Rule 62-761.500, F.A.C.;

(c) Respond and abate an ongoing discharge, pursuant to Rule 62-761.820, F.A.C.;

(d) Complete closure of out of service tank systems pursuant to Rule 62-761.800, F.A.C.; or

(e) Maintain adequate financial responsibility pursuant to subsection 62-761.400(3), F.A.C.

The Department shall provide written notice to the owner of the facility 30 business days prior to denying or suspending a registration placard. Owners of facilities shall give written notice to the Department when such deficiencies are corrected and the Department shall re-inspect the facility within two business days of receiving such notice. The Department shall release suspended registration placards within three business days of the re-inspection if all deficiencies have been corrected to the department's satisfaction. The Department shall establish, maintain, and post on its web site a list of previously registered facilities that do not have a valid registration placard. This list will not include previously registered facilities for which all storage tank systems have been closed or removed in accordance with department rules.

(5) Delivery prohibitions.

(a) No owner, operator, or supplier shall deposit any regulated substance into a UST system regulated under this chapter unless that owner or operator has a valid, current Registration Placard issued by the agency covering that UST system.

(b) It is an affirmative defense to the imposition of an administrative penalty for a violation of subparagraph (a) of this paragraph that the owner, operator, or supplier delivering a regulated substance into a UST relied on registration information for the UST obtained from the Department's website not more than 30 days before the date of delivery.

RULE NO.: RULE TITLE:

64B7-25.001 Examination Requirements

PURPOSE AND EFFECT: The board proposes the rule amendment to update existing forms regarding the examination requirements.

SUMMARY: The proposed rule amendments are necessary to update the existing forms, which are incorporated into the rule.
SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 456.013(7), 456.017(1)(c), 480.035(7), 480.041(2), 480.042(1) FS.

LAW IMPLEMENTED: 456.013(7), 456.017(1)(c), 456.0635, 480.041, 480.042 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Anthony Jusevitch, Executive Director, Board of Massage Therapy/MQA, 4052 Bald Cypress Way, Bin #C06, Tallahassee, Florida 32399-3256

RULE NO.: RULE TITLE:

59A-6.020 Licensure Procedure

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 39, No. 245, December 19, 2013 issue of the Florida Administrative Register.

The following sections of the proposed rule should be changed to read:

59A-6.020 Licensure Procedure.

(1) through (2)(f) No change.

(g) Evidence of registration from the Department of Health to provide HIV testing as stipulated in Rule ~~64D-2.006 10D-93.076~~, F.A.C., if HIV specimens are collected for analysis.

(i) through (k) No change.

(l) Such other information requested on the Health Care Licensing Application, Multiphasic Health Testing Center, form, AHCA form 3170-4001, Revised January 2014 Jan 94, incorporated by reference. This form is available at <http://www.flrules.org/Gateway/reference.asp?No=Ref-XXXX> and available from the Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop 32, Tallahassee, Florida 32308, or at the web address at: <http://ahca.myflorida.com/HQALicensureForms>.

(m) No change.

~~(3)(4) Any center that fails to pay the proper fee or otherwise fails to qualify by the date of expiration of its license shall be delinquent, and its license shall be canceled without notice or further proceedings. Upon cancellation under this section, the center's license shall be reinstated only upon application and qualification therefor as provided for initial applicants and upon payment of all delinquent fees.~~

(3)(5) Each license is valid only for the person or entity to whom it is issued and may not be sold, assigned, or transferred voluntarily or involuntarily. A license is not valid for any premises or mobile facility other than that for which originally issued. A center must be relicensed if a change of ownership occurs. Application for relicensure must be made to the agency 60 days prior to the change of ownership. When a multiphasic health testing center is leased by the owner to a second party for operation, said second party must apply for a new license. A copy of the lease agreement or signed statement showing which party is to be held responsible for the organization, operation and maintenance of the multiphasic health testing center shall be filed with the application. A license shall be returned to the agency immediately upon change of ownership or classification, suspension, revocation, or voluntary cessation of operations.

(4)(6) Upon receipt of the completed initial application, the agency shall conduct a survey pursuant to Section 408.811, F.S. ~~to determine compliance with the established rules and~~

~~standards.~~ The inspection shall be conducted on an annual basis thereafter.

(5)(7) A separate license shall be required for each multiphasic health testing center when more than one (1) multiphasic health testing center is operated under the same ownership or management.

(6)(10) A licensee shall notify the agency by certified mail of impending closure of a licensed center, thirty (30) days prior to such closure. The license shall be surrendered to the agency immediately following cessation of operations.

Rulemaking Specific Authority 408.033, 483.291 FS. Law Implemented 408.033, 408.805, 408.806, 408.809, 408.810, 408.811, 483.285, 483.291, 483.30, 483.302 FS. History–New 3-20-94, Amended 5-1-96,_____.

The following changes have been made to the Application Checklist on the Health Care Licensing Application – Multiphasic Health Testing Center, AHCA Form 3170-4001, Revised October 2013:

Applications must be received at least 60 days prior to the expiration of the current license or effective date of a change of ownership to avoid a late fee.”

Pg. 1, Paragraph 2:

The website address has been corrected to read, “<http://ahca.myflorida.com/HQALicensureForms>”.

Pg.1-2, Section A:

The checklist item related to background screening requirements has been amended to read, “Proof of Background Screening in accordance with Section 59A-35.060, Florida Administrative Code.

A Level 2 background screening for the Administrator and Financial Officer is required every 5 years.

All screening results must be sent to the Agency for Health Care Administration for review and employment determinations. If you choose to use a LiveScan source other than the Agency’s contracted vendor you must identify the Agency for Health Care Administration as the recipient of the screening results to ensure the results are reviewed by the Agency. If the Agency does not receive the results, additional screening and fees may be required. For additional information, including finding a LiveScan vendor and screening a person who is out of state, please visit the Agency’s background screening website at <http://ahca.myflorida.com/backgroundscreening>.

The Administrator and/or Financial Officer submitted a Level 2 screening through a Livescan vendor.

The Administrator and/or Financial Officer submitted a Level 2 screening within the previous 5 years and results are on file with the Agency for Health Care Administration, Department of Children and Families, Department of Health, Department of Elder Affairs, Agency for Persons with Disabilities or Department of Financial Services (if the applicant has a certificate of authority or a provisional certificate of authority to operate a continuing care retirement community). An Affidavit of Compliance with Background Screening Requirements, AHCA Form 3100-0008, is also enclosed.”

Section IV Emergency Rules

DEPARTMENT OF THE LOTTERY

RULE NO.: RULE TITLE:
53ER14-18 FLORIDA LOTTO®

SUMMARY: This emergency rule sets forth the provisions for the conduct of FLORIDA LOTTO®. This emergency rule replaces Emergency Rule 53ER13-57.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER14-18 FLORIDA LOTTO®.

(1) How to Play FLORIDA LOTTO®.

