RULE NO.: RULE TITLE:
6M-9.110 Board Membership Requirements

PURPOSE AND EFFECT: The purpose of the proposed rule development is to establish the criteria for early learning coalition board membership.

SUMMARY: The proposed rule development will address the criteria for the appointment of private sector membership for early learning coalitions' board membership composition to include standards for determining whether a member or relative has a substantial financial interest in the design or delivery of the Voluntary Prekindergarten Education Program or the school readiness program.

A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Office's economic analysis of the adverse impact of potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. As part of this analysis, the Office relied upon knowledge of the current practices of the early learning coalitions in selecting and maintaining their board members.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
