RULE NO.: 64B9-5.002 RULE TITLE: Continuing Education Requirement
 PURPOSE AND EFFECT: The purpose of this amendment is to clarify and consider further continuing education requirements.

SUMMARY: Clarification and consideration.
 SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary because the rule has no impact on any persons or businesses; the only persons impacted are the members of the probable cause panels, and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 464.006, 464.013 FS.
 LAW IMPLEMENTED: 456.024, 464.013 FS.
 IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.
 THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Joe R. Baker, Jr., Executive Director, Board of Nursing, 4052 Bald Cypress Way, Bin #C02, Tallahassee, Florida 32399, Joe.Baker@flhealth.gov

- 64B9-5.002 Continuing Education Requirement.
- (1) During each biennium, one contact hour must be earned for each calendar month of the licensure cycle.
 - (2) The following continuing education courses are a mandatory part of the hours required in subsection (1) at the stated time periods:
 - (a) A two hour course in prevention of medicinal errors must be completed prior to licensure and each biennium thereafter.
 - (b) A one hour course in HIV/AIDS in the first biennium only.
 - (c) A two hour course in Florida laws and rules in the first biennium, and each biennium thereafter.
 - (d) Effective August 1, 2017, a two hour course in recognizing impairment in the workplace and every other biennium thereafter.
 - (3) In addition to the hours required in subsection (1), a course in domestic violence is required every third biennium.
 - (4)~~(2)~~ Those persons licensed by examination within a biennium are exempt from the continuing education requirement for that biennium. This exemption shall apply to a person who is licensed by endorsement during a biennium if such person was licensed in the original state of licensure by successful completion of an acceptable licensure examination during that biennium. A licensee who has endorsed into this State during a biennium or whose license was reactivated or reinstated during a biennium shall be required to accrue one (1) contact hour for each calendar month remaining in the biennium after licensure, reactivation, or reinstatement (however, no hours are required if the time remaining in the biennium is six months or less). This exemption or limitation shall only apply if the license is timely renewed at the end of the biennium, and does not apply if the license is suspended, revoked, or is (or becomes) inactive at the end of the biennium.

~~(5)(3)~~ A registered nurse who also holds a current license as a licensed practical nurse may satisfy the continuing education requirement for renewal of both licenses by completing appropriate continuing education for a registered nurse. A registered nurse who also holds a current ARNP certificate may satisfy the continuing education requirement for both licenses by completing appropriate continuing education for a registered nurse, or may satisfy up to 50% of the continuing education requirement by completing continuing medical education coursework equivalent to the contact hours required by these rules.

~~(4) A licensee is exempt from continuing education requirements at the time of renewal if the licensee was on active duty with the Armed Forces within 6 months of the renewal date. However, this exemption will not arise on the basis of the performance of short periods of active duty (such as summer or weekend drills) by a member of the Armed Forces Reserves. Duty in the United States Public Health Service is not considered duty in the Armed Forces.~~

~~(5) A nurse who is the spouse of a member of the Armed Forces and was caused to be absent from Florida due to the spouse's duties with the Armed Forces shall be exempt from continuing education requirements. The licensee must show satisfactory proof of the absence and the spouse's military status.~~

Division of State Fire Marshal

RULE NO.: 69A-37.055
RULE TITLE: Curriculum Requirements for Training Firefighter Recruits or Firefighters

PURPOSE AND EFFECT: The Division of State Fire Marshal (SFM) provides the firefighter minimum standards training that must be completed to become licensed and employed as a firefighter in the State of Florida. Licensed firefighters may also obtain training as an emergency medical technician (EMT) that is conducted by the Department of Health, Bureau of Emergency Medical Oversight. SUMMARY: The proposed amendment will enable individuals who are enrolled in the newly combined firefighter and EMT curriculum framework to take the SFM firefighter minimum standards exam upon successful completion of the firefighter training portion of the combined curriculum.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department conducted an economic analysis of the potential impact of the proposed rule and determined that there will be no adverse economic impact or regulatory increases that would require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Notice of Petitions and Dispositions
Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION

Drugs, Devices and Cosmetics

NOTICE IS HEREBY GIVEN that the Division of Drugs, Devices and Cosmetics has issued an order disposing of the petition for declaratory statement filed by Rosine Imperato on behalf of RIA International, LLC, 11 Melanie Lane, Unit #17, East Hanover, NJ 07936, on August 18, 2015. The following is a summary of the agency’s disposition of the petition:

Based on the forgoing, Petitioner’s questions are answered as follows: A. Can we sell raw materials powders or API’s (sic) to Florida with just a certified designated representative license? No. The CDR registration is only done in conjunction with a prescription drug wholesale distributor or out of state prescription drug wholesale distributor permit. See Sections 499.003(43); 499.01(2)(e), and 499.012(16)(a), Florida Statutes. B. What kind of permit do we need to apply for in Florida? Based on the facts as set forth in the Petition, the Petitioner would need a permit to operate as an out-of-state prescription drug wholesale distributor in order to sell prescription API into the State of Florida. See Section 499.01(2)(e), Florida Statutes. However, if Petitioner meets one of the exemptions described herein, a permit may not be needed, but Petitioner would have to comply with the procedures for obtaining the exemption. C. Is there another application we need to fill out to sell raw materials powders or APIs to Florida? In addition to the out-of-state prescription drug wholesale distributor permit application, which requires a natural person to serve as the designated representative, the applicant would have to be permitted in the state in which it is a resident to engage in the wholesale distribution of prescription drugs. See Sections 499.01(2)(e) and 499.012(16)(a), Florida Statutes. If Petitioner meets one of the exemptions described herein, Petitioner would have to apply to the Department for the exemption. D. Since you offer a prescription drug wholesale license to brokers who do not sell RX drugs in Florida, do you offer the same to out-of-state brokers? No. The Department does not offer an out-of-state prescription drug wholesale distributor- broker only permit.