(a) FLORIDA LOTTO is a lottery online terminal game in which players select six (6) numbers from a field of one (1) to fifty-three (53).

(b) Players may make their FLORIDA LOTTO ticket selections by marking a play slip or by telling the retailer their desired selections. There are ten (10) panels on a play slip. Each panel played will cost \$1.00 per drawing. Players may mark their desired numbers on the play slip by selecting six (6) numbers from each panel played, or may mark the "QP" box located at the bottom of each panel for the terminal to randomly select one (1) or more of the six (6) numbers. A "Void" box is also located at the bottom of each panel and should be marked by the player if an error was made in his or her selections in a panel.

(c) Players must use only blue or black ink or pencil for making selections. Play slips may be processed through a Florida Lottery vending machine or processed by a retailer to obtain a ticket. Retailers are authorized to manually enter numbers selected by a player.

(d) Players may play up to fifty-two (52) consecutive FLORIDA LOTTO drawings by using the "advance play" feature. To use the advance play feature, players may either mark the number of drawings desired in the Advance Play section of a play slip or tell the retailer their desired number of consecutive advance drawings. The number of consecutive advance drawings selected shall apply to each panel (A-J)

played. Advance play is not available with Jackpot Combo. In the event that a planned change in the FLORIDA LOTTO game requires that the number of advance plays available for purchase be reduced to zero before implementation of the change, an advance play countdown schedule will be posted on the Lottery's website, flalottery.com.

(e) Players may elect to play "Jackpot Combo" to receive three (3) Quick Pick tickets for the next available drawing consisting of one (1) \$2.00 FLORIDA LOTTO® with XTRA ticket, one (1) \$2.00 POWERBALL® ticket and one (1) \$1.00 MEGA MILLIONS® ticket by marking the "Jackpot Combo \$5" box on the play slip or by telling the retailer. Tickets in Jackpot Combo play cannot be player selected and cannot be canceled.

(2) FLORIDA LOTTO Drawings.

(a) FLORIDA LOTTO drawings shall be conducted twice per week, on Wednesday and Saturday.

(b) The equipment shall be configured so that six (6) balls are drawn from one (1) set of balls numbered one (1) through fifty-three (53).

(c) Six (6) balls will be selected in the drawing. The numbers shown on the six (6) balls, after certification by the Draw Manager and the Accountant, are the official winning numbers for the drawing.

(d) The Florida Lottery shall not be responsible for incorrect circulation, publication or broadcast of the official winning numbers.

(3) FLORIDA LOTTO Prize Divisions.

(a) FLORIDA LOTTO is a pari-mutuel game. For each drawing, 50 percent (50%) of net sales (gross sales less cancels and free tickets) from the sale of FLORIDA LOTTO tickets in the corresponding FLORIDA LOTTO sales period shall be allocated as the winning pool for the payment of prizes as provided below. The value of the FLORIDA LOTTO portion of a FLORIDA LOTTO with XTRA ticket awarded as a prize or given for free in a promotion shall be deducted from FLORIDA LOTTO gross sales in all reports, and the value of the XTRA portion of a FLORIDA LOTTO with XTRA ticket awarded as a prize or given for free in a promotion shall be deducted from XTRA gross sales in all reports.

(b) The Jackpot prize pool shall consist of 63.5 percent (63.5%) of the Lotto pool for the drawing and any rounding differences that derive from the distribution of the winning pool to the second, third, and fourth prize pools, plus any Jackpot money carried forward from the previous drawings. The Jackpot prize shall be divided equally among the players matching all six official winning numbers. If there is no Jackpot winner in a drawing, the Jackpot pool shall be carried over and added to the Jackpot pool of the next FLORIDA LOTTO drawing.

(c) The second prize pool shall consist of 12.3 percent (12.3%) of the Lotto pool for the drawing. The second prize pool shall be divided equally among the players matching five (5) of the six (6) official winning numbers. If there is no winner in the second prize category for a drawing, the second prize pool shall be carried over and added to the Jackpot prize pool of the next FLORIDA LOTTO drawing.

(d) The third prize pool shall consist of 10 percent (10%) of the Lotto pool for the drawing. The third prize pool shall be divided equally among the players matching four (4) of the six (6) official winning numbers. If there is no winner in the third prize category for a drawing, the third prize pool shall be carried over and added to the Jackpot prize pool of the next FLORIDA LOTTO drawing.

(e) The fourth prize pool shall consist of 14.2 percent (14.2%) of the Lotto pool for the drawing. The fourth prize pool shall be divided equally among the players matching three (3) of the six (6) official winning numbers. If there is no winner in the fourth prize category for a drawing, the fourth prize pool shall be carried over and added to the Jackpot prize pool of the next FLORIDA LOTTO drawing.

(f) The Jackpot prize will pay the guaranteed dollar amount. The second, third and fourth prizes will be rounded down to the nearest fifty cents (\$.50); provided, however, that the fourth prize shall be no less than \$5.00. All rounding differences in the second, third and fourth prizes shall be used to fund future prizes in Lottery games or for special Lottery prize promotions. If the funds available for the payment of fourth prizes are insufficient to pay the minimum amount, the percentage described in paragraph (3)(a) above will be adjusted or funds available from any other funding source approved by the Legislature will be used to cover the prize liability.

(4) Determination of Prize Winners.

In order for a ticket to be a winning ticket, numbers appearing in a single horizontal row on the ticket (A, B, C, D, E, F, G, H, I, or J) must match the official winning FLORIDA LOTTO numbers in any order for the draw date for which the ticket was purchased. The prizes are set forth as follows:

(a) Jackpot Prize(s): Six of six official winning numbers.

(b) Second Prize: Five of six official winning numbers.

(c) Third Prize: Four of six official winning numbers.

(d) Fourth Prize: Three of six official winning numbers.

(5) FLORIDA LOTTO Guaranteed Jackpot.

(a) For each drawing the Lottery will announce a guaranteed deferred payment value of the Jackpot that can be won by a single player, based upon the estimated cash value of the Jackpot pool determined by projected and historical sales figures, current interest rates, and funds from rollovers, if any.

(b) For prizes to be paid in annual installments, if the cash available in the Jackpot pool is insufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value

over the designated deferred payment period, the Lottery shall add to the Jackpot pool funds available from any other funding source approved by the Legislature to render it sufficient to yield the announced guaranteed Jackpot.

(c) For prizes to be paid in annual installments, if the cash available in the Jackpot pool is more than sufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value over the designated deferred payment period, the excess funds will be used for future prizes in Lottery games or for special Lottery prize promotions.

(d) The guaranteed cash option value of the Jackpot will be the amount required on the day of the drawing or, if the drawing is held on a Saturday or holiday, the business day prior to the drawing, to purchase securities to fund the announced guaranteed deferred payment value of the Jackpot. This day shall be referred to as the "prize determination day."

