65G-13.002-Individual and Family Supports (IFS) Determination Procedure.

(1) Subject to funding availability, the Agency will accept oral or written requests for IFS funding by a client or the client’s individual representative, or support coordinator.

(2) The client or client’s individual representative shall request IFS funds through the Regional office located in the service area where the client resides. IFS funding can also be

initiated by Agency recommendation. The Agency shall not provide IFS to a client unless the Agency has determined that the client has a developmental disability, as defined in Section 393.063(9), F.S.

(3) IFS funds can only be obligated for the current fiscal year either as non-recurring services or services that recur but are only committed for the current fiscal year.

(4) Prior to authorizing the use of IFS funds the Regional office shall explore all available funding options for which the individual is eligible. Services for Medicaid eligible clients under the age of 21 are covered by the Medicaid State Plan. These services include physical, occupational, speech therapies; supplies and equipment; personal care; nursing services, dental services, and behavior analysis.

History—New _____.

65G-13.003 Individual and Family Supports Prioritization Criteria.

(1) Individuals determined to need IFS funding will be prioritized for available funds based on criteria set forth in subsections (5) through (7).

(2) If multiple IFS requests fall within the same prioritization category, they will be prioritized within that category by consideration of the intensity of services needed.

(3) The majority of IFS funds are provided to the state through federal Social Services Block Grant (SSBG), authorized under Title XX of the Social Security Act. These funds provide for a variety of services. However, federal

interpretation specifically prohibits the use of SSBG funds for providing medical services, dental services, and for providing direct stipends to individuals or their families. Instead, the General Revenue funding category may be used for medical and dental services, and for in-home subsidies.

(4) IFS funding amounts are provided to the Agency on a fiscal year basis. The Agency shall not authorize IFS funds that exceed appropriation.

(5) "First Priority" IFS Criteria: In Home Subsidies IFS funds are to be used for individuals who are in supported living and who require stipends as provided in Section 393.0695, F.S. In-home subsidy expenditures for either a startup or ongoing subsidy can be paid only with General Revenue funds from the IFS Category. These funds cannot be used to provide a cash payment or reimbursement to an individual or family member. The payment must be made directly to the vendors.

(6) "Second Priority" IFS Criteria: Emergency Services are services that are critical for health and safety and for which no other resource is available to meet the need. These include the following:

(a) Services needed to address critical needs of individuals who are not eligible for the waiver services or individuals who are on the Medicaid Waiver wait list.

(b) Services to alleviate a potential crisis referral if the services needed are short-term and time-limited, (such as short-term respite until a caregiver recuperates from surgery) and services to assist individuals who did not meet crisis criteria but who have emergency needs.

(c) Individuals who have requested Significant Additional Needs funding above their current annual iBudget Algorithm who need emergency services while waiting for final approval of the Significant Additional Needs funds. In these circumstances IFS may be used if there are not funds within the existing iBudget amount to provide temporary services while the Significant Additional Needs determination is made.

(d) Individuals turning 21 who will lose some Medicaid State Plan benefits and who have a continued need for services.

(e) Individuals transitioning out of the school system at age 22 and who are in need of services for employment or other meaningful day activities.

(f) Children ages 3-5 who are in transition and are in need of early intervention services not provided by CMS or school system

(5) "Third Priority" IFS Criteria: Supported Employment IFS are to be used for individuals who have previously received follow along supported employment services and continue to need these supports to maintain employment. Individuals who obtain a job through the non-recurring legislative appropriation, and continue their jobs into the next fiscal year yet need ongoing supports, may use IFS to maintain employment.

(6) "Fourth Priority" IFS Criteria: Current Contracts - IFS are to be used to reimburse providers contracted to assist individuals on the waiting list for services such as Life Skills Development 1, 2, or 3, etc. or Residential Habilitation. Contracts are required for any provider that exceeds the \$35,000 annual threshold for payment of all services provided to all individuals within a fiscal year. IFS are to be used to assist individuals who are already receiving ongoing services through IFS funds but have not reached the contracted expenditure threshold of \$35,000, and therefore do not require a contract.

(7) "Fifth Priority: IFS Criteria: Non-Emergency Services – Services for individuals on the waiting list who have needs for services that are not emergency in nature can be approved on a short term basis. These funds are only to be authorized if all other priorities described above have been met.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 41 No. 54, March 19, 2015 issue of the Florida Administrative Register.

The Summary of Statement of Estimated Regulatory Costs and Legislative Ratification that was published in the proposed rule notice is hereby replaced in its entirety, except for the statement at the end of the paragraph in the proposed rule notice which read: "Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice." This quoted language from the proposed rule notice is not replaced in this notice nor is it reiterated.

Replacement text:

The agency has determined that this will have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency for both rules. The Agency has determined that the proposed rules are not expected to require legislative ratification based on the statement of estimated regulatory costs for each rule.

Rule 64E-5.206, F.A.C. Summary of SERC:

This rule is not likely to directly or indirectly have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in aggregate within 5 years after the implementation of the rule; nor is it likely to directly or indirectly have an adverse impact on business competitiveness; it is not likely to increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule as established in Section 120.541(2)(a), Florida Statutes. A limited number of museums and antiquities shops, possibly as few as 5 to 10 of each, are likely to be required to comply with this rule. There is no cost to the agency or other state and local government entities and no anticipated effect on state or local revenues. The transactional costs likely to be incurred and the impact on

small businesses is outlined as follows: There is a minimal cost for notifying the Department if a radioactive device is damaged, and disposal costs. By calculation, less than 10 facilities actually possess devices that are not exempt. The cost of getting rid of these devices is estimated to be less than \$100 over a five-year period. Lower impact alternatives were not implemented. If the Department does not enforce this rule, the US Nuclear Regulatory Commission must enforce the identical requirements.