(e) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is less than the cash option value of the Jackpot determined on the prize determination day, the Lottery shall add to the Jackpot pool funds available from any other funding source approved by the Legislature sufficient to pay the cash option value of the Jackpot.

(f) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is more than the cash option value of the Jackpot determined on the prize determination day, the excess funds will be used for future prizes in Lottery games or for special Lottery prize promotions.

(6) FLORIDA LOTTO with XTRA Option.

(a) The FLORIDA LOTTO with XTRA option shall be available in association with the FLORIDA LOTTO game. FLORIDA LOTTO tickets that contain the XTRA option and one or more plays eligible for FLORIDA LOTTO prizes shall be entitled to a total prize calculated by multiplying each FLORIDA LOTTO prize other than the Jackpot prize and the 2-of-6 prize described in paragraph (6)(d) below by the XTRA number for the applicable drawing. The FLORIDA LOTTO Jackpot and the 2-of-6 prize will not be eligible for multiplication under the XTRA option.

(b) At the time of purchasing a FLORIDA LOTTO ticket, a player may choose the XTRA option for an additional \$1 per play for each play on the FLORIDA LOTTO ticket. The XTRA option will apply to all panels and selections marked on the play slip. The prize pool for XTRA prizes shall be funded by LOTTO with XTRA ticket sales. If the funds available from XTRA ticket sales are insufficient to pay all XTRA prizes, the percentage described in paragraph (3)(a) above will be adjusted or funds available from any other funding source approved by the Legislature will be used to cover the prize liability.

(c) Prior to each FLORIDA LOTTO drawing, the Lottery shall conduct an XTRA drawing to select the XTRA number from among the following series of numbers: 2, 3, 4, and 5. The

odds of a particular XTRA number being selected in an XTRA drawing are 1:4. During special promotions, the Lottery will announce XTRA numbers that are higher than the foregoing series of numbers.

(d) FLORIDA LOTTO with XTRA tickets that match 2 of 6 winning numbers shall entitle the holder to a prize of a free FLORIDA LOTTO with XTRA quick pick ticket for the next

available FLORIDA LOTTO drawing. FLORIDA LOTTO with XTRA tickets generated as a prize cannot be canceled.

(e) All XTRA prizes shall be paid in single, lump-sum payments determined by multiplying the FLORIDA LOTTO prize by the number selected in the XTRA drawing as follows:

FLORIDA LOTTO		XTRA Estimated Prizes			
Match	Prize	X2 (Odds 1:4)	X3 (Odds 1:4)	X4 (Odds 1:4)	X5 (Odds 1:4)
6 of 6	Jackpot (Guaranteed)	—	—	—	—
5 of 6	\$5,000 (Estimated)	\$10,000	\$15,000	\$20,000	\$25,000
4 of 6	\$70 (Estimated)	\$140	\$210	\$280	\$350
3 of 6	\$5 (Guaranteed minimum)	\$25 (Guaranteed minimum)	\$25 (Guaranteed minimum)	\$25 (Guaranteed minimum)	\$25 (Guaranteed minimum)
2 of 6	N/A	Free Ticket	Free Ticket	Free Ticket	Free Ticket

(f) On occasion, the Florida Lottery will conduct promotions in which specified prize levels of FLORIDA LOTTO with XTRA tickets will be designated to have a higher multiplier number than the number drawn pursuant to paragraph (6)(c), above.

(7) FLORIDA LOTTO Odds of Winning.

The odds of winning the prizes described in subsection (4) and paragraph (6)(d) are as follows:

- (a) Jackpot Prize – 1:22,957,480.
- (b) Second Prize – 1:81,409.50.
- (c) Third Prize – 1:1,415.82.
- (d) Fourth Prize – 1:70.79.
- (e) Fifth Prize for LOTTO EXTRA plays only – 1:8.58

(f) The overall odds of winning a prize in a FLORIDA LOTTO drawing with a LOTTO ticket without the XTRA feature are 1:67.36. The overall odds of winning a prize in a FLORIDA LOTTO drawing with a LOTTO with XTRA ticket are 1:7.61.

(8) FLORIDA LOTTO Payment Options.

(a) Players have a choice of two payment options for receiving their portion of a FLORIDA LOTTO Jackpot prize. Payment options are “Cash Option” and “Annual Payment.”

(b) Jackpot winners have sixty (60) days after the winning draw date to choose between the two (2) payment options. Once a Jackpot winner files a claim and exercises the winner's chosen option, the election of that option shall be final. In order to select the Cash Option, the Jackpot winner must submit his or her ticket for payment within sixty (60) days after the winning draw date. If the Jackpot winner does not elect the Cash Option

within sixty (60) days after the winning draw date, the Annual Payment option will be applied, except as provided in paragraph (8)(f) below.

(c) A Jackpot winner who chooses the Cash Option will receive one (1) lump sum cash payment of the amount required on the prize determination day to purchase securities to fund the Jackpot prize paid over thirty (30) years, less applicable withholding taxes. The amount of the Cash Option payment to multiple Jackpot winners will be the amount required on the prize determination day to purchase securities to fund their pro rata share of the Jackpot prize paid over thirty (30) years, less applicable withholding taxes.

(d) If a Jackpot prize winner elects the Annual Payment option, his or her portion of the Jackpot prize will be paid in thirty (30) annual installments, each less applicable withholding taxes.

(e) If the prize amount per winner in a FLORIDA LOTTO drawing cannot be paid in increments of \$1,000 in thirty (30) installments, the winner's share of the prize pool will be invested in U.S. Treasury securities that will yield the maximum amount possible over thirty (30) years as can be reached in increments of \$1,000. If the amount the investment will yield is less than the announced guaranteed Jackpot, the present value of the difference between the amount the investment will yield and the winner's guaranteed prize amount over thirty (30) years will be paid to the winner in the first payment.

(f) If the number of winners of a Jackpot prize would result in each person's prize being less than \$1,000,000 if paid over thirty (30) years, the Lottery shall pay the Jackpot winner or

winners in a single cash payment of the amount required on the prize determination day to purchase securities to fund the winner's pro rata share of the Jackpot paid over thirty (30) years, less applicable withholding taxes.

(g) Federal income taxes shall be applied and withheld from the prize amount at the time payment is made.

(h) Any interest or earnings accrued on a FLORIDA LOTTO Jackpot prize prior to the prize payment, under either the Cash Option or the Annual Payment option, shall accrue to the State of Florida and not to the winner.

(9) FLORIDA LOTTO Rules and Prohibitions.

(a) By purchasing a FLORIDA LOTTO ticket, a player agrees to comply with and abide by all rules of the Florida Lottery.

(b) FLORIDA LOTTO prize payments shall be made in accordance with rules of the Florida Lottery governing payment of prizes. A copy of the current rule can be obtained from the Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(c) Subject to a retailer's hours of operation and online system availability, FLORIDA LOTTO tickets are available for purchase daily between the hours of 6:00 a.m. and midnight Eastern Time (ET).

(d) The scheduled time for the Wednesday and Saturday FLORIDA LOTTO drawings is approximately 11:15 p.m., ET. Ticket sales for a specific FLORIDA LOTTO drawing will close at approximately 10:40 p.m., ET. Any ticket sold after the close of game will be printed with the next FLORIDA LOTTO draw date.

(e) Retailer cancellations of FLORIDA LOTTO tickets can only be performed by the retailer who sold the ticket, using the selling terminal's optical mark reader, and within two (2) hours after printing, except that no FLORIDA LOTTO ticket shall be canceled after game close for the related drawing. The two (2) hour cancellation period may be reduced due to the selling retailer's hours of business operation, the hours of online system availability, or the time of the related FLORIDA LOTTO close of game.

(f) It is the responsibility of the player to determine the accuracy of selected panels of numbers, wager amounts and draw date(s) on tickets. In the event that a ticket given to the player by the retailer contains selections that are not consistent with the player's selections, it shall be the responsibility of the player to immediately advise the retailer of that fact. In such event and upon request of the player within the time period specified herein, the retailer shall make a good faith effort to cancel the ticket. A retailer is not required to cancel a ticket produced upon request of the player by the quick pick method of number selection.

RULE NO.: RULE TITLE:

53ER14-19 Lucky Lotto Collect & Win Promotion.

SUMMARY: This emergency rule describes the Lucky Lotto Collect & Win Promotion in which players will have the chance to win a tablet, up to \$7,777 in cash or a trip to Ireland.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane D. Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER14-19 Lucky Lotto Collect & Win Promotion.

(1) Beginning Monday, March 17, 2014, through Sunday, April 27, 2014, the Florida Lottery will conduct the Lucky Lotto Collect & Win Promotion ("Promotion"). Players who purchase a FLORIDA LOTTO® or FLORIDA LOTTO® with XTRA ticket of any price point can scan the barcode on their tickets using a smartphone or tablet, or can manually enter the ticket number on the Florida Lottery's website to collect lucky symbols for a chance to win a tablet, up to \$7,777 in cash or a trip to Ireland. Both winning and non-winning FLORIDA LOTTO tickets may be used to enter the Promotion. Only FLORIDA LOTTO tickets purchased during the promotion period may be used to enter the Promotion including FLORIDA LOTTO tickets associated with JACKPOT COMBO and the BIG 3 POWER PACK in Miami and West Palm Beach sales districts.

(2) FLA Lucky Lotto App Download and Registration. A player may participate in the Lucky Lotto Collect & Win Promotion by downloading the free FLA Lucky Lotto app at the iTunes® Store for iOS devices or at Google Play® for Android® devices. For easy access to the app, a QR code will be printed below the barcode on FLORIDA LOTTO tickets during the Promotion period for the player to scan with a rear-facing camera on a smartphone or tablet. A QR code will also appear on Lucky Lotto Collect & Win Promotion point-of-sale materials displayed at Florida Lottery retailers. FLORIDA LOTTO tickets associated with JACKPOT COMBO and the BIG 3 POWER PACK will not contain a QR code or entry instructions. After the app is downloaded, the player will be

prompted to register his or her contact information and will be sent an email directing the player to confirm his or her registration. The player should check the junk mail or spam folder if he or she does not promptly receive an email confirmation. Thereafter, the player may login using his or her email and password. A player may also participate in the Promotion by visiting the Lottery’s homepage, flalottery.com, clicking on the Lucky Lotto Collect & Win banner and following the directions, or by going directly to flalottery.com/luckylotto. Regardless of whether a player chooses to participate in the Promotion by smartphone, tablet or computer, he or she may use the same account login information to enter tickets, will only be required to register one time and the player’s entry history will be cumulative.

(3) How to Enter. To collect lucky symbols, a player may scan the barcode on the bottom of a FLORIDA LOTTO ticket using a rear-facing camera on a smartphone or tablet, or a player may manually enter the 19-digit ticket number located above the bar code at flalottery.com/luckylotto. One of four play cards will appear on the screen. Each play card contains six spots. Each ticket number entered will randomly generate one of six lucky play symbols and place it in the next available spot on the next available play card. Once a symbol has been collected on all four play cards, the symbol will be eliminated from the random selection process. When a single play card is filled up with all six different symbols, an entry is generated into the next

available drawing and the play card is reset to capture more symbols towards the next entry. A player will earn an entry with a minimum of 6 tickets to a maximum of 21 tickets scanned or entered. A player may earn multiple entries during the contest period; however, a player may only manually enter or scan up to two hundred tickets per day. Each ticket number can only be scanned or entered one time. Entries that include tickets with invalid ticket numbers or tickets that have been canceled will be disqualified from the applicable drawing or drawings. The odds of winning depend on the number of entries in each drawing. All entries are subject to validation by the Florida Lottery and may be disqualified if eligibility requirements are not met. FLORIDA LOTTO tickets should not be mailed to the Lottery. Tickets received in the mail by the Florida Lottery will not be entered into the Promotion and will not be returned.

(4) Drawings. Four weekly computerized drawings will be held between Tuesday, April 1, 2014, and Tuesday, April 22, 2014, and winners will be randomly selected from entries received during the entry periods shown below. Entries are good for only one weekly drawing. However, one Grand Prize drawing will be held on Tuesday, April 29, 2014, and will include all entries received between March 17, 2014, and 11:59 p.m. ET on April 27, 2014, excluding entries previously selected for a weekly prize. Winners will be randomly selected. The drawing dates and entry periods are as follows:

<u>Weekly Drawing</u>	<u>Drawing Date</u>	<u>Entry Period*</u>

<u>* The entry submission deadline is before midnight ET on the last day of the entry period.</u>		

(5) Prizes. In each of the four weekly drawings, two winners will each win a first prize of \$7,777, ten winners will each win a second prize of \$777 and ten winners will each win a third prize of a tablet. A total of eighty-eight prizes will be awarded in the weekly drawings. In the Grand Prize drawing, ten winners will each win a grand prize of a trip to Ireland and twenty winners will each win a second prize of \$7,777. A total of thirty prizes will be awarded in the Grand Prize Drawing. A grand total of one hundred eighteen prizes will be awarded in the Promotion.