Rule 64E-5.217, F.A.C. Summary of revised SERC:

This rule is not likely to directly or indirectly have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in aggregate within 5 years after the implementation of the rule; it is not likely to directly or indirectly have an adverse impact on business competitiveness; it is not likely to increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule; it is estimated that six (6) non-government facilities that possess radioactive material whose potential disposal and decontamination costs exceed \$30,000 will likely be required to comply with the rule. There is no cost to the agency or other state and local government entities and no any anticipated effect on state or local revenues. The transactional costs likely to be incurred and the impact on small businesses is outlined as follows: the initial cost for the first year is estimated to be \$30,600 (\$500 for legal fees plus \$4,600 to financial institutions x 6 facilities) plus \$110,400 (\$4,600 x 6 facilities x 4 years) for a total of \$141,000 aggregate within 5 years. Lower impact alternatives are not applicable as financial assurance mechanisms are established by Florida Statutes.

Therefore this rulemaking will not have an adverse impact or regulatory costs in excess of \$1 million within five years as established in Section 120.541 (2)(a), F.S.

In each of these rule sections the proposed rule notice is corrected to remove the citation to Section 404.022 F.S. as a “law implemented” by the respective rule.

The agency has prepared a revised SERC for Rule 64E-5.217, F.A.C. The revised SERC and the corrected rule notice language described herein are made in response to a JAPC letter dated March 30, 2015, addressed to these rules.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the information expressly relied upon and described herein: Preliminary staff analysis of this rule amendment indicates a minimal change in current regulatory cost impact.

61C-5.001 Safety Standards

The Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety hereby gives notice:

On June 1, 2015, the Division issued an order. The Final Order was in response to a Petition for an emergency temporary Variance from DEV Hospitality, Inc., filed May 14, 2015, and advertised on May 15, 2015, in Vol. 41, No. 95, of the Florida Administrative Register. No comments were received in response to the petition. The Final Order on the Petition for Variance grants the Petitioner a variance from Rule 8.6.4.7.4 ASME A17.1b, 2009 edition, as adopted by paragraph 61C-5.001(1)(a), F.A.C., from the requirement that

water and oil shall not be allowed to accumulate on pit floors because the Petitioner has demonstrated that the purpose of the underlying statute has been met and that Petitioner would suffer a substantial hardship if required to comply with this rule (VW2015-108).

A copy of the Order or additional information may be obtained by contacting: Michelle Comingore, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013.

DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On April 20, 2015, the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), F.A.C., and Paragraph 5-202.11(A), 2009 FDA Food Code, from Jimmy Buffets Margaritaville Restaurant located in Hollywood. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink in the omelet station.

The Petition for this variance was published in Vol. 41, No. 80, F.A.R., on April 24, 2015. The Order for this Petition was signed and approved on May 11, 2015. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sink is provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: Bianca.Kirkland@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.

Board of Employee Leasing Companies

RULE NO.: RULE TITLE:

61G7-5.0033 Consolidated and Combined Financial Statements

The Board of Employee Leasing Companies hereby gives notice:

Of the issuance of an Order regarding the Petition for Waiver or Variance, filed on March 9, 2015, by Bruce Leon and Tandem Professional Employer Services, Inc. The Notice of Petition for Waiver or Variance was published in Vol. 41, No. 50, of the March 13, 2015, Florida Administrative Register. Petitioner sought a waiver or variance of subsection 61G7-5.0033(4), F.A.C., entitled, "Consolidated and Combined Financial Statements," which provides that a Florida-licensed employee leasing company, employee leasing company group, employee leasing company groups, or any combination thereof, may submit combined audited or reviewed financial statements to meet the requirements of Section 468.525(3)(e), F.S. as applicable, so long as there are Board-approved cross-guarantees between all employee leasing companies and all entities covered in the combined financial statement are Florida-licensed employee leasing companies; non-licensed entities may not be included in combined financial statements. Petitioner is also seeking a variance or partial waiver of subsection 61G7-10.0015, F.A.C., which provides that an employee leasing company (referenced in this rule "an authorizing employee leasing company") may satisfy the requirements of its quarterly and annual filing obligations as set forth in Rules 61G7-10.001 and 61G7-10.0011, F.A.C., by being accredited in good standing by the Employer Services Assurance Corporation (ESAC), and by authorizing ESAC to provide the Department, on the licensee's behalf, certification of compliance and electronic access to information provided to ESAC by the licensee that is consistent with the reporting requirements of Rules 61G7-10.001 and 61G7-10.0011, F.A.C., and is consistent with the requirements of Section 668.50, F.S., (the Florida Uniform Electronic Transactions Act).

The Board considered the instant Petition at a duly-noticed public meeting, held April 15, 2015, in St. Augustine, Florida, and granted the petition with the condition that the approval of the waiver/variance only apply to Petitioners' use of described combined audited financial statements for 2014 forward, finding that Petitioner had established that the purpose of the underlying statute, Section 468.525(3)(d), Florida Statutes, would be met by granting a variance from Rule 61G7-5.0033, F.A.C. The Board further found that Petitioner established that applying the requirements of the aforementioned rule to their circumstances would violate principles of fairness and impose substantial hardship. The Board's order was filed on May 27, 2015.

A copy of the Order or additional information may be obtained by contacting: Richard Morrison, Executive Director, Board of Employee Leasing Companies, 1940 North Monroe Street, Tallahassee, Florida 32399-0750.