(6) Winner Selection-Weekly Drawings. In each of the four weekly drawings, the first two valid entries drawn will each win a first prize. The third through twelfth valid entries drawn will each win a second prize and will serve as alternate winners in the order drawn for a first prize in the event a first prize cannot be awarded. The thirteenth through twenty-second valid entries drawn will each win a third prize. The twenty-third through thirty-third valid entries drawn will be used in the order in which they were drawn and in the order of need to select an alternate second or third prize winner in the event a second or

third prize cannot be awarded. The Florida Lottery will attempt to notify each first, second and third prize winner by telephone, U.S. mail or email using the contact information provided in the winner's registration data no later than twenty-four hours after the winners are posted on the Florida Lottery's website. If the Florida Lottery is unable to have personal contact with a first, second or third prize winner within two weeks of the date the winners are posted on the website, the winner will forfeit his or her right to claim the prize and the Florida Lottery will award the prize to the first available alternate winner from the applicable pool of alternates described above. If the Florida Lottery is unable to have personal contact with the first available alternate winner within two weeks of the award of prize, the first alternate winner will forfeit his or her right to claim the prize and the Florida Lottery will award the prize to the second available alternate winner. This process will continue until an alternate is contacted or the Florida Lottery has exhausted the list of available alternates, in which case the prize will not be awarded. An alternate winner of a first prize that has been awarded a second prize at the time of notification will receive the difference between the first and second prize.

(7) Winner Selection- Grand Prize Drawing. In the grand prize drawing, the first through tenth valid entries drawn will each win a grand prize and the eleventh through thirtieth valid entries drawn will each win a second prize. The thirty-first through the forty-fifth valid entries drawn will be used in the order in which they were drawn and in order of need to select an alternate grand or second prize winner in the event a grand or second prize cannot be awarded. The Florida Lottery will attempt to notify each grand and second prize winner by telephone, U.S. mail or email using the contact information provided in the winner's registration data no later than twenty-four hours after the winners are posted on the Florida Lottery's website. If the Florida Lottery is unable to have personal contact with a grand or second prize winner within two weeks of the date the winners are posted on the website, the winner will forfeit his or her right to claim the prize and the Florida Lottery will award the prize to the first available alternate winner. If the Florida Lottery is unable to have personal contact with the first available alternate winner within two weeks of the award of prize, the first alternate winner will forfeit his or her right to claim the prize and the Florida Lottery will award the prize to the second available alternate winner. This process will continue until an alternate is contacted or the Florida Lottery has exhausted the list of available alternates, in which case the prize will not be awarded.

(8) How to Claim a Prize. To claim a prize in a weekly or grand prize drawing, the winner must submit to the Florida Lottery a completed Winner Claim Form DOL-173-2, revised 9/13, or Spanish Winner Claim Form DOL-173-2S, revised 9/13, and a copy of acceptable identification. A third prize

winner in a weekly drawing and a grand prize winner in the grand prize drawing must also submit a notarized Florida Lottery Release and Authorization form DOL-474, revised 8/13, or Spanish Florida Lottery Release and Authorization Form DOL-474S, effective 8/13. Forms DOL-173-2, DOL-173-2S, DOL-474 and DOL-474S are hereby incorporated by reference and can be obtained from any Lottery office, from the Lottery's website, www.flalottery.com, or by writing to: Florida Lottery, Customer Service, 250 Marriott Drive, Tallahassee, Florida 32399-4016. The required forms must be received by the Florida Lottery no later than two weeks after the winner is notified by the Florida Lottery that he or she is a winner. If the Florida Lottery has not received the required forms by the fourteenth day after notification, the winner will forfeit his or her right to claim the prize and the Florida Lottery will award the prize to an alternate winner as described in subsections (6) and (7), above, as applicable. A prizewinner in this Promotion is not required to submit the FLORIDA LOTTO tickets he or she scanned or manually entered to generate an entry in order to claim a prize.

(9) Award of Weekly Drawing Prizes.

(a) First Prize. Upon receipt of a first prize winner's required documentation, the Florida Lottery will award a prize of \$7,777, less applicable tax withholding.

(b) Second Prize. Upon receipt of a second prize winner's required documentation, the Florida Lottery will award a prize of \$777.

(c) Third Prize. Upon receipt of a third prize winner's required documentation, the Florida Lottery will award a prize of a tablet. The Florida Lottery will notify the fulfillment company of the name and contact information of the prize winner and the fulfillment company shall ship the tablet to the prizewinner within five business days of the date the fulfillment company verifies the winner's information and confirms the winner's tablet selection. The winner will have the choice of one of four tablets valued up to \$599. A cash option is not available in lieu of tablet prizes.

(10) Award of Grand Prize Drawing Prizes.

(a) Grand Prize. Upon receipt of a grand prize winner's required documentation, the Florida Lottery will award an Ireland trip package and provide the winner a certificate describing the prize and containing the name and contact information for the winner to contact to make reservations to fulfill the trip. Each trip package consists of the following:

1. Roundtrip coach class airfare for two persons from Miami, Florida to Dublin, Ireland;

2. Premium accommodations in 4-star hotels for seven nights;

3. Dinner for two persons for three nights;

4. Daily breakfast for two persons, excluding the day of arrival;

5. Transportation between the airport and hotel*;

6. Transportation and cost of guide for guided tours to six different sites in Ireland; and

7. \$4,000.

*Transfers to the hotel from the airport will be at 8:00 a.m. and 12:00 noon on the day of arrival; transfers from the hotel to the airport will be at 6:00 a.m. and 9:30 a.m. on the day of departure. Winners who arrive after 12:00 noon on the day of arrival or who desire to leave the hotel at a time other than the scheduled transfers on the day of departure will be responsible for transferring to the hotel or airport at their own expense.

The estimated value of the grand prize, including the cash portion, is \$10,000. The actual value of the grand prize depends on the cost of airfare and hotel at the time the trip is booked by the winner. The Florida Lottery will pay applicable federal income tax withholding on the actual value of the prize. The reportable taxable value of the prize includes the actual value of the prize and the value of the federal income tax withholding paid by the Lottery.

The trip package does not include: travel expenses to Miami, Florida, insurance, gratuities, meals (other than those specified above), parking fees, baggage fees, alcoholic beverages (other than those served without charge at any reception and/or party), any items not expressly specified and personal expenses such as telephone calls, valet service, laundry, incidentals and the like, as well as revision or cancellation fees which may be charged by the airlines, hotel or other supplier. If a grand prize winner must reschedule a trip after it has been booked, the grand prize winner will be responsible for all costs associated with rebooking. Trip packages must be used within one year of the date of the drawing in which they are awarded as prizes. At the request of a grand prize winner and with the approval of the Lottery, the winner may transfer the trip package once prior to booking at no additional cost to the grand prize winner. If the trip package is transferred after airline or other reservations have been made and a charge is imposed for transferring the reservations, the winner will be responsible for paying the additional charge imposed. In the event of transfer, the original winner shall receive the \$4,000 cash prize and the applicable tax liability on the entire prize shall be reported in the name of the original winner. In the event that a prizewinner does not use one or more portions of the grand prize, the unused portion or portions of the prize shall be forfeited with the exception of the \$4,000 cash, and the entire value of the prize shall remain taxable income to the prizewinner. A cash option of \$10,000 is available in lieu of the trip package prize. If a player chooses the cash option, federal income tax withholding will be deducted from the cash prize.

(b) Second Prize. Upon receipt of a second prize winner's required documentation, the Florida Lottery will award a prize of \$7,777, less applicable tax withholding.

(11) State-Owed Debt. All prizewinners, except third prize winners, will be analyzed for state-owed debt. If the winner is identified as owing an outstanding debt to a state agency or child support collected through a court, the debt will be collected in accordance with section 24.115, Florida Statutes. If the debt of a grand prize winner who chooses to take the trip is an amount of less than the cash portion of the prize, the non-cash portion of the prize and the cash portion of the prize less the amount owed shall be awarded. If the debt is an amount greater than the cash portion of the prize, the grand prize winner's entire cash portion of the prize will be applied toward the outstanding debt and the winner will receive the remaining non-cash portion of the prize, if any. If the debt of a grand prize winner who chooses the cash option is an amount less than \$10,000, the winner shall receive the excess cash value after applicable federal withholding tax has been deducted and the debt has been satisfied. If the debt is an amount greater than \$10,000, the entire cash value of the prize remaining after deduction of applicable federal withholding tax will be applied toward the outstanding debt as provided in Section 24.115, Florida Statutes.

(12) Taxes. Except as specifically mentioned herein, all federal, state and/or local taxes or other fees on Lucky Lotto Collect & Win prizes will be the responsibility of the winner.

(13) Other Restrictions and Provisions.

(a) The right to claim a prize cannot be assigned to another person or entity.

(b) All prizes are subject to the provisions of Chapter 24, Florida Statutes, and rules promulgated thereunder. Prizes will be paid in accordance with the rule of the Florida Lottery governing payment of prizes. Copies of the current prize payment rule can be obtained from the Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(c) Players must be at least 18 years of age. Persons prohibited by Section 24.116, Florida Statutes, from purchasing a Florida Lottery ticket are not eligible to play.

(d) A player entering a Lucky Lotto Collect & Win drawing is deemed to have granted permission for the Florida Lottery to photograph and/or videotape and record the prizewinner with or without prior notification and to use the name, photograph, videotape, and/or recording of the prizewinner for advertising or publicity purposes without additional compensation.

(e) Lucky Lotto Collect & Win drawings shall be public, held in Tallahassee, Florida, and witnessed by an accountant employed by an independent certified public accounting firm. The results of each drawing will be available after the drawing on the Florida Lottery's website at flalottery.com. Rulemaking Authority 24.105(9), 24.109(1) FS. DEPARTMENT OF THE LOTTERY

RULE NO.: RULE TITLE:
53ER14-20 FANTASY 5®

SUMMARY: This emergency rule sets forth the provisions for the conduct of FANTASY 5®. This emergency rule replaces Emergency Rule 53ER13-58.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER14-20 FANTASY 5®.

(1) How to Play FANTASY 5®.

(a) FANTASY 5 is a lottery online terminal game in which players select five (5) numbers from a field of one (1) to thirty-six (36).

(b) Players may make their FANTASY 5 ticket selections by marking a play slip or by telling the retailer their desired selections. There are ten (10) panels on a play slip. Each panel played will cost \$1.00 per drawing. Players may mark their desired numbers on the play slip by selecting five (5) numbers from each panel played, or may mark the "Quick Pick" box located at the bottom of each panel for the terminal to randomly select one (1) or more of the five (5) numbers. A "Void" box is also located at the bottom of each panel and should be marked by the player if an error was made in his or her selections in a panel. Players must use only blue or black ink or pencil for making selections. Play slips must be processed by a retailer in order to obtain a ticket. Retailers also are authorized to manually enter numbers selected by a player.

(c) Players may mark the \$5 "Quick Picks" box to receive one (1) ticket with five (5) sets of five (5) randomly selected numbers for the next FANTASY 5 drawing; or may mark the \$10 "Quick Picks" box to receive one (1) ticket with ten (10) sets of five (5) randomly selected numbers for the next FANTASY 5 drawing. Players may mark Quick Picks in addition to panel plays.

(d) Players may play up to thirty (30) consecutive FANTASY 5 drawings by using the "advance play" feature. To use the advance play feature, players may either mark the number of drawings desired in the Advance Play section of a play slip or tell the retailer their desired number of consecutive advance drawings. The number of consecutive drawings marked will include the next available drawing and will apply

to each panel (A-J) played. Advance play is not available with the Quick Picks box on the play slip. In the event that a planned change in the FANTASY 5 game requires that the number of advance plays available for purchase be reduced to zero before implementation of the change, an advance play countdown schedule will be posted on the Lottery's website, flalottery.com.

(e) Players may mark the appropriate EZmatch™ box to receive a FANTASY 5 ticket with EZmatch for a chance to instantly win cash prizes.

(2) FANTASY 5 Drawings.

(a) FANTASY 5 drawings shall be conducted daily.

(b) The equipment shall be configured so that five (5) balls are drawn from one (1) set of balls numbered one (1) through thirty-six (36).

(c) Five (5) balls will be selected in the drawing. The numbers shown on the five (5) balls, after certification by the Draw Manager and the Accountant, shall be the official winning numbers for the drawing.

(d) The Florida Lottery shall not be responsible for incorrect circulation, publication or broadcast of the official winning numbers.

(3) FANTASY 5 Prize Divisions.

(a) FANTASY 5 is a pari-mutuel game. For each draw, 50 percent (50%) of net sales (gross sales less cancels and free tickets) from the sale of FANTASY 5 tickets in the corresponding FANTASY 5 sales period shall be allocated as the winning pool for payment of the top prize, second prize and third prize.

(b) The top prize pool shall consist of 62 percent (62%) of the winning pool for the drawing plus any money carried forward from the previous draw. Prize money allocated to the top prize pool shall be divided equally among the players who match all five (5) official winning numbers. If there is no top prize winner in a drawing, the top prize pool shall roll down and be added to the second prize pool for that FANTASY 5 drawing.

(c) The second prize pool shall consist of 10 percent (10%) of the winning pool for the drawing plus any money rolled down from the top prize. The second prize pool shall be divided equally among the players matching four (4) of five (5) official winning numbers except that the maximum prize amount per winner shall be \$555. Any funds in the second prize pool in excess of the second prize liability shall roll down and be added to the third prize pool. If there is no winner in the second prize category for a drawing, the second prize pool shall roll down and be added to the third prize pool.

(d) The third prize pool shall consist of 28 percent (28%) of the winning pool for the drawing plus any money rolled down from the second prize pool. The third prize pool shall be divided equally among the players matching three (3) of five (5) official winning numbers. If there is no winner in the third

prize category for a drawing, the third prize pool is carried over and added to the top prize pool of the next FANTASY 5 drawing.

(e) A fourth prize shall consist of one (1) free FANTASY 5 quick pick ticket (\$1.00 value), except as follows. A player who submits by mail a FANTASY 5 lottery ticket which entitles the claimant to a free FANTASY 5 quick pick ticket and whose mailing address is outside the state of Florida will receive a check for \$1.00 in lieu of an actual ticket. Fourth prizes shall not utilize any portion of the winning pool for the drawing. A free FANTASY 5 quick pick ticket shall be for the next FANTASY 5 drawing after the ticket is validated.

(f) Except for the top prize, which will pay the exact amount, cash prizes will be rounded down to the nearest fifty cents (\$.50); provided, however, that the third prize shall not be less than \$3.50. All rounding differences in the second and third prizes will be used to fund future prizes in Lottery games or for special Lottery prize promotions. If the funds available for the payment of third prizes are insufficient to pay the minimum amount, the percentage described in paragraph (3)(a) above will be adjusted or funds available from any other funding source approved by the Legislature will be used to cover the prize liability.

(4) Determination of Prize Winners.

In order for a ticket to be a winning ticket, numbers appearing in a single horizontal row on the ticket (A, B, C, D, E, F, G, H, I or J) must match the official winning FANTASY 5 numbers in any order for the draw date for which the ticket was purchased. The prizes are set forth as follows:

(a) Top Prize: Five (5) of five (5) official winning numbers.

(b) Second Prize: Four (4) of five (5) official winning numbers.

(c) Third Prize: Three (3) of five (5) official winning numbers.

(d) Fourth Prize: Two (2) of five (5) official winning numbers.

(5) FANTASY 5 Odds of Winning.

The odds of winning the prizes described above are as follows:

(a) Top Prize – 1:376,992

(b) Second Prize – 1:2,432.21

(c) Third Prize – 1:81.07

(d) Fourth Prize – 1:8.39

(e) The overall odds of winning a prize in a FANTASY 5 drawing are 1:7.58.

(6) FANTASY 5 Rules and Prohibitions.

(a) By purchasing a FANTASY 5 ticket, a player agrees to comply with and abide by all rules and regulations of the Florida Lottery.

(b) FANTASY 5 prize payments shall be made in accordance with rules of the Florida Lottery governing payment of prizes. A copy of the current rule can be obtained from the

Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(c) Subject to a retailer's hours of operation and online system availability, FANTASY 5 lottery tickets are available for purchase daily between the hours of 6:00 a.m. and midnight, Eastern Time (ET).

(d) The scheduled time for the daily FANTASY 5 drawing is approximately 11:15 p.m., ET. Ticket sales for a specific FANTASY 5 drawing will close at approximately 10:40 p.m., ET. Any ticket sold after the close of game will be printed with the next FANTASY 5 draw date.

(e) Retailer cancellations of FANTASY 5 tickets can only be performed by the retailer who sold the ticket, using the selling terminal's optical mark reader, and within two (2) hours after printing, except that no FANTASY 5 ticket can be canceled after game close for the related drawing and no fourth prize (free FANTASY 5 quick pick ticket) can be canceled at any time. FANTASY 5 tickets with EZmatch cannot be canceled. The two (2)-hour ticket cancellation period may be reduced due to the selling retailer's hours of business operation, the hours of online system availability, or the time of the related FANTASY 5 close of game.

(f) It is the responsibility of the player to determine the accuracy of selected panels of numbers and draw date(s) on a ticket. In the event that a ticket given to the player by the retailer contains selections that are not consistent with the player's selections, it shall be the responsibility of the player to immediately advise the retailer of that fact. In such event and upon request of the player within the time period specified herein, the retailer shall make a good faith effort to cancel the ticket. A retailer is not required to cancel a ticket produced upon request of the player by the quick pick method of number selection.

(7) How to Play EZmatch™.

(a) EZmatch is an instant-win feature associated with FANTASY 5 that costs \$1.00 per play in addition to the cost of the FANTASY 5 ticket. A player selecting EZmatch will receive five (5) EZmatch numbers printed below the FANTASY 5 numbers on the ticket. If any of the EZmatch numbers matches any of the FANTASY 5 numbers, the player shall instantly win the corresponding amount shown.

(b) Players may play EZmatch by marking the applicable EZmatch box on the FANTASY 5 playslip or by telling the retailer. Marking the EZmatch box within a panel will add EZmatch to only the panel marked. Marking the "EZmatch on all panels played" box will (1) add EZmatch to every panel containing FANTASY 5 number selections, (2) override the EZmatch box within any panel, and (3) when the "Quick Picks" box is also marked, result in each quick pick ticket having the EZmatch feature.

(c) Each panel played with EZmatch will be printed on a separate ticket.

(d) The base prize structure and estimated odds of winning EZmatch are as follows:

<u>Prize</u>	<u>Winners in 420,000 (Per Pool)</u>	<u>Estimated Odds</u>
\$500	5	1:84,000.00
\$250	5	1:84,000.00
\$100	38	1:11,052.63
\$50	124	1:3,387.10
\$20	300	1:1,400.00
\$15	470	1:893.62
\$10	4,200	1:100.00
\$5	1,400	1:300.00
\$4	7,000	1:60.00
\$3	30,800	1:13.64
\$2	44,800	1:9.38
Overall		1:4.71

The EZmatch prize structure will be replenished automatically when the top tier prizes are exhausted. The prize structure and odds of winning are subject to change. The current prize structure and odds are available at www.flalottery.com, Lottery district offices and retailer locations.

(e) EZmatch prizes can be claimed up to 180 days from the first draw date on the FANTASY 5 ticket. Rulemaking Authority 24.105(2), 24.105(9)(a), (b), (c), (d), (e), (f), (h), 24.109(1), 24.115(1) FS. MRGMIAMI

The Florida Department of Transportation (FDOT), District Six, announces a hearing to which all persons are invited.

DATE AND TIME: Thursday, March 27, 2014, 6:00 p.m. – 8:00 p.m.

PLACE: Betty T. Ferguson Recreational Complex, 3000 NW 199 Street, Miami Gardens, FL 33056

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District Six, in conjunction with the Florida's Turnpike Enterprise (FTE), will conduct a Public Hearing for the Golden Glades Interchange Project Development and Environment (PD&E) Study from State Road (SR) 826/Palmetto Expressway eastbound to I-95 northbound. The public hearing is being conducted to give interested persons an opportunity to express their views concerning the location, conceptual design, social, economic, and environmental effects of the proposed improvements and is in accordance with Federal Executive Orders 11988 (Floodplain Management) and 11990 (Protection of Wetlands) and with Florida Senate Bill 1842, Access Management. The primary purpose of this study is to provide a direct connection from SR 826/Palmetto Expressway eastbound to I-95 northbound and to improve the Turnpike southbound to I-95 southbound connection in order to increase mobility and reduce travel delay. The project also evaluated the feasibility of connecting potential express lanes from SR 826/Palmetto Expressway to the existing I-95 express lanes system. These improvements are in support of a separate and adjacent SR 826 PD&E Study, from I-75 to Golden Glades Interchange, currently under study and an Ultimate Master Plan to be established for this interchange.

A copy of the agenda may be obtained by contacting: Mr. Dat Huynh, P.E., Project Manager, Florida Department of Transportation, District Six, 1000 NW 111th Avenue, Room 6251, Miami, Florida 33172, (305)470-5217 (telephone), (305)640-7588 (fax) or via email at dat.huynh@dot.state.fl.us. DEPARTMENT OF EDUCATION
University of South Florida

NOTICE FOR PROFESSIONAL CONSULTANTS

The University of South Florida announces that Professional Services in the discipline of Architecture will be required for the project listed below:

PROJECT NUMBER: 555

PROJECT AND LOCATION: USF Health Student Center - MDA Building Renovation, University of South Florida, Tampa Campus, Tampa, Florida.

PROJECT DESCRIPTION: The USF Health Student Center – MDA Building Renovation Project is programed to include modifications to the existing 80,000 GSF building to convert the use from a medical clinic to a student center for USF Health. The modifications will focus on the 51,000 SF of currently vacant space, and 1,300 LF of exterior façade from the MDN building on the north side, to the auditorium on the south side.

The project includes demolition of the existing space down to structural components and roof.

New construction is programed to include a new exterior façade to continue the aesthetic of the adjacent MDN building. Program elements include a 10,000 +/- SF fitness center with space for cardio equipment, weightlifting, and group exercise rooms with accommodations for approximately 125 concurrent users. An additional 8,000 +/- SF is programmed for a new food service space and coffee bar with a maximum occupant load of approximately 170 persons, with approximately 1,500 SF dedicated to office support functions for the recreation facilities and food service. The remaining balance would be converted into finished shell space, consisting of large open blocks of space ranging from 4,000 to 10,000 SF in size. Building systems in the space will be all new; including electrical, plumbing, mechanical, fire alarm and fire sprinklering.

The project time frame anticipates initial demolition in March 2015, and construction of the improvements to be completed for occupancy by the end of May 2016. The construction budget is approximately \$3,750,000. Project development, including professional services, is contingent upon availability of funds. If additional funding is realized, the University has the option to incorporate additional scope/funding under this contract. The construction delivery method is anticipated to be Construction Management.

The University is seeking to hire a consultant team with extensive experience in building renovations, food service and wellness facilities. The selected firm will provide program verification, planning, design, and construction documents for the full program scope to meet project requirements, construction administration and post-occupancy services for the project in coordination with the USF Tampa Campus 10 Year Master Plan update and USF standards for design and construction. All disciplines required for the design of the facility are to be provided for this project under the contract with the selected firm and the University, including architecture, engineering, interior design and any specialty consultants except for food service. Firm submittals should include descriptions of experience and knowledge of sustainable Design and LEED Certification. The design and construction administration services by the selected team shall facilitate the Facility needs, and accomplishing those needs within the mandatory project schedule in order to meet occupancy requirements for this project. The selected firm will be required to provide computer drawings according to the standards of the University of South Florida, including computer record drawings reflecting as-built conditions to facilitate the University's space management program. Professional liability insurance will be required for this project in the amount of \$1,500,000, and will be provided as a part of Basic Services.

It is the University's responsibility to negotiate a fair, competitive, and reasonable compensation per Section 287.055, F.S. A fair, competitive and reasonable compensation shall be evaluated based upon the following information: (1) Compensation on similar projects; (2) other compensation reference data; and (3) after approval of the ranking, proposals requested from the short-listed firms based upon a scope of services document to be provided at the time of negotiations. Project development including professional services is contingent upon availability of funds. Selection of finalists for interview will be made on the basis of professional qualifications of the proposed design team, including experience and ability to meet the project requirements and the goals and objectives of the University's Strategic Plan; past experience; design ability; volume of work; and distance from project. The distance factor for this project will provide a maximum of a one point difference for location between in-state and out-of-state applicants.

As part of the University of South Florida's Strategic Plan, USF made a commitment to foster a diverse community distinguished by a shared purpose, collaboration, open and timely communication, mutual respect, trust, and inclusiveness. The University of South Florida is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services.

The plans and specifications for the University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

INSTRUCTIONS: Firms desiring to apply to provide professional services shall submit one (1) original submittal and five (5) spiral bound copies consisting of the information as required in the "Submittal Requirements" of the Project Fact Sheet including a letter of interest, a completed "USF Professional Qualifications Supplement (PQS)" dated March 2014 and any required or additional information within the proposal limits as described in the PQS General Instructions. Submittals that do not comply with these requirements or do not include the requested information may not be considered. No submittal material will be returned. Submittals become part or

the public record. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida. The plans and specifications for University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Submittals are not to exceed 40 pages, including the "USF Professional Qualifications Supplement" and letter of interest. Pages must be numbered consecutively.

The "USF Professional Qualifications Supplement dated March 2014" and Project Fact Sheet which includes project information may be obtained by contacting: Charlene French-Bunch, University of South Florida, Facilities Planning and Construction, 4202 East Fowler Avenue, FPC110, Tampa, Florida 33620-7550, email: cfrench-bunch@admin.usf.edu, phone: (813)974-3098, (813)974-2625 or fax: (813)974-3542.

All interested firms are invited and encouraged to attend a Pre-Submittal Meeting to be held at 10:00 a.m. (Eastern Time), Wednesday, March 26, 2014, at the: University of South Florida, Tampa Campus, Marshall Center (MSC), Room 2708, 4202 East Fowler Avenue, Tampa, Florida, to review the scope and requirements of this project. (Directions and parking information can be obtained at the Campus Information Center at the Fowler entrance, consult a campus map website at: <http://www.usf.edu/Locations/Maps-Directions/tampa.asp> and parking information at: http://usfweb2.usf.edu/parking_services/default.asp.)

Requests for meetings by individual firms will not be granted. It shall be noted that no verbal communication shall take place between the applicants and the employees of the University of South Florida except as provided at the Pre-Submittal Meeting, the Pre-Interview Meeting and the request for the PQS and Project Fact Sheet. Requests for any project information must be in writing to the above email address.

One (1) original and five (5) spiral bound copies of the above required proposal data shall be submitted to: Stephen B. Lafferty, Project Manager, Facilities Planning and Construction, University of South Florida, 4202 East Fowler Avenue, FPC110, Tampa, Florida 33620-7550. Applications that do not comply with the above instructions may be disqualified. Application materials will not be returned. Submittals shall be submitted at the above campus address (4202 East Fowler Avenue, FPC 110, Tampa, Florida 33620-7550), to the Attention Steve Lafferty, Project Manager, by 2:00 p.m. (Eastern Time), Monday, April 14, 2014. Facsimile (FAX) or electronic submittals are not acceptable and will not be considered. The Selection Committee reserves the right to waive any irregularities and may reject all proposals and stop the selection process at any time.
